NUMBER 5

Schoitz, National LSA Head, On AC Campus Next Week

Rev. F. A. Schoitz, national adviser to the Lutheran Students' Association and executive director of Lutheran Student work for the American Lutheran Conference, will be visiting NDAC from Saturday, February 17 until Wednesday, February 21. He will speak at the Lutheran Students' Association meeting on Sunday night at the "Y" at 5:15 p.m. on "Friendship, Courtship, and Marriage".

Mr. Schoitz has had considerable experience and training in this subject, having studied under Paul Popenoe, specialist in this field. He will also conduct a question and answer forum as part of his discussion and students are asked to be prepared to bring any questions in which there is particular interest. This meeting is open to any student that is interested and is not limited to Lutheran students only.

He will also be available Monday and Tuesday for personal counseling on this topic and in any other topic of interest also. Students who wish to see him should make their appointments through Lucille Vangerud, president of LSA.

Evelyn Melroe and Dorine Smith are the co-chairmen in charge of the meeting on Sunday. Supper will be served followed by a social hour.

Since this will be Rev. Schoitz's last visit to the campus as the director of Lutheran Student work, it is hoped that many students will take advantage of this opportunity to hear him. He has recently accepted a call to be the senior pastor in the Trinity Lutheran Church in Brooklyn, N. Y.

Rev. Schoitz will also be visiting the MSTC, Concordia, and Oak Grove Seminary while in the Fargo-Moorhead area. He will give the 9 o'clock and the 11 o'clock sermons at the First Lutheran Church on Sunday.

Fellowship By Danforth

The Danforth Foundation offers fourteen graduate fellowships available to women students who will graduate this year and who plan to fit themselves for some form of Christian work. This means that if there is any girl on the NDAC campus who, as the Danforth Foundation says, is "super-tops" and who is interested in working to promote Christianity she may apply for one of these fellowships. In the period July 1, 1945, to May 31, 1946, each graduate Fellow will receive an award of \$1,000 for ten installments, with the further sum of \$300 for special expenses. The program will begin on July 30 and there will be five weeks of training at Camp Miniwanca, Shelby, Michigan. Then each Graduate Fellow will have nine months of service upon the campus to which she is assigned, subject to the possibility of withdrawing from the relationship in accordance with her own judgment and that of the Foundation at the end of five weeks.

Anyone interested in applying for one of these fellowships may call at the Dean of Women's office where further information is available.

Home Ec Seniors Meet

There will be a meeting of all seniors in home economics, Monday, February 19, at 4:00 p.m. The preparation of credentials and procedure in applying for positions will be discussed. A survey of job opportunities will be presented by Dean Davy and Miss Horton.

Art Club To Hold Contest

Five cash prizes will be awarded by the Art Club for outstanding posters submitted in support of the Fourth Annual Red Cross Drive. Entries will be judged in the Art Studio on February 20. First and second prizes will be awarded for the two best posters submitted by freshmen, and two awards will also be given in a separate contest for upper classmen. The art department is offering a special prize for the freshman girl whose choice of the prize posters most nearly coincides with the decision of the judges.

Slogans suggested for posters are: "Keep Your Red Cross At His Side", "Keep on Sending a Bit of Home to the Boys Overseas," "If You Can't Give Your Blood, You Can Give Your Money," and "The March of the Red Cross." Any appropriate original slogan is also acceptable.

Judging the posters will be Mr. Ray Ronning, Concordia; Miss Williams, M.S.T.C.; and Miss May Kelly, Art Director of the Fargo Public Schools. The judges and the winners of the awards will be honored by the Art Club at a tea held in Main Lounge, February 22, from 3:30 to 4:30. The prize posters, and posters receiving honorable mention will be exhibited in the Main Lounge at that time. All entries will be used during the Red Cross Drive in March.

