VOLUME L.

STATE COLLEGE, NORTH DAKOTA, FRIDAY, MARCH 22, 1935.

NUMBER 23

## SAE Chapter To Be Formed Here April 6

Oldest Local Will Become The Seventh National On NDSC Campus

Sigma Alpha Epsilon will become the seventh national fraternity on the State college campus on the 6th of April. Founded on March 10, 1856, at the University of Alabama, S. A. E. has expanded throughout the United States, and at the Washington, D. C., convention on Dec. 28, 1934, granted a charter to Alpha Sigma Tau.

The Sigma Taus are the oldest local fraternal organization, having been founded on March 6, 1924. At that time, ten students at the college felt the need for a new social group and organized Alpha Sigma Tau. Growth was rapid, and in 1926, affiliation with Sigma Alpha Epsilon was first considered. Four years later, the chapter presented their petition at the province convention at Decatur, Illinois. A second attempt was made at the national convention in Los Angeles in 1932.

During the fall of 1934, Charles H. Barker, Eminent Archon of Province Mu, visited the college and signified approval of the local fraternity and the school. Lawrence Hall, George Toman, and William Akeley, together with Edgar Crewe, alumnus, were chosen to represent Alpha Sigma Tau at the Washington convention in December. Two S. A. E.'s from North Dakota University, Garth Cobb, and Grannison Thorp, alumnus, also attended the convention and worked in behalf of the State college.

Since the petition has been granted, plans for the installation program have been carried forward. At present the program consists of: the examination of the neophytes on Friday evening, April 5th, by the installing officers; the initiation ceremony Saturday afternoon; a banquet followed by a formal ball given by the college in the evening; and open house Sunday afternoon at the fraternity's home at 1025 10th St. North.

It is expected that the present active chapter of 35, and a large group of alumni will be initiated.

## Bergseth Receives Fellowship Award

Robert A. Bergseth, graduate last term in mechanical engineering, has recently received a graduate fellowship in mechanical engineering at Rensselaer Polytechnic Institute, Troy, N. Y., announced Dean R. M. Dolve.

The fellowship consists of a cash award of \$600.00 and tuition, which is approximately \$1200. This fellowship is awarded on the basis of scholastic standing, character, and ability.

Bergseth is the first graduate of this college to receive a award at Rensselaer, the first college in this country to offer instruction in engineering and recognized as being one of the leading engineering schools.

## Election Highlights

Harold McCannel, heap big chief in the junior class, had trouble with his parliamentary law. When caught he folded his arms and offered to "Rector-fy it" which might have been a pun if the votes who came in late had been of different frame affiliations.

Although nothing was said in frame meetings, nominees on one side have been privately warned that firsts in line are also frame propositions.

In today's election the race is between two men who have been before the public much with Spaulding making all announcements at Lyceum programs and Perry wearing the Lily at one popularity party.

## Seek Reaction To Conference

Women to Become Tutors Bewildered Prexies; Problems Aired

Because many officers of organizations run their groups to their own advantage, because many of the presidents do not know how to conduct a business meeting, or handle the affairs of an organization, and because there is much inefficient overlapping of activities, the Women's Senate is advocating an organization or conference in which new officers can get actual training for their positions and can pool problems for discussion.

The conference would organize shortly after the spring elections to study their unusual problems. A tentative set of questions to be discussed included "What should be the relationship of the president as leader to the other members of the group? Should I set up a program for the whole year? How closely should the constitution be followed? How can the leader get frankness on the part of the students when faculty members are present? Is it necessary to carry out meetings according to parliamentary procedure? How can all members of the group be made to take an active part?"

In an effort to find out whether or not organizations on the campus are interested in such a conference and believe that this type of training would be of value to them, the Women's Senate sent out questionnaires this week through which they hope to get the general consensus of opinion before making any definite plans or organization.

Conferences of this type have been held on numerous college campuses and have met with success and enthusiasm, particularly at Iowa State.

## GERMAN SITUATION TOPIC OF SIGMA DELTA MEETING

The Re-arming of Germany will be discussed by Sigma Delta at their meeting Sunday evening at 7:30 p. m. in the fireplace room of the college YMCA.

Opening the discussion, Dr. W. C. Hunter will present "Why Germany Is Re-arming". Harry Hanson will give a paper on "Who Is Re-arming Germany."

