Over 5000 Attend Open House Last Week At Festival

Engineering, Chemistry Display Attracts Much Attend From Visitors

Over 5000 people inspected North Dakota State campus annual open houses last week at the May festival, according to reports received from the heads of the departments yesterday. An actual count at the engineering building showed a total of 4500 between the houses of 9:00 and 11:30 p. m. Friday, said Earl Schoessow, manager of this year's show. Over 4000 appeared at the pharmacy display and other departments report nearly the same number.

The engineering display gave the public an idea of things that modern engineering is accomplishing. An example of perpetual motion, an electric door operator, and model irrigation and road building projects were among the things shown. The architects displayed their drawings along with several etchings by noted artists. In the art department were displayed the projects of the students taking work under Miss Dorothy Hatch and Miss Nancy Elliott. Batices, blockprints, designs, still life groups, and modeling work were shown. The alchemist of ancient times was one of the features shown at the chemists' open house. A demonstration with liquid oxygen and a display of chemical apparatus and its operation was shown to the public.

The departments of botany, geology, and zoology presented displays that attracted much attention. Experiments with plant and organism featured the showing biology departments while samples of rock formations were displayed by the geology division.

Four Men Named As Bison Golfers

Fairhead, Faber, Anderson, And Crewe Represent State Against U

Four Bison golfers will represent North Dakota State against the University of North Dakota Saturday at Grand Forks, according to C. C. Finnegan, director of athletics. They are George Fairhead, Tony Faber, Fred Anderson, and Ed Crewe.

The campus golf tournament will begin this afternoon and must be completed before the end of the week. All matches will be played at the municipal links. In the first round Jack Danstrom meets Hollands; Geo. Fairhead plays Louie Johnson; Fred Anderson and Ed Crewe will cross clubs; and Tony Faber will play Bob Theis.

The winner of this tournament will receive a gold medal from the athletic department. An intramural tournament may become a reality if enough men enter between now and the first of June, according to Finnegan. If enough interest is shown golf will become a regular intramural sport.

Qualifying scores for the campus tournament are as follows: Fairhead, 162; Danstrom, 164; Swartz, 192; Hollands, 174; Johnson, 175; Theis, 187; Faber, 184; Crewe, 180; and Anderson, 169.

The final match in the campus tournament will be 36 holes, all other matches will be 18.

LIGHTING EFFECTS ARE FEATURED AT FORMAL

With unusual lighting effects featuring an illuminated replica of the fraternity crest, the Kappa Sigma Chi annual spring formal was held Saturday, May 9, at 8 p. m. at the Island Park pavilion. About fifty couples attended the affair.

Dean and Mrs. I. W. Smith, and Dr. and Mrs. A. K. Smith were the chaperones, while Prof. and Mrs. L. L. Scranton, Mr. and Mrs. Donald Hay, and Mr. Chris Jensen were the honorary guests present.

Zwerg Wins Kappa Tau Delta Award

Henry O. Zwerg, Sheboygan, Wis., senior in the department of architecture, was judged the winner of first prize in the recent Kappa Tau Delta sketch problem competition in "Class A". Zwerg's solution of the problem, "A Cenotaph", was well chosen and convincing, being very well presented according to Homer B. Huntoon.

Second place went to S. Robert Stinson, Fargo, senior, who, with Zwerg, received a first medal award. Horace McGrath, Fargo, senior, was third; Herman Skaret, Fargo, senior, was fourth, and Byron Tharaldson, Fargo, junior, was fifth. All received second medal awards.

Keith Jones, Minneapolis, Minn., sophomore, was winner in the "Class B" competition of the problem receiving a second medal award as did Vincent Case, Bismarck, freshman, who placed second.

These prize winning drawings will be exhibited at the annual open house beginning Wednesday in the architectural department. Judges for the contest were Prof. Homer Huntoon, Paul W. Jones, K. A. Henning, and L. S. Parsons.

