

## Sorvick Named Sales Manager For Brevities

Frances Probst Will Be In Charge of Properties and Script

Rehearsals For All-College Production Well Under Way

Orville Sorvick, senior AAS, was elected by Blue Key, sponsoring group, to direct the ticket selling campaign for "No, No, Nanette," Bison Brevities production to be presented April 5 and 6.

A campus drive, similar to that of last year, will get under way soon, Sorvick revealed, with a trophy to be presented to the organization selling the most tickets. Special student prices will prevail during the contest. A downtown ticket booth will be set up in the Black-Sears Roebuck and Company, and Blue Key members will canvass the two cities.

Miss Frances Probst, senior AAS, will have charge of script and properties, Hugh Anstett, student manager, announced. He declared that singing choruses, under Bob Sanders and Ethel Olson, are almost ready for the production. Dancing choruses, under Lois Rudrud, are rehearsing daily, while pit orchestra practices will begin next week under Dr. C. S. Putnam.

The radio programs direct from Festival hall over WDAY will begin next week, exact time to be announced later. Staff and cast musical-and-comedy talent will be featured. Continuity and production will be in the hands of Bill Stewart, with Wilfred Rommel and James Baccus assisting.

The making of dancing costumes is now under way, with this phase of the production in the hands of a committee headed by Jeanne Verne. The newest spring ensembles, selected by Mrs. Maude Colby, buyer for the Store Without a Name, especially for "No, No, Nanette," will be used throughout.

## Spring Sing To Be Held May 2

Joey Burgum to Direct Event Sponsored by Scouters Club

The Annual Spring Sing, sponsored by Alpha Phi Omega, honorary scouting fraternity, will be held May 2 on the steps of Old Main at 7:00 p. m., announced Joey Burgum, in charge of the sing. All social fraternities, the Cosmopolitan Club, and the Men's Dormitory Club are eligible to compete. The traveling cup, which has been won the last two years by Sigma Alpha Epsilon, will be awarded to the winner.

Following are the rules governing the Spring Sing:

1. Any social fraternity or similar group will be eligible for competition.
2. All members must meet general college eligibility requirements.
3. Each chorus shall consist of at least eight men from the group, there being no maximum number.
4. The contest shall take place Sunday, May 2, at 7:30 p. m., on the steps of Old Main.
5. The traveling trophy to be awarded for first place will be given for the quality and the manner of presentation.
6. All entries, with names of the songs and with names of the members in the chorus, shall be given to the chairman by April 20th.
7. There shall be no limit to the

## Lahlum Leads Bison Contest

Students Are Urged to Buy Cut for Yearbook Soon

To the winner of the Bison cut sales contest for underclassmen a beautiful electric clock with a silver plated statue of the goddess of victory upon it will be awarded. At present Arthur Lahlum of Colgan is leading over 20 participants. He is followed closely by Myrtle Anderson of Temvick.

Appointments for pictures may be made at the Bison office every afternoon except Monday. All cuts must be sold and pictures in by Monday, March 15.

Anyone who has not been contacted to buy a cut may secure one by stopping at the Bison office which is located in the lower floor, west wing of science hall.

The following persons are engaged in the selling of these cuts.

Phi Mu, Phyllis Rowe; SAE, Myrtle Anderson; Sigma Phi Delta, Robert Shultz; Kappa Sigma Chi, Lyle Currie; Sigma Chi, Kenneth Archer; Delta Tau Epsilon, Ed Younger; Theta Chi, Pete Nietzsche; A. T. O., Carl White; Gamma Phi Beta, Maxine Schollander; Kappa Kappa Gamma, Lucille McCarthy; Alpha Gamma Delta, Dorothy Reed; Alpha Gamma Rho, Dayton Byrom; Kappa Psi, Rudy Hoff; Phi Omega Pi, Marion Shigley; Kappa Delta, Lorraine Engle; Mens Dormitory, Art Lahlum; Ceres Hall, Jeanne Paris; and Archie Seebart, Bernie Bertram, Jean Crowley and Melvin Grandahl, general salesmen.

## Cosmopolitan Holds Annual Taffy Pull

The Cosmopolitan Club held its annual Taffy Pull, Monday. Due to illness Miss Leeb, instructor in Home Economics, was unable to make the taffy. Geraldine Acker substituted for her. Marjorie Hanson conducted games, and Arnold Holm read the scandal sheet.

The AC hockey team was defeated 5 to 1 by the U last Friday.

number of songs which any chorus may sing but no chorus shall sing for more than ten minutes.

