## Radio Programs To Be Sponsored By Fraternity

COLLEGE TALENT TO JOIN IN BROADCASTS PREPARATORY TO INTER-FRATERNITY SING

Beginning Sunday, Alpha Phi Omega, national service fraternity on the campus, will sponsor a series of radio programs over KGFK from 3:30 to 4 o'clock. These programs will take the form of a campus review of musical talent and will be named the "North Dakota State College Campus Review."

The purpose of these broadcasts is to advertise for the main part the inter-fraternity sing which will be held May 10, and also to bring in incidental remarks about the college. Each Sunday until the sing, a different sorority and fraternity will have charge of the half hour in which to present such musical talent as they have and also to bring out interesting facts about their particular group. Bison Brevities talent and the Cosmopolitan club will also participate in this project.

Gordon Horner, former student, is managing these broadcasts over the air, and Gordon Brandes, president of Alpha Phi Omega, with representatives from the different groups, are arranging the weekly programs.

The program Sunday will be a varied one consisting of a trio from Kappa Kappa Gamma sorority, vocal solo by Walt Ekeren from Kappa Psi fraternity, a trio from Theta Chi fraternity, vocal duet by Harvey Anderson, Delta Tau Epsilon alumnus, and Marjorie Arnold, Kappa Kappa Gamma, Helen Pease, soloist from Kappa Delta sorority, Harvey Anderson, soloist, and the Sigma Alpha Epsilon chorus, winner of last year's inter-fraternity sing.

## Debaters Preparing For Busy Season

Anticipating the intercollegiate debate season, two NDSC teams met in a community debate at Horace, N. Dak., last night for a Parent-Teacher meeting.

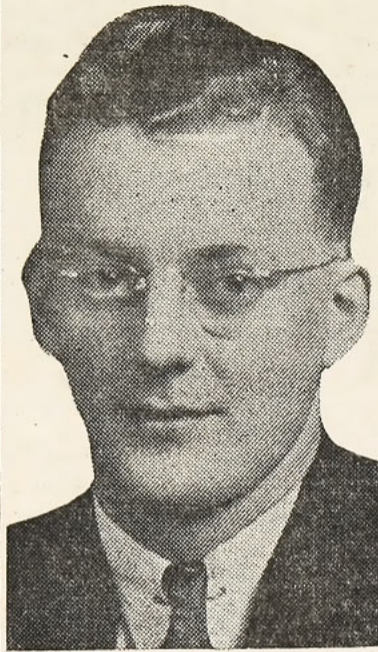

The question, sponsored by Pi Kappa Delta, is — Resolved: That Congress shall have power to override by two-thirds majority vote decisions of the Supreme Court declaring laws passed by Congress unconstitutional.

Mildred Weiser and Marion Horgenson argued the affirmative; while Arwin Hoge and Herschel Hutinpiller opposed them. All are freshmen except Hoge, a junior.

Tonight NDSC and Concordia will meet in a series of four practice debates, two teams being exchanged by each school. Algin Nordlund and Ray Cruden, affirmative, and Arwin Hoge and Don McCabe, negative, will be sent to Concordia. Mildred Weiser and Frieda Panimon, Thomas Donovan and Herschel Hutinpiller will debate here.

The tentative intercollegiate schedule includes debates with Montana State here, an exchange of teams with the University of Manitoba, Winnipeg, a series with the University of North Dakota, and a contest with the University of Hawaii, here.

Community debates will probably be held once or twice a week throughout the season.

MAYNARD SHOLTS

Manager of this year's Little International Livestock Show is Maynard Sholts.

## College Athletes To Be Honored

Final arrangements have been made to bring Bernie Bierman, football coach at the University of Minnesota, and Phil Brain, Minnesota tennis coach, to Fargo for a banquet to be given in honor of the NDSC athletes at the Gardner hotel, January 20 by the Alumni and Former Students Association.

