## SPRING FORMAL SEASON OPENS TONIGHT

### All-College Day Is Set For May 19; Inter-Fraternity Sing Is Feature

#### Campus Societies Cooperate to Sponsor Annual Fete; Afternoon Program

Under the sponsorship of several campus service organizations a traditional "all-college day" will be held on the campus on Tuesday, May 19. Arrangements are being made to make this day a gala one full of entertainment for faculty and student body. The organizations sponsoring the fete are Blue Key, YMCA, YWCA, Alpha Phi Omega, Senior Staff, Student Commission, and the Women's Senate.

The celebration will be held in conjunction with the annual Lilac Day activities and the annual inter-fraternity sing. If bad weather prevails the program will be given on Wednesday, May 20.

The general committee in charge is composed of three members of Blue Key. James Baccus is chairman with Gordon Brandes and Orville Goplen assisting. Various faculty members will be asked to assist the service organizations committees.

Tentative plans call for an afternoon and evening of entertainment beginning at 3:30 and running until about 11 p. m. According to present plans the festivities will begin with a variety program to be held in Festival hall. This will consist of singing, dancing talent, the boys' glee club, the Kappa Kappa Psi band, and talent from the Bison Brevities. (Continued on Page Six)

### Commission Makes Penalty Ruling

Beginning Monday, April 27, the Student Commission will inflict penalties ranging from \$.25 to a maximum of \$3.00 on students breaking the rules set up by the commission in order to rid the campus of persons with no regard for the school property and the school lawns.

The laws are as follows:

1. There will be no parking of cars on the triangle in front of Science hall. This includes all sides of the triangle.

2. Students will be fined for crossing the campus grounds where there are no sidewalks or cinder paths erected for walking purposes. This applies also to the football field.

3. No signs will be tacked or nailed to any of the trees on the campus.

Persons infringing on these rules will be penalized and if they refuse to pay the fine the money will be deducted from their student activity fee in the secretary's office. In case a student feels that he has been fined unjustly he will be given an opportunity to appeal his case to the student court, which will be held whenever there are three or more cases ready to appear. The court consists of the commissioner of judiciary and four members chosen from the general student body.

### N. Dak. College YM-YW Groups Begin Sessions

Over 185 students from North Dakota colleges, NDSC, MSTC, and the University of North Dakota gathered here last night for the three-day North Dakota YMCA-YWCA conference.

The conference began with a dinner for student leaders held in Ceres hall. Following the dinner, the opening meeting was held with Ellen Blair as chairman, at which the theme, "Learn to Live," was introduced by Dayton Jones, dean of student leaders. Talks were given by Viola Glasrud, MSTC; Robert Hagen, and Glen Odman of Jamestown college.

This morning, worship service was conducted by Woodrow Gagnon, NDSC; and during the regular convocation period, an address was given by Dr. John C. Bennett, of Auburn, New York, principal speaker and conference leader.

Discussion groups led by student leaders on five divisions of the conference theme are meeting this forenoon in the YMCA building. At 12:15 a fellowship luncheon for past and present YM-YWCA presidents will be held in the YMCA dining room.

#### Cabinets Divided

Separate cabinet training groups for the coeds and men meet at 2:00 this afternoon. Mrs. Martha White, YWCA adviser at the University Farm, Minnesota, and Miss Milada Vavrina of Grand Forks will lead the YWCA group, and Orrin Magill of Chicago, the YMCA group.

At 4:30 a social hour will be held in the Lincoln log cabin. A faculty dinner with Dr. Bennet is scheduled for 6:00 in Ceres hall. Dr. Bennet's second address will be at 8 p. m. tonight.

#### Conduct Worship

Tomorrow forenoon at 9:00 the Valley City associations have charge of worship service. The discussion groups meet at 9:30. At 10:30 reports from the discussion groups will be given, and at 12:30 separate luncheons will be held for YMCA and YWCA cabinet training.

