C. B. Larson Succeeds A. A. Nichols As New Physician July First

Board Of Administration Appoints Clinic Doctor As Staff Member

The appointment of Dr. C. B. Larson as college physician has been approved by the Board of Administration, said Dr. C. I. Nelson, bacteriologist, this morning.

Dr. Larson is a member of the Fargo Clinic. He plans to retain his affiliation with that organization. It is believed this arrangement will prove advantageous to the students, stated Dr. Nelson, for besides being able to offer consultant advantages, the Fargo Clinic plans to extend special financial rates to students desiring additional medical care.

Gynecology and internal medicine, are the medical fields Dr. Larson is specializing in. He has had ten years general practice, with one year of special study in Germany.

The appointment of Dr. Larson follows the resignation of Dr. A. A. Nichols, effective July 1, 1932.

Tentative plans call for the establishing of a suite of offices, an infirmary, and apartments, in one of the main buildings on the campus, to enable Dr. Larson to carry out the duties of his office more efficiently.

Student Opinion

We love the custom prevalent on this campus of dismissing stenographers (unmarried, and absolutely unattached) for the sake of keeping employed married women with husbands—most of them capable of supporting their wives, though of course, we realize there are exceptions—in spite of the economy program that we are supposed to be practicing. It seems rather queer to me that the college council, or board of administration, or whatever it is that is playing Mr. Santa Claus to our wedded females should be so utterly unaware of the fact that their recipients are not dependent upon themselves for support. Why should married women be given the preference? Why should the state college support a woman who has other means of support? Why should they help them to buy luxuries with which they can do without—when the same job could be given to a girl to help her buy her bread and butter. It rather distresses me.

Another thing, since we are on the subject, why should married women hold jobs that students could fill, and so help themselves through college? In "these times of depression"—how we love that phrase—it seems utterly absurd to give to one family two jobs when one is adequate; that same job, given to an unmarried woman or a college student, or even to a man with a family to support, could keep one more person with food to eat and a place to sleep, or could help one more student through school. I guess there isn't any justice, after all. Paulson must be right.

We would suggest that the college council or board of administration or whatever it is that is responsible conduct an investigation—and then do something about the results.

The faculty members and other employees on the college campus took their ten per cent cut, and they took it with good grace, but when they start handing out dismissals so promiscuously and retaining other employees without due consideration of the facts involved, it would seem that somebody is getting a trifle too kittenish.—A. P.

The Opera Of Civil

This is during the battle of the Roses when the dandelions grew instead, and pea soup was served to all the apes for lunch. The canary, Little Joe, (they called it Joe for short . . . either for Joseph or Josephine, they didn't know which) sat on a weak limb and whistled the doll dance while two weasels did a little hot cha. Enter, the villain, a horrid old lion with two teeth, one protruding through the right ear. Then there was Mickey the mouse. He had had his front right leg cut off to make stew the preceding night so he now had a wooden leg in its place. He jumps at the lion, winds his three legs around its neck and with his wooden leg clubs the lion to death. Great many roars and awes heard in the interim. This is a powerful scene because the seven little rabbies of the Swayback family have all been eating onions for breakfast. Tears flow freely and Reddy the fox runs wild amidst the salt.

The odor by this time is so bad that Harvey Erlenmeyer enters with his bar of Life Buoy and does them all up right. He can't understand how romance continues in a place like that. What else has he gotten his medal for? The big life saver with a bouyant bar of Life Buoy . . . Well, it's all in the pinch . . . and it all comes out in the wash. By this time the Life Buoy has put everybody in the pink and Harvey exits. Enter, one of the big shots from the Theta Chi house. Funny how all the big guns out at school seem to make such little reports. Well, that is beside the point . . . that's the trouble, there is nothing beside the point. To continue Long Nosed Stop-now enters with a neck like a typewriter. Its Underwood. He speaks his lines and leaves. He's not such a big fool as he used to be—he's been on a diet. The only way he sees the girls home is on a postcard.

Now comes the climax and the end. Let's have our test today instead of tomorrow.

Marian Stern was a dinner guest at the Kappa Kappa Gamma rooms last Monday evening.

