

Curtain Ready To Rise On 'Tangerine'

Alpha Gam Group Hold International Reunion Day

Saturday, April 9, will be celebrated by Alpha Gamma Delta as International Reunion Day. The custom of designating one Saturday in the month of April as a day of reunion and promotion of cooperative activity among all Alpha Gamma Delta members was adopted by the Grand Council of the fraternity at the 1935 international convention. Each of the 48 undergraduate chapters in the United States and Canada are the center for reunion festivities to which all undergraduates and alumnae in that vicinity are invited, whether they are alumnae from that particular chapter or not. Similar festivities take place in all cities and towns not near an undergraduate chapter where there are groups of alumnae. Beta Beta chapter of Alpha Gamma Delta is at North Dakota State College.

A preliminary program to Reunion Day will be held in the undergraduate chapter rooms on Friday night immediately following the Bison Brevities production of "Tangerine"; and will consist of stunts, a moving picture of the chapter members depicting chapter life and a general social time. Joan Hughes of Bismarck is chairman of the program, and Mrs. C. W. Glotzbach will be in charge of showing the moving picture.

Catherine Brandes is in charge of an exhibit of material from Alpha Gamma Delta's recent national convention. This exhibit will be on display in the chapter room in the college YMCA and Carol Buhmann will assist with it.

At 11:30 a. m. Saturday initiation services will be conducted by Catherine Brandes, chapter president, for the following: Mary Froling, Fargo; Virginia Johnson, Forest River; Lucille Knudson, Aneta; Marie Letnes, Hills-

Members of Theta Chi fraternity elected Roy DeRose, Wilton, as their new president, Monday evening. He will succeed Dale Hogboom, Fargo, who has held the office for the last two years.

Others who were elected include: Stanley Heggen, Devils Lake, vice-president; John Lynch, LaMoure, secretary; Victor Hultstrand, Park River, marshal; Sigurd Johnson, Jamestown, treasurer; Howard Fraser, Walhalla, first guard; Carl Rorvig, Nome, second guard; Wallace Bjornson, Devils Lake, librarian; Ervin Dreblow, Fertile, historian; and William McKee, Webster, chaplain.

DeRose is a junior in engineering. During the past year he has been the chapter treasurer and house manager. The new officers will be installed by retiring president Hogboom Saturday evening following the annual Founder's Day banquet.

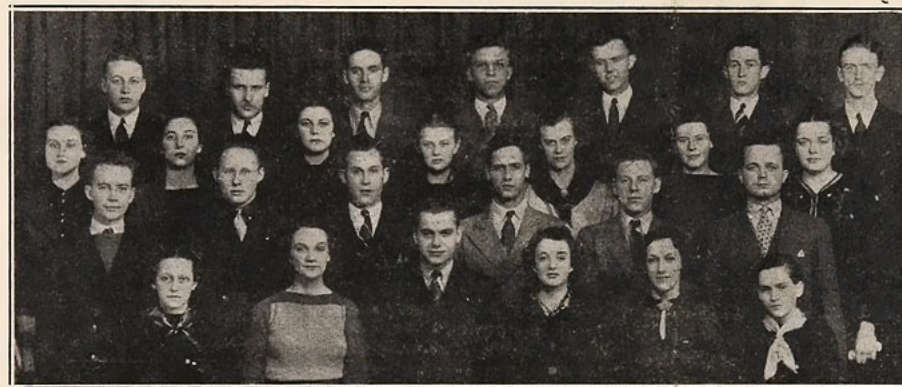

Track Team To Attend Dragon Relays

Word was received here last week of the postponement of the Dakota Relays at Sioux Falls, S. Dak., until next year. The reason given was that their new track has not been completed and no facilities for the meet are available this year.

This new arrangement of the track team's schedule will enable the A. C. squad to enter the Dragon Relays at MSTC for the first time this year. These relays are held on May 6, the same date the Dakota Relays are held. At the Dragon Relays an innovation will be instituted this year. Preliminaries are to be held in the afternoon and the finals under floodlights at night.

The week previous to the Dragon Relays, the Bison track squad will attend the Aberdeen Relays at Aberdeen, S. Dak.

