Reed College Founder Addresses Convocation Audience Yesterday

Foster Conducts Open Forum On Economic Questions After Convocation

"If it is appropriate to use collective action to kill men abroad it is certainly appropriate to use collective action to save men at home," maintained Dr. William Trufant Foster, economist and founder of Reed college, in a convocation address at 9:40 yesterday morning.

Speaking on "Progress and Plenty Through Social Control", Dr. Foster pointed out that people had ceased to buy first because of lack of money and then because of fear. The application of the laissez-faire policy to business methods has resulted in the development of a "rugged individualism" which is in part to blame for the present economic situation.

Dr. Foster talked amusingly, inserting bits of rather subtle, sophisticated humor reviewing briefly in a somewhat chatty, informal fashion, the causes and the questions that arise in connection with the depression.

During the eleven o'clock hour yesterday morning, Dr. Foster conducted an open forum in Festival hall for those interested in a more intensive treatment of the subject than the limited time of convocation allowed for.

Dr. Foster will speak tonight at the initiation banquet for the Phi Kappa Phi initiates. Yesterday, Dr. Foster was a luncheon guest of the Lincoln debate, club.

GRAY CALLS MEETING OF SENIORS TO ELECT CLASS PROM MANAGER

Upperclassmen Meet On Monday Afternoon To Elect Ball Leader

NO CANDIDATES NAMED

Wallum Will Give Information On Plans For Graduation Exercises In June

For the election of the manager of the 1932 Senior prom, final formal event of the spring season each year, members of the senior class will meet in room 5 of the chemistry building at 4 p. m. Monday, according to an announcement made today by William Gray, class president.

Besides considering preliminary plans for the prom, the class will discuss other current business. Everett Wallum, secretary of the college alumni association, will speak to the class giving information on some of the plans which are being made for the commencement activities in June.

Although it is expected that the position of senior prom manager will attract several candidates to the field supported by the customary "frames," no definite announcement has been received of any candidate for the position of manager.

Organization work of selecting assistants and committees for the annual junior prom has already been begun by Jimmy Berdahl, recently elected ball manager.

Distinguishing Slang

Well, the newest thing in distinguishing fraternities is by their slang expressions. We may rejuvenate our faces, and hide our bad features but we can never get away from our slang. It has gotten to be such a common thing to call up a bim and drag her out on a date. We go down and throw some vittles into our cardiac or let some "denny" trickle down our oesophagus.

The Delta Sigs: "We like it." "If we really thought you meant that."

A. T. O.: "We sure have the meat axe." "Guess we're sure going to town this time." With an extra "Oh Yeah" by Ed Jessen.

The Sigma Taus are continually "putting a stitch in your lip." Or "Aaaalllll rrrriiggghhhhttt!"

Theta Chis have really developed quite an excellent line, whether it comes by correspondence or group gatherings no one seems to know, "but you're a swell kid." "Not bbbbaaadd." "We're just like that-X-pals."

Sigma Phi Delt: "I'll hang one on yah." "How 'bout it?" Now they may be electricians, but they'd better be careful what they hang and where they hang it or they may get shocking results.

Kappa Sigma Chi "Ah Nerts" with Stan Thompson in the lead. They might suffer from inertia, but they have no paralysis of the mouth.

Well, we find you can't inebriate these days with a single word. It's impossible to become a souze or a stew. You simply must become tighter than at hoot owl—too wet to woo. (With all due apologies to Lorna Doone Jackson). And again the old gag, suddenly taken drunk, is coming back again.

If you're slack on your gift of gab try out a few of these. It seems to be the racket, a regular tear down and drag out. If you don't enjoy it just tie my hair in knots. This newsy rag is just full of a lot of potato peelings. You may be consistent but you're certainly misguided. I won't be any man's tear jug. You know about as much as cockroach knows about free wheeling. "You can't wife me, I won't be any woman's meal ticket." Can't make it tonight. I'm all washed up, broke as the 18th amendment. We've reached the end of our rope, we hope you like it. They hang wall paper and still let me live.

