

College of Pharmacy celebrates 100 years, to dedicate Sudro Hall project

The NDSU College of Pharmacy has scheduled dedication ceremonies for the new Sudro Hall building project for 9 a.m. Saturday, Oct. 19. The ceremony is part of the college's Homecoming celebration of a century of service to students, North Dakota and the pharmacy profession.

Speakers will include President Joseph A. Chapman; national campaign co-chair David Bernauer, BS '67, chief executive officer of Walgreen Co.; and Katie Steig, a fourth-year pharmacy student from Blue Earth, Minn. Charles Peterson, dean of pharmacy, will serve as the master of ceremonies.

The \$2.95 million construction project is the result of the Building Excellence Campaign, a successful NDSU Development Foundation fund drive among alumni and friends of the college. The work includes remodeling of all three floors of Sudro Hall, while the "Walgreens Wing" is a two-story building addition that features faculty offices, conference rooms and three classrooms equipped with computers and state-of-the-art instructional technology.

The Walgreens Wing was named in recognition of the generous support provided the capital campaign by Bernauer, Charles Walgreen Jr. and the Walgreen Co.

The Concept Pharmacy instructional laboratory is a much-anticipated focal point of the project. Designed after input from alumni and leaders within the profession, it provides training in all aspects of contemporary community pharmacy practice. Included are a dispensing laboratory, instruction in prescription and nonprescription drugs, the latest pharmacy automative solutions and computer technology, a patient education classroom, extemporaneous compounding lab, nursing home practice and disease state management training.

"2002 is a hallmark year for the NDSU College of Pharmacy. Our message is that the college wants to maintain our rich legacy, carry the torch to future generations and continue the tradition of excellence in pharmaceutical education that has been here for 100 years," Peterson said of the college's centennial celebration and project dedication. "We're very excited about where we've been, and we are extremely excited about where we are heading."

Students are clearly looking forward to the educational opportunities offered through the new facilities.

"Pharmacy is constantly changing and there's something new to learn every day. The new technology makes us better prepared to go out into the profession as we practice pharmacy in the 21st Century," Bernadette Keller, a third-year pharmacy student from Eveleth, Minn. "With the Concept Pharmacy, NDSU is definitely at the forefront of pharmacy education."

The college traces its roots back to 1902. Started under the chemistry department, the original School of Pharmacy offered two courses of study—a four-year course in pharmaceutical chemistry leading to a bachelor's degree and a special two-year course in practical pharmacy. When the winter term began on Jan. 2, 1902, the school had an enrollment of five students—two in the four-year course, while three selected the two-year course.

President Chapman to deliver State of the University Address

President Joseph A. Chapman will deliver his fourth State of the University Address at 12:30 p.m. Thursday, Oct. 17, in Festival Concert Hall. All faculty, staff, students, alumni and friends of the university are invited. A reception will follow in the Reineke Fine Arts Center lobby. The address also can be viewed live on the Web at www.ndsu.edu/president/address. A transcript of President Chapman's remarks will be available at the site immediately following the address.

New employee orientation scheduled

New employees are invited to attend an orientation session from 1-5 p.m. Wednesday, Oct. 23, in the Alumni Center Reimers Room. The session is organized by the Office of Human Resources. Employees who have not attended a new staff orientation are welcome to attend. For reservations and requests for accommodations related to disability, contact Brittnee Steckler at 1-5922.

Next Issue

Publication date: Wednesday, Oct. 23
Submissions due: noon Oct. 17
Old Main 204
Voice: 231-8326
Fax: 231-1989
ellen.puffe@ndsu.nodak.edu
www.ndsu.edu/university_relations/news

By 1920, the school was registered by the Board of Regents of the State of New York, signifying that it ranked "among the first class institutions of its kind in the country." In 1923, the school was elected to the American Conference of Pharmaceutical Faculties, an organization consisting of the nation's highly ranked pharmaceutical institutions.

