

NDSU spring enrollment sets record

NDSU's spring enrollment stands at 10,064 students, a record high for a spring semester. The tally, taken at the end of the third week of classes, was announced Jan. 30.

"This is the first time NDSU has had more than 10,000 students during a spring semester, and we are very pleased with the figure. It obviously reflects the fact that more and more students from across the state, region and nation are choosing NDSU," said George Wallman, vice president for student affairs. "The figures continue to reflect the targets that we have for our enrollment growth, particularly our interest in increasing the number of graduate students and continued good retention."

According to Wallman, the spring enrollment saw an increase of 65 new students, 110 graduate students and 403 undergraduate students from one year ago. He said total credits are up approximately 7,500 from last spring. Also, the additional graduate students represent a 12 percent increase from spring 2001.

The spring figure includes 215 students who are taking classes at NDSU through the Tri-College University.

NDSU's enrollment last fall, when official enrollment numbers were tabulated, was a record-high 10,538 students. Enrollment in the spring historically is less than fall semester figures.

Campus experiences Groupwise, Novell system problems

On Jan. 24th, NDSU experienced a "catastrophic hardware failure" on parts of the Groupwise e-mail and Novell file system, which is used primarily by the university's administrative offices.

According to Rosi Kloberdanz, Information Technology Services director, many Groupwise e-mail accounts were unusable. She said ITS installed new hardware and is working with the Novell Corp. to find a resolution.

In an open letter to faculty and staff, Kloberdanz wrote, "When we have the system restored, we hope to be able to provide access to Groupwise users in order to archive their calendar schedules, data and e-mail. The plan is to replace Groupwise e-mail and calendar with the NDSU IMAP e-mail system and Corporate Time calendar, not to restore full function to Groupwise."

She said ITS has begun to systematically transfer all e-mail accounts affected by the Novell hardware failure over to the NDSU IMAP system which uses a different electronic identifier in the e-mail address. Addresses on the NDSU IMAP system will use the *firstname.lastname@ndsu.nodak.edu* format. Senders are asked to check the NDSU online phone book located at <http://www.ndsu.edu/phonebook> to verify e-mail addresses.

All Groupwise calendar accounts are being transferred to the Corporate Time calendar. Affected offices have been notified, ITS has begun installing the software on desktop machines and training is taking place.

"We apologize to one and all for the inconvenience this is causing. I have instructed all available ITS staff to make this conversion their top priority," Kloberdanz wrote. "We will continue to send out regular updates to affected offices, and, as much as possible, we are working around the clock to find a solution."

Persons with questions should contact the NDSU Help Desk at 1-8685.

It's Happening deadline change
Due to the President's Day holiday Monday, Feb. 18, the deadline for the Feb. 20 issue of "It's Happening at State" is noon Wednesday, Feb. 13.

Doctoral program in human development approved

The NDSU College of Human Development and Education will offer its first doctoral program, beginning in fall 2002. The Ph.D. program in human development was approved by the State Board of Higher Education Jan. 17.

The doctorate will have three different tracts: counselor education, wellness and applied gerontology. Completion requirements vary from 67 to 71 credits, depending on the area of study. About 15 students are expected to enter in the doctoral program each year.

According to Greg Sanders, associate dean of human development and education, the program is expected to attract interest from school and community counselors, human services personnel and faculty members across the region.

"There are opportunities out there for people to move to the next level for positions in academia, school settings and research. We think there are some economic development aspects to this," said Sanders. "There also are some personal development aspects that people are excited about, and they like being able to study in North Dakota and not have to go somewhere else."

Sanders said the doctoral program is an effort by the entire college, including the Departments of Apparel, Textiles and Interior Design; Child Development and Family Science; Health, Nutrition and Exercise Sciences; and the School of Education.

"We hope to compete for students on a national level because the programs are rather unique. Especially, the interdisciplinary focus will create opportunities and interest," Sanders said. "Gerontology is an expanding field and there are very few wellness programs around the country."

Sanders added that college faculty are hopeful the addition of doctoral students will help the college expand its funded research portfolio. "Doctoral students perform at a higher level, and we'll probably have them a little longer than master's degree students," he said.

Alumni Association seeks nominations for achievement awards

The NDSU Alumni Association is seeking nominations for Alumni Achievement, Honored Alumnus and Horizon Awards.

