

Institute receives Fargo history materials, Web site

The Institute for Regional Studies has received "Fargo, North Dakota: Its History and Images," a Web site on the city's history, from former Fargoan and NDSU alumnus John Caron. In addition, the institute received all the images and research material he collected during the development of the site.

According to John Bye, archivist, more than 1,000 postcards and photographs, plus many books and rare pamphlets and booklets, were donated. "The Web site is really a wonderful outreach resource for NDSU and the Institute for Regional Studies archives," Bye said. "I am very pleased that Mr. Caron has placed his confidence in the institute to host the site and to expand it in the future. He expressed hope that the Web site might be a venue for NDSU students to promote research they may do regarding historical topics on Fargo."

Bye said that the collection's postcards and photographs document almost every aspect of Fargo's history. In addition, Caron contributed an extensive collection of publications, pamphlets, brochures and memorabilia relating to Fargo.

Caron, BS '66, now lives in Arlington, Va. He said about 10 years ago he began noticing postcards from Fargo in antique shops, and he started collecting them. "As my interest and my collection grew, I thought others might be interested in seeing some of the images," he explained. "I opened my Web site on July 4, 2000. Sharing these images and this information with people around the country, at virtually no charge, is what the Internet is really all about."

Caron said the site received a positive response, and is visited hundreds of times each day.

"Many people who moved away from Fargo enjoyed the nostalgia. Fargo residents enjoyed the history. Many visitors sent me images and information to include, so I think of it as a project by and for all Fargo natives—I do not consider it 'my' Web site," Caron said. "When I decided to turn over my collection of images and my Web site, who better than the institute? I was very flattered that they accepted my offer."

Bye described the donation as a "truly impressive and an invaluable research resource for the institute to be able to preserve and make available to the NDSU community and beyond. Some of the items are very rare; items we have never seen before."

The site can be found at <http://www.fargo-history.com/>.

Libraries adds to 'eBooks' collection

An additional 2,010 electronic books are available in the NDSU Libraries online catalog.

The new titles are part of its "netLibrary" collection, now totaling more than 13,590 items. The collection is a result of a cooperative grant effort by several tri-state academic libraries, and provides an easy-to-use, Web-based system for identifying, retrieving and reading full-text reference, scholarly, professional, literary and general interest books.

Users may access the collection through the online catalog or through the "eBooks" link on the Libraries' Web page. Authentication is by IP address or "My Library" login. For more information, call the Reference Desk at 1-8886 or contact your subject librarian.

Business office closed Sept. 8

The Business Office will be closed Wednesday, Sept. 8, for financial aid disbursement. Departments are asked to hold their deposits until Wednesday, Sept. 9.

TIAA-CREF appointments offered

TIAA-CREF consultants are scheduled to be on campus for investment counseling appointments Thursday, Sept. 9, and Friday, Sept. 10.

Individual counseling sessions are available to discuss investment planning issues such as long-term investment strategies, tax-deferred investments, mutual funds and IRAs.

Appointments may be scheduled by visiting the TIAA-CREF Web site at <https://ifs2.tiaa-cref.org/cgi-bin/WebObjects/ARS>. All appointments will be held at the Alumni Center.

Additional appointments dates are planned.

Technology Fee Advisory Committee seeks proposals

The Technology Fee Advisory Committee is seeking proposals for technology action plans that directly benefit and improve the quality of education and campus life of the NDSU student body. Faculty, staff and students are encouraged to propose projects by the 5 p.m. Friday, Oct. 1, deadline.

The committee solicits and reviews proposals, then recommends the allocation of funds to Craig Schnell, provost and vice president for academic affairs.

The committee is soliciting action plans that address broad areas of technology. Action plans addressing innovative uses of technology as it relates to improving instruction and student learning also will be considered. Details of previously funded proposals are available at www.ndsu.nodak.edu/tfac/funding.

The committee has two action plan solicitations each year, with deadlines of March 1 and Oct. 1.