The Chorus and Staff That Will Thrill You Tonight

Brevities Host To Kleptomaniac

During the last three weeks of concentrated drill of the Bison Brevities chorus, someone has easily enriched himself by \$30. The staffs in Festival Hall believe that the thief who has stolen money from the girls' purses in the dressing room is a member of the outfit. Their purses have been rifled on three different occasions, and add up to a total of more than thirty dollars. One member of the chorus lost ten dollars, another, four, and so on—nearly everyone has lost some money.

The girls of the Brevities chorus are offering their services for nothing, and few can stand the strain these unjust and heavy losses have put on their finances. Realizing that nothing is improved by silencing the scandal, Brevities managers request that all those having definite information that may lead to apprehending the criminal see either the Dean of Men or the Dean of Women.

Benson and Fisher Run For Presidency

All members of the YMCA, holding membership cards for this year, will vote for a revised personnel of the Y cabinet next Tuesday afternoon in the YMCA building.

Those on the nomination ticket are Wilbur Benson and John Fisher for president; Kenneth Erickson and Vic Halstrand for secretary, and Barney Hutchins for treasurer. Donald Hay and W. R. Wenger are up for faculty advisors. The election board is composed of Reuben Arneson, William Pflugrath, and Robert Sanders.

Arneson Wins Phi Kappa Phi Award

Reuben Gordon Arneson, senior in arts and science, will receive the Phi Kappa Phi award given annually to an outstanding graduating student. The selection is based on scholarship, character, personality and potential leadership.

This award has been made the last several years. Last year Howard Hegbar was recipient and in 1936 Frieda Panimon was selected.

The award is \$25 cash.

Holy Week Services

Holy week Sunrise services will be held in the YMCA dining room the first four days of next week, from 7:15 until 7:45.

Special music will be given each morning, with Lloyd Collins, Evelyn Larson, Virginia Carnahan, Marie Carlson and others playing. There will be group and individual meditation. There will be plenty of time for coffee following the service. All students are urged to come.

Ruth Swisher is representing the YWCA cabinet on the committee, and Wilbur Benson the YMCA.

Staff Sponsors Musical

Senior Staff, cooperating with members of Sigma Alpha Iota, musical sorority, is sponsoring a May Day Musical to be held in Festival Hall on the afternoon of May 1st. Dorothy Hawkins and Gwendolyn Stenehjem are in general charge. Most of the numbers on the program will be presented by members of the musical sorority and other campus musicians.

TENNIS FANS, NOTICE!

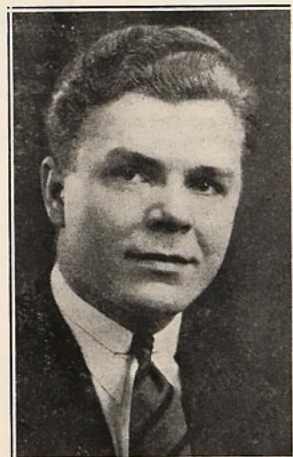

Because of the very small number of entrants in the tennis tournament, the closing date for entries has been moved to Saturday, April 9. Register your name with C. C. Finnegan or Ed Welles, or write it on the gym bulletin board. A fee of 25 cents will be charged and used to buy sweaters for the winners.

Choose Campus Hero

And now the men have their chance! At last, the "ideal man" on the campus is to be chosen. In like manner to the election of the barn dance queen, so will this ideal man be chosen at the Senior Staff Spinsters Skip, April 22.

All social fraternities, the boys dorm, and the Cosmopolitan club will enter names to be voted at the door before the dance. Walsh-Sanders orchestra will furnish music. Tickets may be purchased at Dean Dinan's office for 50 cents per couple. Dancing will be from 9:00 until 12:00. Lois Myron and Phyllis Rowe are in general charge, and Evelyn Wattam is obtaining chaperones.

ROY PEDERSON

EVELYN LARSON

YWCA officers were announced late Tuesday evening. Evelyn Larson is the new president; Mary Beth Lewis, vice-president; Ruth Thomte, secretary, and Lois McMillan, treasurer. Other members of next year's cabinet will be selected by this group and will be announced next week.

Cup Awarded to Highest Rating Ticket Seller

"Tangerine", the eleventh annual Bison Brevities, is ready for the first-curtain audience.

