NUMBER 10

## 4H Club Members End Week Of Exhibits And Classes

### Achievement Institute Begins With Record Stock Sale And Attendance

Election of a new state president of the 4-H clubs late this morning will herald the close of a full week of activity for more than 500 members of 4-H clubs throughout North Dakota, who have been guests of NDAC since last Friday morning.

Extended this year to avoid crowding the program, the schedule began with showing of 4-H-grown livestock, which was judged, placed and auctioned over the weekend. A total of more than \$8,000 went to the young owners, an increase over last year's total.

Winners of the annual state 4-H livestock judging contest were members of the Barnes county team, coached by George Strum. Team members are Esther Sorenson, Walter Brobst and Erwin Koslofsky, who will represent the state in the International Livestock show at Chicago, December 2 to 9.

With jingling pockets and a year's background of achievements in 4-H club work, the livestock exhibitors Tuesday joined other delegates from local clubs to begin four days of educational lectures, classes and demonstrations by specialists from the extension division.

Today they are receiving awards of Phi Upsilon Omicron, home economics group, and Alpha Gamma Rho, agriculture fraternity, and other special prizes as recognition for the year's outstanding achievements in the home and on the farm.

Entertainment activities filled in gaps during evening, with club members guests of the Little Country Theater Tuesday evening. Wednesday evening they were feted at dinner by the Fargo Chamber of Commerce and last night played games and took part in folk dancing at their party in Festival hall.

Miscellaneous events included group singing instruction, lectures and demonstrations on personality development and clothes styles, band concerts, a trip through downtown Fargo and leaders' conferences.

### McCLURE HEADS JOINT GROUP

At a joint meeting of the YMCA and YWCA groups on Tuesday, Neal McClure was named chairman of the joint cabinet, to succeed Frank Buck, who has not returned to school this fall.

## More Funds, More Faces

Descending on the campus Monday will be probably the most oomphatic and "talented" Bison cut sales staff in yearbook history. In the past issues of the Bison, the undergraduate section was conspicuous by its absence.

To remedy this situation Lee Stenhjem, business manager, and Connie Taylor, editor, promise a complete representation of the undergrads down to the last bewildered freshman. Their optimism seems justified by the availability of additional funds made possible by the increased enrollment.

Expense to the student will be only the photographer's and engraver's fees amounting to \$1.50.

Orders for cuts will be taken by a bevy of beautiful babes and handsome Harry's under the able supervision of assistant business manager Loran Ladwig. All fraternity and

## Engineers Prepared For Ball Tonight; Olson, Arnold Lead

For the past two or three weeks engineers at the college have had their kittish fingers crossed, a resolute look to their eyes, and their boots laced tighter. For, during this time, they have diligently prepared for that ponderous moment in their lives—the Engineers' Ball.

Tonight, their efforts culminate in the twenty-ninth Annual Engineers' Ball, to be staged on the floor of the fieldhouse, hours from 9 p. m. to 1 a. m. and Bob McDougal's orchestra on the platform.

Although the engineers have prepared it, the ball is intended for all students. Last minute purchasers may get tickets at the bookstore or Dugout, and also at the door this evening.

### Olson Leads March

Leading the Grand March will be ball manager Mark Olson, senior from Harvey, with his consort, Miss Jean Kundert, Fessenden.

Second in line will be assistant ball manager William Arnold, Fargo senior, with his guest, Miss Audrey Wells, Langdon. Third behind the leaders will be James Christensen, senior from Twin Valley, Minn., president of the Engineers' Club who sponsors the ball, and his guest, Miss Irvamae Vincent, Beulah, N. D. The line forms at 10 p. m.

### Dance Is Semi-Formal

Olson reaffirmed his previous statement that the dance is semi-formal and also a program dance.

Chaperons are Sgt. and Mrs. L. L. Detroit and Messrs. and Mmes. A. W. Anderson and John Scheurich.

Faculty members who have been invited are Pres. and Mrs. Frank L. Eversull, Deans and Mmes. R. M. Dolve and C. A. Severson; Profs. and Mmes. H. S. Rush and R. H. Slocum; Lt. Col. and Mrs. J. R. Mendenhall, Major and Mrs. E. F. Boruski, Major W. H. Halstead, and Prof. Leon H. Hartwell.

In charge of arrangements for the ball besides the managers are: Paul Rowe, finance; Curtis Meland, floor manager; Gordon Bahe, chaperons; Thad Fuller, programs; Bill Hendrickson, decorations; and Herb Jones and Bill Knapp, publicity.

