NUMBER 51

Senior Ball Closes Formal Season For N. D. S. C.

College Athletes Hold Intra-Mural Finals Tomorrow

Leo May Expected To Better His Own Records In Field Finals

Schwartz And Hunt Will Hold Jumping Duel On Saturday

A late notice received just before the Spectrum went to press informs us that the intra-mural meet finals will be held at Dacotah field this afternoon (Friday). In order that Saaly's trackmen can attend the meet at the University Saturday.

With Alpha Kappa Phi predicted to win the meet, athletes representing the various fraternities on North Dakota State College campus will assemble at Dacotah field tomorrow afternoon in the final intramural track competition of the 1931 season.

Preliminaries and elimination for the meet were begun yesterday and will be completed this afternoon, according to Coach Saalwaechter, in charge of the competition.

Many forecasts for record to be broken during Saturday's competition have been made by college dopsters. Three records were smashed at the last meet although bad weather hampered the completion of the finals.

Leo May, veteran letterman of the gridiron, basketball court, and track, has been predicted to break at least one of the two new records set at the last meet in the discus throw and the shot put. He has bettered both the 40 foot shot record and the 129 foot discus mark in practice sessions.

The high jump duel between Gust Schwartz and Carmen Hunt promises to set new high marks for future competition on the college athletic field. Schwartz bettered the 5 foot 11 inch record in the recent meet with the Sioux tracksters and the keen competition tomorrow may cause both Schwartz and Hunt to scale new heights.

Students Asked To Call For Textbooks

Checks And Books Will Belong To College 'Y' After 5:00 P. M. On Friday

According to the manager of the Y. M. C. A. book exchange, Lawrence Erickson, there are many books which have been left during the last two years at the 'Y' office. These books are not used in the college now and are of little value, stated the manager.

The exchange plans to function more efficiently next fall and is asking that all students who have books there, to call for them on Thursday, May 28 and Friday, May 29 between the hours of 1:00 and 5:00 p. m.

There also are a few checks that should be called for before next Friday at which time all remaining books will be disposed of as the property of the 'Y' and the checks will be cancelled.

ATELIER CHAT NOIR PICKS OFFICERS FOR NEXT YEAR

At a recent meeting of Atelier Chat Noir, of the State architectural department, the officers for the coming year were elected as follows: president, Al Brierly; vice-president, Byron Tharalson; treasurer, Al Bordeleau; and publicity agent, Frank Clark.

After the choosing of the new officers, there followed a brief business meeting during which plans for the new year were discussed.

Appreciation was expressed for the services of the past officers: Herm Skaret, Henry O. Zwerg, and Harold Henning.

SENIOR BALL LEADER

Wallace Lovsness

A leader of the Senior Ball, Lovsness closes an eventful life at State College. He is a member of Sigma Phi Delta, social fraternity and belongs to Blue Key and Tau Delta Pi, honorary groups. He was second in line at the Military Ball. Lovsness graduates in June from the school of engineering.

Gortner Speaks At Annual Phi Kappa Phi Program Day

Amos Van Vorst Presented With Stockwell Award At Convocation

The importance of biochemistry in the world, its accomplishments and some of the problems facing the biochemists were presented to North Dakota State College students by Dr. Ross A. Gortner, head of the division of biochemistry at the University of Minnesota, in an address on "Biochemistry and the World Today" in the college armory Wednesday morning.

Dr. Gortner came to Fargo as the guest speaker for the seventh annual recognition day program for the college chapter of Phi Kappa Phi. Twenty-four outstanding senior students were publicly honored at the convocation.

Presiding at the convocation was Dr. L. L. Carrick. Amos Van Vorst was presented the annual Phi Kappa Phi prize by Walter L. Stockwell, honorary member of the chapter. Musical numbers were played by the Sigma Alpha Iota ensemble.

JACK STEWART SUFFERS FROM HEALTH RELAPSE

According to information received by C. C. Finnegan, Jack Stewart who is now in Los Angeles recently suffered another relapse in health. Mr. Stewart will be remembered as the super publicity man at this college last fall and who formerly acted in the same capacity at the University of North Dakota. He has been ailing for some time and had suffered a breakdown last spring. After a rather strenuous three months at State college he was forced to go to California to gain back his health.

OFFICIAL NOTICE!

Treasurers of All Student Organizations. Attention! The faculty auditing committee will meet Saturday morning in Room 209, Science hall. The blanks for annual reports of all student organizations should be secured at that time.

