NUMBER 2

May's Return Sends Bison Football Hopes Soaring

Sixteen Lettermen, 12 Sophomores Report For Early Practice

Hopes of the Bison grid followers for a conference championship soared Wednesday with the news that Emil May, stellar halfback on the championship 1935 NDAC team, will again be on the squad. With May in the lineup, the Herd will be strengthened in the signal-calling department, as well as in punting and passing.

May, who did not return to school last year after being named co-captain with Forrest Stephens, reported for practice Wednesday, bringing to 16 the number of lettermen in this year's squad. Under the tutelage of Coaches Casey Finnegan and Bob Lowe, the squad has been working out twice daily for two weeks.

Tonight in the new stadium on Dacotah field, Bison fans will be given a preview of what may be expected of the Thundering Herd this season, when two teams engage in an inter-squad tilt. The first regular game is slated next Friday evening with the Moorhead State Teachers Dragons.

Needed Signal Caller

Before May reported, Finnegan was grooming Elmer Schrank and Don Johnston for signal callers, but with the South Dakota flash back in uniform, these two boys will be blocking backs.

Ernie Wheeler, co-captain and all-conference halfback, with May and Cecil Sturgeon, fullback, a newcomer to varsity competition, will handle most of the kicking and passing. Other backs are Bernie Bermann, shifted from an end position; Sig Erickson, Gil Friederichs, George Moore, and Bill Peppel.

The situation in the line is better at this early date than last year. Elmer Holt, all-conference guard, Merrill Green and Alfred Bostow are capable choices at guard. Jim On and Joe Kojancik will alternate at center with Bill Kelley, a sophomore, pushing hard for a regular berth as center.

Five Guards

Cecil Schrank and Harry Johnson are letter winners at the guard posts, with Herman Bowers, Carroll Ness, Arnold Seim and Ruel Hoyland backing up that position. Hovland is a transfer from Bottineau Forestry school.

The end positions are well taken care of with Co-captain Ray Hawkins and Ed Welles, veterans, aided by four promising men, Jim Maxwell, Earl Marquardt, Herb Kittler and Pat Two-mey.

The complete schedule follows:
Sept. 23—Moorhead Teachers here.
Oct. 1—Winnipeg Rugby Club there.
Oct. 8—Idaho University at Moscow.
Oct. 14—Iowa Teachers here.
Oct. 21—Greeley Teachers here.
Oct. 29—UND here.
Nov. 5—USD there.
Nov. 12—SDS there.
Nov. 19—Creighton at Omaha.

New Personnel Department To Better Student Relations

By FLORENZ DINWOODIE

Students of NDAC will beat out a new path to the door of Dr. Otto J. Beyers when he arrives on the campus next week. His position is director of student guidance, personnel, and placement. His duties are to know every student, his potentialities, his personality and his desires, to understand youth problems, and to place the senior after graduation.

Dr. Beyers received his education at Concordia Teachers College, River Forest, Ill.; the Detroit Teachers College, Detroit, Mich.; and Washington University, St. Louis, Mo. He has taught in the elementary schools at Detroit, Mich., the Illinois Concordia Teachers College, Huron College, Huron, S. D., and Washington University.

Seeing the need for such a director on the campus, President Eversull created the position for Dr. Beyers with whom he has worked before. Along with the high praise of Dr. Eversull, Dr. Beyers' recommendations include the following from Dr. Frank L. Wright, head of the department of education of Washington University:

"Dr. Beyers is an excellent scholar versed in modern research methods. He is an excellent teacher as evidenced by the complete satisfaction he has given in his work during summer ses-

COACH BOB LOWE

'Doc' Putnam, NDAC Bandmaster, 79 Today

Today "Doc" Putnam is 79. Today, for the thirty-fourth consecutive year he is helping welcome a new class to NDAC, helping instill in them the traditions of the school.

"Doc" himself is one of NDAC's fondest traditions. At 79 he is still the peppiest man on the campus. Freshmen will find that out this afternoon when he officiates at their first college pepfest.

The veteran bandmaster came to NDAC in 1904 when the big fire completely destroyed his medical equipment in his Fargo office. He started out teaching mathematics, soon became the college band leader, his band growing from 16 pieces to 140.