## Students, Faculty To Present Putnam With Cash Purse

As a token of appreciation for the fine work Dr. C. S. Putnam has done in his 30 years as director of the Gold Star Band, six members of the band are beginning a drive for freewill contributions for a purse to be presented to the 80 year old director. He has been confined to the hospital since UND homecoming.

Band members who are working on the drive are Montel VanderHorck, Bill Arnold, Paul Rowe, Betty Critchfield, Betty Lou Johnson and Ray Dahm.

## Implement Dealers To Hold Exposition

Tuesday afternoon has been designated students' day at the annual exposition of the North Dakota Implement Dealers association to be held in the Field House Tuesday, Wednesday and Thursday of next week.

Chief speaker of the show will be Earl Anderson of the Republic Steel corporation who has chosen as his topic, "Steel, Servant of Soil." Also on the program is George Gillette, vice-president of the Minneapolis Moline Co.

For the convenience of those who attend the show, the NDAC chapter of the American Society of Agricultural Engineers will operate a lunch counter all three days.

## Yehudi Menuhin, Famous Violinist, Will Open 29th Annual Lyceum Course Wednesday In Festival Hall

YEHUDI MENUHIN

## 22 Year Old Genius Has Given Concerts In All Leading World Cities

Marshalling the parade of celebrities that is scheduled to pass in review across the boards of the stage of Festival hall during the 29th annual NDAC lyceum series will be Yehudi Menuhin, the violinist. Menuhin will exhibit his world-famed talent with the aid of a \$75,000 Stradivarius violin to Fargo and Moorhead on the evening of November 15, next Wednesday.

Menuhin, who is famed as the child prodigy who proved that child prodigies do not always go stale, but sometimes become mature artists, has been treading the concert stages of cities in all of the continents of the world since he was 10 years old. He is young, surprisingly young, being only 22 years of age.

His first concert after his European studies was played in New York's Carnegie hall on a three-quarter size fiddle and proved to be an amazing success. Two years later, at the age of 12 years, he played a concert in Berlin.

### Took Two-Years Rest

Since the Berlin concert he has been touring the world as a concert artist with the exception of a two-year rest period following his 20th birthday. This rest period was also a period of intensified study and a period of change from a child prodigy to the handsome, blond artist of today. In this way Menuhin escaped the awkward stage that is so often the downfall of brilliant children.

### Started at Four

Born in New York, Menuhin was soon taken by his parents, whom he still calls "Abba" and "Ima" from the Hebrew, to San Francisco. He had a violin before his third birthday and began serious study on the instrument at the age of four years. When he was seven he had a public appearance in the Pacific coastal city. He then studied for two years in Europe and gave a Parisian concert. Then followed the famed New York concert already mentioned. Then, Berlin, Rome, and other music centers of the world, and in each he was a tremendous success.

### Hasn't Gone to his Head

Despite his fame, this lad is a shy home-loving individual who finds his greatest pleasure in music and his other hobby, tap-dancing. Interviewers have time and again found him in front of a radio blaring forth the latest hot music and jiggling out a new dance step. His mother is more proud of his dancing than of his musical ability. This, she says, is because he had to learn to like dancing, but he was born with a liking for music.

In Fargo he will be accompanied by his pianist, Hendrik Endt.

Students will be admitted to the concert upon presentation of their activity cards. These cards must be signed.

## State Board Of Education Here For Inspection Tour

Members of the state board of education, who arrived at NDAC Monday morning for a three-day inspection of the personnel and curriculum of the Field House, were introduced at a reception in the Field House by NDAC's war dead.

The entire morning session was headed in the field of sciences, and the afternoon was devoted to the laboratory and the art department.

Making a tour of all state colleges, they came here from Mayville State Teachers college and the University at Grand Forks, and will go from here to Wahpeton Science, Ellendale Normal, Dickinson Normal and Valley City State Teachers.

### Here Until Monday

They will remain until Monday to go through the schools of home economics, chemical technology, pharmacy, engineering, and agriculture and will be conducted through all buildings on the campus before today is over.

Faculty members will be introduced to them at a reception in Old Main tonight at 8:30. Tomorrow morning, an official school holiday, is open for conferences with anyone with a previous appointment made in the president's office.

