

Ralph Erickson; Margaret Ballard Lead Military Ball

COMMITTEE HEADS NAMED; RED JACKETS PLAY FOR ANNUAL SCABBARD AND BLADE PARTY; ARMORY TO BE TRANSFORMED INTO BALLROOM SCENE.

Mr. Ralph Erickson, captain of Scabbard and Blade military fraternity has chosen Miss Helen Ballard as his partner in leading the grand march of the annual Military Ball of January 18. Mr. Ben Gorder will be second in line and has not yet chosen his partner.

This dance, one of the most important social functions of the school year, will be staged in the college armory. Milton Pemble, chairman of the decorations committee, has announced that extensive plans are in order to transform the armory into a ballroom of beauty. He added that the military organization is making every effort to put on a party that will far exceed the normal expectations of the student body.

Red Jackets to Play

The Crystal Ballroom Red Jackets, directed by Mike Doty, have been secured to provide the music for the occasion. This orchestra is the most popular one in Fargo if we are to judge from the opinions given us by all of Fargo's dancing clubs. After traveling about the Northwest during the summer months and meeting with success at all points, this band returned to this city and has been engaged by the Crystal Ballroom management. The Red Jackets have won popular approval of Fargo dancing clubs and the large number of private parties on their calendar testifies to their ability to furnish fine music for a party such as the Military Ball. Mr. Erickson, chairman of arrangements, is satisfied that the orchestra will be one of the biggest attractions.

Committee Heads Named

Ben Gorder has been appointed floor manager for the coming event. Chairmen of the various committees are as follows: decorations, Milton Pemble; tickets, Elmer Torkelson; invitations, John Bohlig; music and features, Cecil Kingsley; favors and programs, Bob Adams and Norris Olson; publicity, Roy Landbloom; general chairman, Ralph Erickson.

Features in Store

Although not yet announced, unique and interesting features have been planned and should do much to add to the affair. Past parties have usually been staged in a military setting. Upperclassmen will undoubtedly recall the general themes that have been followed in the way of features and decorations. The spectacular settings coupled with the military uniforms or formal dress as worn by the dancers has always presented a scene that is long remembered.

Tickets will be on sale the latter part of this week or the first of the next. They may be had for the regular price of \$2.50. A minimum number of one-hundred and fifty couples is expected.

Homer and Robert Allison were dinner guests at the Sigma Tau house Thursday noon.

WRITER'S CLUB MET THURSDAY EVENING

The Writer's Club, a recent institution on the campus, held its third meeting last Thursday evening at the home of Edris Probstfeld. This club consists of a group of students from all schools and classes, to whom original writing is vitally significant. Its purpose is to promote interest in original writing.

Although three meetings have been held, no officers have yet been elected. The membership, which is limited to twenty, has not yet reached its capacity. A requirement for choosing of new members is the submitting of a worthwhile manuscript to the faculty advisory committee of the club, which consists of Miss Waldron and Mr. Loos of the English department.

LETTERMAN WILL GIVE DANCE AFTER GAME

At a meeting of the N. D. Letterman's club yesterday afternoon it was decided to give a dance after the Morningside-State basketball game Friday evening of this week in the armory.

If the party is a financial success the Lettermen will continue the practice throughout the winter.

Representatives Attend Annual Press Meeting

Sullivan And Phillips Represent Spectrum At Press Meeting In Sioux City On Jan. 4 & 5

On Thursday morning, January 3, Henry P. Sullivan and Harold F. Phillips, representing the Spectrum, left for Sioux City, Iowa, to attend the North Central Press Conference held at Morningside College on Jan. 4 and 5. Mr. Sullivan is editor-in-chief of this newspaper and Mr. Phillips is business manager.

Arrangements for the annual event were in charge of Harold Johnson, former editor of the Collegian Reporter, Morningside college weekly paper. On Jan. 4 the program included talks by John W. Carey, columnist of The Journal, and by Dr. Frank E. Mossman and R. D. Friend; a business meeting, round table discussions, tour of the city, luncheon, meetings and a basketball game completed the day's events. On Jan. 5 the representatives heard speeches by Joe Ryan, Journal sports editor, Edwin Haakinson, A. F. Allen, editor of The Journal, Marian Leslie, John Kelly and Wallace M. Short, former mayor of Sioux City.

