

Technology Fee Advisory Committee seeks proposals

The Technology Fee Advisory Committee is seeking proposals for technology action plans that directly benefit and improve the quality of education and campus life of the NDSU student body. Faculty, staff and students are encouraged to propose projects by the 5 p.m. Monday, March 17 deadline.

The committee solicits and reviews proposals, then recommends the allocation of funds to Craig Schnell, provost and vice president for academic affairs.

The committee is soliciting action plans that address broad areas of technology, such as classroom and laboratory technology; computer clusters; student, faculty and staff training; multimedia development; and network access and infrastructure. Action plans addressing innovative uses of technology as it relates to improving instruction and student learning also will be considered.

The committee has two action plan solicitations each year, with deadlines in March and September.

Solicitation, descriptions, instructions and forms are available on the committee's Web site at www.ndsu.nodak.edu/tfac/actionplans/. To receive consideration, 15 copies of action plan proposals should be sent to the Technology Fee Advisory Committee, c/o NDSU Provost and Vice President for Academic Affairs, Old Main 103.

Student survey on alcohol use planned

The Office of Orientation and Student Success plans to survey students on their use of alcohol and how they perceive the norms surrounding alcohol use.

The survey is a result of recommendations by the Vice President for Student Affairs' Commission on Alcohol and Other Drugs. Survey data will be used to implement programs, services and policies aimed at reducing the effects of high-risk alcohol and drug use. Data will be compared to results of the 2001 survey in order to determine changes in student use and perceptions.

During February and March, approximately 1,000 students will receive the surveys in randomly selected classrooms, with half receiving the "Core Alcohol and Drug Survey," and half receiving the "Campus Survey of Alcohol and Other Drugs."

The project has received IRB exempt status approval and will follow protocol for informed consent. Instructors of the selected classes will be contacted prior to the survey's distribution for permission.

For more information or questions, contact Laura Oster-Aaland, director of orientation and student success, at 1-7750.

Applications sought for Steinhaus-Rhinehart Scholarship
Applications are being accepted for the NDSU Development Foundation Steinhaus-Rhinehart Scholarship. Students with a senior standing as of fall 2003 semester can apply for the \$450 scholarships. The scholarships provide assistance to students in science and mathematics, agriculture and biological sciences. Applications are available in Ceres Hall until the March 14 application deadline.

Volunteers needed for young women's science, mathematics conference

Volunteers are needed to assist with the "Expanding Your Horizons" science and mathematics conference for junior high school girls scheduled for Saturday, April 12, on the NDSU campus.

More than 800 girls are expected to attend the conference offering attendees a chance to spend the day participating in various hands-on workshops demonstrating career opportunities in the sciences and mathematics. More than 70 workshops led by NDSU faculty, staff and students are planned.

Volunteers are needed anytime between 8 a.m.-3 p.m. to help with registration, general information requests and problem solving, and giving directions to attendees and bus drivers to workshops on- and off-campus. For more information or to volunteer, contact, Karen Murie, project coordinator, at 1-8638 or karen.murie@ndsu.nodak.edu.

Music department receives Presser Scholarship grant

The Department of Music has been awarded a \$4,000 Presser Scholarship grant for the 2003-04 academic year by the Theodore Presser Foundation, Bryn Mawr, Pa.

The scholarship is awarded to an outstanding music major after completion of his or her junior year. Music department faculty will choose the recipient based on merit and excellence in music.

"The prestigious Presser Scholarship is only awarded to schools with a high-quality music program," said E. John Miller, director of fine arts. "I'm delighted NDSU music was chosen as a recipient."

Plans are to announce the Presser Scholar at the music honors recital scheduled for 2 p.m. Sunday, April 13, in Beckwith Recital Hall.

Glessner named first recipient of COSE 'FISH' award

Mary Glessner, assistant director of the Varsity Mart, is the initial recipient of the North Dakota Council of State Employees' "FISH" award for work done above and beyond the call of duty and exceptional service to state government.

One person is chosen for the award each quarter from nominations received from co-workers. Glessner was chosen from a total of 12 nominations submitted for the quarter. She will receive a COSE T-shirt and certificate of appreciation.

"FISH" stands for friendly, initiative, smiley and helpful. In a letter of nomination, Glessner was noted as "a very nice, cheerful person to work with. She always has a smile on her face and always has a positive attitude."

For more information on the program, contact COSE representative Sharon Morgan, at 1-7739.

Animal and range sciences faculty to serve on national grant review panels

Three faculty members from the Department of Animal and Range Sciences have been selected to serve on USDA and National Institute of Health (NIH) national grant review panels.

