

'Old Grad' Band To Be Featured At Homecoming

All Alumni Who Have Ever Played In One Of Doc's Bands Invited To Play

Organization of a North Dakota Agricultural College Alumni band, to be made up of members who have played in A.C. organizations during the 25 years that there has been a band at the college, will be a feature of the annual homecoming, to be held Oct. 27, it was announced Saturday by Dr. C. S. Putnam, head of the music department.

This organization will mark the 25th anniversary of Dr. Putnam's association with the college. A band had been organized the year before his arrival that played at the homecoming game that year.

Old Bandmen Notified

Dr. Putnam is getting in touch with about 100 old bandmen right in this locality who are able to get in for the big day, but there are many more whose addresses are not available and who are so far away that they are out of the question. Dr. Putnam hopes that everyone of this last type will come without an invitation, if it be at all possible.

There are four members of Dr. Putnam's first band within the immediate section, who probably will be in the 25th anniversary band. They are John Swenson, the first drum major, Aneta, who is a regular attendant at A.C. homecomings; Redge Thorn, Milnor, N.D.; Gerald Evans, 1416 Fourth ave. N. Fargo, also a drummer; and Birger Vold, Ulen, Minn., who played a clarinet.

Music to be played will be that which the "boys" were familiar with a quarter of a century ago.

Parade Main Event

The parade, which will have floats from every organization and school on the campus, will be the main event of the Saturday morning program, leaving the campus in time to meet the special train from Grand Forks, which will bring students from the University of North Dakota to Fargo for the game between the university and the A.C. There will be a band from the university, which will join the parade, and play during the afternoon.

A pep rally, which will include a huge bonfire, will open homecoming festivities Friday night. Later students will visit the downtown sections, following a tradition of homecoming activities.

Professor Homer Huntoon, head of the architectural department, will be chairman of the committee which will judge floats and window displays. Merchants will decorate their windows for the event, the best to receive a prize donated by the alumni association. The best float will receive a cup.

Traveling Cup Offered

A new traveling cup, to be won three consecutive times for ownership, will be given for the best group costumes. The best individual costume act will be awarded a prize of \$10 and a gold medal. Second prize will be a silver medal and third prize a bronze medal.

In judging the competitive entries in the parade, conception of idea, fitness to occasion and solution of idea will be taken into consideration.

The football game begins at 2 p.m.

BISON-SPECTRUM OFFICE SECURES NEW EQUIPMENT

The staff members of the Bison and the Spectrum are the proud users of three new swivel chairs, six more chairs and a large new table.

The board of publications approved the purchase of the swivel chairs at their recent meeting, and Dick Kraft, our congenial commissioner of campus, was induced to donate the chairs and table.

First Cadet Hop Is Thursday Afternoon

The first cadet hop of the new school year at the North Dakota Agricultural college will be held at 4 p.m. Thursday in the college armory. These affairs, which are sponsored by Scabbard and Blade, military fraternity, will be held weekly until the beginning of basketball season and are open to all students.

At the first meeting of Scabbard and Blade Wednesday honorary members will be initiated and sponsors of platoons will be voted on by all officers of the battalions.

ENGINEERS WILL ENTERTAIN FROSH

The College Engineer's Club extends a welcome to all freshmen engineers to attend the program and smoker to be given in their honor in room 22, Engineering building, Thursday night, Oct. 18 at 8 o'clock.

This is a chance for the freshmen to become acquainted with the upper classes as well as familiarizing them with the club and the school. The department heads will make brief addresses and a welcome greeting will be extended to all those who came. Leave it to the Engineers!

Dr. E. P. Robertson, president of Wesley College, spoke at convocation Monday morning.

Art Department Is Collecting Old Costumes

Arlene Burt of Spectrum Staff Interviews Misses Hatch and Elliott Regarding Them

"If the modern girl has less skirt than her grandmother, she at least has more hat" is a fact revealed by a casual visit to the art studio presided over by Miss Dorothy Hatch and Miss Nancy Elliott.

"Looks like the costume design class is making practical applications of their work by dressing dolls", we observed as we approached a table on which were demonstrated several hats even smaller than the green lids the Frosh are freezing their ears in. "Oh indeed not," protested Miss Elliott. "These hats were actually worn between 30 and 70 years ago."

"But you don't mean to tell me their heads weren't any larger than that!" we insisted, picking up a cream colored evening hat trimmed with tiny aigrettes, feathers and jeweled ornaments which had a crown that actually was about one inch high and not more than two across.