Honors aplenty have come to "Doc" during his service here. In 1933 the Bison yearbook was dedicated to him. Homecoming that year also was dedicated to him and in 1930 he was presented a Doctor of Service degree by Blue Key. Scabbard and Blade and Phi Kappa Phi have honored him with memberships. Nationally he is well known and is now the oldest active member of the select American Bandmasters association.

128 NYA Jobs Will Pay \$1,920 Monthly

Financial aid to students through the National Youth Administration will total \$1,920 a month, according to Dean C. A. Sevrinson, director. More than 400 applications have been filed for the 128 available jobs.

The NYA program will be the same as last year, the work being mostly janitor, clerical, filing and laboratory work. The money is distributed in \$7.50, \$9 and \$12 appointments. Recipients of the work are paid 30 cents an hour.

DR. OTTO J. BEYERS

sions at Washington University and in his other teaching experience. He has a sane yet dynamic philosophy of education I found as he worked with me in courses in supervision and current educational thought. Dr. Beyers seems to be a good judge of people, knows the characteristics of a good teacher, and has good experience in the placement of teachers."

PRESS APPLICATION FOR NEW NDAC LIBRARY

Application for a PWA grant of \$200,000 for a new library is being pressed and will be in the hands of the Regional Director of PWA in Omaha on Sept. 23, according to S. W. Hagan, secretary of the college. Final action on the application is taken there and the decision made whether NDAC is to be granted \$90,000, the Federal government's share of the project.

At the same time, applications were made for a \$200,000 Farm Folk School building and for \$10,000 for completing work on the swimming pool. An additional \$100,000 was requested for improvements, repairs, rewiring, reroofing, remodeling, and campus.

Promote Thirteen On School Faculty

Thirteen faculty members were given promotions during the summer, according to word received from the president's office.

Dr. C. J. Sunde, formerly an associate professor of chemistry was made a full professor. Raised from assistant professor to an associate professor were Miss Ann Brown of the art department and Miss Constance Leeb, home economics.

Raised to assistant professor from the rank of instructor were Donald Keene, agricultural economics; J. S. Scheurich, electrical engineering; Knute Henning, architecture; Miss Jesse Phillips, English; Leonard Sackett, English; Glenn Hill, mathematics; Miss Ruby Grimes, mathematics, and Eugene Pettee, economic science.

Kenneth Redman was promoted from instructor in pharmacy to instructor in pharmacognosy and Miss Lillian Quinot, formerly stenographer in the Chemistry was made secretary of that department.

INTERESTED IN MUSIC and drama but mostly interested in girls is Mrs. Mildred Kirst, named social director at Ceres Hall. For the past two weeks she has been hostess to campus visitors and is now ready to be hostess, mother, and friend to the "dorm girls". She attended the University of Minnesota and McPhail School of Music and is a member of Kappa Alpha Theta. For the past several years Mrs. Kirst has taught in the public schools of LaMoure and is now filling the vacancy caused by the resignation of Miss Geraldine Ewald.

New LCT Lobby Created By Old Main Remodel Job

As a part of general improvements on the campus, \$1500 was spent on painting and remodeling in the Little Country Theatre. The wide staircase leading from the first floor of Old Main was partly rebuilt and now leads directly up instead of turning to the right as before. A new brick wall was erected to form a new lobby, and the former outer wall plastered. A hardwood floor was laid and the walls painted in the lobby, some of the painting being done by PWA labor. The new lobby is directly over the rear entrance to the main building.

In Ceres Hall some remodeling and repainting was done in the kitchens and laundry, nearly all the work done by PWA labor. Other routine summer renovation work in various campus buildings has been completed under the direction of Dick Kraft, chief of the school's janitor corps.

College officials call attention to an innovation this year in the time of registration for the fall term. Both old and new students will register on Monday and Tuesday, the former in the mornings, old students in the afternoons. It is hoped that old students who are already in Fargo will complete their registration today and Saturday.

Class Of '42 Guests At Gala 5-Day Orientation Program

Dr. Eversull Greets Freshmen TO THE STUDENTS:

Another year has begun. It promises to be a tremendous year. Abroad there are imminent signs of mortal conflict. At home there are vast programs on foot for the amelioration of social and economic wrong. You stand at a vantage point during these days. You may view a troubled world at such a distance as to give you both perspective and a dare.

College this year should give you objective evidence of

means and methods of solving world problems. Your association here should be an everlasting challenge to you to make a major contribution to the welfare of humanity.