8. The assistance of one alumni member as a director or pianist may be obtained.

9. All choruses must learn a four part arrangement of the "Yellow and the Green," which will be sung en masse as the closing number of the program.

Further information can be obtained from Joey Burgum, vice-president of Alpha Phi Omega.

## Bobby Griggs Is Signed For Charity Ball

Mason City Band Chosen; Proceeds Will Go To Charity

April 2 Is Date For Annual Event; Alice Larson To Be In Charge

Panhellenic Council stakes its chances of getting a record breaking crowd for the Charity Ball, April 2, in the Field House on Bobby Griggs' Orchestra, an eight piece band from Mason City, Iowa. Although this band has not appeared on the campus before it is well known in this community.

Alice Larson, president of Panhellenic, is in general charge of the dance assisted by Lennea Frisk, secretary, and Jane Schulz, treasurer. Committees aiding in the arrangements are: decorations, Katherine McEnroe, Katherine Kilbourne, and Eloise Voss; tickets, Mildred Peterson, Doris Stinson, and Gwendolyn Stenehem; invitations, Ruth Cooley, and Beth Oliver; orchestra, Jane Schulz; and publicity, Lennea Frisk.

Carrying on the tradition of years the council will donate to charity and sponsor the usual scholarship with the funds made on the ball.

## Olson, Purdon, Whalen Named

Three Campus Social Groups Elect Officers For Coming Year

Three Greek Groups elected officers last week at their regular meetings.

Dorothy Olson of Jamestown was elected to presidency of Phi Omega Pi; James Purdon of Lisbon heads Alpha Gamma Rho; and Theodore Whalen heads Sigma Phi Delta.

Elected vice president of Phi Omega Pi was Marjorie Nims; Kathryn McEnroe is chairman of standards committee; Dorothy Thull, recording secretary; Betty Jamison, corresponding secretary; Julia Wetmore, treasurer; Frances Tourlotte, Pentagon editor; Madeline Nims, house manager; Helen Edmonds, rushing captain; Ruth McCabe, assistant rushing captain; and Mary Sherwood, alumnae secretary.

Other officers elected by Alpha Gamma Rho includes vice president, Wendell Kieley; house manager, John McDonald; secretary, Dayton Byrom; steward, Laurence Douglas; chaplain, John Plath; and noble usher, Edward Schmidt.

Those who will serve with Whalen for Sigma Phi Delta are vice president, Earl Mannes; secretary, Ralph Dahl; guide, Jack Riebe; chaplain, Clarence Putnam; treasurer, Millard Borke; and Historian, Robert Crust.

Outgoing presidents are Alice Larson, Phi Omega Pi; Robert Saunders, Alpha Gamma Rho; and John Seeba, Sigma Phi Delta.

## Putnam Leaves For A.B.A. Convention

Dr. C. S. Putnam left Wednesday night for Chicago where he will attend concerts by the University of Illinois band Thursday afternoon and evening before going to Milwaukee to the national convention of the American Bandmasters Association held to-day, Saturday and Sunday. The convention will feature clinics and concerts by a picked band of Milwaukee high school students and a symphonic band of players from the Symphony orchestra. Saturday Dr. Putnam will direct the high school band in the playing of his own composition, "Bachman Band".

"Doc" is the only member of the A. B. A. from North Dakota. He will return Monday.

Campus politics at the University of Illinois went "professional" recently when seniors used a voting machine to count ballots in the election of class officers.

## Cornelia Otis Skinner, Celebrated "One-Women Theatre" To Present Lyceum Program Here Wednesday

CORNELIA OTIS SKINNER

Appears On Festival Stage As Third Number On Lyceum Series

Students Have Chance To Hear World Famous Monologist

Presenting her world-famous original modern monologues, Cornelia Otis Skinner will appear on the stage at Festival Hall Wednesday evening, March 10, as the third number of the twenty-sixth annual college lyceum series directed by A. G. Arvold. The program will begin at 8:15.

Daughter of the famous Otis Skinner, distinguished dean of the American Theatre, Miss Skinner has carved a niche for herself in the world of theatre as a complete theatre herself. The New York Evening Post comments: "She is star and company all in one breath, her stage crew and her costume mistress, to say nothing of her own playwright. Her material ranges from buoyant comedy and buoyant farce to tragedy that is succinct and moving. In short, Miss Skinner is someone who is not to be missed."

No Supporting Cast

Miss Skinner's method of depicting the lives, moods and passions of the women in her different character sketches requires no cast of supporting actors or actresses. She succeeds beyond any other artist on the contemporary stage in peopling her scenes with large groups of invisible, but none the less eloquent and comprehensible characters.

