Kappa Phis And Kappas First In Bison Brevities

Kappa Delta And Alpha Sigma Tau Acts Placed Second By The Judges

Modernistic trophies for "First In Bison Brevities" will rest on the mantelpieces of the Alpha Kappa Phi fraternity house and the Kappa Kappa Gamma fraternity, as the result of the judges' decision following the two day show of Bison Brevities at the Orpheum last week.

The Delta Phi Beta sorority act (now Kappa Kappa Gamma) was placed first in the sorority division. Their act entitled "Beta Boudoir Blues" was a splendidly paced and rounded act. It had color, rhythm, and unusually good dancing, and moved with good revue-act cumulativeness. The personnel of the act was Miss Mary Ricker, who sang the outstanding solo of the evening "Some Rainy Day"; Miss Harriett Phillips who executed several feature dances, and the Misses Doorthy Anderson, Evelyn Blakeslee, Harriet Phillips, Mary Ricker, Dorothy Rennix, Dorothy Smith, Audrey Miller, and Margaret Richardson, who made up the singing and dancing chorus.

Presenting the "Silver Slipper Night Club", the Kappa Delta sorority placed second in the sorority division.

Entertaining with a 12 piece orchestra the Alpha Kappa Phi fraternity placed first in the fraternity division with their night club scene. Members of the orchestra include Marvin and Frank Woost and Dell Wade on the saxophones; Owen Jones, violin, Lloyd Rawalt, piano; Morris Olson, banjo; Gerald McNally, bass; Cy Lonsbrough, drums; Bill Euren, Clifford Westgard, Gunder Christianson, trumpets; Philip Koppang, trombone. Lloyd Clark, Walter Shamp and Dell Wade sang several trios; Marvin Lund and Bill Euren hoofed a couple; and "Boo" Anderson and Cy Lonsbrough clowned effectively.

The Alpha Sigma Tau fraternity placed second with "The Reign of Rur", a group of mechanical men.

Judges were: Norma A. Gooden, Fargo high school dramatic instructor; Ed Kraus, Fargo Theatre manager; Daniel Preston, Moorhead State Teachers college; Olivia E. Tarbell, North Dakota State college, and Geo. A. Benson of the Fargo Forum.

The Brevities played to a good house the first night and a full house the second evening. Norman Ostby's Fargoans furnished the music for the occasion. The credit for the success of the show which was sponsored by Blue Key, is due largely to their agents, M. Foss Narum, production manager; Elmer O. Hanson, director; and Wm. F. McRoberts, finance manager.