These should be busy days filled with earnest thought, serious contemplation, and high resolves. Let us unite in a solid front to move into the troubled areas of world affairs and fight anew the battles for truth and justice. This should be our slogan for this college year.

FRANK L. EVERSULL, President.

Alumni, Students Make Early Plans For Homecoming

Alumni and students are laying early plans for Homecoming, slated Oct. 28 and 29 with the University-NDAC grid tilt the feature event. James Critchfield, student commission president, has called a meeting today of that group to make tentative plans for the celebration.

Alumni committees to direct graduates' participation have already been named, according to Helen Stokke, secretary of the Alumni and Former Student association. They include Max Hughes, campus decoration; William Guy, Fred Olson and C. A. Williams, inauguration of the new president; G. M. Cook, J. G. Halbeisen, football tickets; Dr. Albert Hallenberg, parade; John Smith, publicity and O. A. Schollander, rally and convocation broadcast. A. G. Arvold will direct a committee in charge of the annual banquet.

Mendenhall Named Military Unit Chief

Directing the college military department this year will be Lt. Col. John R. Mendenhall who replaces Lt. Col. John D. Easton. The latter was head of the local department four years and from here goes to Pomona, Calif.

Col. Mendenhall was graduated from West Point in 1915 and served with the Third division in the World War. He comes here from New York, where he was stationed at Fort Jay on Governor's Island. His wife and one daughter, Sylvia, 11, will join him here in November. A second daughter, Joan, will continue her work at Vassar College.

Abbie Andrews Will Play For Frosh Mixer

One of the highlights of orientation week is the freshman mixer, a get-acquainted dance for freshmen only, to be held in Festival Hall tomorrow night. Campus Sisters and upperclassmen will be on hand to make introductions and see that everybody dances.

Abbie Andrews will play for the dance. The rest of the schedule will acquaint freshmen with college, courses, faculty and buildings, and the mixer is to acquaint the newcomers with each other.

Orientation buttons, which will be distributed only at 9:00 on Friday in the Little Country Theater, are the only requirements for admission. Don't fail to get your button and don't miss the mixer because it's a lot of fun and will be the swiftest swingeroo since Father Hines was on the campus.

Harry Woll Tops Spring Honor Roll

Harry Woll, sophomore in mechanical engineering from LaMoure, rated the top scholastic position among students during the spring term of 1938. Woll's 96 average was good enough to best Donald Kaldor, senior in agriculture and Elmo Larson, sophomore in electrical engineering, who ranked 95.3 and 95.2, respectively.

Top average among sororities went to Alpha Gamma Delta with an 84.7. Kappa Kappa Gamma was a close runner-up with 84.6. Kappa Sigma Chi led fraternities with an 84.8, followed by Kappa Psi, 83.8.

Top position among all student organizations went to Alpha Zeta, honorary agriculture group, with an 89.5 ranking. Pi Gamma Mu, Senior Staff and Tau Delta Pi tied for second with 88.2.

Complete official averages as obtained from the office of the registrar appear on page two of this issue.

Harold Halcrow of Bowesmont, N. D., was in Fargo Thursday en route to Bozeman, Mont., where he will have a teaching position in Montana State college. Halcrow is an NDAC grad of 1937.

Campus Sister Movement Enlists Aid Of 86 Coeds

MARY BETH LEWIS

Meeting trains and busses, helping with registration, assisting at the Freshman Mixer, and trying in every way possible to help the new girls get acquainted with the faculty, students, and buildings of the college—these are the principal duties of the 86 upper-class women who are serving as campus sisters, according to Mary Beth Lewis, YWCA vice president and general chairman of the campus sister setup.

Acting as campus sisters are Evelyn Arntson, Sheldon; Virginia Brown, Geraldine Hulet, Valley City; Hollace Beall, Jean Renwick, Bismarck; Virginia Crust, Brainerd, Minn.; Geraldine Davis, Lansford; Nelta Dyer, Shelby, Minn.; Lorraine Fitjar, Joyce Ogilvie, Dorothy Olson, Jamestown; June Forsgren, Noonan; Helen Hallderson, Dora Sakshaug, Sherwood; Elaine Helland, Arthur; Phyllis Herr, Wishek; Cloyce Hocking, Absaraka; Viola Holmer, Horace.