### Members Introduced

After military honors to the war victims in convocation, Dr. F. L. Eversull spoke briefly before introducing P. J. Murphy, president of the board. He introduced the others, two of whom, Howard Henry and Roy Johnson, spoke. On the board are also Mrs. Matt Crowley, Merle Kidder, Lars O. Fredrickson, P. J. Traynor, who could not attend because of a slight illness, and R. M. Murphy, secretary.

The board is making the statewide tour of colleges preliminary to conferences with school heads during which they will consider cutting budgets of all schools 18 per cent because state income will not cover nearly \$16,000,000 appropriated for schools. The alternative, board members said, was a special session of the legislature to find new sources of income.

## Engineers To Issue Publication Monday

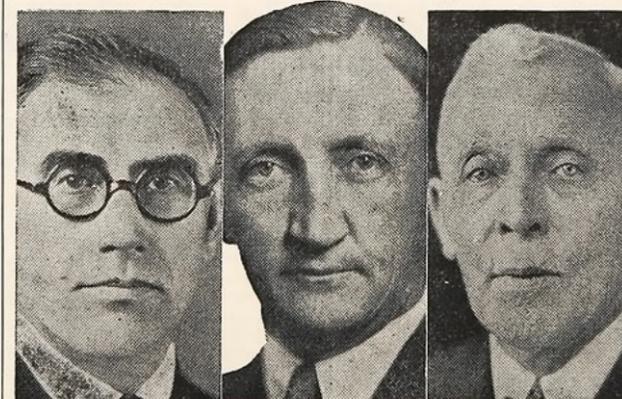

Every engineer, upon the payment of his registration fee, automatically receives a subscription to the North Dakota State Engineer. The first of three issues to be published during the year will be distributed at the magazine office in the engineering building the first part of next week.

Featured in this issue is the article, "Electric Fence Controller Characteristics", by Roger E. Schuette, an electrical engineer from the University of Wisconsin.

All engineers are requested to secure their magazines during the time designated by the signs on the bulletin board.

H. I. Henry Mrs. Crowley F. J. Traynor Merle Kidder

L. O. Frederickson Roy Johnson P. J. Murphy

Welcome to the NDAC campus and wishes for an enjoyable visit are being extended to the state board of higher education during its visit here, by faculty members and students, who appreciate the impartiality of the board members and extend their cooperation in the board's efforts to make college expenditures match North Dakota's income. We are grateful for the board's interest in examining the inner workings of NDAC and place ourselves at its disposal while the members are on the campus.

## Alpha Zeta Chooses 12 Agricultural Students

At a meeting of Dacotah chapter of Alpha Zeta held November 8, the following agriculture students were extended invitations to membership in the organization: Raymond Novak, Raymond Boone, James Kjelland, Hollis Omodt, Barney Hutchens, Arthur Schulz, Harvey Stangler and Joe Kufner.

Members of Alpha Zeta are chosen from among agriculture students who have completed at least five quarters of work, who rank in the upper two-fifths of their class scholastically and have outstanding records in extra-curricular activities.

Princeton university was the first school to abolish rules requiring attendance at classes.

### CAREFUL, HITCH-HIKERS

The chief of police of Fargo has asked for the co-operation of NDAC students who make it a habit to hail rides down Thirteenth street, to be more careful. In several instances, accidents have almost been caused by over-enthusiastic hitch-hikers who stand in the middle of the street to flag down a car.

Your co-operation in preventing accidents will be greatly appreciated by the police department.

### GUY, THOMTE APPOINTED

Ruth Thomte and Bill Guy have been appointed by the joint YMCA-YWCA Cabinet to head the committee to raise funds for the Far Eastern Students' Service Fund.

Here is Lee Stenhjem's force of cut salesmen who will be dogging the heels of all underclassmen. Left to right: Mary Betty Punton, Elaine Wigdahl, George Koch, Charlotte

Bahe, Bud Ladwig, Joan Fisher, Stenhjem (on bottom), June Pfau, Dorothy Stenhjem, Harding Sandstead, Fannie Helen Dygve, Eunice Hjelle, Willie Boehrs, Pete Hilleboe and Reo Carr.

## OPEN TILL 2 A. M. WITH PEGGY LEE SINGING

is the gay POWERS COFFEE SHOP tonight. Anything from a hot chocolate to a steak sandwich tastes better when you're in the gay, college atmosphere of this smart downtown rendezvous.

the survival of the fittest and is working to destroy himself and his fellowman. If the human race is to exist for any great length of time it must adjust its differences in a peaceful manner and live together in peaceful harmony. How foolish it seems when we see in the news-reel pictures of marching men being sent out to butcher their own likeness.

