

Assistant to the President finalists to visit campus

The three finalists for Assistant the President will come to campus for interviews during February. Earl B. Peterson will visit NDSU Feb. 2-3, Robert P. Barnes is scheduled for Feb. 6-8 and Maj. Gen. Keith D. Bjerke will be here Feb. 14-15.

Each of the candidates will make a presentation to the campus community about his experiences, legislative interaction and public relations for land-grant institutions. Peterson's presentation is scheduled for 1:30-2:30 p.m. Thursday, Feb. 3; Barnes' comments are planned for 8:30-9:30 a.m. Tuesday, Feb. 8; and Bjerke's remarks are scheduled for 9:30-10:30 a.m. Tuesday, Feb. 15. All presentations will be in the Memorial Union Century Theater.

Peterson is a consultant specializing in association management, budgeting, long-range planning, executive searches, administration and operations. Prior to that, he held executive positions with the National Cattlemen's Beef Association, National Cattlemen's Association and National Cattlemen's Foundation, all of Englewood, Colo.

His other work experience includes executive vice president of the American Simmental Association, Bozeman, Mont.; business manager of the northern region for the University of Alaska, Fairbanks; and assistant business manager for Montana State University, Bozeman.

Peterson is a 1958 NDSU graduate in agriculture education. He earned a master's degree and doctorate in agricultural economics from Montana State University. He graduated from high school in Beach, N.D.

Barnes most recently was the vice president for institutional advancement at Briar Cliff College, Sioux City, Iowa, where he directed the second half of a successful \$10 million capital campaign for a new student center and endowments.

Previously, he was director of development and community relations at Brethren's Home Retirement Communities, Greenville, Ohio, and a resource development consultant. Other work experience includes executive director of development at Northrop University, senior development officer at Ohio State University, vice president for development at Westmar University, vice president for advancement at Colorado Christian University and dean of the College of Arts and Sciences at Northwest Missouri State University.

Barnes earned his bachelor's degree at the University of Washington, a master's degree at the University of Colorado and his doctorate at the University of Southern California.

Bjerke was appointed the Adjutant General of the North Dakota National Guard on July 31, 1993. He oversees 3,500 Army National Guard and 1,100 Air National Guard members. Bjerke also is responsible for the Division of Emergency Management and supervises statewide disaster response coordination for any local, state or federal disaster declaration in North Dakota.

A 1961 NDSU graduate in animal husbandry, Bjerke was, in 1993, president of World Perspectives Services, Inc., an agricultural consulting firm in Washington, D.C. Prior to that, he was administrator of the Agricultural Stabilization and Conservation Service and executive vice president of the Commodity Credit Corp.

Architect to prepare preliminary planning for Minard Hall renovation

The State Board of Higher Education on Jan. 20 approved hiring an architect for \$62,500 to develop a schematic design for renovations to Minard Hall.

The project was ranked No. 9 on the board's 1999-2001 biennial budget major capital project priority list and is included in the campus plan being prepared for presentation to the board in March. It also was included in the 1996 and 1998 Master Plan updates. Renovation project funding would require legislative approval.

Minard Hall is one of the largest and oldest classroom buildings on campus. The 78,000 square foot building was built in three stages from 1901 to 1930. It was last renovated in the late 1960s, when windows were replaced, an elevator was installed, ventilation and air conditioning were added and the electrical system was upgraded.

"Support from the Office of Management and Budget, allocation of funding by the Budget Section and subsequent approval by the board to proceed with architect's preplanning are the first steps in renovating one of NDSU's truly historic buildings," said Dick Rayl, vice president for business and finance, noting Minard Hall is listed in the National Register of Historic Places. "The building is structurally sound, but the interior needs complete renovation after 30 years of heavy use."

The renovation would be completed in phases during a four-to six-year period so partial use of the structure can continue during construction. Several departments hold classes in the building, including economics, communication, psychology, humanities, history and English.

The project's current estimated \$9.67 million cost also includes a possible addition to another building to accommodate faculty offices, research laboratories and computer laboratories presently located in Minard Hall. The architect for the preplanning phase will determine the need for an addition and a more accurate cost estimate. The schematic design phase is expected to be completed by June 30.

Fitzgerald and Gross to attend Women in Education Institute

Margaret Fitzgerald, assistant professor of child development and family science, and Carla Gross, assistant professor of nursing, have been nominated to attend the National Association of Women in Education's Institute for Emerging Women Leaders in Higher Education.

The institute is scheduled for June 24-28, in College Park, Md. It is the only national, multi-sector, leadership development institute for entry-to-mid-level women professionals in higher education. It is designed to promote an understanding of and appreciation for the higher education enterprise and empower women to seek leadership roles within their campus communities. Participation in the institute is supported by the Office of the Vice President for Academic Affairs.