Rosemary Kniefel, LaMoure; Mary Knox, Hope; Clarice Lee, Velva; Marie Letness, Elaine Matteson, Hillsboro; June Lowe, Kenmare; Mary Jean Mason, Cartwright; Virginia Nelson, Moorhead, Minn.; Madeline Nims, Marjorie Nims, Lisbon; Alta Reynolds, Edmore; (Continued on Page Four)

A Word To The Wise . . . 'We Like Our School'

Freshmen—we wonder if you know just how lucky you are. All indications point toward a new era for North Dakota Agricultural College, and you're getting in on the ground floor. Even the most skeptical of skeptics are beginning to realize that NDAC is headed for one of the biggest years in its history. We, the old students, know that. You, the new students, are soon going to be convinced of it.

The first reason we think you're lucky happens to be the main talking point of the skeptics—a decrease in enrollment. No one, faculty or students, will be surprised at a rather material drop in enrollment. That may well be expected. However, that same drop in enrollment may prove a distinct boon to all of us. This school the past few years has been something like a big, overgrown kid. It has grown too fast for its own good. Campus facilities cannot properly take care of the 2,000 enrollment mark we were fast approaching. But, if the abnormal growth is halted for a year or two, adjustments can be made, curricula can be changed to meet the changing needs, and materials and equipment can be readjusted to meet the growing enrollment. Individual problems peculiar to various students will be better handled if there are fewer students in proportion to faculty members.

And let's not forget our new president. During his few weeks of pre-school activity, Dr. Eversull has demonstrated in a convincing manner that he deserves the wholehearted support and cooperation of every student and faculty member. And he's going to get it. A five-minute chat with the new prexy will reveal him chock-full of ideas to improve the school. The new personnel department with its full time director is designed to provide student guidance, contact and placement. Eventually it will

completely take over placement of graduates.

Too, this year will be a big year on A. G. Arvold's lyceum program. Featuring Kirsten Flagstad and Nino Martini, the program brings some of the world's finest entertainers to historic Festival Hall's stage. Again—the work of the Little Country Theater in plays, festivals and conferences will retain its high degree of excellence.

Anent the athletic program—with one of the finest athletic plants in the northwest, NDAC students can be assured of a fine athletic program of both major and minor sports. For the non-varsity athlete, an extensive program of intramural sports is assured through recent action of the athletic board of control in creating a board of intramural athletics. The action provides for individual and group competition in many sports with trophies and sweaters awarded to winners.

As regards extra-curricular activities. For the freshmen there are opportunities galore on student publications, student dramatic presentations and student organizations. Several social fraternities and sororities as well as social groups for the non-fraternity men and women and a host of clubs and honorary organizations will provide an outlet for the pent-up energy of the activity-minded student.

Nor can we overlook the opportunities offered for an academic education. The same wide variety of courses will be offered by the six divisions. Your choice of a general, professional, or technical training can be adequately cared for. And you are assured that a well-educated faculty will instruct you.

To this—to what is going to be NDAC's biggest year—we're glad to welcome the new students. We like our school. You're going to, too.

Student Body President G greets Freshmen

As a representative of the student body of the North Dakota Agricultural College, I extend to you a welcome to our campus. You are about to assume the responsibility of becoming a member of a student body which has maintained a loyal allegiance to this institution in more favorable times as well as in periods of adversity. Your sojourn on this campus can and will be one of the most pleasant periods in your life, but the return you receive is dependent on the effort you put into your college education.

It is a true statement that half of your college education will not be found in books, classrooms or laboratory. Believing this, I invite you to participate in the extra-curricular, and social program of the college making contacts that grow into friendship and gaining knowledge that will aid in the development of your personality. At the same time remember that the primary reason that you are here is to learn proficiency in some technical field or profession which, with a well rounded personality, is essential for successful life after college days are over. May your collegiate days be so successful that after you have left this college men and women affiliated with it can say with pride that you enrolled as a freshman at the North Dakota Agricultural College in 1939.

Eversull Promises Aid To Stockmen

Promise of accurate information and detailed help on feeder problems was promised farmers of the Red River Valley Livestock association this week. Telling of the work of the college along live stock production lines Dr. Eversull said: "The supreme task of the NDAC is two-fold. It should collect, assimilate and distribute all of the available information on livestock production. — Second, the college should conduct its own experiments in these fields and make specific applications of scientific knowledge to the immediate problems of the state. One might reasonably add a third function. This includes marketing, distribution of products, effects of environment upon quantity and quality of production, feeding, breeding and substantial economic returns on the work and the investment."

