

Wings Are To Be Complete This Fall Commissioner Of Elections Calls For Petitions

Eight Members Must Be Named To Commission

**Athletic And Publications Board
Must Be Filled At Election
Wednesday, March 27**

All petitions for candidates in the elections to be held Wednesday, March, 27th, must be in the hands of the commissioner of elections before 5 p. m. Monday evening according to a recent call issued by Horace McGrath, commissioner of elections.

Eight students making up the student commission, three for the board of publications and three for the athletic board of control, a total of 14 students will be chosen at the election on Wednesday. This election is the big contest of the year and the entire student body must turn out to vote. Polls will be open from 8 a. m. to 5 p. m. in the registrar's office with an hour's recess at noon.

Petitions for candidates must be signed by twenty-five (25) bona fide students of the North Dakota State college. These petitions, except, of course, the signatures, must be in typewriting, and in the hands of Horace McGrath before 5 p. m. Monday. Mr. McGrath will be found at the Spectrum office on Monday afternoon.

Offices Listed

Offices on the student commission which must be filled in the election are as follows: president, commissioner of elections, commissioner of judiciary, commissioner of campus, commissioner of athletics, commissioner of social affairs, commissioner of public speaking, and commissioner of finance.

The president must be in the last half of his junior year when elected and the commissioners of Judiciary, Public Speaking, and Athletics shall have completed or be pursuing the last half of their sophomore year when elected.

Offices for the publications board which must be filled are as follows: one freshman member, one sophomore member and one junior member. These candidates must belong to their respective classes and only members of those classes may vote for said candidates.

Three members of the athletic board of control must be elected from the student body as a whole.

BASKETBALL TROPHY PRESENTED WEDNESDAY

The basketball team of Sigma Theta sorority of the North Dakota Agricultural college composed of Misses Olive Osness, Marion Trowbridge, Helen Stokke, Elizabeth McDonald, Helen Fetsch, and Doris Sommers, winners of the intersorority basketball tournament at the college were guests of honor at a supper in the home of Miss Evelyn Blakeslee, 324 Ninth av S, at 7 p.m. Wednesday by Delta Psi Kappa, women's physical education fraternity of the college.

A silver loving cup, the trophy offered by the sorority to the winner of the basketball tournament was awarded at this time. A sorority must win the cup three years in succession before permanent possession is given. This is the first year that the cup has been awarded.

COULTER SPEAKS TO CROOKSTON FARMERS

President John Lee Coulter spoke to close to 500 members of the Red River Valley Farmer's Community Club at Crookston, Minn., yesterday, on agricultural legislation.

BISON BREVITIES TRY- OUTS TO BE HELD SOON

Managers of the various acts for the Bison Brevities may expect a letter today from the Production Manager, M. Foss Narum, instructing them to try-out before the judges the forepart of next week according to an agreement reached at Blue Key meeting last evening. Very likely the try-outs will be held on Monday and Tuesday afternoons.

Elmer Hanson, who directed the winning act (Alpha Tau Omega) of the Flickertail Follies last year was a guest at the Blue Key meeting last evening.

Narum To Attend Recreation School

**Foss Narum Is Sixth State College Graduate To Attend
N. Y. Institution**

M. Foss Narum has been selected by the Playground and Recreation Association of America as one of the fifty young men and women seniors in American colleges and universities to attend the National Recreation School in New York City next autumn.

From the candidates who qualify in scholastic, athletic and leadership ability the Association invite this limited number each year to receive professional training in community recreation.

The course is for one year. Practice and demonstration rather than theory comprises its method. Athletics, social recreation, community music, community drama, dramatics, handcraft, folk dancing, nature study, camping, boys' and girls' clubs, home recreation, community centers, problems of finance and publicity and school recreation are some of the principal subjects in the curriculum.

Students have opportunity to secure practice working afternoons and evenings in schools, clubs, community centers and churches.

Mr. Narum is president of the class of 1929 and of the student commission. He is a member of Blue Key, Alpha Kappa Phi, and Edwin Booth Dramatic Club, as well as being founder of the Pep Club. Other State college students who have attended the school are Ben Rumpeltes, Charles Wells, Jack Knapp, Charlotte Blake, Anita Mary Blake, and Ruby Oscarson.