Archer To Succeed Faber As Spectrum Editor For 1931-32

Crewe, Vogel, Reichert Given Major Positions On Bison, Paper Staffs

Marjorie Archer, sophomore in the school of science and literature was named to succeed Anthony Faber to the editorship of the Spectrum at a meeting of the Board of Publications Thursday.

Miss Archer is the first woman to be named to the post in several years. She is a member of Gamma Phi Beta social sorority and Sigma Tau Delta, English group. During her first year at college she acted as a reporter having had considerable journalism experience in Fargo high school. During the past year she has been one of the desk editors.

Glenn Reichert will fill the post left vacant by Earl Hodgson, business manager of the Spectrum. Reichert is a junior in agriculture and has worked on the staff this year as assistant business manager. He is a member of Alpha Sigma Tau fraternity.

Mart Vogel, sophomore in the school of science and literature, will be the editor of the 1933 Bison. He succeeds Elene Weeks who is in charge of this year's annual. Vogel has been outstanding in dramatic and forensic work on the campus and is a member of the Lincoln forensic club, Sigma Delta discussion group, and Alpha Sigma Tau fraternity. During the past year Vogel has acted as associate editor to Miss Weeks.

Edgar L. Crewe, junior chemist, received the appointment to fill the place that will be left vacant by Floyd Viel as business manager of the yearbook. Crewe is a member of Alpha Phi Omega chemistry fraternity and Alpha Sigma Tau social fraternity. During the past year Crewe has assisted Viel in the business end of the 1931 Bison.

FARGO MEN IN FINALS OF FESTIVAL TOURNEY

Four men from Fargo high school advanced to the finals in the men's singles and doubles tournament held during the May festival here last week.

Phil Woledge and Norm Christianson, pretournament favorites, came through and will play Marv Doherty and John Myron for the doubles title tonight at Island Park. Woledge and Christianson will renew their feud in the singles finals also.

"There are 905 Filipino students in American universities, of which 85 per cent are wholly self-supporting," declared Mr. Manuel Adeva, general secretary of the committee on Friendly Relations Among Foreign Students in the United States.

Blue Key, Senior Staff, Honor Members

Special recognition was given 22 students on Wednesday when the women's senior staff and the Blue Key fraternity conducted their annual recognition day convocation program in the college armory.

Veronta Wepler, Jamestown, sophomore in home economics, and Constance Heilman, freshman in science and literature, were given special honor awards by the senior staff, advisory board to the dean of women. Miss Heilman had the highest scholastic average of any freshman woman student during the fall and winter terms. An award to be used as tuition during her junior year at college was presented Miss Wepler because of scholarship, qualities of leadership and promise of success in the future.

The ten outstanding junior women selected as staff members are: Jane Canniff, Ovidia Carstens, Virginia Davis, Eleanore Erickson, Grace Hunkins, Maurine McCurdy, Claire Newell, Joyce Peterson, Viola Seaburg, and Dorothy Smith.

Besides naming nine men students as Blue Key members, the fraternity presented David Minard, freshman in science and literature, with the title of master freshman. The award is made each year to the freshman man student with the highest scholastic average for the fall and winter terms.

New members of the service fraternity are: William Gray, Valley City, junior in agriculture; Kenneth Wyard, junior in chemistry and engineering; Frank Seebart, junior in chemistry; James Koenen, junior in chemistry; Max Hughes, junior in mechanical engineering; Hjalmar Johnson, junior in mechanical engineering; Amos Van Vorst, senior in chemistry; Earl Hodgson, junior in agriculture; and Walter Shamp, junior in science and literature.

School Band Plays Special features of the program besides the recognition service for the honored students included music by the Gold Star band under the direction of Dr. C. S. Putnam and a talk by Dr. J. H. Shepperd, president of the college. Speaking for Blue Key and the staff was Horace McGrath, Fargo, and Lois Minard, Fargo, presidents of the organizations. Clark Fredrikson, Davenport, was master of ceremonies. Representatives from the R. O. T. C. unit assisted in the service.