DANCING PUPILS ARE CLUB ENTERTAINERS

Three pupils from Frances Wright's school of dancing will present a group of numbers as a special feature of the regular meeting of the college French club in the college Y. M. C. A. Wednesday night. Debate

For some reason or other interest in debate has been on the wane in the last decade. Athletic sports with their more profitable gate receipts have replaced it. It is much easier to be pleasantly amused at a colorful football game that appeals to our easily aroused emotional side than to give careful attention to the development of an argument.

Tomorrow night we are sending a debate team to the University of North Dakota—a college that we meet in both football and basketball every year. On the following night the University sends a team here to engage our men.

Interest in the speech arts is not entirely dead as is shown by the packed auditorium at the annual state oratorical contests.

The subject debated this week is one of national interest. It has many angles and should prove as interesting as any amount of orations on the Constitution.

It would be a source of gratification not only to the debaters and their coach, but to all those interested in the speech arts and their promotion, to have an attentive audience to witness the debate on Thursday night.

Turtle Oil

By Gripping Gerty

Now we haven't even got spring to explain the queer antics of our college boys and girls. Maybe we could use this to explain some of the puzzling things one sees and hears—In his book on Why We Behave Like Human Beings, Dorsey says, "Rational conduct is a dream." I gather that enough has been said.

The North Central press conference has once more come to a riotous close. All have arrived home safely—which certainly is much more than we ever expected from the gods that be. They tell me, of course, one never can believe all that he hears—but the proverbial two-thirds has been subtracted) that the Fargo-Grand Forks delegation finally left in one Ford roadster. Some people haven't figured that out yet. But some of us understand. The conference will hold its meeting next year in Grand Forks. The walk home won't be so bad, anyhow.

The State college debating team will meet Grand Forks tomorrow at the University. Although Fredrikson and Gilles are not to debate they have serious intentions of making the trip. It seems that Kappa Alpha Theta has a nice chapter at Grand Forks.

Frank Walz again spent the weekend in Minneapolis. That boy doesn't know the meaning of the word "enough." Ross Cone was with him this time; we don't know whether he went for purposes of protection or—

Two subtle (?) remarks gleaned from classes—The economic science 6-2 class was discussing the waste of the federal government; it was decided that the money spent in maintaining bureaus was wasted. Don Wardwell, however, maintains that some bureaus are really serving the American public; for instance, there is one that is acquainting the American people with the mating habits of bull frogs. We wonder if bull frogs and donkeys are comparable. But maybe that is beside the point.

Don McNaughton is taking German 2 at eight o'clock in the morning, and the early hours are beginning to tell on him. The class was discussing the German youth movement; the professor in charge was comparing it to the Boy Scout movement in the United States. He asked Mr. McNaughton for the pledge of the organization. Mr. McNaughton, catching "pledge" and "Boy Scout," drawled in a sleepy voice (how we wish tone could be expressed by words) "Be prepared." We might appropriately say, "Practice what you preach," or "Stop, Look, and Listen."

The Theta Chis have hung another pin; this time they picked on the K. D.'s. (The policy of this paper is to use names only when necessary).

They had a pajama party at the practice house the other night. I lost part of mine at a party one time—at a laundry party.

Connolly comes in the office and says, "I remember one day in Home Ec class"—he wasn't able to continue.

This column has been censored. How we love these lady editors. Thus endeth the reading of the third lesson.

As at West Point the United States army school, St. John's school of Delafield, Wisconsin, has made dancing compulsory on the part of the student body. This is done to give the students courage in themselves and to make a good impression on the people who attend the dances.

It does not take much to discourage college professors—not much! An English and German instructor at the University of Arkansas recently took his own life when the young lady that he had taken to a New Year's party left with another escort.