At 3:00 Saturday afternoon the business meeting will be held. The traditional Geneva banquet, high light and closing event of every conference will be at 6:30 in the First Presbyterian church at Fargo. The event is in charge of the Moorhead State Teachers college.

Dean Arland D. Weeks of the education department addressed a meeting of the local branch of the State Teachers Association on the subject "Some Educational Questions of Today". The group, which comprises the public school teachers of Fargo, met at the Emerson Smith school Monday.

#### U of Hawaii Meets Local Debate Team

Climaxing the 1936 debating season a NDS team engaged in a non-decision debate with a University of Hawaii team on Wednesday evening in the Little Country theater. The debate was on the Socialized Medicine question, Frieda Panimon and Robert Hagen upholding the affirmative for State, and John A. Casstevens and Robert S. Taira, the negative for the island school. The debate was preceded by a brief program including two vocal solos by Miss Eunice Conlon of Fargo, and the performing of the traditional lei ceremony of friendship by Mr. Taira. Dayton Jones was the chairman.

The visiting squad, with its adviser, Professor N. B. Beck of the U. of Hawaii, was entertained by the local debate squad at a dinner prior to the evening's program held in the Gardner hotel. Following the debate, the debaters and the audience adjourned to the Lincoln Log Cabin where pineapple frappe was served, after which Prof. Beck gave a short lecture on Hawaii. A moving picture reel on the islands was also shown.

The Hawaiian debaters appeared here on the last leg of a tour which (Continued on Page Six)

Rose Bampton, prima donna of the Metropolitan Opera company and star of concert and radio, will arrive in Fargo Sunday afternoon to sing in a scheduled concert Monday night at 8:15 o'clock in Festival hall.

#### Singer Well Known

A decidedly handsome young woman, and one possessed of all the necessary attributes that go to make a tremendous musical success, Miss Bampton's program promises to be one of rare opportunity for local music lovers. Rose Bampton was acclaimed as the greatest singer ever heard in the Hollywood Bowl and she is ranked among the world's greatest singers. Her picture hangs (Continued to Page 6)

### Alpha Zeta Pledges Seven Men Students

Dacotah chapter of Alpha Zeta, national honorary agricultural fraternity, announces the pledging of seven men.

The following pledges are chosen on the basis of scholarship, leadership, personality, and future promise in their respective fields of agriculture: Lawrence Fine, Kirk Crawford, and Sigurd Melstad, sophomores; Vinton Plath, Arnold Ness, Andrew Berglund, and Donald Klaus, juniors.

### Chaney, Ward Share Honors At Junior Ball

#### Bleyer Will Furnish Music; Unique Decorations to Feature Prom

Everything is in readiness for the annual Junior Promenade in the Field House at 9 tonight. Don Ward, Prom manager, and his guest, Jane Chaney, and Eldred Lee, assistant manager, and his guest, Beth Oliver, will lead the grand march beginning at 10:00 p. m.

Following the leaders will be Paul Boleyn, junior class president, and Genevieve Hawkinson.

#### Bleyer to Play

Archie Bleyer and his music from New York will furnish the rhythm. Unique decorations and lighting effects of neon tubing will employ a modernistic motif of blue and silver. Programs are white, in keeping with the general theme. Chaperons will be Mr. and Mrs. Rudolf Otterson and Mr. and Mrs. H. M. Fitch.

Spectators will be admitted at the northeast entrance where accommodations have been arranged.

Committee members include the following: Robert Knauer, floor manager; Esther Watson, programs; Marjorie Arnold, publicity; Robert Larson, music; Rueben Smith, decorations; Merle Gifford, ticket sales; and Mildred Peterson, entertainment.