The original seeds of Miss Skinner's plan for her inimitable Character Sketches were planted in her mind during her school days at Bryn Mawr College. There she entertained her classmates with imitations, mimeries and interpretations which amused and delighted them. She continued this as a diversion while studying in Paris under Dehelly and Joan Herve of the Comedie Francaise and the famous Jacques Copeau at the Theatre du Vioux (Continued on Page Three)

## Sander Leaves To Accept New Post

Victor T. Sander, assistant professor of animal husbandry at the college, has resigned his position here to work with the Extension Division of the University of Minnesota. His resignation is effective March 15 at which time he will assume his new duties in Minnesota. It is possible that Professor Sander will be located at Austin in Mower county about 100 miles south of St. Paul.

Coming to the AC July 15, 1931, Sander has devoted his time to teaching and supervision of various phases of the animal husbandry department, assisting Prof. E. J. Thompson, chairman. He coached the livestock judging teams for the past three seasons for collegiate competition in Texas, Kansas and the International Livestock Show at Chicago.

As yet nobody has been named to succeed Sander here.

## Status Of ROTC Unit In Doubt

Whether the war department will continue to supervise all military training at this college depends entirely on the national department itself, it was determined this week following a conference here between Gen. Stanley H. Ford, Seventh corps area commander, and President J. H. Shepperd.

"Military training will be continued at the A. C.; it has to be under the federal act which established the school," said Dr. Shepperd following the conference. "Even if we have to hire our own equipment, we are forced to carry military training to meet federal requirements."

Inspired by P. G. Wodehouse, students at Nazareth college have organized a Goon club, which has adopted this slogan: A pun a day keeps your enemies away.

## Register Now.

Attention! Students should see advisors before examinations begin. Spring term cards must be filed in the office of the Registrar by noon Monday, March 22. Fees must be paid by noon of Tuesday, March 23. One dollar per day will be charged after this date.

Regular fees may be paid during the holidays, but any remittances to be accepted must be accompanied by the fee slip and must be received by noon of Tuesday, March 23.

## Ed. Group Honors Faculty Members

Kappa Delta Pi Initiates Professors E. H. Jones, L. R. Steig

Professors E. H. Jones and L. R. Steig, both of the education department, were initiated as honorary members of Gamma Delta chapter of Kappa Delta Pi, national education society, at their meeting Wednesday, March 6, led by LaVerne Gilbertson, president of the society.

"Kappa Delta Pi as an honorary society in education seeks to encourage in its members a higher degree of devotion to social service by fostering high intellectual and personal standards during the period of preparation for teaching, and by recognizing outstanding service in the field of education."

Jackson Riedesel, senior in education, was initiated as an active member at a separate ceremony. The chapter will initiate Christian Shulstad Saturday, March 6. Shulstad was elected to the society before Christmas and is now teaching in Northwood.

Program discussion, led by Prof. Glenn Lawritson, followed initiations. At the close of the meeting refreshments were served by Lorna Each, Eunice Arneson, and Helen Finstad, committee in charge.

Other honorary members of Kappa Delta Pi present at the meeting were: Dr. P. J. Iverson and Prof. Charles Sevrinson.

There will be a meeting of the junior class this afternoon at 4 p. m. in the Little Country Theater. Election of Jr. ball manager will be held. —Francis Ladwig, Pres.

## Two Greek Groups Schedule Parties

Pledge groups of two organizations will entertain active members at week-end parties.

A garden theme will be carried out at the Alpha Gamma Delta party in the YMCA Saturday evening from 9 to 12. Joan Hughes is in charge, assisted by Hollace Beall. Chaperones will be Mr. and Mrs. Leonard Sackett and Mr. and Mrs. W. A. Steig.

Frank Johnson heads arrangements for the Alpha Gamma Rho party at Festival Saturday. Decorations will be in keeping with St. Patrick's Day. Walsh - Sanders orchestra will play. Chaperones will be Mr. and Mrs. Victor Sander and Mr. and Mrs. Ernest VanVlissingen.

NOTICE

There will be a meeting of the senior class this afternoon at 4 p. m. in Sc. 319. Election of Sr. ball manager will be held. —Don Putnam, Pres.

## Al Brauer, Jim Elwin Enter Race For Junior Ball Leader

Competition between independent Al Brauer and "Not So Sure" Jim Elwin for junior ball manager will lead the politically-minded into hot debate this afternoon at 4 o'clock when the junior and senior classes vote for ball managers and class athlete.

Bernard Majors and Carl Rovrig, both of them "Not So Sure's", are without opposition for senior ball

manager and junior class athlete.