The Alumni Achievement Awards are presented to NDSU alumni who have excelled in their professional fields or areas of expertise. The Honored Alumnus Award is presented to one outstanding alumnus who has given outstanding volunteer service for the betterment of NDSU. The Horizon Award is presented to an alumnus who has graduated within the last 10 years and has excelled in their profession or in community service.

To nominate a candidate, contact Kristi at 1-6807. Nominations are due March 1.

GraSUS accepting fellowship applications

The NDSU Graduate Student-University-School (GraSUS) program is recruiting graduate and undergraduate students for teaching fellowships for the 2002-03 academic year.

The GraSUS student fellows will work in the classroom with science and mathematics teachers in grades 6-12. Courses include mathematics, general science, environmental science, chemistry, physics and biology.

The project's goals include enhanced communication and teaching skills for fellows, enriched learning by K-12 students, professional development opportunities for K-12 teachers and stronger partnerships between NDSU and local school districts. The project is funded by a three-year grant from the National Science Foundation.

Graduate and undergraduate fellows receive pedagogical training and a yearly stipend of up to \$18,000.

For more information or application materials, visit www.ndsu.edu/grasus/ or contact Don Drummond, education project specialist in science and mathematics, at 1-7336, or Dogan Comez, professor of mathematics, at 1-7490. Application deadline is March 1.

Applications sought for Steinhaus- Rhinehart Scholarship

Applications are being accepted for the NDSU Development Foundation Steinhaus-Rhinehart Scholarship. Students with a senior standing as of fall 2002 semester can apply for the \$500 scholarships.

The endowment was established in 1994 by Mrs. Mabry C. Steinhaus in honor of her late husband Dr. Edward A. Steinhaus, an NDSU alumnus, and his parents, Alice Rhinehart Steinhaus and Arthur A. Steinhaus.

It provides assistance to students in the College of Science and Mathematics or College of Agriculture, who are majoring in biochemistry, biological sciences (biology, botany and zoology), biotechnology, entomology or microbiology and who plan to continue their education in biological science at the post-baccalaureate level. Students must have a cumulative grade point average of 3.0 or greater.

Applications are available in Ceres Hall until the March 18 application deadline. A committee of two faculty members from each college will monitor applications. Recipients will be determined by March 29 and the award will be made in the 2002 fall semester.

People

Katti awarded NSF CAREER award

Kalpana Katti, assistant professor of civil engineering, recently received the National Science Foundation's CAREER award. The \$375,000, five-year grant, awarded by the NSF's civil and mechanical systems division, will fund the project "CAREER: Research and Education: Biomemetic Routes to Design of Biomaterials."

The research and educational activities will focus on biomaterials and bio-inspired materials that follow the design of the mineral components of bone, and on the development of new materials for bone replacement. Current bone implant replacement materials do not last long and are typically made of metals or polymers coated with biocompatible coatings.

Several graduate and undergraduate students are expected to participate in the research.

The Faculty Early Career Development (CAREER) Program is a foundationwide activity that offers the NSF's most prestigious awards for new faculty members. The program recognizes and supports the early career-development activities of teacher-scholars who are most likely to become the academic leaders of the 21st Century.

This is the first CAREER award granted to an NDSU engineering and architecture faculty member.

Bromley gives hypnosis presentations

Kimble A. Bromley, associate professor of art, recently spoke to Fargo North High School psychology students on his use of hypnosis in teaching.

A certified hypnotherapist, Bromley has used hypnosis in his studio art classes for three years. He also is working with the NDSU psychology department researching hypnosis and its affect on creativity.

Bromley also will participate in a "Creativity and Madness" conference scheduled for Feb. 7-10 in Santa Fe, N.M. He was invited to give a presentation on the use of hypnosis in his studio art classes and to hold a creativity enhancement workshop by the conference sponsor, the American Institute of Medical Education (AIMED).

Schlecht named McNair scholar

Joseph Schlecht, a senior majoring in computer science, was selected to participate in the McNair Scholars program. Kendall Nygard, professor and chair of computer science, is the faculty mentor for Schlecht and Mark England is his library mentor.

Students chosen for the program are college juniors and seniors who show an interest in research, and who have the aptitude to pursue a doctorate.

The program is named after Ronald E. McNair, a member of the Challenger space shuttle crew. The NDSU McNair Scholars program, one of the original 14 programs in the nation, has been on campus since 1989. It is funded by the U.S. Department of Education and is administered by the Office of TRIO Programs in the Division of Student Affairs.

