

## Memorial Fund Senior Pledges Due This Week

### Class Of '04 Will Hold Reunion During Commencement Week Six Are In Class

Pledges signed this week by members of the graduating class are due this coming week according to T. W. Thordarson, alumni secretary. This money is to make up a memorial fund which will be used to finance the purchasing of relief portraits of the three major presidents of the institution, Worst, Ladd, and Coulter.

The forefront of this week the members of the class of 1929 pledged \$2.50 each to finance the bronze tablet of Dr. Coulter. Members of the alumni and former students association will purchase the other two reliefs according to Mr. Thordarson.

### Alumnus To Do Work

In 1920 a John M. Johnson graduated from North Dakota State and is at this time operating a studio in New York City. He is an eminent sculptor at this time and has agreed to do the work on the portraits at cost. It is undecided where these reliefs will be hung at this time, but will very likely appear in the lobby of the new physical education building to be erected next year.

### '04 Class Reunion

All six members of the class of '04 will be here during commencement week, according to word received from the various members by Mr. Thordarson, to observe their silver anniversary of graduation. The program of the annual alumni banquet, to which all seniors are invited, is to be turned over to the quarter-centurians. The members of the class include Wm. H. Westgaard, Williston; Mrs. R. C. Sherwood, Emmett, S. Dak.; Katherine Jensen, "U" of Idaho, Moscow, Idaho; and James McGuigan, Mrs. R. E. Weible, Mrs. Edith Slocum, all of Fargo.

## Modernistic Bison Appears On Campus

### 1930 Yearbook Reflects The Air Of Progress Of School; Representative

Issuing the 1930 Bison was undoubtedly the main feature of the Gay Cat Day Wednesday. The book is modernistic in theme, design and makeup, reflecting the spirit of the times and the atmosphere of progress of the school.

The 1930 Bison is probably more representative of the modern trend of the school than any annual in recent years and is also beautiful from a physical standpoint. It is the work of Miss Jessie Colleen McLachlin, editor-in-chief, and Frank Hannaher, business manager.

"Representative Moderns", a section in which eight students in the school are named as most representative, is a new feature of the book, the names of those chosen remaining a secret until the book was issued. Those chosen are: Ralph Erickson, Miss McLachlin, M. Foss Narum, Cyril Peschel, William Rundquist, Marion Trowbridge, George Hays, and F. Ralph Hollands.

Deans of the seven school divisions submitted three candidates for the most representative students. The 21 names were given to five faculty members not associated with any particular division and final selection was made by the committee on the basis of service to the school, scholastic activities, and those qualities which make for the highest type of representation, according to a committee member.

The Bison has a gray leather cover, with designs conforming with the general art work and embossed with the traditional bison in silver. The ex libris is an artist's drawing of Old Main, done on heavy gray stock in lavender print, with student figures in gay attire in the foreground. The frontispiece is a picture of Dr. John Lee Coulter, president of the college. This is followed by the subtitle page and copyright and title pages.

Other students who assisted in issuing the annual are Amos Wallum, associate editor; Adolph Pahl, assistant business manager; Jayne Sudro, administration editor; Frances Ross, classes; Florence Fleming, art; Henry Presler, Bison Life; Charles Arneson, athletics; William Haslam, organizations; and Everett Wallum, features. Assistants were Alf Skaret, Edris Probstfeld, Esther Douglas, Everett Knutson, Clifford Booke, Doris Wilner, Harry McLachlin, Georgina Brindle, Leonard Rygg, Marvin Huckle, Ralph Erickson, Milton Pemble, Ruth Whitney, Katherine Knerr, Robert Hahn, Dorothy Nordby, Frank Seebart, Margaret Miller, Robert Adam, Margaret Casselman, Raymond Gregerson, Ralph Welch, and Billie Eastgate.

## CHAMPIONSHIP RIFLE TEAM BANQUET TONIGHT

Honoring their coach, Lieut. Frank S. Ross, members of the national championship rifle team will banquet this evening at 7 p.m. at the Powers Hotel.

Talks will be given by Dr. John Lee Coulter, Coach Finnegan, Prof. I. W. Smith, Lieut. Fay Smith, and several of the campus deans. Responses will be made by Lieutenant Frank Ross and Arthur B. Johnson, captain of the team.

