Junior Class Stages Prom Tonight

"Uncle Tom's Cabin" Will Be Given Tuesday

With special musical arrangements and unique stage effects, "Uncle Tom's Cabin," ever-popular drama of southern slave life, will be staged in Festival hall Tuesday, April 24, at 8:15, as the spring production of the Edwin Booth dramatic club. A special matinee will be given in the afternoon.

Presented in the same spirit and with much the same gusto as was popular on the Mississippi show-boats of the last century, the production promises to be colorful and interesting. Among the famous scenes that will be depicted are Eliza crossing the ice, the death of Eva, the slave auction, and the death of Uncle Tom.

Running throughout the play will be negro spiritual music with old "darker" songs and special music by the orchestra.

Heading the cast of twenty-seven characters is Frank Sanders, as Uncle Tom. Carol Ladwig will play the role of Eva, with Hazel Swanson as Topsy; Adeline Naftalin, Eliza; Elizabeth Dewey, Ophelia; and Ed Jesson, Simon Legree.

Other cast members include Wesley Gilbertson, George Harris; Arnold Naftalin, George Shelby; Howard Kilbourne, St. Clare; Ward McCabe, Plineus Fletcher; Alvin Krein, Gumption Cate; Forsythe Engebretson, Deacon Perry; Gerald Stevens, Shelby; Wilfred Rommel, Haley; Ben Cave, Wilson; Harold Sundfor, Tom Loker; Forrest Swisher, waiter; Frederick Martin, Marks; Kathryn Johnson, Harry; Frances Probst, Cassy; Sally Hunkins, Marie; Nita Oleson, Chloe; Phyllis Tritchler, Ruby; and Norin Johnson, Quimbo.

Cooperating with Miss Alice Bender, who is coaching the play, is the advanced play production class. Committees in charge of arrangements include: music, Grace South and Prudence Yeager; stage, Horace Spaulding, Norin Johnson, and Gerald Stevens.

University Paper Edited By Monson

Gale Monson, Spectrum editorial chief, worked as editor of last Tuesday's Dakota Student, University of North Dakota student publication. His visit to Grand Forks culminates the exchange of editors for this year between the two papers, Fred J. O'Neil of the university publication editing the Spectrum last week.

The practice of exchanging editorial positions for one issue a year was inaugurated three years ago by Marjory Archer and Don Reinoehl, then Spectrum and Dakota Student chieftains, and has been continued each year.

Monson was a guest of the Sigma Nu fraternity when in Grand Forks.

EDWIN BOOTH CLUB TEA TO BE HELD ON SUNDAY

An Edwin Booth Dramatic club tea, honoring members of dramatic societies in Fargo and Moorhead, will be held from 3 to 5 p. m. Sunday, April 22, in the Lincoln Log cabin, with Celeste Sowka in charge. Miss Alice McConnell Bender of the public discussion department will pour.

Lead March Tonight

Mr. Hill Elwin, manager of the Junior Prom, and his guest, Miss Ruth Foote, who will be first in line in the grand march at the ball tonight.

Response To Chimes Drive Shows Feasibility Of Project

GUIDON TO DELEGATE THREE TO CONVENTION

Margarethe Tronnes, Betty Bickert, and Rhoda Clausen will leave a week from today for Brookings, S. Dak., where they will be official delegates from the Fargo chapter of the national Guidon convention to be held there.

The delegates will be entertained at dinner and dance there as guests of the Scabbard and Blade chapter of South Dakota State college. A luncheon is to be given for them Saturday noon and a uniform dance Saturday night. The rest of the time will be spent in business meetings.

Military Group Selects Fifteen

Scabbard and Blade, honorary military fraternity, elected fifteen advanced cadet officers to membership in their group recently. Initiation ceremonies have been arranged for May 9.

Those chosen: Clarence Waide, Gerald Stevens, Albert Ruummele, Chester Perry, Robert Parrott, William Otebro, Harold Naegeli, John McCarthy, Earl Jennings, Don Fraser, Robert Flint, Lynn Carlson, Gordon Baird, Don Robbins, and Thomas Burke.

Selection is based on high military scholastic standing.

Lee Gress is the newly elected Theta Chi house manager.

An excellent response to the request for contributions to install chimes in the tower of Old Main has definitely proven the feasibility of the campaign which is being sponsored by Gamma Tau Sigma, honorary journalistic fraternity.

One hundred and sixteen dollars was solicited from the student and faculty members in an extensive campus campaign which began Monday morning with the sale of tags. The solicitations will continue into next week with honorary societies and uptown merchants as the voluntary solicitants to the furthering of the financial goal.