Solicitation, descriptions, instructions and forms are available on the committee's Web site at www.ndsu.nodak.edu/tfac/actionplans. To receive consideration, both a paper version and electronic version of the proposal should be submitted. The paper version must include an original signature, and should be sent to the Technology Fee Advisory Committee, c/o NDSU Provost and Vice President for Academic Affairs, Old Main 103. The electronic version should be sent as a Microsoft Word or .pdf file to Sudhir.Mehta@ndsu.nodak.edu.

RDSP request for faculty research proposals announced

The NDSU Research Foundation, through the Research Development Support Program (RDSP), is accepting research proposals in the Research and Development Intellectual Property Awards category for the fall 2004 competition.

The purpose of the program is to stimulate additional scholarly activity at NDSU by assisting faculty in conducting their research plans. The Intellectual Research Awards will be made for research projects that are likely to lead to future larger grants from outside sources. Special emphasis is placed on proposals that have short- or long-term commercial potential.

NDSU employees holding faculty rank of tenured, tenure-track or special log-term research appointment as it pertains to the Experiment Station or Extension are eligible to apply. There are no restrictions regarding former grant activity or length of time at NDSU. Professional research scientists and post-doctoral researchers also may apply with written approval from the applicant's immediate supervisor or major adviser.

Applicants may request up to \$10,000 for expenses directly related to a research project. The application deadline is Friday, Oct. 8, and funds are expected to be available around Feb. 1, 2005. Awards will be announced following a competitive review process. Once awarded, funds will be available for one year. A final report is required.

Proposals should be submitted to the Office of Sponsored Programs Administration, 1735 NDSU Research Park Drive, Fargo, N.D., 58105. Detailed guidelines are available at www.ndsu.nodak.edu/research/funding/rdsp/descr.shtml.

The NDSU Research Foundation sponsors this annual small grant program for research projects proposed by NDSU faculty. The program is funded by revenue received from research fees and royalties on intellectual property managed by the foundation.

Jirik, Wald recognized for communications work

Tom Jirik, Upper Great Plains Transportation Institute communications coordinator, and Randy Wald, electronic media information specialist in Agriculture Communications, recently were recognized for their communications work by the Association for Communications Excellence at its annual conference held recently in Lake Tahoe, Nev.

Jirik was part of a multi-state team that earned a silver award in the non-credit educational program category. The team developed training materials and a train-the-trainer workshop on media relations.

Wald earned a silver award in the video news and features category for a video feature production about the Red River Basin Institute's RiverWatch Program. He also contributes to educational materials for the RiverWatch program.

Bromley, Council participate in national hypnotists convention

Kimble Bromley, associate professor of art, and James Council, professor and chair of psychology, presented research findings at the National Guild of Hypnotists annual convention and educational conference held Aug. 13-15 in Nashua, N.H. Bromley also led a creativity enhancement workshop as part of the conference.

Bromley currently serves as visual arts coordinator at NDSU. He has developed a creativity enhancement workshop to assist students with their creativity using hypnosis. Bromley and Council work with psychology graduate students and art undergraduates researching the effectiveness of a hypnotic procedure in enhancing creativity.

Kavasseri article on wind energy accepted for publication

Kavasseri

"Steady State of Analysis of Induction Generator Infinite Bus Systems," a paper by Rajesh Kavasseri, assistant professor of electrical and computer engineering, has been accepted for publication in the International Journal of Power and Energy Systems.

The paper addresses operational issues with wind farms that are interfaced with public utilities, and provides analysis and identification of feasible operations of such systems. Kavasseri asserts the analysis is potentially useful in preliminary planning studies involving wind energy concepts.

More information is at <http://venus.ece.ndsu.nodak.edu/~kavasseri>.

Zink to receive UGPTI's Agrey Award

Ray Zink, retired chief engineer for the North Dakota Department of Transportation has been named the recipient of the Upper Great Plains Transportation Institute's John M. Agrey Award. Zink is scheduled to receive the award at the institute's annual awards banquet set for Tuesday, Sept. 28, at the Fargo Holiday Inn.

Named for John Agrey, a pioneer and innovator in North Dakota transportation who worked for more than 30 years with the North Dakota Public Service Commission, the award recognizes significant contributions to transportation.

