Robot Features All College Day Sport Tog Dance

Iron Man Of State Will Call For Special Numbers From Assembled Crowd

An iron man who will act as the Voice of State College will feature the sport dance, the culminating event on the all college day program at 7:30 tonight, it is announced by the Student Commission. The robot will be given a prominent position on the stage near the orchestra, and with thunderous appeals will request special numbers from the students present. The metallic being is the creation of the students in the School of Engineering at State College.

The sport dance will begin at 7:30 with a half hour of informal dancing. At 8 o'clock the newly elected May Queen will award all the prizes of the day, after which the dance proper will begin. During the dancing the Voice of State College will request student talent to perform.

Moore, Jordre Win Lodge Scholarships

James Moore and Roy Jordre are the 1930 winners of the two scholarships which are offered to a sophomore and a junior man student at North Dakota State college by Shiloh Lodge No. 1, A. F. and A. M., according to an announcement made by the committee in charge yesterday.

These scholarships, which are offered annually, are each \$100 in denomination. They will be presented to the winners at the time of registration for the 1930 fall term. The outstanding points which are considered by the committee in the selection of the winners are scholastic record, participation in student activities, and the effort put forth in earning school expenses.

Moore, whose home is at Devils Lake, is a sophomore in the school of pharmacy. He is a member of Kappa Psi fraternity. Jordre, who is a junior in the school of agriculture, has his home at Oberon. Kappa Sigma Chi is his fraternity.

The selection of this year's winners marks the fourth annual awarding of these scholarships. Last year Ole Sand and Chester Rhines were given the awards, while in the previous year Marvin Spielman and Archie Solberg were the scholarship winners.

Fire Forces Seniors To Dance In Pavilion

Phil Sheridan Furnishes Fine Music For Party Of Graduating Class

A conflagration took the "S. S. Adventurer" and the canopy of the Crystal Ballroom up in smoke last Friday afternoon forcing the seniors to hold their annual formal at the Island Park pavilion. The fire broke out shortly after 2 p. m. and is believed to have been caused by defective wiring. Committee heads of the party were very disappointed over the accident, but the thought of what the accident might have led to some seven hours later proved to be a sort of satisfaction.

Music Excellent

Phil Sheridan arrived for the party on time and brought all the goods with him, according to those who attended the party. Many of the seniors unhesitatingly declare Sheridan's Montanans the best they have been fortunate enough to dance to. (Continued on Page 3)

Final Selection Is Planned For Convocation This Morning

Three hundred twenty-two votes cast in the first May Queen election, May 14, elected Margaret Ballard, Marion South, and Katherine Knerr as the final contestants for the honor. The final selection will be made this morning, when votes will be cast for the three contestants. The vote taken on May 14 was very close, with Miss Ballard holding a slight lead over the other winners. Miss Ballard, Moorhead, is a senior in the school of Science and Literature and is a member of Gamma Phi Beta. Miss Knerr of Fargo is a junior in the school of Home Economics and is a member of Kappa Kappa Gamma. Miss South is enrolled as a junior in the school of Home Economics and claims Kappa Delta as her sorority. She boasts Casselton as her home.

At the Coronation ceremonies on the green east of the library this afternoon, Prof. John E. Doerr will place the crown on the head of the election winner. Space will be provided at the bottom of today's ballot for suggestions for the new name for All-College Day.

Presenting humor and hilarity, a slow ford race will be held at 1:15 this afternoon on the plot north of the proposed dormitory site, it is announced by Wallace Lovness of the State College Student Commission.

The rules of the contest as laid down by Mr. Lovness are as follows:

1. The Slowest Ford will be declared the winner.
2. Each contestant must start on a designated line.
3. The pilot of each machine must ride on the running board of his entry.
4. The contesting cars must start in high and remain so throughout the race.
5. Any entrant found in a stationary position will be promptly disqualified.

Todays Program Most Stupendous Ever Seen Here

Time Filled From Cleanup At 8:30 To Sport Dance This Evening

The Student Commission has the program for today completely filled. From 8:30 this morning until 11:30 this evening the time has been allotted to the most stupendous student activities ever witnessed on this campus. All-College day is bound to be a huge success.

Morning

8:30—Systematical cleanup of the campus, conducted by the R. O. T. C. A silver cup will be awarded to the winning platoon.

9:10—Coffee and doughnuts served in front of the armory by the women's senate. No charge will be asked for the lunch.

9:45—General assembly in Prexies barn. Final vote on the May Queen.

10:00—Fifty Frosh and Sophs will compete in songs. (This will produce a calm before the storm).

10:15—State College Glee Club and Quartet will sing the following numbers: Jolly Fellows, Songs My Mother Taught Me, Somewhere a Voice Is Calling, The Trumpeter, and The Stein Song.