Under the supervision of Robert Schulz, installation of the chimes will begin Saturday in order that the chimes may toll their debut for the Lilac festival on May 15. Thor's chamber, needing only a few final touches, and the room where the chimes will be placed, is the work of FERA labor.

Being arranged is a scholarship which will be the possession of the tower chimester who manipulates the instruments three times a day.

President Shepperd in an interview late yesterday talked very favorably of the tangibility of the fraternity's objective in stating, "The project of installing chimes in Old Main which the students have under way is an enterprise that we will look back upon with pride and satisfaction for a lifetime."

Notice is issued by the registrar that a mistake was made in the winter term average of Frieda Panimon, which should have been 96.21.

All students and faculty members of the campus are invited to attend the reception and ball. Besides prominent Fargo guests, out of town personages will include delegates

Leading this year's Junior Prom, to be held in the Field house tonight from 9 to 1 o'clock, will be Mr. Hill Elwin, manager of the prom, and his guest, Miss Ruth Foote. Mr. Lynn Carlson, assistant manager of the prom, with Miss Sylvia Anderson as his guest, will be the second couple in line. Third couple in line will be Mr. Wilbur Marquardt, class athlete, with Miss Ethel Erickson as his partner. Mr. Robert Parrott, president of the junior class, with his guest, Miss Betty Bristol, will be the fourth couple in line.

A special orchestra, "The Old Madrid," has been secured from a popular Minneapolis, Minn., night club to furnish music for the prom. Two versatile entertainers from the same night club will present feature numbers. "The Old Madrid" has proved very popular in Minneapolis, especially on the campus of the University of Minnesota, where it has played for numerous formal affairs. Following last year's example, the eighth dance will be a twenty-minute waltz.

The 1934 Junior Prom, which ushers in the Spring formal season, will be one of the most colorful and novel balls of the year. Decorations will carry out a Spring garden theme, being enhanced by modern lighting effects of unusual design.

Acting as chaperons will be Captain and Mrs. H. J. McChrystal, Dr. and Mrs. F. L. Brindley, and Mr. and Mrs. R. Otterson.

Heads of the various committees are: Thelma Liessman, programs. Jane Nichols, invitations; Alyce Connolly, music; Evve Hammer, entertainment; Omar Korshus, decorations; Harold Naegeli, tickets; Larry Bue, publicity; and Earl Jennings, floor manager.

The price of tickets has been lowered to \$1.50. Spring formal attire will be proper.

Engineer Magazine Issued Yesterday

An enlarged edition of the State College Engineer, quarterly NDSC engineering magazine, was distributed on the campus yesterday. In addition to making it four pages larger, the Engineer staff had 3,500 copies printed which are being sent to all high school seniors in North Dakota and in schools of bordering states.

The feature article of the issue is a discussion of new creative work in architecture at the State college as stimulated by Dr. Steinhoff of Vienna and fostered by Prof. Homer Hunton. It was written by Vincent Case.

Paul Deal is editor of the engineering publication.

YEARBOOK HAS FEATURE ADVERTISING POLICY

Featured in the business section of The Bison, NDSC yearbook, will be pictures instead of printed copy to advertise the various firms, an innovation introduced by James Golseth, advertising manager of the book.

This new advertising policy adopted by The 1935 Bison has never previously been used in any college yearbook.

THE STUDENTS HELP

When members of Gamma Tau Sigma asked for contributions from the student body and faculty members to help in the installation of a set of chimes in the tower of Old Main, those members expected an excellent response. However, the response was one that was far better than that, in fact, it was almost perfect. The student body as well as the faculty are to be congratulated for the fine attitude they took regarding the matter.

The project is undoubtedly one of the worthiest ever undertaken by any campus group. Its results will grow into the establishment of something that will be permanent, something that will be looked upon with pride by those helping in the establishment. It certainly means something to have on the campus a set of chimes, along with an adequate broadcasting system.

One of the finest features is the setting up of a scholarship for the student who will play the chimes, this scholarship to pay his tuition while he is at college. This phase of the project alone should make it worthy.

While the goal set is not reached as yet, further contributions from campus groups and from downtown merchants should easily assure the members of the soliciting group of complete success in their campaign. Such groups contacted thus far have evinced a fine response.

OUR TENNIS COURTS

Tennis fans at the State college are making negotiations to rework the college tennis courts with the aid of the federal public works fund. If these plans are approved by the state officials work will begin immediately in order to have the courts ready for the May Festival.

