STATE COLLEGE STATION, NORTH DAKOTA, FRIDAY, APRIL 4, 1941

NUMBER 24

## Brevities Cast Plays To Large House

### Phi Kappa Phi Elects Seven

Phi Kappa Phi this week selected seven seniors from the graduating class to be added to its roster. Chosen on a basis of scholarship, leadership and character, they are:

Lloyd Brudvig (Ch.)  
Leslie Brecke (Ch.)  
Robert Beard (Agr.)  
Jean Halbeisen (H. E.)  
Willard Waldum (AAS)  
Ray Stangler (Agr.)  
Eugene Blanco (Ch.)

New members, according to Ruby M. Grimes, secy-treas. of the fraternity, will be formally initiated during a recognition convocation at a later date. Honoring the fall, winter and spring term initiates, a banquet will be held.

#### Scholarship Candidate

Elinor Johnson, education senior, Sherwood, North Dakota, is the local chapter's candidate for the Sparks scholarship, a national fellowship offered by Phi Kappa Phi.

A senior in the school of agriculture, Raymond Novak will receive the Walter L. Stockwell award, granted the senior student adjudged "most likely to succeed." Established by Mr. Stockwell, a Fargoan and alumnus of Phi Kappa Phi, the award went last year to Marjorie Handy.

#### Fall Elections

Fall term elections named Elinor Johnson, education; Ray Novak, agriculture; Jane Blair, education; Clifford Cortright, civil engineering; Kathryn Odney, pharmacy; Bernell Sebby, electrical engineering; Joe Kufner, agriculture; Myron Olson, civil engineering; Luella Midgley, home economics; Paul Rice, chemical engineering; Franklin Heggeness, arts and science; and Lawrence Larson, arts and science.

During the winter term Phi Kappa Phi elected to membership Kenneth Neumann, arts and science; Robert Bogan and Kemble Lewis, chemistry; Raymond Boone and Raymond Olson, agriculture.

Dr. C. E. Swisher, professor of physics, is the newly elected president of Phi Kappa Phi. Other officers are Ruby M. Grimes, vice-pres.; Earl A. Helgeson, secy-treas.; and Lucille Horton, journal correspondent.

### Cadet Officers Get New Posts

Promotions of cadet corps officers effective this term have been announced by Lt. Col. John R. Mendenhall, professor of military science and tactics.

First Lt. Harvey E. Stangler now holds the rank of captain. New first lieutenants are Donald C. Jones, Richard J. Knapp, Curtis E. Meland, Ira A. MacDonald, Paul F. Rice, Fred P. M. Thompson, Glen A. Waller and Charles C. Wattam. All formerly were second lieutenants.

A new second lieutenant is Payne O. Lysnee, a former first sergeant.

### Popular Star Very Versatile

When Grace Moore sings from the Festival Hall stage next Wednesday evening, April 9, the population of Fargo will have swelled considerably, for a large out-of-town audience is promised for the event. It is a fact of long standing that whenever Grace Moore, America's "Queen of Song", hits a small town, that town becomes a metropolis for the night of the concert.

Although Miss Moore, by virtue of her beauty, charm, and talent, may be thought of as a modern Cinderella, her ascension to the pinnacle of success was not a quick, fairy-goodmothered event. Rather it was the result of years of hours of practicing not only the technical side of singing, but also of studying languages, composers, stage technique, operatic work — in short all the things that go into the making of a top-notch radio, screen, concert, opera, and, believe it or not, a musical comedy star.

Next Wednesday's concert, beginning at 8:15, is sponsored by The Little Country Theater, as an extra feature of the lyceum series and is

### Meisch Named For Coveted Rome Prize

Francis R. Meisch, instructor in the department of architecture and architectural engineering at North Dakota Agricultural College, has been named as one of eight finalists in the United States to compete for the \$1,000 first award in the Rome Prize architectural contest, reports T. L. Hansen, chairman of the department.

The Rome Prize is a coveted architectural honor and before the current war in Europe earned for its winner a year of study in Rome, Italy. Now the cash award of \$1,000 is given. All single men in the United States were eligible to compete in the preliminary competition, and the placing of Mr. Meisch among the eight finalists is indicative of his ability as an architect, Mr. Hansen says.

Meisch will be given the subject for his final sketch on April 19, and judging of the eight final drawings will be made on May 24. A sketch of a federal building was the subject of the preliminary contest. Meisch will make his final sketch in the architectural laboratories at NDAC.

Meisch joined the NDAC architectural staff in September, 1940, coming from the Massachusetts Institute of Technology where he received his masters degree. He was also a finalist in the Rome Prize contest while a student at the Massachusetts institution. He received his bachelor of science degree from the University of Minnesota.

### Tryota Club To Elect Officers At Buffet Luncheon Wed.

The buffet supper for Tryota Club members originally scheduled for April 8, will be held on Wednesday, April 16 at 6 in the Y auditorium.

Election of officers, several short skits, the announcement of winners of the symbol and song contest, and presentation of the annual cash award to a representative Tryota member who has maintained a high scholastic average, will comprise the program of the evening. In addition, special recognition will be given outstanding Tryota members.

Doris Margaret Larson and Betty Stranvold are in charge of decorations and tickets respectively.

Any remaining entries for the symbol and song contest should be turned in to Irvamae Vincent, Tryota Club president, or to a Tryota council member.

### Fellowship Granted For NDAC Research

The Dow Chemical Company of Midland, Mich., has provided a \$500 annual graduate research fellowship at North Dakota Agricultural College for the study of cellulose products, reports Dean L. L. Carrick of the NDAC School of Chemical Technology.

