Open Forum

Another week, another spell of cold weather, another set of gripes (which we are only too glad to receive). This time we have contributions from both sexes and so without any further daddling here they are for your approval or disapproval, as it may be. Ladies first!

Dear Gripe Column,

Things have been going along smoothly with no cause for griping until recently when yours truly hit upon a snag in the life of the average coed. Why is it that the girls must carry on their physical education in a building which has no facilities for that purpose?

I can visualize three means of correction. The classes could be conducted in the Ceres Hall gym which, while it is actually too small for the activities and out of the question for tennis, does have showers and lockers for gym clothes. Another way would be to temporarily equip Festival Hall, where the classes are now being held, with these facilities, at least lockers where one could leave tennis shoes, shorts, etc. The third solution would be to make use of OUR Field House. This seems to me to be an immediate solution and the logical answer.

You realize that I have no technical knowledge covering this problem, however, I do recognize it and would like to see something done or some explanation given—please.

Thanking you, A Coed.

GRIBE—

Why don't the boys have a lounge like the girls? After all the boys are in just as much need of a lounge as are the girls. A room could be made over so that the boys could go to have a smoke or the like of such and talk things over man to man. I think the boys have just as much to talk over as do the girls, if not more in many cases. I also think in closing that such an undertaking would be a very fine addition to Science Hall.

End of Gripe

STUDENTS

Please don't forget to attend the Student Commission meeting tomorrow (Friday) at 4 o'clock in the Main Building Lounge. This will probably be the last and final discussion on the cut controversy and some definite arrangement will be sought at this time. It's up to you as the student body to present your opinion and wishes on this matter which has been dragging on now for too long a time.

How About A Date?

Series FROM Ceres

A HAPPY EASTER

For everybody, I hope . . . the snowfall put a damper on the new Easter bonnets, and the Easter Parade featured fur coats and headscarfs, instead of the usual flowered hats and light dresses . . .

PICTURES

For the Bison of the Ceres Hall girls were amazing . . . everybody was in it, they knew, but they couldn't find themselves in the group, until they recognized some notable feature or another that the camera didn't change . . . oh, well, a new face once in awhile is interesting, if sad in some cases . . .

HELL WEEK

Is the week for some of the sororities' pledges . . . it's easily seen as you encounter pigtailed with red and green ribbons and noses scraped raw from rubbing them on the rugs so many times . . . and Nature took care of the moonrise and sunset up until now . . . this week the pledges take down the moon and put up the sun at an appointed hour of the early morning and vice versa at nightfall . . . it's all in the game . . .

PAT JOHNSON AND JEAN GOWENLOCK . . .

Are having a contest to see who can go home the oftener . . . you can call them the five-day kids . . . every Friday after her last class, Jean flies to the dorm, snatches up her suitcase and whooshes down to the Bus Depot to catch that last bus out to Gardner . . . the competition wasn't so stiff last term, but now Pat is a serious contender for the title . . .

SPLASH SPLASH!!!

Into the pool go the Phy Ed girls who are taking swimming this term . . . after half an hour or so in the pool, they emerge with dripping hair and a lungful of chlorinated water . . . I found myself doing flutter kicks in my sleep . . . well, there's one consolation for that . . . I couldn't do them at all in the pool . . . you can't do the Cannonball dive and the Preacher's Seat like you could at the old swimming hole, but it's fun . . .

A YOUTHFUL LOVE . . .

Was exploded by Royce Krueger in the smoker last night . . .

seems like she was ten and he was fourteen, but it was real love . . . even if he never looked her direction . . .

HAPPY

Was Averill Steiner last night when she received a long-distance call from Seattle and found that her friend who has been in Alaska for a year will be home this week . . .

CRAZY

Are Lucille Manning, Mary Jane Shurr, and Naomi Schuricht . . . walking into their room the other night, I found Lucille morbidly looking at her Micro-Qualitative Analysis book and Mary saying to heck with Chemistry, she was going to go to sleep . . . and Naomi flat on her back gurgling Seven-up by the bottle . . . hmmm . . .

'Please Throw Cigarette Butts In Container'

For some strange reason, orange has become a predominating color in Science Hall. Gosh—wonder if one of the janitors has a son at Moorhead High? Guess I'd better investigate a little further and prove I've at least learned how to read in college.