THREE YEAR CONTRACT FOR ENGRAVING IS LET

A three year engraving contract for the N.D.S.C. annual year book has been let to the Bureau of Engraving of Minneapolis, according to an announcement made today by the secretary of the Board of Publications. This contract was formally signed at the recent meeting of the Board held last Tuesday noon. The action of the publication board places the Bison engraving work in the hands of the Bureau for the next three successive years. The same firm handled the 1928 and 1929 Bison.

In a statement made to a Spectrum reporter today, Henry Presler, secretary of the Board, said: "Members of the organization felt that the brand of engraving done by the Bureau was satisfactory. They were confident that the Bison would be favored with the same attention in the future and felt that the several concessions in the contract warranted the trust that has been placed in the Minneapolis firm."

Harold Phillips spent Wednesday in Jamestown hiring men from the college there to work with him during the summer.

Second Boxing Tourney Is Held On Wednesday

**Schrader-McMillan Bout Causing
Considerable Comment As
To Victor**

By MILO HOISVEEN

A card consisting of twenty-four rounds of boxing will be the duration of the second round of the boxing tournament to be staged at the Armory Wednesday evening at 8 o'clock. The coming event is attracting much attention as the six bouts which are to be held promise to be filled with action.

The feature bout of the tournament will be between Rod McMillan and Alvin Schroeder, both of the lightweight class. The two contestants won their last bouts by knockouts and it is generally thought that the coming bout will terminate in the same fashion. The majority of the fans, whether backers of McMillan or Schroeder, do not concede their favorite as an easy victor. Up to date the two fighters have shown themselves to possess much dynamite in their punches and have displayed great ability in the boxing game.

Herseth and Law, two heavyweights, will put on the initial bout. "Tiny" Law won his last start by a knockout and has been working hard for the coming contest. Herseth, while lighter than his opponent, has shown much speed and punching ability. The curtain raiser is expected to furnish the crowd with much action.

Two middleweights will swap punches in the second setto. Karges and Odegaard have been selected to make the second appearance. In the initial tournament Karges received a draw with Bond while Odegaard won by a shade from Moore.

In the welterweight division the go between Nelson and Haley promises to be full of thrills. Nelson received (Continued on page three)

Nine Farm Husbandry Students Graduate

**Harry C. Ostrander, Famous
Travel Lecturer, Gave The
Commencement Address**

Nine farm husbandry students received their certificates of graduation from President John Lee Coulter on Monday evening, March 18th, following the commencement address the same evening by Harry C. Ostrander, New York City. Mr. Ostrander, a famous travel lecturer, spoke on the subject "East of Suez" employing colored motion pictures which he took while traveling, to illustrate the theme.

The class day exercises were held the same afternoon in the Little Country Theatre, the program including the class play which took the form of an original one act production, "Paying Them Off," written by members of the class. Other numbers on the program included an address by Clifford Benson, Fargo, class president; class history, Paul Schroeder, Reynolds, N. D.; class prophecy, Glenn Bonness of Minot and Jesse Livingston of Hudsfield, and songs. The other members of the class are Walter Braun, Hebron, N. Dak.; P. G. Swenson, Haynes, N. D.; George Wales, Van Hook, N. D.; Clifford Westby, Maddock, N. Dak.; and Victor Semingson.

The class colors were crimson and grey; class motto, "Let Us Be Seen by Our Deeds"; and class flower, lily.

KAPPA PHIS BREAK SOD FOR NEW \$35,000 HOME

Ground for the \$35,000 home of Alpha Kappa Phi fraternity at Twelfth street and Twelfth avenue north was broken at 10 a.m. Tuesday by President John Lee Coulter in the presence of active, alumni, and honorary members and members of the Mothers club of the fraternity. Dean A. E. Minard, honorary member, was in charge of the ceremony which opened with singing of "The Yellow and The Green." Dr. Coulter expressed his pleasure with the constant and substantial growth of the State College as reflected in its student enrollment and physical improvements.