Irrigation Experiment Station Included In Proposed AC Budget

An irrigation experiment station, to be located by the Missouri river, is included in the proposed NDAC budget for the biennium 1939-1940. The station, estimated to cost \$60,000, would serve as a testing ground for state irrigation work. Supporting the proposal is Dr. Frank L. Eversull, president of the institution, who believes the college ought to pioneer in the irrigation research field. In a letter to the state water commission Dr. Eversull opines, "I think nothing would do more to contribute to the welfare of the people of our state than to determine accurately the possibilities of irrigation in the Missouri valley".

Students Appear On Dedication Program

As delegates to the dedication of a memorial arch to Carl Ben Eielson, North Dakota air hero, Robert Whempner, O. R. Vinje, and Einar Mickelson will go by plane Sunday to Hatton to attend the ceremony. The three delegates are representatives of the Carl Ben Eielson Flying Club, local student pilot organization. Whempner, club president, will appear on the program. The trip will be made in the club's ship, a three-seater Curtis-Robin.

NEWMEN WANTED.

Freshmen desiring positions on the Spectrum editorial and business staffs are urged by John Lynch and Dick Cook, editor and business manager, to make early applications at the Spectrum office at the end of the west wing on the basement floor of Science Hall. Applications will be received Monday afternoon or by special appointment.

Fraternities, Sororities Prepare For Two-Week Rush Period

For Two-Week Rush Period
Rush chairmen for NDAC's six sororities and nine fraternities are sharpening their wits as the Greek groups prepare to go into their two weeks of rushing activities. Several hundred new young men and women will be entertained in one of the most active periods of their college careers. Informal rush week starts Sunday and concludes Sunday, Sept. 25. The following week will be set aside for formal rushing, with fraternities and sororities assigned definite dates and times for rushing parties. For sororities the schedule for informal rush week includes open house Sept. 19 from 3 to 6 given by Phi Omega Pi, Kappa Delta and Kappa Kappa Gamma. Open house Sept. 20 from 3 to 6 will be held by Gamma Phi Beta, Alpha Gamma Delta and Phi Mu. The hours 4 to 6:30 prevail for both the invitational teas to be given. Dates are Sept. 21, Phi Omega Pi, Kappa Delta and Kappa Kappa Gamma; Sept. 22, Gamma Phi Beta, Alpha Gamma Delta and Phi Mu, the first group repeating Sept. 23, the second group, Sept. 24. Any girl desiring to go through the rushing period and pledge a sorority must first have her high school credits on file, must be registered for at least 12 hours and must have paid her fees. During the period Sept. 20-30 she must call at the Dean of Women's office each day between 11 a. m. and 1:30 p. m. for invitation to rushing parties. Acceptance or regret cards must be signed and returned by 5 the day the invitation is received. Rush chairmen for the sororities are

Marjorie Simmons, Kappa Kappa Gamma; Helen Restvedt, Alpha Gamma Delta; Gladys Provan, Phi Omega Pi; Lois McMillan, Phi Mu; Margaret Calhoun, Gamma Phi Beta, and Mavis Jensen, Kappa Delta. Rushing rules for fraternities do not provide for definite schedules during the informal rush week. Fraternity rush chairmen are Myrle Anderson, Sigma Alpha Epsilon; Einar Mickelson, Theta Chi; James Critchfield and Bob Shaw, Alpha Tau Omega; Don Hanson, Sigma Phi Delta; Bill Corwin, Sigma Chi; Roger Kimber, Kappa Sigma Chi; Waldo Southam, Alpha Gamma Rho.

