NUMBER 3

## Two Dance Bands Slated For NDAC Homecoming

### Interfrat Council Sponsors Dance After SDU Game

A no-date dance sponsored by the Interfraternity council will be held in Festival hall tonight immediately after the game. The affair will be on the informal side with "come as you are from the game" urged by the council. A jukebox program of dance music will be provided. Admittance is 50 cents for men with all girls, escorted or not, admitted free.

### Blue Key Makes New Nomination

Nominations of new members and organizational appointments were the orders of the day at Thursday's meeting of the Blue Key, national honorary service fraternity, with Merle Nott, Blue Key president, presiding.

At the meeting Alex MacGibbon was appointed corresponding secretary replacing Dick Carley. Results of the membership voting have not as yet been announced.

### Former NDAC Instructor Has Post in Texas School

Geo. P. Grant, Class of 1908, NDAC, is the "Co-ordinator" of the Franklin County Vocational School, Mt. Vernon, Texas. Dr. Grant recently sent Dean Walster a catalog of The Franklin County Fair and Livestock Exposition held in Mt. Vernon, September 26-27, 1947. Dr. Grant was the superintendent of the livestock show.

Dr. Grant was formerly connected with the Dairy Department of NDAC as an instructor. He writes that he displayed his registered Guernsey cattle and Tennessee Walking horses at the Mt. Vernon fair.

### Tryota Club to Hold Fall Frolic Tuesday

Tryota, NDAC club for home economics students, will hold a Fall Frolic Tuesday in the YMCA auditorium.

Naomi Schuricht heads the entertainment committee for the program while Joyce Barker is in charge of ticket sales. Former members must pay a 40c admission fee with freshmen, new students and new staff members admitted free.

### NDAC Men at Urbana

W. J. Promerberger, head of the agricultural engineering department at NDAC, and A. H. Schultz, extension engineer, attended a farm structure conference and training school at the University of Illinois, Urbana, Illinois.

Farm housing and grain storage and drying were the topics under consideration.

## Only One A Queen

One of these six NDAC co-eds. will reign as queen at the 1947 Bison homecoming. The six Bison beautines were chosen from a list of 17 candidates by a committee of five local townspeople. John Powers, noted New York model agency owner, will make the selection from pictures forwarded to him by the queen committee of the student commission.

Nervously flipping nickels until the decision is made are Jean Hoverson, Fargo, Marilyn Collette, Moorhead, Jeanne Wallerius, Fargo, Joyce Gackle, Kulm, Judy Gessner, Fargo and Faith Conny Fargo.

Candidates were selected by an impartial committee on the basis of personality, scholarship, beauty and character. Each candidate was sponsored by a campus organization and appeared before the committee for an interview. After the selection of the top five, several poses of each of the finalist were prepared for shipment to Powers. Powers' choice is expected before Sunday.

Below is the part of the picture that should have been thrown away, but The Spectrum feels that a queen must be royalty all the way. So here is a worm's eye view of NDAC's queen.

## Trailer City Names Leon Warner to Succeed Bjornstad as Mayor

Leon Warner, senior in the school of agriculture from Ryder, North Dakota, is the new mayor of Trailer City. Warner was elected at a Trailer City election held in the college YMCA last week. He will succeed Charles Bjornstad of Arnegard.

Warner is married to the former Belvedere Olson, graduate of NDAC in 1942. They have a two-year old daughter.

Mrs. Merle McMorrow was also census lists 394 persons living in 162 trailers of the city.

selected Trailer City secretary-treasurer and Bud Nelson as publicity chairman and Mrs. Steve Robinson as social chairman were the other officers elected.

Five new aldermen were named. They are Karl Hetzler, Ed Ehli, Larry Bushey, Charles Goetz and Johnny Kragg.

Plans were also made for a Trailer City Hallowe'en party and a census report was given. The

### Tavis Heads Architects

Dick Tarvis was elected president of Atlier Chat Noir, campus organization for architects. In addition to Tavis, other officers include Bill Harrie as vice-president; Dave Labow as secretary and Bob Fredrickson as treasurer.

## Statesmen, Thomas Crew Set to Play

Final event on NDAC's festive homecoming schedule next Saturday will be a double feature dance with Jimmy Thomas and his well-known Chicago orchestra holding forth in the field house and the Statesmen playing in Festival Hall, the dance beginning at 9 p.m.

The dance, costing \$1.25 per person, is but one of the traditional homecoming events, following parades, floats contests, house decoration contests, bon fire, the homecoming queen contest, and the annual homecoming football game between NDAC and UND.

The homecoming day parade starts Saturday at 10 a.m. beginning at NDAC, going east on twelfth avenue, and rolling through downtown Fargo on Broadway. Included in the parade will be the University and NDAC bands, floats not only from college organizations but from local organizations also, the homecoming queen and attendants as well as visiting queens of high-school homecomings and the queen from UND.

The floats and house decorations contests will be running concurrently with other events. The house decoration contest being judged at 7 p.m. Friday while the floats will be judged during and after the parade. Prizes will be awarded at halftime of the annual NDAC-UND football classic. There are two awards in each contest, a cup for first place and a plaque for second. Men's and women's organizations will be judged separately and awarded separate prizes for the contests.

Fifteen hundred homecoming buttons will go on sale this weekend to stimulate interest in the homecoming events. The gold star band is in charge of the sale of these buttons at 25 cents apiece to help defray expenses for the newly arrived uniforms.

The Friday night bonfire will take place on the intra-mural athletic field after a football game between the Concordia and NDAC B squads. It has been placed in the hands of the Freshman class which, the student commission has indicated, will be normal procedure in future years if this year's blaze is properly handled. The fire is scheduled to be touched off at 10 p.m.

NDAC's homecoming queen contest is being judged this year by John Powers owner of the famed Powers' model agency, and will be crowned at half-time of the football game. The queen will be royally escorted in the parade and to her special section of the stands for the football game.

### SPECTRUM MEETING

There will be a meeting of all Spectrum staff workers and all who are interested in working on the staff today at 12:45 in the Spectrum office.

## Bouquets

Maybe we take too much for granted. This campus has produced some of the best attractions to hit this town in the past few years. Tuesday's appearance of Hazel Scott was just another in the string of events that have come to NDAC through facilities of the college and the Little Country Theatre.

If we do take things too much for granted, let us at least say that we appreciate the efforts made to give us some of these top-flight entertainers.

Much of the thanks must of course go to Mr. A. G. Arnold who through his own personal contacts has secured several of the artists. And the college further appreciates the work of the many other persons who are needed to make such performances possible.

## More Bouquets

Chalk up one for the administration. Tuesday's fire in the power building was living proof of the wisdom of the new parking regulations installed just this year. Dr. Longwell had stated that one of the big drawbacks to last year's free for all parking arrangements was that in case of fire, fire trucks would be unable to reach the site of the fire without the aid of a fire-fighting auto-gyro.