Events

Chenille Sisters scheduled to perform at NDSU Valentine's Day

A Valentine's Day performance by the Chenille Sisters, a female folk music trio, is scheduled for 7 p.m. Thursday, Feb. 14, in Festival Concert Hall.

The signature show offers a diverse repertoire of original songs and familiar favorites, all laced with the Chenille brand of tight arrangements and zany humor.

The group, which formed in 1985 in Michigan, has produced nine albums and made several television appearances in addition to their concert schedule. They also have appeared on Garrison Keillor's "Prairie Home Companion" and National Public Radio's "All Things Considered," and received an Emmy for their 1995 PBS production, "The Chenille Sisters: Makin' Rhythm."

Chenille Sisters member Connie Huber grew up in North Dakota. The other members of the group are Cheryl Dawdy and Grace Morand.

Tickets are \$13 for adults, \$10 for senior citizens and NDSU employees, \$7 for non-NDSU students and children, and \$6 for NDSU students. Tickets are available at the Memorial Union Ticket Office or by calling TicketMaster at 235-7171.

Agricultural Engineering Show planned

The 54th annual Agricultural Engineering Show is scheduled for 9 a.m.-4 p.m., Saturday, Feb. 9, in the Agricultural and Biosystems Engineering Building.

Using the theme "Making an Impact on Tomorrow's Agriculture Today," the one-day event allows students to display new technology in agriculture and engineering. It also is an opportunity for the public to gain an understanding of agriculture and its technology. A student team, assisted by faculty advisers, assumes responsibility for putting the show together.

More than \$800 in scholarships will be awarded to the top project winners in the fields of power; machinery; structures, electrical power and processing and soil, water and environment.

Presentations will include John Deere Greenstar precision farming, restoration of a 1938 Model D John Deere, walking floor trailers, river restoration, global positioning system, John Deere Accu Depth system, one-fourth scale tractor, spin steer riding mower and the Weed Badger.

The show is free and open to the public.

Brown bag seminar on hate crimes scheduled

A brown bag seminar, "Hate Crimes at NDSU," is scheduled for noon Wednesday, Feb. 13, in the Memorial Union Peace Garden room.

Panel members Tim Lee, NDSU police chief; Karla Thoennes, associate director of residence life; and member of NDSU's Black Student Alliance will discuss ways in which to address and prevent hate crimes on campus and in the community.

For more information, call 1-5225.

Women's Studies symposium addresses women as governor

Stambough and O'Regan

A Women's Studies symposium, "Women Running for Governor," is scheduled for 3:30 p.m. Thursday, Feb. 14, in Loftsgard 380.

The symposium, presented by Valerie R. O'Regan, assistant professor of political science, and Stephen J. Stambough, assistant

professor of political science, will follow up on the recent North Dakota governor's race.

Nineteen women have served as a state governor, seven of which gained their seat either by succeeding their husbands for various reasons, or by finishing their predecessor's term.

The symposium will explore whether voters are willing to support a woman candidate for governor. It also will explore both voters' reactions to the recent North Dakota gubernatorial race candidates and the media treatment of the candidates from a gender perspective.

O'Regan received her doctorate from the University of California, Riverside, and began teaching at NDSU in 1998. Her book, "Gender Matters: Female Policy Makers Influence in Industrialized Nations," was published in 2000.

Stambough also received his doctorate from the University of California, Riverside, and began teaching at NDSU in 1998. His forthcoming book, "Direct Democracy: Progressive Reforms and the 21st Century," covers trends in state and local initiatives and referenda.

They currently are working on a comparative study of the gubernatorial elections in North Dakota and Montana.

The symposium is open to students, staff, faculty and the general public. For more information, contact O'Regan at 1-7515, or Stambough at 1-7080. Anyone needing special assistance should contact Kathleen Slobin at 1-8939 or Kathleen.Slobin@ndsu.nodak.edu before Feb. 14.

The next Women's Studies symposium, "Citizen-Homemakers: Women's Clubs and Public Activism in the 1950s," is scheduled for Feb. 28.

English seminar to address conscience

An English department seminar, "Mark Twain and Other American Realists Tackle Conscience...and Never the Twain Shall Meet," is scheduled for 3:30 p.m. Thursday, Feb. 7, in Minard 206. The presenter is English teaching assistant Kim Crowley.

