OF INTEREST TO ALL

Forward To Organizations: How to assure recognition in this publication at all times Who is entitled to copies of The Spectrum Our Guiding Lights: Cooperation Greater interest in journalism High honors Centralization of student interest Encourage Activities Advertising Bachelor of Arts Degree The Spectrum Platform

It is conventional that editorials are skimmed by the uninterested eye. To the student body, and particularly to the campus organizations, let us warn that what follows deserves your attention. Today we are advising you of the routine that assures your group of adequate advertising in the news columns. If the following suggestions and regulations are followed, The Spectrum staff will be able to serve satisfactorily each organization. We only ask that you appreciate the common newspaper handicaps—such as too much copy, or big stories—which might stand in the way of the length or position of your article:

The first essential is that one person be designated from your group to handle all news for The Spectrum, or one that will actually attend to the matter. Only by cooperating with us in this regard can the staff give you every consideration, and in the final analysis you are the one who is to gain by this consideration.

The second essential is that articles be handed in on time. The deadline for the Tuesday edition is twelve o'clock noon on Monday. If they are presented at that late hour no guarantee of ours would assure them a position in the paper, for the printer sets the deadline. To be certain of acceptance the stories should be in by nine o'clock, a. m. The zero hour for Friday's paper is noon on Thursday. One more word: If the Spectrum office is closed on your arrival place the copy in the drop box located near the door. Third: Preference will be given typewritten articles. Please give the foregoing your consideration. Thank you.

Now a few words to everyone. Last Friday we promised to outline the policies of this publication. They follow with a few extra bits of information.

The Spectrum comes to you as the official student publication of the North Dakota State College. It is printed every Tuesday and Friday, and is free to all persons enrolled at this college as students. Copies will regularly be placed on a table located just outside the doorway leading into the college post office.

We editors shall endeavor to lead the student body into a better spirit of joint action with this paper, into a feeling that The Spectrum is a product of the entire student body rather than the product of a definite set of individuals. In endeavoring to create this spirit we call for timely suggestions and criticisms, and a greater use of the opportunities for individual ex-

Dedicate Alumni-Faculty Rooms At Homecoming Oct. 19

The dedication of the newly arranged Alumni-Faculty rooms in Main, formerly occupied by the Bison and Spectrum, will be a feature of the homecoming celebration planned for October 19, Matt Tindall, secretary in charge of general arrangements declared today.

Class reunions, Bison barbecue, parades, dances for alumni and students and an alumni dinner will feature the homecoming exercises.

The annual homecoming bonfire will be lit on Friday night and Saturday morning class reunions and registration of alumni will take place. The parade will form at 11 a. m. marching to the business district and back to the college. Clarence Erickson will act as marshal and the line of march will be headed by Dr. C. S. Putnam, directing the Gold Star band. Also in line will be the college R. O. T. C. companies, the American Legion Bugle and Drum corps, and the usual organization floats. The South Dakota State college will be represented by a band and marching organization and the faculty and alumni of the North Dakota State college will also march.

A. G. Arvold will act as master of ceremonies at the dedication of the Alumni-Faculty club rooms and the hanging of portraits of past presidents will be a feature of the rooms.

Fargo Theater Shows World Series Contests

Ed. Kraus, manager of the Fargo theater, announced Saturday that the world series games, which begin Tuesday, will be shown on the electric scoreboard at the North Broadway showhouse, as has been done in the past years.

The scoreboard is run in conjunction with the regular performance, the feature immediately following the completion of the game. There will be no extra charge, according to Mr. Kraus.

The Chicago games will start at 1:30 p. m., Fargo time, and the Philadelphia games at 12:30 p. m.

The board has met with approval in years past.

Rev. Gerberding Addresses Students

The convocation Monday morning at which Rev. Gerberding of St. Mark's Lutheran Church delivered the principal address was opened by the singing of the North Dakota Hymn.

"You get out of college just what you put into it," declared Rev. Gerberding to the assembled student body. "It behooves students in getting an education to get acquainted with the church," he added.