Tuesday when the power building roof was set upon by fire, Chief Wells and his smoke-eaters were "Johnny on the scene" and had room to spare in zipping through the campus.

There had been a time when if Wells and friends had sought to reach the power house which is situated in back of Science hall, they'd have been unable to squeeze a tandem bicycle through the opening between Science and Morrill halls. But Tuesday the big hose truck could have gone in sideways.

So it's hats off to the administration. And so as you see, ven they are good for something.

## A Little Work

Homecoming is now just a matter of a week away. Of course progress has already been made on many of the angles of this biggest of all events on the campus. But is this is to be a gala occasion of plans, there's plenty of work in the hopper for everyone.

NDAC hasn't been noted of late for any super-splendorous homecomings. In fact there were comments quite to the opposite of some of the recent years.

That's a challenge to the persons in charge. Commission prexy Daly King has offered up a good beginning and with some average cooperation homecomers may get a look at something this year.

Floats and campus decorations are the things that could stand the most improvement. But there's room for a complete campus effort here and with just a little contribution from everyone, there could be an appropriate setting when things are climaxed at the first Dakotah field renewal of the Sioux-Bison T parties.

## FFA Members Hold First Meeting

The NDAC collegiate chapter of the Future Farmers of America commenced annual activities with a meeting held Tuesday in the Alpha Zeta room of Morrill hall. 40 members and guests were present.

Ernest DeAlton, North Dakota state supervisor of agricultural education, discussed the important phases of future farmers activities and their effect on potential agriculture instructors. He pointed out the pressing need for ag instructors in North Dakota and in the nation.

The collegiate chapter at NDAC, founded in 1938, seeks to instill the qualities of leadership in the agricultural educator and to provide continued activity for former FFA members.

Membership is open to all former FFA members and to others in the agriculture field.

## IRC Club To Meet

The International Relations club will hold its first meeting on Thursday, October 16 at 8:00 P. M. at the YMCA auditorium. A guest speaker from the association of the United Nations Inc., will hold open forum on current problems confronting the United Nations. After the forum, a special meeting called by the organizing committee an election of officers will be held for the school year. All students may attend and participate in the election of officers.

## Charm School Slated

A Charm school sponsored by the YWCA will begin next Wednesday at 7:00 and continuing for the following six weeks. Miss Fugina, a physical therapist, and Miss Stange, of the art department, will conduct the class at its first meet-in. Miss Fugina will discuss posture and its relation to charm and Miss Stange will speak about artful use of make-up.

## Poisonalities

### IN THE NOOSE

By PAT O'LEARY

Usually Jean Wallerius is a little effervescent, but in last week's column she started out with a very loud fizz before settling down to a low bubbling over love and new furniture. Won't someone please return her glasses!

\* \* \* \* \*

You've all probably heard that the roads on the campus follow an age-old oxcart trail (the no parking signs don't date back that far, though). But I'll bet that not so many have heard of another time worn path hereabouts—the Kappa Psi trail.

Kappa Psi trail leads from the Kappa Psi house (which, now that it has paving in front of it is also accessible by auto) and cuts straight across the fields and thru the proposed bathroom of the Sigma Chi house. It will be rerouted slightly, though. Then it continues its steady path onward toward Ceres hall, misses it by just a few feet (peeking distance), shoots past the Chem building, and ends at dopey old Francis Hall itself. All and all it's just about as straight as any old crow would fly, and not curvey like the Ox Cart trail. All of which seems to prove that crows and Kappa Psi's are not prone to going in circles, like oxen and the rest of the students on the campus.

\* \* \* \* \*

Since college has started this fall it has become more and more apparent that the average coed has gone too far with her apparal. She has suddenly become cloistered, withdrawing herself into a huge coat which looks like a cloth model of one of the great pyramids of Egypt, topped by an obscuring hood, and propelled by a few inches of black foor and ankle mounted on a couple slabs of something or other which can only induce a flat-footed paddle in old age. Just like a turtle pulling its head into a shell, one she dons one of these domed pitch tents she can go anywhere incognito.

And another thing: If Joyce Bolmierer would insert one large hambone in her topnot headress, she, too, could be a pioneer.

This is formal Sorority Gush Week. You can tell, because there's more blue smoke pouring out of Science Hall ladies' lounge than usual. And you might think that it's bad that three Sororities are shut up in same room in the "Y", but there's nothing to worry about, because they are really not the kind of girls who can be shut up.

\* \* \* \* \*

Paul Kornberg claims that Nash's can't take it, but Bill Swanston keeps telling him that they weren't built for tracking down jackrabbits and barnstorming treetops.

\* \* \* \* \*

And now for a little fizzing of my own. It seems that some people are looking hard for someone to blame for our not winning as many games as might be expected, and the herd seems to be it a little too often. All too few seem to realize that they're doing their best for a bunch of sometimes fickle spectators.

\* \* \* \* \*

Let's get on the ball this year and get some sharp Homecoming floats. With all the work involved and big plans for the whole event, people will be expecting something other than an International truck (another plug for Gamma Phi) tangled up in streams of crepe paper.

## Socially Yours

By JEANNE WALLERIUS

Is your nose full of bonfire smoke? Are your shoes gray with dust from fallen leaves? Do your spirits reach to that heavenly blue stuff above? This balmy fall weather and colorful backdrop are really alright! Ah, fall! And Lord deliver us from a blizzard the day this paper comes out or O'Leary will never leave me in peace!

The fraternities have finished rushing and pledging, so congratulations, best wishes and added vitamin pills are in order in view of the new blood and enthusiasm.

And then for others...there's hell week, as the frats say. Eight Kappa Psi unfortunates are going through the paces...Sheldon Clay, Louis Opheim, Roman Timbreull, Jim Anderson, William Davine, Leonard Astrup, Gustave Heglie, and Fortune Martineau. Phi Delt pledges who will go active if they come through the activities are Doug and Dick Deyoe, Dale McLeod, Elmer Dittus, Harry Gilbertson, Dave Tokash and Curt Bloomquist.

Sponsors of two homecoming

queen candidates spread fine tables for visiting royalty Monday, 'tis reported. Joyce Gackle sat at the Phi Delt table, while Faith Conmy presided at the ATO board.

At the home management house, the welcome mat has really been out. Luncheon Friday included as guests Eunice Huso, Gwen Akeson, Marilyn Collette and Gloria Crews. Lt. Col. Balke was on hand for a formal dinner recently and new members of the home economics faculty attended a buffet luncheon last Monday.

If you want an invitation, contact Ellen Johnson, Joyce Hudson, Helen Crews, Barbara Hammer, Donna Fisk, Helen Enlow, Sally Vanvig, or Freddy Cooper, present residents. Miss Eleanor Vergin is their guiding light.