In 1960, the five-year (BS) curriculum became mandatory across the country, and the six-year Doctor of Pharmacy (Pharm.D.) program was implemented at NDSU in 1990. The college's two-year associate degree program in nursing was initiated in 1969 and the college started a cooperative four-year baccalaureate degree program in nursing with Concordia College in 1986.

The college is currently one of 82 schools accredited by the American Council on Pharmaceutical Education. "Every school of pharmacy has its niche, its unique focus and strengths. We have many, and NDSU has played a national leadership role," Peterson said. "This place is known for producing top-notch graduates and quality pharmacists."

Howard Anderson, North Dakota State Board of Pharmacy executive director, agrees wholeheartedly. "The College of Pharmacy has really been the center of the profession in North Dakota, with 87 percent of our pharmacists in the state being NDSU graduates," he said.

According to Peterson, the task ahead is to build on the successes and accomplishments of the past 100 years. "The challenge is to keep an excellent program excellent—to take a program that has such a rich legacy and keep that tradition going," he said, noting the new facilities will allow that to happen. "We need to continue to be creative, innovative and a leader. That means keeping ahead of the curve."

Dining Services alerts campus to need for shared leave

Dining Services employees Jacqueline Sharratt, Kathy Shanku and Mary Poirer are eligible for the Shared Leave Program, and university employees are asked to help if possible.

NDSU Policy Manual Section 147 states that an individual may donate a portion of his or her leave under these guidelines:

- If you choose to donate annual leave, you must donate it in full hour increments and you must retain a leave balance of at least 40 hours for your own use.
- If you choose to donate sick leave, you may donate up to 5 percent of your accrued leave hours in full-hour increments.

Anyone who would like to donate hours should contact Jane Cumber at 1-8097 or jane.cumber@ndsu.nodak.edu to have the donated leave form forwarded to you. You may identify a specific person on the form and the number of hours, or donate a set number of hours, leave the name blank and those hours will be used as needed for the above staff.

Equal opportunity, sexual harassment policies annual notice

University policy on equal opportunity

NDSU is fully committed to equal opportunity in employment decisions, educational programs and activities in compliance with all applicable federal and state laws, including appropriate affirmative action efforts, for all individuals without regard to race, color, national origin, religion, sex, disability*, age, Vietnam Era Veterans status, sexual orientation, status with regard to marriage or public assistance, or participation in lawful activity off the employer's premises during non-working hours which is not in direct conflict with the essential business-related interests of the employer.

*Otherwise qualified individuals with disabilities (as defined in the Americans with Disabilities Act and Section 504 of the Rehabilitation Act), requiring reasonable accommodation, are invited to identify themselves to their supervisor or course instructor.

University policy on sexual harassment

As part of its commitment to equal opportunity, NDSU prohibits sexual harassment of its employees and students, including student-to-student and other peer sexual harassment. This policy is in compliance with federal regulations implementing Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972.

Sexual harassment is defined as:

"Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment when 1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic achievement; 2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting such individual; or 3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile or offensive environment." Sexual harassment in electronic forms also is prohibited under NDSU Policy 710-Computer Facilities.

Individuals concerned about violations of this policy should request assistance from the university's director of equal opportunity, the university's general counsel, the Counseling and Disability Services Office, the associate director for student rights and responsibilities or an appropriate administrator. When administrators or supervisors become aware of occurrences of sexual harassment in their areas, they are responsible for stopping the behavior or reporting it to the director of equal opportunity. In addition, the university's equal opportunity grievance procedure shall be available for any person who wishes to file a complaint alleging a violation of this policy.

Employees and students also should be aware of the university's policies on Consensual Relationships (Policy 162.1) and Anti-Harassment (Policy 163) found at www.ndsu.nodak.edu/policy/.

These policies have been approved by the university president. Any inquiries concerning the application of such laws or these policies to the university's practices may be referred to the appropriate federal compliance agency or to Sandra Holbrook, equal opportunity director, at 1-7703 or sholbroo@gwmail.nodak.edu.

