Jean Dickenson, Radio Star At Festival Hall Tonight

Featured this evening at 8:15 in Festival Hall the third program of the lyceum series will be Jeanne Dickinson, radio, concert and opera star.

Miss Dickenson, a coloratura soprano, has been heard throughout Canada as well as the United States. She was born in Montreal; but after junketing to India with her family, finally settled in Denver, Colorado to begin her singing career when she was sixteen.

In 1940, she made her debut in the Metropolitan Opera Company singing Philine in "Mignon". Now, although still in her twenties, she is one of radio's highest-paid singers as the "Nightingale of the Air Waves" on the "American Album of Familiar Music". She has starred on that program for the last six years and also makes frequent concert tours.

Describing Miss Dickenson's reception in other cities, the press in Canada has said, "Attendance leaped upward due to the immense popularity of lovely Jean Dickenson . . . liquid sweetness of tones, exquisite quality of phrasing": in the United States, "Dickenson delights the large audience. Unusual voice of gifted range", and "One of the largest audiences in recent years . . . gasps of amazement of her personal charm."

Student activity tickets admit students to this lyceum program.

Senior Staff Sponsor Hop

Sweaters and skirts will be the appropriate costume at an all-college mixer given by Senior Staff January 19 from 9 to 12 in Festival Hall.

It is to be a date or dateless affair.

Alex MacGibbon will act as master of ceremonies. Betty Lou Payne is in charge of general arrangements. Committees are: publicity, Jean Monson and Irene Gunvaldsen; music, Jeanne Warner.

Chaperons will be K. A. Henning and Professor and Mrs. H. W. Johe.

AC Rifle Team Plans Qualification Matches

NDAC Rifle Team sponsored by the ROTC held its first meeting Tuesday night in order to organize and receive first basic instruction. Any man enrolled in regular or advanced ROTC is eligible. Elimination shooting to qualify members for the team will be held in two weeks.

Four matches have been arranged: the University of Pittsburgh, University of California, Seventh Service Command match team and the Hurst Inter-Collegiate match. The matches will be postal. Lt. Haynes, manager of the team, is making arrangements for scheduling more matches later. Sgt. Nanco is the coach.

WAA Starts Basketball

On the roster for WAA this term are regular basketball practices held weekly. First and second teams are being chosen. A schedule is being arranged with MSTC, Concordia and other nearby schools.

WAA meets this coming Tuesday. This will be the first meeting of the quarter.

Poll To Be Taken On Need For New Bus Schedule

Miss Dinan reports that a survey is being made among the students and faculty members living east of Broadway to learn whether or not it would pay the Northern Transit Company to run an extra bus in that locality at least until April 1.

The plan is, if enough people are interested, to ask the Bus Company to run two buses each morning, one to reach the campus for eight o'clock classes and the other to arrive at 8:30.

A post card has been mailed to each of the approximately one hundred students and staff members living in that part of town. Anyone who did not receive a card is requested to telephone Miss Dinan's office. It is important that there be a complete return on the survey in order that complete information be available for the Bus Company.

The route will probably be as follows:

East on N. P. to Fourth Street North

North on Fourth Street to Sixth Avenue

East on Sixth Avenue to Third Street

North on Third Street to 13 Avenue

West on 13 Avenue to 13 Street South to the gate at 13 Street and 12 Avenue

Through the gate past Main Building Engineering Building and Science Hall.

Enrollment Zooms As Vets Return

Fraternities Initiate 45

"Pledge is no longer a nominative of address for 45 college men at NDAC. The five national fraternities held their term initiation exercises January 8 through January 13.

Gamma Tau chapter of Sigma Chi welcomed nine new members into their active chapter, Sunday morning, in services held in their club rooms. Initiates include: Perry Clark, Keith Schollander, Bill Swanston, Jerry Schermoen, Jim Fuller, Bob Lowe, Ronald Bemis, Ray Gruel, and Ray McLaughlin. The ceremonies were followed by a breakfast at the Powers Coffee Shop.

Ten SAE pledges went active at initiation services held in the chapter house. The new actives are: Ed Ehli, Bob Kline, Hubert Thompson, Boy Byfield, Doug Payne, Jerry Smith, Loe Vossler, Randy Peterson, Ronny Muir, Bill Grosz.

