

ENGINEERING STUDENTS HOLD ANNUAL BALL MAY 6, STATES SIMONITSCH

Engineers Give Informal Party In Festival Hall Friday, Say Ball Managers

DEAN AND MRS. DOLVE HEAD LIST OF GUESTS

Simonitsch, Fryer Arrange New Decorations, Features For Annual Hop

The engineers will hold their eleventh annual informal ball Friday, May 6, in Festival hall, it was announced today by Jack Simonitsch, ball manager, and Russel Fryer, assistant ball manager.

Mr. Simonitsch, a member of Sigma Phi Delta, Scabbard and Blade, Blue Key, and Tau Delta Pi fraternities, has selected as his guest Miss Alpha Knight. Miss Knight's sororities are Phi Omega Pi, Guidon, and Delta Psi Kappa. Mr. Fryer, a member of Theta Chi fraternity, has chosen as his guest Miss Irene Hudson, Alpha Gamma Delta.

Tall stately columns rising from the floor to support a balcony will feature the general decorative arrangement, according to Mr. Simonitsch. Shadows and projected silhouettes will add further to the novel effects created.

"Something entirely new in features has been developed which will incorporate engineering ideals and tradition with the light informal attitude of the party," said Mr. Simonitsch today. "Senior engineers are secretly discussing arrangements for originating a new secretive society which will appear at the dance hall as a distinctive group. Individualistic programs of hand made blue prints designed by Byron Tharaldson may be obtained at the doorway."

Bill Euren's Collegians have arranged a request program of dance music, using a well known engineering song as a theme. Dancing will be from 8:30 to 11:30 o'clock.

Heading the list of invited guests is Dean and Mrs. R. M. Dolve. Guests who are expected to attend from the University of North Dakota are William Spriggs, leader of the engineers' ball there, Warren Westerburg, and Francis Walsh. Other guests will include Prof. and Mrs. H. S. Rush, Prof. and Mrs. Waldo Smith, Dr. and Mrs. C. I. Swisher, Prof. and Mrs. R. H. Slocum, and Mr. and Mrs. J. R. Van Dyke. Prof. and Mrs. George Yott, and Mr. and Mrs. Knute Henning will chaperon.

Committee members will meet today at 4 p. m. in the Engineering office for a discussion of final arrangements for the ball. Tickets can be obtained from committee members and the following campus representatives: Orville Isley, Byron Weiss, Paul Deal, Walter Dunkelberger, Allan Brierley, Eric Nordstrom, and Kenneth Brandby.

MARY POWERS GOES TO SORORITY MEET

Mary Powers is the official delegate of Alpha Omicron chapter of Gamma Phi Beta sorority to the biennial convention of chapters of the fourth province of the sorority to be held at Winnipeg Friday and Saturday. Accompanying her will be Mmes. Paul Person and Cyril Arnold, alumnae, Mrs. Person being the official delegate of the Fargo alumnae group.

The convention will have its headquarters in Fort Garry hotel, with the University of Manitoba chapter acting as host. Delegations besides that from this school will include representatives from chapters at Iowa State college, University of Iowa, University of Wisconsin, University of Minnesota, and the University of North Dakota.

SIGMA TAU DELTA HAS ELECTIONS THURSDAY

Officers of Omicron Gamma chapter of Sigma Tau Delta, national honorary English fraternity, will be elected at a special meeting in the fireside room of the college Y. M. C. A. at 7:30 p. m. Thursday.

Besides electing officers, applications for membership will be considered and there will be a program. Members are requested by Gerald Garlid, treasurer, to pay their dues at the meeting.

Orchestra Presents Concert Here May 10 In School Auditorium

Gamma Tau Sigma Sponsors Appearance of Hursel Kallestad Group

Final arrangements have been completed for the appearance of Hursel Kallestad and his concert orchestra at the Fargo high school auditorium, Tuesday evening, May 10, according to Amos Wallum, president of Gamma Tau Sigma, sponsor of the concert. The band, composed largely of university students, has been rehearsing daily in preparation for its appearance here.

Featured in the program which is based upon modern music, will be several individual numbers, including a high-tenor solo, piano and violin solos. Selections from "Of Thee I Sing," one of the most popular musical comedy successes ever to appear in New York, are also included on the program.

Special stage arrangements have been made which will enhance the natural effect gained from such popular numbers as George Gershwin's "Rhapsody in Blue," "Manhattan Serenade" and "Three Shades of Blue."

The orchestra gained a reputation with their concert at Grand Forks on April 10, when they played to 1,700 people. The symphonic band is composed of 35 musicians and is one of the few symphonic orchestras in the country.