Good tennis courts are necessary to the college for several reasons. It is almost a certainty that the Northern conference tennis tournament would be played here inasmuch as these courts have the best possible foundation. The Bison would have more than an even chance to carry away the conference championship, since tennis players at the State college have competed with the best racquet wielders from every school in the conference during open matches played in Fargo during the summer months and have invariably come out on top or very near the top.

With access to such courts, tennis would be given its rightful place among the minor sports of the college. When these courts were in condition, previously, they were in constant use by the students, proving that more students are interest-

ed in tennis than in any one other spring sport.

Women students, who have been deprived of the right to excel in their favorite school sports, due to lack of funds to keep their physical education department going and, who previously have shown a great interest in tennis, would be given an opportunity to participate in a popular spring sport.

Senior Class Play Cast Is Selected

"Her Husband's Wife," a comedy in three acts, by A. E. Thomas, will be presented by the senior class early in May.

The play, which has six characters, takes place at Saratoga during the horse-racing season.

Ralph Weible takes the part of Stuart Randolph; Donald McNaughton, that of Richard Belden; Forrest Swisher, John Belden; Elva Eklund, Irene Randolph; Abbie Porter, Emily Ladew; Virginia Garberg, Nora.

BAND PRESENTS FINAL BROADCAST OF SEASON

The Gold Star band program today will probably be the last Friday afternoon broadcast of the season, as the band will soon begin rehearsing for the coming military inspection and for an evening concert to be given early in May. During the seventeen concerts the band has played about 85 different compositions without repetition. Today's program will be: 362nd Infantry March, Destabile; Overture, Morning, Noon, and Night in Vienna, Suppe; The Queen of the Night, from "Babylon Suite"; Elie; March, Keeping Step With the Union, Sousa; The Rocking Horse Parade, Ring-Hager; and Intermezzo, from the opera "Goyescas," — Enrique Granados.

Student Opinion...

A NEW COURSE

An editorial in the Nation reveals that Illinois university and New Hampshire university students have started a movement to have a course in peace offered, either electively or compulsory, in their respective schools. The object is to train for peace movements by studying tactics of peace as well as do the R. O. T. C. units drill for times of war.

Such a course could be very well offered on this campus if it were backed by some organization and the students interested in preventing war would cooperate. It could well include a study of the causes of war—such as, munitions companies, which Senator Nye of North Dakota proposes be examined.

North Dakota State could do well to follow the example of some of the larger schools of the United States that are alive to such questions as compulsory military training, which is compulsory only by indirect force from the federal government. No stipulation was made in the act providing for land grant colleges that military education be compulsory any more than that agriculture and mechanic arts be compulsory, which of course are not.—A. STUDENT BODY HEARS BREITWIESER LECTURE

"The Economy of Time and the Conservation of Energy" was the subject of an address by Dean J. V. Breitwieser, University of North Dakota education department head and psychologist, before NDSC convocation-goers yesterday morning at Festival hall.

Breitwieser said that successful individuals are those who can put into practice their knowledge during a crisis. This faculty, according to Breitwieser, can only be achieved by efficient use of one's time and conservation of physical energy, especially during one's youth. Careful budgeting of one's time with the use of spare moments to develop a wide background of knowledge is the utilization of time to the maximum. Forming correct habits early in life facilitates energy conservation. Thus, true intelligence is not an endowment, but an achievement obtained through the conservation of time and energy.

Did you ever see a dream punting? Well, we did. Yes, and so will you if you go out and watch the Bison romp around in their spring practice sessions. And the punting dream is none other than the elongated personage of Bud Marquardt. No foolin', Wilbur (himself) Marquardt is really beginning to spiral those long ones away down the field in such a way that Finnegan, Lowe and Co. threaten to make him do all the kicking next fall.

And that includes all the kicking that may be done about such things as Saturday practices, no clean sweat sox, and even Erlenmeyer's griping about his sore hand.

Then there is that story about Sam Dobervich and the Minnesota football fracas next fall. The way we heard it the Crosby-Ironton flash (that's Sam) threatens to make mince meat out of All-American "Pug" Lund. Not only that, but the story goes on to say that he intends to do things to big "Butch" Larson that haven't been done to Lars since he was an infant.

And we don't mean changing his diapers, either.

Things we would like to see:

Windy Schollander doing a ballet dance, thereby exposing the famous million dollar legs.

Somebody besides Pete Gergen that thinks Pete Gergen is a good coach.

"Pudgy" Creighton running the 120-high hurdles in 15 seconds flat. Carmen Hunt getting out and doing some training so that he could give "Red" Striker some competition in the high jump.

