## Intramural Meet Attracts 160 Men In Track Events

Trophy Has Been In Hands Of YMCA, Kappa Phis, Theta Chis

### TWO RELAYS RUN DURING TOURNAMENT

Saaly To Pick Varsity Men From Showings Made In Meet

By Chuck Callahan

With approximately 160 entrants this year North Dakota State's Intramural Track meet will get underway Friday at 4 p. m. and continue thru Saturday. Competition being intrafraternity, various organizations on the campus will vie for a trophy which has been offered in the last three years.

The YMCA, Alpha Kappa Phi and Theta chi fraternities have been successful in gaining the honor once each year since 1927. The cup must be won twice to become a permanent possession. So the three winners to date have a chance this year of gaining it. Besides this cup a trophy is offered for the sorority sponsoring the winning aggregation. In the last three years it has been won by Kappa Kappa Gamma, Phi Omega Pi and Gamma Phi Beta.

Two relays, 880 yards and one mile will be run this year. A trophy will be offered for each relay. In previous years there has been a 440 yard relay but this has been discarded this year for the one mile relay, to give the distance men more of a chance at the trophy. To enliven a waning interest in the jumps and hurdles a medal is to be given to the man garnering the largest number of points in these events.

The last three years has seen a remarkable advance being made in the number of entrants for this meet, growing from 30 in 1927 to 160 this year. This growth has not alone been in numbers but in the quality of performers as well. In 1927 the varsity was able to collect only one and one-half points in the conference meet. The next year with a larger entry available they were able to garner six points in the meet.

Last year with the entry list swelled to 135 the Bison were rewarded with 35 points in conference competition, gaining third place, one point behind Morningside.

These intramural meets each year are a method by which Coach Saalwaechter can pick his varsity squad for the various meets.

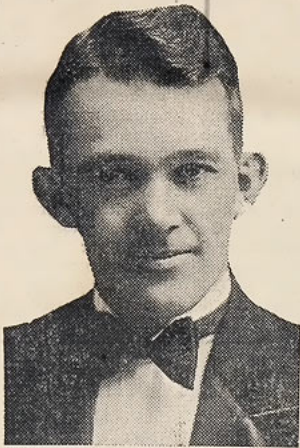

The meet this year has attracted eight organizations, namely: Theta Chi, Alpha Kappa Phi, YMCA, Alpha Sigma Tau, Delta Kappa Sigma, Sigma Phi Delta, Kappa Sigma Chi, and Alpha Gamma Rho. The Theta Chis and Alpha Kappa Phis have entered the largest number, each having 17.

The Theta Chis have entered McDonald, Grohne, Connolly and Ball in the 100 yard dash. Arthur, Seitz, McDonald, May, Grohne, and Ball in the 220 yard dash. Seitz, Grohne, and McDonald in the 220 yard low hurdles. In the half mile they have Hill, Heine, and Meckler. Arthur, Seitz, McDonald, May, Grohne, and Ball in the half mile relay. The shot put, Heine, May, Hiltz, Raymond, Peterson, and Ordahl. In the javelin, Hiltz, Connolly, Ryan, and Larson. Broad jump, Arthur and Connolly. High jump, Arthur and May. Meckler and Grohne in the 440 yard dash. Pole vault, Ryan and Kambestaed.

Alpha Kappa Phi has entered in the 100 yard dash, Lonsbrough and Sand. Lonsbrough, McKay, Coffee and Sand in the 220 yard dash. Lonsbrough and Sand in the 220 yard low hurdles. Bertelson and Sand in the 120 yard high hurdles. The half mile Bertelson and Coffee. One mile, Roberts, Minard and Slattery. Two mile, Roberts and Minard and Nilles. Broad jump, Schwartz and Lonsbrough. Half mile relay, Lonsbrough, Christianson, Smith and Sand. The discus, Shamp, Lonsbrough, McKay, Sand and Orness. The shot put, Shamp and Lonsbrough. One mile relay (Continued on Page 3)

## New Lab. Equipment Installed For Use In Bacteriology

176 Lockers Built; 44 Workers Can Be Accommodated At One Time

With the installation of a complete layout of new equipment in the bacteriological laboratories in the new wing of agricultural hall here, the maximum working capacity of the general laboratory will allow locker room for 176 students or 44 workers at one time, according to H. L. Walster, dean of the school of agriculture. Each student will have 10 square feet of top space for working, and black carbonized topped desks will be fully equipped with gas, water and electricity.

