Charity Ball Attracts Over 200 Couples

Fourth Annual Pan-Hellenic Formal Is Succesfully Staged At Armory Friday

Over two hundred couples were present at the fourth annual Charity Ball which took place in the college armory Friday evening from 8:30 to 12:00.

Miss Marion Trowbridge and Fred Grant led the grand march, with Miss Margaret Caselman and Milton Pemble second in line, which started promptly at 9 p. m.

Decorations Outstanding

The party though physically held in the armory was moved out into an arena fenced with pine trees which were all partially covered with snow. Falling snow, though permanent by the use of tissue paper, made up the ceiling. Colored lights scattered throughout the sheet of snow not only lit up the party but created a very beautiful lighting affect in many different shades. Frappe was served from an igloo with two eskimos serving the thirsty.

A duet sung by the Misses Vivian Lenz and Martha Emmons was the feature number of the evening.

The ball is an annual affair sponsored by the Pan-Hellenic association and the proceeds this year will be given to the community chest fund. Chairmen of the various committees were Marie Webster, decorations; Boris Abel, publicity and music; Frances Ross, tickets; Gladys Severud, refreshments; Margaret Caselman, entertainment; and Ruth Whitney, initiations and programs.

Honored guests at the affair were President and Mrs. John Lee Coulter, Jean and Mrs. H. L. Walster, A. E. Finard, and I. W. Smith, and Dr. and Mrs. W. C. Hunter, Mr. and Mrs. C. F. Monroe, and Mr. and Mrs. Worden Johnson and Misses Pearl Dinan and Alvira Smith.

THETA CHI AUXILIARY WILL HELP BUILD HOME

Under the chairmanship of Mrs. M. Tindall, the first of a series of benefit bridge parties will be given in the chapter house of the Theta Chi fraternity, 1316 Twelfth av. N., at 8:30 p. m. Thursday. Games will begin at 2:30 p. m. and 10 tables will be in play. Assisting Mrs. Tindall will be Mes J. W. Dunham, George Leals, Alfred Erickson and Carl Aine.

The Theta Chi auxiliary, composed of the wives and mothers of Theta Chi members, has decided to give a number of these parties to raise funds to purchase furnishings for the new chapter house, to be erected this summer and which will be ready for occupancy in the fall.

FROSH PUCKSTERS DEFEAT FARGO HIGH

Pat Purcell's Frosh chasers defeated the sextet from Fargo high 2-0 in a game played at the college rink Saturday afternoon. The Frosh displayed some fast offense work at times and gave the high school goalie a busy afternoon. The First Yearmen made their initial counter early in the game when Byron Stafrud made a long shot from a difficult angle.

Considerable material with Varsity possibilities was uncovered in the fray. Stafrud, Frosh wingman, was the outstanding skater on the Bison rink. Kilbourne, who scored the last goal, also worked well for the Frosh. Arrangements are being made to schedule other games for the Yearlings.

CHEMISTS WILL MEET THURSDAY EVENING

A four reel film on the "Romance of Paint and Varnish," will be the feature of the monthly Chemist's club meeting which will be held on Thursday evening of this week.

Pharmacy Sheet "Paprus Ebers" To Be Out 15th

L. Hammargren Is Editor And Simon Mark Business Man. of Pharmaceutical Magazine

"Paprus Ebers," tri-monthly magazine published by the North Dakota Pharmacy club, will make its first appearance on the campus about February 15, according to Lennart Hammargren, editor-in-chief of the new publication.

The first issue of the magazine will trace the growth of the School of Pharmacy at North Dakota State college and its change in curriculum from a two-year course to a three- and four-year course. The second issue will be devoted to articles for high school graduates.

The magazine, which is eight inches by 11½ inches and contains 20 pages, is supported entirely by advertising. The drug stores of Fargo as well as other business houses of the city are backing the new publication. National advertisers are expected to engage space in the magazine as soon as it is firmly established on the campus, according to Simon Mark, business manager.

The main purpose of the magazine, as explained by its editor, is to acquaint people with the activities of the college as a whole, especially with the School of Pharmacy. The school on the State college campus has earned a reputation as being one of the foremost of its kind in the nation, according to Mr. Hammargren, who believes that the new magazine will acquaint the people of the state with this fact and direct high school grads to State college for their training.