Coming at the end of a two months' concentrated drive, a complete rehearsal with pit-band, marked last Sunday the end of extended preparation for the musical production to be given tonight and tomorrow at 8:15 in Festival Hall. The remainder of the time before today's matinee performance will be spent in polishing up some of the musical specialty numbers under the critical eye of Bob Sanders.

Now occupying the attention of Manager Martin Wolfe, his ticket chief, Kent Helland, Russ Stevenson, and Harold Clauson, and Blue Key members, is the completing of the ticket drive for the production. Advance reservations have been favorable, reports Wolfe. General admission tickets, priced at 75 cents, are being sold at the booth at Sears Roebuck & Co. and at Festival Hall, phone 1220. All student tickets for the evening performance are being sold at 50 cents, with free reservation of their seats to be made this afternoon. High school tickets to the matinee are 25 cents.

A feature of the first evening performance will be the presentation of a gold loving cup to the fraternity selling the most tickets in the campus contest, which ends today at 6:00 p. m.

The play opens in the alimony jail in New York City. Jack Floyd (Dick Weltzin), Lee Loring (John Carlson), and Fred Allen (Justin Brainerd) are in jail for refusing to pay alimony to their various wives. Shortly Dick Owens (Bob Sanders) is brought into jail for being out on a binge and shooting at the stone lions in front of the public library.

Owens is a young millionaire sportsman in love with Shirley Dalton (June Lowe). Miss Dalton refuses to marry him because marriages of all her friends have turned out unhappily. Her unhappy friends are wives of the three alimony jail inmates. Shirley tells Dick she'll marry him if he can succeed in reconciling the three couples.

In his attempt to bring together the sextette, Owens takes them on a yacht trip to the Island of Tangerine, where Joe Perkins (Roy Pederson), an escaped alimony jail convict, rules as

NDSC Students Pass Air Corps Test

From over forty applicants for the examinations given admission to the Army Air Corps, only six have passed up to this time, Tuesday afternoon.

Pronounced physically fit are: Roland Barnick, senior in education, from Max; Paul Boyle, senior, education, Fargo; Dayton Byram, senior, agriculture, Wheatland; Dale Hellickson, senior, civil engineering, Medora; Robert Kirk, senior, education, Fargo; Orville Rehmann, senior, chemistry, Leeds.

These six are qualified to enter Randolph Field, Texas, elementary air corps flying school. The physical examination they have passed and completion of half the units toward graduation comprise all the entrance requirements for a flying cadet. They are not required to enter, nor, if they choose to enlist, need they begin with the next class on July 1, but may wait until next fall.

According to the officers of the examining board, the two primary reasons for the failure of most applicants are the eyes and the heart. Each of these reasons accounts for about 50 per cent of those rejected, they said. Color blindness accounted for the next largest number. Applicants who pass these tests are given a detailed and probing examination as to their physical fitness.

The number passed from this school is an unusually low percentage, the officers said. On the average, 25 per cent of those examined pass.

STATE PARDON BOARDS

By ALFRED THOMPSON

Pardon boards have in the past few years become the object of much just criticism. Their usefulness and serviceability have become more impaired in the past twenty years than in all the previous years of their existence. They have become a useless organization of crippled means because of politics and public sentiment.

The greatest objection to the state pardon boards is the member or members who compose them. Very generally one finds that the governor of the state is either chairman or a regular member of the board. His personal pardoning power is also granted him in the constitution of the state. One has a right to believe that the governor may be bound by political or social ties to hand down the wanted decision. Not only is the governor able to be politically influenced, but also, any other member of the board who depends upon support of a plurality of voters in the state in order to hold office. Decisions may be both improper from the standpoint of giving a pardon where one really isn't due and failing to give a pardon where one really is due.

A good example of crippled pardoning power may be found in the "Lindbergh Case" which was tried in the State of New Jersey by a court which was, of course, composed of members from the state. The bearing of the last statement upon the question is significant. Persons who are selected to serve on a jury, hearing a case which is concerned with their own sentiments, are bound by popular opinion to render the popular verdict. The jury of the "Lindbergh Case" was composed of persons whose lives had brought them in close contact with the life of that famous family, and even could have considered themselves neighbors to them. The decision they gave was a decision permeated with sentiment and popular opinion rather than a decision of justice and legal right. The sentiment over the United States was generally that Hauptmann was either wholly innocent or only partly guilty of the crime and that the State of New Jersey extinguished the life of a probably innocent man as well as their only hope of ever convicting the actual guilty ones.

