Metzinger, Language Head, Dies

Dr. Leon C. Metzinger, 67, head of the department of romance languages at NDAC, died early Monday morning in a Fargo hospital following a heart attack in his home.

Dr. Metzinger, at NDAC 32 years, was a graduate of the University of Chicago, where he received a bachelor of philosophy degree in 1908. He received his doctorate there in 1914.

He had taught at the Universities of Minnesota, Iowa and Chicago and had done special study work at Minnesota and the University of Paris before coming to NDAC in 1915.

He was a member of Phi Beta Kappa, Lambda Alpha Phi and Chi Kappa Phi honorary fraternities and was the author of several books and magazine articles.

Funeral services are scheduled for this afternoon at the E. F. Moore and Son funeral home.

Start Extensive Publicity Campaign For Student Union

An extensive campaign to publicize a Student Union convocation and the Student Union election was planned this week at a meeting presided over by Dr. J. H. Longwell and attended by faculty and student members representing the student commission and two committees.

Convocation was set for 11:15 on June 4 when considerable time will be devoted to questions and discussion.

Dr. Longwell indicated the magnitude of the undertaking by pointing out that 1500 students should be expected to vote at the election which will be held on June 5.

Janice Bergeson Pillsbury Winner

Janice Bergeson, senior in home economics from Lake Park, Minn., has been awarded the fourth annual Pillsbury award, one of 50 given throughout the country.

The award consists of a shelf of home economics books designed to assist the home economist in her profession.

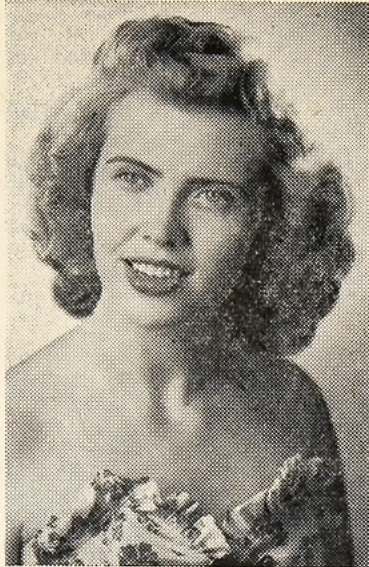

The award is given on a basis of high scholarship, leadership and promise of professional success. Miss Bergeson will accept the position of home demonstration agent for Everett county, Minn., upon her graduation.

Edith Arneson Sig Sweetheart

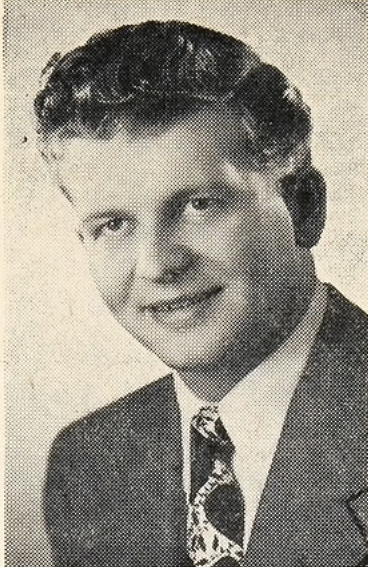

Edith Arneson, sophomore in home economics from Moorhead, was announced as the Sweetheart of Sigma Chi for the coming year at the annual Founders' Day banquet held in Town Hall last night.

Miss Arneson, a member of Gamma Phi Beta sorority, succeeds Alice Springer of Wyndmere to the honor. Fred Bristol, chapter president, presented her with the Sweetheart pin and loving cup emblematic of her selection.

Junior-Senior Prom Set Saturday For Field House

NDAC campus social life comes to a climax Saturday at 9 in the Field house when Paul Thonn and the campus Statesmen take the downbeat for the Annual Junior-Senior prom.

Approximately 500 couples are expected to attend the semi-formal affair with dancing running from 9-12. The grand march will begin at 9:30 with Mary Burfening, senior class president, and her escort, Edsel Boe, first in line. Second in line will be Joyce Hudson, junior class president, and her guest, Clair Rice.