The program will consist chiefly of films of this season's Minnesota games with a complete showing of the Minnesota-NDSC game. Brain will discuss the films as they are shown.

Grand Forks and the University, will be represented by Coach Jack West, Phil Starbeck, Fritz Falgren, '36 NDU captain; and C. D. Locklin of the Grand Forks Herald. Other guests will be Eugene Fitzgerald of the Fargo Forum; Bill Brennan, manager of the A. G. Spalding Co., Minneapolis; the athletic board, the alumni board, and Dr. O. J. Hagen, regent of the University of Minnesota.

Dr. and Mrs. Putnam, President and Mrs. Shepperd, and the coaches and their wives will represent NDSC. G. M. Cook and J. G. Halbeisen of the Alumni Association are arranging the banquet.

## CONQUEST OF TUBERCULOSIS TO BE FEATURE TOPIC

The third lecture in a series of lectures sponsored by Sigma Xi, national honorary scientific fraternity, will be given by Dr. L. M. Roderick of the Veterinary Department, Thursday, January 23, at 8:00 P. M. in room 319 Science Hall. The title of the talk will be "The Conquest of Tuberculosis". This will be a discussion of the behavior of tuberculosis in the human population from the biological, sociological and public health standpoint. An analysis of the causes for the decline in human tuberculosis mortality and morbidity will be considered. The progress and success of the program for the control of bovine tuberculosis and its relation to human welfare will be included. Public invited.

## YM Originates Study Periods

To acquaint interested students and others with the life and work of Dr. Toyoskio Kagawa, the great Japanese Christian and exponent of a co-operative social order, four study periods of his life have been arranged for under the joint sponsorship of the college YMCA and YWCA, the NDSC Farmers Union local, and the Sigma Delta discussion club. Kagawa will hold meetings in Fargo Feb. 20.

The study plan was originated by the local YMCA unit and is under the general supervision of Harry Graves. Assisting him are Reuben Arneson of Sigma Delta, Esther Erickson of the Farmers Union, and Elsie Gabe of the YWCA.

The first meeting will be at the college YMCA at 8 p. m. Wednesday, Jan. 22, under the sponsorship of Sigma Delta on the topic "Kagawa and Internationalism". The other meetings will be Jan. 29 on "Kagawa an Co-operatives" under the auspices of the YMCA, Feb. 5 on "Progress of Co-operatives in Europe and America" under the sponsorship of the Farmers Union, and Feb. 12 on "Christ's Alternatives to Communism" under the auspices of the YWCA.

## FULL HOUSE GREET'S FAMOUS AUTHOR OF "OLD BILL"

Festival hall was full Wednesday evening as NDSC students and Fargo residents paid tribute to the arts of Bruce Bairnsfather, world famous international humorist and creator of "Old Bill" of cartoon fame.

Mr. Bairnsfather, in presenting his illustrated "Laughalogues", furnished much amusement by depicting with his pencil the cartoon life of Old Bill. Giving an amusing account of his life as an artist, the speaker told how he drew cartoons in the trenches. After the war, Mr. Bairnsfather really came into his own as a cartoonist. By means of slides, the artist entertained the audience with an account of his travels and adventures with "Old Bill."

This program was the third of the NDSC Jubilee Lyceum series.

## Kappas Win Sales Award; Piers Named

CAPACITY CROWD SEES 14TH INTERNATIONAL SHOW LAST NIGHT

Alice Piers, freshman, was picked as "mistress of awards" at the 14th annual Little International Livestock show last night by Kappa Kappa Gamma sorority after that group had been presented with a loving cup for first place in the ticket sales drive. Kappa Kappa Gamma sold a total of 105 to lead Gamma Phi Beta and Phi Omega Pi. The show had the largest attendance in years and also the largest number of entries since 1929, the peak year. The show is an annual product of the Saddle and Sirloin club and this year was directed by Maynard Sholts, manager, and Robert Williams, assistant manager.