## Shafer Selected By Junior Class As Prom Manager

Minority Frame Also Names Ralph Isensee Class Athlete

Although the supporting frame was considered to have only minority power, Maine Shafer and Ralph Isensee, of the Thank-God-We're Pure party won places as Junior prom manager and outstanding junior athlete by large majorities in class elections yesterday afternoon.

Whether or not the new frame organizations can hold their own and call for entire frame vote rather than balloting for the man for the office will be tested today when the senior class will select a ball manager. Frames evidently had no power in yesterday's election other than the nomination of the candidates.

Maine Shafer, who has been prominent in publications work on the campus, won by 58 votes against the 39 polled for Irwin Rector, Alpha Gamma Rho. The party supporting Shafer campaigned fluently all week culminating their efforts by bulletins on blackboards in every building visited by juniors. There was not apparent electioneering for Rector, whose failure to gather more votes is partially due to the confidence in a supposed majority of the Thank-God-We're-Sures. Isensee won with 60 points over 37 for Chloupek.

Chester Perry will compete against Horace Spaulding for first among seniors today.

## MILLER ATTENDS MEETING

Cap E. Miller, professor in agricultural economics, left Wednesday for Ames, Iowa, for a regional extension meeting.

## High School Debaters Open Valley Competition Tonight

Active competition in the second annual high school debate tournament sponsored by the Little Country theater begins at 1:30 o'clock this afternoon when the prep teams meet in the first round discussions. At 1:00 o'clock today, coaches of the competing teams will meet to determine the pairings.

Teams from the Fargo, Moorhead, At 1:30 o'clock today, coaches of Crookston Agricultural, Fergus Falls, Frazee, and Moorhead Teachers college high schools are competing. Each school may have two three speaker teams in the tourney.

At 7:30 tonight competing teams will meet in the second round. The third and fourth rounds will be held Saturday at 10:00 a. m. and 1:30 p. m. The tournament feature debate will be held Saturday at 8:00 p. m. when two teams picked by the judges will give a demonstration discussion.

Directing the tourney are Howard Kilbourne, president, and Freida Panimon, vice-president, of the Lincoln Forensic club. Lawrence Bue arranged for the judges. Judges for the debate series include Prof.

## Senior Staff Will Present Artist At Sunday Musicales

"Meeting Great" Reports Putnam

"Doc" Putnam returned Sunday, March 17, from Cincinnati, Ohio, where he attended the American Bandmasters' Association convention. This was Doc's first convention as he is a newly elected member of the association.

The convention lasted from the 7th to the 10th of March, the time being taken up with business sessions, luncheons, banquets, and concerts. Headquarters were at the Netherlands Plaza Hotel, with all the sessions being in the Pavilion Caprice room of the hotel. While there the members were guests of the Cincinnati Symphony, the Cincinnati Conservatory of Music, and Frank Simon's Armco Band and Henry Fillmore's Band. The annual grand concert that was given at the Music hall Friday evening by a 100-piece symphonic band, consisted of 31 numbers, each number being directed by a different conductor of nation-wide fame.

On Doc's return trip, he was a guest of Mr. and Mrs. Henry Doemland of Chicago. Mrs. Doemland was Betty Sheldon, a former State college student.

"The convention was both interesting and profitable in that I received so many good ideas for my band from the methods that were used in conducting and rehearsing bands by famous directors. Many new pieces were written especially for this convention, and a pleasant part of the whole meeting was getting acquainted with men whose music I have played for years. The last day brought the closing of a wonderfully instructive and pleasant four days feast of music," says Doc.

## Scholarship Fund Receives Benefits from Silver Tea Offering

Having extended more than two hundred invitations to music lovers of Fargo, Senior Staff will inaugurate late afternoon musicales Sunday, March 24, when they will present a group of Fargo artists in a varied program. Hours are from 5 to 7 o'clock.

Special music has been prepared by Singing Strings, under the direction of Audrey Kenevan. This women's string orchestra made its debut in the Little Country theater early in the fall and has broadcast from WDAY during the winter.

Soloists include Mrs. Helen Persons, Moorhead soprano; Irma Weinberger, pianist from NDSC, and Taylor Hudson, bass. Mrs. Persons and Miss Weinberger are both well known in Fargo music circles while Mr. Hudson has been presented only informally since his matriculation at the institution this fall.