All juniors and seniors are admitted free to the dance and tickets for juniors and seniors may be obtained at the registrar's office any time today, Friday and Saturday morning. Underclassmen tickets will be sold at the bookstore at \$1.20 per person, \$2.40 per couple.

A Spring Garden will be the prom theme with decorations worked out to comply with this theme. Picket fences will surround the hall and a rock garden effect will be used.

Honored guests include President and Mrs. Longwell, Governor and Mrs. Aandahl, Mayor and Mrs. Dawson and Lt. Col. Frank Balke. Mr. and Mrs. F. W. Christensen, Mr. and Mrs. O. B. Weeks, Mr. and Mrs. A. J. Lejeune and Mr. H. J. Klosterman will chaperone.

Service Set For War-Dead

A memorial program, in honor of the 200 NDAC men who lost their lives while in the service of their country, will be held Thursday, June 5, at 7:30 p.m. in the NDAC stadium, announces Alfred H. Parrott, college registrar. Letters have been sent to the parents and close relatives of these men and the return indicates that the majority of the parents and relatives will attend this special service.

The program, as tentatively scheduled, will include sacred and patriotic music by the college band; appearance of the first battalion of ROTC cadets; singing of the Yellow and Green led by the college chorus; introduction of the speakers by Dr. John H. Longwell; roll call of honor and response to roll call by some member of the ROTC, himself a veteran of the war; sounding of taps; invocation by Major Carl Almer, chaplain in the US Reserves; firing of salute volleys; shower of flowers from airplanes flying over the field; the Star Spangled Banner led by the college chorus; lowering of the national colors by the NDAC chapter of the Guidon society; and band concert.

King Edges Skolness For Commission Prexy

Clinging to a slim plurality through most of the voting of last Thursday's campus election, Daly King, junior in applied arts and science from Park River, stepped into the head post of NDAC's student commission by beating out five other candidates in NDAC's second post-war student commission election.

King, who will occupy the post now held by Russ Heine, was involved to the last in a stiff battle with Ames Skolness, prominent campus ISSAC head, but at the close of the polls in Old Main at 4:30 Tuesday, King held a 185-172 lead over Skolness. Tom Challoner with 103 votes finished in third spot.

Voters stayed away in droves as barely a quarter of the eligible ballot-markers took advantage of the slateless, sans campaign election to make choices according to merit.

In the only other direct election of a commissioner Paul (Red)

Brostrom was named commissioner of military affairs. Brostrom polled out 303 votes to walk away from four other candidates.

Other voting was for membership on the various campus boards set up at the initiation of the new constitution recently. These boards will select one of their members to serve on the commission.

Freshman Ernest Johnson, sophomore Donna Jean Nellermeoe and juniors Wallace Erickson and Judy Gessner were elected to make up the new Board of Finance. Miss Nellermeoe barely edged Donavon Mohr in the race for sophomore member of the board, while each of the others won clear-cut victories.

The Board of Campus Affairs will be made up of Pat Lee, freshman, Pete Fog, sophomore, and Keith Schollander and Faith Conmy, juniors. Pluralities in each of these elections were by wide margins.

Elected to the Board of Athletics were Dale Brostrom, freshman; Bob Cook, sophomore, and junior, Kirk Bellows. And named to the posts on the Board of Music were Paul Thonn, freshman, Joyce Gackle, sophomore and juniors, Paul Bibelheimer and Dolores Barker. In the freshman race Thonn barely edged Jane Vogel, Eunice Lundquist and Vic Horne in one of the closest battles of the day.

Charles Bertel won easily to take over the post of freshman member of the Board of Public Programs, but Marilyn Collette barely squeezed by Ruth Wilhan to take over the junior post of that board.

All positions on the Board of Publications were filled with easy wins. Bob Hastings is the freshman member; Don Wischow is the sophomore member; and Don Horne will serve as junior member.

Phi Kappa Phi To Initiate Five

June Carlson, Wesley Gunkel, Russell Heine, Harold Kirk and Dolores Shanks will be initiated into Phi Kappa Phi, national honorary scholastic fraternity, at the annual banquet to be held tonight.