Adjacent to the main student laboratory are the bacteriological kitchen, storeroom and research laboratory. Full equipment for each of these rooms is being installed. A large specially insulated incubator has been provided as an index to the main laboratory.

The college bacteriological laboratories upon completion will be among the best equipped departments of the kind in this part of the country, according to college officials. It is also one of the best manned laboratories, they state. Heading the department is Dr. C. I. Nelson, a graduate of the University of Wisconsin. He has a doctor's degree from the University of Chicago. Dr. Nelson is assisted by Dr. G. A. Lindsay, a graduate of the Texas Agricultural college, with a doctor's degree from the University of Illinois. Miss Delphine G. Rosa, also an assistant in the department, is a graduate from the University of Wisconsin and has her M. Ph. degree from there.

The bacteriological department offers courses in general bacteriology, agricultural bacteriology, soil bacteriology, dairy bacteriology and courses to satisfy the special needs for students in home economics, pharmacy and civil engineering. Special attention is given the problem in sanitation and hygiene and public health. The departmental enrollment of students for the year numbers 215.

Dr. Nelson has given attention in research work to the application of modern methods of serology to investigations of the resistance of plants to plant diseases. Dr. Lindsay has had practical work in sewage disposal and water survey work, while Miss Rosa has devoted study to problems of industrial fermentation.

## Isabel Barrett Leads Line With Bernhard Benidt

Friberg-Knerr, McGrath-Veitch, May-Stokke Have Places Of Honor

### ELECTRICAL EFFECTS FANTASTIC FEATURES

Formal Dancing To Continue Until 12:30; Committee Heads In March

George F. Shafer, governor of North Dakota, and Mrs. Shafer head the list of honor guests for the Junior Prom which is to be held in the Crystal ballroom this evening. Others who have been invited as guests are: J. H. Shepperd, president of the college, and Mrs. Shepperd; Dean and Mrs. A. D. Weeks, Dean and Mrs. L. L. Carrick, Dean and Mrs. R. M. Dolve, Dean and Mrs. H. L. Walster, Dean and Mrs. A. E. Minard, Dean and Mrs. I. W. Smith, and Dean and Mrs. W. F. Sudro; Messrs. and Mmes. A. H. Parrott, H. W. McArdle, J. A. Munro, and P. F. Trowbridge; and Deans Pearl Dinan, and Alba Bales, all members of the college faculty. About 150 couples are expected.

### Benidt Leads March

Bernhard Benidt, Lidgerwood, N. D., and his partner, Miss Isabel Barrett of Fargo, will lead the grand march. Second in the line of march will be Leonard Friberg, assistant manager, and his partner Miss Katherine Knerr. Third and fourth places will be taken by Horace McGrath, class president, and Leo May, outstanding class athlete, and their partners, Miss Billie Veitch and Miss Helen Stokke, respectively.

A departure from the usual arrangement of the line of honor is being made this year. There will be four this year in place of the usual two couples. The committee heads will follow in line. A half hour of informal dancing will precede the grand march which will form at 9 p. m. Dancing will be continued until 12:30 p. m.

### Colorful Effects

Color, produced by a multitude of electrical effects, and centered in an electrically lighted punch fountain, will mark the decorations. An outstanding feature of the decorations is the electric punch fountain. This will be centered in the room and surrounded by lattice work and spring flowers. This fountain will dispense punch and lend a novel and bizarre atmosphere. A feature number "Tiger Rag" has been included in the dance program and electrical effects will be brought into play to produce the stripes of the great African tiger.