Following the musical program tea will be served. Miss Adda Blakeslee, Dean Pearl Dinan, Miss Matilda Thompson, Mrs. J. H. Shepperd, Mrs. J. B. Conmy, Mrs. A. H. Parrott, and Mrs. Oliva Tarbell will preside at the spigots of the urns. The silver offering will be turned into the scholarship fund.

In general charge of arrangements is Amy Glaser, who is assisted by Paula Verne, Isabelle Humphreys, Virginia Landbloom, Jane Nichols, and Maxine Rustad. Hermione Hanson is president of Senior Staff, honorary senior women's group, which is sponsoring the program.

Students on the campus who would like to attend are asked to call for admittance cards at Dean Dinan's office or at the Spectrum office. Anyone interested is cordially invited, according to Hermione Hanson.

## Promotions Made In Cadet Corps

Promotions, assignments and transfers have been announced to advanced students in military. Roy Smillie, who has been a major, was promoted to lieutenant colonel. George Toman has been promoted from captain to major. Garvik, Oftebro, McCormick and Naegeli have advanced from first lieutenant to captain.

Roy Smillie is to command company "A"; George Toman, company "B" and George Friese company "D". Garvik has been assigned to command the first platoon, Naegeli, the fourth; Oftebro, the seventh and McCormick, the twelfth. Albert Ruemmele has been transferred from the command of the first platoon to the sixth; Verne Kasson, from the sixth to the eighth; John McCarthy, from the seventh to the ninth; and Omar Korshus, from the ninth to the tenth.

Honor systems of some kind or another exist in approximately 20 per cent of the colleges and universities in the United States.

**Nations Begin Flaunting Re-arming Program**

The munition makers have been revealed by a senate committee as encouraging war and seeking to arm the nations of the universe. Our own nation has embarked on an extensive naval building program. Hitler defiantly flings out the ultimatum to the rest of the world that Germany will re-arm contrary to previous treaty agreement. These are all storm clouds gathering to disquiet humanity's desire for permanent peace.

Is Germany justified in the avowed ambition to arm on a par with the other leading nations? Is the United States justified in building up their navy? Will these developments precipitate another war? They are some of the questions which are bothering the universe's peace-loving populace.

As long as nations continue in their fanatical arms race many people are skeptical of how long peace can endure. Certainly the arming of nations even with the excuse of "defense of the country" is incongruous with a peace program. The international peace problem will never be solved until the United States and all the nations become a part of some world government like the League of Nations.

—O. G.

**Song Fest Combination Advanced As Theory**

Proposals for an annual song fest to be held on this campus with various groups entering competitive teams seems to have caught the student fancy and several service fraternities planned to sponsor this undoubtedly worthwhile project. As the program shapes up at present the honors seem to have fallen to Alpha Phi Omega, national scouters club. However, this has not stifled the ambitions of other organizations and cooperation of two or more of these groups would necessarily result in a more finished product from a spectator's viewpoint, at least.

Then, too, there seems to be some point in suggesting that such functions as the Lilac day celebration, all-college day and this singing innovation be combined and furnish the college a real festive holiday worthy of being made a permanent fixture on the school schedule. As yet this is still a budding plant, but why such a combination would not be possible, we fail to see. The Carney inter-class sing at the University has built up an important position for itself at that school which corresponding place this new competition should be able to rival.

**Bison Briefs**

By BILL

Picture of North Dakota State—Soft snow falling. Girls cuddling their necks into their white-feathered coat collars and blinking the giant flakes from their eye-lids as they smile hellos from Main to Science. Men with open coats and shirts and with pants legs tucked into unbuckled goloshes shout across March's freshly shaken feather bed.

Two hours later. Bright sun shining. Girls clutching their coats with one hand and balancing with outflung arms leap between water puddles and pick their way between the sucking mud holes as they splatter from Main to Science. Men with their hats on awry slowly but firmly draw unbuckled overshoes from the gumbo with smacking releases, sink then into the slithering mud and proceed to swing the stuck appendages forward quickly before they are called upon to do acrobatic dances.

"Spring, spring, you giddy young thing, Are you like the college boys who must have their fling?"

Along with all the mud come elections. After last fall when some of the Hog It Alls found that they were Holy and some of the Holier Than Thous decided that they were even holier, the two newly formed frames have been without adequate appellation.