Scholarship guests will be Fred Kingdon, Harold Sletten, Douglas Smith, Edward Brentzel, Dorothy DuVall and Philip Hess.

Dr. J. H. Longwell, NDAC president, will give the main address, Education and Citizenship.

Members of the banquet committee include Dr. J. A. Munro, Minnie Anderson, Lucille Horton, Madeline Kaiser and Matilda B. Thompson.

Merle Nott MC For Honors Day

Merle Nott, representing Blue Key national honorary service fraternity, will be master of ceremonies for the annual honors day convocation Tuesday at 9:40. The convocation has been tentatively slated for the campus lawn in front of Old Main. In case of inclement weather the convocation will be moved into Festival hall.

Dr. Longwell, college president, will give a brief address on scholarships, and scholarships and awards for the year will be presented.

Edith Gelder has been named to represent the senior staff.

18 Are Initiated To Alpha Zeta

Eighteen men were initiated into Dacotah chapter of Alpha Zeta, honorary agriculture fraternity, in ceremonies held recently.

Initiates were Cal Konzak, Earl Lasley, Doug Fisk, Rawlynn Busch, Tom Conlon, Clayton Kingston, George Christensen, Floyd Fredenburg, Bob Rustad, Ray Skorheim, Einar Siggeirsson, Archie Martindahl, Randall Johnson, Merle Light, Ray Erwin, Sid Thompson, Lyle Nelson, and Lester Dekrey.

Legion Men Judges

Jack R. Weed, commander of Gilbert C. Grafton Post No. 2, American Legion, and other members of the post, will act as judges in a series of drill competitions to be held this afternoon, directly back of the library, commencing at 4:15 p.m. Members of the faculty, students and their guests, and members of the Gilbert C. Grafton post are invited to attend.

LSA To Picnic Sunday

The Lutheran Student association will hold its final meeting of the year in the form of a picnic to be held at Oak Grove Sunday at 3. In charge of the program are Doris Halzman and Chester Reiten.

ELECTION NOTICE

An election will be held June 5 on the proposed increase of \$5 on the student activity payment to finance a college student union and on a proposed amendment to the constitution to give power to the student commission to decide the place and number of polling places.

Polls for this election will be open from 9 to 4:30 in Old Main.

This Election

Assuming first that the past campus election was run with all the high ideals publicized for it, one might then ask whether the sickness or the remedy was the more disastrous.

In the beginning the caucus idea was initiated to bring about the election of the best man for each office and to secure a more just representation of all campus groups. The method which was eventually decided upon to secure these ends was to allow every man to run for office on the basis of his own merits with certain allowance for backing up the candidate's immediate organization.

Even in an ideal sense this type of campaign left the stigma of the party system. There was too much district among the various groups to allow the possibility of the other gaining a complete hold on campus politics.

But where in past elections a party slate was set up allowing reasonable awareness of the ability of each candidate, last Thursday's onslaught of candidates left even the most intelligent voter swamped beneath a deluge of choices, offices and candidates.

Then a potent political machine of even small proportions was rendered all-powerful by the medium of splitting and diffusing the opposition votes. It's entirely possible that no such machine existed in the past election, though rumor has it otherwise, but the fact remains that in this election of merit, merit seems unusually heavy on one side of the fence.

Everyone may have his own interpretation of the results of the election. The Spectrum, however, feels that in some cases highly desirable candidates were passed over for others with more apparent organizational backing.

And since actual representation is no more distributed than in the past elections, it would seem that the aims of the pre-election caucuses were lost in the glare of will for power. We would prefer one of two ends in the future.

Either organizations must agree to an election which includes an honest effort to elect the best man, regardless of whether the man has pledged, has a nice smile or wears green socks; or elections should revert to the no-holds-barred, fight-to-the-end style of election in which at least there are few enough candidates to allow intelligent voting by those who desire to do so.

Dr. Walster To Speak

Dr. H. L. Walster will speak on The Geology of North Dakota at the next meeting of the Natural Science club, new organization on the campus with the purpose of furthering the interests of its members in the natural sciences and to encourage an exchange of ideas between departments on the campus. The meeting is slated for next Tuesday in Science 102.