Fargo High School Wins Literary Trophy At Festival Competition Here Last Week

Central high school of Fargo with four first awards, three seconds, and one third won sweepstakes award in the literary events at the May festival held here last week. Prizes were awarded by the department of public discussion under the direction of A. G. Arvold.

Winners in the evening were: Story telling—Adeline Naftalin, Fargo, first; Ruth Cook, Carrington, second; Marjorie Ackerman, Bismarck, third.

Declamation—Carol Ladwig, Fargo, "Here Comes the Bridegroom" by Booth Tarkington, first; Luby Miller, Bismarck, "In the Heart of the Hill-top Pines", second; Gretha Jones, Roosevelt Junior high school, Fargo, "The Swimming Hole" by Edward Partridge, third.

Extempore speech—Francis Cox, Bismarck, first; Helen Ericson, Fargo, second; Ruth Cook, Carrington, third.

Oratorical contest—James Hill, Moorhead, "I Am Innocent of This Blood", first; Everett Woivode, Courtenay, "Abraham Lincoln" by Henry Watterson, second; Sylvester Offler, Fort Yates, "The Masterful Man of the Ages" by John Robison, third.

Valley City Girl First Make-up contest—Margaret Nugent, Valley City, first; Luby Miller, Bismarck, and Lois Presler, Fargo, tie for second; Grover Sather, Courtenay, third.

Botany Students To Receive Employment

Employment during the coming summer has been secured for 13 students through the efforts of the department of botany here. Eleven of these men will go to the white pine forests of Idaho to work on the blister rust disease which affects white pines, gooseberries and currants, according to Dr. Herbert C. Hanson, head of the department of botany. This work is under the supervision of the forest service, and has for its object the eradication of the disease.

Following are the men who will go to Idaho: R. M. Denio, Charles Waldron, and W. R. Weir, Fargo; Myron Wurdeman, Mandan; C. L. Quinild and R. A. Quinild, Hickson; Lars Jensen, Oberon; W. F. Altenbernd, Sabin, Minn.; F. K. Nunns, Wahpeton; J. C. Spaulding, Sherwood, and H. J. Maker, Hunter.

Rodney F. Hanson, Bowbells, and Earl Snippen, Fargo, will go to the United States Department of Agriculture Range and Livestock station at Miles City, Mont., where their work will be general in nature. There they will have the opportunity to learn the fundamentals of that kind of station work.

Surprise Decorations Promised By Seniors For Last Formal Ball

Music, Favors, Entertainment to Be Unique Say Members Of Committee

With surprise decorations promised, the senior ball will be the outstanding social event of the year, according to Wallace Lovness, leader of the annual affair. "Robert Carlson is in charge of the decorations," Mr. Lovness stated further, "and will not announce the theme of the event until shortly before the night of the ball." The Crystal ballroom will be the scene of the affair to be held on Friday, May 22.

In keeping with the surprise decorations, Curtis Ball who has charge of the music, announces that a surprise orchestra will be procured for the affair. The band's identity will also be kept a secret until a later date. Because the ball is the last all-college formal of the year, Mr. Lovness states that every effort is being stressed to make the ball the greatest of the year. Miss Charlotte Howland, in charge of favors, adds unique and beautiful favors as a feature of the party.

Sororities Choose Seven Candidates For May Queen

Seebart Announced Election Of Three As Final Choice For Pageant Head

All-College Day On May 27 To Feature Demonstration By Students

Seven young ladies, each a member of a sorority here, have been nominated by their various organizations to be a candidate for the annual May Queen to be crowned on All-College day, May 27.

The preliminary election to pick three candidates out of the seven will be held in the very near future, according to Frank Seebart, commissioner of elections. The two election methods of selecting the May Queen was introduced last year, and because of its success, the same method will be used again this year.

In order to make the annual pageant of the crowning of the May Queen a bigger event, Prof. A. G. Arvold, head of the department of public discussion and social service, has consented to take charge of that project. The pageant will take place in the same manner as the one of last year but will take on larger proportions, it is announced by Erling Thorson, president of the student commission.

