

Neighborhood Day To Feature Farmers' Week

C. F. Galpin, Washington, D. C. Will Be The Main Speaker Of The Day

On Tuesday, January the 15, the second annual Neighbor Day will be held in Mr. Arvold's Community Center department.

The entire second floor of the main building with its theatre, log-cabin, library together with the seminar and green rooms will be turned into a neighborhood to welcome the incoming communities from the different parts of the state for a stay from 12 o'clock at noon till 12 o'clock at midnight.

A part of the day and the evening spent by a composite neighborhood from over the state, with their programs and eats will give vent for an unusual demonstration of the purpose and scope of the ideal rural community social plant of this college.

Speakers from the United States Dept. of Agriculture and from the seed house at Bismarck, and a songster will appear with the members of the Neighbor Day gathering.

At 12 o'clock noon the committees arrive for a luncheon in the log-cabin. While participating with the meal the members of the gathering will be favored with Sandy Cranston singing Scotch airs. Following this a few minutes will be had for orientation, visiting, browsing around and at the same time taking in the exhibit display.

From 3 o'clock p. m. to 4 a round table discussion will be held, led by C. F. Galpin, who comes from Washington, D. C. Mr. Galpin is from the department of Rural Organization and the discussion will be hemmed around kindred subjects. George Mill from the seed house of Bismarck will entertain the crowd with Indian magic.

From 4 o'clock to 6, and after a brief intermission for a second lunch and through the evening a selected few among the neighbors will play their part in entertaining their fellow neighbors. The talent will vary from declamations given by children to One Act plays acted out by older folk; from country schools songs to music played on rare instruments, after which the neighbors will go back up into the log-cabin for a concluding lunch at 12 o'clock midnight.

This occasion which occurs once a year at mid-winter, crystallizes the ultimate realization of Mr. Arvold's physical department with its dream and extensive knowledge of community gatherings.

SIGHT-SINGING CLASS WILL BE HELD WEEKLY

A beginner's class in sight-singing open to all students in this school will be held every Monday noon from 12 to 12:30 in the Music Hall. The class is under the direction of Miss Adda M. Blakeslee.

The Joint meeting of all the sororities which was called for January 14, for the purpose of discussing rushing rules, has been changed to Monday, Jan. 21, at 8:00 o'clock in the Little Country Theatre.

CONTRIBUTED

We would like to know what this here Erickson is trying to pull off with two women dated up for the Military Ball. And maybe they are relatives too, not that that makes any difference. We refer to the Ballard clan or what have you. Well, we hope Ralph gets out alive. Anyway he isn't as deep as Gorder. He's going to have it bad! His pin will be coming back in more than a hurry because, dear reader, big Ben told the nosy reporters that he had not yet asked his partner to the Ball!

Signed: A Disinterested Reader.

MEMBERS OF WOMEN'S SENATE ELECTED TUES.

At a meeting of the Women's League, an organization composed of all women students at the State College held Tuesday, January 8, members of the Women's Senate, the governing board of the league, were elected.

Two members are elected from each class and two from the high school, together with two members at large. This board, meeting with Dean Dinan, acts as advisory council for the women students of the college and high school. Those elected were: Seniors, Gladys Barton and Ethel Jones; Juniors, Margaret Ballard and Margaret Greene; Sophomores, Katherine Knerr and Marion South; Freshmen, Elene Weeks and Dorothea Ward; High School, Ruth Johnson and Jessie Phillips.

The senate will meet January 25th to elect a president and secretary and to choose the members at large.

Military Ball Plans Nearing Completion

Soldiers Get All Excited About Nothing This Week; Gorder Announces Partner

The highlights on the coming Military Ball on the 18th of January are numerous this week.

First, Ben Gorder, who is second in the grand march, has announced as his partner Miss Vivian Hatlie. They will follow Ralph Erickson and Miss Margaret Ballard who will lead the grand march of the frolic.

As soon as both of the leaders secured their partners for the affair it seemed that the party would have to be postponed. Rumor became rampant to the effect that due to the meetings of the many farmers, who will be our guests next week, in the armory it would be impossible to decorate the place.