Hitting matrimonial row next week will be Kappa Psi Don Domek and Jonella Larson.

All pinned up are these Kappa Sigs...Warren Kleppe to Lenore Skaevoid of Christine, Curt Hegg to Mary Pietron of Northwood, Clayton Kingston to Mary Lou Kraemer of Ironwood, Michigan, and Jim Carlson to Pat Hartse of Montana.

Passing cigars at the Phi Delt house is Art Gall cuz Mary Jane Shurr said yes. Another yes-girl is Donna Fisk who wears a new diamond from Don Ellerbusch of Fargo.

It's a deal said Marion Brunson and Gloria Crews when Phi Delt's issued a Saturday supper date provided the girls did dishes. Both were true to their bargains, making everything ducky... it says here.

A Theta Chi pin worn by Marilyn Collette explains the beam on the face of Jerry Bohlmeier.

Week-end guests of Theta Chi were Max Hughes, John Fisher and children, Ward Woolridge, Clifford Fjege all of Fargo and Bob Grorude and Dick Carley of Rugby and Casselton respectively. Full house, eh!

And that takes care of that for another week... Next week is that of the pounded thumbs and blue air as feverish float building commences. Stock up now on band-aids and good luck to ya!

## Band, Choral Groups Still Have Openings

In the two weeks since school started, the NDAC music department has been holding tryouts for new members. And although all departments report a good response and many of the positions in the band and glee clubs have been filled, positions are still open in both departments.

Ernest Van Vlissingen, director of the glee club and mixed chorus, stated early this week that both groups need altos and basses particularly. The mixed chorus is already in rehearsal, preparing for the Christmas convocation, and the men's glee club began their work this week also.

The band under the direction of Edward J. Schroepfer, has already organized, but Schroepfer indicated that there are still vacancies in his ranks. Clarinet and oboe players are especially urged to seek tryouts.

## U.N. Facts and Faces . . . . . HAITI

Haiti, visited by Columbus on his first voyage of discovery in 1492, shares the Caribbean Island of Hispaniola with the Dominican Republic. In her early history a French colony, Haiti still retains the French language in a largely Spanish-speaking area. Her principal industries are agricultural and many important products are taken from her semi-tropical forests. Haiti's chief seaport is her capital, Port-au-Prince, on a west coast harbor. The Republic's permanent representative to the United Nations is her ambassador to the United States, Joseph D. Charles. Her flag has blue and red horizontal stripes, with the country's crest set against a white background in the center of the banner.

## NDAC Fraternities Pledge 153 at Sunday Ceremony

One hundred fifty-three men students at NDAC became affiliated with the pledge groups of the eight social fraternities of the campus when they received invitations from the various groups in Old Main during formal fall pledging hours from 2:00 to 5:00 Sunday afternoon. Listed below are the new members:

### ALPHA GAMMA RHO

Warren DeKrey, Pettibone; John V. Dietz, Wahpeton; Alvin Dordahl and Arnold Dordahl, Hanks; LaVern Freeh, Harvey; Gordon O. Hanson, Valley City; Pete Nesheim, Van Hook; Walter Nystrum, Corinth; Erwin J. Quarne, Grenora; Marvin Skadberg, Carrington.

### ALPHA TAU OMEGA

Richard Berdahl, Don Blanchard, Gene Dwyer, Tom Flashe, Walter Seeba, and David Thonn, all of Fargo; Fred Brandt, Clayton Johnson and Donald Thompson of Minot; Claire Pitsenbarger and Bob Withnell of Moorhead; Neil Gustafson, Adams; Dick Knudsen, Brainerd, Minn.; Arthur Bredahl, Fairmount; Tom Dittus, Fredonia; George Pratt, Gardner; Calvin Kurtz, Hazelton; Glen Moen, Park River; and Bernard Donnelly, Ray.

### KAPPA PSI

Rex Askerooth, Battle Lake, Minn.; Richard Biever, Hawley, Minn.; Bob Blackburn Miles City, Mont.; Earl Bolinske, Rugby; Roger Jensen, Laverne, Minn.; Donald Krueger, Taylor; Richard Lantz, Richardton; Robert Moe, Halstad, Minn.; Richard Nelson, Sharon; Harold Zweber, Elko, Minn.; Gerald V. Skibness, Fergus Falls, Minn.; Bob Wendt, Laverne, Minn.; Duane Wolpert, Steele; and Wayne Wolf, Dickinson.

### KAPPA SIGMA CHI

Rene Carriere, Bill Clairmonte, and Lorn Dunnigan, Wahalla, Curtis Chambers, Cryseal; Jim Duncan, Neche; Victor Legler, Jamestown; Harrison Miller, St. Thomas; Jim Naves, Fingal; Walter Ness, Starkweather; Lowell Peterson and Roger Sad, Dazey; Joe Strom, Fargo.

### SIGMA ALPHA EPSILON

Jim Anderson, Romeo Grignon, Paul Green, Jim Linnefos, Marvin Romberg, Jim Crosby, Victor Hennings, James Croal, Clarence Peterson, Jr., August Aamodt, Vernon Gores, Dean Barr, Jerry McCarthy, Dick Sorlie, and Robert Schoener, all of Fargo; Russell Byerly, Jr., Bismarck; John Styles, Bowesmont; Jerry Joyce, Crosby; Marvin Dagget, Frazee, Minn.; John Kruger, Great Falls, Mont.; William Chambers, Hawley, Minn.; Robert Fitch, Hettinger; Frank Page, Leeds; Alden Melhus, Mayville; Robert Nasset, New England; Earl McClintock, New York City; Virgil Holden, Page; DeWayne Peterson, Rothsay, Minn.; and Charles King, Starkweather.

### SIGMA CHI

Rodney Bean, Walter Biggs, Harry Bristol, Dale Hart, Harlan Holly, Mickey Jones, Curt Knudson, George Lavelle, Wayne Mensing, Jack Norby, Don Powell, Bob Quandt, John Roel, Eugene Voll, John West, Art Wichmann, and George Noonan, all of Fargo; Colin Cambell, Jim Dittus and Bill Law, Dickinson; Pete Olson, Bismarck, and Ralph Christensen, Minot.

### SIGMA PHI DELTA

Keith Folger and Stan Herlick, Moorhead; Don Kinsala and Lewellyn Lien, Park River; Charles Deyoe, Fargo; John Sigurdson, Edinburg; George Brittenham, Georgetown, Minn.; Knute Wefald, Hawley Minn.; Dick Rogness, Manfred; Jim Blomquist, Minot; Tom Dunford, Osnabrock; and Ray Weigel, Zeeland.