Man may forget the survival of the fittest but nature will not. Is Man going to be lost on the page of history as a race that could not adjust itself to the changing times? Or is the human race going to be the outstanding example of the one thing that will stand the test of time? —A. H.

### ● bison briefs

That wailing you hear (even if it does sound like sighs of relief, it's wailing) is the poor POP's who aren't going to the Sig party this weekend. According to prominent Sig strong men POP's will be as scarce as jitterbugs at a business meeting of the Townsend Local 14. Rumor has it that the slighted coeds will wear sack-cloth and ashes and go into mourning. Another rumor has it that if all the Sigs that were turned down by POP's were laid end to end it would be a good idea.

Heard on the cow-collitch campus:

A. Sidney Hinkle: My, aren't those chimes in Old Main tower simply beautiful?

Jack Taylor: What?

A. S. H.: I remarked that the chimes were particularly inspiring.

J. T.: What's that you're saying?

A. S. H.: The chimes—aren't they melodious?

J. T.: You'll have to speak louder; those damned bells up there are making so much racket I can't hear a word you say.

Book sales on the campus seem to have taken an upswing since last week. ATO's purchased a volume of Emily Post last week and the KD's invested in Arthur Murray's "How to Dance" this week. Hmhmhm.

### ● dirt from the dormat

Dear I-Told-You-So's:  
So you were convinced this column wouldn't re-appear. Some of you said it was unacceptable, others said the author was scared out. Well, whatever you said, it's here again! Buried under dirt that smells worse than usual, but if you hold your nose, maybe you can pull through.

It seems that Paul Boyle doesn't like the night watchman in Dormit Hall . . . a night watchman can be an awful nuisance when it comes to saying good-night. You would think if they trusted a fellow with a Dormit all evening, at least he could say good-night the way he wanted to . . . How about it, Mrs. Kirst?

Dormut Russell "Fog" Schroeder hung his little AGR pin on a Tri Delt from the U; now that he's seen the little Nees girl, he is beginning to wish he had it back. Too bad some people are so fickle; originally, he went up there to either hang it or to break things off.

Ed Gahr, last year's Little International chicken king, has stolen "Greek" Thompson's stuff . . . at least he dined with Ruth Kirk the other night and "Greek" was so sure of being the next principal of Fargo schools.

Well, back to get stuck in another door-jamb and so far this column isn't banned. —The UMBRA.

### NOTICE

There will be an important meeting of ASME Wednesday. Included in the business meeting will be a consideration of who will take the Kansas City trip next spring.

### PEEK AT . . . THE GREEKS

We should be giving warwhoops during this beautiful Indian summer, but the ATO's have been singing "For He's a Jolly Good Fellow" for cigar passers Jack Garry and Bob Shaw. AGR Maynard Shultz also passed cigars Monday, as did Lloyd Parker, Kappa Sig and Theta Chi, Bill Borderud.

Vivian Arneson was pledged Sunday to Gamma Phi. Mary Morrison was recently pledged to Kappa Kappa Gamma . . . Sigma Phi Delta pledges are Paul Berge, Blake Helberg, Camden Saylor, and Don Pallus. Vander Flaaf of Fargo pledged AGR.

While the cat is away the mice will play . . . Theta Chi pledges entertained SAE pledges while actives were being entertained by Gamma Phi's . . . The week of weeks in the life of every fraternity man is being enjoyed this week by Bill Eide, Bill Fay, Red Holman, Doc Rice, Howard Bellin and Carrol Eian of the SPD.

### Alums Come Back

Neon signs with Welcome in caps . . . well not really but they might be for after all these fraternity fellows are very hospitable. Alums Paul Abrahamson, Craig Montgomery, Maynard Shultz, and Dayton Byram visited at AGR over weekend. Carl Hansen of Poplar, Montana also stopped in. Kappa Sigma Chi guests were Greydon Owens, Nort Stangeland, Lawrence Restemeyer, Clarence Swallows, Harry Graves, and Lyle Currie. Dr. Ord was a dinner guest. ATO alum Vale Swenson visited the house over weekend. Sigma Phi Delt's entertained John Knoll, Millard Borke and Norman Gehlaar. Mr and Mrs. Wesley Ackerman and Ann Meuller of Bismarck also called at SPD's, Eddie Toman and Clark Jenkins at the SAE house.

