## BISON OFFERS TROPHY FOR CUT SALES MANAGER

To stimulate competitive interest in the sale of cuts for the 1937 Bison, a permanent trophy is being offered to the group selling the greatest number of cuts. The practice of an award for sales, was discontinued four years ago, but is again to be innovated. At the close of the sales campaign, Dec. 17, the cup will be awarded.

This year's sales are expected to be more extensive due to the low price asked. Cuts may be purchased for \$1.50 from any organization or free-lance salesman. Cuts will be accepted from any photographer in Fargo.

Frances Johnson, sales manager, requests that anyone desiring to sell cuts to see her in the room across from the Bison office Wednesday at 4 o'clock. A free cut will be given to anyone selling 20 cuts.

## Williams Wins In Stock Event

Robert Williams, NDSC junior in agriculture from Larimore, made the highest individual score in history of intercollegiate livestock judging at the American Royal livestock show in Kansas City last week, to lead 75 stock judges competing for fifteen colleges. The NDSC team coached by Vic Sander, placed eighth.

Williams scored 975 out of a possible 1000 in all classes of livestock. He was high man in the hog division with 245 out of a possible 250. The team score was 4479 out of a possible 5000, 99 points below Oklahoma A. and M., the winning team. The NDSC judges were third in sheep, third in horses, and fourth in cattle.

Other members of the NDSC team were Noble Sanders, Howard Gowin, Clifford Altermatt, and Maynard Sholls.

Sander announced yesterday that plans are being made for the entry of an NDSC team in the intercollegiate livestock judging contest held in conjunction with the International Livestock Show at Chicago on Nov. 20. The personnel of this team will be made from members of the advanced judging class now trying out for places on this team.

## Rifle Team Meeting To Be Held Monday

All men who wish to try out for the 1934-35 rifle team are to meet Monday, October 28, at 4:15, in the physical education building for registration and to make the acquaintance of the former team members. Instructions for prospectives will commence immediately after registration.

No previous experience in shooting is necessary and each candidate may arrange his hours of practice to suit his convenience.

A small fee of 50 cents is charged the new members and is paid to the manager of the team to be used for the team expenses, such as trips and other incidentals, including a party held at the end of the season.

## Kappa Psi, Sigma Chi Join Select Group In 'Y' Drive

Kappa Psi and Sigma Chi this week joined the ranks of the fraternities that have affiliated with the YMCA 100 per cent, according to Hugh Anstett, membership drive chairman. Bjorne Dahl of Kappa Psi and James Shigley of Sigma Chi were in charge of the campaigns at their respective fraternities.

Previous to this week, Kappa Sigma Chi, Sigma Phi Delta, Sigma Alpha Epsilon, and Delta Tau Epsilon had joined 100 per cent. Thus, with the drive scheduled to end next Wednesday, Theta Chi, Alpha Gamma Rho, Alpha Tau Omega, the Cosmopolitan club, and Men's Residence hall are the groups that have not come up to the 100 per cent quota. Arvad Cline, who directs the drive at the Men's Residence hall, reports much support in that group, however.

A preliminary checkup early this week revealed that already 300 men students had paid up card membership in the college YMCA with indications that largest membership in years would be accomplished upon the completion of the campaign.

The theme for this year's ceremonies is the silver anniversary of the Lyceum series, at which members of the Minneapolis Symphony Orchestra will be guests of honor.

Included on the program, which will begin immediately following the matinee concert of the orchestra, will be a tableau, "Silver Threads Among the Gold," in the theater, and the ceremony of cutting the five-tiered anniversary cake by Mr. Ormandy, director of the orchestra, in the log cabin after the tableau and preceding the dinner. At the dinner to be served in the Lincoln

## Minneapolis Symphony to Entertain in Afternoon and Evening Performances

One of the outstanding musical organizations in America will be presented in Festival Hall next Wednesday afternoon and evening when the Minneapolis Symphony Orchestra will open the Silver Jubilee Lyceum Series.

Directed by Eugene Ormandy, and managed by Mrs. Carlyle Scott, the orchestra comes with great praise from all outstanding press critics. Dr. James Davis, of the Minneapolis Tribune, says, "I am quite inclined to agree with Ormandy that we have, if not the very finest orchestra in America, at least one that has no peer. In the intimacy of the final rehearsal I learned just now how our conductor works for the effects he achieves and brings to patrons of the symphony concerts."