Committee heads who have been working with Mr. Benidt are: Leonard Friberg, assistant manager; Robert Carlson, decorations; Johnny Johnson, music; Leonard Luther, features; Ira Clark, floor manager; Ross Cook, refreshments; Charles Hedlund, tickets and finance; Clark Fredrikson, publicity; Gertrude Lee, programs; Paul Kasson, favors; and Emily Samuelson, invitations.

### PHI U INSTALLS NEW OFFICERS TUESDAY

Officers of Phi Upsilon Omicron, honorary home economics sorority, were installed in the chapter room April 22 by the retiring president, Helga Restvedt.

Those elected are: Ethel Kraft, president; Marion South, vice-president; Barbara Barney, treasurer; Princess Egbert, recording secretary; Genevieve Wright, corresponding secretary; Marjorie Beattie, candle editor; Katherine Knerr, marshal; Lillian Flatner, chaplain; Ruby Steedsman, librarian; Kathryn Grant, historian; and Gertrude Almos, custodian.

## South Dakota State Sponsors College Meet

Over 20 Northwest Colleges Expected To Enter Track Events

Brookings, S. D., April 24.—Entry blanks are being sent out by Athletic Director Cy Kasper to colleges in Minnesota, Iowa, Nebraska, North and South Dakota for the first annual South Dakota State Intercollegiate Track meet to be held at Brookings May 17. From inquiries and acceptances received, Kasper believes that approximately 20 colleges will take part in this meet.

This track meet will be as fine as any ever held in South Dakota if preparations and entries can be taken as a fair indication. Kasper and Track Coach Bert Ekberg have been working on plans for several months and about all that remains now is to list and group the competitors.

The trial events are to begin at 10 o'clock in the morning and the finals will start at 1:30 in the afternoon. Prizes conforming to the importance of this meet have been obtained by Kasper. A runner statuette will be given the institution winning the meet. To the mile relay winners is to be awarded a cup. Gold, silver and bronze medals are to be awarded in each event, while members of the victorious relay team each receive a gold medal.

Events to be run off are 120 high hurdles, 100 yard, 220, 440, 880 and one and two mile runs, 220 low hurdles, pole vault, discus, high and broad jump, shot put and javelin throw.

Coach Kasper expects colleges and universities from the five north central states will send men to this northwest meet.

### JACKRABBIT TENNIS TEAM ORGANIZES

Brookings, S. D., April 24.—With Elton Thomas, Flandreau, elected president of the South Dakota State college tennis team, and Prof. Ralph L. Patty selected as coach, the Jackrabbit racket wielders have started in earnest preparations for the North Central conference tournament to be held here May 23-24.

Professor Patty is recognized as one of the most expert tennis players in the middle west, and the Rabbit court artists hope to smooth their style under his instruction. The new tennis instructor was a star of the courts while a student at Iowa State college.

Four monogram men from last year are in school this season and will form a nucleus around which Coach Patty hopes to build a winning team. They are: Captain Thomas; Orye Korte, Big Stone City; Raymond Glenn, Timber Lake, and Marvis Williams, Artesian.

## Noted Speaker Guest of YWCA To Speak Here

Jessie Burrall Eubank Coming To Convocation Here Tuesday

### BOARD HAS COMPLETED ENTERTAINMENT PLANS

Former Member Of National Geographic Magazine Society

Mrs. Jessie Burrall Eubank, well known speaker and former member of the staff of the National Geographic Magazine society will come to the college under the auspices of the Y. W. C. A. board and will be here April 29, 30, and May 1.

Final plans for her time here have been arranged and are as follows: Monday, Mrs. Eubank arrives and will make her headquarters at the Gardner hotel. Tuesday at 9:40 a. m. there will be a student convocation at which time she will address the college people. She will be introduced to the students by Miss Marjorie Beattie, president of the Y. W. C. A. Miss Betty Sheldon has charge of the musical numbers for this program. A tea will be given for all women faculty and students at 4 p. m. Tuesday in Ceres hall parlors. Mrs. F. W. Christiansen has charge of the arrangements for this occasion and is being assisted by Mrs. C. A. Williams. The advisory board and cabinet members will act as hostesses. At 6 p. m. Phi Omega Pis will give a dinner for the noted lecturer together with the officers and secretary of the Y as guests, which include Marjorie Beattie, Jane Canniff, Dorothy Smith, Jane Barton and Mrs. T. Worden Johnson. At 8 p. m. a regular board meeting will be held at the home of the secretary, Mrs. T. Worden Johnson, 1530 Twelfth street north.

