Blue Key Reorganizes On Campus

After an absence of nearly two years from the NDAC campus, Blue Key has been revived and will once again take its place among the active organizations of the college. Blue Key is a national honor fraternity that was founded in 1924 at Gainesville, Florida. It was installed at the AC in 1927. From this date until the end of the spring term in 1943, when it was dropped because of unfavorable conditions, Blue Key remained at the top of honorary fraternities in its work on the campus. Blue Key is a men's organization made up of students from all departments on the campus. Membership in this fraternity is limited to juniors and seniors who have the required qualities of scholarship, character, and leadership as evidenced by participation in extra-curricular activities. It also denotes recognition of Service to the School, which is its slogan and the foremost thought in all of its activities.

Members were chosen by Dean C. A. Severinson and Dr. W. C. Hunter, Blue Key faculty members, with the assistance of a selected group of student leaders on the campus. The following men have been selected for membership in Blue Key: David Johnson, junior, Arts and Sciences, Hawley, Minnesota; Harold Kirk, junior, Arts and Sciences, Devils Lake, North Dakota; Gilbert Spooner, junior, Engineering, Havana, North Dakota; John Slingsby, senior, Arts and Sciences, Fargo, North Dakota; Nathan Crosby, senior, Arts and Sciences, Valley City; Gordon Odney, senior, Pharmacy, Jamestown; Arden Aanestad, junior, Agriculture, Walcott, North Dakota; Wilbur Christenson, junior, Arts and Sciences, Fargo, North Dakota; and John Craven, junior, Pharmacy, Carrington, North Dakota.

After a week of careful cultivation, our gripe vine (pardon us, it runs in the family) is bravely bearing bitter fruit. In other words, we do have some gripes this week.

Gripe 1: Cold, clammy, chemistry classrooms. The Chemistry 106 classes protest! Is there really a reason for that frigidaire feeling Room 107 has been having lately? Perhaps we could muster a few sunshine vitamins from Morill Hall and transfer them to the radiators of Ye Olde Chem. Catacombs. If no better solution appears, may we suggest foot-warmers furnished free of charge by the Chemistry Department for the encouragement of aspiring chemists. It's much easier to concentrate when the amount of fuel used varies inversely with the weather. As our Uncle Pete would put it, "I'd hate to have an iceberg in my water on the knee."

Gripe 2: Comes a gripe from a member of the faculty. Why must there be an increasing number of unexcused absences (commonly called "cuts") recorded on the permanent files? An attitude of indolence is neither a justifiable nor a logical one for a student to take. After all, each student is, or should be, in college to learn.

Besides depriving himself of the fulfillment of his educational aims, the negligent student is neglecting to live up to the standards his country has set for him. The future of America depends upon the development of today's youth. A student who willfully misses a class is as guilty of negligence toward his country as a factory worker who "takes off" unnecessary time while engaged in making vital weapons of war for our boys overseas. Don't let those boys or your country down. Prepare yourself fully to measure up to their expectations of you, the future hope of America.

Gripe 3: A certain Ceres Hall inmate does not particularly mind occasionally having to remake a short-sheeted bed at 2:00 a.m. However, she draws the line at switched dresser drawers. It is definitely not fun, while preparing for an eight o'clock, to reach into your (?) dresser drawer and find your roommate's belongings rather than your own—unless your roommate happens to keep her Kleenex in the dresser.

Gripe 4: This same Ceres Hall Cutie is definitely mechanically minded. She suggests two additions to Ceres Hall—a coke machine and a washing machine. The coke machine is to be of the usual type, one that receives nickels and gives out with ice-cold thirst-quenching Coca Cola. The washing machine should preferably be the type that automatically runs the clothes through soapy water twice.

Sunday, during the L. S. A. meeting, Tiede and others were in the lobby of the Y playing cards and listening to hot boogie records. While hymns resounded from the piano, "Up, Ten," resounded from the cord sharps' throats. You take your choice—go to heaven in one room—go to Hades in the other. (Steal from "Shurtz.")

The jackpot continues to flow into Fargo's own Walt Kruger's pocket for being hot shot on the rifle squad. Old Bananza Kruger, he's called. Each time the rifle squad shoots, they chip in a nickel with high scorer taking all. Kruger, a living symbol to all of the beauty of following Jack Armstrong's famous training rules usually wins. He is one of the greatest lily whites in the barracks. A society called the "Poised Pigeons" is putting him up for a candidate as number one poised pigeon. Lay the pistol down, babe.