Every city which the orchestra has visited is loud in its praise of their

work. Martha E. Kennedy of the Rockford, Ill. Republic, writes, "Only to see Ormandy leading his musicians from the quiet of poetic motion to transcending fire of emotion is enough."

The evening program to be played here will open with "Passacaglia and Fugue in C minor" written by Bach and arranged by Herman Boesseroth, a member of the orchestra; "Symphony no. 5 in C minor," by Beethoven; "Two Nocturnes for Orchestra," "Clouds," and "Festivals" by Debussy; Scherzo: "The Sorcerer's Apprentice" by Dukas; and "Invitation to the Dance" by Weber-Weingartner.

The afternoon program, to be called "Afternoon in Old Vienna," will consist of lighter symphony music and will open with an overture, "The Marriage of Figaro," by Mozart; "The Unfinished Symphony," by Schubert; four German dances, by Mozart; Overture to "Die Fledermaus," by Johann Strauss Jr.; "Tales from the Vienna Woods," by Johann Strauss Jr.; "Perpetuum Mobile," by Johann Strauss Jr.; "Pizzicato," polka, by Joseph and Johann Jr. Strauss; and the famous "Blue Danube Waltz," by Johann Strauss, Jr.

The afternoon concert will not be open to NDSC students, and will be

**BISON BRIEFS**

By BOB TAYLOR

A Chinese philosopher once said: "See no evil, hear no evil, and speak no evil." Nothing is said about printing evil, so away we go.

First, I would like to dedicate a bit of poetry to my most esteemed rival, the editor of the "social climber." Her interest in my welfare overwhelms me and I feel that it is my duty to reciprocate in part:

Of I have puzzled and pondered,  
 On the wit of a woman's mind;  
 But as yet I have failed to discover  
 A trace of a brain in behind.

Speaking of evil reminds me of the evil temper of the Kappas. Goplen has been seriously considering a bodyguard for the past week, and if we are to judge from miscellaneous Kappa chatter, he is well justified. It seems the whole war started over a little news article Goplen wrote on political frames last week.

Convocation is beginning to look like a free movie house on Saturday night. One has to cut the preceding class if he is to find a seat where the speaker looks like anything but a fly speck on the wall. Tuesday's convo evidently held special interest to a majority of the students, and fortunate indeed were Majors, Nelson, Wiley, Ward, Shultz, Peterson, Gagnon, and Kilbourne, and others who found seats in the front rows.

To concentrate on a point, if you can call it that, I often wonder who Majors' major interest is. One day you will find him perched on Katie Ray's lap—Next he will be trying to kiss Frisky—Then Miss Laliberte will be the evident object of his affections—He will spend his English period wooing Kibbee, and then wind up by walking home alone. It's a problem to tax the ingenuity of a Richelieu.

Latest scoop as we go to press: Blair and Fredrikson pull a fast one! Being so secretive, has kept Gamma Phi's and SAE's from their candy and cigars for two weeks. Although we see them together day in and day out, we couldn't have seen enough as on the bosom of the dark-eyed girl rests the shield of SAE.

Then there's the new addition to the Kappa Sig library, instituted by Kinsey Plummer and Chuck Evers after Tuesday's convo. Maybe Evers is planning on making the Beaudine affair matrimonial.

By the way, I wish to retract a statement I made in last week's Spectrum to the effect that Ward Redmond was still looking for a horse. He was not looking for a horse when the paper was published.

What could be the cause of the Pfau-Connelly split. Did they finally get wise to each other, or did little Jeanne May form that eternal triangle that inevitably leaves somebody out in the cold. Oh, well, it's a question who is getting the real break, the left-over or the catch.

With the advent of a new frame, next week's election should be pretty hot. Speculation as to who will be elected is filling the air. I will not risk further ire from members of any frame by seeming to forecast victory for one group or the other. Last week the Independents got all the attention usually accorded the new-born infant, but this week, after observing how the Kappas lit into poor Goplen, I will take heed and content myself with predicting that the offices will be split evenly by all three frames. It's quite possible it will turn out this way and besides I really believe it will.

Wonder if all that painting of signs reading "See the U beat the Bison" is all a part of Finnegan's scheme to swell the box office receipts.

Anyone finding a stray windshield is requested to communicate with Pretz Reiners. It's getting cold and Pretz would really like some glass of some kind to keep the wintry blasts out of his "fresh air taxicab."