Materials research chapter established at NDSU

A chapter of the Materials Research Society (MRS) has been established at NDSU.

MRS is a non-profit organization joining scientists, engineers and research managers from industry, government, academia and research laboratories to share findings in research and development of new materials of technological importance.

The NDSU chapter was established to provide a forum for conversation between students and faculty on campus involved in cutting-edge and advanced materials research.

Founded in 1973, the society is made up of more than 12,000 members worldwide. Its mission is to encourage communication and the exchange of technical information across the fields of science that affect materials.

Chapter meetings, seminars and a Web page are planned. Pijush Ghosh, graduate student, is the chapter president, and faculty advisers are Kalpana Katti, assistant professor of civil engineering, and Dinesh Katti, professor of civil engineering. For more information, contact Ghosh at Pijush.Ghosh@ndsu.nodak.edu.

Library offers SciFinder seminars

NDSU Libraries has scheduled two SciFinder Scholar seminars for 10 a.m. and 12:30 p.m. Wednesday, Oct. 23, in the Main Library Room 14A.

Each 90-minute session will consist of an overview and demonstration of SciFinder's search features and strategies. A Chemical Abstract Services (CAS) representative will lead the sessions.

SciFinder Scholar offers information on chemistry, chemical engineering, biochemistry, geochemistry, agricultural chemistry, biomedical and medicinal chemistry, biotechnology, materials science, molecular biology, pharmacology, toxicology, environmental science and waste management, and online entry to the CAS databases including Chemical Abstracts, Registry, CASREACT, CHEMCATS and CHEMLIST. It also offers access to the National Library of Medicine's MEDLINE database. Users can search by topic, author or company name, substance identifier, chemical structure, substructures, chemical reaction or specific biosequences.

Registration is required and can be made by calling 1-8886.

People

Schroeder joins faculty

Mark Schroeder has joined the electrical and computer engineering faculty as an assistant professor.

Schroeder, who was a visiting professor last year from the University of Louisville, earned his bachelor's and master's degrees at NDSU. He received his doctorate in biomedical engineering from the University of Texas at Austin.

His research focus is neural engineering in which he measures and processes brain waves that are then used to control rehabilitative devices.

Dorgan to receive transportation award

The Upper Great Plains Transportation Institute (UGPTI) will present Sen. Byron Dorgan with its prestigious John M. Agrey Award at the institute's annual banquet scheduled for Oct. 31 at the Holiday Inn, Fargo.

"The award is truly a recognition by the citizens of North Dakota of the demonstrated leadership Sen. Dorgan has provided the state," said Dale Anderson, president of the Greater North Dakota Association and UGPTI advisory council chair. "His many contributions have been extremely important because transportation is such a vital link to North Dakota's economic success."

In a letter of nomination, Tim Mathern, state senator from Fargo, wrote, "Sen. Dorgan has had an almost immeasurable positive impact on transportation for North Dakota and this region."

Mathern noted Dorgan's support for surface transportation, railroads, air travel and transit. He said Dorgan helped direct more than \$1 billion to North Dakota under the federal highway reauthorization bill, worked closely with the Federal Highway Administration for emergency funding for flooded Devils Lake roads and secured \$35 million for the Four Bears Bridge project at New Town. Mathern said Dorgan is the only member of Congress to call for a moratorium on rail mergers.

In addition, Mathern said Dorgan has worked with Northwest Airlines and Great Lakes Airlines to forge an agreement on code-sharing that makes it easier for air transportation from Jamestown and Devils Lake. Dorgan helped obtain \$500,000 for 40 communities for investment in community-based programs to enhance air transportation. He also assisted in providing priority funding under the Airport Improvement Program for airports in Bismarck, Dickinson, Grand Forks and Minot. Dorgan also helped secure \$150,000 for a UGPTI study on the impact of increased airfare pricing schemes on small communities.