The convention was brought to a close Saturday evening with a banquet at the Martini hotel. Announcement of awards and presentation of prizes were made at that time. The Industrial Collegian of South Dakota State, with George O. Phillips and Gerald Doren as editor and business manager respectively, was named the best all around paper. The Volante of South Dakota University with Bruce Cochran and John McQuillen issuing it secured the trophy given to the paper with the best front page makeup. The Creightonian published the best editorial in the opinion of the judges. It was written by Al Russell, the editor of the paper and vice president of the conference the past year.

Following the banquet a snappy business meeting was held at which time the officers for the following year were elected. Frank E. Pellegrin of the Creightonian was elected president. He is managing editor of the paper at this time and is right in line for the editorship. Henry P. Sullivan of the Spectrum was elected vice-president and John McQuillon of the Volante was elected secretary and treasurer.

The North Central Press Association will meet at Vermilion, South Dakota next year with South Dakota University as host.

Twenty-five students representing Morningside, Creighton University, University of South Dakota, South Dakota State college, and North Dakota State college attended the meeting.

Mr. Sullivan and Mr. Phillips returned late Sunday evening.

Mr. Richard Hackenbarg, last year's editor of The Spectrum, was president of the conference but was unable to attend. In his absence the meeting was called to order by the vice-president.

Al Hermes, Denver, Bill Bina, Bismarck, and Dick Stranahan, Minot, were visitors at the Kappa Phi house during the week end.

\$284,000 Grant Recommended For N. D. State

Funds Will Alleviate Crowded Conditions That Now Exit, When Granted

At a meeting of the state budget board in Bismarck on January 3 it was decided that a recommendation would be made to the state legislature that the sum of \$284,000 be appropriated for needs of this institution. This amount is intended for building purposes and for new equipment.

Of this sum \$95,000 is for a wing to the science hall; a like amount is for a wing to the agricultural building; \$25,000 is for an addition to the power plant; \$50,000 is intended for new power plant equipment and \$19,000 for an addition to the library. An additional amount of \$6,000 was recommended for a swine barn.

The biennial appropriation recommended by the board for general expenses at this college totaled \$1,019,618.19 which is approximately \$200,000 more than that for the last biennium.

If the state legislature consents to approve these recommendations it will greatly aid in doing away with the crowded conditions that the students of the college are working under, college officials stated. The need for more classrooms is acute and many now in use are in need of new heating equipment. Every available room has been turned into a classroom and are filled nearly every hour of the day. The enrollment has been steadily increasing each year making it more and more necessary that extra buildings be erected to take care of the needs of the student body.

Two years ago the state legislature realized the needs for more buildings and improved facilities for handling the increased enrollment. The legislature passed two \$95,000 appropriations for wings on science and agricultural halls. The late Governor Sorlie vetoed these appropriations.

Appropriations totaling \$9,715,837.49 were recommended by the board for state institutions and other needs.

INTERCLASS DEBATES ON FORENSIC PROGRAM

Another step forward in advancing the debate program at North Dakota State will be taken when the teams, representing the four classes, meet in a series of debates on Jan. 9 and 10. Sponsored by the Lincoln Debate club and engineered by Mr. Donald Hay, instructor in public discussion, these debates will be an innovation on the college forensic program.

To link these contests more closely with the actual study of argumentation, the teams will be coached by various members of the fall term public speaking classes. A modern question has been selected for the contests and it states Resolved: That modern advertising is detrimental to the public welfare. On Jan. 9 the freshman team will meet the junior couplet. The freshman group, composed of Karl Gerteis and Joseph Paulsen, will uphold the negative side against the attack of Russell Weiser and another junior. Jan. 10 the sophomores, represented by Carroll Anderson and Cecil Carroll, will oppose the seniors whose hopes rest in the efforts of Harold Fog and Raymond Gregerson. Winners in these contests will meet in the deciding argument about a week later.

It is planned to make inter-class debating an annual activity. Mr. Hay expressed the belief that these debates will arouse the interest of the student body in this forensic art and will provide experienced members for future college teams.