Last Line—Pfooy from me to you, social climber.

**They're Your Officers. Vote!**

As some may know by now, elections are to be next Tuesday. Those that are not too apathetic will vote, the others will be too lazy or indifferent and will content themselves later on with criticising the officers elected, in case anything does not meet with their approval.

However, now is the time for action if anything is to be done about elections. It is up to the students to get out and vote for the candidates they desire to see in office. Those who do not vote will be the ones doing the loudest complaining about existing conditions two months after election.

**Make the Bison Representative Of The Student Body**

The Bison cut sale is on. Energetic salesmen in every campus organization are devoting time and effort to make this year's Bison representative of the student body.

No yearbook can be truly representative of the students unless its cut section is representative. Whether or not next year's Bison will have this characteristic depends on you. Take an active part in your school activities while they exist—four years and then only memories. Reserve some of these precious memories in the pages of the Bison—your yearbook.

**Courses Improvident On Personal Subjects**

Throughout our campus and city communities this last week we have been privileged to see and hear what an open mind, interested inquiry, assiduous study, and rather frank revelation can do to stimulate the realization of the problems that accompany relations among college men and women.

Mrs. Mildred I. Morgan, in her series of pertinent lectures, has made quite obvious the fact that the sexes, the governing powers that be, and we as individuals have long pushed aside as being almost sacrilegious the vital necessity of developing harmonious and coordinate association between men and women.

Our educational facilities, remarkably strong in the courses accepted by conventional society, are sadly improvident in courses of personal, intimate relationships. Perhaps we feel that the idea is too new, that we should like time to consider. No! Mencius, Chinese exponent and amplifier of Confucianism in a pre-Christian era, held the view that the goal of education is only to illustrate the human relationships. "Book-learning" was the last thing he sought. He elaborated, "that was the true education, to lead men from a selfish individuality to consideration of the good of others as part of our own."

Well, and good! Forgetting self in learning of the depths of a companion's mind is the thing aimed at, and the very thing we would realize from improved relations between men and women.

—Joe Wright.

# The Social Climber....

"Oh, what a time I had with Minerva the mermaid down at the bottom of the SAE", is the new theme song of the Sig Alphas after their party Saturday night. Jimmy Baccus and his "broiled lobsters" furnished the rhythm, and the "four pickled herrings", the fraternity quartet, got lost in the swim and didn't sing for the guests. What with rare tropical fish being imported for the occasion, sea-weed seen through the maze, and Bob Sundt acting as father Neptune, a good time was had by all. A goodly crowd was there including the new engineering instructor, also an SAE, Dana Leslie. KKG twin, Betty, seemed to enjoy herself matching her steps with the "Prof." Cadet

hops are running along pretty smoothly, but by the appearance of a knitting circle that is being formulated, it would seem as if more pep could be had or the band is going to have some competition to contend with in future dances... Seems as if a new romance is blossoming on our campus. The ever strong and silent man of the hour has plucked himself a fair flower from the UND... In case you're curious, she's a beautiful blonde... catch? Now we leave you to figure the other half out... Knee-'d we go further?... Spectrum and Bison editors are back from the press convention and what puzzles us is how Ye Ed Spalding got the scar on his nose... Another thing, we haven't seen business manager Walters around yet... A few sideglances: ATO's having fun playing football in the street... but, boys will be boys, or maybe the house got a little bit overcrowded... you know they pledged thirty odd men... The Climber thinks it's about time the botany department is getting some mention and who but "designing" Kleunder can furnish just that certain "mention". Girls, if you have any clothes problems, bring them to designer Kleunder... he seems to have become a critic in one evening and will solve your worries on how the skirt should fit and if it gives you that "snaky effect"... Last line: Are you going to the "U" for Homecoming? Meet you at Bobbies'.

**Delta Tau Epsilon**—Norin Johnson, Valley City, was a week-end guest at the house... A house party sponsored by the Mother's club was held Friday night following the football game... Doug Aulenbaucker, Felix Farrar, Ray Lodvig, Carl Peterson, Dean Vigen, Walter Isley, Orb Becker, and Charles Dornacker will go to Grand Forks Saturday to attend the game.

**Kappa Delta**—Jane Bristol and Eleanor Isaacs will be guests at the rooms for Monday supper... Betty Kretzschmar will be a guest at the Alpha Chi Omega house during homecoming week-end at the university.