Biondini

Mario Biondini, professor of animal and range sciences, will serve as the panel manager for the USDA National Research Initiative Competitive Grants Program's Managed Ecosystems Program for the 2002-03 cycle. Biondini also served as a peer review panel member for the same program through the end of 2002. In addition, he will serve on the National Science Foundation's Ecosystem Science Panel through 2003.

Redmer

Dale Redmer, professor of animal and range sciences, has been selected to serve on a peer review panel for the 2003 grant review cycle of the USDA National Research Initiative Competitive Grants Program's Animal Reproduction Study Section.

Reynolds

Lawrence Reynolds, professor of animal and range sciences, has been selected to serve as a four-year term as peer reviewer for the NIH National Institute of Child Health and Human Development's Human Embryology and Development Study Section. He also will serve a second year on the USDA National Research Initiative Competitive Grants Program's Animal Growth and Nutrient Utilization Study Section peer review panel.

National grant review panels are generally composed of 18 to 20 individuals who are nominated and selected for their recognition as active and productive researchers in their field. Panel members evaluate both the scientific and technical merit of grants submitted for various federal funding.

School of Education faculty, students presentations listed

Faculty members and graduate students from the School of Education gave presentations at the North Dakota Counseling Association's mid-winter conference held recently in Bismarck.

Presentations included:

- J. Wade Hannon, associate professor; Waulene Pennymon, assistant professor; and graduate students Ann Bunker, Erin Klingenberg, Michael Jancek and Rachele Vetter— "Internet and Web-Based Counseling: Legal, Ethical, Theoretical and Practice Issues"
- Steven Hundley, assistant professor— "School Counselors-Health Care Providers or Teachers"
- Hannon— "A Person-Centered Meeting"
- Vetter, Klingenberg, and Jancek poster session— "Experiences of Doctoral Students in Human Development at NDSU"
- Hundley and Robert Nielsen, professor— "School Counseling Issues in North Dakota"
- Lee Covington Rush, assistant professor— "Current Status of Multi-Cultural Counseling Initiatives"

Graduate student Steffanie Peschong, received the association's scholarship award during the conference award ceremony. Peschong is a school counseling intern at Highland Park High School, St. Paul, Minn.

Justin Wageman, assistant professor recently was interviewed for radio regarding his research on teacher burnout and how it relates to the statewide activity on mentoring.

Pennymon and Rush, along with graduate student Tamara Brudy, also participated as panel members for the presentation "African American Heroes" held recently as part of Black History Month.

Lisa Daniels, assistant professor, was a workshop presenter on teaching methods for diverse learning styles held recently for the Wahpeton, N.D., Public Schools. Daniels spoke on topics including visual, auditory and kinesthetic learners; multiple intelligence; and brain-compatible learning experiences.

Kloberdanz article published

"German Russians," an article by Timothy J. Kloberdanz, associate professor of sociology, recently was published in "The Encyclopedia of World Cultures Supplement."

The article focuses on Germans from Russia as a distinct cultural group. Kloberdanz discusses their history, economy, settlement patterns, social organization, religion and expressive culture. He also points out that German Russians are known by as many as 15 names or "ethnonyms," including "Czar's Germans" to "Sowietdeutsche" (Soviet Germans).

The book is a supplement to the 10-volume "Encyclopedia of World Cultures," and includes more than 100 articles by scholars from around the world.

Events

Engineering author featured during National Engineer's Week events

Electrical and biomedical engineer Celeste Baine is set to speak as part of National Engineer's Week events scheduled for Feb. 16-22 on the NDSU campus. Baine's presentation is scheduled for 5 p.m. Thursday, Feb. 20, in the Construction Management and Engineering auditorium. The event is free and open to all campus employees and K-12 students and their parents and teachers.

The industrial and manufacturing processes lab has scheduled an open house for 1-5 p.m. prior to Baine's presentation. The lab is located across the hall from the construction management and engineering auditorium. The open house will include demonstrations of the CNC machining center, new student work stations, milling machine, grinder, drill press and lathe. Refreshments will be available.

Other events include a thermobot competition scheduled for 3 p.m., Saturday, Feb. 22, at the Bison Sports Arena pool, and open house tours of the electrical, mechanical, construction, civil, industrial and manufacturing engineering labs Friday, March 28.

For more information, visit www.eweek.org, or call 1-8342.