Ted Mairer, president of the North Dakota Pharmacy club, has pledged co-operation of the club in the new venture.

The staff in charge of the publication of the magazine is as follows: Lennart Hammargren, editor-in-chief; E. G. Ferguson, desk editor; Kenneth Piper, advertising manager; and Simon Mark, business manager.

Potential Ability Shown by Team Before U Games

Exciting Game For Spectators; Bison Trail, Then Stage A Comeback

By MILO HOISVEEN

P. T. Barnum used a tent to cover his big show, and Pete Gergen covered Nicholson, State's big show, like one of Omar Khayam, the tent maker's products. Gergen guarded so closely that Nicholson, who in previous games had scored from six to eight baskets, was held without a counter from the field meaning much in the great Bison 20-19 victory over South Dakota State in the college armory Saturday evening.

Cecil Bliss was the only Bison tosser that could locate the basket consistently. Bliss scored five times from the field by following in shots and working in under the basket. He also counted one from the free throw, line bringing his total for the game up to 11 points.

State hung up the first counter when Bliss crowded Krug. Bliss retaliated by scoring under the basket giving the Bison a 2-1 lead. Krug was backed in the act of shooting and counted his free throws, but Bliss scored on a pass from May to give the Bison a 5-4 lead. Hamann, who did not seem to be burdened down by being number "13" tossed in a long shot which even made his coach blush. Schaefer fouled May and Johnson who brought the score to a 7-6 count at half time.

The Bison started out the remaining 20 minute period with a smooth attack, which netted them a 9-6 lead. This must have hurt Herting for he immediately proceeded to get hot and connected with the basket for two long shots. State then assisted by five gift throws gaining a 15 to 10 lead over the Bison. Leo May who had played a great game for the Bison went out on personals. Matt Braus replaced May at center.

The Bison then counted five points while State made two. The injection of Braus into the lineup was about as popular with the State basketballers as a census enumeration is in Grand Forks. Braus brought the count to 17 for the Bison and Bliss again counted the basket to give the Bison a 19-18 lead. Braus hung up a free throw to bring the total to 20-19.

The aroma from the Charity Ball, which was held in the Armory the night before, still waxed hot for each team had 13 gift shots. State counted 11 points from the Santa Claus bar while the Bison made but 6. South Dakota made four field goals compared with seven for the Bison. The Bison also made four double counters that were declared void. In the major part of the game the Bison held the edge displaying a nice pass attack and a faster breaking quint than their opponents.

Gil Johnson did some wonderful defensive work at the back guard position. Johnson smothered the States (Continued on page three)

THE AFTERMATH

Last Saturday's game about turned Fargo upside down. It has given local basketball fans something new to talk about and out-of-town fans a lot more to worry over. To be perfectly honest with each other Bison boosters entered the armory that night with great hopes but an equal amount of pessimism. The reputation of the visiting team was overpowering. The reputation of the green and yellow team is now established.

We are looking forward to three more home games. Leaving a discussion of the week-end contest to another article, let us turn our attention to the classic event, the Bison-University series. It is not too early to make plans for these games. Basketball enthusiasm on the campus and about the city is now approaching the climax. Added impetus resulting from the recent game, has stirred up the hornet's nest. Indications are that our friends at the University received a jolt on discovering the defeat of a team which had just trounced the Nodaks. We expect to see the students of N. D. U. here en masse. Local attendance at the season's contests has been very good. It will take an expanded armory to hold the crowds we are anticipating on February 15 and 16.

VOX POP?

We have long bewailed the lack of material for a student opinion column. And we must continue—so far there has been no response. We are beginning to feel, though, that the calling of this shocking deficiency a "tradition" is far too mild. This unresponsiveness on the part of the student body must mean either of two things.

It might mean—you must pardon our amusement—that State College is perfect in its functioning: The curricula are just right; the rules and regulations are without fault; our extra-curricular activities are exactly balanced and perfectly directed.

Or again, it might mean—you must pardon our malicious intent—that the students of this college are intellectually dead, that they are lacking the presumed characteristic attribute of collegians, the rebel spirit.

If this second conclusion is insulting write and tell us about it. If you do not like a teacher, a course, a coach, a referee, a regulation, or a law—write it out clearly and put it in the Spectrum drop-box before you die of old age.