### THETA CHI

Bill Berg, John Carter, Don Cornforth, Derrol Cysewski, Char-

les Finnegan, Jim Gompf, Stanley Larson, Richard Moen, Larry Metcalf, Duane Rudolph, Michael Shaheen, and Merrill Stene, all of Fargo; Carl Munson, Jim Pierce, and Robert Strandamo, of Bismarck; Peter Bagan and Donald Miller, Hillsboro; John Frankowski, Chicago Ill.; James Thompson, Coopers-town; Dave Turner, Dickinson; Robert Myrdal, Edinburg; Charles Samson, Fairdale; James Bundy, Fertile, Minn.; Landes Jensen, Forest River; Clair Watne, Hannaford; Johnny Flaten, Hoople; R. O. Murie, Langdon; William Lively, New Rockford, Walter Mikkelson Oakes; Marvin Flaten, Park River; and Robert Johnson, Wahpeton.

## NDAC Offices Get New Names

Two changes of title for a pair of NDAC administrative offices have been announced by president, J. H. Longwell.

The office of financial secretary will now be known as the business office, Longwell said, with the head of the department to be known as business manager. F. F. Skinner heads the division.

The registrar's office will now be titled admissions and records, with A. H. Parrott holding the official title of director of admissions and records for the institution.

Longwell said the changes were effected so that the nomenclature would more closely reflect the functions of the departments.

## New Type Wheat is Developed

By means of individuals selection Master of Agricultural Sciences B. Garaseferyan has grown a new variety of winter wheat in Armenia known as "Armyanka" "Ferrungineum-08. It is more frost resistant than "Ukrainka" and particularly valuable for sowing in mountain areas.

"Armyanka" ripens four or five days earlier, is rust resistant, does not lodge and does not shatter after ripening. The baking qualities of Armyanka are very high. This variety yields thirty-five to forty-five pounds per acre more than other local varieties.

Over a third of the area under winter wheat in two districts of Armenia is planted to Armyanka. For three years now a number of farms in one district have been planting only this variety and harvest twenty-two to thirty bushels per acre.

Armyanka is becoming one of the most popular varieties in Armenia and is also known in other parts of the Soviet Union. It is now being tested on farms in the northern part of the USSR.

## Lyle Nelson Gets Award In Ag School

The Van Dusen Harrington Co. Undergraduate scholarship for 1947-1948 at the North Dakota Agricultural college has been awarded to Lyle Nelson, a senior majoring in soils. Lyle, a member of Alpha Gamma Rho fraternity, comes from Donnybrook, North Dakota.

The scholarship of \$300 is awarded each year to an outstanding student majoring in either agronomy or soils.

Besides carrying on his regular

Lyle Nelson

school work, Lyle will work under the supervision of Dr. G. A. Johnson, professor of Soils, on the nitrogen and phosphorus content of grain from the fertilizer demonstrations carried on in North Dakota during the past years. In addition he will complete the soil tests and write up the reports on the sixty fertilizer test demonstration farms. The complete summary of these reports will be of special interest to grain men and county agents.

## Alpha Zeta Names New Officers

Election and installation of Lyle Nelson and Clayton Kingston as chancellor and censor, respectively, featured the first Tuesday evening meeting of Alpha Zeta. These top positions in this honorary agricultural fraternity were recently vacated by William Weland and Kirk Bellows.

Nelson, a senior soils major and member of Alpha Gamma Rho, recently was an active student commission "Raise the Union" exponent. Kappa Sigma Chi house manager Kingston also sparks the Saddle and Siroin Club from position of secretary, he is a senior in the School of Agriculture, completing a major in animal husbandry.

## First Group of New Uniforms Arrive for NDAC Gold Star Band

Part of the shipment of new uniforms for the NDAC concert and marching band have arrived. The new uniforms, which are tailored in the yellow and green of NDAC will not be used, however, until the full set arrives.

Director Edward Schroepfer expressed the hope that the remainder of the uniforms will be on hand for homecoming, but with the shipment held up by railway strike in New York, there is a big possibility

that the uniforms debut may be delayed.

The new uniforms are made of a rich green whipped cord material while the piping on the sleeves, on trousers and around the pocket flaps is bright gold. Accessories include a wide brown belt, an officer type hat and an identifying NDAC patch on the sleeve. The uniform is worn with a white shirt and a green tie.

## Joan of Lorraine Selected For First LCI Production

Joan of Lorraine, the latest hit play from the pen of North Dakota born Maxwell Anderson, is slated to be the first production of this year's Little Country Theatre dramatic season with opening night set for November 12.

Constance West, play director, has announced the selection of the acting personnel although specific roles have not as yet been assigned.

## Ellis to Speak Wednesday

The noted artist and youth leader, Howard Ellis, of Nashville, Tenn., will conduct a special chalk talk using special visual aids that he has devised at the College Y auditorium Wednesday at 8:30 p.m. Ellis is in Fargo as one of the main speakers on the Methodist Youth Religious Emphasis week program. He will conduct the first services of the YM discussion program planned for the coming year.

The YM nights to be held every other Wednesday following this sendoff will continue to encourage the development of lively discussion groups and noted speakers, which include on Oct. 29, Rev. Sanderson, of the First Congregational church in Fargo; Nov. 12, Dr. Brandt, head of the Congregational ministers of the ND area; Dec. 10, Orphan Kiddie Party; Jan. 7, Rev. Luffer of the Plymouth Congregational church, Fargo, and Jan. 21, Rev. Hohn of the First Methodist church, Fargo.

### To Let Concession

The Student commission will let the concession stand at the homecoming dance to any interested organization. Any group interested should contact Daly King at the Theta Chi house.

## Book Review

by Alice Craig, NDAC Librarian  
THREE CAME HOME, by Agnes Newton Keith.

Mrs. Keith says she wrote this book for three reasons. "For horror of war, I want others to shudder with me at it. For affection for my husband. When war nearly killed me, knowledge of our love kept me alive. For a reminder to my son. I fought one war for him in a prison camp. He belongs now to peace."

This is a story that will bring tears, with little laughter for it is a story of imprisonment at the hands of the Japanese but it is told without hatred or any spirit of revenge and retaliation. Mrs. Keith and her small son, George, were in one prison camp in Borneo for nearly four years and her husband,

Harry Keith, was in another camp during the imprisonment. Mrs. Keith was forced to work at hard labor in the hot sun. She was slapped, kicked and tortured and she had to learn to be passive in the face of the suffering around her. Her days were a constant struggle to get enough food for herself and George.

But in spite of this horrible experience Mrs. Keith can write without malice or bitterness. She says the Japanese are what they are because war made them that way and not because God makes all people cruel and heartless, even Americans. The book is well written and it points out several clean truths, one of which is that it is better to give more and to have less, and to keep the peace, than to fight.

### Paulsen's Pencil--

#### Observers

who have been counting the Herd our of North Central conference championship grid plans should think twice after seeing the Bison press Buck Starbuck's Iowa Teachers college Panthers down to the wire before the Iowans slipped by with a 13-12 victory.