The round-robin trophy in the co-ed milking contest left Ceres hall to become the property of the Cosmopolitan club, as Margaret Hanson won. Ruceila Ruud, Phi Mu, and Beverly Thoraldson, Ceres Hall club, were second and third, respectively. Other contestants were Jean Crowley, Jean Stewart, Ruth Cooley, Grethe Jones, and Margaret Jones. In the needle threading contest, an innovation this year, Marie Carlson, Phi Mu; Corrine Ballard, Kappa Delta; and Marjorie Hanson, Cosmopolitan club, placed in that order.

Sure We're Pure candidates to the frame tug-of-war pulled the Not So Sure gladiators over the line after a strenuous battle that lasted for several minutes. In the final feature Dick Hamilton and Art Sholts fought three rounds to a draw. Little Jean Alm was a hit with her dancing and singing acts, accompanied by Doc (Continued to Page Six)

These students have received no tangible reward for their efforts and little in the way of recognition, yet they have not complained, but have continued to work without losing interest. To them is due much of the credit for putting out each issue. The editor wishes to take this opportunity to thank these people and in some small way to give them the recognition that they deserve.

**BISON BRIEFS**

First of all I would like to comment on the remarkable way our campus is being beautified. The removal of the trees from the dormitory area certainly helped things along; it creates that wide, spacy appearance, like a prairie. Pretty soon all we'll need will be some prairie dogs. Of course I realize the PWA workers have to have something to do, but I think a less destructive and more sensible thing would be to put them on a vacant lot and let half of them dig holes and the other half fill them up.

Philosophical inanities: The efficiency of the college employees is like the New Deal, it gets worse every day . . . If all the communists were laid end to end the capitalists would be happy and if all the capitalists were laid end to end everyone would be happy . . . If more instructors took pains to be interesting instead of reciting facts like mechanical robots, their classes would be places of value rather than relaxation . . . College should contain a little knowledge; freshmen should bring a little in and seniors never take any out . . . A good slogan for the next war would be: "Join the Army and see the next world." . . .

A good example of colossal nerve was shown by one Alvin Aaker, a freshman at our fair institution. This lad, after regarding the suits in the window of a downtown clothing store, entered and approached a stern-faced individual. "Have you any second-hand suits for sale here," he asked. The individual uttered a shocked "no," at which Aaker chirped "what's the idea of these suits in the window then?"

An anonymous letter was sent in the other day suggesting that the paper as a whole was too meek. The writer had some ideas of his own that he wanted to see printed, so here is one of them. He wants to tell the Kappa girls to hide their key in a different place where every Tom, Dick, and Harry can't find it. Every time he comes to get it the thing is in use, he maintains.

Public enemies 1000 are: People who deposit gum on the seats of chairs . . . Taxi drivers . . . people who use phone booths for bull sessions . . . campus policemen . . . people who pull an empty package of cigarettes from their pocket and then look at you suggestively . . . directors who make shows like "The Red Salute" and "Annapolis Farewell" . . . girls who use you for a tug-boat when you dance with them . . . policemen who folloy about the dance floor . . . ladies who wear totem-pole hats in theaters and park their chassis ahead of you.

As usual I'll end off with a bit of poetry that I like, written by Captain Gilbert Frankau.  
 War . . . a dirty, loathsome, servile murder-job;  
 Men lousy, sleepless, ulcerous, afraid;  
 Men stunned to brainlessness and gibberings;  
 Men maimed and blind; men against machines;  
 Flesh versus iron, concrete, flame and wire;  
 Men choking cut their souls in poison gas;  
 Men squelched into the slime by tramping feet;  
 Dead bodies used to build a trench again;  
 Men disemboweled by guns five miles away,  
 Cursing with their last breath the living God  
 Because He made them his image.