#### Honor Guests Named

Guests at the Prom include: Gov. and Mrs. Walter Welford, Pres. and Mrs. J. H. Shepperd, Dean and Mrs. I. W. Smith, Dean Pearl Dinan, Dean Alba Bales, Dean and Mrs. A. E. Minard, Dean and Mrs. R. M. Dolve, Dean and Mrs. A. D. Weeks, Dean and Mrs. L. L. Carrick, Dean and Mrs. W. F. Sudro, Dean and Mrs. H. L. Walster, Mr. and Mrs. C. C. Finnegan, Dr. and Mrs. C. S. Putnam, Mr. and Mrs. A. H. Parrott, Lt. Col. and Mrs. Easton, Major and Mrs. Ennis, Capt. and Mrs. McChrystal, Capt. and Mrs. Tagliabue, and S. W. Hagen.

### Plans Formulated For May Festival

The twenty-ninth annual inter-high school May Festival will bring scores of prospective students to the NDSC campus May 8, 9 and 10, in a renewal of cultural and vocational contests as well as a state meeting of the Vocational Agricultural Instructors, the state convention of the Future Farmers of America, and entertainment furnished by members of the LCT, and other interested organizations. Contests have been divided into three groups: athletic contests for men and women, industrial contests, and literary trials.

In charge of the agricultural part of the three-day meet will be the Saddle and Sirloin Club, Professor C. C. Cook, and the publications department. Home economics exhibits will be in charge of Miss Finlayson, and literary contests are in charge of A. G. Arvold.

**Peace, An Outside Activity**

As one person said, peace is a fine thing but why don't those who advocate it so strongly keep quiet and let the rest of us have some. Which of course is entirely the wrong way to look at it—or is it? The Veterans of Future Wars, the American Students Union, and the American League Against War and Fascism are doing their best to call attention to the causes and imminence of war and are doing it in a whole-hearted and sincere fashion with no thought of being unpatriotic or in any way desiring the overthrow of the existing form of government, as various patriotic organizations contend is their subsequent aim. These groups which tie themselves up with the effort to further the cause of peace are motivated by the sincere desire to acquaint the college students with the facts as they see them and to start young people thinking about this major problem of war. Perhaps the only criticism that can be made of such efforts is that the means of displaying the facts and creating sentiment are a bit too flamboyant and demonstrative—yet withal this has always been a characteristic of Youth and one must at least give these agencies credit for trying to do what our elders have failed to do—a criticism which will probably be made by those too conservative or those who are too narrow-minded to realize the Youth is just fighting for its own rights and for a cause which those of the older generation have failed to advance to an effective position.

However, if these organizations, these movements, which advocate peace so strongly wish to work through the medium of education, especially higher education, why don't they start with the fundamental by advancing their cause directly through the educational channels? After all the purpose of college is to gain an education by studying and any collegiate peace endeavor advanced so far has only fallen into the classification of an outside activity. And outside activities always come in for much criticism. If such groups as the Veterans of Future Wars, the American Students Union, and the American League Against War and Fascism must tie themselves up with the collegiate system, why don't they bend their efforts toward having the teachings of peace integrated into the system of studies, into the curricula? There is no reason why the causes of war could not be revealed in text books and explained so that Youth would be brought up on the glorification of peace rather than of war.

If peace is to be advanced by way of the text book it must be done in as subtle a manner as have our hatreds and distrust of other countries. The history books, and they are many, which have held England up as the traditional enemy of American liberties would be an example of the latter factor. There are too many outside activities connected with the collegiate system today and as yet these peace movements have not assumed a character other than that, but if these movements become a permanent integral part of education, who can tell but what in some halcyon day they may find themselves allied with the Veterans of Foreign

Wars, the S. A. R., and the American Legion in the promotion of peace by means of education. Stranger things have happened.

**BISON BRIEFS**

By JOE WRIGHT

You play horse (which should come easily); I'll be the vet. (not at all a good one) and here comes the pill, a big one and guaranteed, like all good pills, to cure nothing at all . . .

I was living quite contented in the cabin I had rented

Upon a distant mountain's eastern slope;  
To the spot so unfrequented came the new dear late lamented

With a radio to win by buying soap.