William J. Hedelund of Moorhead, Minn., a graduate assistant in the NDAC chemistry division, has been named as the recipient of the fellowship. He will spend three months this summer working for the Dow Company and then will return to NDAC next fall to begin research work. He will study the utilization of cellulose (material found in plants) in the manufacture of protective coatings. The fellowship is expected to be continued for several years, Dean Carrick says.

### Saddle And Sirloin Sponsor Stock Judging Contest April 16

Sponsored by the Saddle and Sirloin club for all upper-classmen in the school of agriculture, the annual student judging contest will be held Wednesday, April 16. The pavilion will be the scene of the contest in the morning, but the afternoon portion of the competition will take place in Morrill hall.

Contest judges will be: Dairy, Al Meyer, Fargo; Harry McLachlin, Animal Husbandry Department, Horace; Beef, Harold Hofstrand, Churches Ferry; Sheep, Jim Gannaway, Albert Lea, Minnesota; Hogs, Warren Dodds, Moorhead.

#### Contest Personnel

Departmental superintendents are: Beef, Oscar Juntunen; Dairy, Julius Walth; Horses, Robert Brasstrup; Hogs, Ivan Johnson; Sheep, Arlo Dietz.

George Dike will act as time keeper and Al Hall, Frank Johnson, C. F. Borthfeld and Wayne Owens will be score keepers. Registrars are Harvey Stangler and Hollis Omoldt. Squad leaders are Everett Tool, Russell Schroeder, Frank Hobbs, Curties Berg, Joe Kufner and Henry Ness.

Results of the contest will be announced Saturday evening, April 19, at the Saddle and Sirloin dance.

#### Medal To Winner

Awards to be presented are as follows: Medal to the high individual in the contest; ribbons to the second and third high individuals, and a ribbon to the high man in each class of livestock.

Alvin Hall, agriculture senior, was the winner of last year's judging contest.

All underclass students in the school of agriculture are urged to compete.

#### NOTICE

Applications for student commission posts must be filed with the commissioner of elections before 8 p. m., Wednesday, April 23.

Kay Odney  
Commissioner of Elections.

### YW Elects Cabinet, Committee Members

Chosen from the membership at large and the Sophomore Commission were the following new YW cabinet additions: Mildred Duckstad, Betty Lou Thompson, Helen Larson, Norma Vasenden, Anabelle Donovan, Marion Nelson, Jean Hoelt, Bernice Wichmann, Mina Askegaard, and Betty Gage.

Also selected was a campus sister committee which will work for the coming season with vice-president Margery Fjeld, who automatically becomes campus sister chairman. The committee consists of Dorothy Alm, Wanda Lee, Fannie Helen Dygve, Eunice May Solberg, Eleanor Erdahl, Helen Warner, Phyllis Grover, and Mary Kingzett.

The groups were installed at the recent YW installation of officers.

### To Chicago

ROBERT PILE, sophomore in the School of Agriculture, has been named to represent the college in competition for the \$500 Sears, Roebuck scholarship given each spring to an outstanding sophomore to aid him in attending college during his junior year.

### Civil Service Offers Architectural Posts In Defense Program

An examination for architects in the national defense program has been announced by the U. S. Civil Service Commission for positions paying from \$2,000 to \$4,600 a year.

Persons may qualify in design, specifications, or estimating, the duties of the positions being based upon these divisions of work.

To qualify as junior architect at \$2,000 a year, applicants must have completed a 4-year architectural college curriculum in either architecture or architectural engineering. For the other positions, completion of a 4-year college course in architecture or engineering is required, as well as appropriate professional architectural experience in the optional subject. Additional architectural or engineering experience may be substituted for the college study.

Applications must be filed at the Commission's Washington office not later than May 7, 1941.

#### EVERSULL TO SPEAK

Dr. Frank Eversull will speak Sunday at 3 p. m. at a rally of Congregational Youth Groups. Members of the First Congregational Group will act as hosts.

The rally will include a short worship service, Dr. Eversull's talk and a panel discussion. Lunch will be served at a small cost of 25c per plate, during which community singing will be featured.

### Alumni Will Fete Letterman

The NDAC alumni and former students association will be hosts to over 200 Bison lettermen of this and former years, and friends of the college Saturday night at 6:30 in the Ceres hall cafeteria. The dinner is given in honor of this year's lettermen and members of the Bison coaching staff.

Main speakers for the banquet are Dr. Frank Darrow, NDAC graduate, and Herbert G. Nilles, UND graduate. Edgar I. Olson, alumni president, will be toastmaster.

Coaches Bob Lowe and John Smith will introduce members of the Bison basketball and football teams and last spring's track and golf squads.

Stan Kostka, new football coach, will be introduced by Pres. Frank L. Eversull who will also present members of the Board of Athletic Control. On the athletic board are Dr. O. O. Churchill, acting athletic director; Prof. Rudolf Otterson, Dr. J. T. E. Dinwoodie, alumni member, and student members Arnold Johnson, Bob Yeasley and Bob Sheard. Don Johnson, football captain, and

### 'Too Many Girls' Highlighted By Original Music, Settings; Final Performance Tonight

BY PETE LEWIS

The first showing of the 1941 Bison Brevities production, TOO MANY GIRLS, was presented to a large enthusiastic audience last night in Festival Hall.