Highlights of the week—Katherine Ray found around the barns again—Walter McGrath failing to get a vote for anything this week—the majority of the students have not recovered from the Military Ball yet, we guess—the band at last gets appropriations for that much needed instrument—the act put on before the senior class in military by Col. Easton's dog and Capt. McChrystal's pooch (too bad most of the boys were sleeping—especially Akeley).

We admire the spirit of the student in a big school who got awfully tired of never finding a chair in the library. Eventually he walked up to the clerk in the "reserve" room and uttered this serious plaint: "Excuse me, miss, but could I possibly reserve a couple of seats for next Friday night?"

**Once Upon a Time**

Once upon a time there was a dance. This dance was so like the Military Ball that few if anybody could tell the difference. In fact it was the Military Ball. Anyway, at this certain dance, programs were in order. So, as at all dances like it, the programs were arranged at the fraternity meetings on Monday. As is customary at affairs like this there were chaperons. Chaperons usually come to a dance to dance, not to sit at the side all through the evening. At this affair, though, the chaperons had no program, not even a partial program, which is certainly little enough.

Now, the moral of this story is that those who put on dances like this should consider the chaperons a little. Ignorance is no excuse for carelessness.

Nor is this true of the Military alone. It only happens to be the most recent example which comes to our attention. Why doesn't the faculty give more support to the other school dances like the Military? Simply because of the inconsiderate attitude of most of the student body. We don't feel that a fuss should be made over the faculty at these dances, but certainly it would not be asking too much of the students if they were at least to treat the faculty with a little more courtesy.

TOM DONOVAN,  
 MARJORIE ARNOLD.

**What Price Education?**

What price education?

Just recently a student in one of the larger high schools of the state made the boast that his father, a reputable member of the city school board, had bought for fifteen dollars a credit in English. He could have no reason for "telling a story" on his father if it were not true; so we see no reason for disbelieving him. It seems quite logical, we think, that the instructor might well have had some good reason for foregoing another term's work from the youth.

To us the instance is significant not only because of the gross misuse of authority of the father, but also for the antagonism, possibly only indifference, of the student toward his native language. He'd rather be known as a "good fellow," and "good fellows" quite often maintain that they dislike the English courses.

Just to use our fancy a bit, suppose "flunking" students were allowed the paying way out, suppose they got their "education" by rule of pocketbook; how rich departments might become on the bounty! Why, each instructor could get a raise that would satisfy all the crying needs of his present salary status! Yes; but then what? The only education would be in learning of the power of money to conquer.

We know the situation will never arise; we know that no one will be impressed with the above statements. But we do believe the subject one of interest to everyone.

—J. W.

**Recognition Is Due Them**

In a story on page three of this issue are listed the students who make up the reportorial staff of this paper. Since the beginning of the fall term they have been handing in their stories. Some have had previous journalistic experience and some have not, yet all have shown talent and a real desire to write as many stories as were assigned them and to take criticism of their work in the best spirit.

Those who have been awarded positions on the reportorial staff have been selected from a much larger group which tried out at the beginning of the fall term. Many times their stories were not printed or were rewritten, yet this has not discouraged them, instead they have come back asking for more and bigger stories.

# The Social Climber...

To revive an old custom—"orchids to" Franny Cooper for not recognizing them in her Military Ball corsage. Who'da ever guessed: that Russ Anderson indulges in "secret pushes"—that there's a girl behind the naming of Reiners "Slush"—that certain model fidelity boys on the basketball team forget to be either model or faithful when away on their trips?—that ATO's Jahnke and Iverson are chess champs?—that the SAE's couldn't take it?—that Walt Severson monopolizes the KGFK Dedicatory programs since the Kappas got mad on account of "Grow up, Little Girl"?—that the escort to Allen Blair in the Military Grand March was a proxy on account of Lynn's leg (of course, what's a grand march without thirds in line?)—that Janet Sharp and Harry Curtis would ever break up?—that there were "tails" on the campus?—that Mercy More hated publicity?—that the rowdiness seen every Mon. night at the College Cafe was a Benny Goodman club, ultra-super-exclusive?—that Harriet Ellsworth's ears were freezable?—that the day would come when Betty Christenson would spectacle her sex-appealers (so much the better to see you, my dear)?