Forty Players Are Chosen For "Faust"

Ruth Peterson Is Selected For Part of Marguerite In Goethe's Drama

An outstanding cast has been selected for the presentation of "Faust," Goethe's dramatic masterpiece, Wednesday, May 18. Forty students will participate, including the characters representing twelve angels, six devils and six apes. Rehearsals are conducted every day at the Little Country theater under the direction of Miss Alice Bender with the assistance of the class in advanced play production.

Ruth Peterson, Finley, will portray guericite; and the other four major roles will be played by Lyle Phillips Malve McKeane, David Minard and Ruth Barrett, all of Fargo, as Faust, Mephistopheles, Valentine, and Martha, respectively. The remainder of the speaking characters and their roles are: Victor Simison, Hawley, Minn., Wagner; Grant McCullough, Fargo, Brander; Chris Bjornson, Mandan, Alt-mayer; Walter Shamp, Fargo, Burgo-master; Viola Dixon, Fargo, the Witch; Maitland Wyard, Fargo, Froesch; Helen Fredrickson, Davenport, Lisbeth; Helen Probstfield, Fargo, Elsa; Gladys Toft, Eckleson, Liane; Leonard Gilles, Fargo, Siebel; Joe Paulson, Portland, the Student; Roger Zimmerman, Brecken-ridge, Minn., Raphael; Frances Loomis, New Rockford, Gabriel; and Lorraine Brakke, Davenport, as Michael.

Edgar Johnson and Alfred Ballweg spent the weekend in Minneapolis.

SENIOR STAFF, BLUE KEY AWARD 19 STUDENTS RECOGNITION MONDAY

Olive Ringen, Vernetta Hidde Given Awards By Senior Staff For Work

ESTHER LATZKE GIVEN HONORARY MEMBERSHIP

William Clark Named Recipient Of Master Freshman Award By Blue Key Group

At a joint convocation yesterday in Festival hall, Senior Staff and Blue Key, campus service organizations, honored nineteen students by a public recognition service and made three awards to students high in scholastic standing.

Blue Key fraternity named ten men as new members of their group, including Donald Arthur, education, Mandan; Verne Goodwin, education, New Richmond, Wis.; Edward Booth, mechanical engineering, Bismarck; Carl Velleu, pharmacy, Petersburg; Phillip Koppang, agriculture, Edmore; Arthur Larson, chemistry, Fargo; Frank Clark, architecture, Fargo; Donald Groom, agriculture, Langdon; and Theodore Loy, agriculture, Stanton. The fraternity also named William Clark, Fargo, as the recipient of its Master Freshman certificate. Clark had an average of 95.5 during the first two terms of school.

Nine women were selected as members of Senior Staff, women's service society, on a basis of scholarship, leadership, and service. They include: Marjory Archer, science and literature, Fargo; Ruth Barrett, science and literature, Fargo; Margaret Dadey, science and literature, Fargo; Ora Hammerud, science and literature, Fargo; Eleanor Johnson, architecture, Fargo; Betty McMorran, home economics, Lawton; Aldyth Pinkham, science and literature, Fargo; Mary Powers, science and literature, Fargo; and Veronta Wepler, home economics, Jamestown. Miss Esther Latzke, instructor in home economics, was named to honorary membership in the Staff.

FUNERAL IS CONDUCTED FOR MARY JO WALLUM

Funeral services for Mary Jo Wallum, 11-months-old daughter of Mr. and Mrs. Everett J. Wallum, were conducted Monday afternoon from the O. J. Hanson funeral home. Mr. Wallum is secretary of the college alumni association.

The child died early Saturday morning in a Fargo hospital. Besides her parents, the child is survived by one sister, Carol Mae.

Leo Anderson Is New State Vice-President Of Student 'Y' Group

Odin Ramsland Is President Dr. W. C. Hunter Becomes State Treasurer

Leo Anderson, president of the North Dakota state college Y. M. C. A., was elected vice president of the state student conference of Y. M. C. A. and Y. W. C. A. groups at one of the concluding sessions of the 1932 conference at Valley City State Teachers college Saturday.

The newly elected president is Odin Ramsland, University of North Dakota, while Dr. W. C. Hunter, professor of history here, was named treasurer. The Y. M. C. A. delegates also organized a state Geneva committee to make plans for North Dakota's delegation to the nine-state Y conference at Lake Geneva, Wis., in June. Leo Anderson is chairman of the committee which will include the president of each cabinet or a Geneva chairman from each college.

The traditional Geneva banquet was held in the First Congregational church Saturday evening. Jane Canniff, state conference chairman this year, was toastmaster. About 100 attended.