Dorgan was re-elected to the U.S. Senate in 1998 after serving one term in the Senate and six terms in the U.S. House of Representatives. His public service career began at age 26, as the youngest constitutional officer in North Dakota's history when he was appointed State Tax Commissioner. He was later elected to that office in 1972 and 1976.

Dorgan was born May 14, 1942, and was raised in the farming community of Regent, N.D. He received his bachelor's degree from the University of North Dakota and earned a Master of Business Administration degree from the University of Denver. He is married to Kim Dorgan and has four children: Scott, Shelly (deceased), Brendon and Haley.

The UGPTI is located on the campus of North Dakota State University. It is a free-standing interdisciplinary program which has a mission to make a significant contribution to rural and small urban transportation and logistics through interdisciplinary university education, research and service.

The award, first presented in 1996, is dedicated to John Agrey, a pioneer, innovator and advocate for transportation in North Dakota. Agrey, who died in 1975, was an employee of the North Dakota Public Service Commission for more than 30 years.

Previous recipients include Jack Daniels, Melvin Maier, Marshall Moore, John Finsness, Robert Bradley, Bruce Hagen, David C. Nelson and Charles E. Herman.

For more information about the banquet, contact Kathy McCarthy at 1-7767.

Presentation by Egyptian visiting faculty member scheduled

Tahany El-Nashar, visiting faculty member from Tanta University, Tanta, Egypt, is scheduled to give a presentation at noon Friday, Oct. 18, in the Main Library Multi-Purpose Room. El-Nashar will speak on Egypt, and the research she has conducted while at NDSU in accounting and information systems.

El-Nashar first visited the United States last year to study the differences in higher education between the U.S and Egypt. She and her husband, Said El-Helbawy, returned to NDSU this year to study the accounting and information technology services departments. El-Nashar is interested in ways in which advanced U.S. accounting methods can benefit the agriculture industry in Tanta.

El-Nashar also is in collaboration with Donna Dietz, assistant professor of accounting, and Phoenix International Corp. on research to integrate target-costing and product life cycle techniques to reduce product development costs.

El-Nashar is the chair of cost accounting and information systems at Tanta University. She will return to Egypt at the end of October. El-Helbawy, who returned to Egypt in September, is an accounting professor and vice-dean of student affairs.

Jauhar elected American Association for the Advancement of Science fellow

Jauhar

Prem P. Jauhar, research geneticist with the USDA-ARS and adjunct professor of plant sciences, has been elected a fellow of the American Association for the Advancement of Science.

First awarded in 1874, the association annually elects fellowship for members whose efforts on behalf scientific advancement or its applications are scientifically or socially distinguished.

In a letter from the association, Jauhar was recognized for his "outstanding contributions to classical and molecular cytogenetics, particularly genetic control of chromosome pairing, transfer of alien chromatin into wheat, and genetic transformation of durum wheat, and their relevance to plant breeding."

His research focuses on wheat germplasm enhancement by techniques of classical cytogenetics and modern biotechnology. He is internationally recognized for his contributions in plant cytogenetics—the branch of biology that deals with heredity and its associated cellular components—and their relevance to plant breeding.

Jauhar's lab produced the world's first transgenic durum wheat in 1995. The lab's transgenic technology standardization will help introduce anti-fungal genes into commercial durum cultivars, and explore new avenues of germplasm enhancement.

Jauhar is the author of two books, and his research has been published in numerous publications. In addition, he has edited one book and has served as associate editor for the *Journal of Heredity*, an international journal of genetics, since 1990.

Jauhar received a doctorate in cytogenetics in New Dehli, India. He was elected a fellow of the Crop Science Society of America in 1995 and the American Society of Agronomy in 1996.

Miller named guest conductor for honor choir

Miller

Jo Ann Miller, associate professor of music, will be the honor choir guest conductor at the Minnesota sub-section 6-3A Fall Festival scheduled for Oct. 25-26 at Minnesota State University Moorhead. Musicians from 10 area high schools are expected to participate.