A special meeting of Scabbard and Blade was called Tuesday noon and everything appeared as if the party would have to be postponed. The leaders stubbornly refused though and looked for a solution.

Finally Captain Ralph Erickson got in contact with W. C. Palmer, who is chairman of the Farmer's Week, and learned that their excitement was all for naught as Mr. Palmer informed him it was their original intention to hold all of the farmer's meetings in the Little Country Theatre.

The meetings held in conjunction with Farmer's Week will then not interfere with the Military Ball.

Eleanor Gieseler

Miss Eleanor Gieseler, a student at the A. C. for the past four terms, died at a Rugby hospital last Friday night as a result of an abscess in her side, a result of an appendicitis operation performed some time ago. Funeral services were held at 1:30 p. m., Monday, from the Presbyterian church in Towner.

Miss Gieseler became ill on December 30, while home on her Christmas holiday. She was taken to the Rugby hospital where she died a few days later. She is survived by her parents, Mr. and Mrs. A. M. Gieseler, Towner, two sisters, Elizabeth, a student at the University of Wisconsin, and Constance, who attends school in Towner. Eleanor was well known on the campus and at Ceres Hall, where she stayed. We think that we can safely say that all that knew her loved her. She was active in Y. W. C. A., and W. A. A., and was a pledge of Alpha Xi Beta sorority.

CLASS MEETING

A meeting of the Junior class will be held Tuesday, January 15 at 12:45 in the Little Country Theatre. Election of the Junior Prom Manager will take place at this time.

Everett Knutson, Vice-Pres.

Registration At State College Soars To 1325

Freshman Class Approximately The Same As Last Year; Other Classes Larger

As the first week of the winter term of school draws to a close 1325 students are enrolled at North Dakota State according to figures released by Alfred H. Parrott, registrar, yesterday afternoon.

In speaking of the exceptionally large enrollment Mr. Parrott emphasized the fact that this figure does not include students enrolled in college short courses or in correspondence courses.

Men Outnumber Women

At this time 939 men and 386 women are enrolled. Dealing with men 366 are in college, 36 in high school, and 108 are in vocational courses. While with the women 356 are in college, 18 in high school and only two are enrolled in vocational courses. 27 men and 10 women are registered, but have not completed their registration by paying their fees.

Freshmen Lead

As is usually the case the largest group is the freshmen class which is made up of 304 men and an even 100 women. Sophomore class is second with 216 men and 91 women. Juniors follow with 147 men and 87 women. 87 men and 64 women are seniors at this time. 11 men and 8 women are pursuing postgraduate work.

157 men are enrolled in the school of Agriculture, 107 men and women in the school of Chemistry, 182 in the school of Education, 201 in the school of Mechanic Arts, 96 in the school of Pharmacy, 226 in the school of Science and Literature and 155 women in the school of Home Economics.

Knights Will Receive Bison Printing Contract

Board Of Publications Will Discuss Problems At Social Get-togethers

The printing contract for the 1930 Bison, annual year book of this college, will be let to the Knight Printing Co., of this city, according to a decision made by the Board of Publications at a meeting held on January 8. The Secretary of the board points out that this is the third successive year that the above company has won the Bison contract.

Frank Hannaher, business manager, stated that present plans point to a year book of three hundred and twenty pages, or an increase of sixteen over last year's number. Final decisions concerning the grade of paper, type of printing and engraving to be used, and type of cover to be employed, have about been completed. The staff has been at work gathering material for the volume since the beginning of the Fall Term.

Besides reviewing the printing bids, the Board of Publications decided to hold regular meetings which will take the form of social "get-togethers." According to word received from Mr. Wallum, president of the board, a dinner will be given once every three weeks for members of this organization and others interested in the journalistic activities at this school. It is hoped that problems relating to journalism will receive due attention, and that by reviewing them at these times, general advancement in this line of work will be continued.

The Board of Publications is the governing body of The Spectrum and The Bison. It performs the general functions of looking into the problems that may arise in the editing of the two publications. At present the board consists of: Mr. Parrott, Mr. Johnson, Everett Wallum Sarah Moore, William McRoberts, and Henry Presler.