Bernice Rhines was a dinner guest at the Phi Omega Pi house Monday evening.

BISON OPPOSE DRAGONS IN FIRST SPRING TILT ON LOCAL FIELD TODAY

Coach Nemzek's Dragons Are Guests of Strong Bison Grid Team

SPEEDY BACKFIELD IS EXPECTED TO FEATURE

Spring Game Is Played For Benefit of American Olympic Games

The Bison veterans and freshman gridgers get their first taste of 1932 intercollegiate football at 4 o'clock this afternoon when Sliv Nemzek's Moorhead State Teachers' team invade the college gridiron. The game is arranged in response to a nationwide program to raise funds for the 1932 Olympic games, according to word from Coach "Casey" Finnegan.

Both teams will have large squads of candidates on the gridiron this afternoon. The game is planned to show the action of the teams under fire and to give the teams practical experience in trying out the new rules of football.

Dragon Squad Large

Twenty-five football men from across the Red river will contest the Bison this afternoon. Among the veterans listed for play are Herman and Jim Krajeck, right tackle and right guard, who are expected by Coach Nemzek to give the Bison linemen and backs no little trouble. Herb Moberg, who received favorable press mention last year as center on the Dragon team, and Bill Robinson, right half back veteran, are among the stars on the team which held the Bison to a 19-6 score last fall and which meet the Bison today.

Finnegan said today he expected to use all his men in an attempt to get a line on which will constitute the first squad for next fall's gruelling campaign which includes games with the Army, George Washington, Oklahoma City university, and the North Central conference football teams.

Speed In Backfield

One of the fastest backfields in the history of the college will get its initial test this afternoon, Coach Finnegan says. Besides the veteran grid lettermen, a number of promising frosh backs will play in the embroglio this afternoon.

Johnny Fisher and Morris Ellingson, speedy veterans in the State college backfield, are expected to tear off large gains for the Bison on end runs and line plays. Viv McKay, three letter athlete, and Joe Selliken, blocking back, are among the veterans listed for competition.

Injuries eliminate several freshman backs, who helped make Baby Bison history last fall when they tripped the Sioux Papooses in both games of the season. Among promising newcomers to play this afternoon is Art Morris.

A nominal charge of 35 cents for adults and 15 cents for students and children will be made at the field gates.

Telephone Executive Gives Demonstration

Sergius P. Grace Discusses Recent Developments In Science May 27

Sergius P. Grace, assistant vice president of the Bell Telephone laboratories in New York, will present a demonstration on "The Marvels of Sound Transmission" in the physical education building Friday evening, May 27. The Senior Ball, originally scheduled for that date, has been postponed until June 3.

Grace is one of the outstanding figures in the field of popular science and his discussion will show recent developments in the scientific world.

Admission to the affair which is sponsored by the Fargo Engineers' club, and the Chambers of Commerce in Fargo and Moorhead, will be only by invitation.

Between Halves

By EVERETT WALLUM

We're rather out of practice in predicting football games, but we'll venture the Bison-Dragon outcome, 20 to 7.

After all, that's a hard game to dope. In the first place there are no preliminary games to base a prediction. Then, too, each coach intends to use his entire squad.

We don't know what Sliv Nemzek has for reserves, but he certainly has a fine bunch of regulars, practically the same men he has had for the past two seasons. Steady athletic progress has made the Dragons one of the most feared normal schools in the country.

Of course the interest from the Bison standpoint will be centered on the freshmen. There'll be the usual cries of "Who's that fellow? I haven't seen him before."

Milton Hollister, the youngster from Medford, Minn., has been showing excellent form in the backfield. He is faster than the ordinary gridder and can snare passes adeptly.

Finnegan will watch closely the caliber of his frosh line candidates. He will need capable reserves next fall. Peschel at tackle shows promise and it is on this position that Finnegan and Lowe are concentrating.

THE BISON NEED NOT WORRY ABOUT A CENTER. EARL THOMAS OF GRAFTON BEARS THE EAR-MARKS OF A VARSITY PIVOT MAN.