## Helen Peterson Of Vergas Wins Bison Misspelled Word Contest

Members of the freshman class romped away with the tug-of-war and the baseball game, while the sophomores were fortunate enough to win the song contest on the annual Gay Cat Day held on Wednesday of this week.

The program opened in the morning with a convocation. Dr. Putnam was on hand with his band and the Little Country Theatre Players presented a one-act play "Peas and Beans." This was followed by a recognition service for Miss Jessie McLachlin which was conducted by Charles Heilman, commissioner of Public Speaking. This was felt to be appropriate by those in charge due to the vast amount of effort expended by her in the production of the 1930 Bison, which she edited.

At the close of the convocation the singers from the freshman class took the stage, to be later outdone by the members of the sophomore class who were able to retain the trophy for another year.

### Costumes Good

The onlooker at convocation witnessed many amusing and unique costumes, in fact the judges report that they encountered considerable difficulty in selecting the winners. Richard Scott was awarded the \$5 prize for the most original costume among the men. He was attired as an influential old lady of 60. Dressed as a couple of Jewish merchants, Jessie Smith and Helen Tollefson won the prize in the women's division.

A record was set during the day for distribution of Bisons. Eight hundred sixty-one Bisons were distributed during the afternoon. Over sixty students entered the misspelled word contest in the advertising section of the book and Miss Helen Peterson of Vergas, Minn., won the \$10 gold piece.

Another feature of the day was the tug-of-war at 4 p.m. between the sophomore and freshman class representatives. Each division had a group of 10 men. The freshmen gained a few inches of rope over the strenuously working second classmen.

Following the tug-of-war 150 cadets were presented with decorations, rewards for special merit during the school year. Captain W. Millard, formerly of the local army staff, now of Fort Snelling, Minn., was a guest of the parade inspection.

### Sophs Lose Baseball Game

In the final activity of Gay Cat Day the Freshman ball team showed themselves superior to the Sophomore aggregation by defeating their rivals 8-0 in a one-sided contest.

The Frosh got off to an early start by crossing the plate twice in the initial frame. The second inning proved to be a gay affair for the Frosh for the Yearling Murders Row scored five runs. The Frosh scored their final run in the last inning, bringing their total (Continued on page two)

## Senior Class Play To Open Commencement

### "Skinner's Dress Suit" Selected For Presentation Friday, June 7th

"Skinner's Dress Suit," a three-act comedy by Irving Dodge, Laurence Marston, and Edward Paulton, will be presented by the college senior class on Friday, June 7, at 8:15 p.m. in the Little Country Theatre. This play will be the beginning of the 35th annual college commencement of the North Dakota State college.

Theodore Laibly will play the leading male character part, and Alta Berg will play opposite Mr. Laibly in the leading female character part as Skinner and Miss "Honey" Rutherford respectively. Graham Fuller will play the part of Tommy (the usual fresh office boy); Raymond Gregerson will play the part of Mr. MacLaughlin; Harold Fog, the part of Mr. Perkins; Arthur Anderson, the part of Mr. Briggs; Floy Beatty, Mrs. MacLaughlin; Margaret Richardson, Olivia; Victor Lindgren, Mr. Willard Jackson; and Mabel Wenzel, Mrs. Jackson.

Skinner's Dress Suit, is a play of especial modern interest, showing how hard it is to fight one's way out of a rut. Skinner by force of circumstances is compelled to risk his little nest-egg on a sink-or-swim campaign. How he finally "swims" to success after "taking arms against a sea of trouble" affords opportunity aplenty for laughter and sympathy. His fiancée gets him into the mess and is mainly the cause of his ultimate victory. The representative of the opposite force is Briggs, a fresh, wise-cracking Jimmy-know-it-all. Mr. Jackson and his wife are effective characters as a man from Minneapolis with a wholesome, unpolished wife.

## RHO CHI INITIATES FOUR NEW MEMBERS

Rho Chi, national honorary pharmaceutical society, initiated four new members at their first annual banquet held Tuesday evening, May 21. They are George Birmingham, Laura Stickard, Kenneth Piper and Charlotte Pickard. Olaf Slinde, as president, acted as toastmaster. Responses were made by various members of the society and Dean W. F. Sudro, honorary member.

## DELTA KAPPA SIGMA FORMAL SATURDAY

Dr. and Mrs. Hunter, Mr. and Mrs. Parrott and Dr. and Mrs. Putnam will be the patrons and patronesses.