"Y" MIXER COMMITTEE PROMISES GOOD TIME

Social activities will gain an auspicious start with the two parties on the week-end schedule. The Lettermen's dance on Friday evening and the annual Y. M. C. A. and Y. W. C. A. mixer of Saturday night will furnish ample excuses for forgetting the cares of study. The latter party is an all-college dance, open to all N. D. S. C. students and their friends. Arrangements for the affair are in the hands of Byron Olson and Billy Eastgate, both of whom promise that the utmost has been done to insure a good time for all. Dancing will start at 8:30 and continue until 11:30. Chaperones for the event are: Mr. and Mrs. I. W. Smith, Miss Nancy Elliot, and Mr. John Doer.

"Being the first strictly all-college dance of the term, we expect a packed armory," Mr. Olson said today, "and all are insured of a plentiful supply of frappe, fun, and dancing."

Pan-Hellenic Agrees On Winter Rushing

Next Meeting Will Be Held Thursday, Jan. 17th To Complete Charity Ball Plans

At a luncheon meet yesterday noon Pan-Hellenic agreed that informal rushing rules will hold until Monday, January 28th, at which time formal rush week will open with preferred dates.

The dates as assigned at the meet are as follows: Kappa Delta, Monday, January 28; Phi Omega Pi, Tuesday, January 29; Delta Phi Beta, Wednesday, January 30; Sigma Theta, Thursday, January 31; Phi Kappa Lambda, Friday, February 1; and Alpha Xi Beta, Saturday, February 2.

These dates are all to be in the form of luncheons so that it will be possible for silence to commence at 1:15 Saturday noon and prevail until 5 p.m. Sunday, when the bids will be received.

Initiation Rule Changed

It was further decided at this meeting to consider sophomores or students coming from other schools as upper classmen so that they may be initiated as soon as the sorority deems it advisable.

Pan-Hellenic will hold their next meeting in Dean Dinan's office on Thursday, January 17th, at 4 p.m. at which time plans for the Charity Ball will be completed.

Inter-Frat Council Admits Young Local

Kappa Sigma Chi, Social Fraternity, Was Founded On April 23, 1928

Kappa Sigma Chi, social fraternity, was admitted to the Inter-fraternity Council at their meet on Wednesday afternoon of this week.

This young local was founded last spring on this campus; its petition being formally approved on the 23rd of April. At present they have a home at 722-11th Avenue North. The officers of the fraternity include the president, Robert J. Adam; Garnet Grieve, vice-president; Omer Watson, secretary; Arthur Walde, treasurer.

Rule Waived

At this same meet it was decided to take exception to the two term rule regarding the initiation of pledges in the case of men who have transferred from other institutions of higher learning, providing they were active members in a fraternity at that school and were honorably discharged from the institution.

This now makes it possible for a fraternity to pledge a man who was an active member of a fraternity at some other school and initiate him just as soon as they see fit and his transcript is received.

Farmers' Week To Bring Many To Campus Soon

Little International And Portrait Hanging Banquet Will be Outstanding Event

Plans for the greatest Farmer's Week ever held in the state of North Dakota are now practically complete and the dates are January 15th to 18th inclusive.

The week will open with various short courses and meetings of the various breed associations. Prof Arvold will stage a Neighborhood program on the 15th, the opening day.

Little International

Following the meetings and short courses on the 15th, 16th and 17th, the Seventh Annual Little International Livestock Show will be given on the evening of the 17th in the livestock pavilion of the college. This is a fitting and showing contest of the students in the school of Agriculture sponsored by the Saddle and Siroin Club of the same school. Work on the show is well under way as the students have had their various animals picked for a week or more and may be found out in the barns at most anytime now working their prospective individuals into shape for the show.

Ralph K. Welch, who is putting out the catalog for this year's show reports that it will have some eight more pages than the one issued last year and surpass it in every manner. Martin Altenberg, who is in charge of the awards, says that the show will have a finer and more complete group of trophies and awards than ever before. Both Mr. Welch and Mr. Altenberg are enthusiastic over the cooperation and financial assistance the merchants of Fargo have given them.