Miller is in her 13th year as director of choral activities at NDSU. She has a bachelor's degree from NDSU, master's degree from the University of North Dakota and a doctorate in choral conducting from the University of Cincinnati's College Conservatory of Music. Miller is a frequent clinician/conductor and adjudicator for festivals and workshops throughout the Midwest and Canada. She recently received the Blue Key Distinguished Educator Award.

Faculty member builds home

Hung Nguyen, assistant professor of construction management engineering, has applied his professional skills in construction management to build a home. The West Fargo structure will be used as an example in his timber design class spring semester.

Nguyen, whose specialty is computer applications in construction, also will use his experience with the builder to design a computer template to improve productivity. He plans to offer it to area developers and builders of residential housing.

The construction template is expected to expedite cost calculations and construction planning. He plans to design the template on Access, allowing a builder to sort choices by photo, site, home style and cost.

On his new home, Nguyen sketched the plan, elevation and perspective; worked with a draftsman to complete all the drawings; supervised the on-site construction; selected materials for exterior walls including brick, siding and shingles; and designed and built all decorative interior design elements.

For further information, contact Nguyen at 1-8646 or Hung.Nguyen@ndsu.nodak.edu.

O'Regan, Stambough to participate in presidential nomination conference

Valerie R. O'Regan and Stephen J. Stambough, assistant professors of political science, will participate in a conference on presidential nomination reforms scheduled for 2004.

O'Regan and Stambough's research focuses on the impact of presidential nomination reforms spearheaded by Sen. George McGovern that transformed the manner in which presidential candidates are selected.

Representatives from both political parties, media personalities and scholars have been invited to participate in the conference, which is scheduled to be televised on C-Span.

The pair also will contribute research to a book commemorating the opening of the George McGovern Library and Center for Public Service. The book will be published by the South Dakota Historical Society Press and the South Dakota Humanities Council.

Drayson named to state library group post

Pamela Drayson, director of libraries, has been selected president-elect for the North Dakota Library Association. Drayson was chosen for the post during the group's annual conference Oct. 2-5 in Fargo.

This year, the meeting was a "tri-conference" in conjunction with the Mountain-Plains Library Association and the South Dakota Library Association. The conference attracted approximately 500 librarians from across the region.

Drayson will serve as president-elect for 2002-03 and as the group's president in 2003-04. "This will definitely be an opportunity for me to become better acquainted with librarians throughout the state, and it certainly fits in with NDSU's land-grant mission of outreach and service," she said.

Drayson also commended the NDSU Libraries staff for their active participation in the conference, noting they helped with local arrangements, registration and hospitality. "It was a marvelous experience," she said. "The conference would not have gone off as well as it did without the work of members of the NDSU Libraries staff."

The association's members include librarians, other library employees, trustees and "friends of libraries." Its purpose is to improve library services in the state by developing the professional skills of its members.

Kaplinger, Bromley participate in arts and humanities conference

Kent Kaplinger, assistant professor of art, and Kimble Bromley, associate professor of art, were participants in panel discussions held as part of the North Dakota Arts and Humanities Conference held recently in Grand Forks.

Kaplinger, director of the Printmaking Education and Research Studio (PEARS) program, discussed the program's focus on printmaking production, education and innovation in the Midwest.

Bromley, who coordinates NDSU's visual arts department, participated in the panel discussion "Retooling the Critique for Visual Arts Education."

Events

Wellness Works seminar on dietary supplements scheduled

Wellness Center dietician Kevin Kelly is scheduled to present "Dietary Supplements: Are They Necessary and Do They Work?" at noon, Tuesday, Oct. 22, in the Wellness Center room 166.

Kelly will lead discussion and answer questions on dietary supplements, their safety and effectiveness. Attendees are encouraged to bring any supplements about which they have questions.

