

THE SPECTRUM

VOLUME XLV.

STATE COLLEGE, NORTH DAKOTA, FRIDAY, NOVEMBER 15, 1929.

NUMBER 13

Bison Harriers Win 3rd Title In Cross Country

Russell Weiser Takes Second Place Following Baker of South Dakota

FOUR MILE COURSE HARD

South Dakota State Places Second With 15 Points

For the third time in as many years, the Bison harriers won the cross-country meet sponsored by S. D. State college at Brookings, last Monday. By placing second, sixth, seventh, and eighth places, the Bison squad finished first with the low score of 13. South Dakota State was second with 15 points, and Augustana college placed third.

Competitors ran over a four-mile cross-country course, encountering stubble-fields, orchards, gravel, and cinder roads. It was a good test of stamina, and credit is due all the men for the good showing made in the race.

Leonard Saalweachter, the Bison coach is of the opinion that Bankert of South Dakota State, who placed first with the time of 22 minutes and 39 seconds, would have had to run the distance in considerably faster time to win, had Russel Weiser, crack N. D. State runner, not been handicapped by a ten-day illness terminating only a few days before the South Dakota meet.

The first ten to finish were: Babert, S. D. State; Russell Weiser, N. D. State; Reits, S. D. State; Martin, Huron; Fjelstad, Augustana; Jordre, Robertson, and Virgil Weiser, all of N. D. State; Lyma, Yankton; and Walter Nelson, N. D. State.

Bavly Is Contact Engineer To Russia

Word has been received here from Prof. Bavly, formerly connected with the engineering staff of North Dakota State college. He is now employed by the Russian government as their contact engineer and is stationed at Detroit, Mich.

The government of Russia is building an automobile plant similar to that of the Ford plants in this country. As contact engineer it is Prof. Bavly's duty to transmit the necessary information, regarding the work, to Russia. At present the plant will be used for assembling purposes only, but will manufacture in the future.

He reports the work to be intensely interesting, and believes it will become even more interesting as the project progresses.

NEW KAPPA DELTA CHAPTERS INSTALLED

Sigma Psi chapter of Kappa Delta, located on this campus, has received word from the national chapterian, Mrs. Ada McDonnell Smith of Memphis, Tenn., that two new Kappa Delta chapters will be installed this month.

The first chapter to be installed will be at the University of Maryland at College Park, Maryland, Nov. 14, 15, and 16. Kappa Psi, local sorority, will become Alpha Rho chapter of Kappa Delta through services conducted by national officers of the sorority. There are now two national sororities on the campus of the University of Maryland, the Alpha Omicron Pi, and Kappa Kappa Gamma.

On Nov. 21, 22, and 23, Delta Kappa, local at the University of New Hampshire at Durham, N. H., will be installed as Alpha Sigma chapter, making the fourth national sorority on that campus.

Services in honor of the two new chapters will be held by Sigma Psi chapter at the regular meeting Monday evening, Nov. 18, with Margaret Moore, president, in charge.

Beta Sigma chapter of Kappa Psi announces the pledging of Erling Tangen of Fargo.

SCABBARD AND BLADE PLEDGES FIVE SENIORS

Scabbard and Blade, honorary military fraternity, announces the pledging of five seniors in the department of military instructions; Jerome Lindstrom, Fargo, Archie Solberg, Lakota, Alf Skaret, Fargo, Harold Julsrud, Fargo, and Ben Kouba, Lidgerwood.

The newly elected men were pledged at a banquet held at the Powers hotel Nov. 5.

Cosmopolitan Club Formed Last Monday

New Non-Greek Letter Organization Will Engage in Campus Activities

The non-fraternity movement instigated by Joe Paulson, Portland, N. D., completed its organization at a meeting held last Monday evening in the YMCA library. Twenty students were present. The constitution was adopted and the following officers elected: Vice-president, Joe Lindgren; treasurer, David Carlson; members of the executive committee, Carl Albrecht, Melvin Johnson and Sam Westgate. The president, Joe Paulson, and the secretary, Miss Lola Reeves were elected at a previous meeting.