Are your books ready for auditing? If so, bring them on Saturday.

Chairman of Committee. F. C. Householder.

Lovsness, McLane Will Lead March During Evening

More Than 100 Couple Expected To Attend Season's Last Formal Prom

A formal ball, one of the last formal college affairs for members of the 1931 graduating class at North Dakota State, will be held in the Crystal ballroom tonight with more than 100 couples expected to be in line when the grand march forms at 9 p. m.

Wallace Lovsness, ball manager, and his guest, Mary McLane, will be first in line, followed by Roland Olson, assistant manager, and Margaret Hagen. F. Neal Baldwin, president of the class, and Helen Carstenson will be third in line and Leo May, as the outstanding class athlete, and his guest, Helen Stokke, will be fourth.

Many Guests

A host of institutional representatives have been invited to attend this year's ball among them being: President and Mrs. J. H. Shepperd, Mr. and Mrs. P. F. Trowbridge, Mr. and Mrs. C. F. Monroe, Dean Alice Pearl Dinan, Dean Alba Bales, Dean and Mrs. Arland D. Weeks, Dean and Mrs. H. L. Walster, Dean and Mrs. L. L. Carrick, Dean and Mrs. R. M. Dolve, Dean and Mrs. A. E. Minard, Dean and Mrs. W. F. Sudro, Mr. and Mrs. A. H. Parrott, Mr. and Mrs. H. W. McArdle, and Dean and Mrs. I. W. Smith.

Decorations characteristic of the spring season will be featured throughout the ballroom. A special sunrise dance number, with special lighting effects, will be one of the decoration features. Multicolored lights reflected by silver screens will be used. Special program favors will be presented to the guests.

Chaperons Named

Prof. and Mrs. Homer B. Huntoon and Major and Mrs. E. A. Lathrop will chaperon. Feature numbers will include numbers by the Kappa Kappa Gamma quartet, a balloon dance and novelty dances.

Assisting the ball manager and his assistant with arrangements are: William Ball, music; Amos Wallum, publicity; Robert Carlson, decorations; Leonard Luther, finance; Charlotte Howland, programs; Mary Hassell, invitations; Robert Olsen, features; Simon Mark, refreshments, and Leonard Friberg, floor manager.

Call Issued For Trials On Crack Drill Squad

Bill Burton Is Director And Has Charge Of Choosing 12 Eligible Men

With the purpose of reviving the North Dakota State College "crack drill squad", which group of ROTC drillers were well known throughout the northwest seven or eight years ago for their marching and gun handling ability, first call was made for candidates yesterday at the armory by Bill Burton, director.

At the meeting yesterday the principles of the "crack squad" drilling were explained and demonstrated to interested students by Burton, who was captain of a similar squad at Shattuck Military School, Faribault, Minn., a school which has held a nationwide reputation for its drill groups.

Twelve members of the college ROTC corps will be the limited number for the squad, according to Director Burton, who will not make definite announcements of the squad roll until the beginning of next school year. Tryouts will be held at announced periods this spring to determine who will be the most eligible candidates for squad positions.

Active and pledge members of Phi Omega Pi will hold their annual picnic supper Monday night. Hazel Redman is in charge.

MANAGER'S PARTNER

Mary McLane

Miss Mary McLane of Minot has been chosen by the prom leader as his partner. She is a member of Phi Omega Pi sorority and is registered in the school of pharmacy. Mary holds the position of Junior member on the Board of Publications.

Sigma Tau Delta Sponsoring Frosh Writing Contest

English Fraternity Offers Cash Prizes To Winning Yearlings

A contest in creative writing with all freshman students enrolled in first year English classes participating will be innovated on North Dakota State College campus by Omicron Gamma chapter of Sigma Tau Delta fraternity, national honorary English organization. The department of English is co-operating with the fraternity in sponsoring the contest. Cash prizes will be given the winners.

Because one of its purposes is to maintain an interest in creative writing, the fraternity is sponsoring the contest among freshman students.

Monday, June 1, has been set as the dead line for entering manuscripts to be written as a theme during a regular English class period under the supervision of the instructor in charge.

Topics selected for the contest from which a student will choose one are: "Characterization of Myself Five Years Hence"; "Why Should One Visit the Badlands?"; "Windows"; "Is There Anything Stimulating in Small Towns?"; "What Is the Economic Future of North Dakota?"; "Can We Have Any Fun with a Dictionary?"; and "If I Could Be a Certain Animal for a Day I Would....".