"Y" BOARDS TO SERVE SUPPER TO STUDENTS

To all students of this college the Y. M. C. A. and Y. W. C. A. boards extend a cordial invitation to attend a supper to be served in the college "Y" building next Sunday evening. This supper will follow the State Council meeting, to be held over the week end.

Prof. D. M. Bavly

Bavly To Act As Contact Agent For Soviet Gov.

A distinct tribute to this school lies in the Russian Soviet Government's recent appointment of D. M. Bavly, associate professor in the School of Mechanic Arts, as their contact engineer at the Ford Motor Plant of Detroit, Michigan, if we may quote Acting President Dr. J. H. Shepperd. In commenting on Prof. Bavly's connection with the Russian industrial program, Dr. Shepperd said: "That the soviet government should reach into the ranks of the engineering faculty of North Dakota Agricultural college for a man to fill this important post, is indeed a tribute to this institution and the School of Engineering. Professor Bavly is eminently fitted for the job of contact engineer. Aside from his technical training he speaks a half dozen languages fluently."

Mr. Bavly, who is in charge of engineering mechanics and machine design at the School of Mechanic Arts, of which R. M. Dolve is dean, is a graduate of the University of Michigan. He has a master of science degree in mechanical engineering for postgraduate study from the same school. Prior to joining the college staff in 1923 he had seven years of industrial experience, particularly in the design of special machinery.

Prof. Bavly will leave for Detroit as soon as his successor has been chosen.

Alpha Xi Betas Give Last Rushing Party

The Alpha Xi Beta sorority gave the final rushing party to its rushees Saturday evening at the A. M. Renwick home, 119 Tenth St. N. A unique pirate's den formed the setting for the evening and a skull and cross bones were used in the decorations with pirate girls serving the luncheon. The feature of the evening's entertainment was a hunt for a treasure chest. Miss Norma Cavett was in charge of the arrangements.

NOTICE

Students desiring positions on the Editorial Staff of the Bison see me as early as possible. (afternoons only). Report to room 120 of Science Hall. (Signed) Amos Wallum.

Student Commission Party October 11

The first All-College party of the year will be staged by the Student Commission next Friday, October 11, in the armory. Miss Grace Reynolds, Commissioner of Social Affairs, will act as hostess for the evening, and announces that dancing will be the form of the evening's entertainment.

Miss Reynolds points out that this is exclusively a N. D. S. C. affair and that the Student Commission has ruled that no person will be admitted who does not present his registration card at the door, except, of course, that he be a guest of a bonafide member of our student body.

The hours of dancing are from 8:30 p. m. to 11:30 p. m.

Sororities Hold Formal Teas Sunday

All sororities of the campus gave formal teas to their rushees at homes of members or at chapter houses Sunday afternoon from 3:30 to 5:30 after which time a period of silence extended to 7 p. m. Monday.

The Alpha Xi Beta sorority entertained its rushees at the home of Dean and Mrs. H. L. Walster, 1130 Twelfth Street N, in the form of a Bittersweet tea with a program of musical numbers given during the receiving hours. Miss Ethel Renwick of Fargo was in charge.

Phi Kappa Lambda received guests at the home of Mrs. W. W. Fuller, 1115 Seventh Street S. Pastel colors were used in the decorations and guests of honor included Mmes. Frank Ross, A. E. Minard, Kent Darrow, A. E. Cannon, and Miss Christine Finlayson.

A golden key tea was given rushees of Kappa Kappa Gamma at the home of Miss Katherine Knerr, 415 Eleventh Street S. She was assisted by Misses Elizabeth Woolege, Dorothy Smith, and Lorissa Sheldon.

The traditional rainbow tea of the Sigma Theta sorority was held at the home of Miss Katherine O'Connor, 1307 Seventh Street N. Pink roses were used in the decorations. Miss Minda Rudser was in charge of the decorations assisted by Misses Margaret Fleming, and Mary Hassel.

Miss Lily Ann Thorsell was in charge of the Kappa Delta traditional white rose tea at the home of Professor and Mrs. O. A. Barton, 1335 Eleventh Av. N., with Mrs. Max Morgan and Mrs. C. S. Putnam presiding.