To insure a larger turn out at the All-College day activities, the student commission is putting forth all of its efforts to include phases of activity that will be of interest to every student. The women's activities will be given special attention. The activities of the day will be of such nature that the students will plan to come early and stay all day.

Seven Original Plays Presented Thursday

Costumed, Written, Directed By Members Of Class In Production

Seven original one act plays will be presented in the Little Country Theater on Thursday evening at 8 by the members of the class in play production under the direction of A. G. Arvold. The plays are written, cast, costumed and directed by the members of the class. The winning production will be selected by three judges.

Plays to be presented include: "The Marriage Mart" by Marjorie Archer, Fargo; Ray Weller, Edgeley; Mary O'Neil, San Francisco, Calif.; Sally Hunkins, David Minard and Rosemary Frost, Fargo.

"Heads or Tails" by Edna Smeby, Fargo; Christoph Leonhard, August Schwartz, New Salem, and Bruce Robertson, Fargo.

"The Uncle and the Butler" by Audrey Medley, Wimbledon; Clifford Bowman, Moorhead; Clair Hansen, West Fargo; Dorothea Olson, Vivian Rice, Roy Weller, and Audrey Medley, Fargo.

"It's Being Done" by Bruce Robertson, Fargo; Cleaver Sorenson, Pelican Rapids, Minn.; Bruce Robertson, and Edna Smeby.

"A Quiet Night" by Jeanette Burseth, Fargo; Vivian Holland, Irene Beyer, Beulah Mae Burseth, Edgar Burseth, Fargo, and Mary O'Neil.

"Wrong Number" by Rosemary Frost; Ruth Peterson, Finley; Charles Challey, Lisbon; Opal Tudal, Edna Smeby, and Irene Beyer, Fargo.

"Nothing Today" by Mary O'Neil; Selina Best and F. W. Werking, Elizabeth Woledge, Malve McKeane, Fargo, and David Minard, Marjory Archer, Rosemary Frost, Edna Smeby, Roy Weller, and Mary O'Neil.

Dean Carrick was the holder of the lucky number for the hope chest which was raffled off at Herbst's window this weekend.

Gamma Tau Sigma will hold a meeting in the Spectrum office today (Tuesday) at 4:00 o'clock.

STUDENT OPINION

One of the greatest of all college sports is watching the seniors get ready to be graduated. Every one of them has a too much enlarged pate due to a perverted sense of the importance of graduation. Flo Ziegfeld originated or created the chorus girl's strut, but the swagger of the college senior has Old Flo backed right out of the portrait. If a B. S. degree means a swagger, a Ph. D. should mean wings with which to fly.

When a person is graduated from college, he thinks that he is one of God's own chosen people and that he knows exactly all there is to be known about any conceivable subject. He thinks that a college education places him far beyond the usual run of person. The worst thing about the graduate is the fact that he thinks that he is fully equipped to handle all of the situations that life has to offer and that he can make a good living for himself, wife and a potential five children. He needs to be taught something.

A person who is graduated from college is equipped with but one thing. That one thing is a little piece of sheep skin with a group of meaningless words on it. Four solid years of hard work, and nothing to show for it but a lot of debts and an exceptionally good piece of paper. What a poke on the students. Still, on the other hand, it is quite difficult to determine whether the joke is the greater on the student or the instructor. The instructor actually thinks that he is dishing the student out an education.

As long as a graduate thinks that he is quite the big shot, he lacks an education. If that student be kept in college until he learns that he knows absolutely nothing, and that going to school is a big joke he will be edu-

cated. This evasive thing called education is not the finish of one's learning, but rather the realization that there is something to learn plus the ambition to get out and learn it in spite of the handicap of being college bred.

With this in mind let me say that a senior should have the idea that the average Frosh now has and vice versa. The Frosh who enters college is better able to leave college than the average senior. This is proven by the fact that the wiser ones leave college after their first term.