The June issue of Papyrus Ebers, official organ of the Pharmacy Club, made its appearance on the campus this week. The issue is written with an appeal to high school students to come here and take pharmacy if interested. They are being mailed out to all of the graduating seniors.

Kappa Tau Delta, honorary architectural fraternity, announces the formal initiation of Horace McGrath and Herman Skaret of Fargo.

## Henry Presler, Amos Wallum Named Editors

### Ralph Welch and Adolph Pahl Elected Business Managers For Publications

Henry Presler, Fargo, was elected editor-in-chief of the Spectrum, and Amos Wallum, Lakota, of the 1931 Bison at the meeting of the Board of Publications Tuesday noon. At the same time Ralph Welch was elected Spectrum business manager and Adolph Pahl Bison business manager, for the coming year.

These men will take office with the opening of the school year in September succeeding Henry P. Sullivan as editor-in-chief of the Spectrum; Miss Jessie Colleen McLachlin as editor-in-chief of the Bison; Harold F. Phillips, Spectrum business manager, and Frank Hannaher, Bison business manager.

Mr. Presler, who will edit the Spectrum next year, is a member of Gamma Tau Sigma and Delta Kappa Sigma fraternities. He has served on the Spectrum staff the past two years as associate editor. He will be a junior in the School of Science and Literature upon taking office. Ralph Welch, Grafton, who was elected Spectrum business manager, will be a senior in the School of Agriculture, upon taking office. He is a member of Alpha Gamma Rho and Blue Key fraternities.

Mr. Wallum, elected to issue the 1931 Bison, has served as associate editor on the past two annuals. He is a member of Gamma Tau Sigma and Alpha Sigma Tau fraternities and will be rated as a junior in the School of Education upon taking office. Adolph Pahl, Lidgerwood, who will manage the finances of Mr. Wallum's book, served as assistant business manager on the 1930 Bison. He is a member of Alpha Sigma Tau, Gamma Tau Sigma, and Blue Key fraternities.

## Senior Leave Now Listed In Bygones

### Parrott Says School Has Grown Out Of Need For Senior Leave

Pointing out that there was a time when every graduate had a part in the class play, etc., but today there are only 17 in the play and 160 in the graduating class, no senior leave is required to successfully complete each four year course. Mr. Parrott, registrar, said yesterday, "We granted the seniors their leave this year, but this is absolutely the last year."

### Decisive Vote

This decision was reached when a faculty vote on the proposition was taken and 38 voted in favor of discontinuing the usual senior leave practice and but six were in favor of continuing as in the past. The senior leave excuses seniors from only those classes that enroll seniors exclusively. All subjects required during the other three years must be completed with a final examination in the usual manner.

### Exams June 6, 7, 8

Final examinations will come on Thursday, Friday, and Saturday, June 6th, 7th, and 8th, according to Mr. Parrott. The Summer School Session opens June 11th, which happens to be the same day that all final reports are due in the registrar's office.

## SIGMA TAUS ELECT WALLUM PRESIDENT

Everett J. Wallum, better known as Ebony Blott, was elected president of Alpha Sigma Tau fraternity recently to succeed Milton Pemble. Other officers elected are Bernhard Benidt, vice-president; Frank Seebart, secretary; John Stambaugh, treasurer; Kenneth McCullough, sergeant-at-arms; Anthony Faber, historian.

### COLLEGE AS IT MIGHT BE

Much thought has been given the above subject by every college man and woman, especially so recently in connection with the essay contest sponsored by New Republic on the subject. Essays in the contest were received from students and graduates of 73 colleges and universities in the United States and Canada with midwestern and eastern districts most heavily represented. More than twice as many men as women competed and more undergraduates than graduates. Their plans for ideal colleges showed a heavy preponderance for coeducation and against intercollegiate athletics, a smaller preponderance against fraternities and a general protest against the grading system, against examinations and even in many cases the conferring of degrees.

The judges experienced great difficulty in choosing among several papers of high merit, but finally selected that of Mr. Howard Jay Graham of the class of 1927 at Whitman College, now a graduate student at the University of California. "The college misjudges us soda clerks, newsboys, shoe-salesmen's sons and preachers' daughters," says Mr. Graham. "Truly we are 'intellectual barbarians' but to infer we are incapable of education—raises the question of what kind of education? In place of the course system I propose an intensive searching study by each student of some problem, field, or institution in which he is interested."