Movie fans are Theta Chi's for both actives and pledges went to the Fargo Theatre on Tuesday, as guests. Kappa Psi's will swing out with a fall party on Saturday.

Tonight the Theta Chi's will have their party with all dates receiving charm bracelets with Theta Chi's Greek symbols on it . . . Worth going to . . . huh girls?

### New Initiates

Initiated to Kappa Sigma Chi Monday were Neal McClure and Herb Glaser . . . Eunice Hjelle will become active in Gamma Phi on Sunday followed by dinner at the Graver . . . SAE's will have a Fathers' Smoker tomorrow . . . POP's have started their weekly Wednesday open houses from 4 to 6 — oh boy!

Note to the Greek Peekers "eye openers" . . . please get your news in early!

### Wasserman Project Gets A Shot In The Arm For Good Start

Last week's Spectrum editorial and the Collegiate Digest feature on syphilis and Wasserman tests convinced at least 12 students, who dropped in at the clinic to leave blood samples during the week, Miss Maida Hewitt, college nurse, reported.

Many others were interested enough to inquire about the testing process and in general, "there is certainly increased enthusiasm and a more sensible attitude, toward the tests," she said.

She would advise anyone who has not been tested this fall to have a blood sample drawn, even though they have had the test some time before.

All members of Alpha Phi Omega, scouting fraternity, are pledged to submit to the test before their next meeting.

Hours for Wasserman tests are 9 to 11 a.m. and 3 to 4 p.m. daily, in the health center in the Men's Residence hall.

### Northwest Bakery

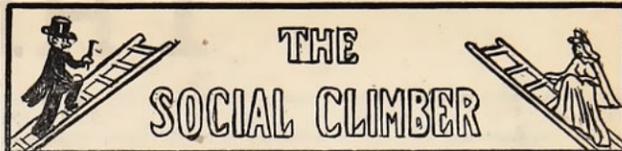

Moorhead, Minn.

ASK FOR . . .

**N. W. Glazed Doughnuts**

. . . and . . .

**Blue Bird Bread**

Greetings friends (what friends?). This week the social climber is going to unlimber and mingle with the rabble. What with all the dirt flying around on the campus these days there should be a few people shaking in their boots, so here goes.

Alpha Gam Joan Hughes said she refused three dates this weekend—wonder if Fatty Elofson can explain the cold sores? . . . Dugout Joe Kojancik has been out stealing hearts again. Tell us, Joe, how is your fan-mail? . . .

Katherine Doust is having that eternal triangle trouble this weekend. Max Campbell asked her to the Theta Chi party, Vernon Giles asked her to the Engineers brawl, and Watson Pollock, her steady from Carleton, is homeward bound. We would advise you to spread some cheer among your Kappa friends and give them a chance for a date.

It seems that Alice Larson, that very personable blonde freshman, has dropped out of sight since being snubbed by two southsiders, Phil Watson and Earl Shaw . . . The POP's are going around with smug looks on their faces because they know there will be POP's at the Sig party Saturday night. The guests are going to see to that . . .

Bob Brastrup, that very fetching young man, must think he is still on the range, what with his cowboy boots and ten-gallon hat . . . Oh you kid . . . June Heisler, member of the local goon club, we hear was the instigator of that telegram sent to the U. goon club asking to use their faces for Hallowe'en. Now was that nice? . . .

When Jane Broling asked Bob Fairfield if she was going to be the only POP at the Sig party, Bob turned to his brothers and then back to the telephone with, "Well, I guess you were. I'll be seeing you on the street some day," and with that he hung up . . . Marie Letness is still trying to explain just how she happened to fall up the stairs at the Alpha Gam party . . .

Harvey (I want to be a Doc) Bergen may never win the Pulitzer Prize for his literary attempts, but he's headed in the right direction . . . Why does Myrbo act as though she had just received her first formal invitation. Here's a tip, B, if you want more, keep "love and kisses Bergen" off the Kappa bulletin board . . . Also who answers "Here Sir" for Mickelson, Theta Chi's pride and joy in statistics? The lad has a system.

## Fingerprinting To Begin For AC Students

The nationwide fingerprinting campaign of the National Junior Chamber of Commerce will this fall include NDAC as one of the first colleges in the country to be canvassed, according to Lee Hall, chairman of the Fargo Junior Chamber of Commerce Civil Identification committee.