Orientation Program

- Friday September 16
- Distribution of Handbook and Orientation Programs at the Door of the Little Country Theatre in the Administration Building.
- 9:00-9:15—Community Singing—Little Country Theatre—Ernest VanVlissingen.
- 9:15-10:00—Address: "So You Are Going To College!"—President Frank Eversull.
- 10:00-10:10—Intermission.
- 10:10-10:50—The College and You—Dean C. A. Sevrinson.
1. The Program of the Week.
2. Our Rules and Regulations.
- 10:50-11:00—Presenting the Fargo School of Religious Education—Dr. Walter Lee Airheart, Director.
- 11:00-11:25—The Health Program—Dr. C. I. Nelson.
- 11:25-11:50—The Social Program—Dean W. F. Sudro.
- 12:00—Lunch Hour—Ceres Hall Cafeteria.
- 1:30-2:00—Pep Rally—College Songs and Yells, Festival Hall—"Doc" Putnam and Pep Club.
- 2:00-4:00—Conferences in the Six Divisions.
- A. Agriculture—Room 308, Morrill Hall.—Under leadership Dean H. L. Walster.
- B. Chemistry—Room 107, Chemistry Bldg. Under leadership of Dean L. L. Carrick.
- C. Engineering—Room 22 Engineering Bldg. Under leadership of Acting-Dean H. S. Rush.
- D. Home Ec.—Room A., Ceres Hall. Under leadership of Dean Haley.
- E. Pharmacy—Room 108, Francis Hall. Under leadership of Dean W. F. Sudro.
- F. Applied Arts and Sciences—Room 319, Science Bldg. Under

- leadership of Dean A. E. Minard. To this division go pre-medical, dental, pre-legal, and pre-commerce students; also laboratory technicians and teaching majors in general subject matter such as history, mathematics, English, and the sciences.
- 8:00—Football Game—This game will be played under the floodlights in the new stadium.
- Saturday, September 17
- 9:00-9:30—Music, College Songs and Yells—Little Country Theatre—"Doc" Putnam and Pep Club.
- 9:30-10:45—Placement tests in English—Rooms 107 and 207, Chemistry Building. Prof. Kenneth Kuhn in charge.
- 11:00-12:00—Test in Natural Science—Room 107 and 207, Chemistry Bldg. Dr. A. D. Whedon in charge.
- 12:00—Lunch Hour—Ceres Hall Cafeteria.
- 1:30-2:15—Test in Social Sciences—Rooms 107 and 207, Chemistry Bldg. Prof. Glenn Lawritson in charge.
- 2:30-4:15—Psychological Test—Rooms 107 and 207, Chemistry Building. Prof. Glenn Lawritson in charge.
- 8:30-11:00—New Student Mixer—Festival Hall. College identification required.
- Sunday, September 18
- 8:45—Breakfast for New Students. Boys at college Y. M. C. A. Girls at Ceres Hall. These breakfasts are served free by college Christian associations.
- 1:15—Dinner at Ceres Hall for all New Students.
- 3:00—Freshman girls meet with Miss Dinan, Dean of Women, in the Little Country Theatre.

- Freshman boys meet with C. A. Sevrinson, Dean of Men, at the College Y. M. C. A.
- 4:00-5:30—Drives about the city. Cars furnished by members of the college faculty and interested citizens. Senior Staff in charge.
- Evening—Youth Organizations of Various Churches. (See church folders.)
- Monday, September 19
- 9:00-9:30—Music and Announcements—Country Theatre. "Doc" Putnam.
- 9:30-10:30—Fraternity and Sorority Programs. Boys—Y. M. C. A. Girls—Little Country Theatre.
- 10:30-12:00—Registration for Freshman—Festival Hall.
- 12:00—Lunch Hour—Ceres Hall Cafeteria.
- 1:30-5:00—Registration for all students—Festival Hall.
- 3:00-6:00—Fraternity and Sorority Open House for all new students.
- 8:00-10:00—Stag Parties.—Boys at Y. M. C. A.—Girls at Festival Hall.
- Tuesday, September 20
- 9:00-9:30—Singing and Announcements—Little Country Theatre.—Ernest VanVlissingen.
- 9:30-12:00—Registration for Freshman—Festival Hall.
- 12:00—Lunch Hour—Ceres Hall Cafeteria.
- 1:30-5:00—Registration for all Students—Festival Hall.
- 3:00-6:00—Fraternity and Sorority Open House for all New Students.
- 9:00-11:00—All-College Hop. Auditorium—Physical Education Building. College identification required.
- Wednesday, September 21
- 8:00 A. M.—Classes assemble.

Sevrinon Named To Head Educators' Group

Cass county and Fargo educators Monday named C. A. Sevrinson, NDAC dean of men, chairman of a steering committee on guidance for high school and other pupils in Cass county. Sevrinson will be assisted on the committee by educators and social workers in Cass county, and by an advisory committee composed of one person in each participating high school in the county. The guidance program is designed to take the guesswork out of the education of the individual pupil and to prepare him for the career he is best fitted for. First tests will be given in Fargo, Sept. 24.