During his career Zink implemented major reforms within the department. He created the "master equipment operator" position, which was credited in slowing turnover in the ranks of equipment operators and led the consolidation of maintenance sections leading to more efficient, productive employees and workstations. He also established the low-load program to preserve the highway system by limiting the weight of tractor-trailer vehicles.

Originally from Bordulac, N.D., Zink earned a bachelor's degree in engineering from NDSU in 1959. He began his career with the NDDOT as a draftsman that year, and later became the department's chief engineer. He retired in 1999 as deputy director for engineering policy and director of the office of highway operations.

Zink also served as vice chair of the American Association of State Highway Transportation Officials (AASHTO) Standing Committee on Highways, and on the AASHTO Committee for National Cooperative Highway Research Programs.

Colleagues note that during his more than 40 years with the NDDOT, he worked effectively with three governors and four department directors. Zink and his wife, Alita, have four children and live in Bismarck.

Banquet tickets are available by contacting Susan Peterson at 1-8793.

Cooper attends Golden Key convention

Bonnie Cooper, Graduate School disquisition editor and Golden Key International Honor Society chapter adviser, was NDSU's delegate to the organization's international convention held Aug. 12-15 in Atlanta. Approximately 800 members were in attendance.

Cooper presented the workshop, "Honorary Members: A Key to 'Unlock the Possibilities' for Your Chapter," outlining some ways the NDSU chapter successfully engages honorary members in its activities.

During the Northern Region meeting held at the convention, the NDSU chapter received the regional Teamwork and Collaboration Award, and Cooper was elected the region's representative to the international council of advisers. The council includes an adviser from each of its 16 regions. The Northern Region is made up of 21 chapters in eight states.

Golden Key was founded at Georgia State University in 1977, and recognizes students in all academic fields for their accomplishments. Juniors and seniors in the top 15 percent of their class are invited to join. The society has 335 chapters worldwide. The NDSU chapter was chartered in 1995.

Office of Admission announces new staff

The Office of Admission has announced the addition of several admissions counselors.

Loewen

Kisha Loewen will serve as the Bison Ambassador adviser. A native of Winnipeg, Manitoba, Loewen has a bachelor's degree in marketing from Minnesota State University Moorhead. She was MSUM's Ambassador student coordinator and admissions intern.

Stokesbary

Chelsie Stokesbary has been appointed as the regionally based Twin Cities admission representative. Stokesbary has a bachelor's degree in speech communication from NDSU. Originally from Redwood Falls, Minn., she was worked in the admission office during her senior year.

Davis

Dana Davis has been hired as Discover NDSU program coordinator. Prior to NDSU, Davis was supervisor/sales and marketing assistant at Fair Hills Resort, Detroit Lakes, Minn. She also has been a substitute teacher, and worked at the Varsity Mart. She has a bachelor's degree in education from Valley City State University at NDSU.

Zeltinger

Doug Zeltinger has been hired to oversee the tele-student calling program. Most recently employed as a loan officer for TCF Bank, Zeltinger also was an admissions representative for National American University, tele-student manager in admission and completed an internship for Sen. Kent Conrad. He has a bachelor's degree in mass communication from NDSU.

Grams

Justin Grams has a bachelor's degree in speech communication from NDSU. The Brainerd, Minn., native will assist with new student scholarships and oversee local recruitment efforts. Grams most recently was employed as a management assistant at Enterprise Rent-A-Car, and was a marketing intern in the Department of Athletics at NDSU. He serves as a petroleum supply specialist in the Minnesota Army National Guard.

Allen

Stephanie Allen comes to NDSU from National University, San Bernadino, Calif., where she served as director of student services. She received bachelor's and master's degrees from National University. Allen will work with diverse populations.

Mitchell

In addition, Katie Mitchell will serve a six-month term as admission representative intern/admission counselor representing NDSU at various college fairs and high schools. Originally from Brainerd, Minn., Mitchell is a senior who plans to graduate in spring 2005. She most recently served as the Office of Admission's tele-student manager.

Events

Ag Fall Round-Up scheduled

The annual Agriculture Fall Round-Up is scheduled for 5:30 p.m. Thursday, Sept. 16, in the Bison Sports Arena. Dinner will be served at 6:30 p.m. All current and retired agriculture teaching, research and extension faculty and staff and their families are invited.