For more information, contact Angie Nelson, assistant director of operations and promotions, at 1-7360 or angie.nelson@ndsu.nodak.edu.

Counseling and Disability Services to offer depression screening

Free depression screenings, sponsored by Counseling and Disability Services, are scheduled for 8 a.m.-5 p.m. Oct. 21-25, in the Counseling Center, Ceres 212.

NDSU and several other college counseling centers across the country will offer the free screenings. All screenings are anonymous. Persons showing symptoms of depression will be encouraged to obtain a full evaluation.

Common symptoms of depression include feelings of hopelessness, worthlessness, restlessness and irritability, changes in sleep and appetite, loss of energy and thoughts of death or suicide.

According to the National Institutes of Mental Health, depression affects approximately 1.5 million young adults in the United States each year. Although treatment can help nearly 90 percent of those affected, less than half actually seek treatment.

Appointments are suggested but not necessary, and can be made by calling Counseling and Disability Services at 1-7671. Screenings also are available online at www.ndsu.edu/counseling.

'Make a Difference Day' scheduled

The NDSU Volunteer Network has scheduled "Make a Difference Day," a day for students to take part in community service projects, for Saturday, Oct. 26. Faculty and staff and their families also are invited to participate.

Several projects are planned for the day, including painting at the Dorothy Day food pantry, preparing meals for residents of the Ronald McDonald House and YWCA women's shelter, and nursing home visits. Projects typically last about two hours.

Volunteer sign-up is scheduled for 10 a.m.-2 p.m. Oct. 21-25 at the Volunteer Network office in the Memorial Union. For more information, contact Melanie Miller at 1-1055 or ndsu.vo.unteer.network@ndsu.nodak.edu.

Brown bag seminar on assault prevention scheduled

"Rape/Assault on NDSU's Campus: How to Prevent It; How to Cope If It Happens," a brown bag seminar sponsored by the YMCA of NDSU, is scheduled for noon Wednesday, Oct. 23, in the Memorial Union Peace Garden Room.

Carmen Collins from the Rape and Abuse Crisis Center, and Melissa Longtine from the NDSU Counseling Center will discuss ways in which to avoid rape and sexual assault. The panel also will provide ways in which to cope after a rape or assault, and where victims can find support.

The seminar is free of charge. For more information, call 1-5225.

LCT performance of "The Glass Menagerie," speak-back on disability scheduled

The Little Country Theatre opens the 2002-03 season with Tennessee Williams' "The Glass Menagerie." Performances are scheduled for 7:30 p.m. Oct. 25-27 and Nov. 1-2, and 2 p.m. Sunday, Oct. 27. All performances are held in Askanase Auditorium.

Held in conjunction with Disability Awareness Month, the story is told through the eyes of Tom Wingfield, who takes the audience back in time to his tenement home in St. Louis. Recalling his monotonous warehouse job; his meddling mother, Amanda; and his disabled sister, Laura, he describes the manner in which each of them escapes from their dreary lives through fantasy.

A speak-back session, "Disabled or Abled?" will follow the Nov. 1 performance. Cathy Anderson, Disability Services coordinator, senior Paul Lundstrom and Nate Aalgard, director of the Freedom Resource Center for Independent Living, will discuss changes they have witnessed or experienced, and changes still needed.

Tickets for "The Glass Menagerie" are available by calling the fine arts box office at 1-9442. The speak-back is free and open to the public.

'Lessons in Leadership' conference set

NDSU's Division of Distance and Continuing Education will host the seventh annual Worldwide Lessons in Leadership satellite conference 10 a.m.-4 p.m. Tuesday, Nov. 12, at the Fargo Civic Center's Centennial Hall.

Participants will learn how to create deeper loyalty among employees, customers and investors; achieve "prosperity with a purpose;" take positive action to address ethics issues with effective responses and preventive measures; and build a work environment based on trust and confidence.