Scarlet and White, Phi Omega Pi colors, were used in the appointments for the rushing tea given at the chapter house, 1223 Eleventh Av. N. Mrs. Margaret Anderson and Miss Esther Lutzke presided.

INSTRUCTION FOR TUMBLERS OFFERED

To those strong arm individuals interested in tumbling, instruction will be offered by the college Y. M. C. A. for the purpose of developing a team for pyramid building and exhibition tumbling between halves of basketball games. The first class will meet this evening in the "Y" building at 7 p. m. The class is sponsored by the athletic department and physical education credit be given those in regular attendance. All types of men are sought for. "Heavies" are needed for throwing a foundation work and lightweights for "top-mounters." The instruction will start gradually and will be easily followed by all. The meetings are to be held every Tuesday and Thursday evening at 7 p. m., and will be in charge of M. Mattingly.

Delta Sigs Lead In Number Of Men Pledged

Sororities Admit Sixty: Services Held Last Evening; No More Sorority Formal Rushing Until Spring Term.

Period Regulated by Council

Perhaps out on the lonely North Dakota prairies there are still some worn out rushees in hiding from bands of frantic fraternity men bent on capturing, seducing, persuading or forcing, and what not, these unfortunates to join their brotherhoods. Be that as it may, complete returns up to the last early morning stragglers say that eighty-four young men made the fatal decision Monday evening and chose their future homes and associations, no, let us call them blood brothers.

The formal rushing frenzy is over. Beginning in earnest with the opening of school it lasted for a period of eleven days, increasing in intensity as the last minute scramble began. The rushing was regulated by the Inter-Fraternity council, and, though we have heard of nothing to date, there may be a few skeletons to pick over in the way of broken rules. Yet, such is perhaps inevitable. The rules followed conventional lines. Each organization was allowed one night in which to hold exclusive control over the rushees. During the day these latter were entertained by whatever group could gain possession of them. The rush period wound up with the formal pledging services held last evening in the various fraternity houses. Services were authorized after 6 p. m.

The sororities concluded their rushing activities last evening also. Rushees could take out their bids between the hours of 3 to 6 p. m. at the Chemistry building where they were delivered to them by Mr. Severson, official caretaker. Silence period began at 5:30 p. m. Sunday and continued through until 7 p. m. Monday, when pledging services took place at the designated places.

Alpha Xi Beta welcomed their pledges at their house, 901 Eleventh Ave. No.; Phi Kappa Lambda, 1404 Twelfth Ave. No.; Phi Omega Pi, the Masonic Temple; Kappa Kappa Gamma, 509 Eleventh st. So.; Kappa Delta, 1023 Thirteenth St. No.; and Sigma Theta, 1201 Thirteenth Ave. North.

There will be no more formal rushing among the sororities until the spring term.

Among the fraternities, Delta Kappa Sigma pledged the largest number of men with twenty-one. Beta Chi pledged the least amount with two. The average number of men pledger was ten.

Sigma Theta sorority led the numerical race among the women's group with twelve pledges; Kappa Delta admitted seven students and Alpha Xi Beta—nine.

The fraternity pledges are as follows:

Delta Kappa Sigma: Frank Clark, Martin Enders, Charles H. Shure, Ronald H. Pearce, Edward McArdle, Robert Shine, John Dixon, Robert A. Bergseth, Lloyd E. Ebersviller, William Heller, Joe A. Sutherland, John Thorsell, Frank Callinan, Frederick S. Anderson, Jack Vincent, Clarence Putnam, Ralph Weible; Art Cayan, Bismarck; Selden Catlin, Barnesville; Duane A. Murner, Abdeen, S. D.; Edwin Schoenbechler, Langdon.

Theta Chi: Clayton Reeves, Fargo; Larence Rhyam, Marmarth; Phil Hodgson, Gardner; Spencer White, Sherwood; Kenneth Hagen, Watford City; Donald Arthur, Mandan; Harry Heinie, Ellendale; Delmore Smith, Fairmont; Bob Harnish, Fargo; Robt. Connolly, New England; Christian Meckler, Goodrich; James Samways, Crosby, Minn.