The full fledged musical comedy starred Harriet Shigley, Hattie Gunvaldsen, Kay McDunn, and Marge Ness in the feminine leads with Kenny Jones, Wayne Gustafson, Pat Regan and Herb Harris doing the male honors.

Jones in the role of Jojo, one of the four eastern football stars hired as bodyguards to follow Conny Casey to Potowattamie college at Stogap, New Mexico, stole the show with his caustic comments and quips. Making the most of a good part, he starred in every scene in which he played.

### Broschat New YM President

Morris Broschat was named president of the campus Young Men's Christian association in the annual election Tuesday. Clark Heggeness, incumbent president and the other candidate for the presidency, automatically becomes vice president.

Other officers are Art Walen, secretary, and Bob Pile, treasurer. Glenn Lawritson, the only candidate, was named to the advisory board for a three year term.

In connection with his post as treasurer, Pile will also conduct the membership campaign next fall. The vice president is in charge of work with the junior and freshman cabinets.

### Orth Elected By Ag Group

Everett Orth has been elected president of Saddle and Sirloin, agriculture group, to succeed Robert Brasstrup. Willard Griffin was named vice president; Loran Ladwig, secretary; Reuben Ruud, treasurer; Howard Olson, assistant treasurer; Robert Pile, historian.

#### ASAE NAMES LORENZEN

Robert Lorenzen, sophomore in agriculture, was elected president of the American Society of Agricultural Engineers. Kermit Chapman was named vice president and Everett Marquardt, secretary-treasurer.

#### EMO TO HEAD AZ

John Emo, junior in agriculture, has been elected president of Alpha Zeta, honorary agricultural fraternity, to succeed Frank Johnson.

Willard Griffin was named vice-president; Andrew Vanvig, secretary; Paul Weiser, treasurer; and Clarence Becker, chronicler.

#### 4-H CLUB ELECTS PILE

Robert Pile, sophomore in agriculture, has been elected president of the college 4-H club.

Other officers elected are: vice president, Genevieve Hamilton; secretary, Russell Heine; treasurer, Harold Sieber; social chairman, Gordon Potter.

The four football players did a fine job of stepping in at old Potowattamie, a college that "plays football every Friday," stepping up its football power as well as the heart beat of the female student body.

Outstanding was the music, directed by Paul Hanson and played by the 35-piece orchestra. Overtures before the scenes built up the dramatic effect immensely.

Phi Omega Pi sorority, Theta Chi fraternity and Ceres hall will have new cups on their mantles as the result of the Bison Brevities ticket sales contest, Max Campbell, business manager, announced. They won first place in their respective divisions.

ed by Paul Hanson and played by the 35-piece orchestra. Overtures before the scenes built up the dramatic effect immensely.

One of the best parts of the musical teamed Harriet Shigley with Pat Regan singing I Didn't Know What Time It Was, the hit tune of the original.

Wayne Gustafson had the difficult role of the South American football and woman chaser. Assuming the gauchito accent convincingly, Manuelito produced some very good comedy in his scene with Marge Ness, who played the part of a torrid little southern gal.

Staging of the production, Too Many Girls, was well-handled, with lighting playing an important role in the show's effectiveness. The five sets were constructed by Bill Snyder and designed by Mason Arnold, who also designed all the costumes for the musical. Campus sets were particularly effective.

Hessie Gunvaldsen, playing in her first Brevities show, put over the title song, Too Many Girls, in fine style.

Of the student-written songs, Why Did You Lie to Me, by Warren Hanson and Money in My Pocket by Paul Hanson deserve special mention.

The leads did a fine job of acting and used the brilliant dialogue of the Broadway hit to the very best advantage.

Credit should go to Lorraine Fitjar for directing and bringing into shape the difficult show, Too Many Girls.

### Delta Psi Kappa Hostesses At Phy Ed Luncheon Thursday

Pi chapter of Delta Psi Kappa were hostesses to the Alpha Beta chapter of MSTC and all Delta Psi Kappas attending the Physical Education convention at a luncheon in the Graver Hotel Thursday.

Special guests were Miss Beatrice Wartchow, Mrs. George Poge, Marguerite Lehman of Greeley, Colo., Dean Pearl Dinan and Miss Flora Frick of the MSTC faculty. Miss Frick will present the highlights of Delta Psi Kappa in the national defense program.

LaVerne Knudtson, president, acted as toastmistress, and Genevieve Olson led the group in the singing of Delta Psi Kappa songs.

In charge of arrangements were Evelyn Olson, Kay Odney and Betty-mae Iliff. Buff roses and replicas of the fraternity pin were used in the decorations.

#### NOTICE

All letters of application for editor and business manager of the Bison are to be handed to Betty Critchfield by Wednesday noon, April 9.

## ● another plea for care

Do you recall last fall when you came back to College how attractive our campus looked? This was due to the fine cooperation received last year from the students and faculty, and the work of the campus committee. This is your College, your Campus, and therefore each individual should take upon himself the responsibility of seeing to it that the campus beautification program is carried out.

Several ways that would be of great help are:

1. Use sidewalks provided.
2. Don't cut corners.
3. Observe signs that are placed on various parts of the campus—they are there for a definite purpose.
4. Refrain from marking buildings, outside as well as inside.
5. Do not park cars on campus greens.
6. Do not play softball, football, golf, etc., on campus greens—there are places provided for these.

We would appreciate your whole-hearted cooperation, and when you yourself return to your Alma Mater you may look upon the campus with pride and feel that you had an active part in perfecting it.

CAMPUS COMMISSIONER AND COMMITTEE.