Dr. David Bryn-Jones, Minneapolis, was the principal speaker at the three day meet. Other leaders and speakers were: E. B. Schultz, regional secretary of the Y. M. C. A., Minneapolis; Miss Alice Brown, regional secretary of the Y. W. C. A.; Mrs. Leora Cassidy, University of Minnesota; Dr. Isaac Corn, Wesley college, Grand Forks; Lester Howard, state student secretary of the Y. M. C. A.; Mrs. Ada Bek, secretary of the University Y. W. C. A.; Mrs. Carl A. Teet, secretary of North Dakota State's Y. W. C. A.; Dudley C. Bayliss, secretary of the local Y. M. C. A., and Dr. W. C. Hunter.

Cast Begins Practice For Carroll's Play

Class Organizes Committees To Plan Dramatization Of Famous Story

With line rehearsals and costuming begun yesterday for the presentation of "Alice in Wonderland" May 20 by the two classes in story telling, committees have been organized for the dramatization of the story in commemoration of the centenary of Lewis Carroll, famous children's author, according to Miss Alice Bender, director of the project.

Planning stage settings is a committee composed of Alice Whitver, Jeanette McComb, Hazel Falley, Shirley Riggle, Hazel Swanson, Howard Renwick and William Dunham. Costumes are being arranged by Margaret Anderson, Hildreth Shelland, Aileen McDermott, Margaret Sundfor, Lucille Morrissey, Hazel Swanson, and Margaret Hagen.

The students in charge of promotion are Gerald Garlid, Hazel Falley and Nita Oleson. Make-up of characters is being planned by Hazel Swanson, Harold Renwick and Grace Moir.

Floyd Ewing of York was a dinner guest at the Delta Tau house Thursday.

ACADEMY OF SCIENCE CONVENES AT COLLEGE FRIDAY AND SATURDAY

College Is Host To Educators' Organization At Two-Day Session, May 6-7

STATE UNIVERSITY SENDS DELEGATION

Albert Jenks Is Main Speaker At Twenty-fourth Annual Science Convention

The North Dakota Academy of Science, an organization of educators interested in the promotion of science in North Dakota, will hold their annual convention on this campus, Friday and Saturday, May 6 and 7.

Dr. A. D. Whedon, professor of zoology and physiology and president of the academy, is in general charge of the arrangements for this, the twenty-fourth convention of the assembly. He is assisted by Prof. C. L. Swisher and a committee from Sigma Xi research club, including Dr. C. I. Nelson, Dr. L. R. Waldron, Dr. A. D. Stoesz, Dr. G. C. Lindsey, and the officers of the organizations—Dr. George A. Abbott of North Dakota State university, secretary-treasurer, and Dr. George C. Wheeler, also of the University, vice president.

Albert Ernest Jenks, professor of anthropology at the University of Minnesota, will be the main speaker of the convention. The first of his illustrated lectures, "Prehistoric Man," will be given at a convocation of the assembly Friday morning at 9:40. This convocation will be attended by students and faculty of the college. At a complimentary dinner in the college Y. M. C. A. Friday evening, he will speak on "Prehistoric Mimbres Culture—the Most Creative Ceramic Artists of all Prehistoric Times." This dinner is being sponsored by the Sigma Xi club of this college. Dr. Jenks is not only interested in anthropology but also in sociology and ethnology. He has been the chief of several ethnological expeditions.

Sessions begin at 9:00 Friday morning and will continue until noon Saturday, during which time about twenty papers will be read and discussed. A bulletin has been issued to members, outlining the subjects for discussion. At noon Friday the assembly will be guests of the college at a luncheon to be served in Ceres hall at which Pres. J. H. Shepperd will give the welcoming address. After a business meeting and election of officers Saturday morning, the meeting will be concluded.

Mmes. A. D. Whedon and H. L. Walster are in charge of the entertainment of the women guests and wives of delegates who are expected to attend. Delegates from the University are Dr. Abbott, Dr. Wheeler, and E. C. Coon, associate professor of chemistry, William D. Bugge, associate professor of ceramic engineering; Albert M. Cooley, graduate assistant in the school of mines; Moses Gordon, instructor in industrial engineering; Miss Frieda Hammers, research assistant in ceramics; H. C. Iverson, instructor, division of mines; G. A. Talbert, professor of physiology and pharmacology; Neal Weber, graduate assistant in biology; and Howard E. Simpson, professor of geographic geology. There will also be delegates from the normal schools throughout the state.

KAPPA DELTA PI HAS MEETING ON THURSDAY

Kappa Delta Pi, national honorary education fraternity, will meet Thursday evening in the Faculty-Alumni rooms to discuss initiation plans in the form of a banquet for new members, according to Harvey Melbye, secretary.

Recognition

Yesterday Blue Key and Senior Staff recognized nineteen men and women for their service on this campus. Yet even today in the rosy glow of recognition it is well for those nineteen to remember what these organizations expect of them that the ultimate aims of the groups may be reached.