Fritz Hanson giving Ted Meinhover a good trouncing in good old-fashioned man-to-man fisticuffs.

Somebody around this school that can write a column that people will read and still not have everybody sore at them.

Now that intramural basketball has been finally completed, we suggest that plans be made for a more efficient management of the competition next season. The drawn-out schedule and indecisive direction did much to foster apathy in a sport which should prove a popular and interesting winter activity.

Concentrated play in a shorter period of time and a schedule announced in advance would do much to popularize the sport. If this practice were followed rigidly there could be no alibi that the best team did not win, or no question that winter term graduates are not eligible.

Theta Chis Win Intramural Title

Defeat YMCA In Final Tilt Of Season, 28-18

The campus intramural championship rests again with Theta Chi fraternity as a result of its convincing 28-18 win over the YMCA five in the last and deciding game of the three-game title series concluded at the Field house Tuesday night. After trailing 9-3 at the midway mark, the fraternity quint staged a sensational last half scoring barrage which netted them 25 points. They had previously won the opener 23-12 and dropped the second 18-15.

The play-off came as the result of a drawn-out season of intramural basketball with ten campus teams competing in two brackets under the direction of Beryl Newman. The YMCA and Theta Chi emerged victors in their respective brackets for the second year. The Delta Sigs and Delta Taus were runnersup in the first and latter divisions, respectively.

In the first half of the deciding game, the YMCA had things their own way, breaking through for field goals and doing a fine job of guarding the diminutive Theta Chi speedsters. During the second half, however, Theta Chi came back with a fast passing game and scored with deadly accuracy to win in a convincing fashion.

To start the scoring, Byron Steffarud pivoted around his guard to sink a field goal shortly after the tip-off. Howard Kraft retaliated after some nice Theta Chi passing. Baskets by Haven Kaslow and Hank Bottemiller and gift shots by Steffarud and Fritz Hanson left the YMCA leading 9-3 at the half.

A flashy passing attack with Kraft and Hanson dribbling for two nice push-ins each put the Theta Chi in the lead at the beginning of the half. Steffarud and Don Scott countered with goals under the basket. Hanson dribbled in for another one-hand push-in to knot the score at 13 at the end of the third quarter.

In the last quarter, three baskets by Laurence Chloupek, two by Hanson, one by Kraft, two free throws by Brady, and one by Hanson in quick succession gave the Theta Chis a 28-13 lead. The YMCA rallied with Bottemiller and Scott making goals and Kaslow chalking up a free throw to bring the final score. Theta Chi stalled the last few moments.

It is rumored in the middlewest that the Carnera-Baer fight will be staged in the University of Minnesota stadium in June.

ROXY

Buddy Rogers, orchestra leader and singer, and Marion Nixon are co-starred in "Best of Enemies" which is now showing at the Roxy theater. A uniquely decorated German beer garden is the scene of much of the action of this film.

"His Woman", with Wallace Ford, Helen Twelvetrees, and Claire Dodd as the principals, is the cinema attraction at the Roxy the first half of next week. Ford's showdown occurs when his woman turns out to be his woman.

STATE

In the wilds of Malaya Clyde Elliott, director of "Bring 'Em Back Alive", directed "Devil Tiger", a stirring picture of wild animal combat to death. It comes to the State theater for today and tomorrow.

Ed. G. Robinson plays the lead in "Dark Hazard", taken from the book by Burnett, who wrote "Little Caesar", in which Robinson created such a sensation a few seasons ago. Genevieve Tobin, Glenda Farrell, and Robert Barrat have other roles in the picture, booked for the State next Monday and Tuesday.

May Robson, star of "Lady for a Day", has the lead in "You Can't Buy Everything", a drama of high finance and mother love showing at the State next Wednesday and Thursday, with Jean Parker, William Bakewell, and Lewis Stone.

Spring Practice Sessions Reveal Much Grid Material

Daily practice, commencing last Monday, has brought forth a wealth of material for the North Dakota State college 1934 football team. According to Coach C. C. Finnegan, practices will be held every day but Sunday until the twenty drills allowed by conference rulings have been performed.

Some of the stiffest competition in years is promised returning regulars. Short scrimmages held at the close of each practice especially have brought to the front new Bison prospects. Herb Peschel and Sam Dobervich at guards will be exceptionally hard pressed in the line by Bob Miller, who was moved from the backfield and is proving to be a fast and hard line plunger. Two other guards who will be hard to hold back are Harvey Erlenmeyer and Wayne Springer.

