

Humorous Floats Will Be Features Of Homecoming

Reserved Seats For The Nodak-Bison Game Are Selling Rapidly

Saturday, October 27th is the date set for Homecoming this year when the University will come down and lock horns with the Bison before an audience of 10,000 people.

T. W. Thordarson, alumni secretary, reports following a week's tour over the state that "there is more enthusiasm found throughout the state than ever before in the history of this institution."

Coming Via Aeroplane

Enthusiasts from Mandan and Bismarck are planning on special pullmans to bring them to the gala event, while Minot football fans and former N. D. S. C. students are going to outdo them by chartering airplanes to bring them here. Grand Forks will have a special train which will carry the Flickertails as well as a large group of Bison boosters.

The program is really a two day affair as on Friday evening the student body and the alumni who are already here will hold a big mass meeting and pep rally in the armory. Following this they will adjourn to the North side of the armory for the big bonfire and then march downtown in a group provoking the Fargo sleepers and police department.

Humorous Parade

The long humorous parade will start the program on Saturday morning at 10 a. m. Differing from one in the past, all floats are to be of a comical nature this year.

Each organization will enter a float, a group costumed in some comical manner and a clown. This will make the parade the largest and best ever staged at any Northwest homecoming.

The organization having the best float will secure the large traveling loving cup which has been won twice by the Theta Chi fraternity.

A new traveling cup has been purchased by the alumni association for the best group of costumes. This cup will have to be won three successive times for ownership.

The best individual costume in the parade will be awarded a medal and a ten dollar gold piece. Second prize is a silver medal and third, a bronze medal.

Professor Huntoon, head of the department of Architecture, has accepted the chairmanship of the committee on rules, regulations and judging of the various entries of the parade.

Bison Barbecue

A well fattened buffalo from the Rockies will be barbecued and handed out between slices of bread at the entrance to the football field along with home brew coffee, apples and cigars.

The state championship football game starts at 2 p. m. While Mr. Thordarson was out over the state he appointed a committee in all of the larger towns to handle the ticket sales and he has now sent out over 150 tickets and within a week he expects that there will not be any reserved seats available. All students who have friends coming in for the occasion should secure tickets for them at once.

The annual alumni banquet will be held in the Lincoln Log Cabin this year with a strictly alumni dance on the second floor following the banquet. The big collegiate dance will be held in the armory as in the past.

One of the new features of homecoming this year will be the decoration of campus buildings, lamp posts, gates, etc., with brilliant night illumination of the campus on Friday and Saturday nights, to express a welcome to our returning former students.

Marie Webster is to spend the week end at Cooperstown, N. Dak., as a guest of Robina Wylder, '28, who is teaching there.

Wing On Old Main Is Now Completed

The two principal campus improvements that have taken place at the North Dakota Agricultural college this summer include a new wing to Administration building and the remodeling of the interior of Ceres hall.

In the Administration building, the Registrar's office has been made more convenient for the students, and a suite of rooms has been provided for the Dean of women. A large waiting room has been provided for students and the visitors at the college. Additional space has been provided for the public discussion department, and more room will be available for the custodian of the college grounds and buildings.

In Ceres hall, the dining room has been reorganized and redecorated. To take care of the needs of increased enrollment, more space has been taken from the old boys' dormitory and converted into class rooms.

HOMECOMING HAS BEEN WIDELY ADVERTISED

The alumni secretary's office can probably lay claim to the honor of being the busiest place on the campus for the past month and from now on until homecoming.

In advertising Homecoming for October 27th they mailed out 1500 letters to students just before they returned to school containing posters for the event; over 2500 personal letters to graduates inclosing posters; posters have been sent to every railroad station in North Dakota and Western Minnesota; and all principal high schools and hotels in the state have received posters. 2000 more posters were mailed out to "key alumni" for posting and distribution.

On top of all of this advertising they have had the usual run of correspondence which is considerably larger now than at any other time of the year.

FRESHMAN JAMBOREE AT COLLEGE Y SATURDAY

Saturday night will see gay festivities at the College Y. M. C. A., at which time the youthful class of the campus will gather for a night of carnival, fun and frolic. "The County Fair," as the party is known, will carry out many of the typical features of that "farm festival" and, the committee assures a number of entirely new features which promise to be of unusual interest and entertainment.