Begun in North Dakota last year as one of the first state projects in the nation, the campaign produced 30,000 prints since its beginning. A recent bulletin from the Federal Bureau of Investigation reported the largest number of prints has been turned in from this state of any in the nation.

The prints are used in amnesia cases, in settling legacies, escheated estates, kidnappings and other emergencies. A series of ten dramatizations of actual cases involving North Dakota persons has been tentatively arranged for broadcasting over WDAY.

An operator will be on the NDAC campus Monday, November 20, at a place to be designated later. All members of Alpha Phi Omega, scouting fraternity, which has been pushing the project this fall, have signified their intention to be fingerprinted.

The process requires about five minutes for fingerprinting and for recording data necessary. The cards are sent to the civilian file of the FBI.

Of the project, Dr. Frank L. Ever-sull said, "It is one of the finest things that have ever been done from the standpoint of safety, protection and identification."

### GIRL WANTED

I would like to see some girl who is interested in working on the business staff of The Spectrum, who can call on ladies' shops and solicit advertising. YOU can make it a good job. Write or call me at The Spectrum office.

—ABNER O. SELVIG,  
Business Manager.

Girls, plan to attend the next Blue Monday tea from 4 to 6 in the Fireside room of the YMCA.

Leading the grand march at the Engineers' Ball tonight are Jean Kundert and ball manager Mark Olson, top; Bill Arnold, assistant manager, and his guest, Audrey Wells, are second in line.

## Oxford Club To Entertain AC Methodist Students

The Oxford club of the Wesley Foundation will entertain all Methodist students of the NDAC at a get-acquainted party in the Fireside room of the 'Y' Thursday from 4 to 6.

Sunday, Nov. 11, the club will hold the first of a series of two discussions on "Courtship and Marriage." Mrs. Charles T. Brewster of Moorhead will lead the discussion, which will be conducted at the club rooms in the Methodist church.

## Folk School To Open Nov. 13 For 5 Weeks

The Farm Folks school will open officially on Nov. 13 at the North Dakota Agricultural college for the first term this season. About 75 boys are expected to register for the short five weeks term, which will close Dec. 15. The only entrance requirement is an interest in agriculture.

## Theater Previews

**FARGO—**  
Movie fan's, here's a picture for you. Darryl F. Zanuck's production of "Hollywood Cavalcade", starring Alice Faye and Don Ameche, and filmed in technicolor. It re-enacts and photographs anew the romance of Hollywood from bathing beauties to word premiere; tells the great story of Mike, who wanted to produce motion pictures, and Molly, who wanted only to be loved by Mike but who insisted on greatness on the screen. It tells the drama of the men and women like them who conquered the entertainment world in the romantic and fabulous years of Hollywood's rise. "Hollywood Cavalcade" plays at the Fargo Sunday through Tuesday of next week.

"The Real Glory", starring Gary Cooper and Andrea Leeds comes to the Fargo Wednesday through Saturday. This is the story of the Philippine scouts and their heroic bravery at the end of the Spanish-American War, when the Philippines were overrun by insurrectionists and religious fanatics. The central theme of the story is laid around the scouts, who became a constabulary on the Island and rallied to their loyal natives and faithful Moros. The Moros, a tribe of unorthodox Mohamedans, had retreated to the hills and jungles of the Sulu kingdom to wage a fierce religious war against the remaining American troops.

**GRAND—**  
The Aldrich family that has become famous on the radio is brought to the screen for the first time in the picture, "What a Life", which comes to the Grand Theatre Sunday through Tuesday. Jackie Cooper has the leading role and is ably supported by Betty Field, who plays the part of Jackie's girl friend. "What a Life" tells the story of one of the most misunderstood youngsters of the century as he blithely cuts a wide swath in local high school circles. Henry is blamed for everything on the calendar except Thanksgiving, and everything falls on him but Plymouth rock.

## "Gus V", Holiday Hero, Fattens Up For Thanksgiving

He's the smallest king in history, but he's no "featherweight", this Gus V. He tips the scales at a net ten pounds, a fairly good weight for a handsome young turkey, and he's eating more every day in preparation for his reign over the Spinster Skip on Thanksgiving Eve. The fact that he'll be roasted first and will only reign for two hours doesn't bother Gus in the least, and he'll gladly leave the throne for the privilege of tickling some lucky person's palate.

Gus claims another distinction. Most males at the party will be invited by one girl, but Gus predicts that there won't be anyone else there who has been invited by six girls as he has.