Officers of the club are Norman Gary, president; Dr. G. A. Johnson, vice president; and Cal Konzak, secretary-treasurer.

the spectator

By BOB BUTTERWICK

Now that the smoke of battle has cleared away from the first non-political battle on the campus in many years, it might be in-line to point out a few reforms which could be instituted for the next general election. I had five in mind: (1) If the present system of unlimited applications is followed, there should be a run-off election between the two top contestants for any position in which the winner did not receive a majority of the votes; (2) all class positions should be voted upon only by members of that class; (3) date of the election should be on Wednesday; (4) there should be more polling places; (5) boards should be more stringent on their acceptance of applications.

Let's look at these one by one. Most of the winning candidates won on a minority vote; some were elected by fewer than one-fourth of the voters. There were cases in which candidates won by two, three and four votes out of over 600 cast among five or six persons. The campaign was supposed to be democratic in that each candidate was running on his merits. If we're going to be democratic in principle, we've got to bypass the minority election, even if it does mean more expenses and consumes more time. A run-off election between the two top candidates would accomplish this.

In regard to the second proposal, there were many gripes, from upperclassmen especially, that each class should choose its own representatives, since it was best qualified to judge the worth of its candidates. They claimed that too often members of other classes, acquainted with a candidate only by name, would pass over a more deserving person.

Proposals three and four dovetail into each other. Work has already been started to set up polling places in Science, Morrill and Chemistry in order to give more students an opportunity to vote. More votes would be available if the election date were switched to Wednesday. Thursday is one of the more open days on most students' schedules; nearly everyone has a Wednesday class. The opportunity to vote would thus become greater.

As for number five, most boards admitted that they had to rush their endorsements of candidates. As a result, some got on the ballot by virtue of qualifications which were meager, to say the least. There were cases in which candidates did not know they were running until they saw their names in the Spectrum; there was one case where a person was elected to a position for which he, personally, did not file.

Aside from that, and the fact that less than a third of the students turned out, it was a fine election.

Witz To Show Collection

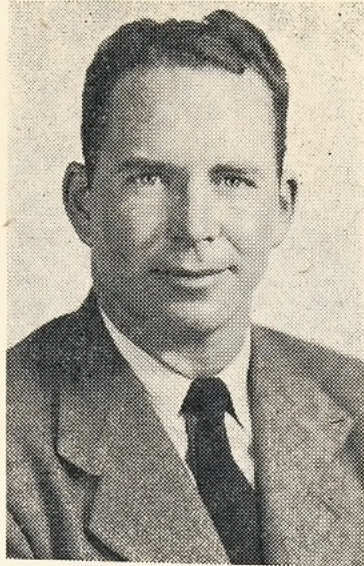

Mr. Richard Witz, assistant professor in agricultural engineering, will show his collection of Kodachrome slides to the Y Camera club members tonight at the regular Camera club meeting which will be held in the Fireside room of the College Y at 7 p.m. The public is invited to attend.

SENIORS, ATTENTION!

Orders for caps and gowns must be made at the Book store by May 29.

New NDAC Commission Head Former Star Football Player

From first appearances it's obvious that NDAC's new student commission president has the shoulders to bear the burden of authority. The squat, powerful-appearing junior from Park River, Daly King, who squeezed through last Thursday's election to become the new student government head, looks more like a totalitarian, strong-arm dictator than the leader of a democratic system of government.

DALY KING

King, who was somewhat of a tradition in pre-war days as a football star on some so-so Bison squads, won a freshman football letter and added a pair of varsity letters. In 1941 he was named all-conference halfback.

Leaving school in 1942 King served 3½ years in the navy and returned to school in 1946 after

having seen service in both the Atlantic and the Pacific in the submarine service. Since his return King has been named Lincoln club president, Theta Chi fraternity president, was one of the founders of ISSAC and more recently has been active in debate and was named business manager of the Bison yearbook for the coming year.

King comments that "the outlook is for a full year of work with homecoming and work on the student union as main duties." He also indicated that much of the commission's work will consist of setting up the new boards called for in the constitution.