Alpha Kappa Phi: Clarence Orness, Valley City; Ed Jessen, Fargo; Leonard Ferguson, Valley City; Ralph

Of Interest To All

(Continued from Page 1)
 pression which lie in the Student Opinion Columns, and in letters to the editor.

It is our earnest hope that our efforts will lead to a greater general interest in journalism, and that institutions outside our own will become better acquainted with The Spectrum and the college thru an active exchange system.

It is our desire that this year will see the high journalistic standards set by our predecessors eclipsed. To this latter aim we shall constantly devote effort. The Spectrum has always been a paper aspiring to high honors.

Through the publishing of all worthwhile news of the campus we intend The Spectrum to act as a force working to centralize the students and to break down the isolating barriers that the many departments tend to set up.

We shall attempt to encourage participation in all outside activities and to aid in supporting all inter-collegiate contests which bring greater recognition to the college, financial support for the educational facilities, and benefit to the participants.

There is a great need for advertising this school to the Northwest, even more than has been done in the past. To this task we set our efforts, not forgetting that there is a very real need of informing our own student body of many assets lying in this institution which they have not heard of.

Witness the increase in enrollment. Examine the personnel of the freshmen class. Add the benefit of past observations. One conclusion should occur to

you. More and more students of the type that desire a Bachelor of Arts degree choose this institution. They intend to attend N. D. S. C. for one or two years and then go elsewhere. Such individuals are gradually overtaking in numbers those who take vocational courses, and eventually will be in the majority. Though it is perhaps impossible to grant an arts degree from this college, yet certainly these additions to the student body should be offered greater recognition and a wider range of subjects which are prerequisites to a degree elsewhere. We intend to urge a greater consideration for them.

Finally, through our columns we shall urge the students to patronize our advertisers who make The Spectrum possible.

To further these aims the editors have adopted a definite set of editorial and news policies to be known as The Spectrum Platform. If the need should arise, and as new questions come up, we intend to add to this Platform and to take a side on such questions that relate to our college. In as concise a form as possible we are printing here-with The Spectrum Platform. It is not meant to be complete or perfect; what is printed below is merely a starter which we hope will lead to greater advancement.

The Spectrum Platform

1. To better acquaint Fargo and Moorhead, and the Northwest with the college and the variety of splendid educational facilities that it offers.
2. To better acquaint the state legislature with the growing needs of the college.
3. To aspire to greater journalistic achievements and to create a greater interest in journalism at this institution.
4. To act as a vital centralizing force in the student body by the publication of all available news; by encouraging the use of The Spectrum for individual expression; and by our editorials.
5. To co-operate with advertisers.
6. To encourage activities, scholarship attainments and all worthy competition on the part of the students, and the support of such activities.
7. To uphold and support the rules and policies of the institution as work for its well-being.
8. To be alive to all problems that may arise within the student body and to use the

 Good Coffee

printed page as a means of reviewing such situations.

9. To print articles attempting to gain support for moves which we believe would be beneficial.

10. To be constructive in our editorials and fair in our news articles.

11. To encourage literary attainments.

12. To stimulate the long felt need of more courses prerequisite to a Bachelor of Arts degree.

AG. STUDENTS VISIT FARMS ON TOUR

Twenty-one women have enrolled for the fall term dancing class given in the gymnasium at 4 p. m. Monday and Wednesday.

Twenty-two senior students in Agricultural Economics went "a visitin'" last Saturday to the Alex Bruce farm just south of Mapleton. They were accompanied by Professor Cap Miller and Benjamin McCaul of the department of Economics.

Complete lay-outs of the entire acreage were made and inventories taken of the livestock, machinery, poultry, etc. Previous to the class trip, Mr. McCaul and Mr. Cleveland visited the farm and made preparations for the work.

According to Mr. Miller, class visits will continue while the weather remains favorable. Each year similar trips are made and following problems of the various places are discussed in class and lecture work.