## Tips on Toppers

LORRAINE NELSON

### Cinema Forecasts—

After a long absence from the screen, Eleanor Powell comes back in M-G-M's version of "Panama Hat-tie."  
Charles Ray of the silent pictures returns in the film, "The Man Who Lost Himself."

Another star is coming out of "retirement". Shirley Temple, now nearly twelve years old has recently signed a new MGM contract for more pictures.

### Important New Books—

Lovers of fine books will welcome the new special edition of Thomas Hardy's early novel, "Under the Greenwood Tree", illustrated with wood engravings by Clare Leighton (Macmillan, \$3.50). Publication of the book marks the centenary of Hardy's birth.

A popular and intimate introduction to philosophy and twenty-one philosophers is provided in "Living Biographies of the Great Philosophers" by Henry and Dana Lee Thomas (Garden City, \$1.98). A human and vivid gist of the philosophies from Socrates to Santayana is presented in a simple and interesting manner.

### Recorded Music—

"Swing Your Partner" is a popular new album, containing the most representative of old-time square dances. Played by Bill Dickinson's Tuxedo Colonels, the dances are called by enthusiastic Paul Conklin. C-34 (27265, 36384-36386).

The NBC Chamber Music Society of Lower Basin Street has at last recorded some of its highly individual music. Album P-56 (27302-27304) contains selections by Mlle. Dinah Shore; Maestro Paul Laval's Wood-windy Ten; Professor Sidney Bechet; Dr. Henry Levine and his Barefooted Dixieland Philharmonic.

## Blunders

By BOLDT

As we breezed from spot to spot the other nite watching and waiting for something to happen, we ran into Doris Selvig with Myrtle "IHC" Anderson looking at the fishes in the Moorhead Aquarium. A little later we were caught in the backwash of Ronnie Hocking's propeller at the Fun Club. Riding in the observers cockpit was Mary McCannel.

It seems that the Sig's are getting their share of candy of late. This week Sonny Olson passed suckers. Don't let it get you, after all it happens to the worst of us. On the other hand there is talk that Nees and Fahrer may take another crack at it after the Brevities.

### Suckers

While the SAE boys aren't getting suckers we understand that they're having trouble with Fuzzy Jameson trying to get his cigars back. He got his token of affection back from Mickey "Honor Point" Ristvedt. Somebody told me the girls here took those things seriously. End of joke.

If Wilder Wylie seems to have a rather beaten look these days its only because of the answer he gave father the other a. m. Says father, "What's the idea of coming in at 4:30?" Says Wilder, "Gosh Dad I have to sleep sometime".

The pledges of two of our campus sororities turned the tables on the actives last Monday eve. It seems that instead of being good girls and going to meeting the way they should the kids took the nite off and had fun. This fun included Barney's Green Gables Tourist Camp, Swanee's (no longer the men's store) the Blackhawk and other recreation centers. So if you notice the POP or Gamma Phi pledges going through a rigorous week come next Monday you've got the answer.

### Another Passing

Once again we shall don our sack cloth and ashes to mourn the passing of another campus legend, in the form of Dean Jack Garry of the Hasty. It seems he has a job, which proves that anything can and does happen, no matter how we fight against it.

In closing may we say that it will be worth your while to go to the Brevities if only to see "Wiggles" Schollander do his dance. That kid has more loose joints than East Grand Forks. If you doubt it, go see for yourself.

### NOTICE

Special student tickets for the Grace Moore concert to be held in Festival Hall Wednesday evening may be purchased for seventy-five cents upon presentation of student activities ticket. Tickets for the performance are now on sale at the Little Country theatre.

## A 'Carrick'ature Of Pa

By DEAN CARRICK

The main elements of the human race are man, woman sister and brother, to whom are assigned the symbols, Pa, Ma, Si and Br., respectively. While differences exist between each, yet all are composed of oxygen 65%, carbon 18%, nitrogen 3%, calcium 2%, phosphorus 1%, potassium 0.35%, sulfur 0.25%, sodium 0.15%, magnesium 0.05%, iron 0.004% and traces of iodine, fluorine and silicon.

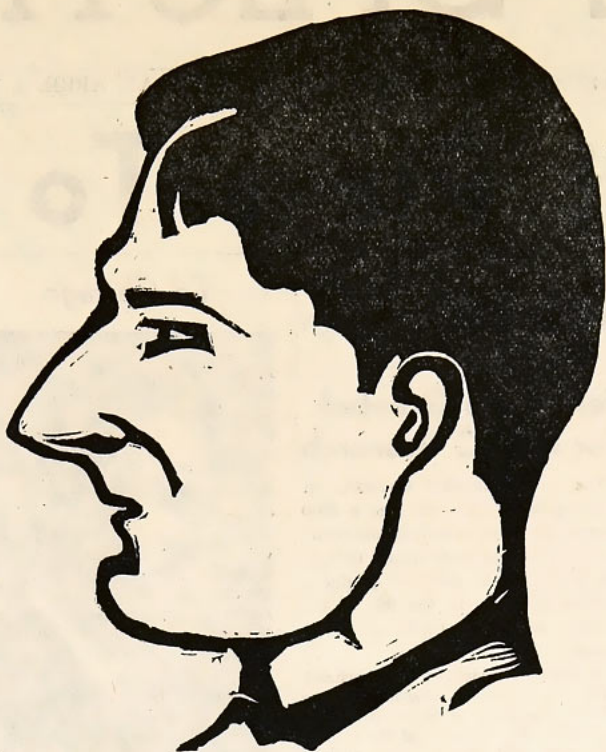

While the similarity between Ma, Si and Br. and the corresponding chemical elements are more or less apparent, the human element Pa needs further elucidation. Pa on the chemical market is worth only 99 cents. Historically, Pa is the oldest known human element. Pa holds the distinction of being created in the image of God. Pa has existed by itself but prefers association with Ma.