Suggested for the "a queen every other year" and the "National Greeks (with exceptions)" groups has been Scratch for the following reason:

S is for Sigma Phi Delta, "We hate the Sigma Chis"

C is for Cosmopolitan, "We want something for a change."

R is for the Razzberry no matter how you vote.

A is for ATO, "Now, we've got a little scheme."

T is for Theta Chi, the campus bullies with the house.

C is for the campus cuties, the Kappas and the Pops.

H is for the hell they promise to raise.

Suggestions for the opposing group made up of the former frame iron hands and those who just don't choose to talk have been many, but with a few exceptions quite inadequate. One member of the frame stated that they like the name the frame had now which, he admitted, is Sigma Chi. That explains why the Engineers and the Sigs are not amorous.

My personal appellation for the two log roller outfits would be plagiarizing the ears on the University scandal sheet. We would call Scratch the "Thank God We're Sures" and the Sigma Chis.

the "Thank God We're Pures."

Uncovered this week is the most exclusive organization on the campus. The architectural club made up of two members had to elect themselves to two offices each. At that, only one of the elected was present at the meeting.

Now that (Livestock) Ray has completed that nasty cow course of last term she turns to "crop production," prays that the Gamma Rhos will begin rushing her soon, and blushes when we speak of her silent approval of the Ag instructors.

The Ceres hall employees recently demanded that they have prunes for breakfast, just as a matter of variety. It is likely that they will tire of prunes, too—but then, they can always change back to prunes again.

**David Copperfield Declared Year's Greatest Portrayal**

"Don't miss David Copperfield" is the ultimatum of Ralph Anderson, former student, who writes the movie up as one of the greatest he has seen. All around the picture is receiving the highest commendation from critics and laymen because of the perfection in casting and portraying parts, the adherence to the original story, and the general faithfulness to the tone of the famous Dickens novel.

This photoplay, being hailed the country over as a screen history, will be at the Fargo theater four days beginning Saturday and continuing through Thursday. It will be followed by "Wings in the Dark," an aviation film starring Myrna Loy and Cary Grant.

**Blue Key, Kiwanis Sponsor Lecture**

Plans are being laid by Blue Key, national service fraternity, in conjunction with the Fargo Kiwanis club to sponsor an illustrated lecture by Larry Gould, noted antarctic explorer, for the benefit of male college students and the farmers in the surrounding territory. This talk will be given in Festival hall on April 6, at 8:15, and there will be no admission.

Mr. Gould acted as second in command in the last antarctic expedition under Byrd and has since spent a great deal of time lecturing to various organizations throughout the country. To accompany his talks, Gould has obtained a group of pictures to demonstrate various phases of life in this unusual country.

# The Social Climber

Now that we're all back into the saddle, after pulling the wool over the old man's eyes and making some very clever and foolproof alibis for not pulling down some good marks, we shall rehash the little events of the Spinster Skip. What a handsome group of bachelor's the Women's Senate picked!! Congrats, Forrie. We guess you can take it. (It takes a lot of intestinal fortitude to withstand all the razzing Forrie is going to get from now until the time he is graduated from this joint.) . . . By the way, we hear that a certain little Gamma Phi pledge said that she would like to contest Forrie's eligibility. Tsk! tsk! such unsophistication and naivete . . . What this? A. C. Olson's girl friend leaving the party early? What's the matter witch, A. C.'s a nice guy . . . Then if it didn't look like we were trying to boom a ball manager candidate, we could mention the lily.

It seems that all was quiet and peaceful during vacation. Most people gave the home town folks a treat . . . Don (maestro) Fredrikson dropped into town last week-end. He visited our charming warbler, Marjorie Arnold, at midnight . . . Poor Marj, all prepared to trip off to dreamland, was a bit embarrassed.

A story drifts in concerning Johnny Herrick at Hillsboro. It seems while he was making a short stop there, he met 'une femme', whom he wished to escort home. But, here's the catch, she had a brave bold boy friend who was not going to see his fair one taken from him by a big city slicker. Johnny just told him a tale of how he threw the last fellow who stepped in his way through three glass windows. The hero sheepishly stepped aside and let the villain have his way . . . Event of the week—the Sunday afternoon musical. Are you getting high brow! "Ma— where is me opera glasses?"

Something might be said about the lemon phosphate Gen Hawkenson drank at the Dug-out Wednesday nite. My, My . . . There's another example of naivete . . . An orchid is due Maine Shafer. A little sisterly advice, Maine, beware of ambitious young ladies.