One may wonder what this has to do with state pardoning boards. State pardoning boards are composed of persons much like the persons on the jury in that case. The persons on a pardoning board are often times prevented from free usage of conscience dictates because of influences which would ruin them politically or socially should they do so. Their only alternative is to follow the crowd or place their own lives in a precarious position.

Governor Harold G. Hoffman, who could have pardoned the convicted man long enough to allow the sentiment to subside in the state, was bound by political influences to keep the prisoner headed for the execution. Should the governor have even granted a commutation of sentence or a stay of execution until further evidence could have been found, a storm of protest would have arisen which would have been the downfall of his career in that state. Political influences were too strong for the governor to act as his conscience dictated.

Another instance of "hog-tied" pardoning power is to be found in the "Mooney Case." On Preparedness Day in the year of 1916 in the City of San Francisco a bomb was thrown into the marching throng of people, doing mortal damage to some and inflicting injuries to others. Thomas Mooney was tried on substantial evidence and convicted by a prejudiced jury. His term was life imprisonment. Since the time of the conviction, several attempts have been made to free the probably innocent man, but the ability of

the governor to grant a pardon is hog-tied by political influences.

There is no reason why the pardon boards of states should be composed of persons whose careers are depended upon their decisions. There is a solution to the problem which probably would solve the influence of politics and public sentiment though it would be more costly than the present system.

A pardoning board might be composed of persons who are appointed by the governor with the consent of the senate, and with powers of removal the same as with other state elected officials, namely impeachment or recall. The terms of the members would be the same as is the term of the members of the United States Supreme Court. To pay the members a sufficient salary would be the only real problem. Should they be paid too small a salary to keep them solely employed in this position they would be likely to be too ignorant of law to be on the board. The salary would have to be sufficient to award good men on the board.

THE 'Y' BRINGS US SOMETHING NEW

Feeling the needs and desires of the student body for something it has never had a chance to experience, the combined cabinets of the YWYMCA's have worked together to bring to the campus something new in religious services. It isn't as though a great majority of the students won't be attending church services during the week, anyway, but these sunrise services will be held in such close proximity to the campus that large attendances will be guaranteed.

Inspiration will be brought to the students through meditation and music, directed by student leaders and musicians.

BISON BREVITIES PUBLICITY STUNTS

If the story were put together right, it would be a real "drammer." The motives for this pictorial edition of the Spectrum have been nursed for two weeks by both the Brevities and the Spectrum staffs. The Spectrum has been hard up for copy, news, and feature material lately, the public has been clamoring for pictures, and the Brevities outfit have been worming around for publicity, so we thought we would make it easy all the way around by flashing this gosh-sheet on the stands a day early, in time for the first curtain tonight. But what we thought would be easy, turned out to be a real job. It would have been worth anyone's time to visit at the Ulsaker Printing Company this week. Wolf and his stooges were splashing ink around trying to get their program finished in time for the first performance, the Concordian staffs were trying to beat them to the presses with their paper which also comes out today, and we were getting in everyone's way, obsessed with an idea.

Any kick-backs due us from the readers may be phoned in any time Friday.

QUOTABLE QUOTES

(By Associated Collegiate Press)
"The problems of today can be solved and will be solved through an intelligent and trained leadership," said acting President Herman B. Wells of Indiana University to freshmen.

"The students who rank highest in scholarship are also the students who take an active part in extra-curricular activity." Dean G. Herbert Smith of DePauw University hastened to add that "bookworms" rarely make the highest grades.

"Although there is a much-lauded American tradition of 'working one's way through college,' the frequency with which students have actually been able to earn their maintenance during the four-year period in which they completed the Bachelor's Degree is so small that to attempt to do so may . . . be considered poor judgment."—C. L. Murray, Registrar, Ball State Teachers College, Indiana.

And now you can insure yourself against flunking a course! At Emory University in Georgia two students have started an agency that will insure passing a course—or even making an "A" in it.