The presentation briefly examines the way in which some literary characters did not follow their conscience, and the consequences of their behavior. These characters are compared to some characters in Mark Twain's writings that do not suffer the same fate.

All NDSU faculty and staff are invited to participate. Refreshments will be served. Those interested in being a presenter or with suggestions regarding the series should contact Bill Cosgrove, professor of English, at 1-7147, or bill.cosgrove@ndsu.nodak.edu.

'It's YOUR Art' on display in MU Gallery

"It's YOUR Art," an exhibition of selected works from NDSU's permanent art collection, is on display through Friday, Feb. 22, in the Memorial Union Gallery.

The permanent collection, established in the late 1960s by a committee made up of student government, faculty and staff. In 1969, after raising money on their own to start the collection, the group was awarded a matching grant from the National Endowment for the Arts.

The collection holds works by such artists as Pablo Picasso, Andy Warhol, Frank Stella and Oskar Kokoschka. It now consists of six separate collections: the Student Art Collection, the Ralph Engel Memorial Collection, the Lakeside Studio Print Collection, the NDSU Collection, the Memorial Union Collection and the Printmaking, Education and Research Studio (PEARS) Collection.

Pieces for "It's YOUR Art" were chosen by gallery staff members and represent works from each of the six collections.

Gallery hours are 9:30 a.m.-6 p.m. Monday-Thursday, and 9:30 a.m.-1 p.m. Friday. For more information, call 1-7900.

LCT to present 'Marvin's Room'

"Marvin's Room," a production of NDSU's Little Country Theater, is scheduled for 7:30 p.m. Sunday, Feb. 27-Saturday, March 2, at Askanase Auditorium.

The play is a hilarious and touching account of one woman's commitment to loving others first, even as she faces her own death.

"Marvin's Room' raises issues about the true meaning of a fulfilled and loving life, the importance of family, and the very real absurdity of dealing with the health care bureaucracy," said Lori Horvik, assistant professor of theatre arts. "The play touches all people at some level. It certainly speaks to baby boomers who will deal with choices of caregiving and hospice for aging parents. And it speaks to anyone who has had family members who avoid responsibility for those choices."

The play will be presented in conjunction with NDSU Women's Week Feb. 24-March 2. Discussion sessions will follow each performance. A panel session presented in collaboration with Hospice of the Red River Valley also is scheduled for 7 p.m. Monday, Feb. 25. The session will focus on women's roles as primary caregivers for aging and dying family members, as well as planning for one's own care needs.

Written by Scott McPherson, the play was winner of the 1992 Drama Desk Award.

Tickets are \$10 for adults, \$8 for seniors and \$4 for NDSU students, and are available by calling the Division of Fine Arts Box Office at 1-9442. A free preview for NDSU faculty and staff also is scheduled for Tuesday, Feb. 26.

Athletic department to sponsor 11th annual blood drive

The NDSU athletic department, along with United Blood Services, will sponsor the 11th annual Bison Valentine Victory Blood Drive 10 a.m.-4 p.m. Tuesday and Wednesday, Feb. 12-13, at the Bison Sports Arena.

The 2001 NDSU blood drive attracted 283 volunteers and 233 units of blood were collected for United Blood Services. United Blood Services provides blood and blood products for patients at 50 hospitals in North Dakota, South Dakota and Minnesota.

The purpose of the blood drive is to involve all athletic staff, student athletes and coaches. Each NDSU student athlete is encouraged to recruit at least one potential volunteer for the blood drive.

"The involvement of our student athletes in this community service is a way for them to support a worthy cause. As donors they recognize that they can make a difference in the lives of many people," said Lynn Dorn, project coordinator and director of women's athletics at NDSU.

For more information, call 1-7807. Appointments are encouraged, but walk-ins are welcome.

Kapplinger exhibit in President's Gallery

"Comparisons," an exhibition of prints and drawings by Kent Kapplinger, assistant professor of art, will be displayed in the President's Gallery through May 1.

Kapplinger is on the visual arts faculty is director of the Printmaking and Educational Research Studio. This is a new body of work that represents his examination of comparisons.

"The work in 'Comparisons' uses metaphor to describe didactic relationships between innovation and progress," said Kapplinger. "Though I want the viewer to explore relations at singular stages, I prefer they look at the proverbial 'larger picture' and evaluate progress from a broader perspective. This viewpoint often raises more questions than it does answers."