Other freshmen in the line who are threatening for positions include the mammoth Lyle Sturgeon at tackle, Forrest Stevens at end, and Frank Welch and Bill Carr who promise to worry Earl Thomas at center. As some of the Bison regulars are out for other sports, namely

track, the freshmen aspirants are being given a good chance to show their wares.

In the backfield a similar battle for positions is taking place. At right half two regulars, Wendell Schollander and George May, will be opposed by two freshmen, Lester Dohn and Bob Saunders, while at fullback rugged opposition will be expected from Bob Erickson, another freshman.

Thus far spirited sessions have been in sway motivated by the plan of Finnegan to select a team at the end of the spring practices, who will oppose the University of Minnesota next fall on Sept. 29.

Freshmen out for the first time are Seth Peterson, Bob Saunders, Jerry Erickson, John Grenier, and Harry McCall.

Collegian Wants Articles Saturday

Manuscripts for The Collegian, Fargo-Moorhead college magazine, are due tomorrow.

Short stories, poetry, past material, sketches, plays, and other literary works of NDSC students should be turned into the English office to Leon Hartwell.

Indications are that the magazine will be endorsed by the Fargo and Moorhead chambers of commerce, says Leonard Eid of Concordia college, editor of the magazine. According to Bill Stewart, who is collecting the material for this college in place of Ruth Clausen, Mr Eid plans to make the magazine larger and of a different style from the last issue, being more typically collegiate.

Group To Consider Project To Foster World Cooperation

Here to represent the ICIC, Intercollegiate Council on International Cooperation, Julian Underwood, graduate of Carleton college, will present the object of the organization and a contemplated conference in May to representatives of Sigma Delta, International Relations club, League for Industrial Democracy, Pi Gamma Mu, and the YMCA and YWCA.

"The ICIC prepares its program on the basis of the fact that all the

fields of world cooperation are so enmeshed that all must be covered before the picture of the world situation is complete. With this in mind, plus the fact that the causes of war and international tension are fundamentally economic, the ICIC has put out a program for use on the college campuses during the remainder of this year," states Mr. Underwood.

Group representatives will be

contacted to prepare a conference on May 10 on "America Must Choose," by Secretary of Agriculture Wallace, a pamphlet which puts forth some of the world problems facing people today.

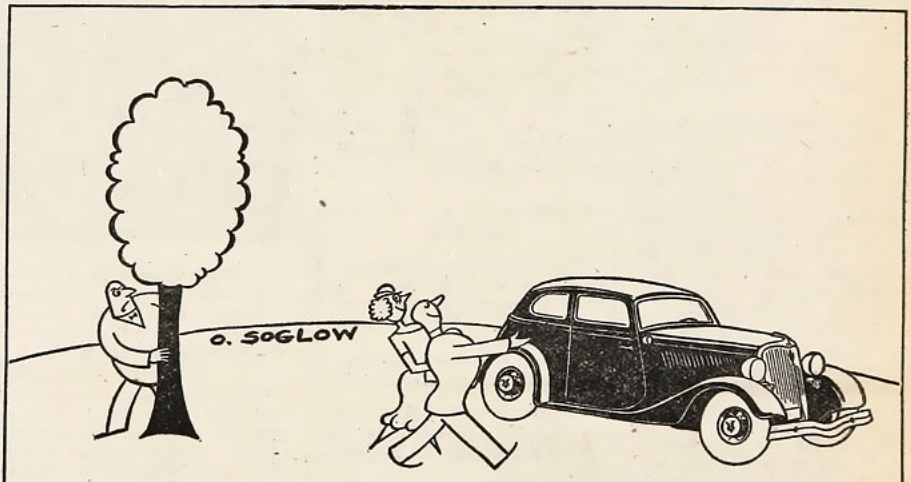

The purpose of the project is to demonstrate to students that their future success is dependent on the problems which confront the present administration, according to Mr. Underwood.

These humble quatrains are composed
To tell a sprightly tale
Of how a witty junior nosed
A senior with a frail.

Now Bert had honors, letters; he
Was quite the well-known lad.
While two-bucks-ten and faith-in-me
Were all that Tommy had.

The tale, ye hearties, goes like this:
It seems two lads were nuts
About a certain little miss
Whose name, we'll say, was Lutz.

When blond Miss Lutz declined to go
With Bert, he wondered why.
That Tommy should get all the show
Was quite a blackened eye.

The junior's Christian name was Tom;
The senior's name was Bert.
They both considered for the prom
The same blond, blue-eyed skirt.

He learned the night the prom was thrown
Why he had lost the date.
For Tom had made the timely loan