A five dollar cash prize will be awarded the student writing the winning manuscript. The second prize will be three dollars in cash, and third, two dollars in cash. Ten honorable mention awards will be made. Members of the English department will judge the manuscripts.

WOMEN TENNIS FINALS SET FOR WEDNESDAY

The women's tennis finals are to be played off next Wednesday on All-College day. The tournament has advanced to the third round which was played off Wednesday, May 21. Those left after eliminations are: G. Metzinger, B. Streit, M. Larsen, E. Kelly, M. Tronnes, R. Clemens, M. Metcalf, E. Eklund, M. Murphy, M. Narum, L. Sheldon, D. Smith, L. McGrath, M. Powers, M. McNair, and M. Deuser.

The seeded players are G. Metzinger and E. Kelly.

Mrs. L. O. Ramstad, Hettinger, visited at the house last week.

Thirteen Skits Are Entered In Annual All-College Event

Gamma Phi Beta To Begin Acts With Unannounced Program

Cup Awarded To Best Fraternity And Sorority Acts On Wednesday

That the all-college day convocation is beginning to take on wider dimensions is shown by the number of organizations that will compete for the annual cup. Thirteen short skits will be offered to make the period the greatest ever witnessed at the college since the creation of the annual event. The skits this year will follow the fresh-sophomore song contest.

Gamma Phi Beta will lead off the skits with an unannounced program. Kappa Kappa Gamma will present a vocal quartet with Miss Ruth Clemens as accompanist. A comedy skit by Phi Omega Pi suggests something of interest for the period, and the Kappa Delta group will present The Three Bears in a tap dance.

For diversification on the program, Alpha Gamma Delta will present a reading. Songsters from the Alpha Sigma Tau house will follow the reading. The Nonsensical is what the Alpha Kappa Phi group terms their presentation, and so they further the idea of mystery for the affair. Instrumental music from the Kappa Sigma Chis will take the form of accordion and violin presentations.

An orchestra featuring saxophone solos by Rudy Herd will take up the time of Theta Chi and a three act tragedy by the Delta Sigs adds another reason for attendance at the convocation. Delta Tau Epsilon presents "John Takes a Polish", while Kappa Psi ends the period with a pantomime of music.

According to Jack Vincent, in charge of the convocation and commissioner of public speaking, the final arrangement of the program has not been definitely decided upon, but it will in all probability take on much the form given here. The band and the glee club also will take part.

Senior Staff Lunch Planned Wednesday

Senior Women Asked To Attend In Lincoln Log Cabin; Varied Program

Inaugurating a new tradition at N. D. S. C., Senior Staff is sponsoring a senior girls' luncheon to be held on All-College day at 12:00. It was felt that since there are so few chances for senior girls to become acquainted with other girls in their class, a contact should be established whereby they might at least know who were to graduate with them. This year Miss Thomas and her committee consisting of Miss Eliot, Marion South, and Ruby DeOtte are planning to make this luncheon an outstanding event of All-College day. It will be given in the Lincoln Log Cabin on the top floor of Main. A program of music, tap dancing, blues singing, and short talks is promised in the line of entertainment while the eats, Miss Thomas assures us, are to be of the best. Tickets for the affair are to be thirty-five cents, and all senior girls are urged to attend.

FARMHOUSE REDECORATED

The State college farmhouse, residence of Monroe Kirk, farm superintendent, underwent a few changes last week. Wallpapering, polishing the floors, repairing the front porch and foundation were done in the way of remodeling.

A fraternity house party at Detroit Lakes was enjoyed by Delta Kappa Sigma last weekend.

MEMBER NORTH CENTRAL PRESS ASSOCIATION

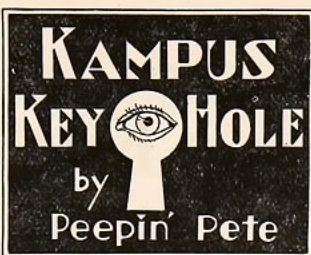

STUDENT OPINION

School is an enormous factory in which the instructors labor at making large and efficient burlap bags. For four years the students sit silently in classes and watch the "Profs" busily working on the pretty brown burlap. At the end of the period of four years, (each graduate is presented with the pretty piece of burlap, his to hold for the rest of his days. The state pays a lot of money to teach its young men and women to hold the sack.