The disorganized "Sure We're Pure" frame, led by the SAE's, is expected to back the independent Al Brauer in order that steps may be taken for the instigation of a merit system for election of future student officers.

Plans for a combined junior and senior ball should be completed at these meetings.

**Present Day Trend Is Toward Social Reform**

THE INCREASING prevalence of strikes throughout the nation is an outstanding example of the culmination of the great forces for social change which have been gathering with added momentum during the past few years. The discrepancy between physical and social progress has become so wide that almost every semblance of balance between the 2 has disappeared. The strikes as well as the various other social and economic irregularities which are constantly coming to our attention indicate that the efforts of our government, and its citizens as well, must be bent increasingly toward the furtherance of social reform. Great steps have already been taken toward reform as evidenced by the social legislation which has been passed as we have been emerging from the depression. Much greater steps must be taken in the future if America is to continue as the outstanding democratic nation of the world. The passing of the national Child Labor law, the Social Security Act and other state and federal social legislation is just a beginning.

To the generation of men and women who are now students in the nation's colleges and universities falls the task of carrying on the work which has just been started. As their ancestors pioneered in taming the land, the college men and women of today must be the pioneers in achieving a happier and more abundant life for all. It is essential therefore that we students of today avail ourselves of every opportunity we may have to obtain a more thorough knowledge of social problems and their possible solutions.

**One Last Word**

We are a little late in mentioning it, but it is an important criticism. When the Gold Star Band is playing the Yellow and the Green (which is the school song of N. D. A. C., incidentally) after a game or at any other time every student of this school should stand at attention. At the end of both games last week the band played, as they always do, the Yellow and Green, and by the appearance of the A. C. stands a casual bystander might think the band was yelling fire and murder. It certainly looks like a sincere bunch of students to the crowd of town people and University visitors, when the A. C. students stand very seriously for their school song at the first of the game and then, at the end of the game when they should be doing the same thing, they dash pell mell for the doors. The first night it was a dance they were in such a hurry to get to, and the second night it was their cups!

**Our Janitoration**

Have you noticed the silent pride of the janitors in the different buildings on our campus? They have their work done to an art. Each job is timed to avoid between periods rush. They busy about and never seem effusive or in the way. And they are always seen a long way off, down the hall. Like mirages (especially when you want a key to something) they ever and ever fade into the distance. The horizon seems to be their habitat.

Without a word among themselves a strenuous competition has been going on for years between them in keeping their respective buildings just one spot cleaner than the one next door. They are neat and orderly to a degree. They all have nightmares about cigarette butts and students who can't seem to be able to look an old test paper in the face. If you want some good bits of your school history at first-hand, just ask any one of them—they all seem to be good conversationalists. But just one caution in this matter: there's no use in hunting them up—you have to waylay them, pop out at them from ambush.

**Local Slosh Week**

It won't be long now until this campus will be a spongy mass of mud and water. Let's delay spring styles and keep our overshoes on a while longer. When we are wearing overshoes we don't mind wading through a few inches of water on the sidewalks, and how it does save the lawns! We haven't much grass here on the prairie, but what little we have won't show up

this spring if we tread on it when it's wet. Let's cut our short-cuts down to a minimum and let the WPA do the disfiguring.

**As I Was Slumming**

I feel so good whenever I am favored with a smile from Manny Ladwig. He is a real big-shot. He has such a magnanimous personality. I imagine that the school just barely subsisted before he came along.

Is there a girl on this campus that Martin Wolfe hasn't "tried out" by treating to coffee? Wolfe lays in ambush for new faces in front of Old Main. He's pretty foxy—the Dugout is his lair.

Did you hear Jack Benny play the "Bee" on his violin last Sunday? I'll bet it stung Fred Allen. But he had no buzziness starting it.

Romance can never be downed as long as men have imagination and women have intuition. Women never know what move they'll make next and men never fully realize what moves they have made.

Personality: His eyes remind me of Saturn—they have such a far away look and they have such well defined rings around them.

The more empty pockets a man has the more prejudiced he is inclined to be.

About the onzebrae oomrae last week-end: A smooching good time was had by all. Nichols is a rotten opera singer. Sorority houses are now cluttered with filched glass-ware. Enough mix to Dulute Minnesota.

Overheard in a downtown restaurant after the soup course: "Do you serve an antidote gratis?" That's a poisonous remark!

Now that the digging around in the yard between Old Main and Engineering is over, let there be no more cracks about "fifteen men on a dead main's chest."

I've heard dozens of radio and amateur comedians ask, "Why did the chicken cross the street?" A local wit has finally answered it to my satisfaction. He says: "Because there was a foul odor there."