Pa occurs most abundantly in the free state. In the combined state, it is alloyed with Ma, from which it has been segregated in the pure state. Pa once combined abhors the nascent state. Pa has been called the noblest hand work of nature.

### Physical Properties

The accepted atomic weight of Pa is 150, with isotopes ranging from 75 to 500. Allotropic forms exist. The density, transparency, hardness, color, boiling and freezing points vary within wide limits and are more or less dependent upon the climate, habitat, and association of the specimen. The native colors are white, black, yellow, red and brown. The white variety turns red or purple when heated to the boiling point. Some specimens sublime. The color change is often obscured by an obnoxious growth of hair on the face. The age of the specimen is determined either by the length of the hair or the development of a polished surface on the head. From some specimen

## 'Too Many Girls'

CUT BY MAURINE STEINER

Between sending orchids to pretty girls in hospitals and telling his fraternity brothers what a leader he is, this mighty mite found time enough to make possible the hit show, Too Many Girls. The only thing Campbell claims he hasn't enough of are tickets to the Brevities—70 years from now he will open his treasure chest and show his grandchildren the tickets he didn't give away. "Anyway, Max Campbell is a good man," quote J. Maxwell Campbell.

## Friday's Orphan

By JOHNNY BLAKE

Having heard about the campus that the show was to be a big hit and having Maxie Campbell say hello to me now and then on the campus even when he was with Blue Key fellows I rather figured here's where I really tear the social world wide open and do a little showing off—as little as possible.

So I goes over to Festival Hall . . . that's where they're holding it this year . . . and asks "how about a couple complimentary tickets for the show, Maxie." I guess Max doesn't hear so well any more so I goes inside and asks him again. I don't know whether it's my clothes or the Esquire magazine but Max sure does laugh like all get out . . . which I begin to do about this time. But Max calls me back and tells me that 'cause I worked faithful-like for him maybe he could fix up a couple tickets for me.

Confidence  
That's all it took. My self confidence was again restored—imagine Blue Key giving me free passes to the

Brevities show TOO MANY GIRLS? (If you can I'd surely like to have your imagination 'cause I can't). Then with more confidence than a clerk working in his father's store, I dials 22561 but she isn't in so I talks over my good fortune with Mrs. Kirst. She's not interested but assures me what's-her-name has just gone home for the weekend and 'cause of the muddy roads has been delayed but will be in on time for the show.

Blake  
Abbott has his car that nite so he lets me off at Ceres kinda early and goes looking for a parking space. Maybe it was a little early but heck, the fellows were already through who eat at training table and I just had to talk it over with them . . . gee, I wish Marquardt would show me the trick of tying scarves . . . can you imagine him charging me a nickel each time? Finally the date comes so we start out for Festival. I tells her that it's sure to be a big affair 'cause even the POP and Gamma Phi pledges are going to come instead of going out to Barney's, so the show's bound to be a success.

### Way Back

We run into prankster Roy Pederson over there and whether he's kidding us or Maxie is over-rating our eye-sight I don't know — but we'd have to take the show in from the Health Center — according to the number on the tickets. So we goes over to Festival and asks the fellow at the box office about our trouble. He informs us we're all mixed up. Tonight, he says, is Tuesday, Lyceum nite, and the attraction is Slim Williams and his chat on Alaska. My date gives me that same look the Dean does every time he counts my honor points and on account of 'cause neither of us has our activity tickets along, I takes her back to Ceres Hall . . . gee, why should I waste her late leave on anything unimportant?

I met the Abbott on the way home . . . he had just found a parking space and is madder then blazes that I messed up things and then let the date get away before he even got a look at her. But I soothes him with the thought that he is still fifty cents ahead and so we goes over to the ATO house, gets the car, and goes home . . . Maxie and his damn comps.

Anyone interested in writing Editorials for the Spectrum leave your name in the Spectrum office.

—Betty Pannebaker.

## Not Cricket A Young Man's Fancy Turns

By Crockett

We got our face all set and our blood properly thinned to receive spring, the progenitor of new life and bigger and better ideas concerning parks, this week, but somebody left a door open someplace so we're going to wear this overcoat at least another week before we start calling it a topcoat. To strengthen our stand we point to the fact that the ratio of new hats to professors is still too small to be entirely explained by budget cuts.

### Ballot Dizzy

It's election week around these parts. If you haven't cast a ballot for somebody or something you are one of the fortunate few because they've elected officers for just about everything but the local bar maids union, the organization where only merits count. If you're the quiet type that doesn't hanker for an office, look twice before you sign anything. It may be the vote that will elect you to a job like Max Campbell's.

The future looks bright for bal-loteers. Two weeks from the publishing of this issue you will see the new constitution drawn up for the student commission and get a chance to approve or vice versa. A week after that a new slate of candidates for commission positions go on the block.

### New Topper

Francis Hall, one of the oldest of our campus buildings blossoms out this week with a new coiffure, the latest thing in shingles and roof trimmings. To many old timers it recalls the days when the present building was the very center of many of the school's activities, when Science Hall and the Armory were the closest places of habitation in a small settlement rather remotely removed from Fargo proper.