Theta Chi presented nine active pins at initiation, Sunday afternoon, in the Theta Chi house. Those who received pins are: Don Campbell, Dale Haakenstad, Bob Tonn, Stan Lunde, Tony Paliseno, Dave Fredin, Thurston Nelson, Gordon Kartenson, and Don Arneson.

Alpha Gamma Rho initiated 13 men, January 8, in the Star Room at the Graver Hotel. Services were followed by a banquet. New fraternity members include: Dean Amsden, Dick Hanson, James Beith, Malcolm Anderson, Floyd Frenderberg, Don Sholtz, Bill Toussiant, James Olson, Clarence Solberg, Kermit Toepke, Don Wischow, James Glessing, and Dash Comford.

The first ATO initiation in three years was held January 8, for Wallace Hornberger, Bob Benno, Edwin Anderson, and Kent Jones.

Winter term freshman registration is second to none, 1,131 students enrolled this term at NDAC. Topping last terms registration by 419, the AC has 489 veterans. This veteran enrollment surpasses the difference in the two figures.

Breaking the enrollment down into classes, the freshmen lead with 593. The other classes follow in their natural order: sophomores, 248; juniors, 132; and seniors 109. Two special students and 14 graduate students complete the figure.

Applied Arts and Sciences takes the lead from Home Economics which led last term with 320 registered. Home Economics is second with 251. The other schools have the following enrollment: agriculture, 167; education, 15; chemical technology, 37; engineering, 235; pharmacy, 73.

The number of cadet nurses is not known as they have not registered. Thirty three students are in the farm husbandry short course.

The most opportune place for any woman at this time is the freshman class; there are 435 men and 158 women. In the sophomore class there are 135 men and 113 women; junior, 60 men and 72 women; seniors, 53 men and 56 women.

Some notable comparisons to first term are that AA and S doubled its enrollment and yet it was the second high last term; engineering, if percentages impress you, made the most outstanding gain with a 240% increase. The only school to drop in enrollment was home economics, and then the drop was only one.

Additional data on the veteran enrollment follows that 346 of our vets came under Public Law No. 346 (GI Bill of Rights), 16 under Public Law No. 16. Eight of the veterans haven't taken advantage of either law.

It is expected that the enrollment next term will increase even further. A.D.

Navy V-5 Program Open To Juniors

Men who have reached their eighteenth but not their twenty-third birthdays and have completed two full academic years of college are now eligible for enlistment in the Naval Aviation Training program as Aviation Cadets. This entitles them to a pay rate of \$75 per month and eliminates the ordinary prerequisite of a year of college preceding flight training. These men will go directly into Pre-flight training and after successful completion of an eighteen month program of pre-flight and flight training they will be commissioned as Ensigns in the Naval Air Corps or Second Lieutenants in the Marine Air Corps with pay and allowances amounting to \$245 per month.

SPECIAL NOTICE

Policy Set By Spec Staffs

The editorial staff of NDAC's student weekly believes that it is the function of a newspaper not only to report the news to its readers in a clear and understandable fashion, but also to entertain the public, and promote the general welfare of those readers.

With this thought in mind, the editors of the Spectrum present herewith their considered program in the following statement of policy:

As official campus news organ, the Spectrum will strive:

To report the news without bias; to cover the week's happenings in the local collegiate world as completely as possible;

To make the Spectrum the true voice of the student by reflecting in its columns popular campus opinion;

To promote better understanding between faculty and students;

To interpret, broadcast and explain the benefits of land-grant college education to potential students throughout the state.