Convocation Friday

Dean Minard has arranged that the outstanding speaker here for the week will speak at convocation Friday morning. He is Eugene Davenport, dean emeritus of the college of agriculture of the University of Illinois and a national authority on farm problems. His time during the entire week is practically all taken up speaking at all of the different meetings but with the assistance of Dr. Walster, he has been secured for the forty minute convocation talk.

A long list of accomplishments and activities marks the progress made by Dean Davenport. He was a graduate of Michigan State college in 1878. He later received the highest degrees in his line of work. In 1891 he became the president of the Collegio Agronomica at Sao Paulo, Brazil, South America. He was appointed dean of the college of agriculture of the University of Illinois in 1895, and remained at that post until 1922, when he was made Dean Emeritus. During that time he was director of the Agricultural Experiment station and professor of thermatology at the Illinois institution.

Portrait Hanging Banquet

Friday evening the Week is brought to a close by a banquet for the North Dakota Livestock Breeders Association which is given by the Saddle and Siroin Club. At this time the portrait of one of North Dakotas outstanding livestock men will be unveiled. The banquet is in charge of Robert Adam.

SPRING IS HERE!

The Delta Sigs certainly have been passing out the cigars lately. Three pins lost in one week! That's fast work but then leave it to the Delta Sigs. "By" Olson takes first prize and Scott comes in second, although he beat Keating by only a few minutes. Since the crime wave broke out more developments are expected. Watch this space for announcements. Meanwhile we hope the matrimonial weather will be fine. Congratulations Sigs!

MIGRATING STUDENTS

This year more than ever before it seems that there is an exceptionally large group of students on the campus who have attended other institutions of higher learning. In fact it seems to be fashionable to be able to tell how they do it at Minnesota, Michigan, Notre Dame or even up North.

To accommodate these students that they might not be embarrassed here and forced to be considered as freshman as far as far as fraternity and sorority rulings are concerned, both the Interfraternity council and Pan-Hellenic met this week and decreed that the two term rule for initiation should not be enforced upon the student who has attended another institution and left there in good standing. Now he or she may come here and be pledged along with the incoming freshmen and then be initiated just as soon as the organization sees fit.

This is indeed a good move, especially in the case of a student who was an active member in an organization before as he very likely had just as severe or perfect pledge period there as any organization here may render. But on the other hand it will be folly for an organization to initiate anyone who has not been a victim of little rookying and who has not at least made a pretense of forgetting about the institutions previously attended.

OUR GROWTH

The front page of this issue carries a story on the Winter Term enrollment statistics. You have seen the statement that at present there are approximately one thousand three hundred and twenty-five students attending this college. This is an increase of about one hundred and twenty-five over last year's quota. In terms of percentage it means that the student body has grown about nine and six-tenths percent. Attention is called to the fact that these percentages are our own estimates, and not official. Nevertheless, they can be accepted as fairly accurate.

These figures call to our attention the remarkable fact that this institution has grown nearly ten percent in one year. They present a picture of an expanding student body in a school which has not been able to grow in size. We see a crowding together process, the utilization of all available rooms, many of them not intended for the purposes they have been put to; we observe a combined faculty and office force of over three hundred working at full speed. A situation such as this calls for attention.

Has the saturation point been reached? If not, how much larger can we blow the bubble?

To the first question we can only give our own opinion which is in the affirmative.

In spite of all the facts that stare one in the face, a few are of the opinion that conditions at State College are not as bad as have been described. They believe that the appropriation of \$284,000 as recommended by the state budget board for this college is too large and should be cut down. They contend that only a few buildings or additions are necessary.

To these individuals we here attempt to point out that the future makes it imperative that all possible assistance be granted to the college at this time. The point must never be reached where no more students can be accommodated. We look forward with certainty to a big increase in the number of students next year. If the above condition should ever prevail the fact would create a sentiment over the state that would do permanent harm to the college. If all cannot recognize the present hardships we are working under, let them look to the future. If the recommendations of the budget board are increased it will aid the college in days to come. It will assure for us a rosy outlook and banish any but good opinions that be held regarding our ability to take care of more freshmen.