Article two of the constitution clearly defines the object of the organization. It states—Object: (1)—To serve as a channel through which non-Greek letter students may seek and find self-expression. (2)—To give the members of this group representation and positions of influence in the elective offices of the college and other student activities. (3)—To hold social functions and foster a spirit of cooperation among the members of this organization.

Trowbridge Attends College Meetings

Dr. Trowbridge, director of the experiment station, is attending the Land Grant College meeting held in Chicago this week. He is chairman of the experiment section of the conference. This meeting is held every year to discuss the problems of the colleges that have been granted land by the government. Each college sends several faculty members to represent its school.

Director C. F. Munroe is also attending this meeting and will read a paper on "The Experiment Station Publicity from the Extension Point of View."

ENTRANTS ARE SENT TO LIVESTOCK SHOW

The International Livestock show will open in Chicago Dec. 1, and continue through to Dec. 7. The purpose of the show is to promote interest in the raising and breeding of livestock. Stock entrants come from all parts of the United States, Canada, and occasionally from abroad.

The North Dakota Agricultural college is shipping a carload of hogs consisting of the fat and breeding classes. All of the hogs are pure bred. They are of the New Rock Jersey, the Chester Whites, and the Yorkshire breeds.

In the cattle show the school is entering seven steers; two Shorthorns and five Aberdeen Angus.

The department is planning to send six of their bred Belgian horses to the show. The sheep that will be sent are also pure breeds.

North Dakota will be further represented by the Hartley herd which, from a show ring point of view, is one of the best, according to Professor E. J. Thompson of the North Dakota Agricultural college.

ALPHA PHI OMEGA PLEDGES FOUR MEN

Alpha Phi Omega, honorary chemistry fraternity, pledged four men at their last meeting held Wednesday evening in the Chemistry building.

Adolph Pahl, senior from Lidgerwood, Bill Striebel, sophomore from Marmarth, Louis Larson, senior from Kathryn, and Arthur Niclay, senior from Crookston, Minn., are the new men chosen.

Womans League Elects Class Senate Members

The annual convocation of the Women's league was held on Wednesday at 9:40 in the Little Country theater in order to elect members for the Women's Senate, its governing body. The following members were chosen: Freshmen, Marion Johnson and Isabelle Barret; sophomores, Lorissa Sheldon, Elene Weeks; juniors, Ethel Kraft, Mary Fisher; seniors, Arlene Burt, Grace Swanson. These people will elect the remaining two members at large. The high school also has two representatives who are not yet named.

Every girl on registering automatically becomes a member of the Women's league, whose policies it is to work for improvements on the campus and to develop a feeling of fellowship amongst the women students.

Aletha Winn Directs Physical Ed. In F.H.S.

Aletha Winn, senior in Physical Education and a member of the Phi-Omega Pi sorority, will return to her classes here on Thursday. She has been on leave of absence the past two weeks substituting for Miss Boe, physical education instructor at Fargo high school. Miss Boe was called away on account of serious illness in her immediate family. Georgina Brindle will take Aletha's place for the next few days because Miss Boe is as yet unable to return to her position.

Y. W. C. A. MEMBERS DISCUSS PLANS

A large group of YWCA members met in the Blue room of the YMCA building on Wednesday, Nov. 6, to discuss plans for the coming year. The meeting was led by Mrs. T. Worden Johnson, YWCA secretary, and Miss Billie Eastgate, president.

Members of the cabinet gave brief summaries of their duties in order to acquaint the new girls with the work the YWCA does.

Plans were made for meetings at which various topics will be discussed—such as personality, charm, petting, relations of men and women, service, character, love and friendship.

Committees will soon be working on plans for the Coed Prom and the Kiddies Christmas party.

BISON PHOTOGRAPHER TAKES ARMY PICTURES

Individual platoons of the Bison battalions had pictures taken this morning in front of "Old Main" by A. R. Schirling, official photographer of the 1931 Bison.

Adolph Pahl, business manager of the publication made the arrangements and aided Mr. Schirling in the grouping. The military section in the 1931 edition of the Bison will be the largest in the history of the institution due to an increase of two platoons over last years battalion.