I was in a mood relenting and in no way trouble scenting,

When the man came with 'The World's Best Deal' for me;

He never had intended to have made me sore of-fended . . .

But I was; and chased him swiftly up a tree.  
On a branch he crouched a-tremble. I made no move to dissemble,

But demanded why he'd come to my 'estate'.  
Now he moved as though on embers, but he told that we were members.

Both of N-D-S-C class of '38.  
Now, if anything will tally with a score right up my alley,

It's the sob-stuff of a classmate years forgot;  
So I left my machinations and for him made vain oblations

In an effort to retrieve him from his lot.  
This fellow's mad intention (I could make no inter-vention)

Was to take from me my total earthly spoil.  
My mind was all a-quiver; in my fingers such a shiver! . . .

Though my blood within was almost at a boil.  
But my courage hadn't rusted, and his nerve so much encrusted

Didn't force me to accept him as my fate . . .  
That a man who should be grateful should become so very hateful . . .

Oh! . . . I raised a log and conked him on his pate.  
Now, if any other bimbo wants to find himself in limbo,

And bestirs his shanks to knock upon my gate,  
Let him simply give the greeting (at his first and only meeting).

'I'm a fellow-member . . . class of '38'.

## Story Telling Classes Rehearse Fantasy: Prepare Special Effects For Production

The fantasy, "Aladdin and His Wonderful Lamp," will be unfolded before Little Country theater audiences April 30 and May 1, at 4 p. m. This production, a term project of the story telling classes, is under the direction of Alice Bender. Admission to the play will be 25 cents.

### Show Camel

Humor and novelty is added to the play by a cavorting camel, Nuphsed, who sings, dances, and talks. The atmosphere of fantasy will be heightened by new scenery and lighting effects. A featured scene will be that of the cave into which the magician forces Aladdin to get a magic lamp. Another scene of special interest will be the skill testing street scene which opens the play. The beauty of each scene will be enhanced by newly installed lighting equipment.

Members of the cast include Schereazade, Jean Jones; Aladdin, John Callinan; Aladdin's mother, Frances Johnson; Nuphsed the Camel, Norman Olson and Elliot McKim; the magician from Morocco, Robert Pryor; Princess Badrulladur, Betty Johnson; the lady Doris Stinson; the slave of the lamp, Jack Boulger; the Wazier, Ed Farrell; dancing girls, Anne Kaiser, Margaret Moffitt, Dorothy Walz, and Delores Peterson; four ladies, Geraldine Morriss, Jean Crary, Alice Crahan, and Catherine Cannon; the fruit seller, Albert Hinkle; and the merchants, Barney Kelly, Darwin Olson, Paul Boyle, and John Dahl.

### Committees Named

Albert Hinkle and Corrine Anderson are in charge of publicity; Corrine Ballard heads the costume committee. A committee under Vivian Luther is designing stage effects.

Although the play was originally written for children, adults will find it of considerable interest. Colleges all over the country have found this production to be popular with varied types of audiences.

## Luther Club Plans Exchange Program

Reverend C. G. Olson of Pontopidan Lutheran church will speak on "Science and Religion" at a meeting of the Lutheran student association Sunday, April 26 at 4:00 p. m. in the "Y". Eric Arntson and Evelyn Mickelson are in charge of the program and refreshments.

At 6:00 p. m. Sunday, the association is giving a program for Concordia students in the chapel at Concordia college.

The Fargo Lutheran student association is furnishing an exchange program with MSTC association in the Trinity church, Moorhead at 5:30 p. m. on April 28.

### FARMERS' UNION SECRETARY TO SPEAK ON CAMPUS

Morris Erickson, '31, state secretary of the North Dakota Farmers' Educational and Cooperative Union, will speak at a meeting on the campus Tuesday, April 28, at 8 p. m. The meeting is sponsored by the college local of the Farmers' Union and is open to faculty and students.