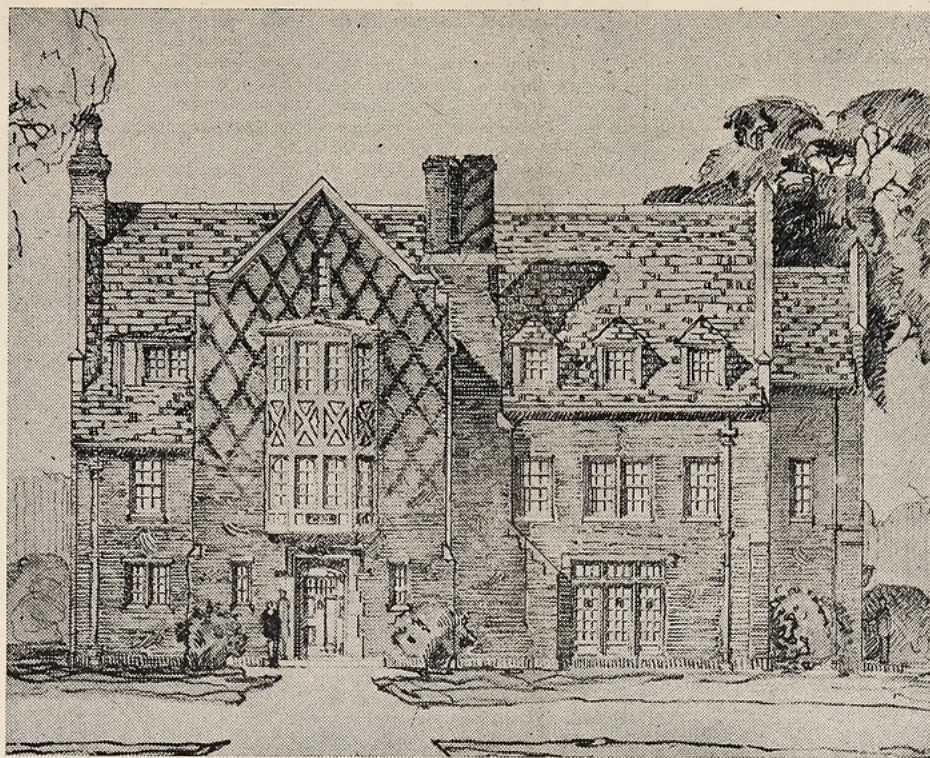

Blue Key will hold their regular meeting this Thursday evening at 6:30 in Ceres hall at which time the reports from the managers of the Bison Brevities will be heard and all unfinished business regarding the acts will be completed.

28 ATTEND STATE "Y" CONVENTION AT MINOT

North Dakota State had the largest number of delegates at State "Y" convention held at the Minot State Teachers college last weekend of any institution in the state. Twenty-eight from here made the trip returning Sunday evening.

Those who made the trip include Mrs. T. W. Johnson, Florence James, Marjorie Beattie, Ethel Kraft, Hazel Harris, Edna Sullivan, Billie Eastgate, John Southam, Graham Fuller, Glen Lundeen, Erling Thorson, Byron Olson, Clatus Nagel, Joseph Paulson, Harvey Gunderson, Linell Johnson, Joseph Lindgren, Marvin Huckle, Jean Huckle, Robert Adam, Gilbert Moun, Almon Johnson, Rudolph Otterson, Leonard Rygg, Alvin Lee, Victor Lindgren, and Theodore Olson.

NEW \$40,000 THETA CHI HOUSE

Above is the architect's sketch of the \$40,000 Theta Chi fraternity home to be erected on a site owned by the organization just north of the Alpha Gamma Rho house on Thirteenth st. N. The contract was let Saturday to Stewart Wilson and workmen started excavating for the basement yesterday morning. It is to be completed by Sept. 20th.

The structure will be of three stories with full basement, 34 by 70 feet, with accommodations for 38 men. English style of architecture predominates. The exterior will be of irregular paver brick with white oak trim and old English design.

The interior of the house is modeled after the latest ideas in fraternity home building. The suite plan of two-man study room and adjacent

sleeping quarters is carried out on the second and third floors.

The ground floor will be of terrazzo composition with a 34 by 17 lounging room, reading, music, reception, and cloak rooms, manager's office, and guest suite. The basement will include the dining room and kitchen, servants quarters, boiler room, laundry, and storeroom. The house will be heated by oil burner.

Kappa Kappa Gamma Installed On Friday

Kappas Came From Minnesota And Winnipeg To Attend Installation

Assisted by members of Chi chapter, University of Minnesota, Mrs. Georgina Hayden Lloyd Jones, Tulsa, Oklahoma, and Mrs. Hawden C. Barney, Minneapolis, national president and vice president of Kappa Kappa Gamma fraternity, installed Gamma Tau chapter Friday afternoon, May third, at the home of Mrs. N. C. Young, Fargo alumnus of Kappa Kappa Gamma.

Following installation services, Mrs. Young and her daughter, Mrs. C. W. Spaulding, Jamestown, entertained at tea. At eight o'clock, members of the North Dakota alumnae of Kappa Kappa Gamma gave a formal banquet at the country club in honor of the newly installed chapter and guests. Saturday morning the first chapter meeting was held in the chapter rooms, and Saturday noon Delta Phi Beta alumnae entertained all visiting Kappa Kappa Gammas and the new chapter at a luncheon in the Lincoln Log Cabin, and Saturday afternoon the college entertained at a tea in the reception house. Saturday evening a reception and dance was given by the college in the armory, which was effected in the Greek style with pillars and drapes. Morris Olson and his Collegians provided the music and the guests were entertained by the presentation of the act which won the Bison Brevities cup for sororities.