Red Cross Gives Tea

On Friday, February 16, at four o'clock in the lounge of the Main Building, Dean Sevrinson and Dean Dinan will entertain members of Senior Staff, the Student Commission, presidents of organizations, and World War veterans now enrolled on the campus at a coffee hour. During the hour Senior Staff will present plans for the Red Cross Drive to be conducted during March and arrangements will be made to send "minute men" to the various organization meetings on the campus.

Whedons Entertain

Many of the girls from Dr. Whedon's classes, especially the Home Economics students, have been recent guests in the Whedon home for afternoon teas, given with the express purpose of becoming better acquainted with them.

While there the girls were privileged to see Mrs. Whedon's collection of China and Sandwich glass, and Dr. Whedon's pine rooms. The Whedons have just recently finished redecorating their home.

Elks Offer Scholarship

Through the Elks National Foundation, the State Association and the local Elks lodge, undergraduate scholarships ranging from one ten dollar award in war stamps to two \$600 cash awards are available to students throughout the United States. Six of these awards are confined to this locality. Any student on the NDAC campus who meets the requirements of scholarship, willingness to put forth an effort to succeed and in need of help to complete his education may apply. Forms are available in the offices of Dean Dinan, Dean Sevrinson and Dean Sudro who is chairman of the Scholarship committee.

Since all applications must be on file with the local lodge by March 1, it is important that applications should be reported immediately. This contest is open both to high school and college students. NDAC students from rural state localities may inform students from their community of the contest and tell them to contact their high school principal or superintendent for information.

Seaman Leaves

Gerald L. Seaman, well known figure on the NDAC campus and who has been assistant extension editor in charge of radio for the past two years, left last Tuesday for Milwaukee where he has accepted a position as head of the press and radio section for the regional soil conservation office.

Mr. Seaman came to the NDAC in 1938 and served in the capacity as assistant editor in the department of information and as journalism instructor. Previous to this he was engaged in the newspaper business in Pipestone, Minnesota.

Gunvaldson, Gwen Host, Jeanne Hendrickson, Betty Lou Payne, Dave Johnson, John Slingsby, Chuck Johnson, Nathan Crosby; Publicity, Nathan Crosby; Posters, Chuck Johnson; Tickets, John Slingsby and Laura Jane Hugelien; Checking, Claire Ward; Orchestra, Marjorie Peterson; Candidates, Ardis Swenson; Chaperones, Helen Brandstead.

The orchestra committee has secured Wen Schuh's eight piece orchestra so "Joe-Nick" has been put on the shelf for the night.

As a crowning touch for the evening, a King and Queen will be selected. Candidates will represent the various sororities and fraternities as well as Ceres Hall and the ASTRs. A picture of the candidates will be run in the next issue.

It's to be a real barn dance with all the trimmings—hay, etc. So wear your oldest or your best working clothes; but don't look like a city slicker. You'll be out-of-date, out-of-style, and out-cast on February 23, if you do.

Chemist Club Plan Program

The second meeting of the Chemists Club will be held on Tuesday, February 20, at 8 p.m. in room 204 of the Chemistry Building. An excellent program has been arranged and everyone is invited to attend.

The principal feature of the program will be an intensely interesting demonstration on glass blowing by Mr. Gunnar Johnson of the Cook Sign Company. Mr. Johnson received his training in Sweden and has since worked for the Rainbow Lights Company of Waterbury, Connecticut, and West Orange, New Jersey, before assuming his position with the Cook Sign Company. He is one of the most proficient glass blowers in the Northwest. Mr. Johnson's program will cover three main topics—glass blowing, the use of various gases in neon and other signs, and the various fluorescent effects that can be obtained. He will show how signs are made and operated and will demonstrate these things with a great deal of equipment that is used in the industry.

Another feature of the program will be a sound movie called "Chemistry and a Changing World." This film will be enjoyed by all who attend, whether they have a professional interest in chemistry or not.

Refreshments will also be served; however a small charge of ten cents will be made to defray expenses for these refreshments. Although a charge will be made for the refreshments, there will be no charge for the demonstration or the film, and all students and faculty members are cordially invited to attend.

REMEMBER?