## Y DANCING INSTRUCTION TO BE RESUMED TUESDAYS

After a lapse of two weeks, the Y-sponsored dancing lessons under the tutelage of Frances Wright will be resumed Tuesday, March 26, at 8:00 p. m., in the YMCA building.

Beginner's and advanced steps will be taught again by Miss Wright in this instruction period.

## OFFICERS TO BE ELECTED

Newman club will elect officers at their Sunday night supper meeting in the K. C. hall, March 27, at 5:00 o'clock.

## STATE

George Burns and Gracie Allen, with Guy Lombardo and his Royal Canadians, will show today and tomorrow in "Many Happy Returns." Clark Gable, Myrna Loy, and William Powell in "Manhattan Melodrama," will be shown Sunday only. "Manhattan Melodrama" has been judged one of the leading pictures of 1934 by music critics. The new star, Ida Lupino, will be seen with Richard Arlen in "Come on Marines," showing Monday and Tuesday. Another famous orchestra will be presented Wednesday and Thursday when Ben Bernie and his orchestra, Jack Oakie, and Dorothy Dell appear in "Shoot the Works."

Dakota Photo Engraving Co.

# English Instructor Is Wedded Sunday

After his marriage to Miss Alice Bradford Barry, Walter Francis Wright returns Saturday from Indianapolis with his bride.

Mrs. Wright is a graduate of the Earlham college, Richmond, Indiana and received her M. A. degree at the University of Illinois. Before her marriage she was an instructor in the schools of Pearl City, Illinois. Mr. Wright, a member of the teaching staff of the English department here, is a graduate of the Miami university, Oxford, Ohio. He received his degrees at the John Hopkins University and University of Illinois.

## GRAND

Mr. and Mrs. Martin Johnson's "Baboon" plays at the Grand Friday and Saturday. Virginia Bruce and Chester Morris are starred in "Society Doctor" on Sunday and Monday. "The Mystery Woman" with Mona Barrie, Gilbert Roland, and John Halliday plays Tuesday, Wednesday, and Thursday.

## ENGINEER'S PARLEY HERE APRIL 12-13

April 12-13 have been set as dates for the annual convention of North Central District No. 6 of the American Institute of Electrical Engineering, which will be held on the NDSC campus, according to Theodore Peterson, president of the NDSC chapter.

Colleges to be represented at the convention are Colorado State Agricultural College, University of Colorado, University of Denver, Colorado, University of Nebraska, University of North Dakota, South Dakota State College, South Dakota University, University of Wyoming, and North Dakota State College.

John McCarthy is in charge of arrangements; Harold Naegli, entertainment; Wesley Gilbertson, program; Professor H. S. Rush, professor of electrical engineering will act as counselor.

# Alpha Sigma Tau To Initiate Fifteen

Alpha Sigma Tau will initiate fifteen pledges on Sunday morning, March 20th. This group will be initiated into Sigma Alpha Epsilon with the present active chapter.

Those being initiated are: Albert Brauer and Walter Ulmer, Bismarck; Maurice Benidt, Lidgerwood; Bernard and Edward Toman, Mandan; Joey Bergum, Arthur; Iver Iverson, Watford City; Darrell Dahl, Tolna; Phil Garberg, Lawrence Pyle, Duane Anstett, Robert Sundt, George MacAuley, and Jack Watson of Fargo.

## SENIOR CLASS MEETING TODAY

There will be a meeting of the senior class at four o'clock today (Friday) at the Little Country theater. Mr. Arvold will outline plans for the commencement and the Senior Ball Manager will be elected. All seniors are urged to attend.

LARRY BUE, Senior Class President.

Kappa Delta mother's club is giving a benefit bridge party this evening in the sorority rooms. Green and white, sorority colors, will be used in the table appointments.

Dorothy Thull, Gertrude Murphy, and Janet Gletne will serve at the next Blue Monday tea.

## NOTICE

The Saddle and Sirloin club will hold its meeting next Wednesday, March 27, in the club rooms in the agriculture building. Plans for the annual barn dance will be discussed and officers for the coming year will be elected. The meeting will begin at 7:30.

## ROXY

A story of the field artillery corps, "Keep 'Em Rolling," starring Walter Huston, is the feature today and tomorrow.