BISON BOXERS INVADE MINNEAPOLIS MATCHES ON THURSDAY, FRIDAY

Team Leaves Here Wednesday For Golden Glove Tourney Matches This Week

PLAYERS ARE ELIMINATED

McMillen, Ostrander, Jahnke, Dehne Carry Bison Hopes In Bouts

With somewhat weakened strength due to the elimination of several leading scrappers, the Bison boxing team leaves Wednesday on a boxing invasion of the Golden Gloves tourney matches at Minneapolis, scheduled for Thursday and Friday of this week.

Carrying the Bison hopes in the matches at Minneapolis, are Rod McMillen, boxing team captain and semi-finalist in the Golden Gloves tourney last year, Ronald Ostrander, Walter Jahnke and Ed Dehne. Bobby Ward, lightweight champion, and Roman Pung, leading welterweight contender, are not planning to make the trip to the tourney this year, although they played prominent parts in the tourneys of the past two seasons at Minneapolis.

Loy, Dvorak Out

The strength of the Bison challenge was lessened somewhat with the announcement that Ted Loy, Bison lightweight champion and winner of the Golden Gloves division two years ago, and Frank Dvorak, Bison champion in the middleweight class, will not make the trip eastward this year. Loy has been suffering from an injured back, while Dvorak will spend the allotted time in completing some study work.

McMillen and Jahnke have promise of going far in the Twin City tournament, sport fans believe. Rod is in excellent fighting trim to meet contenders in the lightweight division. Jahnke, a promising freshman welterweight, is picked as a probable semi-finalist or winner in this highly contested group. Ostrander will scrap in the heavyweight division, while Dehne is a bantamweight contender. Both have trained hard for the matches.

Gillson, Felber Fight

Preparations are advancing rapidly for the Bison-Sioux boxing matches at the physical education building here on March 31, according to Lt. Fay Smith, boxing instructor. Among the newest of the promising fighters from the Grand Forks institution to appear as contenders are "Nip" Felber and Ray Gillson, Nodak football and basketball stars. Competition from the university promises to be exceptionally keen in every division from heavyweight to the bantamweight.

Novits Wins First Honors In Tourney

Predicted Winners Are Downed In Final Rounds of Pool Tournament At "Y"

Victims of bad breaks in the Y. M. C. A. rotation pool tournament held in the Y Dugout Friday night, the predicted winners of the meet were defeated in the final rounds.

In the two and one-half hour contest, William Novits was awarded first prize, a one pound box of candy, while Orville Stolt and John Danrot annexed second and third places. There were thirty-two contestants registered for the match in which a winner was compelled to win two of three games played.

A tournament of eight ball will be played at the Dugout next Friday evening at seven thirty in which all college students will be eligible. Prizes will be awarded the three leading players.

At seven thirty Saturday evening the Y will hold a Ping Pong tournament for all students wishing to compete.

PLAY TRYOUTS BEGIN TODAY, SAYS BENDER

Tryouts for the spring term play of the Edwin Booth Dramatic club will begin at 2 p. m. today, according to Miss Alice Bender, instructor in public discussion. The tryouts will continue until five o'clock this afternoon in the Little Country theater.

Although the play is sponsored by the Edwin Booth club, the cast is not restricted to club members. Any student regularly enrolled in the college is eligible to try out for a part in the play, says Miss Bender.

SAALWAECHTER ISSUES FIRST TRACK CALL FOR FRIDAY AFTERNOON AT 4

New Cinder Track In Basement Accommodates Candidates In Spring Season

BISON COMPETE IN LATE SPRING RELAYS

Having completed the varsity basketball season, Coach Leonard T. Saalwaechter has issued the first call for track men and will start to condition aspiring candidates for the spring season. Saalwaechter requests that all men interested in track report at the new physical education building at 4 o'clock on Friday afternoon.

A good cinder track has been completed in the basement floor of the new building and it will easily accommodate all the men that report for track. Inclined curves have been built and a suitable place for sprinters as well as distance runners is now ready for use.

It has been planned that the Bison team will compete in the Dakota relays which will be held at Sioux Falls, S. Dak., later in the spring. Three relay teams and special event men will be taken along to represent this school. The relay teams will consist of the 440 sprint relay, the mile relay, and the distance medley which is made up of a 440, 880, three quarter mile, and a mile man.