At a signal from Professor Huntoon everyone will join in on the chorus of the Stein Song. Here are the words:

Fill—the Stein for N. D. State
Shout till the rafters ring
Stand—and drink a toast once again.

STRONG LEADS BATTERS IN CAMPUS LEAGUE

Alvin Strong, Gamma Rho short-stop and pitcher, is now the leading batter in the campus baseball league as the result of the 14 to 2 defeat given to the Sigma Tau nine Sunday morning. He secured three hits out of four legal at bats. In the Kappa Sigma Chi game last week he chalked up two hits out of two possibilities, which gives him a batting average of .833 for the two games played by the Alpha Gamma Rho team.

Sunday afternoon the agriculturists defeated the Mapleton team 9 to 6. The game was somewhat of a display of pitching material, Tuntland taking the mound first to be followed by Strong, then Thomasson and later McKinnon. Robertson was still among the reserve twirlers, having done part of the work in the morning against the Sigma Taus.

OUR POLICY

With this issue of The Spectrum the new editorial staff takes charge. It is with a feeling of resolve that we grasp the reins of the student publication and set down the policies that we intend to follow during the coming year:

1. We believe in the inherent worth of North Dakota State and will ever work to make it North Dakota's greatest educational institution.
2. We will give impartial publicity where publicity is due.
3. We will strive to make the Spectrum the exact mirror of campus life.
4. In every field of endeavor we will back the Bison to the last ditch.
5. We will try to present to our readers the news of the campus in an unbiased manner.
6. The Spectrum can only be representative to be successful, so we would like a representative from every group.
7. We will promote the interest in good journalism by following accepted authorities.
8. We believe the college comes before the individual.

DELTA TAU EPSILON

The Spectrum joins the entire college in welcoming Delta Tau Epsilon to the circle of Greek letter groups. We are confident that their career will be as successful as that of their predecessors. Besides congratulations we wish to extend to you our very best wishes.

FAREWELL HEENY

It is with a feeling of regret that the editor nears the closing of his relations with Henry H. Presler. Throughout the past he has given his aid in matters that seemed very difficult to solve. His associations with the editor have been pleasant and profitable. May his new adven-

ture to the Orient be successful and may his after life be one of happiness.

MAY DAY, AHOY!

The Student Commission has certainly come through with flying colors in the promotion of this day, All-College Day. They stepped in at a crucial time when interest on the campus was lagging more than it has done for several springs. Today is to be the busiest and most happy of all days of the year. It will be truly an All-College day.

Gay Cat Day was on the verge of being abandoned by the faculty when the new commission under the guidance of Leonard Luther came into office. Their first project was to promote a May day. Accordingly the new president visited all the fraternity and sorority houses on the campus and asked for suggestions. There were many and from them, the commission head took the best and the commission arranged today's program. Never before in the history of the school has anything been attempted on such a large scale.

To the faculty goes the far-sightedness of seeing that such a day would be of value to the student body and allowing an all day holiday.

Every member of the shrdlun Commission is to be highly complimented on the planning and arranging of All-College day, the only all-college day of the year.

And hold her captive in a flower girth.

A toast, merry subjects,
To our lovely Queen of May.

Nodaks Upset Bison In Point Victory

Sand's Fall On Final Hurdle Gives Margin

State Men Make Sweeps In Middle Distances; Sand Takes 100 Yd. Dash

BLAKESLEE HAS LITTLE TROUBLE IN WINNING

Herd Thunders In Ahead In 880 Relay Race; Final Count 64 5-6 To 66 1-6

The hand of fate rested heavily on the Bison at Grand Forks last Saturday allowing the Nodaks to nose out a slim two point victory with a score of 66 1-6 to 64 5-6.

Ollie Sand, giant Norwegian speed merchant, bade a fond farewell to Lady Luck just before the gun barked for the 220 yard low hurdles and after gaining a big lead, apparently having the race sewed up crashed on the last hurdle and again fate ruled the day.

As Sand hit the cinders Lafe Ludwig and Vern Duchene, Nodak speedsters flashed past to take second and third, and the meet. Bob Allison, the Bison's next hurdle man, placed third.

The big harvest of the day was reaped by the Yellow and Green toters when the middle and distance runners staggered across the line. In fact a State man led the field in every run or sprint of the day with the exception of the mile run but the most points were gathered in the runs of over a furlong in distance.

In the 440 yard dash and the half mile event the Bison collected 18 points each race finding three State men leading their Nodak rivals in the sprint for the tape. The Bison were halted only once in the distances when Felson, university miler, came through by breaking the tape slightly in front of the field.

Joe Blakeslee, the only winged Bison in captivity, had little trouble in showing the way in his specialty, clearing the high bar at 11' 2 3/8". In an exhibition jump a little later he soared with ease over the 11-9 1-2" mark.