Just Comment

WISE and OTHERWISE

By Henry Presler

TWO HUNDRED and eighty-four thousand dollars for building purposes! Well, it sounds good to us. The state budget board has handed in its recommendations at last. To the waiting student body their decision that the above amount was necessary for the N. D. S. C., came as a welcome message. The members of the board believed that the paramount necessity at this college was for more classrooms. With the addition of the latter there naturally arises the need for more heating equipment, especially since some of that now in use is twenty years old. Finally, we get a new swine barn if all goes well. And, oh yes, there is that long sought for appropriation for the library. If there is any building that needs enlarging it is the last-named, and let us attach all possible importance to this need.

BUT THE sad part of it all is that we can't get rid of our armory.

WHAT WILL become of the dormitory?

LET US hope that the best in ventilating systems is installed in these new buildings.

FIRST LET us get the buildings. We hope that the legislature will act upon the recommendations as it did two years ago. The school was granted appropriations, but, as you all know, in the end these were withheld.

THE SPECTRUM has been campaigning for quite some time for new buildings and equipment. The recommendations of the state budget board are encouraging to say the least. The difficulties under which the student body is working because of overcrowding should be apparent to any casual observer. The saturation point has been reached and this fact alone makes it imperative that something be done to ease the situation.

WE ARE confident that the legislature will recognize the problem here, and now look towards their assistance as the solution of the problem which all have felt.

Among Our Contemporaries

The College of St. Thomas at St. Paul has found its twin! There is a St. Thomas College at Scranton, Pa., which has the same patron, the same nickname, the same abbreviation, the same colors, and about the same enrollment at the Minnesota College of St. Thomas. Also the editor of each of the college papers has the name of "Byrne." Coincidence, indeed!

"What next?" one might say when he reads that pencils with the season's basketball schedule printed on them are being sold at the Valley City State Teachers College.

The use of yellow posts to mark off parking zones has been found very effective at the S. D. S. C. The issuing of tags as penalties also relieves the traffic problem.

At the election held at the "U" on January 7 a very heavy vote was cast and an unusual outcome resulted. A coalition group succeeded in placing every candidate on the "Frame" ticket and a non-sorority woman was named president of the Junior Class.

Our Honor Organizations

Blue Key

Blue Key is a national honorary service fraternity which was founded at the University of Florida in 1920 and established at the North Dakota State College in 1927.

Blue Key has as its object the promotion of student projects for the interest of the students. This year the big project is the supporting of the Bison Brevities.

The officers of Blue Key are Everett Wallum, president; William Rundquist, vice president; John Bohlig, secretary; and Foss Narum, treasurer. The other members are Henry Sullivan, Cyril Peschel, Frank Hannaher, Ralph Erickson, George Hayes, Ben Gorder, William McRoberts, John Johnson and Robert Adams.

DELTA PSI KAPPA BRIDGE PARTY SAT.

Delta Psi Kappa, woman's honorary physical education sorority, will sponsor a benefit bridge Saturday, January 12, at 2:30 in Ceres Hall parlors.

Aletha Winn is general chairman for the affair and has as her assistants the following committees: Decoration, Hazel Heald, chairman, Inez Lunder and Dorothy Moffitt. Refreshments, Helen Ballard, chairman, Grace Swanson, Grace Sjoldal, Marion Trowbridge and Gladys Syverud; Tables, Ruth Henning, chairman, Evelyn Blakeslee; Dishes, Ethel Smith, chairman, and Luella McDunn; Covers, Sarah Moore.

Patronesses of the sorority are Mrs. Charles Finnegan, Miss Frances Bailey and Miss Dorothy Hatch.

**Ebullitions of
Ebony Blott**
By Everett Wallum

We noticed that they showed a two-reel comedy at a recent meeting of the Chemists' Club. They ought to vary the program a little bit.

Anyone who can laugh in the presence of chemistry is not the type to invite to your funeral.

And the sophomore class presented a "chemical playlet", the title of which we presume was "Up and Atom."

But we've got to present the celluloid test tube to the frosh who said that an oxide is what shoes are made out of.

And who, when asked to use the word cation, said glibly: "and there was our little cation the big tabby".

"The need for more classrooms is acute"--begins a sentence in a Spectrum story. We hasten to amend: The need for more classrooms is acute girl.