Blue Key, as a national service fraternity, has for five years sponsored the Bison Brevities—a contribution that has brought more favorable comment on the campus, perhaps, than any other activity. This year even the members of the cast and the producing staff have been enthusiastic about the Brevities as a means of making acquaintances and friends. In addition to this the fraternity recognizes the Master Freshman and assists with other campus activities.

Senior Staff, an organization similar to the national group called Mortar Board, annually gives a scholarship to a sophomore woman and a scholarship to a freshman from the proceeds of three all-college informals sponsored during the year.

This is only a brief sketch of the work of the two organizations. In accepting membership in either of them, one must of necessity assume the obligations that such recognition implies.

Student Union

In the last few years, even educators have begun to admit that the formal classroom training is the lesser part of a true college education. They have begun to realize that social contacts and informal mental contacts outside of the classroom are just as essential for the individual with a college degree.

Because educators are taking cognizance of this fact student union buildings are springing up on virtually every campus of any size in the United States. Here students are given an opportunity to meet, to read, to talk and just to sit.

The popularity of the student offices on this campus where students come all day long to chat for a few minutes and usually remain to talk for hours shows a need of some larger gathering place where every student could have the same opportunities.

We believe that Festival hall might easily be converted into some sort of a student union. There are several rooms adjoining the main one that could be used for lounging, tea rooms, etc., and which might be converted with a small expenditure of money.

Here is another project that the student commission might start working on. A student union would serve every student on the campus and would be a lasting achievement for any group which sponsored such a move or worked toward such an end.

Girls at Yankton college were entertained at the boys' dormitory there recently. The program for the evening consisted of bowling, billiards, cards and radio programs.

Ping pong seems to be coming to the fore in college sport circles. Several mid-west institutions have been conducting tournaments for interested students.

But the game received a severe setback at one eastern school when the head coach banned the game because it disabled too many members of the boxing squad.

Science Progress

By T. W. JOHNSON

"The stone mortar or the wooden pounder and bowl were abandoned by the Mandan Indians in favor of the white man's machine for preparing meal for corn cakes as early as 1804. Sergeant Patrick Gass, who accompanied Lewis and Clark on their famous expedition to the northwest, wrote in his journal on October 29, 1804, 'Captain Lewis gave an iron mill to the Mandan nation to grind their corn, with which they were highly pleased.'"

—Dr. H. L. Walster, agronomist, N. D. Exp. Station.

Introduced to the public in 1931, buttercup squash fills the needs for a high quality squash of convenient size that is easily prepared by the housewife. Buttercup was developed by Prof. A. E. Yeager, horticulturist at the college, primarily with the housewife's ideal of a squash in mind.

The best stage to cut corn for silage is when the kernels are glazed, T. H. Hopper, agricultural chemist, has found after conducting investigations with corn to determine the stage of maturity at which the crop is most satisfactory for silage. At the glazed stage the corn plant has the most nutrients and the moisture content is best for production of a palatable silage that will cure well in the silo.

More than 750 varieties of garden vegetables have been grown in recent years at the college garden plots in order to furnish the public with reliable information on varieties best suited to the state.

Work done at the college on developing wilt resistant varieties of flax by H. L. Bolley, veteran plant breeder, is hailed the world over as one of the biggest boons to growers of this crop. Today in North Dakota the most prominent wilt resistant varieties are Bison and Buda, both Agricultural college products. It is said that the 10 to 12 million bushel annual flax crop of the state has been made possible by the wilt resistant varieties.

Recognition of the work done in agricultural marketing by Dr. A. H. Benton at the college is given in a recently published book by Fred T. Clark, professor of economics and marketing at Northwestern university, Chicago, and L. D. H. Held, formerly professor of business administration at Yale university.

A Rhode Island Red pullet at the college poultry plant laid 73 eggs in 73 consecutive days. Her first birthday is May 6 when she will be one year old.

BULLETINS

All members of the Faust cast report at the Little Country theater every day this week between the hours of 3 and 4 p. m.

The Women's Senate will meet in the Faculty-Alumni club rooms at 5 p. m. Monday, May 9.

Because of midterms there will be no Spectrum issued on Friday, May 6.

There will be a Senior Staff luncheon for both old and new members Thursday noon in Ceres hall.
Virginia Davis, president.

Panhellenic Council will meet in the Faculty-Alumni club rooms at 4 p. m. Monday, May 9.

Phytois meeting in rooms of botany department at 7:30 tonight.

Sigma Tau Delta will meet in the college Y. M. C. A. at 7:30 p. m. Thursday. Members, bring your dues.

The time for ordering caps and gowns has been extended until May 7. These may be ordered at the bookstore.

William Gray, senior president.

The Freshman Commission meeting scheduled for May 5 has been postponed until May 12.