The Panthers were statistically superior to be sure. And the Iowans picked up 18 first downs to 4 for Kostka's crew, but the fact remains that the Panthers had a rough time before pushing over that final tally.

More important, the Panthers didn't look unbeatable and the defending champions are definitely not the ball club they were last year.

Observers from South Dakota university, here scouting the Bison, were convinced the Iowans will be beaten. In fact, they were convinced that league strength is so leveled off that none of the conference squads would go the route without mishap.

Iowa Teachers can expect rough treatment when the champs square off against Morningside October 25. The Maroons, rated highly in pre-season speculation, promise to give Starbuck's men plenty to look at when the two teams clash. Some indication of the relative strength of the two teams should come this week when Morningside meets Augustana, beaten by UND last week 13-7.

#### The Panthers

were fortunate that conference scheduling pitted them against UND and the Bison early in the season. The Herd and Sioux, both in the midst of rebuilding processes, could probably make things tough for the Panthers later in the season, although Starbuck's experienced crew had the jump on both teams this early in the campaign.

However, unless Augustana should surprise Morningside this week, the Panthers can reasonably expect to go undefeated if they get by Morningside. Iowa, past two of it's four conference foes, has only Morningside and Augustana left, and a decisive Morningside victory

of the Vikings this week should assure Starbuck that Morningside is his only threat to another undefeated campaign.

#### The Bison

however, must get by Harry Gamage's South Dakota University eleven tonight if they expect to remain in the running at all.

The Bison play six conference games, more than any other loop member, and victories by the Herd in their remaining conference games would probably give the Bison at least a share in the conference crown.

#### Press

facilities in the press box at Dacotah field are rapidly becoming cramped. With loudspeaker and radio reporters occupying three of the four sections of the box, little room remains in the lower section left to newspaper men.

Bison officials might profitably make the relatively inexpensive addition to the box which would greatly ease the crowded situation.

**Kostka's** switch to the T formation crossed up both Starbuck and observers from future Bison foes who were looking for the Herd to rely on power stuff through the middle. Observers from South Dakota University, all set to carry home information about the Bison single wing attack, were amazed when the Herd opened with a T.

The chance did much for the attack, and but for the fact Bison performers had had no chance to use it in competition or even learn the plays completely, the story might have had a different ending.

#### Coach

Ervin Kaiser, mentor of the NDAC B squad, was well pleased with his charges' performance last week at Winnipeg, where the Bison reserves went down before Manitoba University, 27-13. But for an early lapse which enabled Manitoba to tally two quick touchdowns, the Bison might have won.

Stan Kostka, still looking for stop-gaps in the Bison front wall, might well find replacements from the roster of Kaiser's B squad.

## Top Coyote Tackle!

At a tackle tonight when USN and NDAC meet will be Bob Warwick. Warwick was a star for the Coyotes against Marquette.

## Panthers Beat Herd For 23rd Straight

Coach C. L. Starbuck's Iowa Panthers made it 23 consecutive victories as the future teachers downed NDAC, 13-12, at Dacotah field Friday night.

Sparked by spectacular backfield play, the Panthers outplayed the Bison, picking up 18 first downs to 4 for the Herd, but three fumbles all by the Panthers, and all recovered by the Bison, aiding in holding the score down.

A crowd, estimated at 5,000, showed up for the contest which was played under ideal weather conditions after rain had threatened early in the day.

Alvie Lund kicked off into the end zone, but Elvin Goodvin returned to the 30. After an exchange of punts late in the quarter, Iowa marched to the Herd 25, before a stiffening Bison front wall enabled Kostka's crew to take over on downs.

With Lund again kicking off into the end zone, Bob Williams carried out to the 22. Bob Lee stepped off 20 yards to the Bison 49 from where a penalty gave the Iowans, defending champions in NCI play, a first down on the Bison 36 yard line. With Paul DeVan, a colored sub-

Bob Dutcher slipped off tackle for the score.

Goodvin converted to shove the Panthers in front, 7-6.

Three plays after the Herd took the kickoff, Don Bredell slipped off tackle from his own 30 on a 70 yard jaunt that was to send the AC out in front, 12-7. Again Goral's conversion attempt failed.

With DeVan and Williams throwing, Iowa opened a desperation passing attack as time ran out, but the Bison stiffened before Iowa could connect.

Paul Moores took the Panther kickoff to open the second half, but the Bison attack was halted. However, Iowa, developing Fumbleitis in the third frame, bobbled twice and both times AC defenders pounced on the loose balls to ease the pressure on Kostka's crew. Midway through the frame it was Sid Cichy who pounced on Lee's bobble at midfield to end a Panther drive, and after an exchange of punts the Panthers moved to the Bison 24 where Clink McGeary hauled in Williams' misplay to end a Iowa scoring march.

Punting from his own 24, Drews kicked out to the Iowa 44 early in the final frame.

With DeVan and Bob Carpenter, a pair of reserve backs, carrying the brunt of the running attack, Iowa soon moved to the 1 from where Williams spun off tackle for the tally, 8 minutes before the end.

With Bert Level and Bob Heer leveling off at Bison receivers the Herd began a desperation passing attack late in the final quarter, but De Van intercepted a Bison pass on his own 25 as time ran out on the Herd.

Drews and Nick Vujovich bulwarked the Bison defense with Paul Moores and Cichy turning in good line games for the Herd. Don Bredell again carried the brunt of the Bison carrying chores as Kostka attempted to cross the Iowans by switching to a T formation.

Paul Siddens and Jason Loving played well in the Panther line, and Starbuck presented an array of capable backs.

## Bison Oppose South Dakota U Here Tonight

By JOHN PAULSEN

North Dakota Agricultural college, still trying to stay in the running for North Central conference championship honors, will throw their new T formation at South Dakota University tonight when the two teams square off at 8 o'clock under the lights at Dacotah field.

The Coyotes, making their fourth 1947 start, will be playing within the conference for the first time.

Harry Gamage's crew opened by whipping Yankton college. Then the South Dakotans met highly touted Marquette college at Milwaukee, going down to a 33-6 defeat.

Last week SDU trounced Parsons college by a 33-7 count.

The Bisons, whose performance against Iowa Teachers last week

## Coyote Star

Among performers, NDAC will have to stop is USD backfield star Howard Blumhardt. Blumhardt is among leading USD top scorers and tallied the lone Coyote score against Marquette.

rated much favorable comment, will probably be about an even choice against South Dakota U.

\* \* \* \*

The two teams, scheduled to meet last year, didn't play. The game was postponed because of a snowstorm after the Bison had arrived in Vermillion.

Kostka, still trying to strengthen his line and perfect his T formation, did not announce a starting lineup, but the Bison mentor is expected to string along with a crew approximating last weeks.