How the school mistress outwitted the politicians and grafters is the theme of "I'll Fix It," which stars Jack Holt and Mona Barrie. Sunday and Monday are the dates for this show.

"Power," starring Conrad Veid, is the featured attraction Tuesday, Wednesday, and Thursday.

## ONLY TWO HONOR GROUP JUNIORS DIVIDE JOBS

Annual elections of Kappa Tau Delta, honorary architectural fraternity, resulted in the unusual situation of only two men eligible to fill the four vacated offices. This predicament took place because there are only two juniors in the organization so each one received two offices. Bill Akeley was named president-vice president and Walter McGrath, secretary-treasurer.

# 1935 Bison Brevities Promises Unique Show

## Staging, Costumes Made Elaborately

Modern, Classical, Cat Owl Acts to Be Staged in Eighth Brevities

By JACK SPALDING

Variety and elaborateness are the keynotes of the 1935 Bison Brevities to be held Monday and Tuesday, April 1 and 2, in Festival hall. Acts ranging from farcical melodrama to the classical and elaborate stage effects have been integrated and combined in this eighth edition of Brevities in such a manner as to furnish gratification to the most varied and exacting tastes.

The show will center around three main acts, the Modern, Classical, and Cat Owl. In the Modern, attention is focused upon an oval in the rear center of the stage by means of sweeping curves converging on it; contrasting colors appear through the oval while the background of the set will be in pastel yellow. The modern effect will be emphasized through the use of shadows. This act will feature the half rhythm Astaire style of dancing, a style which has never been seen before in this section of the country.

### Color Predominant

Color is the predominant note of the Classical act. The entire stage set for this act will be built on a platform raised on three steps and will employ a cyclorama done completely in grey. In the center will be a fountain backed by an exedra of four white pillars. Spotlights will be focused on the exedra so as to produce clearly delineated shadows and varied colored lights will play upon the fountain in such a manner as to create a metallic gleam of many hues.

### Cat Owl Spectacular

The Cat Owl depicts negro life and plumbs the depths and heights of the dark man's emotions. The act opens on a southern swamp scene and then changes to a Harlem night club. Two songs in this act, "Oh Dear" and "Cat Owl", are worth special mention. Spectacular is the proper adjective for this act. In addition to these acts an old-fashioned melodrama will furnish the continuity during the black outs. All pit music for the show will be furnished by the Chrystal Ballroom orchestra, and programs will be larger than ever before with the melodrama program smacking of show-boat days and the gay nineties.

### Three Performances Planned

Three performances will be given, the first to be Monday afternoon, April 1, at 2:30, and will be open to students of the junior and senior high schools. Ticket sales have met with unusual success. Only 95 student reserved seats for Monday evening's performance and only 85 for Tuesday night's show out of 150 reserved for students each night remain. Student tickets are 50 cents and may be purchased at the Brevities office or from student representatives. Reserved seats for adults cost 75 cents and may be purchased at the Brevities office on the ground floor of Sears, Roebuck & Co.

### Radio Broadcasts Used

An extensive advertising campaign has been carried on by radio and by displays in the various store windows downtown. Numerous programs have also been put on for the various service clubs in town. Radio broadcasts scheduled over WDAY are as follows: March 22, 5 to 5:15 and 9 to 9:15; March 24, 8:45; March 27, 2:45 to 3; and March 29, 9 to 9:15.

Both John Hamlet, manager of this year's show, and Robert Parrott, business manager, are very enthusiastic about the coming production and feel that it will be one of the greatest in the history of the Brevities.

Any time anyone tells you how to build your all-conference team, listen carefully and weigh the suggestions fairly, but resign yourself to the fact that when you're through you're wrong.

The purpose in selecting honor aggregations has been to give recognition to the players that have consistently shown themselves to be above the average. It is generally true that the majority of first team men have records that demand their placement. The rub centers around the last few fellows who, from a wide list of eligibles, must be picked more painstakingly.

Last week we were caught in a friendly scrap with the Larruping Lowe—who doesn't really give a D—for student newspapers anyway. Of course, there is no one more eligible to judge than a coach whose daily contact with the sport and players makes him a desirable referee.

We'd be way out of line if we were to claim some special distinction in the art of making all-conference choices. We can, however, give a consensus of the student opinion from other schools plus our own survey made on the local campus. It was comforting to know that however, give the consensus of made choices nearly identical with the Spectrum all-conference team.