Intercampus powwow scheduled

The 14th annual Woodlands and High Plains Powwow, "Celebrating Native America," is scheduled for Saturday, April 26, at the Bison Sports Arena. Grand entries are scheduled at 1 p.m. and 7 p.m. The event is sponsored by NDSU, Concordia College and Minnesota State University Moorhead.

The one-day powwow will be "traditional," meaning that the emphasis will be on celebration rather than competition, and is the first major powwow on the NDSU campus in six years. Organizers expect to attract spectators, dancers and drum groups from throughout the Midwest.

The idea for this year's theme came from MSUM student Esther St. John. She said the theme is appropriate because of the woodcut art selected to decorate this year's powwow poster. The artwork, done by NDSU student Marla Yellow Bird, a Chippewa/Assinibone from Trenton, N.D., depicts an American Indian dancer dressed in a National Reserves uniform dancing in front of an American flag and standing atop the world.

"My dad, Bob St. John, is a veteran and a powwow dancer so I can relate to that," said the Moorhead native. "Celebrating Native America also takes off on the idea that we were here first. We could call the United States, Native America, because that's what it is to us."

St. John, whose Indian name is "Owi-dusna-waste-win," has been named head female dancer. She is a member of the Sisseton-Wahpeton Dakota Sioux Nation. NDSU senior Justin Deegan, Parshall, N.D., has been named head male dancer. He is a member of the Three Affiliated Tribes.

More than 250 dancers dressed in colorful and authentic regalia are expected to participate. In past years, the Woodlands and High Plains Powwow has been one of the best-attended cultural events in the F-M area, with approximately 2,500 people attending.

This year's staff includes arena director Gabe Desrosiers, Ojibway, Lake of the Woods, Ontario; master of ceremonies Tom Iron, Hunkpapa, McLaughlin, S.D.; and cultural adviser George "Joe Bush" Fairbanks, Ojibway, Ponsford, Minn. The Sisseton, S.D., Dakota drum group Wahpekute, is scheduled as the host drum, and the VFW Post 9061 from the Three Affiliated Tribes, Mandaree, N.D., will serve as honor guard.

Students, staff, faculty and community members are invited to join the event planning committee, and need not be of American Indian descent. The planning committee also will need volunteers to assist on the day of the powwow.

For more information about the powwow or to join the committee, contact Paul Boswell, director of Multicultural Student Services, at 1-7314.

Band and jazz concert scheduled

A concert by the NDSU Varsity Band, Jazz Combo and Jazz Lab Band is scheduled for 7:30 p.m. Monday, Feb. 24, in Festival Concert Hall. Highlights from "The Sound of Music" and the "Blue Goose Rag" will be featured, along with compositions by Frank Mantooth, Henry Mancini and Sammy Nestico.

The Varsity Band is directed by Kyle Mack, associate professor of music. The Jazz Combo and Jazz Lab Band are directed by Matthew Patnode, assistant professor of music. Tickets are available at the door.

Noted economic development consultant to give presentations

Pages

Economic development consultant Erik R. Pages is scheduled to visit the NDSU campus Monday, Feb. 24, to meet with students and give a presentation for area business leaders. Pages is the president and founder of Entrenworks Consulting, Arlington, Va., a firm focused on helping communities achieve their entrepreneurial potential.

A community roundtable luncheon, featuring Pages, is scheduled for noon at the Heritage Hjemkomst Interpretative Center, Moorhead. The special event for invited guests is co-sponsored by the College of Business Administration and the Chamber of Commerce of Fargo Moorhead.

Pages also is scheduled give a public presentation at 3 p.m. in the Memorial Union Century Theater. He is hosted by the College of Business Administration and Students In Free Enterprise.

In addition, Pages will present "What Makes a Region Entrepreneurial?: Keys to Building a Vibrant Local Economy" to the 5:01 Entrepreneur Society from 5:01 p.m.-7:30 p.m. at the Skills and Technology Training Center, Fargo. The society is a networking event for entrepreneurs, local business persons and students. Aldevron LLC, Fargo, will sponsor the event.

Before founding Entrenworks Consulting, Pages was policy director for the National Commission on Entrepreneurship, where he directed the commission's research and policy operations. He also writes a regular column for numerous local business journals and on the www.entrepreneur.com Web site.

He previously served as vice president for policy and programs at Business Executives for National Security. He also has held several government positions, including the first director of the Office of Economic Conversion Information at the U.S. Department of Commerce's Economic Development Administration.

Pages earned his doctorate from Georgetown University, where he is an adjunct professor. A graduate of Dickinson College and the University of Pittsburgh's Graduate School of Public and International Affairs, he has written about business trends, economic development, technology policy and national security policy. Pages wrote the book "Responding to Defense Dependence," and was selected in 1998 as one of 24 national "Next Generation Leaders" by the Rockefeller Foundation.