A separate picture was taken of the Cadet Colonel and his adjutants, and one of the colors and color guards.

LIBRARY STAYS OPEN UNTIL TEN O'CLOCK

The library hours have been changed for some time but very few students have been taking advantage of the new schedule. The library is open every night during the dinner hour from 6 to 7 and until 10 o'clock in the evening.

Prof Volleyball Teams Challenge All Students

The faculty profs are challenging students to play real volleyball with them.

To date, 49 staff men have signed up for practice at the YMCA and play every afternoon in the Y gym. They are divided into three groups, being scheduled for particular days. Captains are chosen who in turn choose sides from those present. A championship battle between the three divisions is being planned and will be fought later on.

KAPPA DELTA TO HONOR PATRONESSES

Sigma Psi chapter of Kappa Delta will have an informal gathering at the chapter house, 1028 Thirteenth St. N., Sunday afternoon at 4 o'clock in honor of their patronesses, Mesdames C. F. Monroe, C. S. Putnam, Fay Smith, H. L. Bolley, W. B. Hancock, E. H. Jones, and H. W. McArdle.

The Thanksgiving theme will be carried out in decorations and refreshments, according to Miss Princess Egbert, chairman of the social committee.

Dramatic Club Play Entertains Audience

Severison, Boerth, Heilman, Pierce, Weeks, and Faber Present Fine Interpretation

Desert islands and yachting were made very vivid by actors in "The Devil in the Cheese", Edwin Booth Dramatic club fall production. This play was a new type to the Little Country theater, being fantastic and very imaginative.

Both casts showed remarkable amateur ability and had been well trained. The cast of the first evening, having more experienced players and several members of the club, outplayed their successors a bit. Noral Severison, Ruth Boerth, Ronald Pierce, and Charles Heilman as Mr. Quigley, Goldina, Dr. Jones and Jimmy Chard, respectively, did splendid work in portraying their characters.

The second evening the audience applauded the portrayal of Mrs. Quigley by Elene Weeks; comments of genius, etc., were heard at the close of the production. A fine characterization of the chief monk, Father Petros, presented by Anthony Faber, received approbation from the critics scattered in the audience.

YMCA Opens Drive for Campus Members

Dr. Albert Hallenberg, Coach L. T. Saalweachter, and one representative from each fraternity on the campus were the guests of the YMCA at a supper held in the "Y dug-out" Tuesday evening at 6:30. Places in the "dug-out" for the fraternity's laup, bearing the fraternity crest, were drawn by each fraternity representative; these lamps were donated by each fraternity at the North Dakota State college.

Further arrangements for the membership campaign of the YMCA which is being held this week were also made. Carl Albrecht, general chairman, has chosen 15 men to assist him in getting non-fraternity members and one member from each fraternity to get fraternity members. Those who join through the fraternity will join as a group but non-fraternity members join as individuals.

550 STUDENTS ENROLLED IN MATH DEPARTMENT

An increase in the number of students taking mathematics at North Dakota State college has made necessary an increase of instructors in the mathematics department, according to a report from the department. Miss Matilda B. Thompson, who was on leave of absence studying at Columbia university, is back. Mrs. Cora E. Braun and Miss Lillian Opfer are employed as part time instructors.

There are now six full time and two part time instructors in the department. Of the 550 students who are taking mathematics, more are enrolled in trigonometry than in any other subject.

KAPPA PSI WILL ENTERTAIN PLEDGES

The Beta Sigma chapter of Kappa Psi will entertain their pledges at an informal dancing party, to be given at the Waldorf hotel, Friday evening, Nov. 15.

Glenn Roberts is general chairman of the committee in charge of the party. Dan Bailey and Bud Galehouse are in charge of decorations, and John Johnson, refreshments.

Research by several college professors has revealed that homework is extremely bad for school children.

Balloting Shows Few Voted During College Election

Friberg Defeats Mary Ricker for Junior Publication Board Member

MOORE LOSES TO OLSON

Ballard and McCullough Land Senior Board Positions

Polling one of the smallest votes ever recorded at the college, State students chose a Commissioner of Finance, one Junior and two Senior members of the Board of Publications at the election yesterday. Only 200 students turned in ballots when the polls closed at 4:10 yesterday afternoon at the registrar's office.