Last Friday evening, January 4, the active members of Theta Chi fraternity were hosts at a party given in the Waldorf Hotel. Dancing was enjoyed between the hours of 8:30 and 11:30. About forty couples attended. Arrangements for the party were in the hands of Keith Allen and George Hays.

Spielman Leads Students In Averages For Eighth Time

PEP RALLY FRIDAY MORNING AT 9:40

A real peppy rally will be held in the armory Friday morning at 9:40, according to an announcement made by Everett J. Wallum, Rooter King, late yesterday afternoon.

"Doc" Putnam will have his band out.

Committees For Charity Ball Are Now Announced

Pan-Hellenic Group Begins Preparations For Formal Party In College Armory February 1

To give proceeds from this season's annual Charity Ball to the Fargo Community Chest Fund is the new plan as adopted by the various committee chairmen in charge of one of North Dakota State's premier social functions. In the past, profits derived from these functions have been given to different charitable organizations in accordance with the purpose for which the Pan-Hellenic Association has staged their parties.

The new plan will effect the approaching 1929 Charity Ball which will be held on February 1. Work involved in organizing the many committees necessary to successfully stage this important party has been completed. No definite plans are yet available for publication though the chairman of the arrangements, Marian Trowbridge, president of the Pan-Hellenic Association, has announced that preparations are progressing towards completion.

The Charity Ball is an annual affair always held during the winter term. It is sponsored by the college Pan-Hellenic Association and supported by every member of the various sororities besides many other women students interested in the affair. Being one of the big events on the school calendar, it is usually attended by about two hundred couples. This year close to two hundred and fifty couples are expected.

A complete list of committees as announced today follows: decorations, Marie Webster, Elsa Simmons, Mary Ellen Parker, Gertrude Elmose, Helga Restved, June Von Sein, Virginia Keen, Esther Boyer, Doris Wilnor, Laura Kingsley, Ethel Smith, Patricia Schilla, Princess Egbert, Treasure Kuel, Marion Schreider, Thelma Nelson, Margaret Zimmerman; invitations and programs, Ruth Whitney, Jayne Sudro, Vivian Johnson; publicity and music, Doris Abel, Bernice Emmons, Margaret Miller; entertainment, Margaret Casselman, Hazel Heald, Dorothea Anderson.

HOPPER WILL SPEAK ON "AG" TO CHEMISTS

Mr. T. H. Hopper will deliver an address at the Chemist's club meeting on Thursday evening, January 10th. As agricultural chemist of the school he will speak on "The Relation of Chemistry to Agriculture."

Following the speech the sophomore section will present a chemical playlet and the junior class will present a musical selection directed by Ole Sand.

A two reel comedy, refreshments and a social hour will bring the meet to a close.

The master archer, none other than Sir Cupid himself, has scored another triumph. The Delta Sigs are the proud possessors of a fine box of stogies presented by none other than the president of the college Y. M. C. A. And the girl is—well, ask Byron Olson.

KAPPA SIGMA CHI WINS FIRST PLACE AMONG SOCIAL FRATERNITIES; ALPHA XI BETA LEADS SORORITIES; GENERAL AVERAGE IS 86.

Leading by one-tenth of a point, Marvin Spielman, senior in the school of chemistry, has chalked up another scholastic success by obtaining the highest individual average for the eighth consecutive time. Since the winter term of 1926, Mr. Spielman has built this remarkable record. His recent fall term average is 95.7 and is closely seconded by Ruth Henning who won an average of 95.6. Hazel Harris was third with 94.7.

A summary of student grades for the fall term of 1928 gives the general institutional average (all regular undergraduates) as exactly 80. Women students secured a lead over the men with an 82.6, to the latter's 78.7.

Senior students succeeded in leading the undergraduates with a general grade of 83.7. The juniors secured an average of 81.5, the sophomores 80.2, and the first year students last, with 77.6.

Alpha Phi Omega, honorary chemistry fraternity, led all student organizations with an average of 89.1. Pi Gamma Mu, national social science honor society, was second with 87.9, and Alpha Zeta, honorary agriculture, followed third with 86.8.

Alpha Xi Beta led the social sororities again with a mark of 86.4. Kappa Sigma Chi was highest among the social fraternities with 85.6.

The Greek letter men and women led the others. The sorority average was 83.6 to the non-sorority women's average of 81.9. Fraternity men secured a 81.8 average as opposed to the 77.4 mark of non-fraternity men.