Your name for us, your initials for publication, and some fire for the student population.

A BISON BOOSTER

Ebullitions of Ebony Blott

By Everett Wallum

Dick Holzer called a foul on the crowd Saturday night, but there's a lot of things he didn't see.

He'd make a good judge in a negro settlement,—he called so many fowls.

Dick doesn't like noise. He must be married.

Still, if he was, he wouldn't mind a few things like a riot.

When a short course student dances with a dean following a victory, that's spirit.

Just because Mr. Holzer called so many fowls is no sign he's chicken.

It's a good thing Dick didn't stay for the dance following the game. Talk about fouls!

If he'd let the opposition shoot every time a toe was stepped on, our social lions would be lion six feet under the sod.

This may have no bearing on our point, but if all the kleptomaniacs were laid end to end, they would reach.....

We can only hope that there are no saxophone players in Dick's neighborhood.

Our dumbest freshman said he helped win the game because ignorance is Bliss. And Bliss got five.

South Dakota isn't so dumb. We yelled, and they got the point all right.

Judging by the unruffled manner in which Dick calls 'em, he'd make an ideal poker player.

He sure can "hold" a full house anyway.

If he'd call a foul for the yelling in that game, we'd better play the "U" in a telegraphic meet.

"Oh fudge" exclaimed an excited coed, but, luckily, Dick didn't hear.

The Bunnies' ability to make free throws would make them popular in Scotland.

What we can't understand is why Dick didn't fine the timekeeper when the gun went off.

However, after all is said and done, we can't help contend that the winning of a basketball game is net profit.

Among Our Contemporaries

Here is something new! Professor Herbert Howe of the University of Oregon says that all students should be married before they enter college, and then they would not waste so much time in the evenings and their scholarship will be raised.

A number of papers are still discussing Al Smith. This time it is stated that if Al Smith lived in Czechoslovakia his name would be Novak. That name is as common as Smith in that country.

Two star athletes enrolled at the South Dakota State College at the beginning of the winter term. This will undoubtedly be a big addition to the Jackrabbit athletic stock.

The National Honorary Journalistic Fraternity has announced their annual Editorial and News-Story contest which will continue until July 1, 1929. This is open to all college students and five prizes will be given for each contest.

Creighton University will soon have an important addition for terms of affiliation were signed which will add St. Catherine's hospital to the University. A large number of medical students will be permitted to enter now.

The Volante states that since women are the "speaker sex" they should have a newsy paper with a woman as editor.

Miss Lillian Gish, who has been truly cosmopolitan in her roles since she first won fame as a daughter of the south in "The Birth of a Nation," again has the part of a southern girl in "The Wind", a dramatic tale of pioneer life on a desert ranch, which is showing at the State the first three days of this week.

A delightful simple story of young love and its difficulties will be told in the film, "Someone to Love," to be shown at the State theater the last half of the week. Mary Brain takes the part of the girl and Charles (Buddy) Rogers is the boy.

IT SEEMS THAT— By Dub

—Saalwaechter has missed his calling. While Saaly is a wonderful basketball coach his one ring appearance at the close of the Bison-Bunnies clash would do for the Wildman act in any circus.

Our only regret is that the crowd closed in before the "wild", Bison mentor could finish his act.

—"Saaly" had a right to be joyful. With all the worried looks on his face when paraded in front of the officials table, he might have died if the score hadn't been in the Bison's favor.

—If Saaly can get that excited over beating the Bunnies they had better order a straight jacket for the University series.

—It looks as though we should hang our heads for we missed both games. We even failed to come close in the Nodak-State contest. About 25 points the wrong way.

—We never did think that the mighty traveled Nodaks would fall before a team that stayed at home to learn basketball. South Dakota is producing no setups this year as the Nodaks will testify.

Someone asked; "what Dub meant" He suggested that we either quit or change it to "dumb." It stands for D-ubious, U-nconscious, and B-lameless.

With all the upsets staring us in the face our knees shake when we predict that the Nodaks will win two of their games on the southern trip they take this week. The Nodaks should take the Morningside and South Dakota U games. South Dakota State will need no help in the predictions this week. "DUB."