**Sigma Alpha Epsilon**—Lynn Fredrikson was in charge of the annual fall party given by the fraternity last Saturday night. An under wa-

homes in Nome, and Minnewaukan... Mrs. Nelson visited her sons, Emil and Clarence, over the week-end.

**Alpha Gamma Delta**—Marilyn Butterwick has been elected president of the pledge chapter. Other officers are: Jane Chaney, vice-president; Harriet Thorpe, program director; Jeanne Hegge, treasurer; Evelyn Larson, secretary, and Marjorie Lincoln, sergeant-at-arms... The Gamma Phi Beta inspector, Mrs. Fitzgerald, was entertained by Panhellenic at luncheon in the chapter rooms Wednesday noon.

**Alpha Tau Omega**—Initiation services were held for Emory Westland Sunday morning at the house.

**Gamma Phi Beta**—Jean Crowley, Vinnie Olson, Irene Martin, Janet Sharp, Mercedes and Geraldine Morris, Maxine Schollander, and Dorothy Anderson, will attend homecoming at the UND this week-end... Paula and Jean Verne, Elve Ekland, and Amy Glaser will go to the "U" of Minnesota, Friday, for homecoming festivities there... Cecilie Henry is confined to St. Luke's hospital following an operation for appendicitis Tuesday afternoon.

**Sigma Phi Delta**—The pledges will be honored by the actives at a party tonight at the YMCA. The chaperons will be Mr. and Mrs. Knute Henning, Mr. and Mrs. George Yott, and Mr. and Mrs. Alber Anderson... Charles Martin and Kenneth Brandy spent the week-end in Lisbon... Walter Norby of Ashby, Minn., and Fred Bayne of Steele visited Robert Baer, Friday... Howard Arnegard of Hillsboro visited the house last Wednesday... Mr. and Mrs. John Hendrickson of Carrington were guests of Bill Hendrickson last Thursday... Sidney Montague was a guest Wednesday night and a dinner guest with Dr. Swisher, Wednesday noon. Mr. Montague is an honorary member of the fraternity.

**Phi Mu**—Cathryn Ray will spend the week-end in Dickinson, where she will attend the State Farmers Union convention... Frieda Panimon was a guest at the house Monday evening.

**LUTHER CLUB MEETS**

The Luther club meets at the college YMCA Sunday for the purpose of organization for the school year.

## KD Observe 42nd Founders Day

Observing the forty-second anniversary of its founding, Kappa Delta, national social sorority, founded at Virginia State normal on Oct. 23, 1893, feted actives and pledges at its annual founders' day banquet in the chapter rooms Wednesday evening. Vernetta Hidde, Pauline Reynolds, Helen Ballard, and Mrs. W. P. Tarbell were in charge of the supper. Gwendolyn Stenehjelm, assisted by Grethe Jones, arranged the program.

Before the supper, a program consisting of two vocal solos by Helen Pease, accompanied by Ruth Piper, and a reading by Gwendolyn Stenehjelm, was presented. **Class Debate Teams Picked For Contest**

During the past week intra-class debates have been conducted to choose teams to represent the various classes in the inter-class tournament. By eliminations, Herschel Hutsinpillier and Mildred Weiser were selected as the freshman team, and Arthur Bjerkan and Arwin Hoge as the junior team. As yet, the sophomore and senior teams have not been picked.

The freshman and junior teams will clash at 4:00 p. m. on Thursday, Oct. 28, and the sophomore-senior teams the following day. The winners will meet at 7:30 p. m. Friday evening to decide the championship. All debates will be held in the Little Country theater.

Faculty advisors will judge the first two rounds, with an outsider deciding the championship. The tournament is sponsored by the Lincoln Debate club and under the supervision of Freida Panimon.

The list of candidates follows: freshmen—Tom Donovan, Herschel Hutsinpillier, Mildred Weiser, David Stewart, Marion Hokenson, Gene Lundwall, and John Cromb; sophomores—deLaurence Nelson; juniors—Arthur Bjerkan and Arwin Hoge; seniors—John Dornacker.

**Bison Yearlings Finish Campaign At Morris Today**

Members of the Bison frosh football squad will play the last game of the '35 season when they tangle with the gridders from Morris Agricultural college this afternoon at Morris, Minn. Practice will continue for about a week with the frosh furnishing the opposition for the varsity in scrimmage.