Mr. Erickson, a graduate of the NDSC, was a member of the Theta Chi, Edwin Booth club, and Pi Gamma Mu. He recently resigned his position as assistant director of the WPA to serve as state secretary of the Farmers' Union.

## Peace Day Speaker Tells Cause Of War

With state senator C. W. Fine speaking on "Peace, and the Causes of War", Wednesday, April 22, the NDSC unit of the American Students Union joined the nation-wide demonstration for peace.

Mr. Fine stressed the need for a broader view of the world situation, and for the youth of today to take over the reins of economic and political life which the older people will soon be forced to relinquish. He questioned the purposes and needs behind the immense appropriations being made for military reasons.

Before the speech, 'Doc' Putnam presented the Girls' Glee club in two selections; and the Men's Chorus under Mr. Van Vlissingen sang one number.

## Cabinet Appointed For YWCA Monday

Ethel Olson, newly elected YWCA president, appointed her cabinet for the next school year at the regular meeting Monday at 5 o'clock in the Y rooms. Besides the officers, Phyllis Rowe, Katherine McEnroe, Vinnie Olson, and Phyllis Coyne, a cabinet of thirteen girls have been selected to fulfill several important duties.

New cabinet members are Jean Crowley, Sally Minard, Marie Carlson, Jean May, Evelyn Larson, Naomi Skarison, Ann Kreiser, Mary Clark, Mary Sherwood, Elsie Gabe, Mary Horner, Marjorie Arnold, and Jane Schulz.

## High School Men To Receive Awards

A special convocation will be presented by the students of the NDSC prep school this afternoon at 3:00 in the Little Country Theatre. The principal topic of this convocation will be the presentation, by Sam Dobervich, coach of the high school basketball team, of letters to seven prep school students. Those receiving letters are Odin Stenberg, Frank Stowell, Floyd Fuller, Verdine Rice, Frank Adams, Albo Connor, and Robert Ostlund.

The program will be built around a radio theme and is presented by the high school girls under the direction of the H. S. girls' adviser, Miss LaVerne Gilbertson. Participants in the program will assume the names of famous radio stars. Souvenir radios will be given those who attend. All high school students, teachers and supervisors are welcome.

## Arrangements Made For Senior Prom

First arrangements for the annual Senior Ball, second major event in the spring formal season, have been made by William Johnson, prom manager, with the appointment of committee heads and members in line. The selection of the senior ball manager from the University of North Dakota for fourth in line is an innovation.

Second in line will be Walter Jahnke, assistant manager, and third will be Clifford Altermatt, senior class president, and their respective partners. Selection of an orchestra has not been made but several outstanding entertainers are being considered.

Committee chairmen to assist in the arrangements are: Jane Bristol, refreshments; Sidney Shannon, features; Gert Powers, invitations; Victor Nordlund, music; Lois Presler, programs; Jack Spalding, publicity; and Sam Dobervich, floor manager.

There will be a meeting of the Saddle and Siroin club, Tuesday, April 28, at 7:30.

## Debate Teams Win Tourney

Debate teams representing Fargo high school and Moorhead State Teachers training high school were selected as high ranking teams in the annual interscholastic high school debate tourney sponsored by the Lincoln Debate club.

Thirteen teams representing Perham, Detroit Lakes, and Fargo high schools, the Glyndon consolidated school, and training high schools of Moorhead State Teachers and North Dakota State colleges participated in the tourney, which was held last Friday and Saturday. Four rounds of debates were held.

Awards were presented the ranking debaters and teams at a banquet in Ceres hall Saturday evening. Miss Frieda Panimon, as president of the Lincoln Debate club, made the presentations. Following the banquet the two high teams participated in a model debate in the Little Country theater. All debates were on the Socialized Medicine question.