### Happy Day

It will certainly be a relief for the entire cast and production staff for the brevities when the last seat is cleared and the makeup is removed for the last time tonight. Not fully appreciated by the average person is the huge amount of work, individual effort, and time that students put on this annual show.

### This Matter of Averages

The honor roll, reward for the scholars, and organization averages again makes the type. The averages, if you noticed, didn't put on much of a climb in any department, but

there was a rather, consistent raise throughout the entire average. Most noticeable drop is in the freshman average. Could it be in sparing the rod?

With graduation requirement of 1. and the same requirement for office holders in campus organizations, it seems rather odd that fraternities should still observe .77 as the initiation requirement.

### Man Of The Wilds

One of the most interesting con- vocation speakers we have had this year was lanky, adventurous Slim Williams with his backwoods philosophy and infectious spirit. Even more outstanding is Mr. Williams, when you stop to consider the fact that he is quite an elderly man to be roughing the northland as he has done. Typical of his philosophy is his theory that nobody realizes how small they are until they lose all contact with civilization in the un- tamed wilderness.

### The Kid From Tuttle

Dear Bud,  
Old chum, you don't realize how happy I was to get your letter with that dough you owed me. What do you mean, holding out on me for so long, you heel? By the time that got here I owed so many guys they were holding meetings trying to decide whether they should foreclose on me. I would have probably have had to bring one of them home with me at Easter to insure the fellas of my return.

They are presenting the Bison Brevities tonight. I could have had one of the leads but had a bad cold the week they picked them so I couldn't sing. They were real nice about it though, and offered me a job on the stage crew so I took that. I made a kind of blunder though. I asked a girl to go and got a couple of tickets before I found out I'd have to help move sets, so I guess she'll have to sit alone.  
I will be home next Wednesday night and if you have been wearing my topcoat for an overcoat you had better get it cleaned, because I am plenty touchy about my equipment.

Love,  
Elmer  
P. S. Tell the folks to take it easy. I will explain my marks just as soon as I can get there.

Tastes good...costs little  
and swell fun to chew—  
that's DOUBLEMINT GUM

Yes, chewing delicious DOUBLEMINT GUM is always swell fun . . . at sports events, between classes, while you're studying. DOUBLEMINT'S real-mint flavor refreshes your taste and helps sweeten your breath. And enjoying smooth chewing daily helps brighten your teeth, too. Kind to your budget. Great to enjoy every day. So drop in and buy several packages of DOUBLEMINT GUM today.

# NDAC Paint Chemistry Well-known

In Dean Carrick's office in the Chemistry building are numerous inquiries from various parts of the U. S., including Washington and New York, with reference to the paint course offered at NDAC. One student writes that he would like to take the course before returning to his home in Bombay, India.

Among other claims to fame and national prominence, NDAC is the only college in the nation where a chemist may earn a bachelor of science degree in paints.

### Enviably Record

Started in 1906, the paint course has an enviable record in the number of qualified students it has graduated. More than 200 degrees have been conferred in paints at NDAC and, since 1923, 33 master of science degrees have been conferred. Of these graduates 80% are still employed in the paint industry in all parts of the country, serving as technical advisers, superintendents, sales managers and other specialized jobs.

Every year Dean Carrick attends the convention of the National Association of Paint and Varnish Production Clubs where he makes contact with the paint manufacturers in placing NDAC graduates. He finds that NDAC graduates in paints comprise a goodly number of delegates to this

DEAN CARRICK

convention, representing various phases of the industry.

### Stiff Requirements

A high scholastic plane is maintained by students in the courses because a B average is required for entrance, causing not a few students to be refused admission.

Candidates for bachelor of science degrees in paints this year include Eugene Blanco, Leslie Brecke, Charles Fish, Charles Keefe, Kemble Lewis, Ira McDonald and Donald Sherman of Fargo; Robert Bogen, Moorhead; James Fahrer, New Rockford; Arthur Groethe, Kindred; William Herm, Hettinger; and Gordon Thorburn, Souris.

Candidates for master of science degrees in paints this spring include Roy Milde of Maddock, graduate of NDAC; Norman Klemp of Ortonville, Minnesota, and Donald Koenecke of Ceylon, both graduates of St. Olaf; Robert Albrecht of Ohio, Illinois; and Frank Mitchell of Fargo, graduate of Bradley Polytechnic Institute, Peoria, Illinois.

### Scholarships Offered

Eastern paint manufacturers offer scholarships for research and study under which some graduate students study. One carries a stipend of \$100 while two others provide \$360 each. "Much national publicity has been given the NDAC course in paints," said Lillian Quinot, secretary to Dean Carrick, "and each time an article is printed, our office is flooded with inquiries from all over the United States."

Strangely, one of the most desirable characteristics of NDAC graduates is their Teutonic and Scandinavian ancestry, paint manufacturers say. They recognize this racial type as being stronger, more sturdy and "able to take it."

# Grads May Desert Defense Jobs For Alaskan Stampede

Leaving everyone with a strong desire to go to Alaska, either for the reason that there are nine men to every woman or because it's a good place to get rich quick, Slim Williams presented a colorful picture of that little-known country at the lyceum Tuesday. Mr. Williams is a colorful character himself, with a Bob Burns type of humor and a collection of stories that wins the audience to him immediately.

Although he lacks a formal education, Mr. Williams has acquired an extensive knowledge of the far north by 32 year's experience. He received a great deal of publicity eight years ago when in a rash moment he offered to drive a dog team from Fairbanks, Alaska, to Washington, D. C. His crowning achievement was reached when he was invited to the White House for dinner.