The School of Education led other schools with an average of 82.4. The School of Home Economics and the School of Mechanic Arts were second and third respectively.

In the high school department the general average was 79.6, the women leading the men.

The ten highest college grades follow: Marvin Spielman, 95.7 Chemistry—Senior; Ruth Henning, 95.6, Education—Senior; Hazel Harris, 94.7, Education—Junior; Sister Scholastica, 93.8, Education—Senior; Callista Berigan, 93.7, Science and Literature—Freshman; Laurel Kingsley, 93.5, Science and Literature—Senior; Amos Van Vorst, 93.3, Chemistry—Sophomore; Karl Gerteis, 93.1, Chemistry and Engineering—Freshman; Francis Ross, 93.0, Home Economics—Junior; Letha Mathieson, 92.9, Education—Junior.

The ten highest high school grades are as follows: Ruth Johnson, 92.1, Senior; Eunice Madsen, 92.0, Junior; Donald Scott, 90.5, Junior; William Watson, 88.6, Senior; William Ostrom, 87.8, Sophomore; Orton Rustad, 87.7, Senior; Prudence Gearey, 87.0, Senior; Raymond Odenbach, 86.8, Special; William Hagerott, 85.3, Senior; Borg-hild Haugen, 85.0, Senior.

Among the student organizations the averages are: Alpha Phi Omega, 89.1; Pi Gamma Mu, 87.9; Alpha Zeta, 86.8; Educational Club, 86.8; Alpha Xi Beta, 86.4; Kappa Delta, 86.1; Kappa Sigma Chi, 85.6; Rho Chi, 85.6; Delta Psi Kappa, 85.5; Phi Upsilon Omicron, 85.5; Edwin Booth Dramatic Club, 85.0; Guidon, 84.9; Sigma Phi Delta, 84.7; Y. M. C. A. cabinet, 84.6; Art Club, 84.1; Bison Staff, 84; Phi Kappa Lambda, 84.0; Sigma Theta, 83.5; Delta Phi Beta, 83.4; Kappa Tau Delta, 83.4; Blue Key, 82.8; Saddle & Siroin, 82.6; Spectrum Staff, 82.5; State College Engineering Society, 82.4; Y. W. C. A. Cabinet, 82.4; Alpha Sigma Tau, 81.5; Women's Athletic Association, 81.4; Chemist's Club, 81.4; Beta Chi, 81.2; Delta Kappa Sigma, 81.1; Gamma Tau Sigma, 81.0; Alpha Gamma Rho, 80.7; Alpha Kappa Phi, 80.6; Phi Omega Pi, 80.3; Atelier Chat Noir, 79.7; Kappa Alpha, 79.1; Scabbard & Blade, 79.0; Student Commission, 77.2; Kappa Psi, 76.9; Theta Chi, 76.1; Pharmacy Club, 75.1; Athletic Team, 76.0.

NEW YEAR'S RESOLUTION

The social event immediately holding the attention of the student body is the approaching Y. M. C. A. and Y. W. C. A. all-college mixer to be held a week from tomorrow evening. Past "Y" mixers brought disappointment to certain members of the boards who felt that the attendance was not what might be expected. They shifted the blame on the shoulders of many of the male guests who are afflicted with the habit of "staggering it." To insure a better time for a larger attendance this fault should be overcome. A New Year's resolution in this regard may well be adopted by all past offenders.

HERE WE ARE!

We are at the beginning of the Winter Term, the period of study in which North Dakota's winter turns our attention in the main to indoor activities. Fresh from a welcomed vacation the students have returned with the realization that they are entering upon an important term's work.

Perhaps no period so encourages study as this we are entering. Being shortest of the school year's three semesters, it induces all to hit a winning pace in the race for high marks. No group will work harder towards this goal than the fraternity and sorority pledges. For the majority of them, this is the important term in which to make the coveted average. If history repeats itself the faculty will tend to make the work more inclusive and success in it more difficult to obtain. Enter into the spirit of labor immediately if your marks would be gratifying and your final success assured.