### To Address Teachers

Wednesday, Mrs. Eubank is scheduled to address the Moorhead State Teachers college at 9:50 a. m. convocation. That noon the Kappa Kappa Gamma sorority at the college will give a luncheon in her honor in the guest dining room at Ceres hall. They have invited Mrs. T. Worden Johnson as guest. Misses Delphine Van Houten and Elizabeth Woolege have charge of arrangements for the affair. The old and new cabinets will convene at 5 p. m. in the Y. W. rooms in the Y. M. building to discuss student problems as they find them with Mrs. Eubank. On Thursday, Mrs. Eubank leaves for Grand Forks to attend the state Y. W. C. A. and Y. M. C. A. conference as chief speaker.

### GRAIN MEN, FARMERS AT MARKETING MEET

A total of 935 elevator directors, elevator managers and farmers attended a series of 31 grain marketing meetings sponsored in March and April by the extension service of the college, according to the reports of the field agents who took part in the meetings. The purpose of the gatherings, which were held throughout the state, was to consider the marketing organizations set up by the Federal Farm Board.

Several meetings were held in some counties. The marketing sessions opened March 24 at Beach and were held in Dickinson, New Salem, Carson, New England, Scranton, Valley City, Jamestown, Steele, Bismarck, Edgeley, Oakes, Wahpeton, Casselton, Watford City, Williston, Stanley, Bowbells, Minot, Garrison, Rugby, Minnewaukan, Larimore, Pekin, Devils Lake, Cando, Langdon, Park River, Cavalier, Finley and Fessenden.

### RECENT ACTION

Turn backward. The Valentine number of the Bull Bison editorializes: "Gamma Tau Sigma is first for the college. Nothing can deviate the fraternity from that policy. Rigid in its ideals, it holds that the college's future welfare is imminent." This number was satirical.

Comes the April Fool's edition: "Still let us present one ambition. . . . To lift the student body of that stupid complacency with the present order of things which makes the term 'Cow College' so apt. To this let us dedicate the Bull Bison." This number was vicious.

How are we to judge the action of the College Council? Congratulate them!

Yet, what a pity! What a pity that a publication founded on such aspirations sink to such depths, incriminate a whole fraternity, disgrace our school, because of a misplaced trust. The Spectrum went on record as upholding a clean satire sheet—after the Valentine number—believing it dedicated to a worthy cause. We now condemn it. (Lest the writer be misunderstood—he will stand or fall with Gamma Tau Sigma—The Spectrum is a separate personality).

The Bull Bison showed itself incapable of sound judgment when stating: "The ponderous faculty mind has apparently again set itself to the work of rationalizing its ever-present dislike for new things into convincing reasons for destroying the new growth." Nothing so puer-

rile; nothing so far from the truth. Tolerance of the first edition illustrates a faculty which is far from moss-grown.

There is a place for liberalism on this campus. The Spectrum, may we flatter ourselves, is more open-minded than ever before. We can tolerate anything but rotten journalism. And here, may we flatter ourselves, we are intensely conservative.

"Impending Action" proved a reality. The College Council took the only possible step.

And here is a lesson! Our "moss-grown" faculty could see beyond the last disgrace to the principles of the fraternity. They could see, in the April Fool's edition, the errors of a few minds resting way beneath these ideals—unequal to aspirations far above them.

So Gamma Tau Sigma remains called to order by a kindly parent, and not hauled out to the woodshed.

Our readers! Be not critical of your journalistic brothers. Above all—they meant well—they had the institution at heart.