The President's Gallery is located in Old Main. Gallery hours are 8 a.m.-5 p.m. Monday-Friday. A reception is scheduled for 4 p.m. Thursday, Feb. 7.

For more information, call 1-7900.

Shorts and Reminders

Laboratory and chemical safety short course offered

The laboratory and chemical safety short course is scheduled for 1-3:30 p.m. Tuesday, Feb. 12, in the Memorial Union University Chambers, and 1-3:30 p.m. Wednesday, Feb. 13, and Thursday, Feb. 14, in the Memorial Union Prairie Rose room. The course is required for new laboratory and greenhouse personnel. Those planning to attend should contact William Diamanti at 1-9536 or william.diamanti@ndsu.nodak.edu before Feb. 8.

Union Food Court specials for Feb. 6-13

Soup of the day

Wednesday: zesty Italian and chicken tortellini
Thursday: chicken noodle and cream of broccoli
Friday: minestrone and beer cheese
Monday: chicken noodle soup and corn chowder
Tuesday: Wisconsin cheese and beef barley
Wednesday: meatball and turkey rice

The Corner Deli

Wednesday: ham
Thursday: pastrami
Friday: chicken
Monday: ham
Tuesday: roast beef
Wednesday: chicken Caesar wrap

A La Carte

Wednesday: hand-carved roast beef
Thursday: pepper steak
Friday: taco salad
Monday: meat lasagna
Tuesday: chicken fried steak
Wednesday: sweet and sour pork

Pizza Express

Wednesday: once around the kitchen
Thursday: bacon cheeseburger
Friday: taco
Monday: barbecue shredded beef
Tuesday: Southwestern chicken
Wednesday: farmhouse

*Items are subject to change without notice. Call the Dining Services Lunch Line at 1-9501 to check out all of our daily specials. Questions or comments may be dropped in the suggestion boxes located in each dining center and the Union Food Court or call Kristina at the Union Buffet at 1-8122.

Position openings

Positions open and screening dates through the Office of Human Resources, Room 205, Old Main:

Administrative Secretary/#220
History
\$21,000+/year
Feb. 4 (internal); Feb. 11 (external)

P.M. Cook/#1093
12 months; 40 hours/week
10:30 a.m.-6:30 p.m.; M-F; rotating weekends
Dining Services-Union Dining Center
\$8/hour
Feb. 6

Senior Feature Writer/#5358
University Relations
Commensurate with qualifications
Open until filled

Linux/Java Computer Programmer
Climatology/Soil Science
\$35,000-\$47,000/year
Feb. 12

Electrophysical Lab Tech
Psychology
\$25,000+/year
Feb. 13

Residence Hall Director
Residence Life
\$22,000/year plus partially furnished apartment, meal plan and benefits
Open until filled

Ruminant Nutrition Technician/Graduate Program/#1459
Animal and Range Sciences
\$22,000 minimum/year (80 percent FTE)
April 15 or until filled

Research Specialist/#5111/#5118
Animal and Range Science
\$26,000+/year commensurate with education and experience
Open until filled

Position openings also are available through the NDSU Web site at www.ndsu.edu/jobs.

Research Opportunities

The Office of Sponsored Programs Administration in Old Main 201K announces the following funding opportunities and deadlines. For more information, refer to the Web site or contact person provided with each listing. For information about other grant opportunities, you may conduct an online funding search via SPIN, available at www.ndsu.nodak.edu/research/funding/spinplus.shtml.

National Aeronautics and Space Administration (NASA) Physical Science Ground-Based and Flight Research Program
Deadline: March 8 for combustion science; April 1 for fundamental physics; June 3 for materials science; Sept. 3 for biotechnology; Sept. 3 for special focus research; and Dec. 2 for fluid physics research.

http://research.hq.nasa.gov/code_u/open.cfm

NASA invites proposals for ground-based and flight research investigations, analyses and technologies across a broad range of science disciplines relevant to the physical sciences. Funding varies by program area. The typical project period is four years. Research programs of interest are fundamental microgravity research including combustion science, fluid physics, fundamental physics, materials science and exploration research. Biotechnology and earth-based application includes cellular biotechnology, macromolecular biotechnology and earth-based applications.