NDSU's Carnivore Caterers will prepare the meal. A variety of entertainment for both adults and children, including the NDSU Brass Quintet and Weird Science demonstrations by Don Carey, is planned. Door prizes also will be available.

Fall Round-Up is sponsored by the College of Agriculture, Food Systems, and Natural Resources and is coordinated by the faculty development committee. Tickets are \$3 each and must be purchased by Tuesday, Sept. 14. Tickets are available in all agriculture department offices and in 315 Morrill Hall.

Technology training tools workshop planned

The Office of Distance and Continuing Education has scheduled a "Technology Training Tools" workshop for 8:30 a.m.-4:30 p.m. Tuesday, Oct. 5, in the Memorial Union.

The workshop is designed to expose participants to new technology tools through practical examples of training challenges and technology-based solutions.

Planned sessions include effective decisions using technology, adding audio to Power Point, collaborating with others using Microsoft Net Meeting, creating online courses and training presentations, interactive video/videoconferencing, Microsoft producer basics, Web conferencing, smart training with SMART Board, simulation software and trends in technology tools.

Cost of the workshop is \$99 for NDSU faculty and staff. For more information or to register, visit www.ndsu.edu/dce or call 1-7015.

Women's Club fall event scheduled

The NDSU Women's Club has planned its annual fall event for 6:30 p.m. Monday, Sept. 13, in Minard 138. History professor Thomas Isern, professor of history, is the scheduled speaker. Desserts will be served, and the event is free and open to the public.

Established in 1920, the NDSU Women's Club provides scholarships to selected junior students each year, and offers educational and social opportunities to its members. Shared member activities and interest groups include bridge-playing, gourmet cooking and dining, and international hospitality. Membership is open to anyone with a connection to or interest in NDSU, including students, staff, faculty and their spouses. For more information, call Audrey Cloven at 297-7517 or Jayma Moore at 235-9649.

Third annual 'Beyond Boundaries' technology in teaching and learning set

"Beyond Boundaries," a regional conference on integrating technology into teaching and learning, is scheduled for Sept. 23-24 at the University of North Dakota, Grand Forks.

The conference is designed to highlight regional faculty and administrators' experiences and successes with technology in various learning environment. Scheduled keynote speakers include Kenneth C. Green, founder and director of the Campus Computing Project, Encino, Calif.; and David Lassner, chief information officer at the University of Hawaii, Honolulu.

More than 30 conference sessions that apply to faculty and administration, undergraduate and graduate level students, distance education professionals, instructional and information technology support specialists and student service representatives are planned.

Early bird registration for the full conference is \$100 if received before Sept. 17. Registration fees include materials, continental breakfasts, lunches, evening reception and access to the exhibit hall. Space is limited. Registration forms are available at www.beyondboundaries.info. For more information or to register with a credit card, call (701) 777-2663 or (866) 579-2663.

Engineering and Tech Expo scheduled

The NDSU Career Center will sponsor the sixth annual Engineering and Tech Expo, scheduled for 10 a.m.-3 p.m. Friday, Sept. 24, at the Bison Sports Arena.

The expo offers an opportunity for employers to connect with engineering and technology students in a casual business environment, and build relationships with students searching for Cooperative Education assignments and full-time employment. An estimated 90 companies are anticipated for the event, and about 1,500 students are expected to participate.

"Employers are registering for this event that have never recruited at NDSU before," said Joel Hanson, Career Center assistant director, noting many employers have been exposed to the work of NDSU students through class projects and club participation at national competitions. "We continue to hear feedback from employers about how impressed they are with the quality of students at NDSU and the contributions that they are making in the workplace."

Hanson said the Expo saw a high of 98 employers in 2001, followed by a significant drop in 2002. "It's encouraging to see the number of companies attending this year," Hanson said. "It is nice to see the number crawling back up. It reinforces the fact that employers want to recruit NDSU students because of the quality of education that students' receive here."

Last year's expo attracted approximately 1,100 students in engineering, architecture, Management Information Systems and computer science. They met with representatives of 79 employers.

For more information, contact Hanson at 1-8468 or visit www.ndsu.edu/career_center.