Compliments to Scabbard and Blade for refraining from shooting off machine guns at the Military—must have taken a lot of will power.

## Reportorial Staff Selections Made

After one term of more or less gruelling work, furniture breaking, and cider drinking, the reportorial, sports, and advertising staffs of The Spectrum have been subjected to minute scrutiny as to morals, noise making ability (Hutsinpillar and Gruber lead the van in this respect), bull-slinging ability, and something more or less resembling journalistic ability. As regards the last point, the editor joins with the student body in hoping that the resemblance soon becomes more striking.

Upholding the society end of the paper we offer you Mesdames Eloise Pfeffer, Vinnie Olson, Phyllis Rowe, and Jo Connelly. This quartet can collect the names of more students who went home over the week-end than any other quartet of the last century. This, of course, in addition to their other stories. The three remaining reporters of female gender are Roberta Gregg, Jane Chaney, and Florenz Dinwoodie, three of the most conscientious reporters ever to grace the Spectrum office.

Upholding the honors for the men are Joseph Wright, the marvel of the age, who writes everything from poetry to editorials; Leslie Gruber, the tall, silent man from Ft. Totten (there you are girls); Herschel Hutsinpillar, who has been practically useless ever since he met the alumni secretary; John Lynch, who was editor of the LaMoure high school paper and splits a mean infinitive; Tom Donovan, who reminds us of Napoleon (he can fold his arms across his chest in even more dour fashion than the mighty Corsican and can relate the cutest jokes—also new at the time of Napoleon); and Alfred Murfin, who raises Cain and the Spectrum scholastic average.

Finally we are forced to deal with those anomalies known as sports writers. Beyond a doubt Don Buchanan and John Raymond can butcher the King's English in worse fashion than any two men enrolled in this institution. No higher compliment can be paid them, according to them.

week-end. . . John Broten, Dahlen, was pledged Monday night.

**Phi Omega Pi**—June Lowe, Betty Jamison, and Delilah Sailor were guests at the house for dinner last Thursday. Following dinner a program was given by the pledge chapter.

**Theta Chi**—Joe Steiner, regional counselor from Mandan, has been at the house for the last three days. . . Ward Swanson, John Jenkins, Ed. Brekke, Dale Hogoboom, and Gilbert Meyers attended the Theta Chi regional convention in Minneapolis last Friday and Saturday.

### EUGENE W. PETTEE RECEIVES DEGREE FROM CHICAGO U.

Eugene W. Pettee of the economics department received his doctor's degree at the University of Chicago, Dec. 17.

He stated in his thesis that "experts who make attempts to predict business trends aren't right much better than half the time." Dr. Pettee's survey showed that from 1870-1880 business forecasters were doing a better job of predicting than they did in 1920-30.

**SPECULATIONS**

By WALT McGRATH

After extensive research and much delving into performances past and present the ambitious sport department has finally discovered the real reason why the Minnesota Gophers produce grid teams of the high calibre they do. In the Minnesota Daily the headline "Minnesota Grid Squad Starts 1936 Practice" did much to enlighten the heretofore much befuddled scribes. 68 frosh numeral winners reported to the Bierman coaching staff and when you consider that two practices are held a week for the neophytes all during the winter until the regular five and six a day sessions begin in the spring and then continue again in the fall there is some reason for the juggernauts that the Gophers have produced.

\* \* \*

Wednesdays and Fridays are the days that the frosh are put through their paces with Tuesdays and Thursdays for the novice and less experienced players while blue Monday is the day reserved for the members of the varsity squad. With this set-up working at full steam we refuse to believe that Minnesota is about to have a relapse along the football lines.

\* \* \*

Another convenience that is likely to produce winning track teams for the Minneapolis school is the indoor track which has been used for practice for about the last ten days or so.