Let me see—"Please throw cigarette butts in containers"—now that would probably mean to carefully put the little cigarette that you have remaining (when it starts to burn your fingers) in that tall jar over there. But no, I must be wrong. At least, no one else is doing that. They probably don't want to spoil that nice white sand. That or they're afraid someone else might want that cigarette when they get through.

Hm!! all I can say is you'd better quit being so selfish—or 'is it true that we can't all be good basketball players. Kids, your aim is terrible. Brush up on your tossing technique so the janitors won't have so darn much trouble brushing up the halls.

Odds

And

Ends

ODD: The free ride Ottie Lervik has been taking all year. From the looks of things June's C stamp is going to hold out for the rest of the term.

&: The Alpha Gams had a house party at the lake last week end. Very few cottages are open this early in the year so they made their headquarters at the famous barbecue spot.

&: A week from tomorrow is the big evening for the Blue Kay dance. Gathered from the chit-chat in the girls' lounge, the males on campus aren't following Marvin Alberts new program. He's the one who believes in whole-hearted cooperation.

END: Duis. He has given up the Moorhead haunt for the Chrystal. When he has jitters bugging down pat, he is going to cross the river again to show off. I think admission should be charged when that happens.

ODD: This is for the co-eds who were here when the older A.T.S.'S were around (oh, happy memories). Stan Albert, I know you still remember him, is now a Lt. at Camp Maxey. He was waiting for new recruits to come in. Received a letter from one of my

younger A.S.T. boys 'tother day post marked Camp Maxey. Can't you imagine "Mrs. Albert's little boy Stanley" battling with them?

&: Mr. Stevens came out with the startling statement that there are two types of Characters—natural and artificial. Consider yourself classified, dear reader.

END: R.O.T.C. firing squad is minus about five members. I can't understand why boys don't participate in this activity. 'S fun and you're always out by 9:30. Sgt. Nanco is coaching the boys and take it from me, that guy can't be beat.

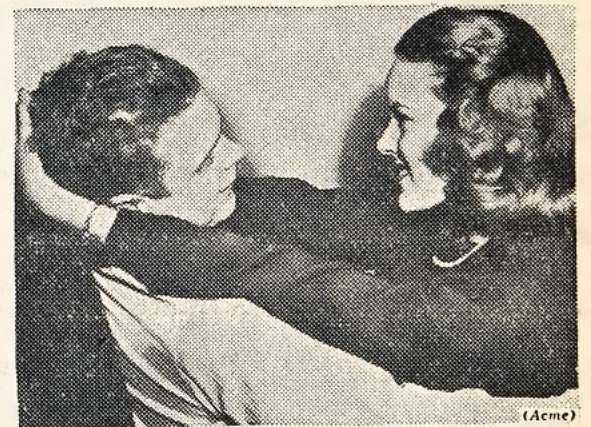

ODD: Lambs have tails. I spent last week-end on a farm and that is what I learned.

&: Hoff and June Issack spend hours laughing and chattering in the Y. I'm glad that someone shows up there. With the building available at all hours I can't understand why more people don't take advantage of it.

END: Weingarten is making a big hit up in the Zoo department. He is the assistant up there and his students love him. He explains things so they can understand what he is talking about.

Just Like the Picture on Her Wall

A pin-up picture (below) inspired this pose of Maj. Richard Bong and his bride, Marge Vattendahl, of Superior, Wis. While Dick was bagging 40 Jap planes, Marge often gazed at the picture and wondered if her dream would come true.

It did come true, at least in part. When Dick returned home and cameramen sought photographs of the flier and the girl he left behind, Marge insisted they simulate the pose of her favorite pin-up, entitled "Back Home for Keeps." More than 100,000 wives and sweethearts of servicemen have similar color reproductions, which were distributed free by a silver-plate company.

CAMPUS CLADS

By Pat and Marian

Now that spring is here, well, almost, all the co-eds will high-jack their jeans, and gradually come forth in their favorite suits and frocks that have been hidden under coats. We hope to see these in the near future. The boys need not shy away, because their wardrobes will be witnessed too. Even if Old Man Winter April-fooled us on Easter Sunday many appeared in spring finery.