### "SPRING"

Spring is a happy time of the year  
People are peppy and full of good cheer

The robin sings merrily to you and to me  
Of his newly built nest high up in the tree,

All the frogs begin to go hopping  
Not very many of them are stopping  
All the bees for honey are in search,  
They fly up and down, as high as a birch

All the wild flowers now begin to creep,  
From their winter homes where they've been asleep

The velvety green grass begins to appear

The lark is singing in the sky so clear  
All the little school boys take their hooks

To try their luck down at the brooks  
I think everybody will agree  
Spring is a happy time for me.

—Geraldine Erdahl.

In order to graduate from Oregon State college every woman student must pass a swimming test in addition to her academic work. A minimum of three terms of swimming is required of all women students. The work necessary is beginning swimming, intermediate, and advanced swimming which includes work for fancy diving. Requirements of women who will graduate after this year are: ability to swim a quarter of a mile; tread water one minute; ability to pass the side stroke; crawl and back crawl, swim a relaxed back stroke, and a standing dive.

Wise Guy

The Sceptic

Dear Michael:  
Aristotle intimated that intellectual pleasure is the highest form of joy to which man can rise. In a measure this is correct. Yet, let thought become the heat of action as well as its light (as in the intellectual), and disintegration of personality begins. I fear, Michael, that you have fallen into this abyss.

A perfect life should be spent in this manner: 1) In adequate care of health; 2) In intellectual endeavor; 3) In reflection; 4) In pleasure derived from art.

A sound body, supporting a mind in love with knowledge—and free from the searing flame of business, need not be discussed here. Reflection, founded on knowledge, elevates. BUT HOW FEW OF MORTAL MEN TASTE THE DELICIOUS AMBROSIA CALLED ART! It is the greatest gift to mankind, and the only enduring institution.

Art may be thus divided: Music, Painting, Writing, Sculpturing. These divisions are listed in the order of importance. He who can appreciate art is as happy as an artist, and skill or love in either of these divisions make life worth living. Let us discuss these quarters.

MUSIC. Music is greatest; it is supreme. Plato says: "Damon tells me—and I can quite believe it—that when modes of music change, the fundamental laws of the state change with them." Music is the Star of art because it is intangible, and invisible nature is understood with a minimum of sense perception by the mind and soul. Again our friend Plato asks: "Is not this, Glaucon, why musical training is so powerful, because rhythm and harmony find their way into the secret places of the soul, bearing grace in their movements and making the soul graceful?" All virtue, all religion, all beauty, all

order, al emotion, spring from this Star.

PAINTING. Painting is solitary, it is individualistic. Color and proportion are stones in its foundation of beauty. Intelligence is the pre-requisite. Emotion blankets the whole, while inspiration lights the way.

Nearly all can admire mastery in painting; few can interpret; few realize interpretation is essential. But he who absorbs such artistry to the roots carries to the grave a priceless gift. His inward eye is a torch.

WRITING. Writing is third in line because of its intellectualism. Beauty, rhythm, and order are the supports, I admit. Yet, this form requires too much of that impersonal knowledge true art escapes.

Writing is the mind's picture and its tongue. The heights are reached in poetry—the great mirror.

But, alas! Today degradation fears the monuments of the past. Where are our Homers, Hugos, and Hawthornes? They have been suffocated by art's enemy—commercialism. Existing pseudo-writers are disgraceful dabblers, ignorant faddists, attracted in their puny efforts by the money of the commonplace. Sensationalists, skeptics, reformists, pessimists, swarm like mosquitoes, and are just as valuable. Writing's greatest enemy—the printing press—has snuffed out that little light which appreciated writing for writing's sake.

SCULPTURING. Sculpturing is last in line because of the heavy de-

pendence on one beauty—proportion. Rhythm is the second essential. Its foundation of imitation rots with the implication of comparison with reality, and criticism naturally follows. Moreover, it takes super-artistry to forget craftsmanship in the appreciation of the product itself. Yet, we have nothing so awesome, so crushing, so questioning, as sculpturing.

You may ask why I have not included dramatics in my discussion of art. Dramatics are too impersonal, as we find in modern plays. The actors are dependent on other personalities. The soliloquy, now in disuse, would reinstate dramatics.

