Judge Burr, Of Supreme Court, Says That Good Literature Lives On

"The real and the true is so vast that no man can ever hope to know it all, but the college educated man or woman can learn to appreciate what he can get from life," Judge A. G. Burr, of the North Dakota Supreme Court, told members of Phi Kappa Phi, honorary fraternity, and the student body at recognition services held Wednesday morning during the convocation period.

Judge Burr, who gave the principal address, congratulated the members heartily upon their achievements, and stressed the value of literature in life, citing many instances to prove that really good literature, whether ancient or modern, has an appeal for all time and all men.

The services marked the celebration of Achievement day on the campus, and the following honorary fraternities and sororities introduced their members to the student body: Alpha Phi Omega, Delta Psi Kappa, Gamma Tau Sigma, Kappa Tau Delta, Phi Upsilon Omicron, Pi Gamma Mu, Rho Chi, and Alpha Zeta.

Professor J. R. Dice presided, and Dr. A. F. Hunsaker gave a short history of the organization, introducing the charter members, who are Dean Minard, Professors Waldron, Bolley, Putnam and Thompson. Walter L. Stockwell was announced as an honorary member at this time. The annual banquet was held Wednesday evening at 6:30 at the Fargo Commercial Club. 'Thespian Days' Well Presented Front Of Main

Characters Of Plays Presented By L.C.T. Players Shown Amidst Fireworks

Within a Milky Way of starlight produced by brilliant flares, and accompanied by the Gold Star Band, the Little Country Theater Players presented a tableau, "Thespian Days" in front of Old Main last Tuesday evening. The entire spectacle, presented in three episodes, depicted a history of many of the famous plays that have been staged in the college theatre by a series of living portraits flashing out from the windows of the building that formed the background for the scenes.

A crowd of people witnessed the pageant from a number of bleachers which were constructed on the campus opposite the Main building. Under cover of darkness the affair successfully proved that it is possible to stage a brilliant tableau without the use of expensive backgrounds.

The college cadet band played a prelude to the pageant, and Miss Tekla Askegaard favored the spectators with several organ numbers. Mr. George Hays delivered an original prologue written by Opal Dunbar after which a spectacular parade passed in review before the audience.

The first episode consisted of tab (Continued on page two)

FIRST EIGHT VOTES AGAINST SENIOR LEAVE

Late yesterday afternoon eight votes were cast on the question whether to continue with the senior leave practice or not, all of which were in favor of discontinuing the practice, according to Alfred H. Parrot, registrar. There are 42 faculty votes yet to be cast.

Apparently students in favor of the practice will have to do a bit of electioneering at once, lest the traditional leave of absence for seniors fall by the wayside. Of course there is that chance that the more determined and "set in their ways" professors did their voting first.

President Rules Classes Must Be Attended On Day

Convocation At 9:40 Wednesday Bison Distribution At 1:15 P. M.

Members of the Student Commission found themselves victims of a "traffic jam" the forepart of the week when outlining plans for the annual Gay Cat Day to be held on Wednesday, May 22, but Lawrence Parsons, president of the commission, assures us that the traditional event will be staged with a few alterations.

It seems that plans were complete for the traditional day with the president's sanction, and then a number of campus deans met and decided that a day of school could not be missed due to the days already missed during inspection, Bison Brevities, and May Festival. After further cognizance of the situation, Dr. Coulter was forced to demand that classes be attended on the 22nd, but agreed to a convocation on the day and the customary dance in the evening.

Lawrence Parsons when interviewed said that "we are victims of a traffic jam, but have outlined a program for the day that will tend to keep up the tradition. We want the main feature of the day to be the costuming. These gay attires may be worn to classes thruout the day, and hand-capped as we are, with the cooperation of every student in the dressup event, the day when over will be recorded as successful."

Convocation at 9:40

The only time off in the morning will be a convocation at 9:40 in the armory. Dr. Putnam's Gold Star Band will be on hand. The freshmen and sophomores will engage in a song contest, and a one act play will be presented by the Little Country Theatre players. Another feature is being planned but will not be announced. The convocation will provide ample opportunity for the display of the unique and amusing costumes of the day.