National Institute on Aging
Pilot Research Grants on Aging
Deadline: March 15, July 15, Nov. 15

<http://grants.nih.gov/grants/guide/pa-files/PAR-02-049.html>

NIA seeks applications for small grants to recruit new investigators to conduct research on aging and encourage established investigators to turn their attention to new targeted, high priority areas in the field. NIA provides a long list of interest areas that range from improving health and quality of life, including work on Alzheimer's disease drugs and the impact of research on health policy, to reducing health disparities. These small grants provide \$25,000 or \$50,000 in direct costs for one year.

Department of Energy
Early Career PI Program in Applied Math and Computer Science

Deadline: April 17

www.science.doe.gov/production/grants/grants.html

Refer to notice 02-16

DOE will award grants under the Early Career Principal Investigator program to support research in applied mathematics, computer science and networks by exceptionally talented scientists and engineering. The project period is three years. The mathematical sciences program focuses on the underlying mathematical understanding and numerical algorithms needed to describe and predict physical, chemical and biological systems. The computer science program focuses on developing the advanced software infrastructure needed for DOE scientific applications. The high-performance networks research program focuses on networks that support DOE's science mission in high-throughput transport protocols, traffic engineering and characterization, cyber-security and modeling of network aware middleware.

Department of Education
Post-secondary Education among U.S., Mexico and Canada

Deadline: March 29

www.ed.gov/offices/OPE/FIPSE/index.html

The Education Department's Fund for the Improvement of Post-secondary Education is inviting applications under a special focus competition to create consortia that promote cooperation and student mobility among the United States, Canada and Mexico. Funding may total \$200,000 to \$215,000 each for a four-year project period.

Calendar

February

- 6 YMCA of NDSU—Brown bag seminar, "Civil Rights Movement," noon, Memorial Union Peace Garden room
- 7 F-M Symphony Family Concert—"Music That Paints a Picture," 7 p.m., Festival Concert Hall. Tickets are \$8 for adults and \$6 for students and seniors. Tickets available by calling 1-9442.
- 8-28 NDSU Public Art Project, Reineke Visual Arts Gallery. Reception 3:30 p.m. Sunday, Feb. 10.
- 8 Animal and Range Sciences—Kevin Miller, graduate student, "Manganese Toxicity;" Tammy Lawler, graduate student, "Selenium Status and its Consequences on Carcinogenesis and Viral Diseases," 3 p.m., Hultz 104
- 8 Women's basketball vs. University of South Dakota, 6 p.m., Bison Sports Arena
- 8 Men's basketball vs. University of South Dakota, 8 p.m., Bison Sports Arena
- 9 Women's basketball vs. Morningside, 6 p.m., Bison Sports Arena
- 9 Men's basketball vs. Morningside, 8 p.m., Bison Sports Arena