An honest-to-goodness carnival with refreshment stands and "skin games" galore, exhibits, a grandstand performance with races and a special vaudeville program put on by the various fraternities are among the list of attractions.

Calisthenics Is Now Required At N. D. State

Dormitory Basement Is Being Equipped To Accommodate Classes This Winter

Several crews of men have been working East of Dacotah field since the opening of school laying a heat and water main over to the dormitory basement and building a roof over the structure that was never completed.

This basement will be equipped with a cinder track and a battery of showers and will be used for the instruction of the physical education classes.

Up-to-date the classes have been working-out, out-of-doors, whenever the weather so permits, but this has been unsatisfactory because of no place for the men to change clothes.

The work in the new "make-shift" physical education building will consist mostly of calisthenics, relays and running. All of the classes are organized into small sections, so that each student will secure a certain amount

(Continued on page four)

Rules And Regulations For Freshman To Be Enforced

"Old Mill" Runs 1000 Protein Tests

Approximately 1000 samples of wheat were tested for protein content this season at the "Old Mill" laboratory, according to C. E. Mangels, cereal chemist, North Dakota Agricultural college. These samples have been sent in by the county agents of North Dakota. A report of the protein content is sent back to the county agents, who in turn report the results to the farmers from whom the samples were obtained.

The baking laboratory of the mill department has been temporarily converted into a moisture and grain grading laboratory. This laboratory is being used in connection with the work on combine harvesters which is being conducted cooperatively by the North Dakota Experiment station and the United States department of agriculture. The bureau of agricultural economics has installed for use in this work the very latest type of moisture testing equipment. Excess moisture is the principal hazard in combining grain. So moisture test experiments are being conducted to find the proper time and methods of combine harvesting.

During the past month more than 1000, or as many as 90 per day, samples of combined grain have been tested for moisture content. The moisture testing work has been in charge of E. G. Boerner and Harold E. Earp of the bureau of agricultural economics, United States department of agriculture. Marvin Spielman, student in the local school of chemistry, has been assisting Mr. Earp in the moisture content survey, which will continue up to Oct. 1. Flax will be the type of grain worked on last.

Mr. Mangels has been aided in conducting the protein content survey by T. Sanderson, miller, and Arthur Walde, student in the school of chemistry.

Green Caps Will Be In Vogue From Now Until Homecoming Time

Hazing, as it is commonly termed, will start in earnest at 8 o'clock Monday morning.

It has been delayed until this date to create a better spirit on the campus and allow the freshmen class to get settled and get their bearings.

The rules that will be enforced are not made for the embarrassment of the freshmen class, but to initiate them into the spirit of the school.

The Student Commission has drawn up the following set of rules which are to be strictly adhered to by the freshman class and enforced by the sophomore class with the assistance of the Letterman's Club, and the Blue Key service fraternity.

The itemized rules for the frosh are as follows:

1. All freshmen, without exception, must wear green caps from 7:00 a. m. to 6:00 p. m. If you haven't purchased yours, get it at the bookstore at once.
2. All freshmen shall enter and leave the campus through the special freshman gate at the south walk on 12th avenue and 12th street.
3. No letters from other schools are to be worn.
4. Attend ALL convocations.
5. Learn the school song.
6. NO cutting of classes.
7. Observe all signs on the campus, especially the Bulletin Boards and Campus Ordinances.
8. Absolutely NO SMOKING on the campus.
9. Be courteous at all times. Do as you are told and don't grumble or crab.
10. Buy your baby Bison Bible.
11. NO PAINTING on any building or structure on the campus will be tolerated. Any person found guilty of doing so, regardless of class will be subject to expulsion from school.
12. Learn to "BUTTON" and do so whenever you are so instructed by an upper-classman.
13. Bring your WOOD conscientiously so that we may have a real bonfire on the eve of Homecoming.

In speaking of hazing yesterday afternoon, Foss Narum, president of the Student Commission said:

"The fracas between the Freshmen and Sophomores is between the class of '31 and '32 only. The freshmen must obey the sophomores when the order is legal in the eyes of the upper-classmen. The upper-classmen, juniors and seniors, will act as judges only in the traditional battles. Any deviation from this point will be dealt with by the Student Court with the Commissioner of Judiciary presiding."