Russ Heine, senior from Ellendale, vacates the post to which King has been named. Heine, who served with the army air corps during the war, has been Alpha Zeta president and a member of Phi Kappa Phi, Saddle and Sirloin and Blue Key. He also edited the Bison Furrows and has served as house manager for Alpha Gamma Rho fraternity.

Highlight of Heine's service to the school was his untiring work in completion of the new constitution with other members of the student commission. And recently he has led the movement for a campus student union.

Other projects of Heine's administration have been commission work in conjunction with ISSAC, handling of Homecoming arrangements and participation in the National student organization meetings in Chicago and Sioux Falls.

Heine plans to take up a position with a livestock order buyer in Spencer, Iowa upon graduation this year.

Poisonalities

IN THE NOOSE

By PAT O'LEARY

Open air conveyances are really going strong this term. Most of them range from motor scooters to plush convertibles, but in the intermediary stages are a few motor scooters, a-la-Rue and otherwise, an occasional bicycle, and one or two model Ts with the one man tops. Even a couple tricycles were seen on the campus the other day, but the drivers looked too young to be college students. They even looked too young to be fraternity pledges. It's really getting so that a closed car is a rarity.

If you really want a car without a top, though, for that wind-blown, wind-burned appearance, and if you can't afford not to have a roof over your head, try driving under a city bus sometime. This will bring things right out into the open and you can correspond with nature in the raw.

We might be living in a democracy, but we sure have a monarchy in the student commission. With a King at the head and several queens voted in, we've become as royalist as the rest of Scandinavia. Note of interest: among all cards there's usually a joker (attn. Chuck Bertel).

I don't know why they're called pot lucks. There wasn't a pot in sight. And all that talk about the lousy food is just hooey. The food is really good, and there's plenty of it at the Kappa House, anyway. In fact, every time I looked away for a second someone put more potato salad on my dish. But this might have been because it was so crowded that Marion Barnes had to twirl her tray above her

head to let somebody crawl by and it probably slid off.

I sometimes wonder, though, if they weren't starving themselves just to be generous. What made me think so was when I felt a gnawing at my feet and found that Margaret Ann Rulon had placed my shoe between two halves of a roll and made a hot dog out of it. This might be explained, though, because the only place I could find to put my feet was in the middle of her plate, and I had probably kicked the weiner from its rightful place in the bun and substituted my foot.

After everyone was full they all sang songs until it was time to go. Can't figure out why they wouldn't sing Begin the Beguine, either.

The big news is out! The Alpha Gams, not to be outdone by their basement neighbors, are putting on their version of the old cheese-cake routine. They're calling it the Alpha Gam Nite Club, with emphasis on the Gams. They did their best advertising by making the personal tours and adding the Duvall touch (on second thought—better pronounce it touche').

This sort of campaigning and advertising has great potential scope on our campus. At the rate things are going, all campaigns and functions will be run like the annual Miss America contest at Atlantic City, which will really be a step toward enlightenment. We might be way out in the wild west, but we'll sure have one up on Harvard.

And have you heard the sad tale of little Lota who looks too Junge to get past Marie and her colleagues.

Socially Yours

By JEANNE WALLERIUS

The paper wasn't long enough last week, so they chopped off part of the news and threw it away. We are sorry if your doings were 'down thar' but if you are mad enough maybe you will start plotting a way to get this campus a printing press!

If you didn't already know, Don Viets and Hope Neugebauer up and married Friday night . . . from the Brevities frying pan into the matrimonial fires!

Irene Gunvaldsen Diederich and proud husband, Warren, have a new son, Mike. Congratulations.

Picnics sure are fun! Even broken fingers and sore muscles don't put a damper on the idea, thank goodness. KKG will be building a bonfire with SAE tonight at the invitation of the latter, while the Thetas are thinking about their frolic with Kappa Sigs last Thursday and their picnic with AGRs yesterday.

KD Mothers served the chapter a picnic supper in the sorority rooms Monday and the chapter in turn served "patrons" at the KD Diner the following night.