Waffle suppers are a POPular form of entertainment among the men only. But that seems to be OK by the men. The women would prefer less dominating hostesses, I believe.

Well, as the pig said, "I must slough up this mess, it's getting litter and litter." I must be getting pigsilated.

**HERE'S HOW**

Here's how radio programs evolve: Take one tall helping of Bill Stewart's caustic comments on campus affairs. Add a jigger of Sorvick's dialect, a jigger of music seined by the bowings of a string quartette, a jigger of harmony as interpreted by the POP trio, fill with the sparkling ice of Nelson's, Weiland's, and Taylor's commercials. Add a dash of Bentley's comedy and season to taste with a teaspoonful of Virginia Smith's sweetness.

Add a sprig of Rommel's and Bacus' split second top watch direction. Then shake the whole thing up well into a fifteen minute concoction, and have WDAY's mikes well frosted.

When and where is the bung going to be knocked out of this barrel of fun and frivolity? Next week, from Festival Hall, when the Bison Brevities radio shows begin. Retaining its name of last year, "Bison Brevities in Production," the series will offer musical and comedy talent from the cast and staff of "No, No, Nanette," and will be culminated in a full half-hour musical program just before curtain time April 5, 6. Watch the local radio column for exact time, and then plan to be there.

**Two Campus Sororities Mark Founding**

The founding of Phi Mu on March 4, 1852, was celebrated by pledges, actives and alumnae of the local chapter at two services yesterday. Phi Omega Pi members celebrate their founding with a banquet at 6:30 in the Waldorf Hotel tonight.

"The Story of Phi Omega Pi" is the theme chosen by this group for their banquet. Progress will be in the form of books. Martha Wolfe will act as toast-mistress with Deloris Cook, Dorothy Olson, and Alice Larson responding as the preface, contents, and epilogue. Mrs. A. E. Howell will present the Albina Foster and Stella G. Olson awards. Kathryn McEnroe is in general charge.

Mildred Peterson was in charge of the morning ritual observed by the Phi Mu's yesterday. The annual banquet, at the Graver last night, featured the Enchantress carnation, sorority flower, and the colors rose and white. LaVerne Furcht, assisted by Virginia Crust, Phyllis Rowe, Doris Stinson, Anne Kaiser, and Agnes Erdahl had charge of general arrangements.

Men are more curious than women, insist coeds in the Zeta Tau Alpha sorority of Northwestern university. Here's how they proved it:

They painted a barrel, labelled it "DANGER", and placed it on the campus. For one hour hidden Zetas kept tab, counting 106 men and 24 women who stepped off the sidewalk to peer inside.

Which, protest the males, proves nothing except that 106 men and 24 women passed the barrel during the test-hour.—Associated Collegiate Press.

**Social Climber**

If our readers don't mind, we won't mention the basketball game last week-end; however, we mustn't overlook a few things. We saw "vote-for-me-for-junior-ball-man-ager" Brauer and his sweet young thing, Fern, from the UND, not to mention "swing-it" Putnam without a gal at all (Dorothy and he are just speaking), but looking anything but forlorn when he and BB Smith who, by the way, is keeping steady company with Theta Chi Helland, were doing their song and dance for our visitors and the ever appreciative NDSC audience . . . what puzzles us: is Kent the reason Virginia felt so funny Friday night and got a little mixed up in her song with Putnam? Just one more thing before we forget last week-end . . . if anyone is thinking of buying a car soon, inquire from Mary Rector what she found out about Terraplanes. . . . So Carl Rorvig didn't even get a chance to wear his Theta Chi pin, too bad; and so we take this opportunity to tell all students that Mr. Rorvig really has been initiated but he just put his pin on when he

received it to wear over to Dorothy Evenson's homes where he pinned it immediately over her throbbing heart. We understand he had a bit of difficulty getting it off his vest, he was so excited . . . Speaking of fraternity pins, have you noticed Daisy Gessner's? . . . It's about time for something to develop from the Anstett-Putz situation, don't you think? . . . Campaign manager Gorman King is going to do big things. He's got all Theta Chi pledges going through the student directory hoping to get the votes for Majors for senior ball manager. Elwin for junior class athlete . . . we're sorry we can't give you the names of a few others up for something but we can say the Kappas and the SAE's are up in the air as to frames . . . silly business, isn't it? . . . The Climber believes the best one of the week comes from Bud Osborne, who says no matter how early he gets out on the campus in the morning he never has been able to find out who sweeps the snow off the manholes.