When we used to be open evenings until 1 A. M.? As soon as employment conditions change, will resume our old hours again. In the meantime, we'll glad to serve you during regular hours and for banquets.

Open Forum

Well, whad'ya know! The gripes are pouring in thick and fast this week! We'd better begin recording a few of same before our mental mechanism reverts to its usual state—that of complete inertia. (We blame it on the strenuous week-ends. Friends, family, and fools believe us.)

Speaking of week-ends, one enterprising freshman girl has composed a bit of poetic stuff which aptly expresses the sentiments of the majority of her fellow students. The inspiring bit goes as follows:

"I can stand the shock of freedom Friday afternoon at four,
As from joy I nearly pass out
Passing out the Chem. Lab. door;
I can stand the gruelling weekend,
When with Morpheus I lose touch;
But, oh shock beyond endurance!
Monday morning's just too much!"

How's that for a universal gripe? How about those confettied snowdrifts clouding the air? Could the weatherman be double-crossing us after we've gone to all the trouble of developing a beautiful case of spring fever?

A very disgruntled individual (and rightly so, in our humble opinion, has the following to contribute to our column: "The reason for my discontent and consequent gripe is the students' apparent apathy toward the college social functions. Whenever a party is sponsored by the Y, by the Student Commission, or by other organizations which are sincerely trying to get the campus on its feet and back to life, what happens? You've guessed it. Only the "same few" attend. Honestly, it is discouraging. The old NDAC was never like this before. I realize that there were a few more men then, but this demonstration of inertia isn't caused entirely by the war. The students have let their spirit deteriorate until finally the school won't have any social functions. If I were sure that's what everyone wants, I wouldn't have submitted this gripe.

Let's make our next party a big success. We need school spirit and need it badly!" Well, how about it, readers? Does your conscience prick you to buy some vitamin pills or else to just plain "wake up"? If it doesn't, do you think it should?

Here's a griper who is very unhappy indeed. It seems he (or she) has a definite desire for music, especially under certain conditions; and this desire is not being satisfied. Here's what our friend has to say: "Why doesn't our band play more college songs at the basketball games? The band could do much to enliven the crowd and bring back the lost school spirit. We remember the

Gripes are wanted by the "Open Forum." Gripes they will get. The Army has a different word for griping. Anyway, the main gripe seems to be why the ASTs don't get their names in the paper more often. We are vain creatures and like to see our names in print. Number one hint would be for the fellows to get a handy, pocket sized, unabridged edition of the college directory which comes in handy yellow booklets. Number two hint would be to put a few names in this column.

For instance, by far the queerest pair in the barracks are Al Goldberg and Gordie Bell. Like the little shadow, "what can be the use of them is more than I can see."

Wish to amend a statement

day when the band played enough numbers to prolong games as much as an hour. Now three or four numbers seems to be the limit. And some of that's Boogie. Why doesn't the band play before the game, when time out is called, and at quarters and halves? AND at the end of the game, we want to hear our school song, "The Green and Yellow." We agree on more band music. We've got a swell band, and it would be nice to hear them play even more than they have been playing.

Somebody always seems to be griping about not getting enough letters. Are you sure your friends know your address? Are you sure you know theirs? Do you ever write to them? Do they ever write to you? Well, here we are right back where we started. Ain't it awful?

Speaking of awful things, have you been informed of your mid-term grades as yet? (No insinuations intended, of course.)

They might well be classified as the thrill of the week. Personally, we prefer the quiet existence: never open a book, sleep until noon and cut classes every day—we're living the life of Riley. Wonder what happens when Riley comes back?!

If this column isn't here next week, you'll know he came.

made previously in this paper, McGinnis was holding her hands after two dates.

Big job Ross has got one of those unmentionable things. Don't get me wrong. I mean a C pass.

Next to women, the big headache around M. R. H. is boxing basketball. Trying to shoot a basket with boxing gloves on and left hooks flying at you; is like driving a car from the backseat with no steering wheel. Also the guys treat each other like Krupa treats his skins. They really pound heck out of each other. Didn't see it, but heard that Swede was playing last Friday, like the other team were identical quintuplets. Each quint being a certain math teacher at a school I wouldn't need a telescope to see.