"They didn't wear them as we do," Miss Elliott laughingly explained. (Continued on page four)

All College Party Saturday Evening

On Saturday evening of this week the college Y.M.C.A. and Y.W.C.A. will sponsor the first all college party of the school year.

The armory, where it is to be held, will be decorated with a harvest festival idea in mind, using corn stalks and pumpkins to bring out the desired effect. Incidentally, cider will be served.

Henry Presler and his Vagabonds will play for the dance which will start at 8:30 and last until 11:30.

The chaperones already named are Mrs. Williams and Prof. and Mrs. I. W. Smith.

DISCUSSION CLASSES WILL START AT "Y"

On Thursday evening of this week the first of a series of round-table discussions will start at the college Y.M.C.A. Dr. W. C. Hunter has charge of the freshmen and Dr. Airheart, the upperclassmen.

The topic will be "The College Purpose." These meetings will not be in the form of lectures but sort of a continuation of the freshman orientation program where the freshmen may get together and discuss their troubles.

It is planned that these meetings will be held every Thursday evening from 7 to 8 p.m. in the college "Y" during the fall term.

New Faculty Members Are To Be Entertained

Members of the faculty of the North Dakota Agricultural college who became affiliated with the school this year will be guests of honor at a reception to be given in the parlors of Ceres hall Friday evening by the Woman's club of the college. The faculty reception sponsored by the club is an annual affair and marks the resumption of activities of the group following the summer respite. The club has monthly social gatherings from October to May and its membership is limited to the wives of the faculty members of the school and to the women members of the faculty.

Miss Frances Lamb is general chairman for the opening party and arrangements are being made for the entertainment of about 200 guests. Mrs. H. L. Bolley is chairman of the reception committee; Miss Christine Finlayson, dining room and Mrs. S. W. Hooper, kitchen. Others who are assisting with the party arrangements are Mmes. W. E. Brentzell, Donald Hay, E. E. Kelsey, A. F. Schalk, J. R. Dice, C. A. Gottschalk, C. F. Monroe, E. G. Booth, Harry Rush, W. C. Palmer and F. S. Ross and Misses Pauline Reynolds, Letitia Jones, Eloise Waldron and Astri Frisak.

CONGRATULATIONS, PLEDGES!

Approximately 175 young men and women have recently been pledged to North Dakota State fraternities and sororities. The Spectrum at this time congratulates them.

But on the other hand a word of caution is very appropriate. The editor of the Volante of South Dakota University very ably says:

"Do not think for a minute, freshmen who have been given the honor of being a Greek pledge, that you are a bit better than the boy or girl who sits next to you in your French class, or the boy or girl whom you rode to school with on the train, and maybe thought of rooming with, who does not have a button on his coat lapel, or an emblem on her dress. Maybe they had a chance to join but refused. You do not know, and it is not your business to know. Just because a lady has seen fit to live her life without a husband, or a man has taken it upon himself to cook his own meals, is no sign that they never had a chance to do differently. They probably had chances and refused. Yet those same men and women have made history. Thus it is in this University where everyone knows what size shirt you wear or whether or not you look well in "red or blue," and know your every characteristic. That same boy, ten years from now, may be the banker from whom you wish to "float a loan," or he may be the doctor of whom you have come to seek advice as to the illness of your wife or children. It can be many things, but those are just examples. Fraternities produce good men, fine men. Sororities produce splendid women, women with character and ability. The "barb" world produces the same kind of men and women. Some Greeks turn out to be "myths" and "foul balls"; some of the "barbs" do too.

"So, keep your balance, newly pledged frosh. Don't let the weight of your head become so great that the boys will have to start trimming you down from the "other end." You will be a far greater asset to your fraternity and sorority, and you will live to be better men and women because of it. This is your first year, give yourself a good start. Many have had the same start, but have failed. The result—IT WENT TO THEIR HEADS.

THE SPECTRUM DROP BOX

This is your paper and accordingly we feel that it is your duty to turn in a news item whenever you happen to know of one. Jot it down and bring it around to the Bison-Spectrum office. Incidentally this office is located in the basement of old main.

Every day some one tells us they were down to see us, but we weren't there. We attend our classes occasionally. To meet these emergencies, there is a drop box in the lobby on the wall just before entering the post office. Put your story in there after you have signed it and it will reach its destination.

Regarding the signing of these stories; your name will not be published but neither will the story unless we know of its source.