The student is left with one aim in college, and that is to forget that he is an individual, and that he has a mind of his own. The student comes here to be developed and only learns to get grades. A grade, by the way, is a number that tells the world that one knows 85 percent of the course when he actually has only memorized that much of the text. Can a person develop his personality by rote memory? A typical scene in a class room is an instructor speaking to a student in this manner, "Quit thinking so much. If you can't see my point of view, take your 50 and get the hell out of here."

Every one has seen the rooter kings leading the whole student body of some institution in a yell in unison. There isn't much of a transition from the football field to the class room where the students are led by another who brings them into unison in a mental way. No wonder that Donald McKee draws his college students all alike. It's too bad anyway that the whole bunch doesn't look exactly alike. Perhaps it is a lot better to keep down the individuality of the students. Men who have done too much thinking have been forced to spend some lonely years in prison just for doing it. Taking that point of view, college should be fair with itself and adver-

tise that it teaches one how to keep out of jail unconsciously. On the other hand no one tries to keep one from thinking in a cell, and so we still don't know which is the better, school or pen. The pen may be stronger than the pointer.
Goofy MacSnuff.

THROWIN' THE BULL AT THE BALL!

We see the Spectrum ran a head stating—"Senior President To Be Recognized At Ball" . . . Well, keep your hat on, Baldwin, so we'll know you . . . Lovness, that good old veteran Prom-trotter will be there . . . Halstad Boy Makes Good In Big City . . . The big feature of the ball is supposed to be a "surprise" . . . The only surprising thing about any Ball is finding out what elephantine clumsiness can be exhibited by some of these "hot-steppers" . . . For the Seniors it's supposed to be the last formal function of the year . . . but there will be Balls and Balls long after the good old cow-college is but a memory . . . The Seniors will be passing out at the Ball . . . some with mixed emotions and some with potions mixed . . . Lovness says "a delightful time will be had by all" . . . "One-Round" Mary McLane will be there . . . 'ray for Minot . . . Tracy Johnson suggested a fast one for our column the other day . . . It seems as though a new seed research man has joined our midst . . . named Flor . . . "See," sez Tracy, we now have a Flor but not the Doerr" . . . see, door . . . floor . . . door . . . floor . . . heh; heh! . . . The band played on . . . and we danced . . . we smiled . . . I told you Mary was the one to pick . . . an' th' band played on . . . and we thought . . . "My Gawd! Will this brawl never end . . . an' th' band played on . . . someone bumped into us . . . it was hotter 'n Hell . . . the good old band tried to get hot . . . they were . . . & ! ! * ! ! . . . can't that bim keep off a guy's feet? . . . a fellow wants me to have a little Schnitzelsnoofer with him . . . maybe I will . . . and still the damn band plays on . . .

SONGS FOR THE SENIOR BALL.

1. Wastin' My Dough On You.
2. Black Eyes.
3. Don' Send Me Posies When It's A Job That I want.
4. Reach For The Moon.
5. Red Lips Turn Your Breath Away.
6. A Miss In Th' Dark.

Last Line: O-O-o-o-o-o-o-OH!!

SERIES NO. IV. COLLEGE AD

Bright Future Smiles on Students of the North Dakota State College of Agriculture and Mechanic Arts

The College offers you its resources at a minimum of expense. What do you wish? Here are the possibilities:

School of Chemistry
Here is a fascinating field with unlimited possibilities. Some of the graduates teach in high schools and colleges, some are cereal chemists and

agricultural chemists, some use chemistry as a foundation to prepare for medicine, dentistry and other professions that require a chemistry background, but the majority of alumni enter industry and research.

In almost every field of industry, the chemist is the forerunner of progress. He paves the way for expansion. As one of the outstanding schools of chemistry in the country, North Dakota State college has made a generous contribution in this growing field. It has sent graduates to industrial concerns as chemists, tech-

nical directors, superintendents of plants and technical salesmen, research directors in the laboratories of prominent manufacturing companies.

SERIES NO. V. COLLEGE AD

Better Positions Face Students of the North Dakota State College of Agriculture and Mechanic Arts

The College offers you its resources at a minimum of expense. What do you wish? Here are the possibilities:

School of Science and Literature
Those desiring a general, broad education find this school adequate for many fields. Some graduates teach in colleges and high schools. Some go

into banking, real estate, insurance, operating retail stores, practically every field of business.