### NDSC STUDENT WORKS ON DEGREE AT DUKE U.

Frederick Harold McCutcheon, former NDSC student, is one of more than forty Duke university graduate students submitting dissertations for the degree of Doctor of Philosophy. McCutcheon took graduate work in the department of zoology and has written on the "Hemoglobin Function during the Life History of the Bullfrog."

## Perrin To Play For Soph. Frolic

Everett Perrin and his orchestra have been selected to play for the annual Sophomore Frolic to be held next Friday night in Festival hall.

The Frolic, an exclusive all-sophomore affair, will be held from 8:30 to 11:30, at which there must be one sophomore in each couple, according to Kent Helland and Frances Cooper, who are in charge.

Steve Ward has been named in charge of ticket sales, which will begin immediately at thirty-five cents a couple. Purchases can be made from sophomores at all fraternity houses.

Dr. Robert Maynard Hutchins of the University of Chicago has been awarded the gold medal of the Holland Society of New York for "distinguished service in the field of education."

# SPECTRUM SPORT SPECULATIONS

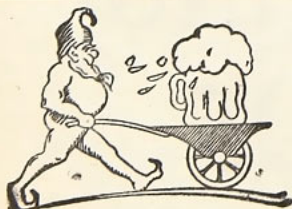

By DON BUCHANAN

They say that the race is disintegrating, that development of mind is replacing the development of the body, that the ancients were the supreme physical beings performing feats that will never be duplicated. Statues of Greek gods are still considered to be the criterion for a perfect physique. How then can the fact be accounted for that a man who can hold a world's record for more than five years is placed in the super class. During the 1932 Olympiad, Jim Bausch set a record in the decathlon event that was reputed to be final. Never would there be an equal to this feat. Last week this ten event test of the perfect all around athlete was shattered.

The exceedingly unstable position that the record in the mile run has held in the past is certainly not an indication of a downgrade in physical prowess. The time for this event has moved down approximately ten seconds in the past twenty years. Track coaches predict that some day a man will develop who will run the mile in four minutes. There have been different milers that have covered each of the four quarters in one minute each. It does not seem at all unlikely that a runner can be developed that will be able to pace off all four in one minute each. Pole vaulters are going up and up; shot putters are tossing the pellet out further and further. Mayhap there is no limit.

Then there's that fellow Hub Smith who really did a little off-hand shooting. His tally in the standing position stood high in the nation in the national intercollegiate matches sponsored by the National Rifle association. Competing in this match were such teams as Illinois U, whose coaches felt terrible about the small appropriation that was given them to train a team. Illinois' budget has three ciphers on the end and their range has 167 firing points. Captain Tagliabue showed up this team and many others with a zero outlay and seven firing points.

In the first Olympiad an energetic fellow with a handle of Phayllus made a broad jump of fifty-five feet. The present record is twenty-six feet and eight inches. However, the Greek victor used a method in attaining this span of empty locomotion that would be considered quite unorthodox in modern jumping circles. The jumper took a few steps, swinging two heavy weights and all the time gaining momentum on the back swing. When the take-off was reached he threw them forward and jumped. As they started their return swing he would give himself a jerk that sent him catapulting through the void.

## Prep Cleatmen To Clash Here For May Fete

Plans are now completed for the annual May Festival to be held in Fargo, May 7, 8, and 9, according to a news bulletin received from the Athletic Department.

Last year the Festival was rained out, but interest throughout the state has reached a pitch this year where the sponsors of the fete have reason to believe that more entries than ever before will line up for the opening day. High school track athletes are plentiful and the May Festival is generally conceded to be the proving grounds for the eastern half of the state at least.

The track events will be run off the same as before with the preliminaries in all events being scheduled for Friday afternoon and Saturday morning, and the finals to be run off Saturday afternoon. Records dating back to 1924 will be in jeopardy as well as the most recent mark, that set by Orville Fisher of Fargo in the javelin throw in 1934. In the track events the dashes and the hurdles are probably the most likely to go by the boards as practically all the entrants to date boast of at least one strong entry in these events.