\* \* \*

Morningside put the jinx back in the box when they swamped their ancient rivals from South Dakota University 48-27 last Jan. 7. The Maroons athletic stock has taken a decided upward trend in the past two or three years and they look as if they will be a factor to reckon with in the present basketball season.

**FINAL RIFLE TRYOUTS**  
**PLANNED FOR SATURDAY**

Saturday will be the final day for the rifle team tryouts by which the permanent team for the remainder of the season will be selected.

The three high totals in the entire match will be awarded gold, silver and bronze medals respectively and a like series of decorations will be given to the three ranking high in the beginner class. The final team of approximately twenty men will be selected and announced later. The range will be open Saturday afternoon to allow the men to complete the match.

**Herd Continues Loop Race Tomorrow**

**Bison Are Hosts To Bunny Tribe**

Tomorrow night the Herd will meet the Jackrabbits for the second time of the season on the home court, the first tilt occurring at Brookings last Saturday.

The Bison will have an edge over the South Dakota State quint, having beaten them by the score of 39-35. The game will be the fourth conference contest of the season, North Dakota State being undefeated by sectional foes.

The sweaters for both varsity and freshmen will be awarded at the half by Dr. Churchill in behalf of the athletic board.

Coach Lowe hopes to allow his reserves to show some action. Spectators may hope to see an appearance by Stan Maynard, Howard Fraser, Barney Toman, and Sam Westgate, while Arney Bernard will probably get in for a few minutes.

**STEVE GORMAN HONORS GRID SQUAD AT BANQUET**

Steve Gorman, one of the most ardent followers of Bison athletic teams, entertained members of the varsity football squad at a banquet last night in the basement of the Grand Recreation Parlors. Talks by Coaches Casey Finnegan and Bob Lowe were part of the entertainment of the evening. The affair was given in tribute to the squad which trekked through the conference schedule undefeated to annex undisputed title to the North Central Conference grid crown.

**FROSH QUINTET DOWNS GAMMA RHOS 24 TO 33**

Making their debut before North Dakota State college students, the Bison frosh eked out a one point victory over the strong Gamma Rho quintet in the preliminary game last Saturday night at NDSC field house. When the final whistle blew the count stood 24-23.

For the frosh it was the work of Harry Peterson, Detroit Lakes flash, that brought the crowd to its feet time and again. Wheeler and Snyder held down the guard positions in fine shape, while Naprovnick and Hawkins on the forward echelon, demonstrated some first class floor play.

**State Team Whips Concordia, 38-27**

By DON BUCHANAN

Tuesday in the second home court tilt of the season the Bison turned back the Cobbers by a count of 38-27. The Concordia quintet played a good defensive game, but the superior shooting and ball handling of the State team proved to be too much for them.

The Cobbers got the tip-off, but the Bison obtained the ball and Reiners opened the scoring in the second minute of play. Reiners counted again and Anderson dropped one in from a fast break to make the tally 6-0. After a time out period the Cobbers worked in for their initial points, being followed immediately by a bucket by Pretz. After Concordia sank a free throw, Kielty and Reiners again counted to make the score 12-3. Before the half signal the Cobbers garnered three free throws and a trio from the court. Anderson and Reiners each scored and Saunders closed the tally for the half at 18-12.

Bettschen opened the scoring in the second half and after Dyke countered, Anderson found the opening twice and Reiners once. Kielty, Anderson, Reiners, Saunders and Westgate all scored before the final gun sounded.

Bernard got into the running for the first time since his injury earlier in the season.

Anderson and Reiners turned in the stellar performances for the Herd, Anderson copping 14 points and Pretz made 12. The superior ball handling exhibited by Russ was spectacular. Bettschen and Saunders played a fine defensive game. Kester and Myrom were outstanding for the team from across the river, and Ernst was the mainstay of the Concordia defense.