A chorus girl with bow legs is just rounding out her career.

We wish the legislature would give the armory a couple wings so it could fly to heaven where the thing belongs.

\$19,000 may be appropriated for an addition to the library so that more books may be stored. We can picture Mary Spielman saying: "Gosh", and there's ten books I haven't read in this'n yet!"

And \$25,000 goes for an addition to the power plant which would be unnecessary if Cece Carrol's lungs could be harnessed.

But not a cent for glue to keep the freshman's brain in one lump.

\$6,000 may be given for a nice new swine barn. This will probably succeed the armory as the social center.

Because of all the blind pigs in North Dakota, they won't have to fix up the place very nice.

There'll be less squealing in the swine barn than there is in the armory during a basketball game.

Ceres Hall won't get any wings. The delicate inmates insist that they don't want to be high flyers.

They didn't say anything about necks, however.**

Campus thieves are doing their best to remedy crowded conditions at the college.

Hockey Team Defeats Fort Snelling Sextet

Loses To Minnesota. "U" Next Opponents

Fort Snelling Required Two Extra Five Minute Periods To Lose In

The Bison hockey team, now traveling through Minnesota and Wisconsin, won their first tilt by defeating the fast traveling Fort Snelling sextet 2 to 1. It required two extra five minute periods of play for the Bison to put the puck behind the Soldiers net in order to gain the winning margin.

In the opening quarter of play the Bison showed themselves superior to the Snelling Icemen and it was in this period that McDowell registered the first counter for the college men. In the second quarter a determined attack by the Snelling crew enabled them to even the count.

Although the Bison showed themselves superior to Snelling men in the closing stanzas the Soldiers mustered their forces together and on occasions and fairly bombarded McRoberts, Bison goalie, with the rubber missile. The lanky goalie repelled the oncoming Soldiers as the Wall of China would repel the assaults of One Eyed Connolly the Gate Crasher.

With score at a tie extra periods were played, and with three minutes remaining of the second period Johnny Johnson successfully eluded all opposing puckmen and made a beautiful shot to put the Bison in the lead which they maintained.

On the defense Landbloom and McRoberts worked well. McDowell, Johnson, and McGrath worked effectively on the defense.

The Bison journey over to the University of Minnesota campus on Monday evening where they played the powerful Minnesota sextet. The game went to the later by a 12 to 0 score.

Minnesota last year were the United States Olympic favorites. The aggregation consisted of a number of men from that great combination.

The puck chasers participating in the contests for the were; wings, McDowell and McGrath; center, Johnson, on the defense; McLachlin and Landbloom, and McRoberts, goalie.

Both games played with Marquette were disastrous to the Bison pucksters as they lost to them 12 to 0

Tuesday evening and then lost 12 to 1 Wednesday evening. The lone counter was made by Captain Johnson while the Hilltop reserves were in action. This evening the Bison will open an invasion on the University of Wisconsin at Madison and play a second game with the Badgers tomorrow night.

Good Crowd Expected At Game Tonight

Morningside Will Open List Of Conference Games Here To-night

By Everett J. Wallum

After a month's abstinence from intercollegiate basketball, sportloving Fargoans are expected to turn out for the North Dakota State college-Morningside net contest on the Bison court tonight. This game marks the first conference start of the season for Coach Saalwaechter's Buffalomen who recently returned from a rather disastrous barnstorming trip thru Illinois and Minnesota.

The past week, Coach "Saaly" has been instilling the proper college will-to-win spirit in his proteges. It is this mental condition that the Bison mentor believes will have more than anything to do with winning the conference bunting. Overshadowing the week's drill is the uncertainty of Pete Gergen's status with old man eligibility. Pete has been hitting the books pretty hard of late, but it will not be known before the game time whether or not the stellar guard will play. John Brady will act as Pete's understudy.

Chances of the Bison's success in their start tonight depend largely on Bobbie Hahn, all-conference forward and captain. If the elusive Willmar sharpshooter is hot, his mates may be spurred on to victory, while the opposite condition may turn the tide of battle in favor of the Maroons.