And so, my dear friend, I advise you to seek the gratification, the glory that is art, as an escape to rest. Art is the only living peace.

—Johana.

### State Fighters To Compete In Tourney

Molitor, Dvorak And Fox Are Scheduled To Enter Competition

North Dakota State will be well represented at the Amateur Golden Glove tournament to be held under the auspices of the Minneapolis Shriners at that city on May 7.

State boxers that are already entered are Frank Dvorak, middleweight champion of the college; Johnny Molitor, who will box in the tournament as a featherweight, and Fox, the featherweight champion of the college who will box as a bantam at Minneapolis. Others may be entered. All of the men are in good shape and are working out every day in order to be in the best of condition for the hard grind of tournament competition.

This tournament is the first of its kind to be held in this part of the country and from this year on it will be a preliminary event to the National that is held in Boston. In order to do this the officials have decided to hold the tournament immediately after the completion of the various school tournaments in order to get the best men and have them in the best of condition. The winners of the tournament will then be sent to Boston for the National Golden Glove Meet.

### BROADSIDES

By Cliff Bollman  
Three cheers! The long awaited track meet is here.

The Greek Gods all have their underwear all washed for the big event.

WE HOPE NOBODY FORGETS TO WASH THEIR LEGS, ALSO.

These track meets are one place that the men can show more arms and legs than the women.

We found Konichek greasing his legs the other night.

PERHAPS HE THINKS HIS NAME IS LIGHTNING.

Well anyway we hope it doesn't strike here.

Joe Blakeslee should be equipped with a parachute, the air gets pretty thin up there. We're looking for a few new records from Blakes.

SAALY SAYS THAT ANY RECORD WILL DO AS LONG AS JOE ISN'T SINGING WHEN HE MAKES IT.

Chief Pariseau's chief spring sport is chasing tennis balls for his wife. Why don't you get another racket, Chief?

We suppose that the sororities will be backing their team to the women.

THAT'S RIGHT—IF SOME SORORITY COULD GET ABOUT TWO WOMEN OUT FOR THE MEET THEY WOULD PROBABLY WIN THE CUP.

Probably more records will be broken at the Junior Prom tonight than at the meet.

Or don't athletes attend these big society doings?

Casey Finnegan and Bob Lowe have assured us that the day will not be lacking its special attractions. They're going to put on an eccentric dance entitled When Greek Meets Greek.

We hope they don't forget their tunics—or is it tonic?

ANYWAY WE KNOW IT WON'T BE CHOP SUEY.

### Baseball Season Opening Is May 5

Diamond Being Put In Shape For Tournament; Many Fraternities Enter

Thanks to Casey Finnegan, the baseball season has been postponed one week, May 15 being the opening date of the tournament. The diamond has been put in shape, and the only thing that is holding off the start is the prolonged football practice.

Many star players are back from last year, and a number of new men will add to the team's strength. Vernie Goodwin is back to take the hurling duties for the Delta Sigs. The Sigma Taus have a new catcher in Donald Lieb who is from Ortonville, Minn. Maybe the Bismarck boys will show their stuff for the Kappa Phis. The Y team promises to be unusually strong this year.

Due to the late opening date, the schedule has not yet been arranged. However, it is known that each team will play eight games, once with each other team. All scheduled games will be played at 4 o'clock, five days a week.

The organizations which have entered teams are: YMCA, Delta Sigs, Kappa Phis, Theta Chis, Sigma Taus, Kappa Psis, Gamma Rhos, Sigma Phi Delta, and Kappa Sigma Chi.

### There's a Silver Lining

in the **Pause** that refreshes

So many unhappy things can happen to increase that old inferiority complex. Deans and Doctors, Mid-years and Finals, all dedicated to the cause of making life a burden. Coca-Cola was made for times like these. Here's a drink that will quickly invest you with some of its life and sparkle. Give your exceeding joy in its tingling, delicious taste. And leave you with that cool after-sense of refreshment in which a righteous megalomania may wax fat and prosper.