Bromley's 'Cuba' tour begins in Dickinson

Kimble Bromley's "Cuba" exhibition begins its yearlong tour of North Dakota Feb. 1, at the Dickinson State University Gallery. The exhibit contains about 25 works that includes oil paintings, pastel paintings and prints that resulted from a painting residency Bromley spent in Cuba. His work was selected for the tour by the North Dakota Art Gallery Association.

Bromley joined the faculty at NDSU in 1996. He has served as a visiting artist throughout the upper Midwest and in Ecuador and Mexico. Since 1989 he has painted in Cuba, Jamaica, Ecuador and Mexico. His work has been supported by grants from Kellogg, Teagle/Bell South and Partners of the Americas.

Bromley's work is exhibited by Valerie Miller & Associates, Los Angeles, and Yvonne Rapp Gallery, Louisville, Ky. He is a member of the College Art Association of America, Chicago Artists' Coalition, Art Advisory Council to the Kentucky Arts Council, Partners of the Americas, Center for Cuban Studies and Chicago Art Institute.

Architecture and landscape architecture announce spring lecture series

William F. Conway, AIA, professor of architecture and department head at the University of Minnesota, is scheduled to present "The Question of Architecture" at 4:30 p.m. Wednesday, Jan. 26 in Loftsgard 114.

Conway will review the I-80 improvements project and the project for the Summer Olympic Games in Atlanta where architecture, landscape architecture and infrastructure overlap. He also will discuss the topic of how interdisciplinary projects are realized in practice.

Conway received his bachelor's degree in architecture from NDSU and his master's degree from Yale University. The recipient of a Fulbright Fellowship and the Winchester Traveling Fellowship, he was a visiting artist in 1989 at the American Academy in Rome. Before coming to Minnesota to head the architecture department in 1999, he was on the faculty at Iowa State University, teaching design studios and seminars in urban design theory and coordinating the graduate programs in architecture. His research exploring the definition and construction of an American public realm has been widely published and exhibited.

He is a principal in Conway + Schulte Architects and brings to his architectural practice a wide range of related experience. In 1988 and 1989 he worked for Cesar Pelli & Associates and has previous experience in architectural offices in Fargo, Boston and Rome. From 1977 to 1982 Conway supervised residential, commercial and light industrial building as a partner in a construction company.

Upcoming scheduled lectures include the following:

Feb. 16—Andrew Leicester, public artist, is scheduled to lecture on his recent public commissions of environmental art and sculpture at 4:30 p.m. in Beckwith Recital Hall.

April 13—Michael Borden will present "Vaastu Architecture: The ancient Indian art and science of designing buildings that generate harmonic resonance with universal energy for the health and welfare of the occupants," at 5:30 p.m. in Loftsgard 114.

April 19—"Viking Gothic Churches and a Replica-Dream Realized." Moorhead has a replica Norwegian stave church, first built 800 years ago, because of a dream by Gaylord "Guy" Paulson, the son of South Dakota Norwegian immigrants.

Scheduled presenters include: W. Dale Ruff, AIA-principal emeritus of YHR Partners, Architecture Planning, Moorhead and Minneapolis, Minn.; Gaylord "Guy" Paulson, retired USDA researcher, replica church donor and wood carver, Fargo; Wayne Larson, PE - principal of Solien and Larson Structural Engineers, Fargo; Burton Youngs, AIA - project manager of YHR Partners, Architecture Planning, Moorhead.

All lectures are open to the public, and sites are handicapped accessible. Requests for accommodations related to disability should be made to the Department of Architecture and Landscape Architecture at 1-8614 one week before the lecture.

Civil Education Month planning committee sets meeting

Plans for Civil Education Month, which is April, are now taking shape. Anyone who would like to join in the dialogue and planning is invited to attend a meeting at noon Wednesday, Feb. 2, in the Memorial Union Badlands room.

Civil education can address civility, diversity, civil rights, civics, service learning, social justice issues including human rights, freedom of speech, citizenship, activism and debates. Last year there was one week of events, this year they will be spread out over the month.

Events scheduled for Black History Month

A "Soul Food Dinner and Social" will highlight the Black History Month series at NDSU in February. Events are scheduled for Feb. 2, 16, 18 and 25. All events in the series are free to the public, except "Soul Food," which costs \$5 per person.

"This is an opportunity to learn more about African American history," said R. Veronica Michael, student coordinator at NDSU Multicultural Student Services. She encouraged people from all walks of life to attend this year's Black History Month series.

The Brown Bag Seminar, "Black Women in the West," will be presented at noon Wednesday, Feb. 2, in the Memorial Union Peace Garden Room. Co-presented by Angela Larson and R. Veronica Michael, the program will examine the valuable contributions of black women in the American West and how they shaped our country.

The Brown Bag Seminar, "African Americans in the Media: Is Image Everything?" is scheduled for noon Wednesday, Feb. 16, in the Memorial Union Peace Garden Room. Presented by R. Veronica Michael, the program will examine how blacks are portrayed in the media and what effect media images have had on society.

