Plans Made For Second All-College Luncheon

On Tuesday, May 1, the Ceres Hall Cafeteria will be the scene of the second All-College Luncheon of this school year. Judging by the success of the initial luncheon, which was held on February 14, St. Valentine's Day, this May Day luncheon promises to be attended by a large representation of active teaching faculty and students on the NDAC campus, all eager for as an enjoyable an hour as the first All-College Luncheon afforded. As previously, the first class hour of the afternoon will be appropriately shortened to accommodate the time utilized by the program.

Dime Carnival Set For May 5

Saturday night, May 5, has been designated as the time for an all-school carnival which will be sponsored by Blue Key fraternity. The place for this carnival, which will be known as a "10c Carnival", will be Festival Hall.

Every active organization and group on the campus has been or will be contacted and are asked to have a booth at the carnival for the main program of fun making during the evening. Dancing will also take place for those who care to partake. The booths are to be arranged around the floor under the balcony with the center of the floor left open for dancing.

Admission has been set at ten cents per person; and, as the name "10c Carnival" implies, everything on the inside will fall into that category.

Nathan Crosby, general chairman for the event, states that the aim and purpose of the carnival is to present fun and entertainment for every college student and faculty member on the NDAC campus. Therefore, set aside the night of May 5 for the "Blue Key All-College Dime Carnival", and plan to bring your friends for an evening of fun.

Organizations are reminded to start planning now for their booths.

Student Commission Elections May 15

The new Student Commission will be elected on Tuesday, May 15. Kay Huntley, Assistant Commissioner of Finance, is the hold-over member as Commissioner of Finance. The Commission is made up of seven other members—a president and a commissioner of each of the following organizations: Public Speaking, Elections, Publications, Social Affairs, and Assistant Commissioner of Finance.

Candidates for office must meet the requirements of eligibility published elsewhere in this article and file their applications with the Commissioner of Elections, Marian Stemme, by noon on Monday, May 1; or they may leave them at the Dean of Men's or Dean of Women's office.

Eligibility Requirements

Any student wishing to become a candidate for the Student Commission must meet the following eligibility requirements:

He or she must have carried in the previous quarter a minimum of 12 credit hours, and he must have secured a general average of 1.0 or above for that quarter. In order to establish this average, a student may be allowed not to exceed two weeks after the opening of the new term to make up incompletes. No student who is on probation shall be eligible for any such office. A student must also be carrying a minimum of 12 credit hours during the current quarter. He must not be carrying excessive activity points. The present commission wishes to call attention to the fact that those running for places on the Commission should consider the fact that the work of the Student Commission can be carried on much more effectively if those who run for office plan to be in college at least until the end of the winter quarter, 1946.

Elections will be made for the following on May 15: President of the Student Commission, who shall be at the time of his election in the last half of his junior year; Commissioner of Organizations, Commissioner of Elections, and Commissioner of Social Affairs, each of whom at the time of his or her election should be at least in the last half of the sophomore year; and the Assistant Commissioner of Finance, who at the time of election shall be in the last half of the sophomore year, and who shall have no vote until his second year, when he automatically becomes Commissioner of Finance with full voting privileges.

Open Forum

Anyone that missed the all army show on the campus last week really passed up an opportunity to see a production studded with talent from far and wide.

Seems a little too bad that more students couldn't show more interest in their own class at least by being present for the one-act plays.

The final word has been set forth on the issue of whether or not the AC would have summer school, and the answer is "no."

NDAC is definitely in need of a Journalism department and if enough students interested in such a popular field would make their wishes known, maybe something could be accomplished along this line in the not too distant future.

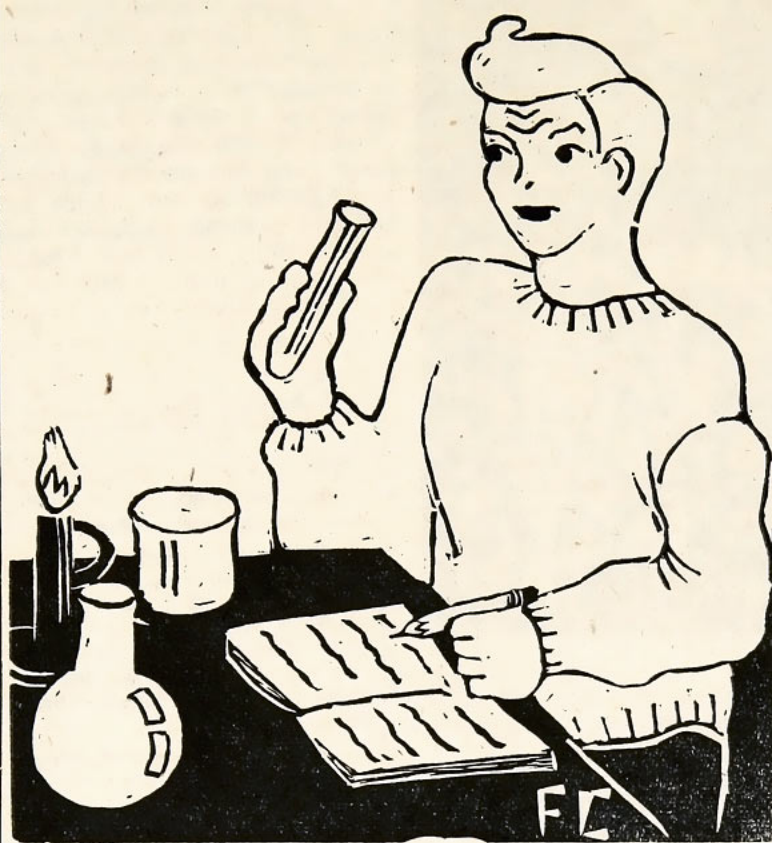

Publications Board Announcement

Announcement is made by the Board of Publication that there will be two vacancies open on the Board for the coming school year.