The tall, friendly, undisturbingly ungrammatical adventurer plans to return to Alaska in June travelling part way on horseback and part way by train. His many years in this rather lonely country have developed for him a homespun philosophy which he revealed by saying "I like to be alone. Every one does who can get along with himself. I never realized how unimportant I was until I found myself out in the middle off a snow-

covered waste, hundreds of miles away from everyone." Mr. Williams' appearance marked the end of this year's lyceum series.

### CHESTERFIELD PROGRAMS

Sponsored by Chesterfield, Fred Waring currently appears Monday through Friday on WDAY at 6 p. m.

One of the first band leaders to popularize college songs on the air as a weekly diet was Fred Waring, currently sponsored by Chesterfield Mondays through Fridays on WDAY at 6 p. m.

Will the students who saw or heard accident in front of Bison Bowl last Tuesday in which a boy riding a bike was struck by car please dial 2-0673.

### NOTICE

Any students and faculty members who have rooms available for delegates to the YM-YW convention to be held here April 17, 18 and 19, please call the Y.

# YMCA Will Sponsor Holy Week Services

Holy Week will be commemorated at the college with services on Monday, Tuesday and Wednesday mornings at 7:15 A. M. at the college YMCA.

In charge of arrangements are Ray Mickel, Bennett Erickson, Ole Berg, Walter Alm, Arden Lalum and Clark Bauman. The worship is being arranged by Jean Halbeisen and Clark Heggeness.

Music in harmony with the occasion will be furnished by soloists Esther Gunvaldsen, Robert Anderson and Paul Weiser with Duane Pile and Hazel Isaak as accompanists.

Lloyd Collins will be responsible for the background with music on the vibraharp.

# Madrigal Club Will Appear Here Sunday

Madrigal Club, singing group of the University of North Dakota, will give a concert at Plymouth Congregational Church on Sunday, April 6, at 7:30 p. m., consisting of the great vespers of the Greek Church.

Members of the College are invited to attend this concert.

# Juntunen Elected Prexy

Oscar Juntunen, junior in agriculture, was elected president of Kappa Sigma Chi to succeed Bennett Erickson.

Clifford Nygard is vice president; Andrew Vanvig, secretary; Willard Griffin, treasurer; Francis Palmer, house manager, and Paul Weiser, historian.

# Ceres Hall Sponsors Open House Sunday

Ceres Hall will sponsor an open house on Sunday, April 6, at 3 p. m., to which every Joe College, Betty Coed and all of their friends are cordially invited.

Genevieve Olson is general chairman and other arrangements were made by Doris Jean Schumaker, Eileen Dolive, Mary Faith Olson, Lois Lowen, Genevieve Hamilton, Lois Arason, Phyllis Lane and Gladys Welken.

Guests will be conducted through Ceres Hall by the resident girls, and they will be entertained with soft music and refreshments in the parlors until 5 p. m.

# Kappa Sigs Defeat Gamma Rhos 29-20

**Victory Puts KSCs In Championship Final Against Winner Of This Afternoon's Game Between Independent And Engineer Quints**

Kappa Sigma Chi, the defending champion, moved into the title playoff of the intra-mural basketball league with a 29-20 victory over the Alpha Gamma Rhos last night. The win put the Kappa Sigs on top of Division B and gave them the right to defend their title against either the Independents or the Engineers who tied for the lead in the upper bracket.

Today at 5 p. m. these two teams will meet in the fieldhouse to determine which one of them will face the Kappa Sigs. The winner of today's game and the defending champions will tangle tomorrow afternoon in the first of the title series. The second game is scheduled for Monday night and if a third game is necessary it will be played on Tuesday evening.

### Buchanan Stars

Last night's contest, the only one played, featured the scoring of Murray Buchanan, tall pivotman for the Kappa Sigs. The elongated center of the champions found the hoop for seven baskets from the floor and added two gift shots to bring his total for the evening to 16 points.

Earl Marquardt was high scorer for the losers as he dropped in three baskets before leaving the game on personal fouls. Joel Nelson got five points on two goals from the floor and one from the free throw line to be the only other Gamma Rho scoring more than one basket.

### AGRs Make Bid

In the first period, the Kappa Sigs got off to a 10-4 lead, holding the losers to a total of four gift shots. The half ended at 18-7 and from here the Gamma Rhos made a strong bid for victory. The AGRs moved into a 20-18 lead at the end of the third quarter, stopping the winner's attack completely during this period.

### SUMMARY

## Heard About The Herd

BY GEORGE RULON

### Panthers Gone

NCI basketball lost two of its finest performers recently, when Bob Esau and Don Green of Iowa State Teachers college left school to accept commissions in the Naval Reserve. The two Panthers were selected on nearly every all-conference team this year and the Iowa school will have to look hard to find someone to fill their shoes.

### Rose Bowl Pictures

A special feature of the physical education convention being held in Fargo this week is the film shown by Greg McBride of the University of Nebraska. The movie shows the complete game held this year in the Rose Bowl between Nebraska and Stanford Indians. The pictures display the amazing T-formation with which Clark Shaughnessy's eleven was able to go through the 1940 season undefeated and then to win from the Cornhuskers in the annual New Years Day classic.

### Spring Football

While Rich Callihan and John Blake make plans to take in opening day at Nicollet Park, NDAC's football team is preparing for the 1941 season still nearly six months away. The Bison are working out daily under the new Bison mentor. If the enthusiasm of the candidates means anything, the Herd will stampede aplenty when next September rolls around.