About Monday noon the supply of green caps at the bookstore will be exhausted, but a "certificate" will be issued from the bookstore to the frosh showing that his intentions were good which, upon presentation, will save him from the pine board treatment.

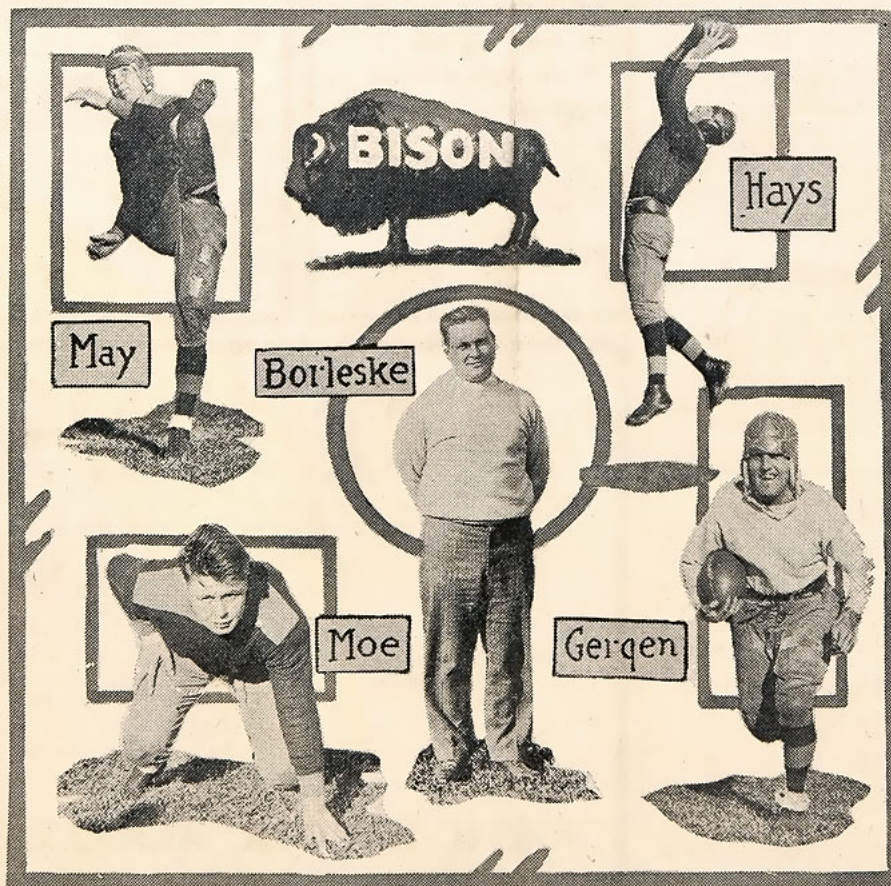

DEAN OF MEN'S DAUGHTER MARRIES

Miss Marie Smith, daughter of Professor and Mrs. I. W. Smith, became the bride of Theodore H. Miller of Minot, N. Dak., at 4 p. m., Wednesday afternoon. Services were read by Rev. E. C. Parish, pastor of First Methodist church, in the home of the bride's parents in the presence of family members and intimate friends.

Mrs. Miller had as her bridesmaid her sister, Miss Dorothy Smith and Mr. Miller was attended by W. S. Noonan, Minot, N. Dak.

Mrs. Miller is a former student of this institution, an alumni member of the Delta Phi Beta sorority, and a graduate of the University of North Dakota.

FRESHMAN HAZING

From Monday morning until after homecoming "button" will be the password. And just as long as all of the rules laid down by the Student Commission are obeyed, the pineboard tactics will be evaded.

As Foss says, "This fracas is between the Freshmen and Sophomores", and just as long as both sides use their best judgment at all times everything will sail along splendidly. But, in case the Frosh should become organized by some unscrupulous leader, then is when the "fireworks will begin."

On the other hand the new members of the sophomore class should all be careful and evade trouble like our sister institution up North has had this week.

Perhaps you didn't read about it. Apparently the freshmen initiation up there, quoting the "Student," consisted of an orgy of paddling by a few misguided members of the Sophomore class with a few dozen first year residents of Budge Hall as the victims. The majority of the sophomores took no hand in hazing and only the youngest and weakest looking frosh were initiated." Consequently, the following day the enforcement of freshman traditions was suspended.