FABER ELECTED HEAD
OF ALPHA SIGMA TAU

Anthony T. Faber, Bismarck, was elected to the presidency of Alpha Sigma Tau fraternity at a meeting held at the chapter house last evening.

Other officers include Robert Anderson, Fargo, vice-president; Frank Seebart, Lakota, treasurer and house manager; George Toman, Mandan, secretary; Edgar L. Crewe, Bismarck, sergeant-at-arms; and Harry Fredrikson, Fargo, historian.

The retiring officers are as follows: Albert Moore, president; Wellington Gordon, secretary; Don Lieb, historian; and Dan Howell, sergeant-at-arms.

FLOR TO WORK ON
FLAX DISEASE HERE

Dr. H. H. Flor, wheat bunt research specialist at the State College of Washington at Pullman for the past two years, has been secured to carry on flax disease experimental work here. He has served in Fargo with Mrs. Flor, and will assume his duties as associate pathologist with the United States department of agriculture. His office will be with W. E. Brentzel, plant pathologist.

PAYNE PRESIDENT OF
HONORARY ENGINEERS

At a recent meeting of Tau Delta Pi, honorary engineering fraternity, Fred Payne of Fargo was elected president for the next year. At the same time, Clarence Bryant was chosen vice-president, Carl Hoyem was selected to act as treasurer, and Ralph Simenson was named secretary.

An installation banquet will be held for the new officers, Friday, May 15.

There will be a meeting of the Student Commission in the Faculty-Alumni club room on Wednesday at 4:30 o'clock.

We see by the "U" paper that our old friend of high school dramatics days, Dana McEnroe, is phrasing a few "scorchers" now and then in the "U" scandal sheet. Dana was an actor all right. He could always "makeup" his lines. (readers—note cagey pun)

Good old H. L. Mencken broke down the other day and in a statement to the press said that, in his opinion, a little necking did not hurt the average gal, but that it probably did her some good. Deans, house-mothers, chaperones, street car motormen, taxi cab drivers! GUARD your precious charges!

THE GAMMA RHOS HAD THEIR FORMAL PARTY THE OTHER NIGHT. IF THEY USED A HARVEST SCENE FOR THEIR DECORATIONS THE GALS PROBABLY HEARD SOME SHOCKING REMARKS.

Some of those "futuristic" lighting schemes are so far in the future that the light never come on.

The Rhos wanted to give all their guests a set of pitch forks. But then, that would be carrying things too far.

With pledge paddles and other accoutrements they very easily could have had as their theme song, "Rho, Rho, Rho yer—fill in at leisure), or on the refrain have—"Hoe, Hoe, Hoe yer Rho" or "Ho, Ho, Ho fer Rho". No end of possibilities.

The Betas at the "U" used to give a gilded pitch fork to the member who could tell the best story. According to that, a lotta married fellers should have a whole umbrella stand full of forks.

The favorite cuss word of the farmer used to be "hornswoggle". Now, in these prohibition days, a good many of them have taken to making things a reality as it were, and make "corn-swoggle". It swoggles all the way down.

In frontier days the admonition was "Keep yer powder dry!" After the big affair the Rhos probably had a big time dusting the gals' face powder off one another's tuxedo fronts.

(Confession: For the benefit of those not on the "know" we wrote this column in the style of "Ebony Blott" of those halycon days. Letters of thanks, consolation, and time bombs will be received at the Keyhole office. Please include telephone number as I intend to make personal calls on all my admirers.)

Last line: Let's smoke instead.

Tennis Team Chosen Today For U Matches

Trials Held On School Courts Tonight At 4:00, Says Finnegan

With a match scheduled with the University, the tennis men on the campus are looking forward to the picking of the squad to meet the northerners here Saturday.

At present five men seem outstanding. They include: John Dixon, Birch Horton, Tony Faber, Myron Wurde-man, and John Walker. Faber is reported to be playing on the golf team Saturday so he will not be able to play here.