Paul Moores and Dick Hanson or Don Woog are likely end candidates. Also slated for duty is Henry Mott. Clink McGeary and Sid Cichy are the likely tackle nominees with Bob Hanish, Steve Vujovich, Warren LeVasseur, and Milton Resvick all on tap for guard chores. Nick Vujovich and Earl Sibley will share pivot duties.

The Bison backfield appears set with Bob Heer, Don Bredell, Alvie Lund, and Dennis Drews on tap for starting duties and Johnny Strilzuk, Bert Level, and Harvey Solon available for relief

One of the top linemen in the South Dakota university lineup is this tackle, Kenny Lewis. Lewis will be in the lineup when the Coyotes tangle with the Bison at Dacotah field at 8 tonight.

## Two Loop Tilts On Tap This Weekend

A full slate is scheduled for NCI teams this week, but most of the games will be non-conference affairs.

Only two conference tilts will be played. Augustana, conquered by UND last week, met Morningside last night in the first conference game scheduled for this week.

Tonight, South Dakota University invades Dacotah field for a game with the Herd in the finale to loop action this week.

However, all conference elevens are scheduled for action.

North Dakota University meets a softie tomorrow when the Sioux warm up for their homecoming clash against the Bison next week by meeting Manitoba University at Grand Forks. The Canadians beat the Bison B squad last week, 27-13.

South Dakota State moves into Kansas tomorrow to meet favored Kansas University eleven.

Meantime, Emporia, Kansas, Teachers college journeys to Cedar Falls to meet Iowa Teachers.

Last week, in addition to the NDAC-Iowa Teachers college fracas at Fargo, North Dakota University was putting the skids under Augustana at Sioux Falls to the tune of 13-7.

The Vikings tallied first early in the game to take a 7-0 lead, but North Dakota university, rallying behind passing arm of Vernon Huber, a former Mandan high school athletic great, came back with two TD's to ice the affair. Huber threw passes for both scores.

## B Squad Meets Bismarck JC Tomorrow

Still looking for their initial victory, Coach Ervin Kaiser's ND-AC B football team moves back into North Dakota competition this week.

The Bison journey to Bismarck tomorrow to meet Bismarck Junior college.

Kaiser's charges, stinging from two successive defeats at the hands of the MSTC B team and Manitoba University, were to leave early tomorrow for the North Dakota capitol.

The Bison, who last week fell before Manitoba university 27-13, were beaten by the MSTC B squad, 13-7, in their opening game.

Kaiser's squad, more than injury riddled after two games, will number around 22 for the trip.

## Heer On 64 Yard Pass Gain

Don Christianson's action shot of Friday night's Iowa Teachers-NDAC game shows Bob Heer near the end of his 64 yard run which set up the first Bison market. Here Bob Lee moves into stop Heer at the Iowa 5 yard line. Heer had taken a pass from Alvie Lund.

## IM Footballers Begin This Week

Intramural football, annual kick-off sport for the NDAC intramural athletic program, got under way this week with Theta Chi trouncing Kappa Sigma Chi 24-0, in opening day activities.

Theta Chi, sparked by the passing Daly King, former Bison intercollegiate grid star, are rated favorites to capture the crown, won last year by ATO fraternity.

In Tuesday games, ISA edged Sigma Phi Delta 6-0 while in second Tuesday fracas, the Dorm won from SAE on yardage after neither team had been able to score during the regular time.

Monday afternoon games will see Kappa Sigma Chi meeting SAE and ATO playing ISA. Tuesday's games find Alpha Gama Rho meeting Co-op house and Theta Chi tangling with Sigma Chi.

On Wednesday, the Happy Rockets are scheduled against SAE and ATO plays Sigma Phi Delta.

Thursday, Kappa Sigma Chi plays Sigma Chi and AGR meets ISA.

No games are to be played on Friday. E. E. Kaiser, NDAC physical education director, announced that Bruce Warner will manage the league.

The Spectrum will carry scores of past games through Tuesday of the week the paper comes out.

## Manitoba Grid Team Downs Bison B Gridmen

The NDAC B football team failed for the second straight time to pick up their initial victory of the '47 campaign Saturday as the Herd fell before Manitoba University at Winnipeg 27-13. A capacity crowd of 5,500 witnessed the contest which was played under American rules, but on a Rugby gridiron.

Manitoba scored first, early in the first quarter when Johnny Carpenter, outstanding in the Canadian backfield, tallied to put Manitoba out in front 6-0. The attempted conversion failed.

The Bison knotted the count with only a few seconds remaining in the quarter when Don Weaver plunged over from the one yard line. The Bison conversion attempt was good as Frank Noice successfully kicked the extra point, and NDAC led at the end of the quarter, 7-6.

After a scoreless second quarter, Carpenter again put the Canadians in front, the Manitoba back scoring after a 26 yard jaunt for the TD. Bob Springstein converted to put Manitoba back in front 13-7.

Ray Winston put the Canadians safely in front later in the game when he scampered 42 yards for the score with Springstein again adding the point for a 20-7 advantage.

Paul Cowal added one for good measure when he plunged from the

8 for the Canadian's fourth touch-down, and then converted the extra point.

With time running out on the Herd, Roy Johnson set up the second Bison tally with a long run, and Weaver hit Bill Seals, Minot end, for the score. The conversion failed.

Alex Koich and Jerry Savageau were outstanding in the Bison line while Bob Gauche stood out in the Bison backfield.

The Bison starting lineup: Malcheff le, Carlson lt, Koich lg, Strother c, Scheerer rg, Baily rt, Seals re, Olegaard qb, Weaver lh, Deery rh, Gauche fb.

## Science Club Hears Dr. J. Johnston

Conservation of wild-life, especially fur-bearing animals, was the topic of a lecture delivered by Dr. James W. Johnston, Jr. of the Zoology department, at the first fall meeting of the Natural Science club last week.

The club opened its year's activity in Science hall's botany laboratory.

Dr. Johnston has spent the past summer studying the habits and the propagation of muskrats while working for the federal aid division of the state game and fish department. With Dr. Johnston in his field trip was Mrs. Johnston.

The speaker stressed the importance of wild life and also covered the monetary consideration of successful propagation of fur bearing animals.

Membership in the club is open to all.

## Faculty Reception Held For 79

New AC Faculty  
A reception for 79 new faculty members, their husbands and wives, was held last Tuesday in Festival hall.

Mrs. Clifton Miller, president of the Faculty Women's Club, headed the receiving line with Dr. Miller, president and Mrs. Longwell, and Deans.

A brief musical program was given by Mrs. W. P. Tarbell, Mr. and Mrs. Ernest Van Vlissingen and Mr. E. E. Schroepfer.