C. B. Waldron, professor of horticulture, has returned from a three-month vacation spent studying the national forest in New York, Pennsylvania, and Michigan.

BACK TO THE GRIND looking grand!

We've timed your arrival on campus with everything that's new in shirts. Stripes and checks you've never seen before—colors that are quiet—new collar models—all tailored with the Arrow touch—all streamlined Mitoga fit and Sanforized Shrunken. Auction off your die-hard Arrows and get a load of new ones. \$2 to \$5.

Arrow ties to harmonize \$1. and \$1.50

Several New Faces Appear On School Faculty Roster

Several men and women have arrived on the campus to assume their duties as new members of the NDAC faculty. Filling vacancies made by resignations and leaves of absence, the new instructors come from colleges and universities from coast to coast.

Taking Dr. M. E. High's place as instructor in physics is Dr. G. D. Kinzer of Urbana, Illinois. Dr. Kinzer formerly taught physics and mathematics at Viator College, Bourbonnais, Illinois. He has his master's and doctor's degrees from the University of Illinois.

Stanley Kocall, formerly with the Michigan Civil Service Survey has been named instructor in civil engineering. He is a graduate of the Michigan School of Mines, and succeeds H. M. Fitch.

With her bachelor's degree from the Utah Agricultural college and her master's from Iowa State college, Miss Elsie Nielsen has been appointed instructor in home management. Miss Nielsen was the home management specialist at Battle Creek College at Battle Creek, Michigan.

Succeeds Roderick

Replacing Dr. L. M. Roderick as animal pathologist in the experiment station is Dr. F. M. Bolin. Dr. Bolin, who was formerly assistant veterinarian at Oregon State college, has his doctor of veterinary science degree from Iowa State college.

Dr. E. J. Anderson, who was a University of Minnesota National Research Council Fellow is the new instructor in botany, succeeding W. E. Booth. Dr. Anderson received his bachelor's and master's degrees from Washington State college at Pullman, and his doctor's degree from the University of Maryland.

Former electrical equipment maintenance supervisor at Iowa State college was Erwin K. Rohr, now instructor in the engineering department at NDAC. Mr. Rohr has his bachelor's and master's degrees from Iowa State.

Reuben Baumgartner of Freeport, Illinois has been named as instructor in mathematics, filling a vacancy left by resignations and shifts of last year.

Will Teach Zoology

Succeeding Dr. O. P. Breland, who is now with the University of Texas, is Dr. Melvin E. Griffith. Dr. Griffith

has master's and doctor's degrees from the University of Kansas, and is a member of Phi Beta Kappa, national honorary scholastic fraternity

William M. Johnson, NDAC graduate, succeeds Dr. E. H. Tyner in the soils department of the division of agriculture. He received his master's degree from the University of Wisconsin last spring.

Named as professor and head of the department of social and economic sciences is Dr. John P. Johansen. Dr. Johansen fills the vacancy left by Dr. W. O. Farber. He received his B. A. and M. A. from Nebraska Wesleyan University of Wisconsin.

New Horticulturalist

New assistant horticulturalist in the experiment station is A. L. Richardson, formerly of the University of Minnesota. Mr. Richardson is to develop new varieties of tomatoes and vine crops.

Alex A. Jigger, Simsbury, Connecticut; Paul E. Christiansen, Fargo; Ralph Dahl, Fertile, Minnesota; and Dan Farstad, Harvey, have been named chemistry assistants. All will work on master's degrees in addition to teaching duties.

CAMPUS SISTERS

(Continued from Page One)

Esther Schulz, Crystal; Marian Smith, Amenia; Doris Stinson, Pembina; Ruth

Thomte, Colgan; Louise Tweet, Rugby; Margaret Winhofer, Crosby.