Blue Key Elects Huntoon, Hunter

**Social Service Fraternity Elects
Iowa State Graduate And
Princeton Man**

Prof. Homer B. Huntoon of architectural department, and Dr. W. C. Hunter of the history department were recently elected to honorary membership in Blue Key, honorary social service fraternity.

Prof. Huntoon came to North Dakota State last fall from Massachusetts Institute where he received his master's degree, taking his graduate work under Prof. Jacques Carlu. After completing his undergraduate work at Iowa State college, Mr. Huntoon studied at Fontainebleau, France, after which he became associated with Proudfoot, Rawson & Sours, architects, Des Moines, and later with the George C. Nimmons & Co., Chicago, as head of their drafting room. He gained campus fame last fall when placed in charge of the decorations for the homecoming celebration, his illuminated campus causing considerable favorable comment.

Dr. W. C. Hunter came to North Dakota State six years ago from Muskingum college, New Concord, Ohio, where he was in charge of the history department to accept a similar position here. Dr. Hunter is a Princeton man having received his Doctor's degree there in 1922 and his B.S. there back in 1905. He received his M.A. at Harvard. On this campus Dr. Hunter has been active in Y. M. C. A. work and in the organization and direction of Pi Gamma Mu, honorary social science fraternity. He also is an honorary member of Delta Kappa Sigma fraternity.

KAPPA PSI SWEETHEART SONG NOW ON MARKET

Copies of the Kappa Psi sweetheart song were placed on sale in Fargo the forepart of this week. The song is written especially for and printed by Beta Sigma chapter of Kappa Psi.

The words and music were written by Miss Gertrude Murdoch, a sister of Alex Murdoch, who is a member of the active chapter. The song has been featured by Harold Bachman and his million dollar band. Incidentally, Mr. Bachman is an alumnus of North Dakota State.

FORMER BISON STAR HONORED IN FLORIDA

"Spav" McQuillan, former star football and basketball man at this college, was recently honored by being elected president of Southern Intercollegiate Athletic association. "Spav's" basketball team won the Florida state basketball championship.

Power Unit Will Get By Two More Years Says Pres.

**New \$210,000 Auditorium And
Phys. Education Building Not
To Be Started This Year**

"Yes sir! Every effort is being made to have the two new wings ready for occupancy when school opens this fall," says President John Lee Coulter when interviewed as to when the wings on the Science hall and Agricultural building, which were recently allowed and signed by the legislature and governor, would be completed.

Temporary specifications have already been drawn up and the completion of the plans are in the hands of W. F. Kurke, Dean A. E. Minard and Dean H. N. Walster. Contracts for the two structures will be let not later than May 1. These two additions will cost approximately \$200,000.

Safer Vetos Powerhouse

Last week Governor Shafer slashed the appropriation of North Dakota State College some \$95,000, which included \$75,000 for new power plant equipment and an addition on the college library. At the same time he signed the bill for the new \$210,000 physical education building and auditorium which is to be completed by 1931.

In speaking of the power house veto President Coulter summed up the situation as follows:

"Since the installation of the last 210 horsepower boiler with specially devised traveling curtain stoker to try out the most effective method of handling North Dakota lignite coal, the college has had ample boilers to care of the present A. C. system with a wide margin of safety. The three modern boilers have a total of 830 horsepower without operating above 100 percent of capacity, whereas the largest amount needed at any time (January and February) has been 700 horsepower. In addition we have two original old style boilers installed 25 years ago with a total of 250 horsepower. These however, cannot be operated at full power under instructions from the state boiler inspector. We will plan, therefore, to use these two old units for three purposes: first, as substitutes when one of the large boilers is taken off the line for cleaning; second, during fall and spring periods when the large boilers are not needed; third, during summer for the production of a small amount of high pressure steam for laboratory and other uses.

"In view of the tremendous increase in college enrollment in recent years both the board of administration and budget board found that every attic and basement room is now crowded to capacity. Taking cognizance of this situation they requested that the legislature put the emergency clause on the two large additions to be built on Science hall and the agricultural building. These additions will require approximately 50 additional horsepower, to heat them during the peak of the winter period.