We were glad to see that the downtown scribe made such representative choices from the various schools that had to be recognized, but the circulation department must often influence the selections or the variety of his choices.

With no strings attached, the participants in the student all-conference choices are able, frankly, to do as they genuinely please with the hope that their result will show fairness and intelligence.

Well, it's over, and if genial Robert is not yet appeased, perhaps we'll have to agree that his policy of "no shingles off my roof" is the best we've ever seen, though irritating. And incidentally Bob, congratulations on the year's successful wind-up. Does that fill it, Max?

**FORMER BISON CAGERS  
LEAD STATE CHAMPIONS**

Three former Bison basketball players aided the Mapleton team to secure the state independent "B" championship last Wednesday night, when that team defeated Stanley 30-26 in the finals. Walt Olson, former NDSC varsity star, won all-state team recognition at the forward position for his efforts in lead-

# Globe-Trotters Play All-Stars Monday

## College Stars Selected From Three Schools

### Harlem Quint Has Perfect Record Over Recent Playing Tour

Lovers of the basketball sport will be glad to know of the return of the Harlem Globe-trotters, the dusky champs of colored basketball and claimants to the banner for national honors in the pranks. With the cream of the local college stars, convening under the cognomen of the all-stars, furnishing the opposition, the yearly All-Star-Globe-trotter class will open Monday night at 8 P. M. in the A. C. gym. Entire proceeds of the game will be given to the Fargo Good Samaritan school.

The Globe-trotters are returning from a trip to the Pacific coast with a striking record of no defeats on the entire trip. Included among their victims were the strong Bismarck Phantoms who recently copied the state independent crown. Although the shady boys have dropped the last two contests that they have played against their Fargo opponents, they promise that this game is one that they will not lose.

Each year much controversy has developed as to whether the colored team could have defeated the locals if they were really "trying". This year the globe-trotters say the are going to settle the argument for all time.

The local arrangement will be composed of stars from Moorhead State, Concordia, and the State college. Among the Bison invited to participate in the all-star aggregation are: Denenny, Marquardt, Olson, Reiners, Saunders, and Bettschen. This team will be coached by Charlie Kimball.

Last year this attraction packed the State college gym and arrangements are being made to accommodate a capacity crowd.

ing Mapleton in their successful title bid.

Byron Steffarud, a leading intramural performer with the YMCA team in former years, played center for the team, and Bud Warner, 1934 freshman forward, gained second all-state team mention for brilliant tournament play.

## All-League Team Chosen For 1935

By DAVE TAYLOR

Once again the spectre of picking the all-intramural team is hovering over the heads of the sports staff. This job is one which the staff has never relished, since it is impossible to select an all-star group which will please all dopesters.

The intense interest shown in the tournament which was carried out this season has not made this job any easier. Greg Sloan deserves a lot of credit for the capable way in which he handled the difficult task of smoothly running off the schedule on time.

The field was divided into two brackets of six teams each. By running the schedule two rounds, each team played the members of their bracket twice, or ten games in all. Then the winning team from each of the brackets met in the finals. The Kappa Sigma Chi quintet, which barely nosed out the YMCA for the right to represent the "B" bracket in the finals, came through after dropping the first game in the final series to win the last two games and the championship.

### NOTICE

All men out for spring football and track report at the Field house, Mon. at 4:00 p. m.

The following team represents the Spectrum all-league quint. In the first two teams each bracket is represented by five players.

#### First Team

Lindeman, DTE ..... Forward  
Hill, KSX ..... Forward  
Neset, YMCA ..... Center  
Berdahl, KSX ..... Guard  
Skurdahl, Gamma Rho ..... Guard

#### Second Team

Haugen, Kappa Psi ..... Forward  
Dobervich, Sigma Chi ..... Center  
Goebel, DTE ..... Guard  
Litten, AST ..... Guard

## ATO'S Drop Final In City Tourney

Alpha Tau Omega's entry in the city basketball tournament lost a hotly contested game in the finals of that event to Andy's Tire Shop. The NDSC quint made a valiant bid for victory in the last quarter with the lead changing several times. Bud Marquardt's last attempt for a goal rolled off the rim in a breath-taking finish as the whistle terminating the game sounded.