La Vaun Anderson, Corrine Anderson, Marion Anstett, Margaretta Bjornson, Jane Blair, Mary Pauline Bohn, Loretta Brandt, Sally Burger, Marie Carlson, Betty Carnine, Beisie Chambers, Jean Chase, Lucille Clark, Olive Clason, Mildred Cona, Elizabeth Covert, Louise Crosby, Catharine Cummins, Agnes Erdahl, Helen Greenhields, Marion Gretter, Dorothy Goebel, Margaret Goebel, Agnes Gunvaldsen, Jean Halbeisen, Jessie Halstead, Marjorie Hanson, Jean Heller, Jean Humphreys, Helen Johnson, Nora Johnson, Virginia Johnson, Margaret Jones, Valdis Knutson, Helen Landblom, Allis Larson, Patty Laval, Delores McDowell, Harriet McDowell, Fay Ann Nelson, Evelyn Olson, Leonette Parries, Helen Pederson, Alice Piers, Claire Putz, June Sandstead, Earbara Scatterday, Helen Sletvold, Connie Taylor, Eunice Warner, Vera Woodriddle, all of Fargo.

Here's what happens to that \$5 student activity fee you're going to wonder about:

Athletics	\$2.00
Eison	1.22
Class dues	.14
Lecture course	46%
Board of Pub. Sp. Control	.25
Sick Benefit Fund	.30
Spectrum	.48
Woman's Senate	.04
Student Commission	13 1/4

From the allotment to the student commission the band receives six cents.

Initiation Planned By Two Sororities

Two pledges of Alpha Gamma Delta and five of Kappa Delta will become active members at initiatory services planned for Saturday and Sunday. Catherine Brandes, president of Alpha Gamma Delta, will preside when Evelyn Arntson and Elvira Heuer are inducted at 3:30 tomorrow. A formal dinner at the Graver hotel will follow at 6 with covers placed for 35.

Geraldine Davis, president of Kappa Delta, will conduct initiation services Sunday morning at 7 for Marguerite Olson, Nora Johnson, Allis Larson, Loretta Brandt, and Barbara Black. Following the service breakfast will be served to 25.

Jean Cameron Heller and Dolores McDowell were the honored guests at a luncheon Thursday following their initiation into Kappa Kappa Gamma. Marian Smith, president, conducted the service Thursday morning in the chapter rooms.

Alaska Colony May Use NDAC Tomato

One of the most difficult garden problems of the Matanuska Colony in Alaska may be solved by the introduction of NDAC-developed tomatoes, declared Dean Walster of the school of agriculture, in an address before the Fargo Kiwanis club Tuesday.

Walster lauded other garden products of the colony, saying the leafy vegetables and root crops ranked with the best. Respecting tomatoes and other tender products, the need was for an earlier plant of a better variety, he said.

Dean Walster recently returned from a visit to Alaska and the Matanuska Valley experiment station gardens, which he described as "a glorious

sight." He spent considerable time touring Alaska, where he viewed salmon canning operations, and especially agricultural conditions.

GETS CALIFORNIA JOB

Robert Beck of Crookston, Minn., June graduate from NDAC's industrial paint chemistry course, has accepted

a position with the Sillers Paint and Varnish company of Los Angeles, Calif., according to word from the office of Dean L. L. Carrick. While on the campus Beck was a member of Theta Chi fraternity and the Chemistry club.

Start On Even Terms with Any Other Student

by getting the Pen that Has What It Takes to help you rate marks that you can write home about

Friday - P.M.
Dear Mother and Dad,
We got our first-quarter quiz grades today and I think you'll be pleasantly surprised at mine:

92 Economics 89 Math
90 English Lit. 86 Biology
94 Political Science

Incidentally, some of the credit ought to go to the New Parker Vacuumatic Pen I bought. It sure makes writing easier.

You can SEE the level of ink at all times—see when to refill—so it won't run dry in classes or tests

Naturally, your Parents want you to start the new term on a par with anyone else in your class. That's why they'll want you to back your brains with a Pen like the revolutionary new Parker Vacuumatic.

Its Scratch-proof Point of Platinum and 14-K Gold writes like a breeze because it's tipped with jewel-smooth Osmiridium, twice as costly as ordinary iridium. And the Parker Vacuumatic won't let you down by running dry unexpectedly in classes or quizzes. Held to the light it shows the ENTIRE ink supply—shows when to refill. And it holds such a co-

pious reserve of ink to begin with that you need fill it only 3 or 4 times from one term to the next.

Go to any good pen counter today and try this pedigreed Beauty of laminated Pearl and Jet—a wholly exclusive and original Style. And look for the smart ARROW clip. This identifies the genuine and distinguishes the owner.

The Parker Pen Co., Janesville, Wis. Makers of Parker Quink, the new pen-cleaning writing ink. 15c, 25c and up.