At present there are three members of the yearling starting lineup that will not be in shape for the opening whistle. Olson, crack backfield man, is out of action because of a leg injury while Schrabek is using crutches as a means of propulsion these days as a result of a broken leg. Jim On, Hawaiian satellite, did not play in the last game and won't be physically fit for the Morris encounter either.

By WALT McGRATH

"Why don't we have some more intra-mural sports—for instance, intra-mural touchball?" That sounds like a good question but when you've once tried to organize one and then keep it running then maybe you'll appreciate the amount of energy, time, and effort it takes to get ten or twelve teams where they are supposed to be at the right time and to keep them all satisfied. Besides that, it is usually about three groups that are really interested in the project and the remainder just enter because it's the thing to do, and then adopt a lackadaisical attitude about keeping up their part of the bargain.

Then there are always those groups who drop out of the running as soon as they have a couple of defeats chalked up against them because they have no chance to win the trophy.

While we are on this subject we may as well pass out a bouquet to Gregg Sloan, who so aptly handled the intra-mural basketball situation last season.

Pass defense has been the keyword in the Bison stronghold these past few days while at the same time the silver-haired mentor has been figuring out a few aerial tricks himself. All the reports from the upstate school indicate that the scampering Sioux are definitely on the upgrade, while the newspaper reports that the aggressive Aggies are becoming definitely ragged before this all-important ancient feud. We prefer to just sit back and refer to that superstition of the stage which says that a knockout production is always ragged around the edges before the opening night.

West and his cronies seem to have gone to lots of trouble to paint Fargo white (not red) if one can believe the signs decorating the sidewalks of uptown Fargo. Well, fun's fun, but there are certain limitations that even the most unscrupulous should observe.

A society known as the "Stray Greeks" has been started at Purdue. It is composed of transfer students who were members of Greek organizations not represented at Purdue.

**Aggies and Sioux In Fine Shape For Annual Classic**

**Neither Team Given Edge As Game Time Approaches; Sturgeon Ready**

The annual football classic is here again as the North Dakota Aggies journey to Grand Forks to meet their ancient rivals Saturday afternoon at Memorial stadium in what looks to be for the conference title as well as the state championship. Both elevens have been pointing for this game and with rivalry pitched to a higher degree than ever, all indications point to one of the finest games in years.

Statistics for the past four years would rate the Fargo team as favorite; but, as everyone has so often been informed, 'predictions don't mean a thing in these games.' The Nodaks started out slow this season, but have improved gradually and are now considered to be at their peak. The Bison on the other hand were in practically midseason form for their opening game and, but for relapses in the easier games, have maintained a high standard of play throughout the season. They seem to have the happy faculty of playing just hard enough to whip their opponents and the tougher the opposition the harder the Fargo aggregation plays.

At present the only doubtful star—

**Nodak Yearlings Down Bison 13-0**

Repeating the victory of a week ago, the yearling team from North Dakota university downed a game outfit of Baby Bison by a 13-0 count in Memorial stadium last Saturday.

The game was a fairly close replica of the contest between these two teams the week before, with both teams resorting to straight football and the breaks of the game deciding which outfit would come out on the long end of the final score. Harry Peterson, Detroit Lakes star, came into his own in this game, showing up in fine fashion as not only a great defensive back but also as a handy man to have around when four or five yards are needed pretty badly. Both fans and coaches are unanimous in their opinion that Peterson was the best back that the Bison had on the field that day.

The first counter came as a direct result of a fumble by Wheeler on the 7-yard line. The Bison team stiffened then to take the ball on downs but the attempt to kick from behind their own goal ended with the ball resting on the 27-yard line, first and ten for the Sioux. After a couple

**GIRLS' VARSITY SOCCER TEAM IS ANNOUNCED**

The new varsity soccer team, picked from those who participated in last week's tournament, was announced yesterday by Manager Rodelia Rudd.

Members of the team are Sylvia Finsand, Margaret Jones, Emma Jorde, Emily McNair, Norma Peterson, Ethel Olson, Delilah Sailor, Ruth Snyder, Betty Verne, Willa Jean Wells, and Mary Fay Wenger.

Mary Fay Wenger's team won the championship elimination tournament which was run off last week. This team was composed of Mary Fay Wenger, Virginia Bodlack, Grace Grutle, Cloyce Hocking, Pauline Huntley, Emma Jorde, Ethel Olson, Maxine Schollander, Marion Whalen, and Katherine Kilbourne.