Cecil Bliss, Johnny Smith and Leo May are probable starters tonight,

but just where they will play is rather a mystery as all three were shifted to different positions during the road trip. Smith and May are sophomores, as is Gilly Johnson, probable starter at guard.

Women's Athletics

Activities in the women's athletic department are well under way for the winter term. Basket ball practice was started this week and practices were well attended. These are to be held on Mondays and Wednesdays at 5 o'clock and on Tuesdays, Thursdays, and Fridays at 4 o'clock. An interclass tournament between the Freshmen, Sophomores, Juniors and Seniors is to be played off in about two weeks and an inter-sorority tournament is also to be held.

The physical education classes are practicing for an inter-class tournament in cage ball to be played off in much the same manner of the hockey and soccer tournaments of last term.

Points toward membership in the Woman's Athletic Association are given for participation in these sports. Points may also be earned by taking part in riflery, which begins next Wednesday, in the Armory from 7 to 8; for swimming, at the Fargo High swimming pool on Mondays and Wednesdays from 8 to 9; and for skating. Rosemary Frost is swimming manager and the military department has charge of the riflery practice.

THE END OF A PERFECT EVENING A LUNCH AT VIRGINIA CAFE Private Booths (Across from N. P. Depot)

State Kolledge, N. Dak. January 10, 1929

Dear Torg:--

Holi, Yumpin, yimin, Torg, someone let out the word that Tiny Law an I wuz the ensur to the coeds heat-in problem this winter. And we have been so awfully "rooshed" by the girls we haven't been able to go out by Kolledge yet to see what profs are to talk us to schleep this term.

Ive got to schure do some decidin quick about this here Charity Call. There are six girls that mite ask me to be their S-Kort and I dont know which to favor with my kompany.

I'm getting a Tux by Flaten's tailoring joint to go to this here Military Ball. Yu kno Ralph Erickson is the top kick and it is goin to be some party, only two and a half bucks.

All the boys, Bade Hays, Mike Sol-livan, Gil Yohnson, and others too humorous to menshun 'll be ther and they will look good cuz they by by Flatens.

Tiny and I are stepping some POPs tonite so I expect to be home early.

Yours,
Olaf (Pd. Adv)

Harvey Steedsman and Jake Wahl have gone to Denver for the remainder of the winter.

Bob Ganstrom and Walter Shamp have returned to school after an absence of a term.

Professor Bird was a dinner guest at the Delta Sig house Wednesday noon.

The Delta Sigs have been well supplied with cigars during the past week.

Guidon held a pot luck supper Thursday evening in the Beta chapter rooms.

Hilda Groberg, St. Cloud Normal, is a guest of Ruth Whitney this week.

Irvin Hagen and Don Grant have returned to school this term after an absence of a term.

The Newman Club held an informal dancing party in the Powers hotel Friday evening from 8:30 to 11:30. Charles French was in charge of the arrangements. Patrons and patronesses included Mr. and Mrs. Krebesbach, and Mr. and Mrs. J. J. Hannaher.

The Alpha Xi Beta pledge party, which was to have taken place tonight has been postponed to a later date because of the death of one of the pledges, Eleanor Gieseler.

The Education Club of the college held its regular monthly meeting last Tuesday night in the college Y. M. C. A. Initiation services were held, followed by a short business meeting, and refreshments. Miss Lily Anne Thorsell officiated. Plans were made for an Education Club dance to be held in February. The following new members were initiated: Elene Weeks, Edris Probstfield, Lyle Phillips, Beatrice Hilber, Pauline Yuster, Esther Greenshields, Frances Webster and Roberta Henning.

Student Opinion

Mr. Ebony Blott,
Spectrum.

Upon looking over the Dec. 7th issue of the Spectrum, we find a list of so called All College Football players, and we regret that we can not concur in your selection. To prove that yours while not the worst possible selection, is far from the best we have obtained some of the most prominent coaches and football students in the country to choose a truly All College Team for us. If, after considering our selection, you are still so obstinate as to prefer your own, may we suggest that we engage in the only conclusive test, i. e.: a contest between the two teams. For dates and other arrangements we refer you to our manager: Ethel McVeety.