Trials for the team will be held tonight and tomorrow night on the school courts, according to Finnegan. Men interested are asked to leave their names at the Spectrum office and report for the tests.

Good Positions Await Seniors

of the North Dakota State College of Agriculture & Mechanic Arts.

The College offers you its resources at a minimum of expense. What do you wish? Here are the possibilities:

School of Agriculture
Agriculture, the life blood of American industry, needs for its development, in its manifold phases, trained men and women. Especially today does agriculture need leaders.

Graduates specialized in dairy, seeds, livestock, fruit, poultry, landscape architecture and nursery work are making good right on the farm as owners or managers, doing their bit towards placing agriculture in the northwest on the plane which it deserves.

Many help develop the country by taking remunerative positions as farm agents for railroads, banks, extension services and club leaders.

Even in social work such as Rural pastors, Y. M. C. A. secretaries and as missionaries, Bison graduates are outstanding. Work given by A. G. Ar-vold in connection with Little Country Theater work is valuable in this field.

Business houses selling commodities related to farming want men trained in agriculture so that the highest efficiency can be reached. Such services include seeds, stock feeds, dairy equipment, fertilizers and lime, livestock commission houses, fruit and vegetable commission merchants, farm home equipment, farm implements, meat packing, hatcheries, etc.

In Smith-Hughes work, in agricultural colleges, and as regular science instructors, State college graduates of agriculture are in high demand.

Seeking to improve their products, national farm concerns hire graduates to conduct research into fertilizers, spray materials, milling products, canneries, meat products and dairy products.

Agricultural journalists, to spread the news of discoveries and activities into the farm home are in great demand as farm paper editors, crop and market reporters, agricultural editors on daily papers and editors of experiment station publications.

Fargo High Takes First In Prep Track Meet

RAINY FINALS ARE VIEWED FOR FIFTH CONSECUTIVE YEAR

Fait Of Fingal High Point Man To Give School Third Place

Bismarck, Defending Champs, Place Second With 22 Points

Fargo high school won first place in the 24th annual North Dakota State College May festival track and field meet, scoring 32½ points to beat Bismarck, last year's champion, who scored 22 points.

For the fifth consecutive year the contestants have had to run the finals while it was raining. Despite the fact that the weather was bad, good time was registered in some of the events and with a good day many of the old records should have been toppled.

Fait High Point Man
George Fait, Fingal's one man track team carried off individual honors, gathering 16 points in four events and placing third in the total scoring. He won second in the 100 and 220 yard dashes and won the high and broad jump.

Warren Pederson of Dazey was second high scorer with a total of 13 points. He was entered in six events but did not place in the 100 yard dash and the javelin.

Perham, Minn., finished in fourth place through the individual efforts of Fritz Hanson and Arthur Stege. Hanson was third high individual scorer having won first in the 100 and 220 yard dashes, and fourth place in the broad jump. He ran the 220 in 23.1 seconds only one tenth of a second above the record, and with favorable weather conditions he would easily have set a new record in the event. Stege tied for second place in the high jump with Bud Marquardt of Moorhead.

Lyle Fisher, Fargo, hurled the javelin 158 feet 6 inches in the preliminaries on Friday to set up a new record for the meet. Three other records were threatened in the pole vault, 120 high hurdles, and the 220 yard dash.

Bud Marquardt, Moorhead, transversed the 120 yard high hurdles in 16.9 seconds to come within one tenth of a second of setting a new standard.

Other teams and the points which they gathered are: Dazey, 13; Oakes, 8; Mandan, 6; Detroit Lakes, 5; Valley City, 4½; University high school, 3; Carrington, 2; Mohall, 2; Jamestown, 1; Kindred, 1; Denhoff, 1; Anamoose, 1.