Actives and pledges of KKG were guests of the alumnae chapter at the Moorhead country club. Adelaide Dinwoodie, Blanche Pfusch, Mary Tharalson, Dolores Shanks and Jeanne Altendorf were initiated into the alumnae chapter.

Gamma Phis and Alpha Gams partied at the Theta Chi house last evening. Also entertained was SAE sweetheart Lois Dickson at Sunday dinner at the fraternity house.

Comes spring and honors galore! Jocelyn Birch presented silver identification bracelets to Eunice Lundquist and Jeanne Wallerius, voted the most active pledge and active, respectively. Theta Chi named Don Schaezel the most outstanding Theta Chi of the year and Dick Carley the outstanding senior.

Honor pledge of Phi Mu is Lois Alexander. Dolores Lamb received the scholarship bracelet for the highest average and Mary Burfening, Marian Brunsmann and Murlyn Anderson earned bracelets for raising their averages the most.

Two Kappa Psis took the first step last week . . . Harvey Brevik passed his pin to Theta Meredith Sorley and Don Domek pinned Jonella Larson.

If you're feeling sociable this afternoon stop for some Phi Mu ice cream on the lawn at the engineering building from 2:00-5:00. And if you want to laugh a little and whistle a bit, take in the afternoon presentation of the Gamma Phi Gayities Monday. There will be dancing from 4-5:15 and then the show . . . 45 minutes of dancing and singing in the style of the Gay Nineties.

KKG replugged Donna Gubrud Monday and Kappa Sigs tied up Irvin Larson, Pete Nielson and Elden Seeley.

The X-ray unit will benefit from the helping hands of the KKGs Saturday.

A glance at the potluck lists shows that Bob Shanks, Bob Johnson, Bob Brayton, John Paulsen, Bob Law, Clayton Melby, Ray McLaughlin, Tom Hannaher, Connie Aas and Jay Hjortland were at the Gamma Phi house; Pearl Dinan, Tille Thompson, Jessie Phillips, Marty Anderson and Helen Johnson potlucked with Kappas.

John Donnelly, Bro Crosby and Don Brockel foresook the fare at the SAE house for Theta vittles. Dr. and Mrs. Opton, sons Ned and James, Marion Opton, Maybelle Hembroff, Gale Tollin, Marguerite Beard and Mildred Quam were Phi Mu guests.

Meet Your Friends at the Graver this Weekend for the Best in Food and Service always . . .

Hotel Graver Coffee Shop

One Block off Broadway on Roberts Street

Paulsen's Pencil . . .

By JOHN PAULSEN

Bison followers should be in for a pleasant afternoon Saturday when the AC plays host to the North Dakota State college meet. Bison sports fans will then, at long last, have an opportunity to view in action Leo Lacher, Ellendale's one man track team for Lacher, once headed for matriculation at NDAC, will be competing in the event.

Jamestown, power laden in every event, appears the logical choice to cop the event.

Congratulations

are certainly in order for Cliff Rothrock. No one could have been more deserving of the Adam Hat Award than the Bison grid ace and AC students could well be commended for an excellent choice.

Rothrock's winning of the first award should serve as an example to students in future years as the Bison footballer fulfills to the fullest extent the qualifications required for election — enthusiasm, sportsmanship, team spirit and cooperation, athletic ability and accomplishments.

Batting

averages recently released from the Class C Florida International league reveal that Charley Basch, former Bison grid star, has rapped out 45 hits in 150 trips to the plate for an even .300 batting average. Wally Kopp who piloted St. Cloud to the Northern League pennant last year was recently named manager of the Ft. Lauderdale team on which Basch performs.

While

the bleachers erected northeast of the fieldhouse for baseball games are of a great improvement over past facilities, several rooters have aired the wish that some sort of protection could be placed above the grandstand. High foul balls that clear the screen and drop among spectators in the bleachers are often lost in the sun and several fans at Friday's Mayville-NDAC tussle narrowly missed being beamed by high fouls.

Four Teams Top IM Softball

Four teams were bracketed in first place in intramural softball competition this week, each owning two victories apiece. Heaped in first place were AGR, Hook-em-Cows, ISA, and the Newman club.