- 10 "Presidents, Politics and Power: American Presidents Who Shaped the 20th Century," documentary featuring Harry S. Truman, 1:30 p.m., Main Library Multi-Purpose Rooms (110A and 110B)
- 12 Campus Attractions—Marc Bamuthi Joseph performs African American spoken word and dance, 7:30 p.m., Memorial Union Alumni Lounge. Free.
- 13 YMCA of NDSU—Brown bag seminar, "Hate Crimes at NDSU," noon, Memorial Union Peace Garden room
- 13 USDA-ARS—David J. Smith, research physiologist, "Use of Beta-Adrenergic Agonist Feed Additives in Livestock: Residues, Detection and Safety," 10 a.m., Biosciences Research Laboratory large conference room
- 13 Wrestling vs. Minnesota State University Moorhead, 7:30 p.m., Bison Sports Arena
- 14 Women's Studies—Valerie O'Regan, assistant professor of political science, and Stephen Stambough, assistant professor of political science, "Women Running for Governor," 3:30 p.m., Loftsgard 380
- 14 Lively Arts Series—The Chenille Sisters, 7 p.m., Festival Concert Hall. Tickets are available at the Memorial Union Ticket Office or by calling 235-7171.
- 15 History—David Danbom, professor of history, "Historical Interpretation Exercises for Upper-Division Students," 3 p.m., Minard 407
- 16 Wrestling vs. Augustana, 7:30 p.m., Bison Sports Arena
- 16 Woodlands and High Plains Powwow, "Preserving Our Past, Protecting Our Future," Concordia College Memorial Auditorium. Grand entries scheduled for 1 p.m. and 7 p.m.
- 17 "Presidents, Politics and Power: American Presidents Who Shaped the 20th Century," documentary featuring Lyndon B. Johnson, 1:30 p.m., Main Library Multi-Purpose Rooms (110A and 110B)
- 18 President's Day holiday, university closed.
- 19 YMCA of NDSU—Brown bag seminar, "Women and Islam," 12:30 p.m., Memorial Union Peace Garden room
- 20 YMCA of NDSU—Brown bag seminar, "Making Your Relationships: Keys for Success," noon, Memorial Union Peace Garden room
- 21 Campus Attractions—Matt Wahl, singer/songwriter, 11:15 a.m., Memorial Union Alumni Lounge. Free.
- 22 University Chorus and Brass Ensemble concert, 7:30 p.m., Festival Concert Hall. Tickets are \$4 for adults and \$2 for students. Tickets are available by calling 1-9442.
- 22 Women's basketball vs. South Dakota State University, 6 p.m., Bison Sports Arena
- 22 Men's basketball vs. South Dakota State University, 8 p.m., Bison Sports Arena
- 22 Campus Attractions—Dustin Diamond, comedian, 7:30 p.m., Memorial Union Ballroom and Century Theater. Free.
- 23 Campus Attractions—Stall, rock band, 8 p.m., Memorial Union Ballroom. Free.
- 23 Women's basketball vs. Augustana, 6 p.m., Bison Sports Arena
- 23 Men's basketball vs. Augustana, 8 p.m., Bison Sports Arena
- 24 "Presidents, Politics and Power: American Presidents Who Shaped the 20th Century," documentary featuring Richard M. Nixon, 1:30 p.m., Main Library Multi-Purpose Rooms (110A and 110B)
- 24 Faculty Recital—Matthew Patnode, assistant professor of music, 2 p.m., Beckwith Recital Hall. Free.
- 25 YMCA of NDSU—Brown bag seminar, "Body Theory and Gender: Tattooing and Piercing," noon, Memorial Union Peace Garden room
- 25-March 1 Women's Week
- 25-March 20 "Hand Built Explorations," ceramics by Julie Punt, Memorial Union Gallery. Reception 4-6 p.m. Tuesday, Feb. 26.
- 26 YMCA of NDSU—Brown bag seminar, "Twenty Years of Progress: Women's Activism in Perspective," 12:30 p.m., Memorial Union Prairie Rose room
- 26 Free NDSU staff preview night of Little Country Theatre's "Marvin's Room," 7:30 p.m., Askanase Auditorium
- 27 YMCA of NDSU—Brown bag seminar, "Young Women and Activism," noon, Memorial Union Prairie Rose room
- 27 Varsity Band, Jazz Combo and Jazz Lab Band concert, 7:30 p.m., Festival Concert Hall. Tickets are \$4 for adults and \$2 for students. Tickets are available by calling 1-9442.
- 27-March 2 Little Country Theatre—"Marvin's Room," by Scott McPherson, 7:30 p.m., Askanase Auditorium. Tickets are \$10 for adults, \$8 for seniors and students and \$4 for NDSU students. Tickets are available by calling 1-9442.
- 28 YMCA of NDSU—Brown bag seminar, "Labels, Categories and Stereotypes: Who Are These Women in America, Anyway?" 12:30 p.m., Memorial Union Prairie Rose room
- 28 Campus Attractions—Michael Dean Ester, comedian, 7:30 p.m., Memorial Union Alumni Lounge. Free.
- 28-March 2 NDSU Festival of Bands 2002, Festival Concert Hall

March

- 1 YMCA of NDSU—Brown bag seminar, "Women and the Military," noon, Memorial Union Prairie Rose room

- 1 Jazz Combos concert, 7:30 p.m., Beckwith Recital Hall. Free.
- 3 "Presidents, Politics and Power: American Presidents Who Shaped the 20th Century," documentary featuring Ronald W. Reagan, 1:30 p.m., Main Library Multi-Purpose Rooms (110A and 110B)
- 5 Campus Attractions—Lisa Hunter, pop and folk singer/songwriter, 11:15 a.m., Memorial Union Alumni Lounge. Free.
- 6 YMCA of NDSU—Brown bag seminar, "Understanding Investments for Students," noon, Memorial Union Peace Garden room