"The legislature also revised the law providing for erection of dormitories, and steps will be taken at once to secure funds for the completion of the men's hall, which was started two years ago. The basement of that building is already in full use and heated. It will take 50 to 60 additional horsepower to heat the completed building. Present plans contemplate completion of the dormitory for occupancy this fall.

Will Force One Boiler
"It will be seen that with this pro- (Continued on page four)

SHAFER'S VETO AND THE COLLEGE LIBRARY

Governor Shafer relieved many students and faculty members of their suspense last week when he slashed \$95,000 off from our appropriation. Truly he was forced to take this action in an effort to show some few in the state that he is heading an economical administration.

We are indeed pleased that we are to receive the two new wings and eventually a physical education building. These will help accommodate the increasing enrollment and bring our athletic department on a little higher plane. To say the least Governor Shafer need not be chastised too severely for cutting off the \$95,000; he at least picked out the right places to cut. If he had cut our physical education building instead, this would be a different story this week.

President Coulter has figured it all out in such a manner that the institution will be able to function through the next two years with the present heating facilities, so State can wait as it has done in the past. The legislature will be required to take care of this at their next meeting, however, as the physical education building will be the straw that breaks the camel's back as far as the power house is concerned.

Vetoing the \$5,000 appropriation on the library, although such a small figure that it is hardly worth talking of, was a fine piece of work. Why add anymore "lean-tos" on around this campus? If we had built the stack addition on the library the legislators would recall it quickly and put off our new library just that many more years. Our opinion is, no more additions for the library and a new library instead.

This is a drastic stand to take with the library situation as serious as it is here at present. Truly the library is packed most of the time with workers. This situation might be remedied by other methods. Study rooms in the two new wings would relieve the congestion in the library to a large extent as only a part of those in the library are working on reference work, while the majority come there for a quiet place to study. Another point that has been brought to our attention a number of times is the early hour at which the library closes in the evening. The library should be kept open until 10 p.m. at least every night is the opinion recently advanced by Blue Key and Sunday afternoon would not be entirely out of order.

YOUR SUPPORT, PLEASE!

On Wednesday three new members will be added to the personnel of the Board of Publications. This is a very significant statement. Formerly it has been of importance to Greek letter groups as simply another activity which should be gone after in the fine old framing spirit. We of the press are here expressing a hope that this spirit will not permeate the pre-election meetings this year, for the addition of new members, a freshman, a sophomore, and a junior, to this Board is of prime interest to the present and future Spectrum and Bison staffs. This year the Board has undertaken new tasks and has grown to be a true advisory and governing body of the student publications. For this reason it is necessary that the student body selects three people who have had some experience in and possess a knowledge of journalism. It seems only logical to presume that the Board members be so informed before counseling the heads of the staffs, does it not? It is because we fear that not enough thought will be given to the choosing of these that we make this appeal for three students who will be worthy to advise the Bison and the Spectrum.

IT: Dearest, your "crowning glory" just floors me.

Those: Why not? I'm getting my hair cut at Tony's and Carl's you know.

Debaters To Leave For Montan State

Two Year Contract Will Be Completed When They Debate At Bozeman, Mar. 25

Harold Fog and Leonard Rygg will leave on Saturday night for Bozeman, Montana to debate the Montana State College on the evening of March 25. The local representatives will uphold the negative side of the question "Resolved, that the farmers in the grain growing areas of the United States can find the best solution to their marketing problem through agricultural tariff or other forms of government assistance rather than through cooperative marketing organization." This debate will be the concluding number on the forensic program outlined last fall by the Lincoln Debate Club and under the supervision of Donald Hay of the Public Discussion department.

A two-year contract was made with the Montana State College which expires with the fulfillment of this event. Last year the Montana debaters visited the North Dakota Agricultural College.

INEZ LUNDER ELECTED KAPPA DELTA PRESIDENT

Inez Lunder has been elected president of Sigma Psi chapter of Kappa Delta, to take the place of Marie Webster, who finished college last term and is now teaching in the high school of Carrington.

Esther Douglas was elected vice-president.