### Then Came The Draft

In addition to the loss suffered by the Panthers, other conference schools have been hit so hard by the national emergency that a plan to allow freshmen to compete in varsity sports next season was seriously considered at the recent meeting of NCI officials. Strongest advocates of this plan are Omaha and Iowa State Teachers who have been affected most by the state of current events.

Theta Chi	3	9	.250
Alpha Tau Omega	2	10	.167
SAE	1	11	.083

### NDAC's Rifle Team Places 10th In Match

Scoring 904 out of a possible 1000 points, NDAC's men's rifle team gained tenth place in the William Randolph Hearst matches in the Seventh Corps area. This placing was shown in results published recently.

Washington university of St. Louis took the championship with a posted score of 956. Kansas State and Iowa were right behind the winners with 921 and 919 respectively. North Dakota university's rifle team placed 14th with 890. The Bison second team was 12th with 895.

At present NDAC riflemen are moving into the final two stages of the national intercollegiate competition. In the first two phases fired by the NDAC sharpshooters, scores of 1941 and 1900 out of a possible 2000 were recorded.

Women's Senate will hold an important business meeting today at 5:00 in the lounge of Old Main.

## Bison Trackmen In Four Meets

Coach Johnny Smith has announced a track schedule that will send the Bison cinder team against the best college teams in this area. To date the Bison mentor plans to enter his squad in four of the outstanding meets in this section.

Opening the Bison campaign, the Herd will take part in the annual Aberdeen Relays April 25 at Aberdeen, S. Dak. Last season an eight-man squad made a fine showing and this year's addition of Bison tracksters will be out to better that showing.

### Herd In Dragon Event

May 3 will find the Herd journeying across the Red river to run in the Dragon Relays sponsored by Moorhead State Teachers college. Bison colors rule over this tourney since the Herd took all the major events last year.

Brookings, S. Dak., will play host to all the conference schools on May 17. Last spring the Bison finished fourth in this meet which was won by the Panthers of Iowa State Teachers college. The Herd, led by Captain Bernie Bermann, placed in the 880,440, pole vault, high jump, mile relay, and javelin.

### North Dakota Titlists

NDAC will defend its North Dakota title on Dakotah field May 23-24. The Bison will seek their third straight crown when they entertain at least eight teams from North Dakota colleges. This meet, the largest one held at NDAC in recent years, will mark the end of the track season for the Bison cindermen.

Plans are being made to enter the Bison in a tourney the week of May 10 which is an open date on the Herd's card, but as yet nothing definite has been settled.

## 40 Candidates Report To Kostka For Football

With 40 candidates out for the initial workouts, NDAC football spring practice moved through its first week with light conditioning drills the order of business.

Coach Stan Kostka opened the practice schedule on Monday with an explanation of the system that he employs and gave the squad a few simple plays to illustrate the Minnesota shift which he uses. Tuesday was given over to the issuing of equipment and the first real workout was held on Wednesday.

### Workout Indoors

Old Man Winter did his best to hold up the Bison spring workouts but the squad has gone right ahead as scheduled in the basement of the fieldhouse. Last night after a good warmup with calisthenics and general conditioning exercises, Kostka sent the Herd into a blocking session against dummies. The workout, the final one for this week, ended with the Bison learning their blocking assignments on various plays.

Of the 40-odd men that reported to the new Bison mentor, 12 of them are letter winners and a good share of them are freshmen who will be out for their first varsity competition next fall. Lettermen back for another season are Sid Sanderson, Ralph Johnson, Bruce Fulks, Joel Nelson, Jim Davis, Harry Treglawny, Charles Scott, Curtis Johnson, Pat Twomey, John Snowberg, Jimmie Higgs, and Edsel Boe.

### Other Squadmen

Backs on the remainder of the squad include Adam Bender, Jim Gorman, Robert Johnson, Roy Flath, Bill Stephenson, Daly King, Warren Lavasseur and Jewel Roninegen. Line-men seeking their first varsity letter

are Tom MacBride, Oscar Rolfness, Gwen Hagen, Allein Andolshek, Royal Markusen, Alan Anderson, Paul Moores, Nick Soullis, Cliff Rothrock, Ken Lohstreter, Don Schollander, Ted Barnick, Don Laraway, George Galloway, Joe Hovland, Bob McCullough, Carl Ohm, and Arnold Troft-gruben.

## Women Marksmen Lose Final Match Of Season

Seven points was the margin of victory scored by the Women's Athletic club over NDAC's women's rifle team March 30. The downtown team fired a 941 count while the collegians were only able to score 934 out of a possible 1000.

Tillie Ruud and Betty Carnine tied for the high scoring honors on the Bison team as each posted a 96 score. Jean Hoeft was right behind the leaders with 95.

Ruth Kellesvig, president of the Women's Rifle club, is in charge of arrangements for the annual party to be held in the YMCA Tuesday evening, April 8. At that time awards won by the girls during the year will be presented.

### NOTICE

Members of the men's glee club and mixed chorus meet in Festival Hall today at 4:30 p. m. to take measurements for caps and gowns.

### NOTICE

Today at noon in Festival Hall Phi Kappa Phi pictures will be taken for the Bison.

# With the Stars It's Chesterfield

with a Cooler, Milder, Better Taste that everybody likes

With the stars, and with every smoker who enjoys Chesterfield's Definitely Milder, Cooler, Decidedly Better Taste, Chesterfield is known as the *smoker's cigarette*.