Two strong frames were represented in the election; each of them succeeded in placing candidates in two offices. The feature of the election was the close race for Commissioner of Finance to succeed Kenneth Piper who was elected last spring, but did not return to school. Robert Olson defeated James Moore by one vote. When all the ballots were counted, the returns showed Olson 100, Moore 99.

Leonard Friberg succeeded in gaining a close margin over Mary Ricker in the race for Junior member of the Board of Publications. The count showed Friberg 37, Ricker 34.

Helen Ballard and Kenneth McCullough were the two successful seniors elected to board seats. The Senior balloting showed Margaret Ballard 38, Kenneth McCullough 37, Henry Sullivan 31, and Loyal Gast 26.

Professor's Association Will Elect Officers

The Association of University Professors met for the first time this year Thursday, Nov. 14, in the Faculty clubroom, according to W. C. Hunter, president. Election of officers was the main business of the evening, followed by a discussion of the program for the ensuing year.

This chapter, with 36 members, belongs to a national organization which furthers the interests of the staffs of all the institutions over the country. Active members are those of the faculty who have had three years experience in teaching or research work. In this chapter there are eight junior members who need have only a few months experience.

The executive committee of five, including the three officers, president, vice-president, and secretary-treasurer and two members at large, arrange the programs. Last year the Teachers Retirement fund in this state was discussed. Dr. Hunter expects this discussion to be continued this year. The function of North Dakota State college with regard to the other institutions in the state will be another topic, and questions in general of vital interest to this college will be brought up.

MEN'S CONVOCATION HELD LAST WEDNESDAY

The men held a convocation in the Armory Wednesday which was sponsored by the Y. M. C. A. The yearly drive for members was begun and the program for the year 1929-30 was outlined.

Dean of men, I. W. Smith, gave the assembly some interesting facts concerning the construction of the present building and its first maintenance. Clifford Booke explained the opportunities offered and urged all men to investigate. Professor Otterson, secretary of the YMCA introduced the speakers. After the campaign, Doc Putnam lead the songs.

TAUS ENJOY PHEASANT

The members of Alpha Sigma Tau enjoyed a pheasant supper Wednesday evening when Milt King sent some fowl to his brother Bob. Milt is employed by the Remington Rand company of Sioux Falls, S. D.

RILED MOTHERS

Are you afraid of the facts?

Let us explain. Last Friday we commented on the coed smoking at this institution, and not from the standpoint of the evangelist. The editorial merely presented the facts as they are. To our surprise a number of irate mothers called this office and the publications department and demanded an explanation. They loudly asserted that: First, a very small percentage of women students smoked; Second, that such a topic had no place in a college publication; Third, that The Spectrum should be censored; Fourth, that they were very angry and annoyed.

This is conclusive proof in itself that the mothers believe woman-smoking to be wrong. Furthermore, we can certainly assume that they are ignorant of the true state of affairs here and that they are afraid to face the problem, as such they assume it to be. Before condemning the publications department or The Spectrum these same mothers should have smelled their daughters' breaths on their return from a party with "the girls."

Let us answer their criticism: First, as to the percentage smoking. All we know is what students tell us. And women students of this institution have declared that fully 90 percent of their sex smoke. One girl stated that only three members of her sorority were immune from the habit. Perhaps a questionnaire would be enlightening, although we doubt that the college authorities would permit one. It is for those interested in this

STYLE TAILORING QUALITY VALUE

a lot of words—almost worn to death, but as long as we cannot invent new words, we repeat them and the fact that our clothes give them to you in the fullest measure.

The Globe

The House of
Kuppenheimer Good Clothes
102-104 BROADWAY

problem to find out by definite means, not us.

Second, these mothers must be afraid that an article on smoking will pollute the minds of the fair sex. Surely, a college paper is for and about student problems.

As to the last two points, these are matters of opinion.