In the invasion of two state schools of South Dakota the Bison emerged the victor in both tilts, beating the Coyotes 35-20 in the initial contest and edging out the Jackrabbits 39-35 on the following evening. The win from SDU on Friday proved to be quite one-sided, while the Saturday night game with South Dakota State was no one's ball game until the final gun.

In the first tiff with South Dakota University the Herd rushed the opposition off their feet in the first six minutes of play, running the count up to 14-1 before the Coyotes were able to find the hoop. The tally at the half stood at 21-11 with NDSC on the long end.

The only period in which the university quint threatened occurred in the last ten minutes of play.

Anderson and Reiners were the mainstays of the Bison scoring, while Bettschen did an excellent job at guard. Bill Ryan and Bob Buck, all-conference, were stellar for the Coyotes. Anderson and Buck each garnered 12 points.

In the contest of the next evening the play started slowly, both teams playing cautious ball for the first half, the score being 13-11 at the intermission. A rush at the start of the second period netted the State five 17 points, but the Jackrabbits came back fast in the final ten minutes of play to show a rally of 20 counters.

Reiners and Anderson were the chief point gainers for the Bison, while Wally Diel made the most creditable showing for South Dakota State.

The two wins held the Herd in a draw position with NDU for the conference title, each showing three victories with no losses.

## Seniors Are Listed For Exemptions

According to a list just issued by the registrar's office, 87 seniors will be exempt from all attendance requirements for the rest of the year. ## YM Cabinet Holds Taffy Pull Tuesday

The YWCA cabinet began their sponsoring of freshmen groups Tuesday night by having a taffy pull, to which all freshmen women on the campus were invited. The affair was under the little sister organization of which Mary Horner is at the head. Approximately 50 girls were present. Jane Schulz is in charge of organizing these various groups assisted by the cabinet and the "Y" secretary, Miss Delaphine Rosa.

Any girl who has not as yet joined the "Y" may still do so by contacting Phyllis Coyne, membership chairman. A space is reserved on the membership card to designate certain hobbies that girls are interested in and the freshmen groups are made up out of this interest.

## Weekly Broadcasts By Brevities' Talent Get Under Way

Shades of Jumbo! A weekly radio broadcast, direct from the stage at Festival Hall, where the 1936 edition of the Bison Brevities is in production. That's what has been announced by James Baccus, ringmaster of the fun-and-mystery show, "Be Yourself," which will be presented, with proper fan-fare of trumpets, on February 24 and 25.

The whole student body is invited to these broadcasts, the first of which was presented on Wednesday, January 15, at 5:45 p. m., and Jim promises that plenty will be happening at broadcasts to come. Five more will be held on succeeding Wednesdays at the same hour.

Impromptu fun in the gala collegiate manner will make these Brevities programs more diverting than in former years. Instead of Durante, there will be Don Putnam, with his fun-making. All members of the cast and choruses of the show will be on hand, with music by the Bison Brevities student orchestra. There will be plenty of clowns and aspiring tenors and baritones, and even an elephant, although Baccus declines to give the actual tonnage of the pachyderm.

Other groups will be invited to participate in the fun, during the succeeding shows. The guests during the program of next week will be the Kappa Kappa Psi band. Any student or entertaining group who would be interested in appearing on these Brevities air shows, singing or playing any instrument, is invited to see Jim Baccus. However, every person present in the hall during the broadcast will be asked to join in the program, with a "customer's chorus" or a catch-as-catch-can rendition of old favorite songs.

Emory Mercier, chef at St. Lawrence, made a pastry replica of the men's dorm for Christmas. It's eight feet long.

Gordon Brandes is the lead in this year's Bison Brevities, on production now.

The meeting will be a "guest night" with all campus Independents and other interested persons as guests of the club. A reception and "coffee hour" will follow the meeting.

The University of Chicago has established a new chair of comparative law. Prof. Max Rheinstein, Nazi exile, was given the post.