**Student Opinion**

To The Editor:  
 How many students know that the A. C. has a rifle team? How many know that this rifle team is the only team in the country, bar none, that has won the National Inter-Collegiate Championship three times, which is necessary to retain the trophy the team won last year? It is the first time this trophy has found a permanent home and it found its home on our campus. To win the national trophy the rifle team had to shoot against schools several times as large as ours, such as: Cornell, U. of Minnesota, and many other of the largest schools in the country.

How many national championships have any other organizations about this campus won? With this in mind, why doesn't the school show the rifle team more consideration (financially). We have been practically self-supporting except for the use of a small fraction of the Physical Education Building. What necessary equipment we use is furnished by the U. S. Govt., but that is not enough for there are many things that have to be replaced or repaired that cannot be done without some sort of allowance from the school. We, also, have been promised sweaters, but???

Is it fair to expect a rifle team that has won national recognition for this school, to carry on under the financial difficulties we have been faced with during the past? Do the athletes provide themselves with the equipment they use and do they win national championships? Then, why do not we receive the same consideration when we obtain national recognition as marksmen for this school?

With full apologies to the boys that exhibit such wonderful spirit on the football field and basketball court of our school.

I remain, yours for a new deal,  
 —Conway Christianson.

## Bison Mittmen Face Sioux Squad In Two Engagements

Two Teams Meet at Grand Forks Tonight; Here Next Week

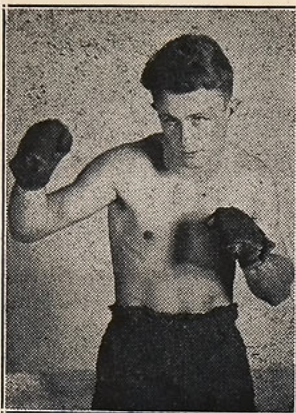

Coach Al Zech's boxing team will resume its feud with the University mittmen at Grand Forks tonight in the first meeting between the two squads this year. The teams will meet again Thursday evening in the Field House here.

The Bison-Sioux squads split their two engagements last year and due to the fact that the University has been weakened by the loss of several boxers, the Bison are conceded a good chance to come out on top.

The fight card for the meeting here next week as announced by Zech follows:

Dick Hamilton faces Cully Eckstrom, former northwest lightweight golden gloves champion from the university, in one of the feature bouts of the evening. The other pits Roy Carr against another U golden gloves champion, Joe Miltenberger, in a welterweight bout.

Other matches put Vern Iverson against Roy Gardiner; Mike Kanski against Charles Christianson; Delmar Skow against Joe Isaacson; Bill McKee and Norman Toussaint, and Syd Petrie against Joe Strauss, the first mentioned in each case representing the Bison. Other bouts may be arranged later.

## Girls Rifle Team Downs Louisiana

Another victory was chalked up for the NDSC girl's rifle team Saturday evening, when they bested the Louisiana State University team by one point, according to Mildred Tarplee, manager.

Girls shooting the highest scores were: Emma May Brittin, 99; Jean May, 99; Sylvia Finsand, 98; Mary Yeager, 97; Bernice Peterson, 97; Norma Byram, 96; Deane Murray, 96; Sally Minard, 95; Margaret Neuenschwander, 95; and Lennea Frisk, 95; other girls shooting were Dorothy Rau, Ann Bolley, Betty Lou Johnson, Beverly Barnes, and Gladys Provan. The team lost to the Fargo Women's club Saturday.

## Band To Feature March Program

The regular weekly broadcast of the Gold Star Band next Wednesday will feature a program of marches played by the second section under the direction of Kinsey Plummer. They will be assisted by the drum and bugle sections under the direction of Don Putnam and Montel Vander Horck.

Last week's program was in commemoration of the anniversary of the birthday of John Philip Sousa March 5. The concert band featured two of his marches, "Stars and Stripes Forever" and "Nobles of the Mystic Shrine."

Several units of the Gold Star Band appeared on a program for the Rotary Club luncheon Wednesday noon including a clarinet quartet and quintet, trumpet trio, and the New Rockford trio.

## Nodaks Defeat Bison In Two Game Windup

Largest Series Crowd Sees Fast U Five Win Title

Anderson Wins Top Honors In Conference Scoring

The North Dakota State College basketball team bowed before the University cagers in both games played in the Bison Field House last week. The sweeping 50 to 36 victory on Friday night and the 34 to 19 repeat on Saturday night gave the Sioux a clear title to their fourth consecutive North Central Conference cage championship.

After the thrill packed openers of the series at Grand Forks, one of the largest crowds ever to attend a Bison-Sioux cage battle jammed the spacious athletic building on Friday night. From the opening whistle it was quite apparent to spectators that they were watching an entirely different Sioux basketball team than the Bison had defeated at Grand Forks the previous week.