Medals will be presented to all first, second, and third place winners by the North Dakota State Athletic Department.

Men will compete in a series of fourteen track and field events consisting of the 100 and 220-yard dashes; high and low hurdles; 440, half-mile, and mile runs; javelin throw, discus, and shot put; pole vault, broad jump, and high jump; and a relay race.

Women's athletics will play a prominent part in the tourney this season with the girls scheduled for baseball, tennis, and track.

### GIRLS' TENNIS TOURNEY COMMENCES NEXT WEEK

Girls interested in tennis are asked to enter the girls singles tennis tournament, according to manager Sylvia Finsand. Instructions are placed on the bulletin board in the Ceres hall gym. Girls entering are requested to sign the list there posted. Playing will be done on the tennis court in the field house. Monday, Wednesday, and Saturday are the days which girls may use this court. The hours are from one to five p. m.

## Tennis Tourney Set For May 12

Gamma Tau Sigma, honorary journalistic fraternity, has set May 12 as the opening date for the spring tennis tournament which they annually sponsor, according to Dave Taylor, who is in charge. The tourney is open to all bona fide undergraduate students of the college with both men and women eligible for competition.

### Extend Matches

The matches this year will be of a greater scope than in previous years as both a men's and women's tourney will be scheduled with both singles and doubles teams allowed to enter in either class. Another innovation in this season's play will be the mixed doubles arrangement, a feature which heretofore has been neglected.

Present plans are to hold the preliminary matches in the Field House with the men's portion to be run off on alternate evenings with the women's. If possible the semi-finals and the final matches in all classes will be staged on the outdoor college courts providing the weather permits and the courts can be gotten in shape by that time.

### Awards Donated

Awards will be presented to winners in all events, the men's being given by the athletic department and the remainder to be donated by business men of the city. There will be an entry fee of 25 cents per person for each class entered, the money to be used by the fraternity to purchase tennis balls for the use of the contestants.

All persons wishing to enter may do so by dropping their name and the class they wish to enter into a box provided for that purpose in the Spectrum office before May 8. Players will be bracketed according to their ability so that novices will have an opportunity to participate against competition of their own calibre.

This Sunday's NDSC Campus Review will be a mixed musical program. Numbers will be presented by the Theta Chi and Sigma Alpha Epsilon choruses. Other selections will be given by a trio and quartet, selected from the choruses.

## Scrimmages Held For Herd

With two scrimmages already under their belts and plenty more scheduled to come, Captain Bob Erickson and his band of Bison grid-ers are rapidly rounding into shape. With the weather more favorable the boys have been able to get in some real rough work and as a result Finnegan and Lowe are able to get a line on their best bets for varsity material when the football season opens next fall.

### Backs Are Plentiful

Backfield men are plentiful in the Bison camp and competition for the four starting positions is getting tougher every day. Bill Olson and Emil May, two sophomore backs, are showing great promise at their respective posts. May shows plenty of potentialities with his kicking and passing antics, having handled a large portion in last season's campaign. Olson has proved himself to be a hard driving back who is fast enough to be a constant scoring threat with a shifty gait in the open field.

### Hawkins Shows Promise

Ray Hawkins evidently plans on holding down one of the regular flank positions by the time the opening game rolls around, as he is displaying an unusual aptitude for this post. Hawkins is only a freshman but tips the scales at 190 pounds and has a natural athletic style. Four other frosh are battling for the flank posts left vacant by the graduation of Beryl Newman, Greg Sloan, and Sam Westgate.

Elmer Shrank was the first casualty of the spring season, having suffered an injury to his eye in the opening scrimmage.

## FRIESE ELECTED FOR RIFLE CAPTAIN; SMITH HIGH IN U. S.

John Friese and Frank Sorenson were elected captain and team managers respectively of the next rifle team at a meeting of all team members, Monday. Captain Tagliabue, team coach, read the results of the NRA National Intercollegiate matches in which NDSC team placed seventh in the United States.