As a body, we gripe against restrictions. You Ceres Hall unfortunate, don't complain. Some of us have been restricted half of this quarter—or Moore. Six weeks out of twelve. How does he do it? Quote, "It's easy."

I think that Coach Kaiser has discovered that it is the lack of people at basketball games that makes things so quiet. This campus really needs some life. If it doesn't get a shot of adrenalin soon, it'll fold up from lack of kick. The only quantity now which makes things move is inertia. All of us gripe about no spirit at our school, yet none of us are doing anything about it. Well, how about doing something about this gripe. Let's go to the game this week, the whole darn school and really make those bleachers buldge. How about a little life before the game as well as after.

Speaking of after the game, you can always see Lash with a woman, Feir with Hillaboe, and Larry with a sliderule.

Slide rules give me a pain, so I'll be goin'. Solong . . .

ODD: Another adage: Absence makes the heart grow fonder. Mary Cummins (who has a diamond) either has no heart or can't grow any fonder of the absent one. Cummins had a wonderful time dancing with John S. (standing for Schonberg). Darlene Jones (who has a pin) is in the same class. Only she doesn't trifle with dancing. She has good taste tho, Bill Lines can't beat.

END: Bill Stockman's line. He seldom fails to warn a girl not to fall in love with him when he takes the lucky female to her door.

ODD: Lu McDermott doesn't believe in doing anything half way. She is either all the way off or definitely on.

&: My faith in my college cohorts has been revived. I haven't seen students acting like unsophisticates in a long time. Most refreshing to witness the POP, SAE snow fight.

END: Little ol' Jean Finnegan is really a live wire. If things are draggin' and Finnegan walks in, you can count on a mad time from there on in. She's good to have around.

ODD: Jean Browman has a diamond. She insists it isn't from Frank. Try as I did, I couldn't find out who donated it to the cause of gossip.

&: Butchie Holmes should be

a cover girl. She has that fresh, naive, clean look that so few girls have or want anymore. I like it.

END: Do you know what some of the AST boys do for excitement on week-ends? They "hook" buses. I joined in on the fun but wrecked a pair of my expensive lyle stockings. Next time I think I'll borrow Betty Chapman's overalls.

ODD: Jerry Smith and Sherwood "Shertz" Monroe crashed the co-ed prom last Wednesday nite—where was Little Red Riding Hood? Oh, ha, ha.

END: I received a letter last week! It wasn't a V-Mail. It was from some student(s) who were complaining about the way this stuff is written. They asked for subtlety, i.e. what gal took what sorority sisters ex(underlined) to their term party. . . . Personally I believe in brick bats.

It is rumored that five fellows dashed into a certain florists, ordered corsages and dashed out. Later, several girls received corsages and are still wondering who they came from.

ODD: Have you noticed the new hair style worn by big Andy? Wonder where and how in the world that could have happened. If it were summer we'd think he'd gotten it on a lawn mower. Oh! well, anything for a laugh!

Series FROM Ceres

How shall I begin—how shall I start? A beginning is a very queer thing. The journalism books say that we should start with a bang, a sparkling lead, something to attract attention. Here goes: If anyone should ask why some girls wear slacks to the cafeteria at noon—here's my answer. Did you ever watch Lt. Fleek's eyes as the girls walk up and down the line? Our thoughts appear on our faces, a wise man once said. He was very wise. Chuck Johnson, he of the inch-long stubble on the chin and a goodly growth also on the upper lip, is certainly a friendly sort of guy—how about that, Jean Johnson?

Valentine's Day brings so many wonderful things—candy and flowers are in profusion all over the dorm this week. Candy for Ardys Nelson and Pat Johnson and flowers for Mary Grommesh. Your roses are beautiful, Mary!