Bison Distribution

The 1930 Bison will be distributed at 1:15 in the afternoon. Frank Han-naher, business manager of the annual is sponsoring a contest in connection with the advertising section of the book. There are 20 misspelled words in the advertisements and the person first turning in the correct list to the Bison-Spectrum office will receive a ten dollar gold piece.

Tug-of-War At 4:00

A new feature of this year's program is a tug-of-war to be held between the freshman and sophomore classes at 4 p.m. Wednesday with the center of the rope above the coulee west of the ice house.

The ROTC battalion will form at 4:45 for the evening gun, parade and presentation of decorations to 150 cadets. Sponsors will be out for the review.

Baseball Game at 6:30

A baseball game between the freshman and sophomore classes will be held on Dacotah field at 6:30 p.m.

Dance At 8:30

The costumes will be worn thruout the day, but at the dance in the evening everyone is urged to be dressed in sport clothes. Winners of the various events thruout the day will be announced and awarded. The commission is promising exceptionally fine prizes to the woman and man wearing the best costumes on the campus during the day. Henry Presler and his Vagabonds will play and several excellent features are promised.

GAY CAT DAY

Things looked sort of discouraging the forepart of the week for the Student Commission when the powers that be decreed that there shall be no time off for Gay Cat Day. We can see their point too, as the Bison Brevities cut in on the work, inspection came along and then some departments laid off for some time preparing their open houses for the May Festival and others were required to assist in the management. Then they saw Memorial Day staring them in the face with another day off. Briefly, there is considerable class work to be done by the seniors before the spring leave and the other classes need to get down to work in preparation for the final exams.

This exact situation or one similar will probably never occur again, as Bison Brevities will unquestionably be held well up in the winter term during the years to come. The last week in January is the logical time for it.

A real program is being planned though for the day, such as it is to be. The commission refuses absolutely to do away with the traditional day and next year the event will be staged in the usual manner with a full day of festivities. Members of the commission are to be complimented on their refusal to do away with the day as the faculty asked them to do, and attempting to put it over in the manner outlined on the front page.

The day will be successful providing that practically every student dresses up and gets in the spirit of the fracas. It is up to each and every student to impress upon the faculty the need of the day and the fact that it is a tradition here to stay. A successful Gay Cat Day this year, handicapped as we are, will mean a bigger and better day next year.

Among Our Contemporaries

On Saturday, May 11, the student life at St. Olaf college was filmed by Minneapolis cameramen. The pictures will be shown at the 1930 celebration of the citizens of Norway.

Rolvaa's novel, *Giants in the Earth*, is now being used as a text book in a number of universities. Professor Parrington at the University of Washington is preparing it for college use.

The old oaken paddle, an instrument that seldom gathered moss, and standard equipment in every college fraternity for discipline purposes, represents a passing era in American campus life, deans of men from 75 colleges and universities agreed at the opening of their recent conference in Washington, D. "Hell week," low scholarship, too expensive houses and too much drinking are the glaring faults of the modern fraternity, according to the dean of men at the University of Wisconsin.

As a climax a searchlight trained on a platform built on the roof disclosed Sitting Bull and Custer, portrayed by Adrian Fox, and Ralph Erickson. They were accompanied by two Indian maidens, who sang "Fallen Leaf," and "Land of the Sky Blue Water." They were Frances Webster and Audrey Casselman.

A gorgeous display of fireworks ended the pageant. A Niagara Falls, an American flag, jewel fountains,

tourbillions, and a sunset piece flared on the campus, while surprise boxes sent up bombs which spilled brilliant balls from the sky.

Diamonds More Precious Than Nature Can Yield--

Once upon a time there lived a certain man out on the African veldt. He had a perpetual grouch. He railed at the sun and he wailed for the rain. And all the while he grappled with starvation, his little sons played marbles with pretty stones in the yard. He later was the original owner of the Kimberley diamond mines, richer than fabled Golconda.

There's a second Kimberley at your very door. In it you can mine knowledge which is more precious than the diamonds of the African veldt. There you can obtain a "priceless" college education at low cost. Even though the expenses are small the training is of the best.

A Bachelor of Science degree is offered in Agriculture, Science and Literature, Home Economics, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Mechanical Engineering, and Pharmacy.

Special work may be taken in paint chemistry, physics, botany, mathematics, public speaking, and dramatics, economics (agricultural and general), and social and political sciences.