Hubert Smith, one of the men on this five man team had the distinction of firing the highest score in the standing position in the country. His target in this position totaled ninety-one, an almost unheard of tally in match shooting.

Carnegie Tech placed first in this match but the counts of all of the top teams were within a very close margin. The Bison shots were within five points of the team placing third. They rated higher than such teams as Cornell University, which has been hitting the top all year, and the United States Military Academy.

Arrangements for the annual banquet given for the team were discussed.

The University of North Carolina has ruled that any student "who does not habitually write good English" must go to the English department for periodic polishing.

## Group Sponsors Series Of Talks

Starting this week, Alpha Zeta, agricultural fraternity, is sponsoring a series of weekly broadcasts over WDAY. These talks, given by members of this group, consist of discussions on the various fields of agriculture as found at NDSC.

The initial talk of the series was given Monday by Dean P. J. Olson, charter member of Dacotah chapter, who outlined the series of talks to follow and spoke briefly regarding the aims and purposes of the fraternity.

Talks to be prepared and presented by members of the organization are as follows: soils, William Johnson; horticulture, Donald Scott; agricultural engineering, Pat Mach; dairy, Harold Halcrow; botany as it pertains to agriculture, Alvin Johnson; agronomy, Ray Quinnald; agricultural economics, Clifford Altermatt; agricultural education, Harry Graves; and animal husbandry, Ralph Bullock.

## All-College Day Planned May 19

(Continued from Page 1)

This will be followed by a soft ball game, possibly with faculty men and seniors opposing each other. A lunch for the faculty and students follows this, and plans call for faculty members donning the chef-caps. Doc Putnam and his Gold Star band will present a concert which will be followed by the Lilac Pageant under the supervision of A. G. Arvold.

The inter-fraternity sing, to be held on the steps of Old Main, is next in line in the entertainment; and the festivities will be culminated in an all-college dance to be held in the evening in the Field House.

During the early part of the afternoon the various organizations will hold open house. The committees in charge and the organizations sponsoring the fete promise a real treat for NDS students. If present plans work out the celebration will be the biggest in the history of "all-college day."

## PAST SPECTRUMS

Tuesday, November 23, 1926. — Farmers Find Another State Owned Mill Here.

"Is this the mill?" insult heaped on neglect was such a question.

Doc Putnam, director of the college Conservatory of Music, and pep master of 20 seasons, was confronted with that question just yesterday.

A reporter had ventured into his sanctum for news. He got a frigid reception instead. The Bugle and Drum Corps sponsor's picture had been omitted from the Sunday newspaper. Only a deal of explaining satisfied "Doc" that said reporters had nothing to do with the society page. About that time a knock at Putnam's door interrupted.

"Is this the mill?" asked one of the two farmer visitors. He was holding a sample of grain in his hand.

"No, this is the factory," laughed Doc Putnam.

The two farmers were not quite clear on the distinction until a trumpet blast broke loose overhead. Dr. Putnam defines his hall as a "Music Factory." The farmer had found the place where Gold Star bands, and sundry products are manufactured.

### SHADOW SURREPTITIOUSLY SLUGS SLUGGER

This is really too good to keep to ourselves so we are letting you in on what was one of the most peculiar battles ever fought with such disastrous results. 'Twas like this: Car-barn Hammerslug's protege, Carl Reimer (the Goodrich flash), was boxing with his shadow the other day in a downtown gym. However, the shadow refused to take it with the result that "Roaring Roughhouse" Reimer connected with an eye and discovered upon looking in the mirror that it was his own. Which goes to prove that in a situation involving "Me and My Shadow" that two is a crowd.

(We really hate to print trivialities like this, but feel it is our duty to let the campus in on the outstanding blunders of the year as they are brought to our attention, besides a certain party refused the loan of his geography book until this shadow slugger from Goodrich was recognized in print.)