The mass walk-out ended with a bang Monday night with a sing in front of the dorm at midnight, with Mrs. Kirst joining in on the final chorus of "For Me and My Gal." The walk-out was planned with whispers on Monday morning and the word went around quickly that eight-o'clock bells were to be forgotten on Monday night. As we walked into the theater at 9 we found rows and rows of Ceres Hall girls enjoying their temporary freedom. At 12, the gathering in front of the Y was noisy and happy. As each bus brought another load of girls, loud cheers were emitted and the singing grew louder. When everyone was gathered, we began a snake dance down 13th Street, and wound around and around till we reached the dorm, tired but triumphant. Did you notice all those yawns Tuesday morning, though?

Apologies to Eileen Stewart for omitting her name from my column last week with the rest of

the upperclassmen who had so much fun being little devils. It was even her idea. I'm sorry, Eileen. Welcome back, Janet Drawz. Chicken pox have their advantages when you consider all those eight o'clocks you might have been going through, haven't they, Janet? If she asks any of you for a pillow in any of her classes, please be kind and give her yours, 'cause she's kind of used to sleeping about 20 hours out of every 24, after two weeks of it. Hey, John, did you know she was back? Sleep is such a wonderful thing. I lay me down in my little white bed at nine, thinking dreamily of 10 hours of lovely, unadulterated sleep, when my conscience comes out of hiding and reminds me of the Spanish I haven't done, the Chmeistry assignments I haven't read, and the letter home I haven't written. I jump out of bed, thinking those little jobs can be done in half an hour. When I get back in at 11:30, I drop off to sleep, thinking this is really it, when my door squeaks slowly open and someone comes in and pours cold water drop by drop on my weary forehead, or asks with a giggle how the crackers feel. Me, who was too tired to even know they were there. But when someone comes in at midnight and sets my alarm back, thinking I am sound asleep, or deposits a wastepaper basket and a few stray chairs in my closet, I get discouraged, jump out of bed, and go to join the rest of the night-owls in a good gabfest. Gosh, sleep is a wonderful thing, isn't it. But where is it? I like school. It's so educational. But you learn such funny things. How to study at any hour of the day, in any spot. How to drink cup after cup of tea or coffee. How to sleep on a bed of boards. How to ask your best friend if you can borrow her black dress for your big date. Oh, education, o-o-o-o-h!!

NDAC Wins Game Series

Ending a four-game series with a 3-1 majority, the NDAC Bison defeated the UND Sioux with a score of 51-44. The game was played on the NDAC court last Friday, February 9.

The Sioux made a battle of it during the first half of the game. At the end of the first period, the Sioux were leading 12-8, and not until half of the second quarter had elapsed did the Bison go into the lead to stay. At this point, Phil Feir dropped in a bucket to tie the score 16-16. By the end of the second quarter, Feir and Charlie Edwards had brought the score up to 21-16.

Ernie Wutzke and Jerry Kenyon, both from the UND squad, played good ball for the Sioux and netted 15 and 12 points respectively. Harry Meginnis, although scoring only two baskets, was the Bison's star player. His standout defensive play enabled the Bison to get the scoring lead.

The third quarter saw the Bison leap ahead in their scoring position, which, at the end of the third period, was 31-24. Although even the regulars were removed from the game during the fourth quarter, the Sioux were unable to rally themselves for a comeback, and the Bison Herd completed the game with a lead of seven points.

Bison Lose To Jimmies

Jamestown's Jimmies made it two in a row last Saturday whipping the NDAC all-civilian basketball squad 47-40, on the Bison home court. In the initial game of this series last month the Jimmies defeated the Herd 46-33.

Scoring began early in the set-to with Willard (Red) Peterson completing a long shot. The Jimmies were held scoreless until midway in the first quarter when Sei Adachi put them in the scoring column. By the end of the period, the Jamestown quintet had evened the score, 10-10.

The second period got off to a fast start with a setup dropped in by Leo Molland of the Jimmies. From then on, Jamestown gained quarter advantages of 29-20 and 35-31.

