Each order is thoughtfully handmade using techniques that give it an old time traditional look. The powder coat finish is done professionally and colors include flat and gloss black, antique bronze, and antique silver. Sizes listed are the height of the cross and those marked with (DO) are only for decorative use. Please note that it is important to obtain permission from the cemetery to erect an iron cross.

Cross sizes range from 18" tall to 48" tall. Prices are $200 to $600 depending on size and design.
Specially made child size crosses.

Cemetery crosses are made with a heavy base suitable to be cemented into the ground. The above cross is epoxied into a hole in the headstone.

"I thank God for the ability and opportunity to build these symbols of our Christian faith."