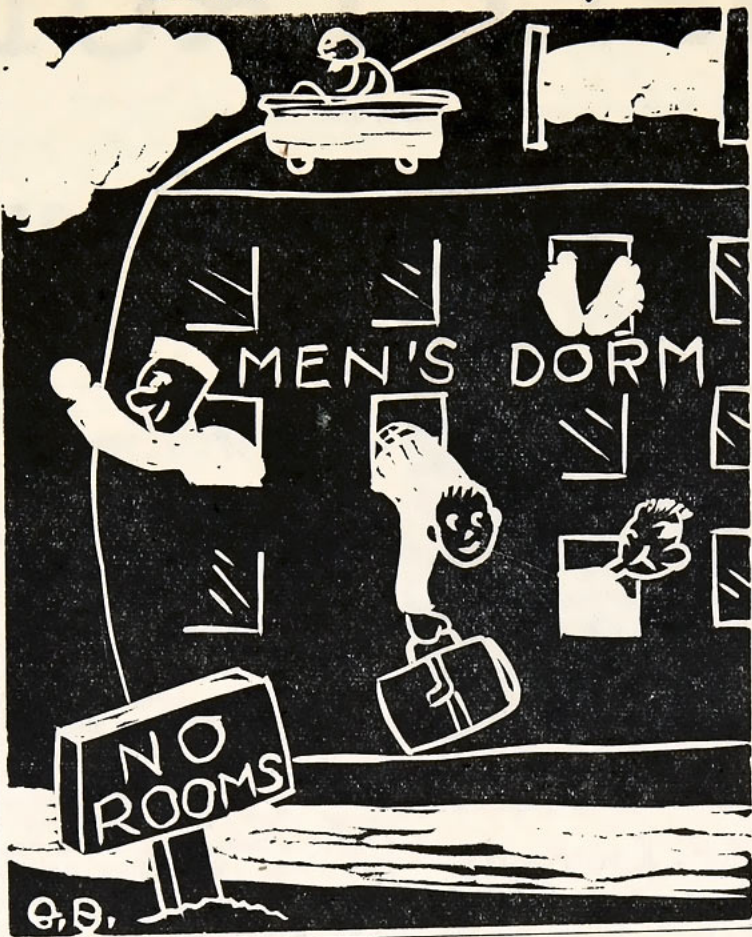

Letter To Ed

Have you been to an NDAC basketball game lately? Frankly, what was your opinion of our cheering section? Don't answer tactlessly, please; this paper can't print everything. But let's get to the point. The situation can't be blamed on the "school spirit" now; the gang's all here, and with plenty of pep. They know the yells, too. (They should—how many do we have now, three? Or is it four?) But the yells aren't synchronized; neither are the cheerleaders. We definitely need more and better yells; we need better leadership (not necessarily new leaders; this is not personal criticism); we need more small pep rallies at group meetings (clubs, frats, sororities, etc.) and a mass rally now and then to synchronize the cheering for that "smooth" effect. Perhaps the Spectrum might print for memorization by the student body new and clever yells submitted by students and accepted by our cheerleaders.

We want a cheering section that we can be proud of—one that the boys on our team will be proud to have cheering for them. We want to support our team!

Gone Are The Days!

Series from Ceres

Well, about two weeks of school have come and gone this term—that's not a particularly long time, but quite a bit has happened lately in good old Ceres Hall.

WELCOME HOME

Remember when we told you about our two new gals? Well, another new—or rather re-installed—member of our little family is Bev. Anderson.

MAYNARD MEANS IT

East Corridor has lost a daughter! Joyce Liedholm came back to Ceres this term only long enough to show us all her sparkler and to pack her belongings. She loves that man! Maynard, that is.

IMPORTED DATES

Eunice Anderson is liberal—wonderful, that is! She hands out men to three of her gal friends so she can quadruple-date with them. Not bad, huh?

IN CASE OF THEFT

Just see Dorothy Bork and Jackie Cofell in Room 19. They have been known to make off with anything from Roberta's teddy bear to Neone's sailor (pictures, that is). Such kids! What would we do without 'em? On the other hand, what are we going to do with 'em?

FOR WHOM THE DOGS BARK

All the gals who went to the ISA party last Friday night had a swell time; but, ooh, those achin' pedal extremities! Joyce Gackle's shoes even developed a brand new creak.

CALLING ALL MORONS

Calling all morons—proceed at once to Room 37—screwball slumber party—six gals in two beds—that is all. (Ain't it enough?) Naturally, it was Jo Theby, Hatty Thorlefson, Max McMillan, Bonnie Martin, Phyl Nickeson, and Bev Anderson—Joyce Arntz for a while, too. What were we doing there? All right, so add another moron to the list! Just because my date is always a little man in a white coat.

LONG DISTANCE LULUS

That's what we call 'em—the gals who get long distance calls from those men in their lives. Joanne Herigstad had a call from "Chuck" the other night—all the way from Great Lakes. And La-

Mae Daley isn't content with just an ordinary conversation—fifteen minute length. She has to talk to her guy for 25 minutes. When it's a call from New Jersey, that phone bill ain't hay. Say, LaMae, we know how you can help pay the bill—just collect two bits from each member of the audience. After all, why should those gals all get to listen for free?