Some enter recreational work such as supervising playground activities and home talent plays, coaching bas-

ketball, football and track in high schools and colleges.

A large portion of graduates from this school take up writing, both for magazines and newspapers, finding the varied courses of the school valuable for this profession.

SERIES NO. III COLLEGE AD

Good Positions Await Seniors of the North Dakota State College of Agriculture and Mechanic Arts

The College offers you its resources at a minimum of expense. What do you wish? Here are the possibilities:

School of Mechanic Arts (Engineering)
In the department of architecture and architectural engineering, some graduates enter the teaching field, some of the journalistically inclined write for architectural publications, and some find occupation as building inspectors with reference to fire hazard and fire insurance.

But it is in the technical field that most graduates find employment. Some of the occupations already received include positions in offices of architects, managing branch offices for building material business, salesmen for construction materials, superintendents with corporations which have large building programs such as railroads, automobile concerns and the like.

Cities and states need architects for public projects, real estate concerns take their quota of graduates and some alumni secure positions as superintendents of public buildings such as postoffices, hospitals, and customs offices.

Fields in civil engineering include: Surveying and mapping, building of bridges, building frames, towers, dams, oil and gas tanks, constructing tunnels and subways, constructing water supply and sewage disposal systems.

Manager of municipal works, railway, highway and canal construction maintenance, control and regulation of rivers to prevent floods, coast and harbor works, development of water power, irrigation works, valuations and appraisals.

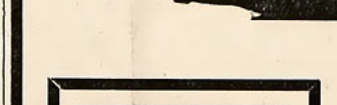

Recent mechanical and electrical engineering graduates from the college have upon graduation been em-

ployed by the companies and organizations in the following partial list:

American Engineering Co., Philadelphia, Pa.
Bailey Meter Company, Cleveland, Ohio.
Bell Research Laboratories, New York City.
Combustion Engineering Corporation, New York City.
Commonwealth Edison Company, Chicago, Ill.

The GLOBE

102-104 Broadway, Fargo, N. D.

LAST DANCE OF THE SEASON IN FARGO'S WONDER BALLROOM **THE CRYSTAL** Tomorrow Night

Collegiate Marksmanship Set High Standards

BISON GUNNERS ADD NINE POINTS TO '28 MARK BUT ARE 8TH

Texans Win National Honors With High Score Of 7629 Points

Majority Of State Team To Return Next Year For Matches

North Dakota State College marksmen will have to shoot some phenomenal scores next year to retain the Bison leadership in the National Intercollegiate Rifery circles, according to Capt. J. B. Conmy, rifle coach. The college riflemen, although they shot a seasonal score of 7629, a score which is nine points higher than the tally which won the event for the college in 1928, took only eighth place in the 1931 matches, based on figures recently received from Washington, D. C.

Texans Score Highest
Shooting the highest score recorded in the matches this year was the Texas A. and M. institute with a final count of 7752 points. A score displaying this rifle accuracy is regarded as phenomenal, according to the Bison coach.

Marksmen from the University of Washington countered 7710 for second place and the succeeding places were taken by Culver Military Institute, 7709, and the University of Iowa, 7707. The University of Iowa was the only Seventh Corps Area college squad to surpass the record of the North Dakota State College riflemen.

Thirty-four college teams, victors in their respective corps areas to the third and fourth places, competed in this annual sharpshooting match, which fact made rifery competition especially keen. Among the schools defeated by the Bison shots were: Georgia Technology, Cornell, Carnegie, Ohio State, University of Missouri, Minnesota, Wisconsin, Nebraska, California, Michigan, and Tennessee.

The members of the college team for the 1931 season were: Baird, Ryan, Glen and Earl Schoessow, Hanelt, McKendry, Oftebro, Forman, Gelnett, Hubert Smith, V. Thompson, Wahl, and Wolhowe. The majority of the team will return next season.

HINMAN IS COLLEGIATE FEATHERWEIGHT CHAMP

Max Hinman is the newly-crowned featherweight titleholder at the college having defeated Ed Dehne in a private bout recently, according to Lieut. Fay Smith, boxing instructor.

Hinman, a freshman fighter, was the college representative at the 1931 Golden Gloves Tourney at Minneapolis. He was eliminated there only after an extra round was fought and the judges' decision was rendered to his more experienced opponent.

BASEBALL LEAGUE SWINGS TO ACTION TOMORROW P. M.