The Soul Food Dinner and Social is scheduled for 6 p.m. Friday, Feb. 18, in the Lutheran Student Center, 1201 13th Ave. N., Fargo. A program will be presented by Phyllis May-Machunda, assistant professor of humanities, Moorhead State University. There is a \$5 admission fee for this event, which will be catered by Ribwest Bar-B-Q of Fargo.

"Assimilation: A Cultural Conflict" is planned for noon Friday, Feb. 25, in the Memorial Union Gallery. Presented by members of the NDSU Black Student Alliance, this program will consider how social issues have affected relationships.

For more information about Black History Month at NDSU, call R. Veronica Michael at 1-7383. For information about Multicultural Student Services, call 1-1029.

Little Country Theatre to present 'The Crucible'

NDSU's Little Country Theatre is scheduled to present "The Crucible," by Arthur Miller, at 8 p.m. Feb. 25-26 and March 3-4, in Askanase Auditorium. A 2 p.m. matinee also is scheduled for Feb. 27.

The play takes a look at reason versus religion. Miller's attack on bigotry and deceit is both a historical play and a parable of contemporary society.

Tickets are \$9 for adults, \$8 for seniors and students and \$4 for NDSU students. Call the Division of Fine Arts Box Office at 1-9442.

Speakers announced for global climate seminar

The Tri-College Seminar, "Global Climate Change" is being held Tuesday evenings from 6:30-9:30 p.m. Jan. 25-March 21, in Morrill 103. The class can be taken for two semester credits as University 498 or individual lectures are open to all members of the Tri-College community and the public.

The purpose of the seminar series is to discuss global warming against a background of natural climate change. Climate changes of different magnitudes and with different causes from the Cretaceous Period to the present day will be discussed. Geological evidence from the region will be highlighted in several of the presentations. The final session will be devoted to global warming.

Information about the talks will be available on the Web at: www.ndsu.nodak.edu/instruct/ashworth/univ498/index.html.

Feb. 1

Allan Ashworth, chair and professor of geology, and David Harwood, University of Nebraska, are paleontologists who will discuss the role of Antarctica in climate change.

Feb. 8

Douglas Kurtze, associate professor of physics, and Leigh Welling, director of the Northern Great Plains Regional Earth Science Applications Center at the University of North Dakota and an oceanographic paleoclimatologist, will discuss the record of climate change in the oceans and the role of the thermohaline circulation as an agent of climate change.

Feb. 15

A visiting scientist from NASA will join Russell Colson, associate professor of anthropology at Moorhead State University, in a discussion of evidence for climate changes on Mars.

Feb. 22

John Bluemle, state geologist, North Dakota Geological Survey, Bismarck, will discuss the glacial history of North Dakota.

Feb. 29

Sherilyn Fritz, geology department, University of Nebraska, will discuss the record of drought in the northern Great Plains and the possible causes of drought cycles based on her research. The cyclicity has been attributed to solar cycles and

the link between solar cycles and climate change will be discussed by Leon Osborne, director of the Regional Weather Information Center, UND.

March 7

Ashworth and Donald Schwert, professor of geology, will discuss the response of organisms to climate change, past and future, based on their research on fossil insects.

March 21

Steven Dahlberg, Concordia College physics department, will introduce the topic of global warming. This will be followed by presentations which discuss the pros and cons of the global warming hypothesis by Will Gosnold, UND geology department, and John Enz, professor of soil science.

American Association of University Women (AAUW) Recognition Award for Emerging Scholars

Contact: (202) 728-7602, foundation@aauw.org

Deadline: Feb. 10

An honorarium of \$5,000 and travel expenses to the award ceremony held in Washington, D.C., in late June is given to honor an untenured woman scholar who has a record of exceptional early professional accomplishments and demonstrates promise of future distinction. Eligible candidates must have earned a doctorate or equivalent no more than five years prior to the application deadline (on or since Jan. 1, 1995), they must have demonstrated excellence in teaching and commitment to women students, and have a documented active research record. Contact the American Association of University Women for nomination procedure.

U.S. Education Department Women's Educational Equity Act www.ed.gov/pubs/edpubs.html Deadline: Feb. 14

The Education Department is inviting applications under the Women's Educational Equity Act Program for grants to promote gender equity in education, including both implementation and research and development awards. Implementation projects could range from training for early-grade educators in gender-equitable teaching and learning practices to school-to-work and other programs to increase opportunities for women and girls to enter high-skilled fields. Research and development projects could address issues from innovative strategies and model training programs; to guidance and counseling activities. For implementation grants, the Education Department especially seeks projects focused on math and science, particularly for women and girls who experience multiple forms of discrimination. For research and development grants, the Education Department will favor projects that have not received prior funding from the program.