Schoenfelder has been working out steadily and seems to be as tough as ever. His passing is especially good and he should develop into a competent ballcarrier in this conference.

Leo Gerteis, Fargo, continues to show class as a blocking back. He is vicious on both the offense and defense. Not only that but he can carry the ball with credit.

Everything is with credit these days.

THEY HAVE BEEN USING GOOD OLD VERSATILE JOE SELLIKEN IN THE BACKFIELD. THIS MEANS THAT OPPOSING TACKLERS ARE GOING TO HAVE A JOB GETTING THEIR HANDS ON THE MAN WITH THE BALL.

Frosh may draw a lot of attention this afternoon, but they'll have a hard time eclipsing the flash that is Viv McKay's. Viv is without doubt one of the most popular athletes in Bison history. Marion's favorite son is also a favorite with those who follow Bison athletics.

Senior Class Gives "Janice Meredith"

Tryouts Yesterday Determine Personnel of Twenty-Four Cast Members

"Janice Meredith," a four act drama by Edward P. Rose and Paul Leicester Ford, has been selected as the senior class play to be presented Friday, June 10, under the direction of Miss Alice Bender.

A historical play, "Janice Meredith" depicts romance in the Revolutionary period. Historical settings and costumes will be in keeping with the theme of the production.

Character tryouts were held yesterday in preparation for picking the 24 members of the cast.

A senior class committee composed of Clifford Bowman, Claire Newell and Jane Canniff chose the play as the annual spring presentation of the graduating group. "Janice Meredith" is taken from the novel by that name written by Paul Leicester Ford, author of numerous other historical works.

Curtis Ball of Sidney, Mont, alumnus of Theta Chi, is visiting at the chapter house.

\$25,000 IN PRIZES!

and may the best "Blurbs" win

464 cash prizes each month—2 first prizes of \$500 each

GET into this shaving cream "blurb" contest, men! Who are you for—Walt or Bill? Palmolive or Colgate's?

We've discovered that men are rabid on the subject of shaving creams. Just try to tell a Colgate user there's anything better! Or try to convert a Palmolive user to anything else. You'll soon find out!

These are the two leading sellers among all shaving creams. Think of that—in a field of 176 competing brands! What we want to know is—why do you like Palmolive? Or why do you swear by Colgate's? Tell us!

Hence this little contest. There's money in it—lots of money. Get some of it! Help Walt out. Or help Bill out. Notice the two empty "blurb" spaces in the picture at the right. In ONE of these spaces (or on a separate sheet of paper) write what you'd say in favor of Palmolive—or what you'd say in favor of Colgate's. Write it now! And note! Mention your dealer's name. Then if you win, he'll win a prize, too.

Come on you shavers—Get in on this \$25,000 argument

Walt wants you Palmolive users to say your say. Bill says "Stick with me, you Colgate users." If you don't use either, start now and take a shot at this real money. And, don't forget, give your dealer's name!

CONTEST RULES

MAIL your "blurb" with name and address to Contest Editor's Dept. CN-164, P. O. Box 1133, Chicago, Illinois.

The prize money (totaling \$25,000) is divided into six sets of monthly prizes (each set totaling \$4200). At the end of each month prizes are awarded (see list at right) for the best "blurbs" received during that month, as follows:
 Feb. 29, \$4200 Mar. 31, \$4200
 April 30, \$4200 May 31, \$4200
 June 30, \$4200 July 31, \$4200
 (Contest closes July 31, 1932)

Contest is open only to residents of the United States and Canada. Employees of the manufacturers and their families are not eligible to compete.

In event of a tie, each tying

contestant will be awarded full amount of the prize tied for. Decision of the judges shall be final.

2. Softens the beard in one minute.
3. Maintains its creamy fullness for 10 minutes.
4. Fine after-effects due to olive oil content.

COLGATE'S

1. Breaks up oil film that covers each hair.
2. Small bubbles get down to the base of the beard, hold water against each hair at skin-line and soak it soft where the razor works.
3. Gives a close, skin-line shave due to small bubble action.
4. Gives a lasting, 24-hour shave.