Marquardt went on a scoring spree in the last half of the championship game to count eight field goals and a gift shot. Other member sof the ATO team were Acey Olson, Stan Maynard, Bob Erickson, Lyle Stinson, and Erling Schranz. Leading the Andy five in their conquest were Sally Brewster, former (Continued on Page 6)

## Business Training Pays...

Eighty-five per cent of our population are engaged in the work called business. Thousands of trained workers are required to plan the work, carry on the correspondence, perform the transactions, and keep the records. The business world offers more opportunities to trained workers than all the other lines of work put together.

### Rifle Team Second In Corps Area Tilt

In the 1935 Seventh Corps Area Intercollegiate gallery matches the NDSC rifle team rated second with a score of 7665. The University of Minnesota, the winners of the matches, beat the Bison by six points with a score of 7671. The colleges defeated by the Bison are: Kansas State College, South Dakota State College, Iowa State College, State University of Iowa, University of Nebraska, Missouri School of Mines, Cole College, Municipal University of Wichita, University of South Dakota, Creighton University, University of Nebraska and Oa-chita College.

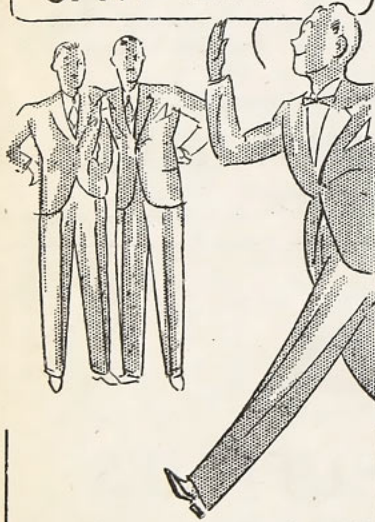

In this match there were four stages, each being fired in one week at two positions, one of which was always prone. The Universities of Missouri, North Dakota and Washington were disqualified because of their failure to forward the targets as was required by the rules of the match.

Four teams have been chosen to represent the seventh corps area in the National Intercollegiate of 1935. The teams that were chosen are the North Dakota State College, the University of Minnesota, Kansas State College and the State University of Iowa.

#### Former NDSC Coach Makes Good

Terminating his first year of varsity basketball coaching at the Colorado State Agricultural College, Fort Collins, Colo., L. T. Saalwaechter, former basketball and track coach at the NDSC, lost only three games. Two of the games were lost by a margin of two points while the third was dropped by three points to the opposition. This information was received by letter to David Anderson, NDSC photographer.

### Kappa Sigma Chis Win League Title

A fighting Kappa Sig basketball team came out of the grim loophole into which they had fallen by virtue of a defeat turned in against them by the favored Delta Taus, and took the last two games in the intramural playoffs to pull the championship out of the fire.

Throughout the first half of the initial setto the teams seemed very evenly matched. Both, especially the Kappa Sigs, seemed willing to play on the defensive, to feel out their opponent; the score at half-time stood at 6 to 5 for the D. T's. When play was resumed the vaunted Delta Tau quintet, through a one man uprising by Lindeman, who bombarded the basket for 15 points, made things look pretty bad for the Sigs. When the final whistle sounded, they were the short end of a 30 to 9 score.

Not to be daunted by this overwhelming defeat the Kappa Sigs settled down in the game and through their usual close guarding and fast breaking game they turned the tables on their rivals, defeating them 28-15 in the second encounter. Hill led the Kappa Sigs with 10

### Girls Rifle Team Opposes Louisiana

The girls rifle team will fire against Louisiana State April third in a postal match. Fifteen girls are to fire and the ten high scores are to count.

The 12 high scoring members to date are Dorothy Armstrong with a score of 96; Mary Bibow, 96; Emma Brittin, 95; Rhode Clausen, 95; Catherine Cannon, 94; Gertrude Backlund, 94; Orphea High, 94; Thelma Liessman, 94; Elizabeth Mortensen, 94; Margie Smith, 93; Sylvia Finsand, 93; Rocelia Rud. The girls rifle team fire only in the prone position.

points, Burdahl was the main cog in their defense.

As the teams went onto the floor for the all important third game, each one was confident and ready to fight for the deciding victory. Both teams maintained a furious pace through the entire battle but as the game proceeded the fine defensive work of the Kappa Sigs began to tell. They were successful in frustrating most of the Delta Tau's scoring attempts and their fast breaking made the most of the opportunities which came its way, to win a 14 to 10 victory and the championship of the tournament.