Miss Haries Pasmore, Hillsdale, Mich., was a dinner guest of the practice house girls last evening.

THE HANGOUT

Where's the hangout this year? Since the Spectrum-Bison office has changed quarters, no one seems to know where to spend spare minutes.

Well, if you'll follow the curving walk to the front of Science and enter going immediately into the new wing and lower hall and follow the last corridor, there will be discovered the answer to this spreading questionnaire. In place of one grand office for the two papers' workers, there is one for each. The Bison comes first, having for its recommendation, bigger capacity for the howling mob; the next door to the left is The Spectrum, having to its credit, three large windows opening directly onto the ground. A telephone has been installed and will be ready for use in a short time. Ye editors fumed as usual, today being Tuesday. Where there's fire, there's smoke.

The Y. W. C. A. Board, auxiliary to the local college organization, held a meeting in the Y. W. rooms Wednesday in order to get ideas for the year's work started. Mrs. I. W. Smith is president of the board.

ANOTHER ASSET

Situated on the third floor of the Agricultural building in the southeast corner where the sun's rays play vividly until noon, is the well-equipped laboratory of the Department of Agricultural Economics. Directly across the hall are two offices, one occupied by Professor Cap E. Miller and the other by his two assistants, Professor Benjamin McCaul and W. A. Cleveland.

The walls of both rooms are lined with material concerning the thirty-one courses that this section of the School of Agriculture offers to its students.

During the year field trips to various farms in the vicinity of Fargo are taken so that what has been preached may be practiced. On the return, charts and blueprints are made by the students to preserve profits of the journey.

Post-graduate work is being stressed and evening seminars are held in order to accommodate part-time students.

Positions as managers of large farm estates are being filled by graduates of this department.

Ebullitions of Ebony Blott

By Everett Wallum

In order that the freshman won't get the idea that the college hands out majors for padding, we will elaborate on the hazing rules. By close attention, he can avoid getting it on the campus and other places so numerous to mention.

Padding is good for reducing, anyway; it makes one feel small.

Rule 1: Wear your green caps between 7 a. m. and 6 p. m. daily. Try to cover all curls and try to place cap between ears. Ear muffs are permissible in painted green, and muzzies are encouraged, any color.

Rule 2: Enter campus through south gate. If you don't do it you'll get the gate. Leave campus via cow barns, taking special care not to frighten cow so she won't give milk. But that's an odder story.

Rule 3: Don't wear high school pins or letters. 4-H club girls who have won inlaid rolling pins are included. All a "B" means to these hard hearted sophomores is the second letter of the alphabet. It isn't what you wear, it's whose is it?

Rule 4: Attend all convocations, even the one for the board of administration. If you don't like the program, think of those India holy men who sit on spikes for years. Just think!

Rule 5: Learn the school songs and yells. And don't dislocate your tonsils or fracture an adenoid singing through your nostrils. Sing way down deep in your chest (thump, thump), and take deep breaths—ah-h-h-h.

Rule 6: No cuts allowed. Use a safety razor. Cutting remarks is all right if you pare the edges even. Do not be like freshmen in the past who have applied this rule to their hair and toenails.

Rule 7: Observe all signs and ordinances. Signs of awakening intelligence should be nurtured as carefully as Cliff Booke's mustache.

Rule 8: Be courteous and conduct maybe you'll grow up to be trusted. Just how a gentleman should act may be a problem. Read Horatio Alger and Boob McNutt.

Rule 9: No painting of buildings. But if any of you can slyly slip a little pigment on the armory, we will be your vassal for life.

Rule 10: Learn to button. Just because there's a button on your head, it's no sign you should keep your mind closed. Dyed in the wool frosh will curtsy while buttoning. And stop looking for the buttonhole.

Rule 11: Bring wood. Use your heads.

Rule 12: All hazing is confined to the two lower classes. Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha.

Bison Win At Superior, Wis., 26-7 Saturday

The North Dakota State Varsity easily defeated the Superior Wis., Normal team Saturday at Superior, 26 to 7, with Cy Lonsbrough leading the Bison attack, scoring three of the four touchdowns. Joe Blakeslee, Bison halfback, scored the fourth counter of the contest.