Taking away North Dakota State's traditional senior leave is diminishing what our college might be just a little more. On the other hand senior leave is not entirely gone for as time goes on, professors will advance with the trend of thought, and gradually get away from giving final examinations in their courses and precisely deciding whether the student is an 89.5 or 90% student. Many of the professors will not require examinations in their senior courses, and those that do are the ones to be disposed of. Glenn Frank said, not so very long ago, that "the trouble with the educational system of this country today is that there are not enough red blooded men teaching in the institutions."

When those in charge of the "hiring and firing" come to realize that the professor who is able to put across his beliefs in an interesting and capable manner is the one needed, and not the one who with continual threats is able to keep th nose down in the book most of the time, a step forward will have been made in the educational system. Examinations and exacting grades are permissible during the freshman and possibly the sophomore years, but from there on grades should be disregarded a little more and allow each student to conduct an intensive search into the field that holds his interest as Mr. Graham recommends.

## Freshmen Win All Events But Singing

to eight runs.  
Goodwin, Yearling hurler, proved a puzzle to second year men throughout the five innings of play. Goodwin held his opposition to a single hit and struck out nine men.  
The Frosh lineup consisted of Goodwin, pitcher; Hersheth, catcher; Hanson, 1b; Nordstrom, 2b; Thomasson, 3b; Walsh, ss; Bunt, lf; Johnson, cf; McKinnon, rf.

Schmidt and Smith were the battery for the sophomores. May, 1b; Blakeslee, 2b; Sorenson, 3b; Gordery, ss; Hiltz, lf; Lonsbrough, cf; Striabel, rf.  
To conclude the day, an all college party was given in the armory at 8:30 p.m. for the student body, when costumes were doffed for sports wear. Miss Grace Reynolds, social commissioner, had charge of the party.

Guests will include Dr. and Mrs. John Lee Coulter, Mr. and Mrs. Paul Smith of Amenia, Dean Dinan, Dorothy Nordby representing the Kappa Deltas, Maybelle Game, the Sigma Thetas, Margaret Richardson, Kappa Kappa Gammass, Gladys Syverud, Alpha Xi Beta, and Doris Wilner, Phi Omega Pi.

## Diamonds More Precious Than Nature Can Yield--

Once upon a time there lived a certain man out on the African veldt. He had a perpetual grouch. He railed at the sun and he wailed for the rain. And all the while he grappled with starvation, his little sons played marbles with pretty stones in the yard. He later was the original owner of the Kimberley diamond mines, richer than fabled Golconda.

There's a second Kimberley at your very door. In it you can mine knowledge which is more precious than the diamonds of the African veldt. There you can obtain a "priceless" college education at low cost. Even though the expenses are small the training is of the best.

A Bachelor of Science degree is offered in Agriculture, Science and Literature, Home Economics, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Mechanical Engineering, and Pharmacy.

Special work may be taken in paint chemistry, physics, botany, mathematics, public speaking, and dramatics, economics (agricultural and general), and social and political sciences.

## Ebullitions of Ebony Blott

By Everett Wallum

Russian agronomists have been interviewing farm experts at the college. If their wheat grows like their whiskers, they need no instruction.

If a Bolshevik's face catches on fire, he beats about the bush.

Ten to one they won't raise razor back hogs.

They won't even lather at the mouth.

We'll bet an analysis of vodka would, at least, reveal an efficient hair restorer.

During the war they used their beards for barbed wire entanglements.

Which is an explanation of why Soviet coed neckers get stung.

They dyed the foliage black, so the kiddies wouldn't suffer Santa Claus delusions.

Two 21 year old Russians are always good for a hammock.

Many a Russian has been pierced with a fork during haying season.

We feel sorry for the demonstrative Russian who always dreams he is eating shredded wheat.

Anyway, they don't have to buy fishing nets.

The money they save on shirts pays for revolution expenses.

They don't have to go hunting for shirt studs before a formal, either.

And they can't tell a bare-faced lie.

Whenever a Russian reforms and decide to shave, foreign enterprisers send detailed bids.

Cut-throat competition is O. K. as long as it isn't in the barber business.