Members of Chi chapter, Minneapolis who came to Fargo for the installation were: Marea Erf, Catherine Cudurrth, Eileen Fowler, Madeline Rice, Lusy Wight, Helen Chance, Esther Smith, Katherine Jacobson, Anne Lyons, Eleanor Mauw, Mary Louise Coventry, Eleanor McMillan, Mrs. S. A. Daupliene, and Mrs. L. J. Locke.

Thomas Arkle Clark, dean of men at the University of Illinois, will speak at convocation Friday morning at 9:40. While here he will be the guest of the Alpha Kappa Phi fraternity at a luncheon Friday noon.

BEST "IF I WERE KING" THEMES ARE SELECTED

Five of twenty-five best themes on the subject "If I Were King" recently written by members of the English III class have as their authors, Spectrum writers. They are Wm. Champin, Karl Gerteis, Elene Weeks, Anthony Faber, and Bernice Emmons. The other twenty include Virginia Davis, Carolyn Walker, Claire Newell, Roberta Henning, Angeline Dahlin, Kenneth Wyard, Harriet Eieden, Wilma Baker, Clarabel Malcolm, and Ovidia Carstens.

The contest was carried on in connection with the play of the same title to be given in the Little Country Theatre tonight and tomorrow evening at 8 p.m. The winners of the first, second and third places in the contest will be announced tonight between the second and third acts. The theme that places first will appear in The Spectrum in the very near future.

Dr. C.S. Putnam spent Thursday and Friday in Aberdeen, S. Dak., judging the district high school music contest at that point. He was sole judge of wind instruments, Chello, glee clubs, choruses, bands, and chamber music.

Dean R. M. Dolve of the School of Mechanic Arts was named president of the North Dakota Academy of Science at the concluding session of its 21st convention session in Grand Forks Saturday.

Coulter Stresses The Need Of Organization

Actives Spend Saturday, Sunday Grubbing Out Large Trees From The Lot

A bonfire ceremony featured the sod breaking for the new Theta Chi fraternity home to be located directly north of the Alpha Gamma Rho house on 13th street, held Sunday evening. Matt Tindall, alumnus of the chapter, and recently appointed alumni secretary of the college, acted as master of ceremonies.

Dr. Coulter, speaking on behalf of the college, stressed the need of fraternities, by depicting what may be done thru cooperation and organization and what one may do individually. In closing he complimented the organization on their location as it is right across from the new men's dormitory to be started this summer and the new physical education building which will be started next summer, is slightly to the north.

Mrs. Steve Birch, mother of the oldest member of Phi chapter of Theta Chi, broke the first sod for the new fraternity home after the spade had been placed by Clarence Bryant, the youngest pledge of the fraternity. Later Mr. Bryant turned the spade over to Stewart Wilson, who has received the contract for the erection of the \$40,000 house.

Brief remarks were made by C. A. Williams, president of the Theta Chi building association; George Hays, president of the active chapter; Mrs. N. D. Gorman, president of the Theta Chi auxiliary; Judge B. F. Spaulding, a member of Alpha chapter of the fraternity; and Robert M. Dolve, Kent Darrow, Philip Keene, Harry G. Carpenter, William F. Kurke. A prayer was offered by Rev. Robert Robertson, a fraternity alumnus, of Mapleton, N. D., and the services were brought to a close with a Theta Chi song.

600 High Schools Pupils Expected To Attend Event

Open Houses Will Be Feature Of May Festival; Inspection Starts This A. M.

North Dakota State's busiest week opened this morning with inspection at 8 a.m. when the battalion led by Dr. Putnam's Gold Star band passed the reviewing stand containing Major James M. Lockett, inspecting officer, and President John Lee Coulter, Major Lathrop, Lieut. Ross, Lieut. Smith, and the sponsors of the platoons.

Tomorrow evening the students representing North Dakota high schools will start to arrive and the architects and art students start the open house siege. Close to 600 students are expected. The major feature of the week will be the athletic contests on Dacotah field Saturday, with the boys on the field proper and the girls to the East of the field.

Thursday morning the students enrolled in vocational agriculture high schools will take part in the livestock judging contests. The squad leaders for the event include Arthur Ziegler, Leonard Luther, William Frey, Mike Sullivan, Jerome Olson, Loyal Gast, Ben Gorder and Morris Barks. Martin Peterson is in charge of the holders. Friday morning the same students will be entered in the crop and poultry judging contests.