Gamma Tau Sigma will meet at 4 p. m. today in The Spectrum office.
Amos Wallum, president.

All students and faculty members in the school of agriculture are invited to attend the faculty-student mixer in the gymnasium of the college Y. M. C. A. from 7:30 to 9:30 p. m. Wednesday.

Elimination of the college annual, changing the student paper from a bi-weekly to a weekly publication and a pronounced absence of spring formals, marks the path of Old Man Depression at our sister institution up the river.

Alley Is Convocation Speaker Here Monday As Sigma Delta Guest

International Affairs Expert Addresses Discussion Club Meeting

Alden G. Alley, an expert on international affairs, will talk before the student body at convocation on Monday, May 9. He will speak before the Sigma Delta discussion club which will meet from 6 to 8 p. m. Monday.

Mr. Alley is professor of history at Dana college in Newark, New Jersey, and a graduate of Harvard university. He travelled extensively in Europe before the war, and from 1918 to 1919 served as lieutenant in the United States Infantry in France. Every summer since 1922 he has gone abroad to study international problems at first hand, having attended nine different sessions of the League of Nations assembly. Mr. Alley has had an unusually close association with statesmen and with international organizations in various parts of the world, and has an intimate knowledge of many of the important problems confronting Europe today.

Under the auspices of the League of Nations association Mr. Alley has been touring the United States, speaking to international relationship clubs similar to Sigma Delta on a variety of world problems. He has talked on America's present position among the nations, disarmament, European conditions, the League of Nations and the World Court.

Mrs. Russell, who spoke on international relations at the college this year, recommended Mr. Alley very highly. After speaking in Fargo he will go to Grand Forks for a similar engagement. He is coming to Fargo from St. Paul.

SPIELMAN COMPLETES FIRST EXAMINATIONS

Marvin Spielman, graduate from the school of chemistry at the North Dakota Agricultural college in June 1929, has successfully passed his preliminary examinations toward a Ph.D. degree at the University of Minnesota, according to word received by C. E. Mengels, cereal chemist at the college. While at Minnesota Mr. Spielman has been majoring in organic and minor in biochemistry. He will be granted his Ph.D. degree upon completion of his thesis sometime during the coming year.

Phytois Plants Tree Commemorating Birth Arbor Day Founder

Plant Science Group Recognizes Morton, George Washington In Planting Elm

An American elm was planted at the north entrance to Science hall by Phytois, plant science club, last Friday afternoon. The planting took place in commemoration of the hundredth birthday of Julius Sterling Morton, founder of Arbor day, and as a part of the nation-wide Washington bicentennial program.

Pres. J. H. Shepperd was present among those who witnessed the planting, and gave a short talk just before the tree was planted. Charles Waldron, representing Phytois, was in charge of the planting. Members of the faculty besides Dr. Shepperd who were present included Dean H. L. Walster, Dean A. E. Minard, Dr. P. F. Trowbridge, Dr. Herbert C. Hanson, Dr. A. D. Stoesz, Dr. Charles E. Kellogg, Prof. C. B. Waldron, Prof. L. R. Waldron, Prof. O. A. Stevens, John Dinwoodie, W. C. Palmer, and Franz W. Werking.

The tree will be registered with the American Tree association, Washington, D. C., and will bear a plaque carrying its number, the date it was planted, and the name of the club. The tree was obtained from the Red river nursery of the Fargo Park board. Phytois will assume the care of the tree.

All those who were present at the planting of the tree signed a paper, which was sealed in a bottle, and placed among the roots of the tree when it was planted. A record will be kept of this, so that when the tree dies or is removed, the bottle can be found. Faculty members and students who signed the paper are: J. H. Shepperd, H. L. Walster, P. F. Trowbridge, Herbert C. Hanson, A. D. Stoesz, C. B. Waldron, A. E. Minard, L. R. Waldron, C. B. Waldron, John Dinwoodie, O. A. Stevens, Charles E. Kellogg, W. C. Palmer, Franz W. Werking, H. L. Barnett, Bea Brenckle, Gale W. Monson, Adrian C. Fox, Charles J. Fox, R. M. Denio, H. Gordon Heggeness, Robert Weir, Maurice Story, Velva Rudd, D. B. Hyatt, Charles B. Waldron, R. E. McMillen, Lawrence A. Reitan, Roy C. Erickson, Irvine Dietrich, Elroy Johnson, William H. Gray, Luther Norem, Frederick K. Nunns, John R. Scaif, Roy W. Simonson, Glenn Lundeen, Enoch B. Norum, Clarence M. Pace, Clinton A. Mogan, Thomas King, Addie W. Larson, Iva L. Larson, Algot P. Swanson, Olwin B. Riveland, and C. A. Geddes.