The half mile relay proved to be a very pretty race with the Herd thundering over the last line with a nice win. The time for the event was the fastest to be turned in this year in the state, the boys turning the 880 yards in 1' 32".

The summary:
Shot put—Won by Burma, U.N.D.; May, Bison, second; Madsen, U.N.D., third. Distance, 38 feet 7 1-2 inches.
100 yard dash—Won by Sand, S.C.; Jarrett, U.N.D., second; Tarbell, U.N.D., third. Time, 10 seconds.

220 yard dash—Won by Sand, S.C.; Jarrett, U.N.D., second; Tarbell, U.N.D., third. Time, 22.3 seconds.
Pole vault—Won by Blakeslee, S.C.; Smith, U.N.D., second; Freeman, S.C., and Thornton, U.N.D., tied for third.

Height, 11 feet 2 2-3 inches.
High hurdle—Won by Duchene, U.N.D.; Ludwig, U.N.D., second; Allison, S.C., third. Time, 16.6 seconds.

FIRE FORCES SENIORS TO DANCE IN PAVILION

(Continued From Page 1)

Due to the somewhat limited space of the Island Park hall the grand march was abandoned. It was to have been led by Arthur Ziegler and his guest, Miss Marion South. Clifford Booke, class president, with his guest, Miss Grace Reynolds, and Adolph Pahl, with his guest, Miss Agnes Weible, were to have been second and third in the line, respectively.

Party Is Broadcast

As soon as the party got in full swing WDAY brought their "mike" down to the park and their radio audience were given the privilege of hearing Phil Sheridan and his Montanans. Besides the orchestra music, the feature of the evening, the Bison Quartet, sang their three numbers into the microphone.

Favors Outstanding

The lottery plan of favors apparently was well received. Every guest received something different and Miss Patricia Schilla, guest of Jerry Martin, was fortunate enough to hold the number entitling her to the grand prize.

Guests of honor present were Dr. and Mrs. J. H. Shepperd, Deans and

Mmes. A. E. Minard, H. L. Walster, L. L. Carrick, A. D. Weeks, and Mr. and Mrs. C. F. Monroe, and Mr. and Mrs. A. H. Parrott.

The managerial staff of the party was as follows: Arthur Ziegler, manager; Adolph Pahl, assistant manager; Oscar Hanson, floor manager; Elmer Torkelson, music; Lloyd Clark, frappe; Norman Dahl, favors; Alf Skaret, decorations; Grace Swanson, features; Dorothea Anderson, patrons; and Neal Baldwin, finance.

STUDENT OPINION

Another new fraternity has joined our ranks. The totals now read nine social fraternities, six social sororities, and three professional fraternities. Approximately one new Greek letter society is being added every year.

The question before us now is, "What effect is this having on the school?" Before we can estimate the effect we must analyze the function that fraternal societies serve.

First of all there is the social or recreative phase acquired through social activities, athletic contests, friendships, etc.

Secondly, there is the educational function. The school itself offers very little to those with superior potential possibilities other than the standardized routine of theoretical education designed to meet the requirements of the average individual. In fraternity there is some relief from this extreme democracy. Here the above average men and women, if they seek, may find the so often needed lessons of cooperation, of conduct fitting to high-grade business and professional people, and of responsibility. These lessons may be supplemented with a mutual idealism inspired by intimate contact with individuals excelling in one or another quality. It is this phase which the college authorities are—or should be—interested in promoting to increase the value of fraternal life on the campus.

Statistics tell us that only 20% of all students fall in the above-average rating. A similar ratio probably exists in other qualities than scholastics. At least we will assume that roughly 20% of the student body really have something to contribute to fraternal life, and are capable of acquiring something therefrom. For the remaining 80% it is a waste of time and money.

With an enrollment of 1500 we have 15 fraternities and sororities whose average active and pledge membership per group will run about 35. This means that 35% of our students will be fraternal as opposed to 20% who should be. Moreover, every new organization increases that percentage by 3% more.

If this rate of growth continues, the deplorable situation already begun will increase. Either our fraternity and sorority houses must be filled with average material which lowers the standards of the others, or the houses will become vacant space—financially and functionally bankrupt.

It is almost imperative that for a few years, until the school enrollment has increased another 1000, the establishment of new fraternities and sororities must be suppressed. We have reached our limit.

Let us rather cooperate to increase

the efficiency of those now in existence to develop gentlemen and ladies, scholars, athletes, real men and women. Let us cooperate to nationalize those which have not already done so. Then, when the size of the school has increased sufficiently, we will be better fitted to push new organizations along that they, too, may improve our school.

Moreover, let us wish the best of luck to our neophyte among Greek letter organizations—Delta Tau Epsilon.