The Bison scored early in the first quarter when Pete Gergen blocked a punt and a drive by Leo May put the ball on the Superior nine yard line and Lonsbrough carried it safely across to tally the first counter. Sam Westgate kicked for the extra point.

An intercepted pass gave the Bison their second chance to score and a 15 yard penalty brought the Bison within scoring distance. Lonsbrough ran 25 yards on the next play to score his second touchdown. Westgate's kick for the extra point was wide.

Superior blocked one of Westgate's punts in the third quarter on the 25 yard line and the remaining yards to the goal were quickly traversed by Mestnick, Superior end, for the loser's only counter.

Lonsbrough ran 45 yards in the last period to place the Bison with scoring distance and plunges by Leo May, Sam Westgate, and Joe Blakeslee brought the ball to the two yards line and Blakeslee crossed the line for the third Bison counter, while Westgate missed the kick.

In the final minutes of the game, Lonsbrough got away for a 30 yard gain following an exchange of punts. Leo May brought the ball to the one foot line and Lonsbrough counted the fourth Bison touchdown on the next play. Westgate made the kick. The

Freshman Squad Gets Ready For Nodaks

With their game with the University of North Dakota Freshman near at hand as the first game of a double header in which the Bison varsity will play the second contest with the Moorhead State Teachers college here Saturday, the Bison yearlings are still learning the fundamentals of the game with no first string selected as yet.

Many of the aspirants have had little previous training in the art of ball carrying and Saalwaechter and Smith are busy drilling the men who have gone through several scrimmages with the varsity.

The Frosh line is unusually strong according to Saalwaechter but the backfield is uncertain. Walter Schoenfelder, Aberdeen, and David Tang, Cooperstown, tip near the 200 mark and both look promising.

LAW MAY BE OUT THE REST OF THE SEASON

Jim (Tiny) Law, 230 pound tackle of the Bison eleven, suffered a foot fracture in the contest with the Superior Normal Saturday and may be out for the remainder of the season unless the break heals quickly. As the big fellow puts it "it isn't being tackle, it's the hangover."

FRESHMAN HARRIERS ARE PUSHING VETERANS

If several of the Freshman cross country prospects continue to improve as they have done in the past, veterans of the 1928 harriers team may find their position filled by newcomers, Coach Saalwaechter declared today. The frosh, who have been under dogs, have been fighting desperately for the Minnesota trip Friday, when the Bison harriers will make their fourth appearance at the Gopher school.

Ralph P. Sinner, '28, and Arthur V. Olson, '26, are located at Pembina, N. D. Mr. Sinner is a druggist while Mr. Olson is principal of the high school.

Mr. and Mrs. L. D. Osman are running the school at Fingree, N. D. Mrs. Osman, formerly Elsie Skadland, is instructor in the seventh and eighth grades while the master of the house is superintendent of schools.

FARGO LAUNDRY

The New College Year----

Finds the Student Enrollment Increasing at a tremendous Rate.

Freshman Class, numbering 527, is largest in

At the end of the first week of registration there was a total enrollment of 1,272 at the college. The same period last year had 1,044 registered, according to A. H. Parrott, registrar.

Why have high school students picked this college in preference to others? The answer is simple. Types of courses and the low cost of attending this college as compared with others are two of the several reasons for their choice.

A bachelor of science degree is offered in agriculture, science and literature, home economics, architecture, architectural engineering, biology, chemistry, civil engineering, education, electrical engineering, mechanical engineering, and pharmacy.

Send for booklet.

Henry Sullivan, editor of last year's Spectrum, has returned to school and is staying at the Gamma Rho house. He worked on a New Salem newspaper during the summer vacation.

Walter Davidson, '28, Gamma Rho, left for Minneapolis Sunday where he will spend a few days.

Dr. DeKleine, for several years head of the Child Health work in Fargo, and now of Washington, spent the weekend at the Delta Sig house visiting his son, Hoyt.