Will Rogers says: "All I know is what I read in the papers." We say: "All we know is what students tell us, and all we print is what students ask us to print." The Spectrum is not the root of all evil.

leg president who mildly stated that since he would not recommend as teachers, college women who smoke, it would be useless for those who did to attend the college.

We would, ordinarily, join anyone who took the initiative and affirm that he was over-playing the part of the puritan. But a State college coed's outburst in Tuesday's Spectrum seems equally an object for condemnation. We object not so much to her social radicalism as to her mechanistic nihilism. She has contravened immutable physical laws. More precisely, she has shown a reaction that far exceeded the action.

A guilty conscience is what we might suggest as the cause of this vehement reaction to a rather conventional pedagogical action. The term "guilty conscience" is a phrase that covers a multitude of psychological inanities. So, to be specific: We think that our coed was fright-

ened into verbal extravagance by the thought of the W. C. T. U. "literature" and lectures (or maybe those of the Anti-Tobacco league) that must have inspired the president in question. She remembered that they are supported mainly by "emancipated" women. Quite possibly, too, there lingered in her mind memories of that romantic age when women were considered to be of a little finer clay than we males, and hence were presumed to exist merely to reform erring menfolk and, by precept, lead them on the path of righteousness. Oh, yeah? Did she hurry into criticism to escape the melancholy dangers of meditation?

And in her rashness she placed a rather peculiar emphasis on the importance of cigarette smoking. She forgot that tobacco use is merely a minor vice—a habit that in the mature parallels finger-nail chewing, nose picking, and thumb sucking in

the young. All have good and bad features.

Our "courageous sister" thinks that smoking is an important part of that glorious road which leads to that paradise called The Single Standard. We agree with her. But on the blueprints of the road some un-civil engineer has labeled it "Sewerage Disposal System".

A Spectrum headline surprises us with "Women Math Students Will Be Entertained."

Not by mathematics, we'll bet.

COEDS WE'VE SEEN ARE BETTER AT SOLVING FIGURES THAN DISSOLVING THEM.

They called it a mathematical tea. Drink it and your days are numbered.

To be mathematical, tea leaves, well, tea leaves headaches.

WE SUPPOSE ALL THE GUESTS WORE PLUS FOURS.

We're glad we didn't go—they would have counted the sugar lumps we would have used.

If the root of all evil is money, what is a glass of gin to 5th power?

PRE-WAR GIN, OF COURSE. THIS MODERN STUFF HAS ONLY ONE POWER—HORSEPOWER.

We suppose that picture they had at the party was of a rabbit—the fastest multiplier in the world.

If they served the tea on the multiplication table, we'll bet it was pretty weak.

THE CONVERSATION WAS RADICAL, THOUGH JUST FOR A FRACTION OF ITS POTENTIAL HEAT.

Most of the tea we've drunk was unknown quantity.

Some mathematical poems were recited, too: "Ode to a Logarithm", "The Courtship of Binominal Theorem", and "The Square of a Doughnut is in the Mold, Mother Dear".

A STUDENT'S DELIGHT WATCHING HIS WORST MATH PROF SOLVING AN ETERNAL TRIANGLE.

If our math prodigies would only solve our restaurant pie.

No tea is served during our class discussion. Wormwood's been the diet.

AND IT DOESN'T PAY TO BE OLD-FASHIONED IN OUR CLASS. WE'VE GOT TO KEEP UP WITH THE TIMES.

When women get together, it's usually a historical tea. They always seem to repeat themselves.

Strum this on your tea strainer: If X is a kiss, is 5X a necking party?

IF SO, WHAT IS 10X?

X me annudder.

Ho hum, period.

**Coyotes Meet
Bison In Last
Conference Mix**

**South Dakota University Makes
Fine Showing Against
Army**

**VERN GOODWIN
SHOWS FINE KICKING**

**Twenty-one Men Will Make
Trip to Vermillion With
Coaches**

Coach "Casey" Finnegan and 21 stalwart Bison football warriors left by bus for Sioux City, Iowa, at 8:30 Thursday morning, enroute to Vermillion, S. D., where they will face the mighty Coyotes of S. D. university in the last conference tilt on the Bison schedule this fall. They will stop at Sioux City Friday where they will go through a light signal drill and loosening up exercises before continuing on their other leg of the journey which takes them to Vermillion.