Standings through Tuesday reveal the quartet to be the only undefeated aggregations remaining in competition.

Today at 4:15, Hook-em-Cow meets YMCA and Kappa Sigma Chi plays Kappa Psi. Today's 6:30 games feature the Dorm against AGR, ATO against Theta Chi (2) and Kappa Psi vs ISA.

Monday afternoon finds Theta Chi (1) opposing Co-op and Dorm meeting Sigma Phi Delta.

Tuesday afternoon Hook-em-Cows plays SAE and ATO meets Kappa Sigs. Tuesday night games see Hook-em-Cows playing Sigma Phi Delta, Sigma Chi meeting Kappa Psi, and the Newman Club playing Kappa Sigma Chi.

AGR plays Thea Chi (1) and ISA meets Co-op in Wednesday afternoon tilts while ATO squares off against the Newman Club Wednesday night.

Bison Slated For Track, Baseball

NDAC sports followers will have ample opportunity to view their idols in action over the weekend with a full program of athletics in store.

Tomorrow afternoon at 3:30 Bill Mattke's Concordia Cobbers invade the Bison diamond for a return tilt with Stan Kostka's Bison outfit.

The Cobbers, anxious to avenge a 9-2 shellacking handed them by Kostka's crew earlier in the season, will probably throw ace right-hander John Saul at the Herd.

LINEUP INDEFINITE

Tuesday the Herd meets MSTC in a return struggle with the Bison seeking to even the count with the Dragons, MSTC having copped the initial game between the two schools, 8-7. The tilt is slated for 3:30 on the AC diamond.

TRACK MEET ON

Saturday Herd followers will have their first opportunity to see the Bison in action on their home track. The AC will then play host to the annual North Dakota Intercollegiate meet.

Being conducted in conjunction with the state college meet will be the North Dakota interscholastic District 1 meet. The two affairs will be run off at the same time.

Bison coach E. E. Kaiser reports that preliminaries will be underway Saturday morning at 10 with finals slated to begin in weight events at 1 o'clock.

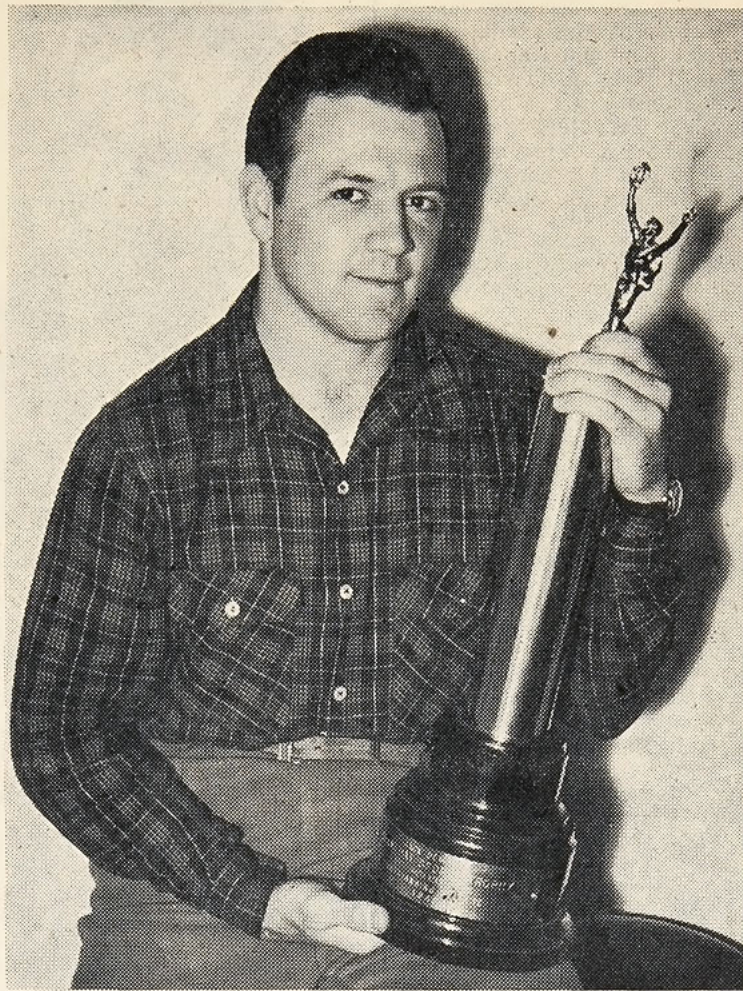

MULREADY TO THROW

Jerry Mulready, NDAC weightman, and winner of the discus throw at the NCI meet at Brookings last week, will be on hand in both the shot and discus hoping to crack the existing North Dakota intercollegiate records.