OUR WHISPERING CAMPAIGN

Another "whispering campaign" which proves to be just another of those many rumors has begun on the campus. Let it be known that there will be a 1930 Bison. Campus news-spreaders are at work this early, telling that there will be no year book released this year. Their originality even led them to work out a plan in which a Bison would be published only every two years. The mystery connected with the news lies in the source of this information. That this statement is pure unbased fancy has been affirmed by members of the Board of Publication and by the heads of the annual. Therefore, please be charitable enough to tell your talkative friends that the Bison this year will not only be issued, but will be better than ever. We of the Spectrum are working for the Bison just as much as they are backing us. Thus we feel that it is only right that an unfair statement concerning the other college publication should be refuted. Moreover it is one of our policies to oppose all needless "whispers" which seem to be the campus vogue. Even though the majority of us may be from small towns let us show that we do not necessarily possess the tongue of the villager.

ADDITIONS TO OUR MASTHEAD

As you will note, several names have been added to our masthead. These are names of students whom we feel intend to render a service to The Spectrum besides lending their name to us for our masthead. More applications are on file and their names will be added to the list as their ability is recognized.

FEATURING THE ANDERSON SISTERS

Among Our Contemporaries

According to the "Dakota Student" the Nodaks have a yell which has been selected as the most virile of all college yells. The following is copied from the "Student."

Concerning the Nodak yell the American Boy magazine has the following to say:

The next hop is to North Dakota university whose college yell is in Indian war cry. This yell was broadcast from a radio station as one of the ten best American college yells; and the New York World calls it the most virile of them all. It's very simple:

"Odz-zo-zi!
 Ri-ri-ri!
 Hi-ah! Hi-ah!
 North Dakota!"

Flickertail students for more than a third of a century have thrilled at the weird sound of "odz-zo-zi!" "Odz" is a guttural consonant of the Indian tongue; "zo-zi" is derived from a Cree word meaning "go howl"; and "hi-ah" is the call of the Sioux war dance!

Undoubtedly we shall hear this yell very soon.

The "Creightonian," published by the Creighton students has been enlarged and it is now an eight page edition. Congratulations to the students in their enterprise!

Old Lady (at ball game): Why do they call that a fowl? I don't see no feathers.

O'Riley: No ma'm. It's a picked one.—Polytechnical Reporter.

Broadway Pharmacy

Agricultural college students at Fargo. They had attended classes there for two weeks.

And two days ago, two university men, members of the rushing committee of a local fraternity, traveled to Fargo to rush A. C. students.

The two coveted men, high school athletes, were found in a mechanical drawing class, which they were induced to leave. That afternoon, two A. C. registration schedules were cancelled, two trunks were packed, and two pairs of men bought train tickets for Grand Forks.

I say—is that nice?

The students and faculty of the University of South Dakota have made plans for a Pep Rally to be broadcast from station KUSD. The rally will consist of yells, songs, speeches and band numbers. This will be an excellent advertisement for the school and a great pleasure for the radio fans.

**COLLEGE IS ADVERTISED
 OVER WDAY OF FARGO**

North Dakota State College broadcasted their first radio program of the school year on Wednesday evening of this week.

President Coulter addressed the radio audience on "The Function, Aims and Organization" of this school.

Following President Coulter's address Dr. P. F. Trowbridge and E. F. Monroe spoke on the North Dakota Agricultural College Experiment Station, and the Agricultural Extension Division respectively.

College and State, the official publication of the North Dakota State Alumni Association edited by T. W. Johnson, professor of journalism, will be out on about the fifteenth of October; just in time to carry the message of "homecoming" to our many alumni.

The Bison are playing the Badgers tomorrow. Just so they don't play possum.

Wisconsin is noted for its beer and, while there may be no connection, the fellows have been competing savagely to make the trip.

The fellows left on the train yesterday, and Dutch Hermes broke all precedent by taking along a dime for spending money.

"Dutch" figures he might help his countrymen in Milwaukee paint the town a deep crimson, and besides there's tips and other incidentals.