Brown bag seminars scheduled as part of NDSU Women's Week

The YMCA of NDSU has scheduled a series of brown bag seminars in conjunction with NDSU's Women's Week.

"Women Promoting Diversity" is scheduled for noon Monday, Feb. 24, in the Memorial Union Prairie Rose Room. Diane Wray-Williams and Sandy Berlin of the Moorhead Justice Circle and Cheryl Bergian of the Fargo Human Relations Commission will discuss human rights and share stories of their own stumbling blocks as well as their successes.

"Title IX-Thirty Years After" is scheduled for 12:30 p.m. Tuesday, Feb. 25, in the Prairie Rose Room. Former collegiate coach and current equity and diversity consultant Sue Rankin will discuss, from personal and professional perspectives, how Title IX has affected women's intercollegiate athletics.

Various female speakers will present "Women Rising to the Top" scheduled for noon Wednesday, Feb. 26, in the Prairie Rose Room. Area women will discuss ways in which they made their way in the Fargo-Moorhead business community.

Dr. Monica Mayer will present medical aspects of the Lewis and Clark expedition in "Lewis and Clark from a Native American Perspective" scheduled for 12:30 p.m. Thursday, Feb. 27, in the Memorial Union Peace Garden Room. Mayer, who is a family physician on the Fort Berthold Reservation and a member of the Three Affiliated Tribes of the Mandan, Hidasta and Arikara nations, also will discuss tribes' contributions to the expedition.

"One Woman Can Make a Difference" is scheduled for noon Friday, Feb. 28, in the Prairie Rose Room. Area women Laura Carley, Phyllis May-Machunda, Prairie Rose and Judy Siegle will discuss their personal life journeys.

For more information, call 1-5225.

Annual thermoboat contest scheduled

The American Society of Mechanical Engineers student section at NDSU has scheduled its 11th annual thermoboat contest for 3 p.m. Saturday, Feb. 22, at the Bison Sports Arena swimming pool. The event, held in conjunction with Engineering Week Feb. 17-22, will feature five boats designed and built by students.

The competitors' objective is to build boats using a power source that converts thermal energy into mechanical energy. Some acceptable equipment includes open flames; candles; acetylene, propane or butane torches; home-built internal combustion engines or electrical power units generated by a thermal reaction. The self-contained vessels must not exceed one foot in width and two feet in length.

"The students apply thermodynamic knowledge they've learned in classes to take a source of pressure like steam or carbon dioxide and turn it into mechanical energy to move the boat across the pool," said section chair Nathan Overby, a senior from Sartell, Minn. "We've had boats powered simply by little pulses up to ones powered with steam turbines and reciprocating engines."

The boats will be judged on the time it takes to reach the other side of the pool and on the original thought put into the vessel's design.

Comprised of mechanical engineering students, the NDSU ASME student section was established in the early 1940s. The 90-member group holds a number of activities in addition to the thermoboat contest, including monthly business meetings, industry field trips and a rat trap car race.

For more information, contact Overby at 231-9527.

'Festival of Bands' scheduled

The Department of Music is set to host a "Festival of Bands" Thursday and Friday, Feb. 27-28, in Festival Concert Hall. Concerts are scheduled throughout both days.

Regional junior high and high school bands will work with clinicians John Carmichael, director of bands at Western Kentucky University, and conductor Joseph Kreines. Participating schools include Breckenridge, Minn., High School; Discovery Junior High School, Fargo; Fargo South High School; Grand Forks Central High School; Hawley, Minn., High School; Lisbon, N.D., High School; Mandan, N.D., High School; Shanley High School, Fargo; and West Fargo High School.

Diversity conference reminder

"Diversity on the Great Plains and Its Role in Developing Quality of Place," a conference sponsored by the North Dakota University System Diversity Council, is scheduled for Thursday, Feb. 20-Saturday, Feb. 22, on the campus of Dickinson State University, Dickinson, N.D.

A host of nationally recognized speakers and regional experts will speak on diversity. Two special tracks have been established, with programming specifically relevant to education and leadership scheduled throughout the conference.

Seminar fees, which include meals, are \$40 for faculty and staff members of the NDUS or tribal colleges, free for students of NDUS institutions or tribal colleges, and \$50 for all others. College credit is available at a cost of \$50 for graduate continuing education or \$40 for undergraduate credit.

To register, call 1-800-279-4295, ext. 2166.