NDAC Girls' Softball Team Defeats UND

With Doris Thompson pitching creditably the NDAC Women's Softball team defeated the women's team from UND, 8-7, in a game played Saturday at Grand Forks. The AC team was sponsored by the Women's Athletic association.

Students Name Rothrock

High acclaim came again this week to NDAC football star Clifford Rothrock. The NDAC athletic great was chosen last week by NDAC students to be recipient of the Jack Dempsey-Adam Hat Award Trophy. NDAC students by choosing Rothrock named him as the athlete whom they judged to be outstanding on the NDAC campus for 1946-47.

The award given Rothrock is in its first year at NDAC, the plan having just been inaugurated by the Adam Hat Company and a committee headed by Dempsey, former heavyweight boxing champion, this year as movement to foster sports participation throughout the United States.

WILL AWARD TROPHY

C. C. Finnegan, NDAC athletic director, announced that formal presentation of the trophy to Rothrock will be made in the near

future at the annual athletic award convocation.

In balloting for the award, NDAC students kept in mind the qualifications set forth by Dempsey and his committee as being required for election. They were enthusiasm, sportsmanship, team spirit and cooperation, athletic ability and accomplishments.

However, as Dempsey pointed out in a letter to Finnegan, athletic ability is among the lesser requisites to election and despite Rothrock's performance as a little all-American for 1946, it was upon his qualities as a leader and sportsman that Bison students based their election of him to the award.

Rothrock was also awarded honorable mention on the Associated Press all-American team besides being named as first string center on the little all-American team.

Bunnies Cop NCI Meet

Rolling up 46½ points, South Dakota State College annexed the 1947 NCI track and field championship at Brookings Saturday.

Iowa Teachers took second with 34½ and Augustana third with 33 2/3. Following in order was South Dakota U. with 24, NDAC with 13 1/3 and NDU with 2.

Taking firsts in the broad jump, shot put, and high jump, and second in the discus, Dave Wollman of Augustana was high point man with 18 points. Wollman set a new shot put mark of 49 feet, six inches.

Jerry Mulready grabbed the only NDAC first place, the Bison star taking first in the discus with a heave of 152 feet 2 inches.

Norris Johnson who tied for second in the pole vault and high jump, and Mulready who also took third place in the shot put, were the only other Bison performers to win points.

Herd Wins Twice In Weekend Tilts

Sparked by superlative pitching performances from Harvey McMullen and Frank Bishop, NDAC copped two weekend baseball tilts, beating Mayville Teachers 2-0 on Friday and defeating Wahpeton Science 4-2 Tuesday.

Friday at Fargo McMullen served up a 1-hit shutout, the Bison ace striking out ten and not passing any in a seven inning stint.

Extra base hits by Bob Roy and Louie Larson, coupled with lax Wahpeton defensive play, enabled the Herd to get off to a four run lead in the first inning of Tuesday's game at Wahpeton.

Crews Named NCC Sec'y

Miss Gloria Crews, junior in the school of education from Neche, has been appointed regional secretary of the National Continuations committee according to a letter received by Miss Crews from Eugene B. Berman, regional secretary.

GLORIA CREWS

Miss Crews, who assumed duties of her post upon receipt of the letter, was the North Dakota Agricultural college representative at the recent regional meeting of the NCC at Augustana college at Sioux Falls, S. D. Berman's letter also contained a commendation to Miss Crews for her work there as temporary secretary.

The National Continuations committee was organized at Chicago in January to provide a more effective student voice in national and international affairs.
