ADMINISTRATIVE HISTORY

In the 1916-1917 Bulletin the division of Architecture and Architectural Engineering is first reported. When the School of Mechanic Arts was established in 1917, the following divisions were established: architecture and architectural engineering, civil engineering, industrial engineering, mechanical engineering, and physics. The 1984-1986 Bulletin shows the addition of the Department of Landscape Architecture, which had been approved in 1983. As of the 1990-1992 Bulletin Architecture and Landscape Architecture have combined into a single department.