DR. DEDRICK BECOMES MEMBER OF FRATERNITY

Dr. Dallas S. Dedrick, instructor in chemistry, was made an honorary member of Kappa Sigma Chi, social fraternity, at formal initiation services held in the fraternity house at 8 o'clock Monday evening, following a supper in his honor. Hartley Eckstrom, president, was in charge.

Dr. Dedrick came to the college last fall from the State University of Iowa, where he received his Ph.D. in 1931. He is a member of Alpha Chi Sigma, professional chemistry fraternity, Sigma Xi, national research fraternity, and Phi Lambda Upsilon, honorary chemistry fraternity.

COLLEGE MEN SHARE IN SHAVING CREAM PRIZES

Here is a cash prize contest that does not discriminate against college men. A check of the winners in the Palmolive-Colgate Shaving Cream contest reveals that seven of the cash awards have been won by undergraduates. To date honors are divided between Princeton, Columbia, Carleton, Duke University, State Teachers college of Arkansas, University of Dayton and St. Thomas college.

In order to further stimulate interest among college men, free sample tubes of both Palmolive and Colgate's shaving creams have been or are being distributed in college towns. Each month from February to July 1932, inclusive, 464 cash prizes totaling \$4,200.00 each month will be awarded for the best "blurbs" explaining why the writer prefers either one of these two world's largest selling shaving creams.

This contest, like many others, is a direct result of present economic conditions which have brought the need of new selling methods. They are intended to induce more consumers to try the products and to secure opinions of the products' acceptability. It is estimated that more than \$200,000 per month is being distributed to contest participants. It costs nothing to enter most of these contests. Some, however, call for proof of having made a purchase.

Probably the largest money prizes are being offered by the Colgate-Palmolive-Peet Company, Chicago, in connection with their monthly shaving cream "blurb" contest. They are giving a total of \$25,000 in cash. Each month two first prizes of \$500 each are awarded—one on Colgate's and one on Palmolive shaving cream. In February these were won by men from Manchester, N. H., and Bridgeport, Conn. In March the \$1000.00 first prize money was divided between men living in New Orleans, La., and Spartanburg, S. C. Details for entering this contest are included in the manufacturer's advertisements which are appearing in national magazines and in the North Dakota Spectrum.—Pd. Adv.

James Long, Kappa Sigma Chi from Page, N. D., was a visitor at the house Saturday.

BISON DEFEAT DRAGONS IN HARD FOUGHT GAME YESTERDAY AFTERNOON

Long Completed Pass Puts Local Gridders Within Scoring Distance

GOVE'S LINE PLUNGING IS HIGHLIGHT OF GAME

By JACK GROHNKE

The North Dakota State college football team continued its success on the gridiron Monday afternoon as it won a hard fought 6-0 game over the Moorhead State Teachers college Dragons. The game was slow throughout with neither team holding a big advantage until a long completed pass put the Bison within scoring distance.

At the opening of the game, the fans noted a new style of play as a Bison player punted the ball on the opening play instead of using the customary place kick.

The game was played on the basis of 12 minute quarters instead of the regulation 15 minute periods. Both teams appeared to be in fair condition and the players were tackling hard, running smoothly, and employing vicious blocking.

Neither team showed a distinct advantage during the first period and the ball was resting on the Bison 35 yard line as the gun sounded for the quarter. Oge intercepted pass and two fumbles marred the team play during this period.

The second quarter proved much more exciting but the exchange of punts kept both teams out of danger. Bill Gove, Yellow and Green fullback, proved the spark plug of the team during this period. His line plunging during the entire contest was one of the high lights of the game. A long pass of 30 yards was completed just before the half to bring the ball within scoring distance, but the gun sounded before the goal could be counted.

Third Quarter Fast

At the beginning of the second, the Bison started a march down the field but were halted on the 20 yard line. Moorhead then punted to their own 33 yard line and the Bison started another determined assault toward the goal line. This time they were stopped on the 10 yard line, and after an exchange of punts the Buffalomen were in possession of the ball on their own 45 yard marker. From this position Gove made a first down on the second play to place the ball on the 39 yard line.

Gove Outstanding

A pass to Gove carried the ball to within 2 yards of the goal line and Gove then carried it over on an off-tackle play to score the first touchdown of the game. This placed the Bison in the lead 6-0 as the try for the extra point was not made good.

Through an even exchange of punts both teams stayed out of danger until the gun sounded for the end of the game.

Bud Marquardt, Kenneth Pirnie, Acey Olson, James Creighton, Earl Thomas, Hill Elwin, Bud Van Hook, Harvey Erlennmeyer, and Earl House all played well in the line.