One new feature of this year's May Festival program is a pageant to be out in front of Old Main Friday evening at 9 p. m. by the Little Country Theatre players. It is titled "Thespian Days" and students in the department of Public Discussion will present characterizations of the lead parts of the Shakespearean plays.

Architectural Open House

Etchings, water colors and pen and ink sketches by S. Chatwood Burton, head of the fine arts department of the University of Minnesota, will be just one of the many features at the Architectural Open house which opens Wednesday evening at 8:00 p.m., according to Paul W. Jones, instructor in the department who was responsible for securing them.

Wood blocks by Prof. Maisley of the Minneapolis School of Art will also be on exhibit along with the exhibition of the work of the department through the past year. Mr. Maisley's wood blocks have taken first place wherever shown the past three years.

The wood engravings include "Old Main Street", which received First award at the Minnesota State Fair in 1928 and "The Butcher's Shop" which was placed first in the Twin Cities Artists Exhibition in 1927. Prof. Jones spent the weekend in the Twin Cities arranging these two exhibits and in speaking of them emphasized the fact that they are very fortunate to secure them as many schools who ask for them are disregarded. He was a student of Professor Burton at one time.

Exhibits of local talent will include the results of the recent art-architectural departments competition and the caricatures of the members of the department of Alf Skaret.

GIVE THEM A HAND

This weekend some 600 boys and girls will be on this campus as our guests. Conservatively speaking, 200 of them are sizing up the various educational institutions with the thought in mind, "Where shall I go?" North Dakota State wants them here, but we as part of the institution take too much for granted. In their short stay here they may be unable to learn that this is the correct place for their higher education, if unassisted. Give them a hand.

Last year Blue Key sponsored a "Hello Day." It was and it wasn't successful, but in our minds we need three of them this weekend. Every student at North Dakota State should go out of his or her way to greet every strange youngster on the campus and direct them in case they are searching for some particular point.

A weekend of "Good Morning's" and "Hello's" to every Tom, Dick, and Helen on the campus will do the school more good than a million dollar appropriation right at this time. Remember that it is the moral support and confidence built up by an institution that indirectly brings the appropriations.

FINE SPIRIT

One of the finest evidences of the spirit of this college was shown last week during the installation of a local sorority on this campus into a national organization. Not only was this demonstrated in the more material matters of kindly support and written congratulations and flowers, but in the immaterial with the pervading atmosphere of sincere appreciation. The visiting national officers and guests from other chapters were as much impressed and gratified as the members here, and it is an exceptionally fine thing that they may be able to carry back to their universities the wonderful impression of the spirit of the fraternities and sororities on this campus, as well as of the college as a whole. —E. W.

Chemistry Open House
To better acquaint the public and prospective students with the industrial importance of chemistry as well as to provide interesting and instructive exhibits of chemical phenomena, guests at the May Festival will be given an opportunity to inspect work carried on in the department of chemistry of North Dakota State college Friday between 11 a.m. and 11 p.m. Harold Chloupek, senior in the school of chemistry, is general chairman of the open house committee.

Class experiments in qualitative and quantitative analysis, organic chemistry, physical chemistry, physiological chemistry and industrial chemistry will be demonstrated. Laurence O'Leary is assistant manager of the displays, and the heads of the various committees are N. E. Olson, Arthur Waldle, A. B. Anderson, Laurence Debing, Curtis Ballard, Marvin Spielman, Milton Pemble, O. L. Kinder, Amos VanVorst, H. Huff, H. Josrud, Virginia Landquist, and Ovidia Carstens.

Art Open House
The art studio in Science Hall will be the scene of the 10th annual art exhibit of the students of the various art classes of the institution. This exhibit is open to the public and the hours will be from 3 until 6 p.m. and

8 to 10 p.m. Friday. During the afternoon hours, tea will be served by a group of girls of the art classes.

The modernistic mode will be featured in the exhibit and the theme will be carried out in the display of pieces of furniture made and designed in the department which can be made to serve several usages; art work of all kinds, including handcraft articles, brass and silver work, leather tooling, batik work applied to cotton, silk and paper fabrics, tied and dyed work, as well as design work that can be used for different purposes, and decorative masks, book ends, water color sketches and other articles. The work to be shown is that done in the classes of Miss Nancy Elliott and Miss Dorothy Hatch, instructors in the art department of the college.