Scheduled speakers include William Bennett, former Secretary of Education and author of "The Book of Virtues;" Tom Morris, chair of the Morris Institute for Human Values and author of "The Art of Achievement and True Success;" and Lynn Brewer, author of the soon-to-be released "House of Cards: Confessions of an ENRON Executive."

Cost for NDSU employees is \$139. Participants may register online at <http://www.ndsu.edu/DCE> or call 1-5376 or e-mail Cynthia.Lura@ndsu.nodak.edu.

Lawn mower, snow blower clinic set

The Agricultural Systems Management Club and the American Society of Agricultural Engineers Student Engineering Branch have scheduled a lawn mower and snow blower clinic for 5 p.m. Thursday, Oct. 24, in the Agricultural and Biosystems Engineering building. A tune-up, oil change, spark plug change, air filter cleaning, blade sharpening and wash are included in the \$25 fee.

Pick-up and delivery service is available within Fargo, Moorhead and West Fargo city limits for an additional \$5. To schedule an appointment, call the agricultural and biosystems engineering office at 1-7261 by Oct. 21.

New English faculty to present seminar

Mark Aune, Amy Rupiper Taggart and Donald Salting, assistant professors of English, are scheduled to present "Standing In Our Fields: New Faculty Introduce Themselves and Their Work" at 4 p.m. Wednesday, Oct. 16, in Minard 209. All three are in their first year teaching at NDSU.

Aune will give a brief introduction to travel writing, Rupiper Taggart will discuss the implications of service learning and other community engagement approaches to teaching writing across the disciplines, and Salting will give an introduction to issues motivating phonology and a history of theory of linguistics in America.

All are welcome to attend and participate. Refreshments will be served. For more information, contact William Cosgrove, professor of English, at 1-7147 or bill.cosgrove@ndsu.nodak.edu.

Shorts and Reminders

Large passenger van training reminder

Effective Nov. 1, only certified drivers are eligible to drive large passenger vans, defined as those with a capacity of up to 16 people. All drivers of large passenger vans are required to complete a two-part training program, consisting of a Web-based instructional program and behind-the-wheel training, before they are able to use the vehicle.

Behind-the-wheel training is scheduled for the week of Monday, Oct. 21-Friday, Oct. 25. The Web instructional program may be scheduled immediately. Individual training can be scheduled by calling the motor pool at 1-9619. For more information, contact Joan Chapek at 1-7913, Cathy Powers at 1-7301, or visit www.ndsu.nodak.edu/physical_plant/transportation.

Union Food Court specials for Oct. 16-23

Soup of the day

Wednesday: minestrone and baked potato
Thursday: vegetable beef and tomato
Friday: chicken dumpling and navy bean
Monday: California medley and vegetable beef
Tuesday: cream of potato and chicken noodle
Wednesday: minestrone and cream of broccoli

The Corner Deli

Wednesday: All-American wrap
Thursday: pastrami
Friday: roast beef
Monday: chicken
Tuesday: turkey
Wednesday: roast beef

A La Carte

Wednesday: chicken lasagna
Thursday: hand-carved turkey
Friday: beef stroganoff
Monday: meat lasagna
Tuesday: hot roast beef sandwich
Wednesday: pepper steak

Pizza Express

Wednesday: creamy garlic chicken
 Thursday: Tuscany
 Friday: once around the kitchen
 Monday: Hawaiian
 Tuesday: farmhouse
 Wednesday: meatball

The Union Grab and Go

Wednesday: meatball sandwich
 Thursday: roast beef
 Friday: hot ham and cheese wrap
 Monday: broasted chicken
 Tuesday: meat lasagna
 Wednesday: meat loaf and gravy

Items are subject to change without notice. Call the Dining Services Lunch Line at 1-9501 to check out all of our daily specials. Questions or comments may be dropped in the suggestion boxes located in each dining center and the Union Food Court or call Kristina at the Union Buffet at 1-8122.