The Kappa Phis entertained a group of alumni over the weekend, including Claudie Miller, Valley City, who brought Coach Smothers with him; Cy Peschal, Wahpeton; Ralph Irick and Waldie Diehl, Bismarck; and Ole Benson and Tom Christian-son, Valley City.

Vivian McKay, Valley City, and Mr. and Mrs. Lonsbrough, Bottineau, were dinner guests Friday evening at the Kappa Phi house.

Haries Pasmore, a member of Kappa chapter, Kappa Kappa Gamma fraternity from Hillsdale college, Hillsdale, Michigan, is spending the winter here and is registered as a senior in the school of Home Economics. Miss Pasmore is a guest at the home of Dr. and Mrs. R. E. Weible.

Anne May, Aberdeen, and Dewitt Moore and Ray Larson, Sigma Chis from Grand Forks, were guests at the Sigma Theta house Saturday.

Hazel Heald, Cooperstown, Dorothy Norby, Underwood, Minnesota, and Esther Douglas, Buxton, Minne- sota, were guests at the Kappa Delta house over the weekend and attended the formal tea.

Ada Coulter, Park River, spent the weekend at the Phi Omega Pi house.

The Sigma Thetas won the first prize for the best set luncheon table offered by deLendrecie's. The con- test was staged Saturday, and many of the sororities on the campus com- peted.

Several of the sororities gave rushing breakfasts Saturday morning, in- cluding Phi Omega Pi, who en- tertained their rushees at a studio break- fast in Betty Sheldon's studio, Kappa Kappa Gamma, who held an eight o'clock breakfast at the house of Mrs. R. E. Weible, and the Kappa Deltas gave a breakfast at the home of Frances Wright. The hours were from 11:30 to 1.

Amos Wallum, editor of the 1931 Bison, announces that much of the art work in the annual has been com- pleted and the proofs of same have already been received from the en- graver. Juniors and seniors can ex- pect to have their individual pictures taken soon.

Delta Sigs Lead In Number Of Men Pledged

\$3 to \$5

Frank Dean, University of Wisconsin, feels fortified against adverse flying conditions when in his trusty Monocoupe. Likewise he feels fortified against the stiffest exams when he grasps his trusty Parker Duofold Pen.

Christened "Parker Duofold" by Amelia Earhart, the first trans-Atlantic woman flyer, this 5-Passenger Fairchild Monoplane has, in the past 9 months, given flights to 6,200 Parker dealers and college students. This fall it will continue its tour among the colleges of America.

Now numbers of colleges have their flying clubs and landing fields—but the thing that students like best to pilot through their studies is the light-flying Parker Duofold Pen that leaps to its work like a dart and writes with Pressureless Touch.

Pressureless Touch is Geo. S. Parker's 47th Improvement, combining capillary attraction with gravity feed.

A census of pens in 13 technical schools disclosed that Parker leads in popularity 2 to 1. It was voted the favorite by students in 55 colleges. And a nation-wide poll conducted by the Library Bureau proved Parker the preference by 25% above the second pen, and 48% above the third.

Non-breakable barrels of jewel-like, colorful Permanite, smartly black-tipped—28% lighter than rubber—holding 24% more ink than average, size for size.

Step to any good pen counter and select your point. Imitations can't deceive you if you look for the imprint, "Geo. S. Parker—DUOFOLD."

THE PARKER PEN COMPANY, Janesville, Wisconsin
Offices and Subsidiaries: New York, Chicago, Atlanta, Buffalo, Dallas, San Francisco; Toronto, Canada; London, England.

William H. Wells, as President of the Aerial Club at the University of Kansas, is an enthusiastic booster for aviation—and also for Pressureless Writing via Parker Duofold.

Miles Skull and George Kolbe are two of the leading members of the Flying Club at the University of Illinois. When it comes to speedy writing, both are Parker Duofollows.

*To prove Parker Duofold is a pen of lifelong perfection, we offer to make good any defect, provided complete pen is sent by the owner direct to the factory with 10c for return postage and insurance.