Coach Finnegan was unusually pessimistic over the outcome of their tussle with the Coyotes because of the fast development the Coyotes have been showing in their more recent starts. The Coyotes recently held the second string of the great Army squad scoreless and only until the first team was sent in was the Army able to score. Then to top the day in fine shape they unleashed a powerful pass attack that completely bewildered the Army first team and resulted in a touchdown. And it is this style of attack that will cause the Bison the most worry, according to Finnegan. On the other hand the "Sorrel topped" leader really smiled when he spoke of the fine kicking exhibition that Vern Goodwin uncorked in their recent start against the Mt. St. Charles team of Helena, Mont. This young sophomore end booted his punts far and high and with deadly accuracy, which kept the Bison out of danger a great portion of the time. Although Leo May, Bison fullback, may not be able to take part in the contest, Finnegan believes that if Goodwin repeats his feat of last Saturday the kicking duties will be well taken care of.

With the exception of Leo May and Joe Blakeslee, who suffered a painful injury in Wednesday's scrimmage against the Frosh, the squad is in the proverbial "pink" for their last conference battle. And as far as we can figure it out the Bison should return home with the scalp.

The men that made the trip with Coaches Bob Lowe and Finnegan are: Captain "Cod" Ordahl, McMillan, Skaret, Dvorak, Hovland, Bollman, Kaufman, Thomasson, Shamp, Hanson, Friberg, Goodwin, Hiltz, McGrath, Gergen, Fairhead, Lonsbrough, May, Blakeslee, J. Smith, and Parisseau.

GAME DOPE

The Sport Staff of The Spectrum herewith give their dope on the football games this coming Saturday that will be of the most interest to The Spectrum:

Bison, 6; S. D. U., 0.
S. D. State, 13; St. Louis U., 7.
N. D. U., 7; Creighton, 6.
Fargo High School, 6; Sioux Falls, S. D., 13.

**WOMEN'S BASKETBALL
TO START NOVEMBER 26**

Basketball games sponsored by the Y. W. C. A. and coached by State college and Moorhead State Teachers college women are scheduled to begin on Nov. 26. Georgina Brindle, State college senior, is manager of the tournament. Two rounds will be played, the second will begin shortly after Christmas.

The schedule for the first round is practically complete, games to be played on Tuesdays and Thursdays, three games an evening, the first game to start promptly at 6:30

o'clock. All games must be played in the gymnasium of the First Baptist church.

The teams and their coaches are: Northwestern Bell Telephone, Tommy Ottinger; Women's Athletic club, Nery Streed; Woolworth's, Georgina Brindle; Advance Ice Cream, Camille Alfred; Moorhead Independents, Echo Lundgaard; Interstate Business College, Aggie Gibbs.

**SOCCER GAME
DRAWINGS MADE**

Elections and drawings were held Monday in the Women's Gymnasium for the interclass soccer teams. Minerva Streed was elected captain of the Sophomore team and Belle Shalit was elected captain of the Junior-Senior team.

The Freshmen are scheduled to play

the Junior-Senior team on Wednesday and the Sophomore team on Thursday. The Junior-Senior team play the Sophomore team on Friday. These games are played on Dacotah field during the noon hour.

STYLE AND FREEDOM OF LINE HAS BEEN DECIDED UPON BY THE COLLEGE MEN OF AMERICA. CLOTHES DON'T MAKE THE MAN BUT THEY PLAY A PART AND MANY A MAN HAS BEEN COUNTED OUT BEFORE HE HAS BEEN ABLE TO PROVE HIS WORTH THROUGH LACK OF KNOWING JUST THE CORRECT COLLEGE WEARABLES.

Hackenberg Edits Ottumwa Times

Was Prominent Campus Figure For Three Years

T. Worden Johnson Receives Copy of First Paper

Richard G. Hackenberg, a student of North Dakota State college for three years, and a graduate of the class of 1929 from Northwestern university, is now managing editor of "The Ottumwa Times", a weekly publication at Ottumwa, Iowa. Mr. Hackenberg will be remembered as being very active in college work. He was commissioner of elections, editor of the Bison and Spectrum, and a charter member of Blue Key fraternity.