All "student opinion" stories will carry the initials of the author. What is the matter with the student body? Have you no "opinions" or a mind of your own? We have asked for material for our "student opinion" column several times and not a one has appeared up-to-date. Let's have some.

SMITH VS. HOOVER

One of the most pertinent criticisms of democracy is the failure of the educated man to interest himself in politics. So it is with much commendation that we view the recent organization of a student Hoover-Curtis club.

Here is the finest indication of an awakening regard for the vital needs of our nation. The thought that our presumably frivolous collegians exhibit such active and intelligent concern about the coming presidential election should make many of our critics about-face.

Yet in reality the work is only begun. We have an organization for one party; we need another to support the opposition. The nearly passive action of joining these groups, though indicative of an excellent trend of mind, can only be effective if it acts as the stimulus to real thought upon the subject. Under the guiding influence of these organizations informal discussion, investigation, and debate will bring out the true needs of this country—and give each one of us a lasting realization of his obligation as a citizen to concern himself with politics.

Just Comment

WISE and OTHERWISE

By Henry Presler

IN PAST years many students have advocated a change in the name of this college to read: "North Dakota State College of Agriculture and Mechanic Arts." The Spectrum in the past has also advocated such a revision. The attitude which the Spectrum intends to take on this issue this year is similar to that entertained by Mr. Richard Hackenberg, editor of the 1927-1928 paper. In the June 1, 1928 issue he says: "There is no doubt a question in the minds of many why The Spectrum did not take up the annual cry for a change in the name of the college this year. The answer lies in the fact that during the past year the college was trying hard appropriations from a legislature composed of agriculturalists who do not quite understand the situation here. Rather than antagonize that body by crying for a new name to supplant the "North Dakota Agricultural College" cognomen. The Spectrum deemed it necessary to have a college before the name and, since the appropriations were needed before the college could expand, the latter received the greater amount of interest. It is hoped, however, that the students will never lose interest in changing the name to "North Dakota State College of Agriculture and Mechanic Arts." For the reasons stated above the editors believe that we are not yet ready for a change of name. Nevertheless the Spectrum definitely stands in favor of the different name and intends to keep the matter in front of the students and the public by use of the desired appellation in its news articles.

WE CANNOT feel too proud of the football team representing this college, a team that recently held a Big Ten team of championship possibilities to a 13 to 7 score. A passing tribute is sufficient for it reflects a feeling that is expressed in a much larger way in the minds and hearts of the Bison.

FRESHMAN HAZING has definitely started. There are still a large number of first year men who have not entered into the spirit of the period. May the Sophomores live and prosper.

ABOUT TWO hundred freshmen attended the mixed party given by the college "Y". The president of that organization said that it was one of the best attended social functions that the Y.M.C.A. and Y.W.C.A. has ever staged. All freshmen seemed of the opinion that it was one of the best parties.

ATTENTION should be called to the first all-college dance of the season to be held in the armory this coming Saturday evening. It is the annual "Y" harvest festival sponsored by the college christian associations. The success of those of the past insures a large attendance and a good time.

AND THEN there is the first Cadet Hop this Thursday afternoon from four to six.

RUSH WEEKS being over, school will begin.

BETAS ENTERTAIN IN HONOR OF PLEDGES

In honor of their twelve new pledges, the members of the Delta Phi Beta sorority entertained the pledges and two active members from each of the other campus organizations, at tea Sunday afternoon in their rooms at the college "Y".

Senior members of Delta Phi Beta presided at the tea tables.

Misses Genevieve Boise and Margaret Richardson were in general charge, with Audrey Miller, Jessie McLachin and Mary Ellen Parker as chairmen of the various committees.

Dean Bales entertained pledges of Alpha Xi Beta sorority at Sunday night supper, October 14th at the Practice House. Minnie Fillmert, Ethel Smith and Alice Peterson, Alpha Xi Beta actives are making their home at the practice house this term.

Frosh rules and regulations not printed in last Friday's Spectrum are: Keep a stiff upper lip, even if you have to chew snuse, or raise a mustache.

If you can't find any wood, use your head.

Don't let anyone tell you that Bull Durham is a bum steer.

Use the special gate—you already have a special gait.

The cutting of classes, capers or teeth is a serious offense, and is punishable by taking away your marbles.

If you must do any painting on the campus, try improving the frosh co-eds.

Insulate the space between the bottom of your trousers and the top of your gun metal bluchers with beaver board.