It's gotten so they won't play billiards with anything but chestnut burrs.

And they think peaches aren't old enough to eat because of the fuzz on 'em.

In fact, they think the Smith Brothers are sisters.

The proposed Russian national anthem is: "Ale, Ale, the tang's right here. Vodka L do we care?"

## Bison Tracksters Meet 'U' Tomorrow

### Frosh Meet University Frosh This Afternoon; Jack Grohnke Under Weather

The annual dual meet held between the Bison and the university cindermen will be held tomorrow at 2 p.m. on the college field. The meet which was held at the university last year was won by the Bison.

Coach Salwaechter's team is much stronger than that of last year. The Bison appear to be strong in the field events, and also have some strong point winners in the weights.

Last week the Bison scored an impressive victory over the Valley City Teacher's college, winning from the Vikings by 97½ to 33½ count. Saaly's tracksters took the first in every event but the low hurdles.

In the 880 yard relay the Bison have a team which is capable of matching strides with the crack university quartet which copped the Minnesota relay honors. The Bison have formidable teams in the long distance medley.

The Baby Bison team will meet the Nodak Yearlings at Grand Forks today. The first year men have been showing up in excellent form and counted well in the Valley City Teachers meet held Saturday.

The absence of Jack Grohnke, who was recently taken ill, has somewhat handicapped the yearlings in the dashes. The Nodak-Bison Frosh meet was made an annual affair last year.

Little is known about the Flickertail Varsity team as the Nodaks have not been in dual competition thus far in the season. Many of the Nodak lettermen from last year are back and it is thought that the Nodaks are represented by the strongest team they have had in years.

Dick Hackenberg from Northwestern University arrived here Wednesday evening to take in the latter part of the Gay Cat Day activities and the Delta Kappa Sigma formal this weekend.

## ALPHA SIGMA TAU FORMAL ON JUNE 10

Walter Lagerberg is in charge of the arrangements. Guests of honor will include Dr. and Mrs. John Lee Coulter, Judge and Mrs. L. J. Monson, Lieut. and Mrs. Frank Ross, Dean and Mrs. W. F. Sudro, and Mr. and Mrs. I. W. Smith.

## NEWSY KNOSEY KAMPUS KOLUMN

Alpha Kappa Phi announces the pledging of Wilber LaMarr, Grafton.

Dr. Putnam and his Gold Star Band played a concert at the Masonic Temple last night.

Jack Madden, of the "U" of Minnesota, will be a weekend visitor here to attend the Phi Kapa Lambda formal dancing party.

Mr. E. G. Ferguson passed out the cigars at the Kappa Psi house Gay Cat Day. Miss Lucille Burt is wearing the pin.

The girls in the Practice House and Miss Bales spent last weekend at Lake Cormorant. They also enjoyed a Gay Cat picnic on the Practice House lawn Wednesday evening.

A faculty picnic was held last evening on the lawn west of the Main building. The main feature of the evening was a baseball game between the male members of the faculty and the experiment station staff. The experiment station staff won the ball game last year and the professors were out for revenge last evening.

### COLLEGE IS FARGO'S BUSIEST SECTION

Work of pouring concrete for the basement footings of the new wing to the agricultural building is now finished, and the pouring for basement walls on this wing began yesterday.

Excavation for the basement of the wing to Science hall will be completed today and the crews of Meinecke and Johnson company, the firm which has the contract for both buildings, will begin pouring footings for this wing late today.

By shifting crews from one building to the other, work is progressing at unusual speed on this double project and B. F. Meinecke is confident that the two new structures will be complete and ready for occupancy when the fall term opens in September.

With this activity on the campus, with two big fraternity houses and a number of residences under construction just across Thirteenth st from the campus and with a good sized paving job under way in this area, the vicinity of the institution is one of the busiest sections of Fargo.

All of the earth excavated from the basements of the two new wings at the college has been used to fill in low spots on the college camp. Much of this fill went into the low spot between Ceres hall and the athletic field and this section of the campus will be much improved as a result.

### 75 Students Can't Be Wrong

Even a prof would be convinced if 75 students all gave him the same answer to his question. Ask any of our last Summer's student salesmen about the Consumers Merchandise Association offer and the answer will be the same—"You Can't Go Wrong With Consumers." If you are earning your way through school, you will find our proposition interesting. Investigate further now. Write or call.