Ebullitions of Ebony Blott

By Everett Wallum

Dean Clark compares college life to a circus. Sales of animal crackers on the campus are, however, at a minimum.

But, judging from the way the co-eds are dressing, sideshows are more and more in vogue.

And the way the men dress should prompt the cry "Hey, Rube" more than it does.

Walt Schamp says that, if this is a circus, he wants a tent for a new spring topcoat.

Prohibition has raised havoc with snakes on the campus.

Giraffes have been banned on the grounds that they monopolize all the necking.

This college is a three ring circus—Telephone ring, smoke ring, and slandering.

Our journalists are fire-eaters. They always have to swallow some hot remarks.

As for tatooning, we are quite sure campus lovers have designs on each other.

Leaving all joking in the ash heap, a tattooer is one man who can paint on an empty stomach.

And diving girls! You ought to see Ceres co-eds dive for the cherry in a cocktail.

We, ourselves, are fortune tellers. We know, with uncanny accuracy, that the fortune of the average fraternity man is eight (8) cents.

As for concessions. Hardly a day passes, but what some married man on the campus has to make some concession to his wife.

Dog coats insure a plentiful supply of barkers.

We have sawdust—pardon our English—we have seedust in the woodshop.

Some very nice rides here, too. Lots of profs ride students, and there's some nice targets in the armory that are ridden with bullets.

To many of us, this circus is like a tramp's sock. It has a five year run.

Bison Cindermen To Meet Valley City Teachers

Events Start At 9:30 A.M. Saturday

Vikings Are Reputed As Strong; Meet Will Decide Men To Oppose "U"

Bison cindermen will oppose the Valley City State Teachers college track team in a dual meet tomorrow at 9:30 a.m. on the college field. Coach Saalwaechter has recruited his Bison team to its fullest strength in preparation for the Viking tracksters.

Tomorrow's meet will also give the Bison mentor an opportunity to pick the team which will oppose the strong University aggregation the following Saturday on the Bison field. The Frosh team will also be given an opportunity to run in Saturday's meet but any point made by the Frosh will not be counted in the Bison total.

Coach Saalwaechter has 63 entries now registered for the Bison and more are expected to enter before the meet. The Frosh teams are also expected to swell the entry list.

Little is known about the strength of the Viking teams but in previous years the Valley City team have presented the Bison with much opposition. McQueen, a heavy point gatherer for the Vikings, is again going to compete in the annual Bison-Viking classic. McQueen in the past three years has counted heavily against the Saalymen.

Fans are of the opinion that the Bison Frosh team may possibly score as heavy as the Varsity trackmen. An unusually large number of freshmen are expected to be on hand for the coming event and a team will be picked to compete with the University Frosh.

Frosh that have shown up exceptionally well are: Redhorse Johnson, field event man, Jack Grohnke, sprinter, Jim Hill, middle distance runner, and Bob Allison, hurdler. Redhorse Johnson has an excellent opportunity of adding distance to his record javelin throw made during the Intramural meet.

LONSBROUGH KO'S McMILLAN IN THIRD

Six champions, members of Lieut. Fay Smith's boxing stables, were presented with miniature gold boxing gloves by Athletic director Finnegan following the middle and light weight championship bouts held at the Armory Tuesday evening. The awards were made to the following champions Leonard Friberg, heavyweight; Cy Lonsbrough, light heavy; Cliff Bollman, middleweight; Verne Skjonsby, welterweight; John Molitor, light weight; and Charles Fox, featherweight.

Two bouts were held Tuesday evening to determine the lightweight and middleweight champions. In the initial bout Bollman and Dvorak started out at a terrific clip, Dvorak landing the cleaner punches grabbed the first stanza by a wide margin. Lieutenant Smith was forced to stop the fight in the second round when Dvorak unintentionally fouled his opponent. Bollman was awarded the championship on the referee's decision.

The light heavyweight titular contest was fought between two boxers who had won all previous contests by the knockout route. Both boxers felt the sting of the other's deadly rights and lefts. McMillan counted first when he landed a right on Lonsbrough's chin, Lonsbrough going to the canvas. In the second round Lonsbrough came from behind to win the honors. As the third round started Lonsbrough dropped McMillan and the referee awarded Lonsbrough the title as McMillan appeared unable to continue.