The All College Team follows:

- L. E.—F. C. Householder
- L. T.—H. L. Walster
- L. G.—A. G. Arvold
- C.—Sarge Culpepper
- R. G.—C. A. Gottschalck
- R. T.—I. W. Smith
- R. E.—Dean Bolley
- Q. B.—Doc Putnam
- L. H.—Alfred H. Parrott
- R. H.—George H. Lindstrom
- F. B.—G. J. Ikenberry
- Manager—Ethel McVeety
- Rooter Queen—Frankie Lamb

In defense of their selection the committee wishes to make the following explanations:

If Householder can make the opposition see as many stars as he makes his astronomy class hunt for, he will prove to be an invaluable asset.

H. L. Walster has been assigned the tackle position because of his—well, ask any "Ag" student whether he dares tackle Bow-wow.

To A. G. Arvold we have given the congenial task of attending to all late-comers to football practice.

We have placed Sarge and his stick at center in the interest of peace and harmony. It is his duty to prevent any dissension between members of the team, and, with this end in view, he has assigned the position of greatest friction—between Arvold and Gottschalck

The management was rather seriously perplexed, since there were only ten helmets for eleven players when Gottschalck stepped into the breach, "I much prefer to use my own helmet" said he, "Modern headgear is designed primarily for style, with comfort a poor second. But as for me, give me warm ears, or find another Guard."

In I. W. Smith the team has some one in whom they feel that they may place their trust, and to show the confidence they place in him, they have

named him unanimously as cigarette bearer plenipotentiary and tobacco tender extraordinary for the team.

Look 'em over ladies and gents: Arvold, Walster, I. W. Sarge, and Gottschalck. Saw you ever a more bellicose (no pun intended) aggregation in your life?

At right End you find a light fad man, our old friend Dean Bolley.

At Quarter we have Doc's baton, and—of course—Doc to wield it. Doc says he intends to call signals with his baton and it will also be convenient to whack refractory linemen across the—well it's fortunate that football trousers are thick.

At Half Lindy is given an opportunity to add to his aesthetic experiences. What lover of beauty in the concrete could contemplate unmoved the profession of curves to be found in our line.

After Parrott has compiled the final grades, it should be a relief for him to encounter some large numbers. He is, therefore, unofficial score keeper. He says "We shall count that game lost, which we fail to win by a score of at least one hundred to nothing."

Ikenberry (I can bury) truly that is a combination of syllables to strike terror into the hearts of the bravest. To the awe-inspiring qualities of his name Ikenberry adds a remarkable fleetness of foot and an ability to hit the line hard and frequently. However his aerial game is not so good. He flunks nearly as many as he passes.

After her vast experience in quelling disturbances and near-riots in the library, Ethel McVeety should be well qualified to manage a crowd so that they remain silent while signals are being called.

Frankie Lamb is the most Bostonese Rooter Queen west of the Mississippi. A cheer leader must be able to inspire the rooters to great things in the line of noise making, as well as to instill the fighting spirit. If you are skeptical as to Frankie's qualifications, loiter just outside her classroom as she returns corrected themes. Speaking of fighting spirit!

New Building Improvements Welcome Students Return

As any casual observer has noticed, all work was not discontinued at N. D. S. C. when the students were enjoying their Christmas vacation. While school was pushed in the most remote corner of our minds, Mr. Dick Kraft, college superintendent of buildings and grounds, was busy supervising operations intended to prepare for our return.

Buildings were gone over and repaired; everything was made tidy and orderly; floors were cleaned and varnished; the basketball court was repaired, and the bankboards were painted.

Perhaps the work of most interest centered around the basement of our unfinished dormitory. This has been turned into a gymnasium and athletic rooms. Facilities have been installed for boxing and wrestling. Showers have been made ready. At present, until the proposed building is completed the basement will be put to the most practical use.

St. Nicholas was very generous this season to our institution. A new Ford truck was found in its stocking. This

Quality Comes First—We Have It
Service Comes Next—We Give It

RITZ CAFE
630 First Ave. N.

will be used for carrying express, taking the place of the old one, which, as Mr. Kraft says, "just wore out."

Delta Phi Beta will hold a buffet supper Monday evening in the sorority rooms preceding their weekly meet.