While some 3000 Bison fans sat spellbound, the Sioux, led by sensational Emmet Birk, literally walked through the Bison defense to take a ten point lead. The inspired Nodak team was undoubtedly as smooth a functioning aggregation as the Bison have faced in a good many years. With phenomenal regularity Birk found the basket for a total of 17 points.

### Anderson High Scorer

Wendell Kietly opened the Bison scoring with a pair of field goals but it was the unerring eye of Russ Anderson that kept the Bison within reach of the Nodaks. Bob Saunders, although he played a stellar game on defense, was not hitting the basket with the long shots as he was last week. Anderson clinched the conference scoring honors by chalking up 6 field goals and as many free throws for a total of 19 points.

The injury-plagued Bison were forced to go into the last game of the series without the services of Russ Anderson, who was kept on the bench by a leg injury. After the almost flawless game they had displayed on Friday, Clem Letich's cagers settled down to play basket-

ball about on a par with the Bison. At the end of the first half the Sioux led by a narrow margin of 11 to 10 after the Bison had tied up the score several times in the opening period. With the second period half over, Finnegan was replaced by Bill McCosh, University sophomore, who found the basket for three tallies from the floor and three from the foul line to put the Sioux out in front by a safe margin.

If Russ Anderson had been available, with the ball the Sioux were playing there is a possibility that the Bison might have tripped the Nodaks up. The Bison lacked a real scoring punch, Rorvig being the high scorer for State with 7 points.

## Adult Class In Foods Organized

A class in foods and nutrition for city health nurses, county relief workers, students and operators of the New York Hairdressing Academy, and others was organized on Monday evening, March 1, at the hairdressing academy, sponsored by the Education committee of the American Red Cross and instructed by Misses Ruth Dawson and Ella Johnson of the NDAC extension service. The course consists of six lessons to be presented two evenings weekly for three weeks, and is one of a series of health education courses and classes sponsored by the committee. Certificates will be awarded for completion of the course.

### INITIATION HELD

Delta Psi Kappa initiated Ruth Beckwoldt and Margaret Jones into the active chapter last Friday at 3:00 at services in the Psi Kap room in the Ceres Hall gym. A dinner honored the initiates following services. Delta Psi Kappa is the honorary national physical education sorority.

## AC Frosh Lose Final Contest

University Yearlings Chalk Up Second Win Over Baby Bison

By SAM TOLCHINSKY

The Baby Bison closed their season with an unsuccessful try at defeating their arch rivals from the University. The U Frosh had little trouble in winning from the AC Frosh for the second time this season. The score was 34 to 25.

Unlike the first game, when the Baby Bison were beaten in the last few seconds, the Paposes had little trouble from the time that Chuck Nelson dribbled in for a setup shot in the first few seconds of the game till the end of the game.

However there were several bright spots in the game to cheer the Bison supporters. Chief among these bright spots was the ferocious playing of Ted Whalen who scored 10 points to lead the Baby Bison scoring. Ted was constantly hawking the ball and continually was breaking up the passing attack of the U Frosh. The University supporters had been touting Billy Owens as future varsity material but Coach John Smith of the AC Frosh showed them that Owens could be stopped. Coach Smith put in Joe LaFournaise for the express purpose of guarding Owens who had scored nearly half off all of the U Frosh points in their previous three games this season. Joe turned in the best defensive game of the night as he held Owens without a point from the field. But in the middle of the third quarter when the Baby Bison needed points worse than they needed defensive playing Coach Smith substituted for LaFournaise. Owens immediately got his first basket of the game and after several more plays Joe was put back into the game.

### Nelson Scores 21

But to offset the fine play of Whalen and LaFournaise the U Frosh brought out Chuck Nelson who counted 8 buckets and 5 free throws for a total of 21 points. Jim Maxwell who has been the steadiest player on the Baby Bison team all

season was decidedly off his best playing form as he repeatedly let his man break in for short pushup shots from under the basket. Stevenson, center for the future Sioux, scored 6 points for them while Bye, Lips, and Owens were the only other members of the U Frosh to score. Coach Smith substituted desperately among 8 men to find a winning combination but none of the combinations he had on the floor were successful. Those who scored for the Baby Bison were Whalen, Larson, Maxwell, Saig, and LaFournaise. Other AC Frosh who played were Troseth, Glad, and Ruud.

## Cornelia Skinner Here Wednesday

(Continued from Page One)  
 Colombier. After making her stage debut in a small role with her father in "Blood and Sand", Miss Skinner discovered a happier medium for her talent by departing from the legitimate stage and reappearing in a lone programme of character sketches written by herself. From that time onward she has been without competitors in a field of her own creation.