INTERCLASS BALL TOURNAMENT ENDED

The three interclass games played last week in the Women's Athletic Department mark the end of the contest for the class title, which is undisputedly awarded to the Juniors.

The standings are as follows:

	Won	Lost	Pct.
Freshmen	2	4	.333
Sophomores	2	4	.333
Juniors	5	1	.833
Seniors	3	3	.500

Sigma Theta alumnae have planned a series of benefit bridges to take place after Easter. The proceeds from these parties will be given to the active chapter.

"Y" DEFEATS EVERY TEAM IN CAMPUS LEAGUE

The "Y" team representing the college Y. M. C. A. won the Campus league championship for independent teams, which was sponsored by the athletic department. In gaining the top position the "Y" quint defeated every entry gaining a perfect percentage.

A trophy was awarded to the Chapps by the Athletic department and miniature Gold basketballs were given to the individuals playing on the team. Those who received the individual awards were: Joe Lindgren, V. Wyneau, Kenneth Helferty, M. Huckle, E. Huckle, O. Grottoden, Stan Bernston, and Clayton Quinild.

Teams representing various groups about the campus were the entries in the Y. M. C. A. league. A team representing the Barracks gained the runnerup honors, having lost but two contests. The league play was under the supervision of Ben Gorder, representative of the athletic department.

TEAM	W	L	Pct.
Y. M. C. A.	12	0	1.000
Barracks	10	2	.833

A "Priceless" College Education ---At Less Expense

You can get it at the North Dakota Agricultural College. Students who are now attending this college give "low cost of attendance" as one of the main reasons for coming here.

Even though the cost is low you obtain the best training that fits you for prominent positions.

A Bachelor of Science degree is offered in Agriculture, Science and Literature, Home Economics, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Mechanical Engineering, and Pharmacy.

Special work may be taken in paint chemistry, physics, botany, mathematics, public speaking and dramatics, economics (agricultural and general), and social and political sciences.

**Ebullitions of
Ebony Blott**
By Coelett Wallum

"Do you prefer Wild Rose or Gold-
enrod?" queries a Spectrum headline.
The wilder Rose is the better, accord-
ing to student bull fests.

We prefer Spinach. Hay, hay, and
how!

Students are expected to stick to
tulips after dark.

One student cast his ballot for the
poppy. "Mom is never home," he
lamented.

Another voted for the cowslip, ex-
plaining that beef is too high as it is.

But we girls know that coys don't
wear slips.

"I'm for flowering tobacco," said a
brused shorthorn, "I reached for a
sweet, and she socked me."

Judging by the look on some of our
profs' faces, we'll bet they voted for
the weeping willow and the mourn-
ing bride.

Woodshed accessories remind us that
the weeping willow has made many a
weeping willie.

The flower of youth is often a
blooming idiot.

AN OLD ONE
Rose's are red,
Violet's are blue.
The awful wind
Revealed the hue.

One student on the campus said he
didn't know how to vote on the na-
tional flower ballot. He's never seen
anything here but the dandelion.

We know an irate wife who wants
the buttercup. Her neighbor hasn't
returned it yet.

If we know our face powder, most
of the coeds are going to vote for
Gold Medal flour.

Why not pick the poison ivy to
symbolize all these stock speculators
who get stung.

Or the snapdragon to gain the favor
of the old maids and telephone op-
erators.

We hand the poison ivy wrist watch
to the freshman who said that the
hollyhocks may be obtained at the
meat market.

Chicago has overwhelmingly cast its
vote for loosestrife.

Two loyal but wife-beating hus-
bands are campaigning for the black-
eyed Susan.

The registrar's office closes this
noon to remain closed until all of the
grades are entered. The late regis-
tration fee accumulates over this time.

**Track Men Preparing
For Minnesota Relays**

**Melting Snow Ruins Dugout For
Practice; Team Will Attend
Other Meets Also**

Coach Saalwaechter is now busily
engaged in preparing his thinly clad
track aspirants for the Minnesota Re-
lays which are to be held at the Uni-
versity of Minnesota April 6. "Sally"
has been forced to work his candidates
at the Great Northern tracks as the
Dugout, where the tracksters have
previously been working out, has sud-
denly taken on the appearance of a
swimming pool.