Premiums for the scholastic policy are computed on the basis of your average, the grades made previously under the teacher in question by the applicant, and the number of flunks and "A's" given yearly by that teacher.

Ventura Junior College student musicians recently began a library of their own recordings of popular numbers.

The University of Minnesota maintains a news-reel theater to bring to students latest world news caught by movie cameramen.

In a student poll, University of Pittsburgh undergraduates endorse Anthony Eden's foreign policy for England.

The Social Climber

Editor's Note:—This column was written over a week ago. But because of the crowded space last week, and the disregarded deadlines, it was left out. We hope you will just gloss over the old gore, and forgive us for this, another weakness of the speeded up edition.

Well, I wouldn't be a bit surprised if the new Easter bonnets get put back on the shelf due to this sudden whim of dear ole Ma Nature . . . but maybe people will be a little more broad-minded with their heads bare . . . the Brevities promise to be worth the price of admission, but unless Mr. Sanders stands in front of his leading lady, the audience may be in doubt as to his existence . . . the Spectrum style show was counted as rather a success . . . Anna Jane Black wore her prettiest blush when slapped on the back of her stomach and asked "gosh did you gain weight down there?" . . . wonder how she took it . . . what can be the rumor about an all girls swing band being started . . . probably would put some pep in these funeral dirges called college hops . . . well, Ruthie Gallahan has arrived, so now school can begin . . . thought for awhile that we were going to have a quiet and peaceful term . . . what on earth could June Keefe and Loretta Osbourne have been doing out at Sabin for a dance the other night . . . sorry the gory details aren't known, but maybe someone's curiosity will find out . . . so best I wait for next week and put the blame on them . . .

Fargo Theatre—

The celebrated Oxford - Cambridge boat race on the Thames is re-enacted with all its thrills and color as one of the exciting episodes in "A Yank at Oxford." The race was filmed on the actual course with Robert Taylor as Oxford's stroke. The film star learned to row under two famous men, Ted Phelps, thrice world sculling champion, and Guy Nickalls, one of England's most brilliant oarsmen.

Vivien Leigh, in a dramatic scene from "A Yank at Oxford," is one of London's most popular and most talented actresses, having scored in England on both screen and stage. In the new picture she plays the part of a girl who is responsible for Taylor's being expelled from the university.

Music, comedy and romance blend in "Romance in the Dark," which plays at the Fargo Theatre next Thursday, Friday, and Saturday. Gladys Swarthout is seen in the role of a country servant-girl who is turned into a bogus Persian princess by John Boles. His ruse works better than he expects—she captures his heart. When her first night's audience denounces her as an imposter, Boles steps in and turns her disgrace into a smashing success by means of his own singing. John Barrymore furnishes the high comedy of the piece. Others in the cast are Claire Dodd, Fritz Feld, Curt Bois and Carlos de Valdez.

Grand Theatre—

Dealing in joyous fashion with the efforts of a young French singer to win operatic recognition through an ingenious hoax, petite Lily Pons' new vehicle for RKO Radio, "Hitting a New High," showing Sunday, Monday, and Tuesday at the Grand Theatre, brings a riotous musical and comedy triumph for the diva, with Jack Oakie as her co-star.

With John Howard opposite the famous singer, and Eric Blore and Edward Everett Horton in added comedy support to Oakie, the film is said to be one of the year's delightful offerings. Its seven song numbers, ranging from modern tunes to classic arias, and its many hilarious complications all make for a highly entertaining film, the third in the little French soprano's career.

State Theatre—

That notable bulwark of motion-picture grandeur, the sea, which has served the screen well both as arch-villain and as the scene of many stirring adventures, comes once again to the fore in an important production with "Slave Ship," the Twentieth Century-Fox Film starring Warner Baxter and Wallace Beery, now showing at the State Theatre.

Sunday, Monday, and Tuesday, Robert Taylor and Jean Harlow appear in "Personal Property," one of the last parts Miss Harlow ever played.

Patsy Kelly and Jack Haley come in Hal Roach's comedy, "Pick a Star," Wednesday and Thursday of next week.

Ventura Junior College student musicians recently began a library of their own recordings of popular numbers.