SUIT-ABLE

JUNE ISAACK has the latest word in a wool suit. It is grey-blue with a chinese collar, and a white blouse peeking out. A saucy cloche hat completes the outfit.

LORRAINE KIBLER returned from Minneapolis with a black gabardine suit—worn with a silver bow-shaped pin. It is definitely smooth.

FLORENCE GOEDERT has the neatest suit of the season! It is grey checked wool with a long belted jacket and side slits. The skirt has one pleat in front and one pleat in back.

PHYLLIS CUMMINGS will welcome spring with a rust, strutter cloth, dressmaker style suit. The long jacket has curved set-in pockets. The skirt has an inverted pleat in the front and gores in the back.

The men on the campus are not to be slighted in this column. Not when PAUL KORNBERG (six foot three) comes forth in a gabardine, single-breasted suit, with slit pockets. It is a lulu!

Watch for NATHAN CROSBY'S neat looking double-breasted, soft toned brown, 100% wool suit. It is super special!

NDAC Rifle Team Continues Matches And Issues Call

Last Friday, March 30, saw the N. D. A. C. Rifle team fire the first stage of the four stages composing the National Intercollegiate Rifle Match. The ten members who fired were: Herman Brusven, Tom Fugle, Bob Shirley, Bill Taylor, Ben Richardson, Beverly Anderson, Ernest Iverson, Dale Myrha, Sherman Rorvig, and Paul Kornberg. The team has a good record to uphold after placing first in the Seventh Service Command Rifle Match last month.

Sargeant Nanco, who is in charge of the Rifle Team, asks all members to attend every practice, if possible, since the match will have to be fired by April 15. Anyone who has ever fired a rifle range is urged to contact either Sargeant Nanco or Bob Shirley as soon as possible so as to compete in this last rifle match.

Peace And The People

As the hour of victory approaches, Americans are thinking of what they want peace to mean to them as individuals, to the nation, and to the world at large. But, so far, no channel for mass expression of these ideas has been provided. Our statesmen have no measure of public sentiment to guide them as they prepare to sit down at the peace table with the gentlemen from the chancelleries and foreign offices for the final settlement which is to determine the fate of the world.

For that reason we welcome the announcement of a National Peace Treaty Contest, the first of its kind during World War II, through which legal residents of the United States and its possessions and members of our armed forces abroad are invited to write their own ideas of a peace treaty in competition for prizes totaling \$10,000 in War Bonds.

The contest, inspired by the best-selling book, "The Gentlemen Talk of Peace," by William B. Ziff, opened on March 17 and all entries must be postmarked before midnight, April 15, 1945. Contestants will be limited to a 1,000 word expression of their ideas of how the peace treaty should be drawn up, but in setting this limit it is pointed out that the purpose of the contest is to obtain ideas—not essays, on the subject of peace.

Entries will be judged by a committee of distinguished Americans, headed by Joseph W. Frazer, chairman of the board of directors of the Graham-Paige Motors Corporation. Other members of the committee in addition to Mr. Frazer are: Vice-President Harry S. Truman; Fannie Hurst, novelist; William Green, president, American Federation of Labor; Clinton S. Golden, executive vice-president, United Steel Workers of America, CIO; Senator Owen Brewster, Republican of Maine; Ray Rand, former army private wounded at Salerno; Mrs. Warren Cain, Los Angeles Catholic clubwoman and blue star mother; Dr. Rockwell D. Hunt, Dean of the Graduate School, University of Southern California; Rev. Ralph W. Stockman, minister of Christ Church, Methodist, New York City, and Mr. Ziff.

Through the media of press and radio, the general public has been kept better informed of the developments and objectives of this war than in the case of any other war in history. In this war, and the peace to follow, the "ordinary" people of the nation are the biggest stakeholders. They have made all the sacrifices of war and will continue to pay its toll in sorrow and money for many years to come. This National Peace Treaty Contest, while not giving them a place at the table with the mighty men of the world, will at least give them the satisfaction of making their voices heard in their own country.

We feel confident that many of the entries in this contest will contain ideas that will contribute toward making the world a better place to live in. We urge everyone to submit their ideas in plain American "horse sense" to the National Peace Treaty Contest Headquarters at 350 Fifth Avenue, New York 1, New York.
