Brevities Ready For Opening Night

MULLIGAN STEW

That good old pledge banquet depicted for future generations.

Topics in Brief.

Pioneers exist in every field of endeavor. A particular type of education is unexplored. Who will initiate the work of discovery?

MULLIGAN STEW

After the fateful aroma of pledging vanishes into memory, there is dished out to the young hero of this tale a big heaping platter of collegiate rackets. In this Mulligan Stew, which con-stitutes the pledge banquet, the vegetable which smells the worst is the Outside Activity gag.

"Listen, youngun," says the big active, "you gotta gulp down this junk and like it." (The baby's eyes stick out like a frog's, and he thinks he's a college guy.)

"Now lessee," says the presi-dent, "we got a guy in drama-tics, debating, and stock judg-ing; five fellows out for basket-ball, and ten out for football. Alf is in military, Tom in the band, Jackie in boxing. H-m-m, you better get goin' in journal-ism. Yeh, thassit," and he lights a cigar. "You're the big black man from the south, get me? man from the south, get me? Knock this paper racket for a row, and if ya don't—well!"

So the little, scared kid from the wheat fields eases into the the wheat fields eases into the Bison office, or Spectrum office, or whatever joint he's supposed to burn up without returning for more matches. If, shortly, our hero doesn't land out somewhere on his ear, he is protected by some big active who seems to have a drag. The aristocracy in control of the activity puts up with the horrible stuff the young punk produces. And the kid gets a notion that college is a place in which to win offices, make a front page story, bust into the limelight. When he sports an active pin

When he sports an active pin (if it ever dawns on him that there is an average to make), the victim is saturated with pride and the Outside Activity gag. He thinks that Outside Activities are crushed fruits. So our hero spends his remaining college years dining on fruit salad, and graduates with three pins, a book of newspaper clip-pings, and a 75 average.

college years dining on fruit salad, and graduates with three pins, a book of newspaper clip-pings, and a 75 average. Next year he comes back to the pledge banquet. On enter-ing the brotherhood paradise a poignant odor of Mulligan Stew causes him to stagger. causes him to stagger.

Just before the feed he collars some wart from a potato field and roads: "Listen, baby, you gotta oil this junk and like it. We gotta get a guy in dramatics. You're the big stove poker from Pittsburg, get me?"

And so another runt has a dish of Mulligan Stew.

And so, Ladies and Gentlemen— Let's give the apple fritters to the Charity Ball, scheduled for this evening, and wish the party all kinds of success, and all that sort of mush. And if Peter Rabbit doesn't walk all over the flypaper and tell Brier Possum that blackber-ries are red when they're green so that Sammy Woodchuck slaps And so, Ladies and Gentlemen-

so that Sammy Woodchuck slaps Reddy Fox and—well, The Bison Brevities get the headlines today

In one of the best basketball games played in the fraternity loop so far, the Sigma Tau five were forced to ac-cept the short end of a 23 to 20 score, when the Sigs staged a gallant rally in the last few minutes to win. The Taus held a narrow 10 to 8 lead at the end of the first period, and scon increased this to a commanding 16 to 10 lead near the end of the third quarter. Here, Bob Allison, star Tau guard, committed his fourth personal foul and was forced to take the bench for the remainder of the contest, his absence being sorely missed. Near the end of the contest the Sigs held a 21 to 20 lead, until Miller sank a short one to put the game on ice with less than 30 seconds remaining. Alli-son played a bang up game at the guard position and besides found enough time to score three field goals. Walker, forward, also played a good game for the losers.