Kappa Phis Are Third In Tournament; New Group On Bottom With Other Four Teams Tied

By MILO HOISVEEN

The Delta Sigs remained at the top of the league with the Kappa Psi's by defeating the Sigma Taus 13-10 Tuesday evening. The Taus battled the Sigs evenly during the first half but were unable to keep pace with their opponents in the final period.

Konicheck, Sigma Tau center, played a whirl wind game caging nine of his teams ten points, and was easily the star of the contest. Blakeslee and Carl Miller were outstanding on the Delta Sig quint.

Gamma Rhos Win

Alpha Gamma Rho defeated the Theta Chi netmen 17-13 in what proved to be the thriller of the week.

The teams were so evenly matched that it was necessary to play two overtime periods to decide the deadlock. The score at the half time was tied being eight all. At the termination of the regular period the count was thirteen all, having been tied by DeSautels long toss. In the first overtime period neither team was able to score. Robertson scored two long shots in the last overtime period to give his team the victory.

McKinnon and Robertson were the Rho aces. Robertson was high point man of the game making five field goals. Basset and Gardner were most effective for the Theta Chis.

Kappa Phis Win

In Wednesday's play the Kappa Phi's nosed out the Kappa Sigma Chi courtmen by a 17-14 score. The Phi's trailed their aggressive opponents 6-4 at the half time, but came back strong in the closing stanza.

Friberg and Clark displayed nice form for the Phis, Friberg counting three field goals from the guard position. Jordre and Walla led the Kappa Sigma Chi men.

Engineers Lose

The Kappa Psi's showed much powder by an overwhelming 41-5er in turning back the Sigma Phi's count. The Kappa Psi's held their opponents scoreless during the last half of the contest and counted 29 points in doing so.

Tonn and Hanson again proved to be the big guns of Kappa Psi. Frank Carlson played a nice game for his team making all the points for the Engineers.

Gamma Rhos Lose

In Saturdays play the Sigma Tau's upset the dope to win from the Gamma Rhos, and chalked up a game in the win column. Although the Rho's led during the major part of play at half time 11-8 the Sigma Taus led by Konichek came back with a vicious attack to win 20-18.

Frosh Beat Concordia And Will Go To "U"

Saturday night's curtain raiser between the Concordia B team and the Freshmen quint was won by the Frosh 31-14. Concordia put up a game fight but were unable to match strides with the fast traveling Baby Bison.

Coach Bob Lowe used twelve men in the contest, changing the entire lineup after the rest period. The first quint Lowe played managed an early lead which at half time stood 14 to 5. Fairhead, playing forward, played a great game scoring four field goals for the Yearlings.

The injection of a new team at half time speeded up the game considerably. Paul Bunt, who was only in the lineup for a quarter, showed up in fine form scoring three field goals in fast order. In the final stanza the Frosh outscored their opponents 17 to 10.

Westgate played a nice offensive game for the Freshmen scoring five points, and did some excellent passing. Nordstrom and Seitz showed up well at the guard positions. Nightingale, Concordia guard, proved to be the ace for the Moorhead team, count-

Proves the Parker Duofold is "The College Pen"

In a canvass of 13 technical schools (names on request) it was found that as many students owned a Parker Duofold Pen as owned the next two nearest makes combined, and more would buy a Duofold next time than the next three combined.

There are several reasons. One is Parker Pressureless Touch—Geo. S. Parker's 47th Improvement—known the world around as the means to tireless writing.

28% lighter than a rubber pen, this weight alone brings the pen into action the moment point touches paper. No strain. No fatigue. This relieves finger pressure. Smooth and steady ink-flow no matter how fast you write.

No interruptions, no intrusions. A clear track for clearer THOUGHT, and better grades on papers.

Five flashing colors and a new, modern Black and Pearl. Then a "guarantee forever against all defects, so these Parker benefits are everlasting.

BUSINESS EDUCATION

A business education is a practical education that prepares one for every-day living. It gives the training necessary for entrance into the business world where the demand for trained workers is much greater than the supply. The business world pays a salary twelve months out of the year with two weeks' vacation on full pay.

Hon. W. T. Harris, Ex-Commissioner of Education, said, "Without a thorough and practical commercial education, a man is like a ship at sea without a compass or rudder."

Take your course in business training in an accredited school. Call or write for particulars.