Assisting in arranging the exhibit were Miss Dorothea Anderson, Mae Borgen, Arlene Burt, Helen Carstenson, Frances Dommer, Ethel Jones, Frances Kapuscinski, and Grace Swanson. Miss Maurine McCurdy is general chairman of arrangements and she is being assisted by students from the freshman art class, including the Misses Lois Minard, Bettie Stone, Marjorie Miller, Mary Ellen McLeod, and Viola Seaburg.

May Festival Breakfast
The ninth annual May breakfast which is always given in connection with the May Festival, will be served at Ceres hall dining room from 7 to 10 a.m. Saturday, under the supervision of the Y. W. C. A. cabinet.

Katherine Knerr as social chairman of the Y. W. cabinet has charge of the arrangements for the breakfast. She is to be assisted by Florence James, Lois Minard, Laura Sticker, Jane Barton and Margaret Conlon. Eleanor Erickson has charge of the special musical numbers which will be used at the affair.

The cabinet annually acts as hostess to the out-of-town high school contestants at the festival. The custom has been to serve the meal out of doors on the campus lawn when the weather permitted. All fraternity and sorority houses have agreed to close their houses for breakfast the morning of the eleventh. Representatives from the various organizations on the campus have been asked to assist in the serving. The Y board will also act as hostesses. Any person connected with the college is invited to attend the breakfast.

Diamonds More Precious Than Nature Can Yield--

Once upon a time there lived a certain man out on the African veldt. He had a perpetual frown. He railed at the sun and he wailed for the rain. And all the while he grappled with starvation, his little sons played marbles with pretty stones in the yard. He later was the original owner of the Kimberley diamond mines, richer than fabled Golconda.

There's a second Kimberley at your very door. In it you can mine knowledge which is more precious than the diamonds of the African veldt. There you can obtain a "priceless" college education at low cost. Even though the expenses are small the training is of the best.

A Bachelor of Science degree is offered in Agriculture, Science and Literature, Home Economics, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Mechanical Engineering, and Pharmacy.

Special work may be taken in paint chemistry, physics, botany, mathematics, public speaking, and dramatics, economics (agricultural and general), and social and political sciences.

"If I Were King", which is presented today and tomorrow, has one smudge on its 'scutcheon. Freshmen have to write a theme about it.

After making a few inquiries, we are alarmed to discover that the Frosh would rather be a king-of-swat or a full blooded sheik.

The production will undoubtedly play to a "full house". Three kings and two queens, probably.

The fact that a King's knees and throne are very shaky nowadays makes the office very unpopular. Kings is only useful to the poet, who let's it rhyme with sing.

The difference between a King and a president is that the former is always beheading, and the latter is forever detailing.

If all the crowned heads of Europe were laid end to end, it would look awfully funny.

"Things are coming to a head," gurgled the King, as the Queen let fly a rolling pin.

We've heard a lot about the Royal Court, and, judging from history, the Royalty courts plenty.

They call a King "His Highness", because he is always up in the air.

Kings never ask a favorite to "come around". Once around is a revolution.

So the monarch has to sit home and sing: "I feel so blue when I reign."

If I were King, I would issue a decree abolishing Kings. Then I would get a job as a plumber and forget work.

However, we wouldn't mind being rookie king for a fraternity. There's nothing like it for getting at the end of things.

"A King for a day" usually makes a Knight of it.

In the days of yore, a fellow would rather be knighted than dated.

They say there "hain't no sea nymphs," but Napoleon had his Water Lou.

We'll now have a song by one of the court dancers: "He may be William of Orange, but he's just a lemon to me."

Blakeslee Breaks Conference Pole Vault Record

Frosh Defeat Fargo And Moorhead Highs

Ole Sand Wins 100 Yard Dash At Sioux Falls; Johnson High Among Frosh

By MILO HOISVEEN

A record in pole vault and the tying of the hundred yard dash record were the accomplishments of Coach Saalwaechter's Bison track team entered in the Dakota Relays held at Sioux Falls Friday and Saturday, in which there were more than 650 entries.