Speaking of tonettes, this wonderful instrument is gradually finding its rightful place in the musical world. Some critics say that it will take the place of the flute in the symphony of tomorrow. With Eteoen Hurdlica's opening tonette recital at Carnegie Hall "Knocking at Pedroe's Door", a new field is now open for musicians. As yet only few have mastered the intricate fingering system of this complicated device; however, despite its difficulties, the hardships it imposes upon the player (and audience) etc., there are some who have mastered the tonette (Tonette is derived from the famous machine of Anthon Depopolis used to make the famous dish, musical spaghetti. This machine was called a Tony; therefore, the exact duplicate in miniature is called, of course, tonettee.) If so mail \$2.23 in dollars, 50 cent pieces, quarters, dimes, nickels, pennies, etc., to box 443, Kenesaw Fla., and instructions will be forwarded forthwith.

People have been giving Charlie Olson ideas. (You know Charlie). Someone has told the poor boy

that he represents all that is good and beautiful in life. Well, perhaps this is true. Perhaps it isn't. Truth is, however, Charlie has been sleeping poorly of late. Some people suffer from a Napoleon complex — but Charlie seems to think he's an earthly cherub. He wanders around looking saintly and whenever he comes upon a susceptible appearing person he says, "Aren't I all that personifies good and beauty?" Poor Chas.

Ceres Hall has opened its portals and invites all the campus males to come and enjoy a game of basketball up on the fourth floor next Sunday. Rules must be observed, however. No spitting on the floor, no cigarette smoking, and absolutely no intrusion into the privacy of its inmates. How can they hurt us so by that last rule? Of course, we'd only enter Ceres to play — basketball.

Only one more deadline, but there still are two more basketball games. See ya at the game. (Paid ad. Come to the 1201 Club; good food, reasonable prices) (Barcus says he's willin')

Marilyn Collette and Marian Stemme took part in a one-act play, "Fortune Is a Cowboy," which was presented last Wednesday for the graduating class at St. Lukes. It was held at Town Hall in the Gardner Hotel.

We wish to explain why Adelaide Dinwoodie has been carrying milk bottles, batteries, poison, mustard, and glasses around the campus. She is prop girl for the above mentioned play.

Present

The tentative cast for the play is: Adelaide Dinwoodie, Audrey Remme, Esther Fugle, Helen Beauchamp, Dorothy Eichler, Calvin Grove, Steve Keller, Edward Murphy, Odmund Lervick, Jerome Reinan, and Pat Gessell.

During one of the rehearsals the cast was happy to receive a

Odds

And

Ends

ODD: Last week end the Navy, in the form of basketball players from Minot, invaded the field house. They were taken by the AST squad and Marjorie Peterson. How the last victory came about is still a mystery, but the Alpha Gams had a wonderful time with the lads. To top it all off, Lida Lawrence's car stalled—gas rationing, ya know.

& Ya know? Here's a man on campus who wears glasses, and a mustache. For a guy in his profession, he's unique. Whatta guy! Whatta conversationalist! And he drinks milk during the 10:00 coffee hour at the Hasty.

END: Newell (he loves that name) Lash must be quite a guy. Monday night his girl drove all the way from Grand Forks to see him during his one hour free (10:00-11:00 p.m.) Maybe his charm lies in the fact that he brushes her off at 11 in favor of Sgt. Nanco.

ODD: The older members of our gathering will remember Bill Barr. He was home last week on furlough. Lorine Leebly entertained him. Lorine went to the P. O. P. dance with Bill Stockman on Saturday. It must be wonderful for all your suitors to have the same name.

& Speaking of hats. My vote for the most unique topper is cast for Arden Aanestad's shapely cap. He insists that he sent to Esquire

for it. My vote for the cutest cap it cast for Kathleen Riley's pink one. I think she's adorable.

END: I admit I'm more than slightly prejudiced on this subject, but I wish to tell the A.S.T. boys that we are going to miss you when you are gone; we think you are swell people; you have added more than a "shot of adrenalin" to our campus. I for one, shall more than regret your leaving. Good luck, boys.

ODD: I saw an adorable girl the other night. Her name is Phyllis Cummings. AND she's a RED HEAD. Yummm.

& I have discovered another good Joe. Oattie Lervik. He's a wonderful conversationalist, a good dancer AND he usually has cigarettes.