Taus Play Y. M. C. A. In Opener; Delta Taus and Kappa Phis To Meet At Four

The Intramural Baseball league will swing into action Saturday, May 23, weather permitting, with first round games being played by the Y. M. C. A. and Alpha Sigma Tau, and Delta Tau Epsilon and Alpha Kappa Phi, at 2:00 and 4:00 p. m. respectively. The second round will begin next week with Theta Chi playing Kappa Psi, and Delta Kappa Sigma playing Sigma Phi Delta. In the upper bracket the winner of the Y-Sigma Tau game will play Alpha Gamma Rho, while in the lower bracket the winner of the Delta Tau-Kappa Psi game will play Kappa Sigma Chi.

Pre-tourney dope points to four possible winners, the Delta Sigs, the Kappa Phis, the Gamma Rhos, or the Theta Chis. Because the Sigs have practically the whole championship team of last year, they are the favorites to come through with the pennant again. The one weakness of the team has been eliminated by the presence of Kvenmoen in the lineup.

The favorites in the upper bracket, the Gamma Rhos, have a good all around ball club, the strongest players probably being Thomasson, Strong, and Robertson. The Kappa Phis have a classy infield in Fairhead, Hanson, McKay, and Nordstrom and promise to be very much in the running. The other team that may be in the finals is the Theta Chi aggregation which boasts of a number of good batsmen and fielders. Last year's pitching weakness is said to have been overcome.

UNIVERSITY MEN DEFEAT VARSITY GOLFERS TUESDAY

36 Hole Contest Played Through Rain And Snow; Sioux Gain 14-3 Margin

Playing under the worst conditions that have ever confronted the two rival teams, four men from State went down to defeat at the hands of the University golf team at Grand Forks Tuesday. The result of the 36 hole contest through rain and snow showed a 14-3 advantage for the University. In the morning rounds Fairhead and Crewe playing doubles failed to score a point from the University twosome, Fletcher and Moore. Faber and Anderson succeeded in gaining one point when they copped the most holes on the second nine.

Fairhead and Faber were the only two Bison golfers able to score in the singles. Fairhead playing number one position last the first nine to Larson and rallied on the second to score a point. Faber in number three held Hatelid of the University on even terms after losing the first round four down. He tied the first five holes and won the last four giving State one point on the last nine and a split on the 18. Faber's card of 40 on the last round was the lowest single nine. Moore of the University, however, turned in the best card for 18 which totaled 85.

Anderson lost to Fletcher who took number two position. Ed Crewe in number four dropped his match to Merle Moore. Moore although playing in number four position played the best golf of the day.

A return match is being arranged and probably will be played next Tuesday.

Tennis Tournament Pairings Being Made

Eighteen Men Signed Up By Yesterday; Finals Held All-College Day

Drawings for the campus tennis tournament which will be completed on All-College day were made yesterday afternoon. Before the Spectrum went to press 18 men had signified their intentions of competing for the silver loving cup offered by the Student Commission.

Heading the list of entrants is John Dixon, finalist in last year's tourney, who is playing No. 1 on State's team. Dixon gave a remarkable exhibition of tennis last week when he downed Harold James of the University in three hard sets. John Walker, No. 2 on the team is also given an excellent chance to win. He won a victory over Gordon Hazen who was conference finalist at Brookings last year.

Besides Walker and Dixon, the two other members of the team, Faber and Wurdeman, will be seeded in the drawings. Faber played No. 3 posi-

tion Saturday in the match with the University and lost in three sets. Wurdeman dropped his match Saturday but is expected to make it tough for the veterans during the tournament. Birch Horton, who is placed on a par with Wurdeman and Faber is expected to make a fine showing also.

Besides the men on the Varsity team the following are entered: B. Sturch, E. Hogan, F. Carleton, F. Callinan, Z. Taylor, F. Alams, W. Whitman, B. Hatch, W. Heinz, P. Faber, Max Hughes, James Konen, and Art Knight.

Strengthen your Defense Mechanism

with the **Pause** that refreshes

The best defense is the attack. The best time to attack is when you're feeling good. You feel your best when refreshed. Q.E.D.; also, Eh, Voila!—Coca-Cola!

Refreshment—that's the true inward meaning of Coca-Cola. Ice-cold, sparkling, delicious—an all-day drink, pure as sunlight. For millions of people, every day, Coca-Cola is the first thought and the last word in wholesome refreshment.

The Coca-Cola Company, Atlanta, Ga.

For the Graduate