NDAC Coeds Have Preview Of Mademoiselle Fashions

Hoping for a break in the weather, let's travel to India this week to gather a little dope on what the local coeds are wearing there.

Though the thought of a break in the weather is amusing, the fact that American coeds will be looking toward adaptations of Indian fashions for their Pettibone's wardrobe is not on the humorous side of the ledger.

The style show presented to the campus by Miss Adeline Snellman, a 1943 graduate of NDAC, has been adopted by Mademoiselle magazine as a basis for their forthcoming summer beach wear.

Modelling Miss Snellman's costumes was a group of Tryota members at the AC including Martha Dahl, Jacquelyn Coffell, Meta Lou Sheffield, Alice Springer, Doris Mae Thompson, and Dorothy Bjork.

India's national costume, the sarce, was worn by Martha Dahl. Over the under-petticoat and blouse was draped a six-yard length of cloth in such a way that the clever manipulator may have both a skirt and a head and shoulder covering.

In Burma the skirt is tightly folded over and the simple white Chinese-style blouse reaches just to the skirt top. This costume was shown by Jacquelyn Coffell.

Certainly the Punjabi costume of Meta Lou Sheffield will become a striking beach costume. The top of the beige trousers made of a natural Indian silk was a good three yards around—pulled in

Pertinent Impertinence

Reporter Comments On Campus Life

By SANDY MacGIBBON

History was made at NDAC this week when Freshman enrollment reached its highest point for any winter term since the institution founding. Frosh registration had reached a peak of 599 on Tuesday. (It is rumored that Mr. Parrott, registrar, has set up a recruiting office in Old Main to bring the enrollment up to a nice round 600.)

The only time the number of first-year enrollees exceeded this figure was in the fall of 1940 when 657 green-capped aspirants invaded the campus. That was the year, you will remember, when registration for college was first coupled with registration for selective service. This year registration for college follows hot on the heels of separation from the service for a large majority of our new freshmen.

1940 was a year to remember, for it was then that Uncle Sam began taking the boys away. 1946 will be even more memorable as the year he gave them back.

A woman we know tells us she once had mold in her ears. Had to be cleaned out by a doctor a couple of times a week. The wearer of the ears in question is Adeline Snellman, a 1943 graduate of NDAC. Miss Snellman recently returned from India where she was stationed with the Red Cross, and where, she tells us, it is very wet.

While she was displaying a collection of Indian garments to interested women in Old Main yesterday afternoon, comely Miss Snellman let out with a few notes on that land of mystery, India. The hindus, she relates, burn their

dead, throwing the remains in convenient streams. It's not unusual to see an arm or leg floating with the current.

Hindus are quite class conscious. From what we hear the snobs give the biggest and best funeral pyres to the richest people.

Miss Snellman had an audience with a maharaja during her stay in hindu-land. She reports that he used emeralds about the size of quarters for shirt buttons; and Adeline Snellman is not the type we would suspect of pulling our leg.

Doris Oliver just walked into the YMCA. Is nothing sacred?

Schoff Gives Interview

Back on the campus after a four year leave of absence is Mr. Francis Schoff, former instructor in the English Department.

Mr. Schoff graduated from the University of Minnesota in 1927 and got his BA in 1932. Before coming here in 1937 he was engrossed in adult education in Minneapolis. Upon coming here he took over the Shakespeare and Restoration Drama classes. He taught here till July, 1942, when he went into the army. He received a direct commission in the air force. He was stationed at San Antonio Aviation Cadet Center in the Central Flying Training Command as a ground school instructor. He taught aircraft recognition, map, aerial photo and chart interpretation. In addition he drew the various inspection duties and tours of being Officer of the Day that come naturally in the army. He remained here till the spring of 1945 at which time his roaming, that was to end back here, started. He was stationed in Oklahoma and Indiana before receiving his discharge this fall.

This term he is instructing his course in Shakespeare and a class of freshman English. He plans to reintroduce the course in Business English in the spring term. Next year he plans to resume the instruction of the course in "Restoration Drama".

Things are almost normal now. The only thing he needs to make the pre-war and post-war almost merge is an apartment. Any suggestions here will be accepted by Mr. Schoff between 8 and 8 any day.