The distinguished artist likes to wait until after her first number to see how it is received and the reactions of her audience, to make up her program. She has a large number of character sketches in her repertoire which she can render at a second's notice. Among these may be mentioned: At The Seashore, At Newport, Times Square, Being Presented, Lynch Party, Nurse's Day Out, An American Girl On The French Telephone, A Southern Girl In The Sistine Chapel, Motoring In The 90's, Night Club, Snowbound In Iowa, Paris After The Armistice and Woman's Crowning Glory.

Registration cards will admit students free of charge. Reserved seats, single admission are \$1.00 and general admission seats 50 cents. Tickets are now on sale at the Little Country Theatre.

## ATO Team Wins Campus BB Title

Score Two Victories Over Dorm in Intramural Series Playoff

By virtue of two straight victories over the Dormitory team the ATO's have been proclaimed the winner of the Intramural Basketball league. The scores of the two games were 19 to 14, and 28 to 19.

The league had been split into two brackets at the beginning of the season's play and the winners of the brackets were to meet in a series at the end of the regular schedule. The ATO's went through 10

straight games without a defeat to win in their bracket. The Dorm five won 9 out of 10 games to win the other bracket.

Herman Bowers, Bob Erickson, and Wayne Springer led the fraternity team in their win over the Dorm. The trio of players scored 17 points between them in the championship game to lead the ATO's in a third quarter spurt which overcame a 10 to 9 halftime lead of the Dorm. Westgate, Fisk, and Ferguson were best for the Dormitory team.

Summary of final game:

## Osmond Breland, Zoology Instructor, Is Scientist With Varied Interests, Hobbies

Aside from furnishing readers with interesting information about young faculty members and their work, the present series of interviews carried by The Spectrum has helped in some measure to shatter further that dying but still widespread belief that all scientists are myopic, hump-shouldered, and come out of their laboratories only at night. The case of Dr. Osmond Breland, of the zoology department, furnishes more proof that scientists are interested in other things besides their work and experiments. Dr. Breland's principal hobby is the collecting of first editions.

Breland is young, of medium height, with blue eyes set in a narrow face. On meeting him, one is immediately taken by the engaging southern dialect that the grey-thatched teacher has brought from his home state, Mississippi. His home city is Decatur; his lectures are shot through with interesting colloquialisms born of that country and intriguing indeed to the ears of native North Dakotans.

The zoology teacher's alma mater is Mississippi State college, where he

received his B. S., in 1931. Last year he received his Ph. D. from Indiana university, at Bloomington, having taught there as a graduate assistant during the intervening time. In the summer months he carried on research at the university's Biological Station, Winona Lake, Indiana, some 200 miles from Bloomington.

### On Mexican Expedition

In the fall of 1935, Breland accompanied an insect-specimen collecting expedition to Mexico and Guatemala. The group, sponsored by the National Research Council and Indiana university, spent four months collecting specimens, principally Gall Wasps. The trip gave Breland the opportunity to add to his collection of the insect Hymenoptera (we had the Dr. spell that out for us), a parasite on the wasp. Breland plans to use his 30,000 specimens of this tiny winged insect as a basis for an attempt to correlate actual field material with the findings of the laboratory worker in the field of genetics.

According to Breland, the new

study of endocrinology and the recently publicized researches in tissue culture are the most rapidly growing phases of his profession. He believes that present discoveries in endocrinology will effect greatly the fields of genetics and embryology. During the coming summer vacation, he will teach at the College of the City of New York.

### Like North Dakota

Both Dr. and Mrs. Breland have spent their lives in the south, but they like North Dakota's climate, its friendly, hospitable people. They enjoy moving pictures, books, and the radio, the Astaire-Butterworth hour being the doctor's favorite. He enjoys teaching, likes to take snapshots, smokes, plays handball and volleyball, adds regularly to his book collection. He has several inscribed and autographed first editions, and is surprisingly well-read in the contemporary field of fiction and biography.

A member of the Faculty Men's club and Sigma Xi, national honorary scholastic group, Breland resides at 1414 12th Ave. N.

### Cackling In Ceres Hall Rouses Council

The Ceres Hall council, which meets every Monday night, took steps to abolish the incessant cackling and crowing of two co-ed roomers at their last meeting. Other residents of the dormitory were extremely annoyed when these two girls stuck their heads out the window and cackled at every passerby. The council president strictly forbid any more of this annoyance on grounds that Ceres Hall may gain the reputation of a henhouse.