Confronting us is the basketball season. Our court will soon be the scene of more athletic struggles. Winter Term brings important games, the race for the conference pennant, and the Bison-Nodak clash. Let us take the responsibility of assuring moral and actual support to the team. May the downtown game-dopsters neither have a favorable or unfavorable influence on attendance at the games! Bison Spirit Prevail!

Staff members of the year book must nearly finish their great task of securing a complete record of the school year. Presenting itself is the age-old problem of overcoming the natural inertia of the student body's cooperative spirit. Read between these lines and take to heart the unwritten plea meant for all.

Briefly, we wish to again call attention to existing plans for staging the Bison Brevities before townspeople. The Spectrum feels that the Winter term offers the most suitable time for this action and promises the best possible support. We hope the Bison Brevities program will be staged as planned, on a big scale, and with assurance of being supported in a big way.

Social activities are prominent on the winter calendar. Of special importance are the annual Military and Charity Balls. Old students will not miss these parties and newcomers are assured of their splendor and popularity. The problem of Cadet Hops is still before us and need not be reviewed here. The will of the student body in this connection will be the final solution.

We should also mention the possibilities at hand in hockey, dramatics, debates, and music, this list certainly omitting many activities offered by the different schools and departments.

Above are seen the opportunities for work and enjoyment lying before us. They alone should voice encouragement for a spirited send-off of every individual. May your enthusiasm for it all soar as the mercury sinks. Winter Term, we are here!

THE FARGO JEWELRY MANUFACTURING CO.
2 1-2 Broadway Fargo, N. D.

Among Our Contemporaries

An antique Grand piano, one of the first manufactured in the United States, has been donated to the University of North Dakota museum by the Poppler Piano company of Grand Forks.

A former Creighton student and Omahan, Andrew Jackson Smith, of Chicago, made a present of two lots estimated to be worth five thousand dollars to Creighton University. Just a short time ago we read of the offer made to the University of North Dakota by an alumnus, the offered gift amounting to \$40,000. If the state legislature acts unfavorably on the state budget board's recommendations it will take more than one good hearted alumnus to provide room for our overflowing student body.

To interest more college students in aviation, the Alexander Aircraft Company at Colorado Springs offers a new Alexander Eaglerock Airplane or a complete University Course in aeronautics for the best series of four monthly articles on aviation from January 1 to May 1, 1929 written by undergraduate of college students. Here is a chance for some of you engineers. N. D. S. C. could use a second Lindy.

The girls' athletic program at the Montana State College includes a swimming meet known as the water carnival.

South Dakota State possesses a women's rifle team. Interest in this activity is great, one hundred and fifty coeds having entered the recent try-outs for places on the team.

In obedience to the adage that women would rather talk than do anything else, Washington Square College provides an extra-curricular activity, Co-ed Debate, where a woman can talk to her heart's content.

TIFFANY MALE QUARTET SINGS HERE ON FRIDAY

On January 11 the student body will hear the well-known Tiffany Male Quartet on the first regular convocation program of the winter term. This musical organization is backed by the University of Minnesota Extension Service and has been traveling about the Northwest to fulfill regular Lyceum program engagements. Besides appearing before the student body the group will head other local musi-

cal programs on that date.

Efforts are being made to secure the services of Dean Davemport of the University of Illinois for a lecture engagement on January 18. It is quite definitely settled that he will be present on that date to speak on some phase of Agriculture. This program will be in charge of Dean Walster of this college.

On February 8 a noted Hindu speaker will fill the convocation program. Chandra Dharma Sena Gooneratne is traveling for the Harry & Arthur Gulbertson Lecture Bureau of Chicago. He is an East Indian and will speak to us about the country of India. Clarence Darrow says of Mr. Chandra; "He is clever, witty, well-posted, and a good speaker. I am sure

that any audience will be delighted with his address. He is thoroughly informed about a country whose manners, customs, religion and way of life are comparatively new to Americans."

Dean Minard stated that he intended to secure talent for about one convocation a week. "I plan to make the convocation program most extensive during the winter term" he stated, as it is easier to get good attendances and the general interest in the programs is greater."

The Education Club held initiation services Tuesday evening at 7:30 in the College Y. M. C. A.

BENJAMIN HARRISON sat in the White House Chair at Washington when North Dakota Agricultural College selected its site, built its first building, and moved in. That was just 38 years ago, or 1890.