Misses Mary Louise Whedon, Juneth Hill, Nancy and Phyllis Herbison took charge of serving at the punch bowls. Also on the arrangements committee were Miss Matilda Thompson, Dr. and Mrs. D. Q. Posin, Dr. and Mrs. E. W. Pettee, Mr. and Mrs. Burl Winchester, Miss Ruth Dawson Dr. C. C. Volkerding and Dr. G. A. Johnson.

## Action In Iowa Teachers - NDAC Tilt

Here is some action from Friday night's Bison-Panther fracas as an unidentified Bison performer recovers a Panther fumble for the Herd. Moving in to assist is Don Bredell (at left), co-captain Paul Moores (27), and LaVerne Freeh (25).

## NDAC Ag-men Named to Aid Chicago Event

NDAC has been awarded the honor of assisting in the management of the International Livestock judging contest to be held in Chicago the first part of December.

The selection of NDAC stems from the excellent work done by the late Dr. Shepard of this school in organizing the contest.

Mr. M. L. Buchanon, professor of animal husbandry, will be assistant to Mr. Burt Orderkirk, contest director, and an alumnus of NDAC. Other business and faculty men of this area who will assist are: M. H. McDonald, extension animal husbandryman; Earl Lasley, animal husbandry department; and A. R. Wije, Armour and Co. of West Fargo.

## Kristjanson on Extension Staff

Mr. Baldur H. Kristjanson, a graduate of the University of Manitoba, with postgraduate training in agricultural economics at the University of Wisconsin arrived October 1, 1947 to join the research staff of the department of agricultural economics. Under the general guidance of Dr. Rainer Schickele, principal agricultural economist to the Experiment station, he will take over studies begun by J. E. Aakhus, assistant agricultural economist, who recently resigned to enter the employ of Harrington Brothers, well known livestock dealers in the State. Mr. Kristjanson will take part in research work on the "marketing of feeder cattle and sheep" and in a study on recent economic changes in the State.

## 22 NDAC Graduates

Twenty-two graduates now employed as vocational agriculture instructors entered teams in the FFA dairy judging contest held at Jamestown. They were Ludvik Grande of Bisbee, Delbert Sand, Bottineau, Norris Fagerlund, Devils Lake, Everett Tool, Elgin, Arnold Troftgruben, Harvey, Douglas Fisk, Jamestown, Lester Lawrence, Kenmare, Rawlynn Busche, Lakota, William Welander, LaMoure, Emil Vallager, Langdon, Dell Colwell, Leeds, Morris Jorgenson, Lisbon, William Mutz, Mandan, Harvey Stangler, Mayville, Ole Berg, Michigan, Lyle Willert, New Rockford, Ardell Liudahl, Park River, Darrell Sand, Rolette, Herman Larson, Tower, Charles Challey, Valley City, Lloyd Nygard, Velva, and Verdine Rice, Wishek. Winston H. Dolve, NDAC, was assistant superintendent of the dairy judging contest.

Other NDAC graduates now teaching vocational agriculture in North Dakota are Oscar Zetter, Bismarck, Melvin Holmquist, Hettinger, Bruce Ellingson, Maddock, William Klubben, Northwood, Russell Shortridge, Park River, Don Erickson, Rugby, and Elmer Olson, Williston.

# Czechoslovakian Diplomat to Speak on Russia at Tuesday Convocation

With today's most important topic as his subject, Dr. Stefan Osusky, long time Czechoslovakian diplomat, will speak at convocation Tuesday on "Is Peace between the United State and Russia Possible?"

Minister to France for 20 years before the outbreak of World War 2, Dr Osusky had earlier served as Minister to England, and had held significant posts in the 1919 peace conference, the reparations commission, and the League of Nations.

After Hitler occupied Prague in 1939, Dr. Osusky refused to surrender the Czechoslovak Legation in France and succeeded in maintaining his own official position. Without a government or a country, he prepared the organization of Czechoslovak citizens in France into a National Czechoslovak army, signing a formal treaty with the French prime minister to make his activity possible.

When Marshal Petain took over

Dr. Osusky

in France, Dr. Osusky succeeded in transporting to England several thousand troops of this Czechoslovak army, notably over 1,000 pilots who took part in the first defenses of London in August and September, 1940.

His recently published book, "Essential Russia", is one of several major works of Dr. Osusky's on international affairs. Among his academic honors are an LL.D. degree from the University of Dijon France; a Ph. D. in philosophy and psychology from the University of Chicago; and a J. D. in law from that institution. At present he is a visiting professor at Colgate University.

Long recognized as an authority on Soviet Russia, Dr. Osusky speaks here in conjunction with a four week tour of Minnesota, Wisconsin, and the Dakotas under the direction of the Community Concert and Lecture Service of the University of Minnesota.

## Dr. Klosterman Joins NDAC Staff

Dr. Earle W. Klosterman, formerly assistant professor of animal husbandry at the South Dakota State College, joined the staff October 1 as associate professor of animal nutrition in the school of agricultural and associate animal nutritionist in the Experiment station.

Dr. Klosterman grew to manhood on a South Dakota livestock farm, graduated from the South Dakota State College with a major in Animal Husbandry and has won the Ph. D. degree at Cornell University where he majored in Animal Husbandry, with strong minors in Animal Nutrition and Veterinary Physiology.

He will teach Animal Husbandry 330 (the principles of animal nutrition) and Animal Husbandry 331 (applied animal nutrition) this fall term and will also do research in several different fields of animal husbandry.

## AGR's Entertain

Wilfred Wenberg of Kenmare, Cameron Mikkelsen of Devils Lake, Richard Tokach of Mandan and Russell Carter of Lisbon, who were high point individuals in the FFA dairy judging contest held at Jamestown in connection with the state dairy show and who represented North Dakota in the national FFA dairy judging contest at Waterloo, Iowa last week, were overnight guests at the AGR House.

Arnold Troftgruben, 1946 graduate of NDAC, now instructor of vocational agriculture at Harvey, and coach of the high team at Jamestown, accompanied the state team to Waterloo. While on the campus the group met with Ernest L. DeAlton and Winston H. Dolve of the agricultural education department to complete plans for the trip.

## U of M Worker to Address Y Conference Opener Friday

Doris Seward, assistant director of the Student Activities board at the U of Minn., who was formerly in the Y movement in New York

State, will open the Friday evening meeting of the area YM-YW conference by outlining the growth and development of the Y program. The conference is to be held in Maclean Hall, MSTC.

## Extension Bulletin Reports Research

The Bimonthly Bulletin of the North Dakota Agricultural Experiment station is used by the staff of the Experiment Station and the College in reporting results of research.

The July-August issue, recently off the press, features a series of articles by staff members of the department of veterinary science—Dr. D. F. Eveleth, Dr. F. M. Bolin, and Miss Alice Goldsby. Subjects treated include "swine erysipelas", "brucellosis", "lungworm disease of sheep", "navel infection of chicks and poults", "the treatment of pullorum disease and paratyphoid infection with sulfamerazine", and "mushy chick or poult disease".