For Senior Staff has invited Gus to rule over the Spinster Skip on Thanksgiving Eve in the Field House. Bob McDougal's orchestra will play, and any fellow's best girl will invite him—if she won't somebody else will—or the fellow can take another girl himself just for spite.

**STATE—**  
"Sing You Sinners" starring Bing Crosby and Fred MacMurray comes to the State Sunday through Tuesday. A return engagement of that great musical picture with a bunch of sweet tunes and good homespun acting with a plot that moves at a fast pace with Donald O'Connor and Ellen Drew adding a nice background.

**ISIS**  
Sun., Mon., Tues. Nov. 12-14  
"FOUR DAUGHTERS"  
with Lane Sisters

Wed., Thurs. Nov. 15-16  
"SHINING HOUR"  
Joan Crawford, Melvyn Douglas

Fri., Sat. Nov. 17-18  
"MERRILY WE LIVE"  
with Bonita Granville, Tom Brown  
15c till 7 p.m. 20c till closing

## Phi Upsilon Omicron Will Initiate 12 Girls

Beta chapter of Phi Upsilon Omicron will hold initiation services for 12 girls, Sunday morning in Festival hall at 8 o'clock with Virginia Carnahan, president, conducting the ceremony. A breakfast in the Graver hotel in honor of the new initiates will follow. Alta Reynolds is in charge.

Those who will be initiated are Marguerite Olson, Irvamae Vincent, Vera Woodridge, Jean Halbeisen, Evelyn Skogen, Agnes Erdahl, Jeanette Krabbenhoft, Marie Letness, Cheryl Hanson, Mary See, Muriel Rockne and Evelyn Arntson.

Mrs. A. C. Forthun, district councillor, will be in Fargo this weekend to be present at the initiation, as well as to inspect the local chapter.

### NOTICE

Next Tuesday at 5 p. m. the YMCA Cabinet will hold its regular meeting at the Y.

Dial 7523 302 13th St. N., Fargo, N. D.

**Why Gordon was Elected 1,499,673 to 8**

**In every campus poll the Arrow Gordon wins in a walk. Six reasons why:**

1. Its basketweave fabric is sturdy and a bear for long wear. In white, colors, and fancy patterns.
2. Its Arrow collar is packed with tailoring perfection and authentically styled for college men.
3. Being Sanforized-Shrunk (its fabric shrinkage is less than 1%). A new shirt free if one ever shrinks.
4. The Mitoga cut is shaped to fit the torso (broad shoulders — narrow waist).
5. Its anchored buttons—take a 40 lb. pull.
6. Its birthright is Arrow—and that means in simple language, smarter style, better fit, and longer wear.

Join the Arrow landslide for as little as \$2.

### Bison Oppose Weak Montana State Team

NDAC's Bison resume active competition tomorrow afternoon when they meet Montana State at Bozeman.

The Bobcats have a record similar to that of the Herd. Thus far they have won only two games in eight played. Schubert Dyche's crew beat Portland University and Idaho State for their two victories while they lost games to San Jose State, Idaho, Omaha, Colorado Mines, Montana and Greeley State Teachers college.

As a whole, the Bison squad which left yesterday afternoon is in good physical shape. However, several of the boys, namely Co-captain Harry Johnson and Ray Kimblin are suffering from injuries. Johnson has agitated the injuries received in the North Dakota game of two weeks ago and Coaches "Casey" Finnegan and Bob Lowe doubt if the "Horse" will be able to start. Kimblin is still bothered by a severe charley-horse and the Bison tutors are not counting on the red-headed back for much action.

To counteract Kimblin's absence Earl Marquardt has been shifted into the backfield. He has been used both at blocking back and at left half. Because Ed Peterick is handicapped with a shoulder injury, Cecil Sturgeon has also played at half in order that his passing ability may be used. No doubt Sturgeon will also see service at the fullback and blocking back positions.

Bernie Bermann, who will start at right half, has been shifted into the backfield from the flank. His speed will strengthen the Herd's attack and Finnegan hopes that he will be able to get out in the open against Montana State. Pomeroy Hill will also be used at right half, alternating with Bermann.

Gorman King, who has developed into a fine blocker and plunger as well as defensive back, will see a

### Faculty Volley Ball League Made Up Of Seven Even Teams

Since a sound mind in a sound body is desired by each of the masculine members of the faculty of NDAC, the volleyball court in the physical education building is in constant use. As the faculty members are daily making use of their sound minds, so are they making use of their sound bodies. Faculty volleyball has proved to be an excellent form of exercise and recreation for the tutors of NDAC.