END: Have you ever tried to relax quietly and then have the place rock with the tramp of G.I. shoes. Believe me, it's quite an experience.

ODD: There is a new chant going about in council meetings and other places—namely M. S. F. C. —We'll let you figure it out for yourself, we had to.

END: Anyone interested in taking driving lessons (especially the art of gear shifting, are asked to get in contact with a certain Phoebe. Never could figure out where she acquired that name but guess there are lot of things we don't know or at least aren't supposed to.

Thanks, Gravel Gertie . . . even Gert has a soft spot in her heart for the little flowers of the springtime. Winter has been with us long enough. We are holding funeral services for Wormy next Thursday at 2 p.m. in front of Ceres. But it IS getting warmer. My humblest apologies to Lt. Fleek. Seems like he doesn't appreciate publicity. Too bad, too, because something that good can bear repetition. From now on, your name will never appear in this column. I promise you, Lt. (Odds and Ends, he's all yours!) Apologies also to Don Smith for getting you all hot and bothered about the "John" mentioned in connection with Janet Drawz a time or two ago. Cagers Win From Minot

One of the best games of the season saw the N. D. A. C. Bison edge out the Minot State Teachers college quintet by a close score of 46-44. The game was played off last Saturday, February 17, with a meager crowd attending the home game.

Through the first half neither team was able to get more than a four point lead, the Bison pulling ahead by 13-9 with four minutes of the second quarter elapsed. Halftime saw the Minot quintet leading by a score of 19-18 after an 8-all deadlock in the first period. Only after half of the third quarter had elapsed did the Bison pull out in front with more than a two-point lead, putting the score at 32-28 at the end of the third period. The fourth quarter saw the Minot five rally to bring the score to 44-all within two minutes of the end of the game. With less than a minute to go, Dale Lary sank an accurate basket to clinch the game for the Bison.

Phil Feir was top-scoring man for either team, netting 14 points to his credit, while Foster Anderson of the Minot quintet was close behind him, dropping in 13 points for the Minot scoring column. Both Harry Meginnis and Charlie Edwards turned in star defensive play for the home team, preventing Minot from taking the lead in many places.

Bison Lose To Vikings

Coach Bob Lowe and his all civilian basketball quintet traveled to Valley City last Friday night and suffered their fifth loss of the season to the Valley City Teachers College Navy V-12 team by a top heavy score of 75-44. The Viking sailors were exceedingly accurate in their shooting and generally a much better team all around than that which suffered defeat here previously at the hands of the ASTR team.

Averaging twenty points or more in the first three quarters the victors held quarter advantages of 20-13, 42-25, and 62-36. Nelson led the well-balanced scoring attack with 14 points followed by Due and Wray, both having 12. For the Bison Vernon Strong was top pointer with 15 points, while Red Peterson was contributing 14 points to the NDAC cause.

FINAL ASTR GAMES

Two more games remain on the ASTR Bison schedule. Saturday night they go to West Fargo to play the strong West Fargo Independents and next Thursday night Concordia will be playing at the NDAC Field House.

Wops Edge AC Civies

Wahpeton Science took the second game of a two game series with the NDAC all-civilian cage quintet last night on the Bison home floor by a final count of 22-19. The game was slow and ragged throughout with both teams being unable to hit the basket with any consistency whatsoever throughout the course of the contest. The Bison jumped into an early lead which showed them ahead 7-2 at the close of the first quarter, but as the half drew near the visiting Wildcats began creeping up and with one minute remaining, tied the score at 9 all and then went on to sink another basket and go out ahead 11-9 at the intermission.

Both teams scored six points in the third period to give a score of 17-15, still for the Wildcats.

Red Peterson was high pointer, tying with Ulland as both hit the scoring column for seven points.

Red Cross Sets Goal

Senior Staff will sponsor the third college Red Cross Drive this year with the goal of 100 per cent membership for the campus, and membership means a dollar donation. However, each student is free to give as little or as much as he or she wishes. Any student who wishes to earn his or her dollar may confer with the dean of men or the dean of women who will help them find the necessary work.

Individual and organization donations will be taken. Many organizations will be able to give from their treasury; but those organizations who have no dues or funds to draw from will be given credit as having 100 per cent membership if all members join. Likewise any organization which gives from its treasury will also be listed as having given 100 per cent if all its members take out membership. The national slogan is "Keep your Red Cross at His Side". N. D. A. C. students will do their part.