About 7500 copies of the Bimonthly Bulletin are distributed free to North Dakota citizens every month.

## Bulletin Boards Placed

Small bulletin boards are to put in each of the classrooms in Morrill hall for use by the faculty in making official announcements relative to classes meeting in the classrooms, according to an announcement by Dean H. L. Walster.

These are being made available through the cooperation of Supt. of Buildings Thorson and the activity of Mr. P. A. Nystuen administrative assnstant to Dean Walster.

## Home Ec Demonstration Presented Here Tuesday

A demonstration of some of the ways of using processed milk for food conservation was made on Tuesday before the Home Economics foods class.

The demonstration was held on the first floor of Dakota hall by a representative of the condensed milk industry, Miss Katheryn Sandmeyer, Chicago.

Miss Sandmeyer gave her lecture and demonstration on the many uses in fruit combination of processed milk.

## ROTC to Honor Dick White Dec. 9

On December 9, a parade and military review will be held in honor of Sgt. Richard White, recently retired from the U. S. Army Lt. Col. F. A. Balke announced this week.

Sergeant White on September 30, 1947, retired from the Army after completing 30 years of active duty. During this time he served in France Germany, Philippine Islands, Japan, Fort Sam Houston, Texas, and Fort Snelling, Minn. of occupation. He came to NDAC as France and Germany with the army. During World War 1 he served in a ROTC instructor in 1928. During World War 2 he was promoted to Lieutenant, Captain, and Major while serving in Texas. In 1946 he was relieved from active duty. He reenlisted as a master sergeant and was reassigned to NDAC.

White is now serving as ticket manager for Bison sports events.

## Sigs at Work on Temporary Home

Construction is now underway on a 20 by 60 foot Quonset hut which will be the temporary headquarters for the Sigma Chi fraternity.

Due to the shortage of building materials work on a permanent structure will be delayed until spring. The Quonset hut located on 12½ St. North will be the building site for the permanent building.

Providing weather conditions are favorable, the Sigma Chis plan to have the hut completed for Homecoming. The hut will be used primarily for meetings and entertainment.

## Jenson Gets Dairy Post

Dr. Chris Jenson of the NDAC dairy department was recently reelected secretary to the American Dairy association and also reelected to the board of directors of the American Dairy association. The American Dairy association is organized to publicize and assist in furthering the work of the dairy industry.

## Return to Work On Vet Housing

Work has begun on the construction of Veteran's barracks on the north campus of the NDAC. The contract has been informally awarded to the Meineke-Johnson Construction Company of Fargo. Mr. Skinner of the Finance Office at NDAC stated that although no definite date for the completion of the project has been set, the whole housing plan will be completed. Crews have been on the grounds.

Unmarried veterans attending college will be interested to note that eleven of the barracks will be made available for them. These barracks will accommodate approximately 176 men with ample space provided for a study room in each barrack.

Married veterans will occupy sixty-five units west of the bachelor quarters. These apartments will accommodate approximately 130 families.

## Ditch Digging Does Double Duty Here

Digging has been started west of Science Hall for the laying of sewer pipe to the site of the new Naval Armory which is to be erected southwest of the campus. It was necessary to run the line from the school to the armory because the city sewer lines are too shallow for extension from Twelfth Avenue North, according to Bob Thorson, NDAC Superintendent of Building and Grounds.

Information received from the City Engineer's Office state that in order to increase water pressure in the vicinity if NDAC a booster water main is to be laid on Twelfth Avenue. Water pressure was cut nearly in half last summer which constituted a dangerous condition, especially for fire fighting. A new auxiliary main is being installed.

## NDAC Directory Is Being Edited

The registrar's office announces that the college student and faculty directory will be ready about Thanksgiving time. This directory is put out every year for the benefit of students and faculty and contains names and addresses as well as the officers of various organizations on the campus.

Those officers who have been requested to furnish information of various types to registrar Parrott are requested to return the information blanks promptly, so that printing work can proceed on schedule.

## AC Traffic Kinks Being Untangled

With a few minor exceptions, the recently revised traffic program arranged for the AC campus has been working out, Prof. Knute Henning, spokesman for the faculty traffic committee reported this week.

Henning said that there had been fine cooperation from the faculty and student body, in following out the posted directions. The main violation has been that of ignoring the one-way sign on the front gate street leading to Old Main.

That rule has consistently been violated, Henning asserted.

At present some traffic signs are missing, because delivery of them has been delayed. They will go up as soon as delivery is made.

Henning pointed out again that the Fargo police department has agreed to patrol the campus, and that violators are subject to fine.

The new parking lot near Science hall has taken a lot of the pressure off, even though some excavating is being done across the lot at the present time.

A traffic signal-light will soon be erected at the main gate, it was said.

SOME HEAVY THINKING about the 1948 Little International Livestock show is already being done by Saddle and Sirlion members responsible for the spectacle. "Bigger and better" is the general word about the spring feature. Here above is Randy Johnson, right NDAC student, who was awarded the Chester White Gilt by M. M. Holte, Gardner, for his judging and showing efforts last spring. Holte indicated he would make an annual award to high ranking exhibitors in the shows.

# Homecoming Dance Tickets On Sale At Book Store

Tickets are now on sale for the homecoming dance at the book store, according to word from Daly King, student commission president. The dance is slated for next Saturday, with two orchestras, Jimmy Thomas and the Statesman playing.

Price of the tickets is \$1.25 per person with dancing beginning at 9 at the field house and at Festival hall.

This is what Sid Cichy and Clink McGeary will be looking at when they face the South Dakota university Coyotes tonight at 8. At least six of these men are tackles and Cichy and McGeary will get that starting nod for the Herd tonight. The men are left to right David Lorentson, Virgil Vail, Bob Warwick, Karleton Johnson, Gerald Krutsch, Ken Lewis and H. Bachman.

Jim Harvey, one of the better ends in the North Central conference will be among the performers who will play with South Dakota university Coyotes at Dakotah field here tonight at 8.

## Dolve Attends Supervisor's Meeting

Winston H. Dolve, assistant state supervisor of agricultural education attended a regional meeting of state supervisors of agricultural education in Waterloo, Iowa, Oct. 3. Purpose of the meeting was to discuss plans for institutional-on-farm training for veterans conducted by local high schools. Schools at Park River, Jamestown, Lisbon, Stanley, Fessenden, New Rockford, Forman and Milnor are offering the training in North Dakota.

## DeKray Named

Lester DeKray, junior in agriculture from Pettibone, North Dakota was named to succeed George Christenson to the post of business manager of the Bison Furrows, NDAC agricultural quarterly at a special meeting of the Board of Publications Wednesday.

Christenson, who was named to the post in the spring term, did not return to school for the fall term, thus necessitating the new appointment. DeKray assumes his duties immediately.