All applications should be made out and turned into either Mr. Hill of the Math department or Miss Phillips or Mr. Sackett of the English department not later than Tuesday, May 1.

Because there are only 49 pupils interested in summer school, according to the poll taken this week, President Eversull has announced that "there will be no summer school this year at NDAC."

Chemistry Nightmare

Seasonable Stuff ..

BY UNCLE LOUIE'S NIECE

Ah! Spring, spring, beautiful spring! When a young man's fancy lightly turns to thoughts of gas coupons—that is, if he has a car.

Spring always makes me think of flowers. I just want to get right down on my hands and knees in a flower bed and dig with the other worms.

This little magazine is really very helpful to the amateur gardener, and also contains several inspiring poems each month.

"SWEET WILLIAM called on MARGUERITE; She ROSE to meet him gladly. Just then the DOG WOOD chose to growl And chase poor Willie madly!"

The dewy grass will nearly FREESE!" "VIOLET him chase me?" Willie said. And so he dodged the doggy And went back to his darling Marg With shoes all damp and soggy.

That poem was just so touching that it made me weep a little. I always get a little sentimental in the spring.

As you probably have guessed by now, I am an ardent flower lover. My favorite flower is the petunia. Do you know just what a petunia is?

Odds And Ends

ODD: I think it is perfectly marvelous how the students patronize our advertisers.. Seems that Bill's Club is really profiting by the space he buys.

&: I have a fan! That most adorable boy John Hinkle. I buy him coffee.

END: Pat Wirtenberger had a suitor here last week. He is a Lt. Rumor has it that she could have had his S.A.E. pin but declined.

ODD: The law of averages is bound to catch up with us every once in awhile. I have had a wonderful time enjoying all the nice people on campus, but stinkers have to appear sometime.

&: Sadly in absence last week were Nath and Doris Oliver. Did you notice the printing and spelling in our illustrious paper last week.

END: A true daughter of this generation is Audrey Remme. She has the smoothest line of "jive talk" I have ever blundered upon.

ODD: The Home Ec. practice seems to be another POP house. Practically all of the girls over there now are POP seniors.

&: Arlyne Pfeifle went to New York to see her A.S.T. bud-die who was stationed here last year.

END: Norma Jean Gackle was asked her nationality. She replied, "Oh, I'm a Presbyterian" . . . !!!

ODD: The news of Mr. Schroepfer obtaining a blessed event has been slighted for over a week.

&: The Phi Mu are one outfit who are doing their part toward the war effort. Some of them went down and donated their blood during the recent Blood Drive.

&: It's like one janitor said, "Throw your cigarette butts on the floor at home, throw them on the floor here, we want you to feel at home."

END: This column is to be yours next week, dear reader. If you have been aching to slug one of your friends with a blot of ink, this is your chance.

CAMPUS CLADS ❖

By Pat and Marian

The buzz of sewing machines means just one thing—spring dresses in the Home Economics department. Yes, the girls are busy creating all kinds of warm-weather apparel; that's what comes of being lucky enough to know the art of sewing. We won't mention the people who don't know how to thread a needle—not taking the glorious career of Home Economics (plug for Arts and Sciences next week).

Now to give you glimpses of their work, here are samples of what these industrious coeds have produced:

Lois Wangen—a lovely taffeta formal with a black gathered skirt. The striped blouse has cap sleeves and a boat neckline.

Elna Moe—blue and white rayon crepe dress with a square neckline. The belt ties in a bow with another bow perched at the neckline.

Mary Arvold—a black wool draped skirt and a beige blouse with Dolman sleeves and a Chinese collar.

Gwen Host—a white quilted satin brunch coat lined with blue satin.

Ellen Stemme—a dusty rose crepe dress with a low, straight neckline, cap sleeves, fitted skirt, and self-material narrow belt.

Darlene Thompson—sky blue rayon dress with a gathered peplum and high neckline tied with a small bow.

Phyllis Gustafson—a dress of crisp, white eyelet pique. The skirt has two groups of gathers in the front and the top has a low neckline with the ever-popular cap sleeves. Red shoes and gros-grain belt add a note of color.

Have you seen—Ardis Swenson's grey wide pin-striped suit? The fitted jacket has black buttons, which are re-

peated in rows on each side of the front of the jacket. The skirt has three pleats in front and three in back.

Frances Biever's red suit with a gored jacket, fitted skirt, and bright, gold buttons?

Hjalte Palsson's nice-looking grey-beige twill single-breasted suit with slit-back coat?

Flash of the Week!! Carolyn Thompson's smooth, kelly green, fitted Zelan coat with full sleeves, tight cuffs, fly front, and large patch pockets.