"We live only once", was "Dutch's" bit of philosophy as he boarded the special car, with his silver sewed in his pocket. Dutch will probably get back to Fargo with thirty-five cents.

The announcement that Thistlewaite's eleven would play 12 minute quarters threw Dutch into a panic. "Playing quarters sounds too much like gambling", he said with a grimace.

The team would have left town without any cripples but for one fellow who exclaimed, just as the train started: "Oh, I forgot to ask my dear prof what my lesson is for Monday."

The hottest tempered student on the campus was taken along to blow up footballs. "I can blow up over nothing", says he.

And a frosh was taken along to oil the pigskins so they won't squeal.

"I think this is a skin game," candidly remarked the frosh as he diligently plied his art.

The University, through the columns of "The Dakota Student", brags about swiping two Bison frosh athletes. Which is the only way they can get any.

The Bison frosh are going to the University tomorrow, but a few glimpses at the bleaker side of life won't hurt them any.

Flicker yearlings will discover that the Westgate doesn't leave any openings.

"Rhos" are still without a home", says a Spectrum headline. Migosh, have the poolhalls burned up?

We can understand why they're without a home, but we can't see how they can be still about it.

Modern freedom and laxness has at last enabled us to answer that aged query: "What is home without a mother?" Baby, of course.

"New Farm Manager at State Penitentiary", the Spectrum informs us. Just another incentive for you Ag students to study real hard.

Maybe instead of tilling the soil, he soiled the till.

Prisoners at Bismarck spend their time making twine. They ought to know the ropes by the time they get out.

Bison Will Meet Meet Wisconsin 'U' Saturday

Twenty-Three Men Go To Madison

With The Exception Of A Few Injuries, All Men Are In Fine Shape

Coaches Stanley Borleske and Casey Finnegan and 23 members of the North Dakota Agricultural college left yesterday for Madison, Wisc., where Saturday the Bison will clash with the University of Wisconsin Badgers.

Final physical preparations for the game were completed in a long scrimmage with the freshmen Wednesday, the third consecutive day of contact work for the gridders since the scoreless tie with Superior Normal last Saturday.

The squad survived the hard three day grind in excellent condition. Numerous minor injuries, such as bruised ankles, knees and shoulders, were reported when the coaches took a final cognizance of the material Wednesday night, but none of the injuries were of a serious nature.

George Hermes, veteran halfback, will be unable to accompany the squad. Hermes has been slowed up considerably by minor injuries and while he could be used, it was decided to leave him home to rest up for future engagements.

The squad, as announced Wednesday night, follows:

Centers—Stafford Ordahl and King Williams; Guards—Gil Moe, Alf Skaret and Gerald Barney; Tackles—Johnny Blair, Mike Sullivan, Leonard Friberg, Lawrence DeSautel and Ben Gorder; Ends—Bill Hiltz, Ed Babcock, Lawrence Ranes and Captain George Hays; Quarterbacks—Ray Bassett and Pete Gergen; Halfbacks—Joe Blakeslee, Elmer Pariseau, Paul Guertin, Cy Peschel and Johnny Smith; Fullbacks—Leo May and Oscar Hanson.

ARCHERY IS NEW STATE COLLEGE SPORT

Equipment for archery was received here the forepart of the week by the department of physical education and hygiene for women.

No definite information can be given concerning archery practice at present, except that Miss Cole, director, is limiting it to girls in the advanced physical training classes. In the near future it is expected that the Women's Athletic association will take it over and organize it as a minor sport in their athletic program.

Frosh Will Play At University Saturday

Freshman Coach Robert A. Lowe will leave for Grand Forks with his Bison yearlings early tomorrow morning to play a curtain raiser with the Nodak frosh for the Morningside Nodak clash.

The line-up was not released in time for this issue of the Spectrum.

EIGHTY "AGS" ATTEND SADDLE & SIRLOIN MEET

The finest meeting the Saddle and Sirloin Club has ever had as far as attendance is concerned was held on Tuesday evening of this week in the Agricultural building.

Exactly eighty students and instructors were present at the meeting.

Short talks were given by Dr. Walster and Prof. E. J. Thompson.

Following a discussion of the plans for the year led by Ben Gorder, president of the club, a keg of cider was tapped and some nicotine was inhaled.