Joe Blakeslee showed the way to pole vaulters from four states by attaining an altitude of 12 feet 1 3/4 inches setting up a new record for the Dakota meet. Blakeslee cleared the bar by a margin 4 inches better than the previous record made by Crill, a South Dakota University athlete last year.

Although Ole Sand, Bison dashman, gained a poor start in the century race, he hit a terrific stride to nose out Mendel, Yankton college runner, to tie the record set up by Keane of Creighton in 1926. Sand also won the first place in the preliminaries held on Friday.

The 880 yard relay team composed of Peschel, Carroll, Sand, and Konichuk were barely nosed out at the tape by the crack quartet representing Morningside. Sand, holding down the anchor position for the Bison, all but overtook his rival in the last few yards of the race.

Saaly's long distance medely team was greatly handicapped due to a knee injury which Neal Baldwin had sustained prior to the meet. Weather conditions made it impossible for the Bison to work out during the week of the meet, which also added to the Bison difficulties.

Other members making the trip to Sioux Falls and showing up well for the Bison were Russel Weiser, Roy Jordre, Wollan, and Walt Nelson.

The Yearling cinder team added to the laurels won by the Bison on Saturday by defeating a combined Fargo and Moorhead high school team 69 to 51. A number of Frosh showed themselves capable of being future conference point getters.

Redhorse Johnson gathered in 19 points for the Yearlings, gaining the high point honors of the meet. Johnson gained firsts in the discus, shot, and high jump, and won second in the broad jump.

The Bison relay team made an excellent showing by traversing the 880 yard event in 1.38 winning the first place from Moorhead. Members of the team were McMillan, Grohnke, Seitz, and Thomasson.

Knauf, Moorhead high school dashman, showed much class in capturing the century and 220 yard dash events.

Knauf ran the hundred yard dash in ten flat which is regarded as remarkable time for a high school athlete.

In making up the total aggregate of the Fargo-Moorhead teams, 17 1/2 points were accredited to Moorhead, while the other 33 1/2 were contributed by the Fargo high athletes.

Bob Allison contributed 13 points to the Bison cause and was closely followed by Jack Grohnke, dashman, who also earned a number of points for the Yearlings.

Bison Golfmen Tie University Group 7-7

Tennis Players Lose Three Out Of Four Single Matches; "U" Here This Sat.

The Bison netsters who journeyed to Grand Forks last Saturday were defeated by the Nodak team in three out of four single matches. The golf teams of the two schools played to 7-7 draw.

Play in both golf and tennis was greatly impaired because of cold weather. In tennis Hughes proved to be the only Bison with Eskimoo characteristics winning the lone single victory from Knutson, 6-3, 6-4.

Meldahl jumped into the lead in the match with Hazen by winning the first set 4-6. The other sets were credited to Hazen by 6-3, 6-0 counts. Gronvold took one set from James of the Nodak camp by a 6-3 count, but dropped the remaining matches 2-6, 2-6. Blume turned Bolley back by 6-2 and 6-1 scores.

Both the Bison net and golf teams will entertain their rivals of the past week at Fargo on Saturday. The golf match will probably be played on the Municipal courts.

The golf scores for Saturday are as follows:

Fairhead, (AC)	47 43 90 1 1/2 points
McIntyre, (U)	47 42 89 2 1/2 points
Boyd, (AC)	43 43 86 3 points
McNiel, (U)	44 48 92 0 points
Faber, (AC)	49 46 95 0 points
Nierling, (U)	44 42 86 3 points
Cook, (AC)	43 40 83 2 1/2 points
Larson, (U)	47 40 87 1/2 points

THORFINSON WRITES BEST BARBERRY LESSONS

Of special interest to North Dakota State college students and alumni are the awards of the State Barberrry Lesson Plan contest, made public yesterday by George C. Mayou, State Leader of Barberrry Eradication. In this contest, which was open to all high school and college instructors, and in which there were nearly a hundred entrants, the first four prizes were won by N.D.S.C. graduates, Snorri M. Thofinnson, '24, Earl Hendrickson, '27, Russel B. Widdifield, '28, and Marvin S. Kirk, '26, winning the awards in the order named. These awards carried cash prizes donated by service organizations of the state. The judges for the contest were Miss Bertha R. Palmer, State Supt. of Public Instruction, Miss Caroline J. Evingson, Cass Co. Supt. of Schools, and Dean Arland D. Weeks, School of Education, N.D.S.C.