Several teams representing the
North Central conference will be
present at the Minnesota Relays. A
number of teams from the northern
part of the Big Ten will also run in
the contests. The Dakota relays,
which are to be held at Sioux Falls,
will also be visited by the Bison run-
ners. The Dakota Relays will not take
place until the early part of May.
Several dual meets have also been
scheduled as opposition for the Bison
track team. A triangular meet will be
held with Jamestown College and Val-
ley City State Teachers. Dual meets
will be held with Valley City State
Teachers and the University.

The candidates working out daily
for the relay team are: Cy Peschel,
Roy Jordre, Cecil Carroll, Neal Bald-
win, Ole Sand, and Konnichek. Be-
sides the relay team Coach Saalwaech-
ter has a number of other tracksters
working out. A number of Freshmen
have reported for cinder duties, but
as yet there is a scarcity of weight
and field men in the Bison trials.

NOTICE
All field event men and track
candidates are urged to report
immediately to Coach Saalwaech-
ter. Several meets which are not
far distant have been scheduled
for the Bison track team and
candidates should report at once
to receive the benefits of the early
training.

The first tee-off of the season,
an important event, calls for a
carefully planned costume. We
suggest one of these brilliant
new sweaters—soft and fine and
warm—of wool yarns—knitted
in various stitches. With gay
geometric or diagonal motifs in
contrasting colors.

A Wide Selection
\$1.95—\$2.95—\$3.95

**MELDAHL TO HANDLE
TENNIS TOURNAMENT**

Preparations for the coming tennis
season are now being made by C. C.
Finnegan, athletic director. Finnegan
recently announced that Lawrence
Meldahl will be in charge of the play
off for the campus championship. A
regular tennis tournament will be
held in order to decide upon the team
which will represent the college in
contests with other colleges.

At the present time two dual
matches have been scheduled with the
University of North Dakota. The
first match will be played here May
4, and a return match will be played
at the University May 11th. The Bison
will also be represented at the North
Central conference tournament which
is to be held May 31st and June 1st.
It is also expected that other matches
will be played outside of the school.

**Boxing Tourney To
Be Held Wednesday**

(Continued from page one)

a draw in his last bout while Haley
drew a bye.

Frankie Devorak and Bond will dis-
play their wares in the second middle-
weight contest. From the last bout in
which Bond participated it is thought
that he will be able to give the rugged
Devorak much to worry over during

**Psychology Applied
To Daily Life**

Have you ever been ambitious to
test your knowledge of psychology in
daily life? In theoretical terms, that
is what our summer proposition for
college students offers. But practically
speaking, you can make from \$400 to
\$2500 during vacation—just as hun-
dreds of others have done. Write or call
for further information.

the four rounds. Both boxers can give
and take lots of punishment and from
all indications this bout should be one
of the thrillers of the tournament.

The fifth bout will be between Boll-
man and Hintz, two gladiators from
the middleweight class. Bollman won
his last setto by a knockout, putting
his opponent out in the second round.
Hintz is a terrific puncher and it is
expected that Bollman will have to
use all his boxing skill in order to
gain a win over his slugging fellow
boxer.

The tournament put on at this in-
stitution has proven to be an instiga-
tor for other schools of the North Cen-
tral conference in adopting boxing.
The University is about to put on a
tournament and South Dakota State
is also going to stage a similar tourna-
ment. Lt. Smith states that there
will be little difficulty in staging a
tournament with members of the con-
ference during the next season. The

Gold Star Band will also be out to
play between bouts.

Lt. Smith also pointed out the pos-
sibilities of the Bison being represent-
ed in the Red River Valley Wrestling
tournament which is to take place in
the near future. Besides a number of
wrestlers from North Dakota and
Minnesota being present it is expected
that there will be a number of entries
from the University of Minnesota.

KNOWS KNOSEY KAMPUS KOLUMN

Dorothea Ward was a luncheon guest at the Phi Omega Pi house Friday noon.