Patronize Our Advertisers

Minnesota Harriers To Be Met Saturday

Coach Leonard B. Saalwaechter and five cross country men left Thursday for Minneapolis where they will meet the Minnesota harriers in a dual meet Saturday morning at 10.

The two Weiser brothers, Virgil and Russell, Walt Nelson, Jesse Reynolds and Roy Jordre accompanied Saalwaechter. The squad will see the St. Thomas-Augsburg and Minnesota-Purdue football contests Friday and Saturday afternoons.

In a meet held Sunday Russell Weiser took first place with Virgil Weiser second. Reynolds, Jordre, Clarke, Molitor, Kilbourne, Baldwin and Allen finished in the order named.

SCHOOL NOW HAS TWO BISON HEADS

The heads from the two bison barbecued at the last two homecomings are now mounted and located in the main building.

The head from the year before last is the property of the alumni secretary and will adorn some part of the main building. It took the taxidermist practically two years to complete the job.

Last year's bison head is mounted

on a stand and will have a glass cage put over it in the very near future. It is what might be termed a "traveling head" for it is under the supervision of President Coulter and will be moved from building to building as the occasion warrants.

DR. LOCKE SPOKE AT CONVOCATION WED.

"Promoting the intelligence of the community is the librarian's job," said Dr. H. G. Locke at convocation on Wednesday morning of this week.

Dr. Locke is the librarian from the Toronto, Ontario, public library. He brought out some interesting facts regarding Canada. Out of one million people in the city of Montreal, only two-hundred thousand speak English. He also mentioned that the three thousand miles of border lines between the United States and Canada have only custom officers as protection. Canada has never paid any taxes to Great Britain.

Dr. Locke was one of the speakers for the library convention held in Fargo and Moorhead this week.

HOOVER-CURTIS CLUB ORGANIZED THURSDAY

The Hoover-Curtis Volunteer Club held its first meeting in the Little Country Theatre Thursday noon.

ATTENTION! FRESHMEN STUDENTS

Your notice is called to Student Commission rulings which are still in effect. The Commission is the student governing board and their legislation must be lived up to by the student body. Please observe the following:

1. You may walk on the grass but keep off old paths and avoid making new ones.

2. Parking is restricted to the following places: North side of main drive, Main Gate to Dairy Building, with the exception of directly in front of Old Main, where parking is limited to 20 minutes; West side of drive in front of Science Hall; North side of drive Ceres Hall to Chemistry building; and in the special parking spaces across from the armory and in front of the Agricultural Building.

3. All forms of athletics are restricted to places provided for them unless otherwise sanctioned by the Commission. This means no playing ball on the campus, since Dacotah field is maintained for that purpose.

Everett Wallum, Judiciary.

towards their election." Some literature and pictures of the two candidates were also passed out. The purpose of this club is to create an active interest among students in our National politics. About 50 persons signed up for membership. M. Foss Narum and Genevieve Boise are the general chairmen.

This is a national organization. Valley City, Jamestown, and Grand Forks are the other chapters in this state. No fees or obligations of any kind are necessary. There will be more voluntary cards available at the Bookstore.

Youth sets the Pace

AND WE KEEP IN STEP

Youth sets the styles—it has always been so. The young man knows what he wants and we make it our business to anticipate them. Here are style-treats galore for the student trade, because this is a young man's store.

Calisthenics Is Now Required At NDSC

(Continued from page one)

of individual attention.

Compulsory physical education is a new project at North Dakota State. Beginning with this year's class all men will be required to take it in ad-

dition to the military instruction work which is required as in the past. Football, basket-ball and cross-country men will be exempted from the work.

The various sections of the classes will be in charge of Prof. C. C. Finnegan, director of physical education, Prof. L. T. Saalwachter and Robert A. Lowe.

Herbst DEPARTMENT STORE

CUBAN SAND

Where Sunlight and Moonbeams Blend!

This new Gold Stripe shade has the fascination of seeming a silvery tone with some costumes, and golden with others. The magic of it is that it blends with everything in your new fall wardrobe.

You'll find CUBAN SAND in trim Gold Stripe styles for all occasions. With the economy of garter protection; and the lure of square or pointed heels.

Ask for 885 for trim daytime wear. A new service sheer with garter protection AND pointed heels.