Backfield men that showed up exceptionally well were Bill Gove, Arthur Morris, Milton Hollister, and Leo Gerteis. Gove showed up well on line plunging, Morris did some clever running and was good on pass defense, Hollister made some substantial gains, and Gerteis proved valuable as a blocking back.

Coaches Finnegan and Lowe resorted wholly to candidates from last fall's freshman team and were well pleased with the team play as a whole. The men learned a great deal of football that will help them to a considerable degree when they come out for the team next fall.

Hanson Out

The team played without the services of Fritz Hanson, speedy backfield ace, who was hurt in practice last week and will not be able to report for further practice during the spring season. Five days still remain of the regular spring training grind before the men will be able to put away the mole skins until the team is assembled for practice next fall.

Gordon Wallace, Alpha Gamma Rho, spent the weekend at his home in Devils Lake.

Gilbert Plain, University of North Dakota, was a visitor over the weekend at the Alpha Gamma Rho house.

OTIS SKINNER BECOMES EDWIN BOOTH MEMBER

Otis Skinner, who appeared in "The Merchant of Venice" in Fargo last night, was admitted to honorary membership in the Edwin Booth Dramatic club, at a luncheon given in his honor in the Lincoln Log cabin Monday noon. A. G. Arvold, founder of the Little Country theater, and club members were hosts. Both Mr. Skinner and Mr. Arvold are members of The Players of New York.

FRATERNITIES COMPETE IN BASEBALL TOURNEY TO BEGIN NEXT WEEK

Groups Adopt Percentage Basis In New Playoff System Used In Tourney

Having completed a successful basketball tournament, the interfraternity program will again come into full swing next week when the campus organizations vie for honors on the baseball diamond.

Ten teams are entered in the league and drawings were conducted Monday noon to determine how the tournament shall be run off. Each team will engage in three contests, and the organization with the highest percentage at the end of the playoff will be declared the winner. In case of a tie at the end of the regular schedule, an elimination contest will be played to decide the winner, according to Jack Grohnke, who has been chosen manager of the tournament.

New System Used

In former years a purely elimination contest has been staged to decide the championship. This has been unsuccessful due to the fact that some good team might be defeated in the first game and be eliminated from the entire tournament. With the adoption of the new method of playoff, a team might lose the first contest and go on to win the championship.

The diamond behind Festival hall will be used for the games and it will be dragged in the near future and be in good condition for the opening contest.

NEW MEMBERS RECOGNIZED

(Continued from Page 1)

given a ten dollar gold piece by Senior Staff in recognition of the fact that Miss Hidde's average of 92.5 was the best made during the first two terms of school by a freshman woman student. Miss Hidde is registered in the school of pharmacy.

Miss Olive Ringen, Kenmare, was given a scholarship by Senior Staff, to be used in her junior year. To be eligible or the award, a woman must be in her sophomore year and have the qualities of scholarship, leadership and have promise of success in the future. Miss Ringen is a home economics student.

Dr. J. H. Shepperd addressed the student body as the opening part of the ceremonies. Jack Vincent acted as master of ceremonies, and Amos Wallum, president of Blue Key, and Virginia Davis, president of Senior staff, spoke for the organizations. Dr. C. S. Putnam's Gold Star band played special music, and a detail and the color bearers from the R. O. T. C. unit assisted at the program.

Tracksters Compete, To Go To Sioux Falls Thursday For Relays

Saalwaechter Accompanies Five Men To South Dakota Track Contests

Coach L. T. Saalwaechter and five of his state college tracksters will leave Thursday morning for Sioux Falls where they will compete in the annual Dakota Relays.

The team will run in the half mile and mile relay events in the conference class. Carmen Hunt, lanky high jumper, will also make the trip and will be entered in the special high and broad jump events.

Team Lacks Experience

The relay combination will consist of Myron Pond, Gordon Horner, Ernest Hall and Jack Grohnke. Most of these

men are utterly lacking in experience and it is not expected that they will make a very strong showing at this meet.

Many track men from different campus organizations are working out daily in preparation for the annual intramural track meet and it promises to be one of the best meets in the history of the school.

Hamilton Visits School

Darrell Hamilton, renowned broad-jumper, who graduated from Colorado university last year, took a lengthy workout on the State college track on Monday afternoon. Hamilton is one of the best jumpers in this country, having made a distance of 25 feet 4 inches on one jump. He expects to try out for the United States Olympic team later in the spring. Hamilton and Coach Saalwaechter will be the official starters in the May Festival meet sponsored by the college. During the May Festival Hamilton will give an exhibition on broad jumping.

PLAN SURPRISE FEATURE FOR ENGINEERS' BALL

Inauguration of a new tradition by senior engineers will be the surprise feature at the eleventh annual Engineers' ball to be held in Festival hall Friday, May 6. The purpose of the feature is to stimulate student interest in departmental traditions, past and present.