There are seven teams in the league, each of which is made up of seven faculty members. Each team plays twice a week, when there are no conflicting activities.

There are seven teams in the matched as possible, assuring equal opportunities for all teams. Although many of last year's faculty players of considerable ability have been lost through transferring to other schools, there are many promising prospects making the grade of fulfillment.

The high-light of the faculty volleyball season is the Schoolmen's Tournament, which is held every spring. Most competing teams are made up of faculty members of the various high schools and colleges of the Fargo Red River Valley area.

The championship trophy, furnished by Fargo high school's B. C. B. Tighe, was taken into possession by NDAC's 1939 team.

good deal of service at full since Kimblin is injured.

In the line things are just about the same as before. Joe Kojancik and Pat Twomey will share the pivot position with Al Bostow and Bill Peschel at the guards. Reuel Howland has been moved to tackle in place of Johnson and will start at that position. Co-captain Cecil Schrank will take care of the other tackle berth. Jim Maxwell, John Snowberg and Arnold Seim will protect the Bison flanks.

### 50 Freshmen Report For Basketball

Prospects for the Baby Bison basketball squad look good as 50 freshman turned out for Frosh cage practice this week. In scrimmages against the varsity this week they looked good although much polishing is needed in passing. In two weeks the squad of 50 will be cut down to 15 or 20.

Many big names in North Dakota and Minnesota prep basketball circles are candidates for the team. From North Dakota the best projects are Bob Yeasley, Bismarck; Lloyd Fercho and Odd Jacobson, Fargo; Harry Treglawney, Valley City; Ardell Draxton, Larimore; Edsell Boe, Cooperstown; Eldred Boe, Hannaford; Loyland of Kloten. Of these Yeasley and Fercho were Class A all-state players last year, Draxton was Class B all-state, and Loyland was consolidated school all-star center for two years.

Jim Pangborn, Bud Smilonich, Eli Dobervich, Paul Odonovich, and Edwin Tandberg are all from Minnesota. Odonovich is a transfer student from Missouri State Teachers college, and Tandberg transferred from the Bottineau School of Forestry.

Although the varsity show more experience and polish as a result of playing together last year, the Frosh seem to be almost equal in scoring punch.

Gus Dorais, University of Detroit grid coach, is a candidate for election to Detroit's city council.

### Plans Formulated For Ice Skating Rink

As soon as the weather permits, a skating rink will be set up south of the stadium and under the direction of Harry Johnson the intramural hockey season will get underway.

Athletic Director C. C. Finnegan announced that the location of the rink will probably be the same as last year, according to recent plans, but it may be moved into the stadium if that shift in location will afford more protection from snow and wind. The warming house will be at the same location as last year, at the east end of the south stands.

An innovation this year will be the setting up of movable boards so that one end may be taken down and a team of horses able to get on the ice to sweep off the snow. Last year the biggest problem was to keep the ice clear after a snowstorm.

Plans are not as yet complete for the intramural hockey league but it is known that the athletic department will present a trophy to the winning team, as in the past.

We will be happy to see you — or — if more convenient just telephone 3-1373 . . .

### Women's Sports

By LaVERNE KNUTSON

The archery tournament will be completed this week. Following this will be a paddle tennis tournament with Dorothy Landquist in charge, and a shuffleboard elimination with Molfred Moe as manager. Those who wish to enter either or both of these tournaments should be sure to sign up for them next week.

Did you say you were getting too fat to get into your clothes, or did you lose so much weight worrying over your mid-term marks that they hang on you like gunny sacks? In either case dig into the far corners of your attic and see what you can find. The Psi Kaps are having a rummage sale with Marie Letness in charge, and if you find something to contribute just haul it out and let Marie know, will you? —L. K.

## SCHOOL OF DENTISTRY

The University of Buffalo

A four year curriculum completed in three calendar years, by means of the quarter plan. (Four quarters of eleven weeks each, to the school year).

The dental and medical schools are closely affiliated, instruction in the basic medical sciences being under the supervision of the medical faculty. Clinical practice of dentistry, in all its varied aspects, is supervised by the dental division, and there is an intimate association with the clinics of several hospitals. Periods of internship in two general and one children's hospital during the senior year, offering unusual experience in clinical observation, diagnosis, and treatment of dental conditions.

Next regular session will start the first week in July, 1940.