April 6 is the date chosen for the Guidon formal at the Powers hotel. Hours will be from 8:30 to 11:30. Dorothea Anderson is in charge of the arrangements assisted by Floy Beatty, Margaret Casselman, Ethel McEsey, Inez Smith, Gladys Barton, and Muriel Clark. Dr. and Mrs. Coulter, Lieutenant and Mrs. Smith, Major and Mrs. Lathrop, Lieutenant and Mrs. Ross will be the honor guests.

Irvin Dietrick and Blair Seitz went to Mandan to attend the state basketball tournament.

Professor Severinson was a guest at the Kappa Phi house Monday.

Members of Alpha Kappa Phi were hosts to the Mothers club, Sunday afternoon at the chapter house. Hours were from 3 to 5 and about 25 women were entertained. Mrs. A. E. Minard and Mrs. A. F. Schalk presided at the tables. Cliff Booke was in charge of the arrangements.

Bill McRoberts has purchased a "new" Ford.

Essilon chapter of Sigma Phi Delta announces the pledging of the following men: Byron Thorlson, Fargo; Francis Dutee, Fargo; Ralph Stockstad, Milnor, N. D.; William Watson, Fargo; and Emil Hintz, Mott, N. D.

Delta Kappa Sigma commemorated their seventh annual founder's day at a banquet at the Elks temple Saturday with some 55 active and alumni members and pledges present. Roy Oliver of the alumni chapter presided as toastmaster and responses were given by Gordon Lee, president of the active chapter, Charles Brown, Dr. L. L. Carrick, Prof. Kenneth Keating, D. C. S. Putnam, Prof. Kenneth L. Bird, Dr. W. C. Hunter and A. H. Parrott. William Shine, Neil Baldwin and Robert Olson furnished the entertainment features.

MARGARET BALLARD HEADS GUIDON FRATERNITY

Officers have been named by Guidon, women's national militaristic fraternity. Miss Margaret Ballard is president, Miss Dorothea Anderson, vicepresident, Miss Inez Smith, treasurer, and Miss Mary Hassell, historian.

Colorado Man Appointed Chemistry Teacher

G. Nathan Reid, former instructor at the University of Colorado, has recently been appointed instructor in the chemistry department.

Mr. Reid received his B. S. from the Oklahoma Agricultural college and his master's degree from the University of Oklahoma. He began work here Thursday with the opening of the spring term.

Clayton Johnson has returned from Chicago. He says that the Delta Sig delegation is getting along fine in the large city.

Power Plant Must Serve 2 More Years

(Continued from page one)

gram approximately 850 horsepower will be required for our heating system during the coldest period. In other words, it will be necessary to operate one of the three boilers above 100 percent rating in order to hold the two 25 year old units in reserve.

"This program does not provide heat for the new \$210,000 auditorium and physical education building the appropriation for which was approved by the governor. Provision was made, however, that this should not be started until the second year of the presnet biennium. Therefore the contract for this building will probably not be let until after July 1, 1930. The structure will call for approximately 100 horsepower boiler capacity when completed.

LOST—Small looseleaf notebook. Reward. Reynold Fredeen Phone 4261J

LOST: Black and white Moore pen. Finder please return to Spectrum office for reward.

WANT-ADS

RATES—Three cents per word for two insertions. Payable in advance.

This number is written by Gertrude Murdock and is featured by Harold Bachman and his million dollar band.

"Governor Shafer carefully investigated the power plant situation before deciding to veto the appropriation for enlargement of the plant and felt confident that with the same careful management that has marked its operation in recent years it will be possible to get through this biennial period and permit the next legislative session to make provision for this particular item.

Above Safety Margin

"It should be noted that power plant managers feel they should have a wider margin of safety to take care of emergencies, than is allowed by the governor's feeling that if an emergency developed it would be possible for the board of administration or emergency commission to take care of any situation which might arise.

"In the operation of the heating system it might be interesting to note that North Dakota lignite coal is used

exclusively. Seven thousand tons are burned annually with thoroughly satisfactory results. The experimental boiler and stoker installed by the college four years ago has resulted in the installation of similar equipment in a large number of power plants in the northwest and the use of many thousands of tons of lignite where eastern coal was formerly used."