Tickets were distributed to individual members of the various classes by Theodore Lagerberg and Robert Acheson at a recent meeting of the club.

As one of the many entertainment features of the twenty-fifth annual Inter-High School May Festival here May 12 to 14, the clothing department of the school of home economics will again sponsor a style revue to be given in Festival hall at 4 p. m. May 13, says Miss Minnie Anderson who is in charge of the revue. Plans are being made for this feature by students in the department.

HORN IN ON THIS \$25,000!

464 CASH PRIZES THIS MONTH - 2 FIRST PRIZES OF \$500 EACH

SEE those "blurbs" coming out of the men's mouths? Can you write one? We're putting up \$25,000 in cash for those who can. Get your pencil out—now!

Here's the idea. In a field of 176 competing brands, Colgate's and Palmolive are the two outstanding leaders. They have won an overwhelming preference over all other shaving creams.

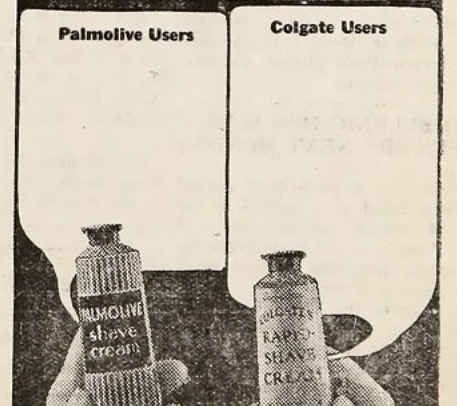

We know that Palmolive users swear there's nothing as good as Palmolive. And Colgate shavers claim that Colgate's beats 'em all in a walk.

What we want is *your* opinion. Do you side with Jim or his Dad in the big Palmolive vs. Colgate's argument? Are you a Colgate fan or a Palmolive booster. Let's hear from you!

In ONE of the empty "blurb" spaces, or on a separate sheet of paper, just say *your* say. In your own words, write your boost for Colgate's—or for Palmolive—not both. 464 cash prizes each month for the best "blurbs" sent to us!

Here's where you take your shot at some of that \$25,000

Jim wants you Palmolive users to back him up. His Dad wants every Colgate shaver's help. If you haven't tried either of these famous shaving creams, start now and get into this \$25,000 argument.

CONTEST RULES

MAIL your "blurb" with name and address to Contest Editors, Dept. N.-165, P. O. Box 1133, Chicago, Illinois.

The prize money (totaling \$25,000) is divided into six sets of monthly prizes (each set totaling \$4200). At the end of each month prizes are awarded (see list at right) for the best "blurbs" received during that month, as follows:

Feb. 29, \$4200 Mar. 31, \$4200
April 30, \$4200 May 31, \$4200
June 30, \$4200 July 31, \$4200
(Contest closes July 31, 1932)

Contest is open only to residents of the United States and Canada. Employees of the manufacturers and their families are not eligible to compete.

In event of a tie, each tying contestant will be awarded full

amount of the prize tied for. Decision of the judges shall be final. All contributions shall become the property of the manufacturers, to be used in any way desired.

Some hints to help you win

Here are some facts about the world's two largest selling shaving creams—Colgate's and Palmolive. Here are some of the reasons why men prefer these famous shaving creams.

PALMOLIVE

1. Multiplies itself in lather 250 times.
2. Softens the beard in one minute.
3. Maintains its creamy fullness for 10 minutes.
4. Fine after-effects due to olive oil content.

COLGATE'S

1. Breaks up oil film that covers each hair.
2. Small bubbles get down to the base of the beard, hold water against each hair at skin-line and soak it soft where the razor works.
3. Gives a close, skin-line shave due to small bubble action.
4. Gives a lasting, 24-hour shave.

Here are the prizes for each month—464 in all!

Seniors Change Play To Be Given June 10

Comedy By Oscar Wilde Is Selected By Senior Class; Alice Bender Directs

"Importance of Being Earnest," by Oscar Wilde, has been substituted for "Janice Meredith" as the senior class play to be presented Friday, June 10, under the direction of Miss Alice Bender.

This play is a famous comedy of manners. Because the play is very modern it will eliminate much work in costuming, during a busy spring term, says Miss Bender. The play is full of humorous, subtle conversation. Oscar Wilde is known for his brilliant repartee.

Tryouts for character parts were held Thursday and Friday of last week, and the complete cast will be selected by the end of this week.

Russell Fryer, Theta Chi, spent Friday and Saturday at the University of North Dakota attending the engineers' open house. Mr. Fryer is in charge of the electrical showing of the engineers for the May Festival.

Ralph Moe and Earl Anderson, Grafton, spent Sunday afternoon with Warren Naegeli at the Kappa Psi house.