Positions Available

Positions open and screening dates through the Office of Human Resources, Room 205, Old Main:

Mass Cataloger/#0507
 12 months; 40 hours/week
 Library
 \$18,500+/year
 Oct. 23

Food Service Lead/#1178
 10 months; 40 hours/week
 11:30 a.m.-8 p.m.; M-F; weekends as necessary
 Dining Services-West Dining Center
 \$8/hour
 Open until filled

Position openings also are available through the NDSU Web site at www.ndsu.edu/jobs.

Calendar

October

- Through Oct. 30 Alumni exhibition, Reineke Visual Arts Gallery. Reception 7 p.m. Saturday, Oct. 19.
- Through Nov. 29 "Crossroad," exhibit by Eric Johnson, President's Gallery, Old Main
- 16 YMCA of NDSU—Brown bag seminar, "Living and Learning in the USA: Perspectives from Multicultural and International Students," noon, Memorial Union Peace Garden Room. Free.
- 16 Physics—Bryan Luther, Concordia College, "Physics at the Neutron Dripline: The MoNA Project and the NSCL," 4 p.m., South Engineering 208
- 17 Entomology—Rich Roehrdanz, USDA-ARS research geneticist, "Pests of a Different Color: Comparison of Genetic Variability in Western and Northern Corn Rootworms," 1 p.m., Northern Crop Science laboratory large conference room

- 18 Animal and range sciences—William Day, equine specialist candidate, "Integrating Teaching, Outreach and Research Into Equine Studies," 2 p.m., Hultz 104
- 18 Plant sciences—Lisa Bergh, graduate student, "Efficacy of Biocontrol Agents for FHB Management in Wheat and Barley," 3:30 p.m., Loftsgard 114
- 18 Psychology—Nan Sussman, City University of New York, Staten Island, "Home Is Not So Sweet: Distress Following Cultural Sojourns," 3:30 p.m., Minard 209
- 18 Alumni Honors dinner, 6 p.m., Fargo Holiday Inn
- 18 Volleyball vs. South Dakota, 7 p.m., Bentson Bunker Fieldhouse
- 19 Alumni Center open house, 9 a.m.-3 p.m.
- 19 Homecoming parade, 10 a.m. University Drive
- 19 Bison Feed and Pep Rally, 11 a.m., Bison Sports Arena
- 19 Football vs. Minnesota State University, Mankato, 1 p.m., Fargodome (homecoming)
- 19 Volleyball vs. Northern Colorado, 4 p.m., Bentson Bunker Fieldhouse
- 19 Bison Bidders Bowl, 5:30 p.m., Fargo Holiday Inn
- 22 Counselor Education Program—Harjinder K. Virdee, psychiatrist, "Mental Health Issues Impacting Education and Training," 10 a.m., Alumni Center
- 22 Science, religion and lunch seminar—John Helgeland, professor of history, "What is Truth?" noon, Memorial Union University Chamber
- 22 Bush pedagogical luncheon—Cheryl Wachenheim, assistant professor of agricultural economics, "Brainstorming to Incorporate the Problem-Based Learning Concept," 12:15 p.m., Memorial Union Prairie Rose Room
- 22 Cultural Awareness Month—"Voices, Verse and Variety: A Cultural Diversity Forum," open-mic program, 6 p.m., Memorial Union Cul-de-Sac. Free.
- 23 YMCA of NDSU—Brown bag seminar, "Rape/Assault on NDSU's Campus: How to Prevent It; How to Cope if it Happens," noon, Memorial Union Peace Garden Room. Free.
- 23 Physics—Lowell A. Cummings, assistant professor of physics, "Gravitational Induction: An Alternative to Dark Matter," 4 p.m., South Engineering 208
- 24 Cultural Awareness Month—Jyoti Bhasker Chowdhury, political science junior, "India and Pakistan: Two Sides of a Penny," noon, Alumni Center. A "World I View" lecture. Free.