Since then the voters elected Grover Cleveland (second term), William McKinley, Theodore Roosevelt, William Howard Taft, Thomas Woodrow Wilson, Warren G. Harding, Calvin Coolidge, and Herbert Hoover, president-elect.

With each succeeding president of the United States the country has made progress. And likewise the college with each succeeding year has progressed.

Write for booklet which tells all about the opportunities the college offers.

We won't have to take examinations anymore. Cold feet brings the flu, and the coming of exams brings cold feet.

Influenza may be a Spanish disease, but it's Greek to the doctors.

They never have contagious diseases at the University of Edinburgh. Those Scots won't give anything.

We'd rather have the flu than take exams anyway. You can at least get a high mark on your thermometer from flu.

And we'd rather lie in a crib than make one.

The influenza germ may be a plant, but it sure isn't a square root.

Red nosed men didn't catch the flu. Plants have got to be watered.

The flu plant germs hit the colleges where they could be cultivated.

Our idea of an ideal married life is a deaf man wedded to a woman with lockjaw.

After viewing some of these traveling vaudeville acts, we now know what is meant by the hoof and mouth disease.

A ringworm is a fellow proposing to his girl.

Judging from the styles, if our coeds had water on the knee, there'd be lots of ice on the campus.

It's funny they never call off exams for an epidemic of buck fever.

Too bad the epidemic wasn't small pox, so all the students could get marks.

Our idea of a pathetic picture is a kid with whooping cough smoking Old Golds.

Bison Encounter Stiff Opposition On Invasion

Meager Guarantees
Handicap State Men

The Bison Basketball team returned to Fargo after a barnstorming trip through the states of Illinois and Minnesota. The Bison met some of the leading schools while on the trip and came out on the short end of the score in a majority of the games. The strongest contenders that the Bison met were Lombard, Bradley Polytechnic, Millikin and Illinois Wesleyan. Strong independent teams set the Bison back, the Masonic team in Rockford and the Austin American Legion both having powerful teams.

In an interview with Coach Saalwaechter he said that the Bison would offer no alibis concerning the trip. He said that all teams met were not setups in any respect and that the Bison had not expected to win every contest when the team left in December. The guarantees were so low in many schools that the athletic office was forced to schedule game after game in order to pay expenses. The main fault in the Bison string of defeats was poor shooting which was natural as so many different conditions found on the trip would not allow the Bison quint to acclimate itself, after only two weeks of practice.

The trip was a success in that the squad met with all kinds of offenses and defenses with which the Bison were unable to score consistently.

The Bison open the North Central card of the armory floor January 11 with the Morningside Maroons of Sioux City as the opponent.

The Rifle squad has been working out in the gallery under the direction of Lt. Ross.

Fifty applicants have been shooting holes in the targets and armory—some good and some bad, but all fair. Among the freshmen who have turned in some good cards are H. Griffin, Don Forman, A. C. Piper, E. C. Schwenk, Hal Krieger.

With fifty-seven matches scheduled and more prospective ones coming up, Lt. Ross declared that a fine season seemed assured.

Boxing Scheduled
At 4 P. M. Daily

Boxing instructor of the 84 division of the United States Army; instructor at Camp Sherman, Ohio, at which time the 40, 3, 10, 19, and 2 infantry regiments were stationed; instructor at the infantry schools for officers at Fort Benning, Ga.; instructor of the American forces in China, at which time his boxing squad held the boxing championship of the Orient. The defeated squads were British, French, Italian, Japanese and the American Army and Navy.

Instructor of Jiu Jitsu and Hand to Hand fighting in the National Police School at Camp Perry, Ohio and his last point of instruction before coming to North Dakota State was the 17 infantry stationed near Omaha, Nebraska.

The gentleman in question is Lt. Fay Smith whose boxing classes began yesterday at 4:00 in the Indoor

gymnasium, in the new dormitory basement.

There will be seven classes which will engage in an elimination tournament after instruction by Lt. Smith. The seven classes are heavyweight, over 175; light heavy, 160 to 175; middleweight, 147-160; welterweight, 135-147; lightweight, 125-135; featherweight, 112-118; and featherweight under 112.