If you get angry at the sophs, don't let the blood run to your head. Your head is not used to have anything rush to it, and we will not be responsible for what may ensue.

If you can't grasp a joke, catch on to yourself.

If you want to do anything for the weak-end, study.

Don't bite your fingernails,—keep your ideas at your finger tips, not your food.

You will have no trouble making both ends meet when you bend for your paddling.

Don't hiccup. A frosh shouldn't bring up anything unless spoken to.

Don't be conceited. Learn how to spell the word first.

If you shrink from water, bathe your feet.

If you feel like raising a little dickens, chin yourself.

You may be green, but you are ripe for discipline.

If the actions of the sophs burn you up, remember that you can't smoke on the campus.

You frosh rubbernecks are stretching things too far.

Every red-haired frosh must either shave his mustache or be given aid for a nose bleed.

Frosh who feel injured have always got a kick coming.

Don't call a sophomore a coward just because he hits you when your back is turned.

If you are itching to get even with someone, take off your flannels.

State Varsity Is Beaten At Madison Saturday

Bison Yearlings Lose At Grand Forks, 13-0

Madison Varsity Deals Out 13-7 Score to Bison Warriors; Frosh Beaten by Misplays.

Both Football teams representing the North Dakota State College were defeated Saturday; the Bison Varsity losing to the University of Wisconsin at Madison, 13 to 7 and the State College Frosh losing to the University of North Dakota Yearlings, 13 to 0 at Grand Forks.

The Bison Varsity gained a seven point lead in the first half of its contest with the Badger reserves when Leo May crashed over the line to score the lone Bison counter and Elmer "Chief" Pariseau kicked goal for the extra point.

In the second half the Wisconsin Varsity was sent in by Coach Thistlewaite to score the winning marker after the Badger reserves had tied the score in the third period.

The starting lineup employed by Coaches Borleske and Finnegan is as follows: Babcock, le; Sullivan, lt; Moe, lg; Ordahl, c; Barney, rg; Blair, rt; Hilts, re; Gergen, qb; Blakeslee and Pariseau, hbs; and May, fb.

Frosh Lose First Nodak - Bison Game

The North Dakota Yearlings defeated the Bison Frosh in the first of their two scheduled football contests Saturday, 13 to 0. The Nodaks began with a rush and fire that took advantage of all the Bison misplays, particularly a misjudged punt early in the first quarter which gave the winners the ball on the Bison eight yard line. John Burma crashed over for the first counter after two attempts by himself had failed to put the ball over the line.

The Nodaks superiority lay in the forward wall. The Bison were outweighed and as the backfields were equal this gave the Nodaks the ad-

vantage that won the game. Burma made the second University counter on the first play in the second period crashing through the line for 25 yards and kicking goal for the extra point.

The Bison had a chance to score when Jim "Tiny" Law broke through the line to block one of Burma's punts. Law picked up the ball and ran for the University's goal line but was pulled down from the rear 24 yards from his selected destination.

The play of Jack Fischer, George Fairhead and Sam Westgate in the backfield was outstanding in the Bison play. Willie Folandorf and Stanley Raymond were strong men in the yearling line with Secora appearing to be one of the defensive stars.

The return game will be played on Dacotah field November 3.

Cy Lonbrough, the Bison half, was injured on the first play and was forced to leave the field.

BUSINESS EDUCATION

A business education is a practical education that prepares one for every-day living. It gives the training necessary for entrance into the business world where the demand for trained workers is much greater than the supply. The business world pays a salary twelve months out of the year with two weeks' vacation on full pay.

Hon. W. T. Harris, Ex-Commissioner of Education, said, "Without a thorough and practical commercial education, a man is like a ship at sea without a compass or rudder."

"They merely sat them on top of the 'Psyche knots' in vogue at that time."

We picked up a tiny black lace and flower creation and observed that they evidently wore shoulder corsages then too, but Miss Elliott explained it was the last word in afternoon hats. The idea of the correct thing for sport wear was a model in black and red velvet which looks exactly like a miniature of one of our afternoon "picture" hats.

The hats—about ten of them—are part of a collection donated to the apartment by Mrs. Nellie Strohmeier and were worn by her mother, Mrs. V. Backer. There is a tiny black parasol and a number of gowns in the collection—all very good examples of the period with wasp waists and puffy sleeves.

The collection will serve as a nucleus around which to build a permanent wardrobe of historical costume, according to Miss Hatch. They will be used as laboratory material for costume classes.

The collection will be on exhibit all this week in the art studio of Science Hall.