Snorri M. Thorfinson, whose lesson plan was awarded first place, was graduated from the State College with a B.Sc. in '24 and for the last three years has been the Smith-Hughes instructor in the Public Schools at Granville, N. D. The second and third place winners are also Smith-Hughes instructors, Mr. Hendrickson having taught at Hazelton, N. D. since his graduation from State in '27, and Mr. Widdifield being engaged in the same line of work at LaMoure, N. D., shortly following his graduation last spring. Marvin S. Kirk, the winner of fourth place, received his degree from the college in '26, and for the past two years has been the Instructor in Agriculture at the Minot State Teachers College.

The barberrry lesson plans submitted by these four contestants have been entered in the national Barberrry Lesson Plan Contest which was open to high school and college instructors in thirteen states of the barberrry eradication area. An award of \$100 is to be made for the best plan submitted in the national contest, which, with the state contest, has been sponsored by the Conference for the Prevention of Grain Rust at Minneapolis.

The purpose of the contest is to obtain a lesson plan that will be more suitable than the one now in use by grade and high school teachers in their class work on the relationship of the common barberrry and black stem rust. This contest is one of the latest phases of the cooperative educational work which is being carried on by the Conference for the Prevention of Grain Rust and the U. S. Dep't of Agriculture in an effort to better acquaint the public with the barberrry eradication campaign. Announcement of the awards in the national contest will be made from the Conference office at Minneapolis in the near future.

**AGED WHEAT PROPERTY
OF DR. J. H. SHEPPERD**

A small sample of wheat which has been preserved for 52 years in a glass bottle is now in the possession of Dr. J. H. Shepperd, head of the animal husbandry department. The wheat was handed to Dr. Shepperd by P. Hebranson of Caledonia, N. D., in 1920. It was grown at Caledonia 25 years before it became the property of Dr. Shepperd, according to the bottle label now yellow with age.

Dr. Shepperd plans to seed some of the kernels some time to learn what percentage, if any, will germinate and grow into mature stalks of wheat. A number of years ago some research work was done at the college in regard to the length of time wheat will remain dormant and still retain vigor enough to sprout and grow.

**SCENIC EFFECTS FOR "IF
I WERE KING" UNIQUE**

In preparation for the spring play, "If I Were King," on May 7th and 8th, the stage of the Little Country Theatre is cluttered with paints, canvas, and painters. The Fir Cone Tavern, the setting for the first act, is completed and satisfactory, according to Jesse Reynolds, in charge of the scenery.

A terrace and steps leading to a castle have been erected for the second and third acts. These acts are outdoor scenes. The painters are busy to have all the scenes completed and ready for the production. It is in the third act that the ballet of six toe dancers will perform to add a little color to the play. These acts are filled with dramatic and humorous situations, with romance added to complete the interest.

A gallows will feature the fourth and last act. This last act is supreme in dramatic incidents with the completion of the romantic plot in the culmination of the act. This scene is also out of doors and laid in the street of Paris with the buildings silhouetted against the blue sky. This is the most forceful act of the play.

Music for the play is being procured by Foss Narum, who is in charge of that part. He promises only the best for the performance.

Raymond Gregorson carries the lead part in the four act romance, that of Francois Villon. Ralph Welch is to play the part of Louis XI. Others in the cast are as follows: Tristan l'Hermite, Albert Chamberlain; Oliver le Dain, Graham Fuller; Thibaut d'Ausigny, Kenneth Wyard; Noel le Jolys, Arthur Ziegler; Regne de Montigny, Anthony Faber; Guy Tabarie, Wayne Herried; Colin de Cayeux, Arthur Knight; Jehan le Loup, Horald Foss;

BUSINESS EDUCATION
A business education is a practical education that prepares one for every-day living. It gives the training necessary for entrance into the business world where the demand for trained workers is much greater than the supply. The business world pays a salary twelve months out of the year with two weeks' vacation on full pay.
Hon. W. T. Harris, Ex-Commissioner of Education, said, "Without a thorough and practical commercial education, a man is like a ship at sea without a compass or rudder."
Take your course in business training in an accredited school. Call or write for particulars.