Gatekeepers at Ohio State University have a novel method for deciding whether you're sober enough to enter the stadium. If you can wiggle your thumbs in unison, you're o.k. Otherwise you can watch the game from a telegraph pole.

**Bison Trip Up Moorhead 7-0**

The Bison flashed only occasional bits of their usual form but seemed to play just hard enough to win and then to conserve their strength perhaps for the game this Saturday with the University. They rolled up 14 first downs to 5 for the Teachers while the Dragons had the edge in passing, completing 3 out of 5 with the Herd being successful with 2 out of 4. Final score, 7-0.

The first half of the game resolved itself into a punting duel with Westgate doing some fine work for the home team. At half time the score stood at a scoreless tie with the Bison having the better of the battle as most of the contest had been played in Dragon territory. Both of the teams had made a scoring threat but neither could enter the golden zone inside the twenty yard stripe.

## Aggies Meet Sioux In Annual Clash

(Continued from Page Five)

ter for the Herd seems to be Lyle Sturgeon, mammoth tackle, who suffered an injury about ten days ago and did not compete in the contest last Friday against Moorhead State Teachers. It is probable that Beryl Newman or Frank Welch will get the starting assignment in case Sturgeon is not in fit condition for the all-important fracas. If he is not in the game the punting assignment will fall to either Emil May or Sam Westgate, veteran end. Both of these boys have had charge of this duty before and there should be no difficulty in that department of the game.

For the past week Finnegan and Lowe have been drilling their charges on pass defense to cope with the passive attack the Nodaks are expected to launch. With Jack Charbonneau doing most of the flinging, the Sioux feel they have an aerial offense that is strong enough to keep the Bison line and backfield spread in order to cope with it. Captain Fritz Falgren, stellar end for the West coached aggregation, and Don Smart, flank man from Minot, comprise an end duo that favorably compare with the hard-driving combination of Sloan and Westgate. If the two teams should resort to open football and wide end runs, fans will undoubtedly see four of the best ends in the loop on exhibition.

While neither coach is ready to predict a victory, they both take the attitude that their team will come out on top if they just get one break. Both squads are in tip top condition and with fans coming from all the surrounding territory, everything points to a gala Homecoming.

Students of the College of William and Mary, Williamsburg, Va., can't engage in any aerial activities unless they have permission from the college authorities.

Sophomores at Haverford take a comprehensive examination containing 2725 questions. It requires 12 hours to complete.

In the third period the Bison executed one of the prettiest plays seen on this field when May shot a short pass to Sloan who expertly flipped a lateral to Bill Olson who ran to the 8 yard marker before he was downed. In four successive plays the oval was pushed across the double marker scoring the only touchdown of the contest.

Milton Hollister proved to be the most elusive back on the gridiron running loose across the field and keeping the crowd in suspense with his swivel-hipped antics. Yatchak, who proved to be the downfall of the Bison in the game last year, was kept well in check but did some fine defensive work.

Gregg Sloan played a bang-up game for the Bison keeping opposing end runs under control and nailing the safety man time and again on punts. Neville Reiners showed his ability as a defensive back and played his usual all-around game. Charley Pollock was used at the pivot post during the first half and proved that he was a capable reserve and could be depended upon to step in and take care of these duties at any time.

### CHEMISTS TALK MAGIC AT THURSDAY MEETING

Magic met deliberate reason last night at the Chemistry club meeting of the combined departments of Concordia and State colleges. Dave Taylor, campus sleight-of-hand expert, displayed his "bag of tricks" for the deliberation of factual minds, and had the customary "Whys" and "Hows" to answer afterward.

Following this and short comments by instructors, the meeting adjourned for refreshments. Present members were urged to begin a drive for new members, and all students in chemistry are earnestly invited to following meetings of the club.

of plays, Burkhard displayed his power when he plunged right through the center of the line and crossed the double marker for a touchdown. The second score for the Nodaks came when a wide end run proved too tough for the Aggie yearlings, and after a sprint of seven yards the score stood at 13-0 where it remained till the end of the contest.

In the Bison forward wall it was the play of Hawkins that stood out like a lighthouse on a dark night. This sturdy lad was in every play, and effectively pummeled would-be runners when they attempted to circle his end.