This summer he went to Ottumwa, a thriving town of about 30,000, located in the central part of Iowa. Under Mr. Joe W. Miller, the editor-in-chief of this paper, and a friend of Mr. Hackenberg, he was made managing editor of this weekly.

A copy of the first edition of "The Ottumwa Times" which was published Nov. 7, 1929, was received Tuesday of this week by Mr. T. Worden Johnson. Mr. Johnson stated that the publishing of this paper will mean a rival for the "Ottumwa Courier", a former and older paper. The publication, according to the editors, has as its aim the advancement of everything and anything which will advance Ottumwa, itself. It is to be a magazine which, with the exception of a small column devoted to national and scientific news, will be based strictly on local interests. The news contained in this issue included community activities, news of schools and churches, sports and athletics, and events of society.

Official Bulletin

RIFLERY

The girls of this college will be given an opportunity to have rifle practice again this year. Interest in this sport has been shown previously, and it is hoped that there will be an even greater interest displayed this season.

Practices will be held on Wednesday evenings at 7 o'clock in the college armory. The first meeting will be Wednesday evening, Nov. 20. It is desired that a large number of girls be present at this first practice and at all succeeding practices. There will be special instruction for beginners.

Reserve Wednesday evenings for rifle practice!

Will all fraternities and sororities hand me a list of actives and pledges of your respective organizations by Nov. 18. John Pannebaker, Postmaster.

YWCA committee meetings Friday afternoon at 4 o'clock in the YWCA rooms. Katherine Engebretson.

Gamma Tau Sigma will be held Tuesday, Nov. 19, 1929, at 4:30 in the Bison office.

WANT-ADS

STUDENTS washing wanted—reasonable prices. 1205 8th Ave N.

FOR RENT—One room, 3 blocks from college; cheap if occupied by two. 82D 13th St. No.

LOST—Black and white Belmont fountain pen. Finder return to Ruth Whitney.

CAMPUS COMMENT

It is generally known and recognized now that the non-fraternity students at North Dakota State college have an organization which is to be respected, one with great potentialities. It will be known also that the members are not "barbs" but cosmopolitans. Students not affiliated with a Greek letter fraternity or sorority are aware that they have an opportunity to take a hand in the affairs of the college. Nevertheless, the interest in the organization has been only "luke warm" and few have attended the meetings. Why is this? Aren't you socially inclined? Surely you must not entertain the notion that the next fellow will do the work and you enjoy the benefits, nor need anyone think a leader can accomplish anything unless he has followers. Organizing is a tedious and difficult process even with encouragement, greatly more so without it. The leaders and officers of the new "Cosmopolitan Club" will assume that the non-fraternity students do not want to be organized and will cease working for it unless more attend the next meeting. So show that you are interested by coming out to the meeting Monday or the club will disappear.

Convocation Programs To Feature Music

The convocation programs to be given at the college armory during the rest of the fall term are to be largely musical, according to Professor A. E. Minard, dean of the school of science and literature at the North Dakota State college. The purpose of these programs is, as usual, entertaining and educational. The three outstanding programs that are to be given are as follows:

Miss Louise Essex, a well known cellist, will present a program on Nov. 25, 1929.

On Dec. 4, 1929 Mr. Russell Reed, photographer of North Dakota, will show pictures and slides that have been taken in the state.

The third outstanding number will be given by Miss Dorthea Powers, violinist, on Dec. 9, 1929.

Winnipeg, Manitoba—(IP)—A. Reading, geologist and mechanical engineer, of a staff of Dominion explorers just returned here from the Hudson Bay region, has exploded

somewhat the shivery tales of the Arctic northland. He reports that he has found fauna in the Arctic which is of a tropical nature.

Included in his finds were red coral, starfish, jellyfish, and other fauna usually associated with the tropics. A species of edible clam were found in the region, also, Reading said.