Few Veterans Back

Veterans from last year's team that will be available for the team this season are: Rod McMillen and Myron Pond, middle distance; Jack Grohnke and Leal Thomasson, sprints; Norman McKendry, hurdles; Ernest Hall, distance; Clarence Orness and Paul Bunt, javelin; Viv McKay, weights and high jump. Some promising candidates from the sophomore ranks will also be eligible for the varsity. These men include Carmen Hunt, high jumper; George Kafton, sprinter; Emmet O'Day and Bud Habener, hurdles, and George May, hurdles and the sprints.

Freshman Team Strong

There are big prospects for a strong freshman team this spring with such men, as Fritz Hanson, Bud Marquardt, Bill Gove, Milton Hollister, Arthur Stegge, Acey Olson, Charles Ellis and Charles Christianson leading the squad.

Three Fraternities Enter Teams In City Basketball Tourney

Alpha Tau Omega, Alpha Sigma Tau and Theta Chi Form Quints

With three college fraternity teams, each boasting of an all-conference basketball star, entered in the city basketball tournament, more than usual interest of the State college student body is directed in the series of basketball games which began last night in the Moorhead Armory.

Excellent prospects for honors are held out for the Alpha Tau Omega, Alpha Sigma Tau and the Theta Chi teams entered in the event with victory assured to no team. Teams from Concordia and Moorhead State Teachers' colleges and several from Fargo and Moorhead also have strong bids for the title at stake.

Led by Donald Arthur, Bison scoring ace and all-conference forward, and Walt Olson, second all-conference team star, the Theta Chi team will attempt to equal or better their record of last year, when the team took the runner-up place in the city tournament. Blair Seitz, Earl Thomas, Roman Meyers, Dolson Hill, Fritz Hanson, John Fisher, and Milton Hollister are other members of the team.

With Viv McKay, brilliant all-conference guard, as a scoring threat, Alpha Tau Omega will hold a strong chance to take a prominent place in the tourney. Ikky Nordstrom and George Fairhead, Bison lettermen, will form a nucleus of the team with Earl Schranz, Bud Marquardt, Acey Olson, Ed Jensen, Bud Habener and Hank O'Day vying for other places on the quint.

Building up their game around Bob Weir, six foot seven inch all-conference center, Alpha Sigma Tau fraternity will also prove a strong team, reports indicate. Milton Jacobson, highest scorer

in the intramural basketball league, Jimmy Berdahl, Bob Thompson, Curt Denenney, Bob Freeman, John Walker, Joe Selliken, and Lyle Stinson compose the remainder of the team members.

Ronald Kvenmoen and Joe Blakeslee, State college students, are also competing in the city hoop race as members of the Blue Lantern team.

YWCA Has Informal Activities Program For Coming Quarter

Annual Election of Officers Is Scheduled For April 7, Says Mrs. Teet

With the completion of the winter term activities of the college Y. W. C. A., an informal program will be followed during the spring term as has been the custom in former years, says Mrs. Carl A. Teet, general secretary.

Although the various interest groups are not active during the spring term, several major interests require the attention of the Y. W. C. A. members, says Mrs. Teet. April 7 is the date which has been set for the annual election of officers. Plans are being made to organize a nominating committee to select candidates.

Valley City State Teachers college will be hosts to members of the college Y. M. C. A. and Y. W. C. A. organizations in the state this year when delegates meet for their annual state spring conference April 28 to May 1. Jane Canniff, local Y. W. C. A. president, is chairman of the state conference this year.

A national convention of the Y. W. C. A. has been scheduled for May 5 to 11 in Minneapolis. Preparatory to the Lake Geneva conference in June, the local Y. W. C. A. unit will stage a Geneva meeting with the last spring's delegates, Margaret Dadey and Ovidia Carstens, in general charge.

Members of the freshman commission and the cabinet will maintain their activities throughout the term. The regular Blue Monday teas will also be held.