The winners of the tournament will in all probability form the varsity squad and meets may be scheduled with Minnesota and other schools having the sport.

The boxing instruction will include training for football men which course in other Universities is compulsory. Large Universities compel

football men to participate in wrestling and boxing; however, nothing definite to the stand of the athletic department could be learned although it is thought that all football men will be required to attend the classes which will meet at 4 every afternoon except Saturday and Sunday.

Don Andrist spent the week end at the Sigma Tau house.

Lights
that Fill
the
Skies with Commerce

THE air map of America is now in the making—on the ground.

Ten years ago, there were 218 miles of air mail routes with two station stops; to-day, a network of sky roads bridges the country from the Atlantic to the Pacific and from Canada to the Gulf of Mexico.

Can you imagine this growth without electricity—without illuminated airports—without trunk lines studded with electric beacons?

Men of vision are building for increasing traffic of the air. Soon, the skies will be filled with commerce.

Just as electricity is helping to conquer the air, the land, and the sea to-day, so to-morrow it will lead to greater accomplishments in aviation and in every human activity.

A majority of the beacon lights used in airport and airway illumination have been designed and manufactured by the General Electric Company, whose specialists have the benefit of a generation's experience in the solution of lighting problems.

BUSINESS EDUCATION

A business education is a practical education that prepares one for every-day living. It gives the training necessary for entrance into the business world where the demand for trained workers is much greater than the supply. The business world pays a salary twelve months out of the year with two weeks' vacation on full pay. Hon. W. T. Harris, Ex-Commissioner of Education, said, "Without a thorough and practical commercial education, a man is like a ship at sea without a compass or rudder."

Take your course in business training in an accredited school. Call or write for particulars.

Pan-Hellenic Takes In Delta Psi Kappa

Delta Psi Kappa, national honorary woman's physical educational fraternity, has been elected to professional Pan-Hellenic, according to information received by the local chapter at this college. The Pan-Hellenic conference was held in New York City the first part of December. Delta Psi Kappa was represented by Kathleen Norris of Oklahoma City.

Pi Chapter was installed on this campus June 6, 1927 by Dorothy Severance. The chapter has been active on the campus, sponsoring last year two tea dansants, a benefit bridge, a Founder's Day and a Senior banquet. This year their float was given honorable mention at Homecoming. Officers of the local chapter are: Evelyn Blakeslee, president; Grace Sjoldal, vice-president; Hazel Heald, secretary; and Ruth Henning, treasurer. Patronesses of the organization are Misses Frances Bailey and Dorothy Hatch and Mrs. C. C. Finnegan.

On Saturday, Jan. 12, at 2:30 in Ceres Hall parlors this sorority will give a benefit bridge.

There will be a meeting of the Pan-Hellenic Council Thursday noon at 12:00 in Ceres Hall.

THREE PARTIES WILL BE GIVEN THIS WEEK-END

At least three parties are scheduled for the week end social program. On Friday the pledges of Kappa Delta Sorority will be hosts to the actives and their friends at an informal dancing party to be given between the hours of 8:30 and 11:30. Miss Betty Stone is general chairman of arrangements.

On the same night the Alpha Xi Beta sorority will hold a dancing party at the Powers hotel. The committees and features have not been announced.

On the night of January 12 the student body will be guests of the two "Y" boards at an all-college mixer to be given in the college armory. This is the annual winter term party as put on by the latter organizations.

GEORGE BAKER SPEAKS BEFORE CANADIANS

George Baker, vice chairman of the animal husbandry department in the school of Agriculture and secretary of the North Dakota Livestock Breeders' Association was at Brandon, Manitoba last week, where he spoke before the Manitoba Livestock breeder's association. In commenting on the meeting Mr. Baker spoke very highly of the work they are carrying on in Canada and stated that many of their plans could be used to an advantage in North Dakota.

There was a meeting of the new Women's Senate Wednesday at 4:00 in the Green Room.

NOW "COLLEGE" BARBER SHOP

The barber shop situated on the corner just south of the main gate has changed its name from A.C. Barber Shop to College Barber Shop. For 14 years this shop was known to students as the A.C. Barber Shop, but Mr. Oscar Olson, the proprietor, decided to follow the new custom of the State College, and therefore he changed the name of his shop to "College Barber Shop."