One of the outstanding events in the meet was the mile run. Johnny Randall of Mandan ran in the last position of the 21 starters for two

laps. With less than 400 yards of the race remaining he increased his speed and in the last ten yards he passed Don Brantseg of Fargo and breasted the tape the winner. He appeared strong at the finish and could have possibly established a new record if he had set a faster pace in the early part of the race.

The 440 yard event was won by Hugh Nichols of Oakes by a comfortable margin and he won easily in 54.6 seconds.

Bismarck's half mile relay team composed of Spriggs, Potter, Green, and Benzon won first in this event covering the distance in 1 minute 40.5 seconds.

GREEN TEAM TAKES YELLOW GRIDDERS IN SPRING FINALE

Jimmie Berdahl Tackles McKay Behind Goal To Score For Losers

Winners Play Good Football In Third Quarter To Score On Pass

The spring football training grind was brought to a close last Wednesday afternoon when the picked yellow and green teams played a regulation game on the State college gridiron. The green clad grididders came from behind to eke out a 6 to 2 victory.

The yellow team started a determined attack early in the first quarter which netted them three first downs before the whistle sounded for the intermission. The green team found themselves backed up within two yards of their own goal line when the first quarter ended.

Yellow Score Safety
At the beginning of the second quarter the yellow team had two downs left in which to make the two yards. The opposition repulsed the attack and got possession of the ball. On the first play they attempted a pass which was incomplete, they next resorted to a running play and Viv McKay was downed behind the goal line by Jimmie Berdahl and the yellow

team was in the lead 2 to 0. The two teams played on even terms during the remainder of the first half, neither team being able to make any large gains.

Greens Score Touchdown
In the third quarter the greens exhibited the best brand of football, and they were put into position to score when George Fairhead heaved a pass to Viv McKay which netted 38 yards. This left them but 2 yards from the goal and on the first play George Fairhead went off tackle for a touchdown which his team the advantage which they never relinquished.

From this period on Coaches Finnegan and Lowe substituted freely and gave every man a possibility to demonstrate his ability in action. Neither team had a decided advantage during the rest of the half.

A number of freshman recruits played their positions like veterans. Among these players were: Milton Jacobson, husky fullback whose kicking kept his team out of much danger; one of his punts traveled 60 yds' in the air. Merton Brady, 200 pound tackle exhibited a great deal of fight and was instrumental in every play. Roman Meyers who is expected to fill one of the regular end berths next fall played an outstanding game on the defense. Other freshmen who saw a great deal of action were: Tom Flynn, Harold Miller, James Thompson, George May, George Toman, Ronald Ostrander, Howard Kaercher, and Roy Platt.

Among the veterans that were outstanding were: George Fairhead, shifty halfback who passed, punted, and run in a capable manner. Blair Seitz, battering fullback who probably gained more ground than any other

player. Viv McKay who placed the ball on the 2 yard line as the result of a long pass. Maurice Ellingson, one of the biggest ground gainers during the attack of the yellow team in the first quarter. Other players who played were: Robert Paris, Bill Grey, Donald McEssy, Walter Schoenfelder, Arthur Hoveland, Joe Selliken, Bill McDonald, Alvin Strong, Jimmie Berdahl, and Faut Bunt.

SERIES NO. 2 COLLEGE AD

Bright Future Smiles on Students of the North Dakota State College of Agriculture & Mechanic Arts.

The College offers you its resources at a minimum of expense. What do you wish? Here are the possibilities:

School of Home Economics
The home is the bulwark of American social life. Many graduates from this school spend their lives making better homes, than which there is no greater mission.

Hospitals, cafeterias, hotels, child sanitariums and public schools need dieticians. Alumni are in demand as extension workers in colleges and

state supervisors in home economics, tea room managers, hostesses, linen experts.

Other occupations in the world of business taken by graduates include chemists in textile plants, buyers in clothing and food departments for large stores, housekeeping advisors, child training specialists, home budget advisors for banking concerns, educational experts for large concerns.

Some of the more talented graduates find ready employment as interior decorators, costume designers, wall and floor covering designers, writers of advertising copy for women's apparel shops.