Don Hofmeister was the stand-out for the home team, netting 15 points for himself. Even with him in the scoring column was Sei Adachi, the Jimmies' speedy forward.

With a 44-31 score late in the final period, the Bison were unable to tally more than four buckets from then on, and effective stalling laid the decision before the Jimmies.

Bison Meet Navy V-12s

This weekend the home Bison will meet two Navy V-12 basketball arrays in the personage of the Valley City State Teachers College Vikings and the Minot State Teachers College Beavers.

The all-civilian Bison quintet will take to the road to face the Vikings at Valley City on Friday night. Friday's game will be the second meeting of the Bison and the Vikings. Previously AST Bison defeated the Vikings by a sizeable score, but with the showing the Valley City team has been making of late, they are figured to be more than a match for the NDAC civilian cagers.

On Saturday the Bison will play on their home court with the AST unit meeting the powerful Minot Beavers. This will be the first meeting of the two teams this season with the outcome figured to be a tossup. Game time will be 8:00 p.m. in the Field House.

Played last Friday, February 9, the game showed both teams to be ragged from lack of practice. Donald Hofmeister, Sigma Chi, was high-point man for both teams, with eighteen points. Stan Simons was second with fourteen points for the winners.

CH Open House Turnout Good

On Sunday, February 11, from three to five, the Ceres Hall Club held its annual Open House. The event was considered very successful by all who attended. One hundred and thirty-eight names of Ceres Hall girls and guests were recorded in the guest book. Piano music by Carolyn Bohrer furnished a background for the festivities, and later the guests joined in informal group singing, accompanied by Carolyn Bohrer, and Naomi Schuricht.

Friendships were renewed and new acquaintances made as the guests enjoyed cookies and punch served by members of the lunch committee. Lunch and decorations were based on a St. Valentine's Day theme.

Present were members of the faculty, ASTRs, local NDAC students, and relatives and friends of Ceres Hall girls. A large measure of the party's success may be attributed to the careful planning of the committees appointed by the co-chairmen of the function, Beverly Anderson and Mary Grommesh.

The committees were as follows: Guestbook — Gwendolyn Akason, Judith Gessner, Margaret Anderson, and Joyce Smith; Hostesses — Mary Grommesh (chairman), Eileen Stewart, Marge Paul, Laura Pollman, Allison Hartz, Sue Naaden, Ardyce Nelson, Wanda Nienas, Jean Gowenlock, Carol Prichard, Jeanne Johnson, Pat Pushor, Nancy Headsten, Ellen Davis, Dorine Smith, and Averill Stinar; Lunch — Eleanor Juhlke (chairman), Colleen Keck, Evelyn Wyum, Georgia Pederson, Verna Grage, Phyllis Nickeson, Marge Cormack, Gloria Behrbaum, and Barbara Morse; Music — Naomi Schuricht (chairman), Betty Johnson, and Vila Seidel; Decorations — Doris Dean (chairman), Alice Hansen, DeLores Akason, Pat Johnson, Eileen Brenden, Carol Freedland, Mary Ann Ringwall, Freddy Cooper, Lucille Slominski.

Y Recreational Fund Needs All Cooperation

Students!! Wouldn't you like a complete deck of cards? Wouldn't you like to play ping pong and how about some new ash trays and new records? Now is your chance to help the "Y" start a Recreational Fund. After all, it's the students that lose the cards, break the records and lose the ping pong balls. Really, it's your "Y"—let's improve it.

Guys and gals alike, bring magazines to the "Y" when you finish them at home. **Life, Look, Reader's Digest**, and many others are all welcome. Of course, they must be current and in fairly good shape.

Starting this week, there will be placed on the center table at the "Y", a container for your contributions. Any amount will be appreciated, so let's all join in and help the "Y" get new games and repair the upholstery (not meaning George Howe and BJC). When you break that next record, or lose that ace, remember to trot up to the bottle and to drop in that dime or 50 cent piece you have wrapped in your pudgy little fist! The students thank you.
