

## Thirty Changes Made In Faculty During Summer

### Huntoon Succeeds Rolfe In Dept. Of Architecture; Lathrop Succeeds Capt. Smith

Approximately thirty-three changes were made in the faculty during the summer, bringing many new instructors here, old ones resigning and some receiving a leave of absence.

E. A. Lathrop, Major, U. S. A., succeeds T. S. Smith, Captain, U. S. A. as professor of military science and tactics and Fay Smith, Lieutenant, U. S. A. succeeds W. W. Millard, Captain, U. S. A. as assistant professor.

H. W. Arden, Ph. B., succeeds Max Zimpel, Rektor, as instructor in modern languages and in the same department, Miss Hedvig Sand, M. A., who for the last two years has been in Europe on leave of absence, returns to allow Miss Emma Dubetz to advance her studies on leave of absence. Miss Elizabeth Airheart has accepted a fellowship in modern language at Radcliffe College and her successor has not yet been selected.

In the department of English, R. L. Loos, M. A., succeeds Laird Bell, who has resigned and Mrs. Mary C. Moore, M. A., has been added to relieve Miss Pearl Dinan who is now serving as dean of women as well as associate professor in English.

In the department of history, Charles A. Severinson, M. A., succeeds John Lucas. Rudolph Otterson will spend half of his time in the college Y. M. C. A. as supervisor.

In the department of economics, political and social sciences, Paul E. Zerby, M. A., succeeds Webster Johnson, and E. W. Pettee, M. A., is added to the staff.

E. J. Braun, M. A., succeeds L. W. Finley who has resigned as instructor in the department of mathematics and Ruth Rasmussen, M. A., takes the place of Matilda Thompson, who is to be away on leave of absence.

In the department of architecture, Homer B. Huntoon, M. Arch., succeeds W. T. Rolfe, who has resigned as professor of architecture, and Phil Keene, B. S., in arch., succeeds Hugh McMath as instructor. Paul W. Jones, B. Arch., takes the place of A. E. Rigg, assistant professor of architecture who is on leave of absence to advance his studies at the Massachusetts Institute of Technology.

Mrs. Ruth Paulson is succeeded by Selma Ulsaker, B. S. in Commerce, in the department of commerce.

Adelaide Laurie, M. A., as instructor succeeds Miss Nancy Elliott, who is to devote her whole time to the department of art. Ruth Rogers replaces Anne E. Stowell as director of Ceres Hall cafeteria. Mrs. A. M. Williams has been secured as social director at the girls' dormitory.

In the school of education, Jessie A. Tanner, Ph. D., takes the place of P. J. Iverson, professor of secondary education, who is away on leave of absence, Dr. Tanner will supervise the work of the training school.

In the department of agricultural education, L. L. Scranton succeeds Lyman Jackson who has resigned as assistant professor.

W. G. Solheim, Ph. D. is added to the staff of the department of botany. Miss Eunice Kingsley has resigned to accept a position in a western N. D. high school.

In the department of physical education, C. C. Finnegan succeeds Ion Cortright as director; Robert Lowe has been added as instructor and freshman coach and Stanley Borleske as special football coach.

Dr. C. L. Swisher, Ph. D., who has been at Yale University on leave of absence during the past year, returns as head of the physics department and J. F. Wyckoff, B. S., succeeds E. J. Workman who has resigned as instructor.

Mayme Dworak, assistant professor (Continued on page four)

## OUR PRESIDENT'S GREETING

Dear Fellow Students:

One of my most pleasant duties each year as president is to extend greetings and welcome to the student body with the opening of college. You will note that I address you as fellow students. This is done deliberately since the principal reason that I continue in educational work is in order that I may continue to be a student and attempt to keep up with the progress of the times.

Naturally, it is the greatest possible pleasure for me to extend greetings and to welcome the student body. The college would be dull and the campus would indeed be bare if the institution were devoted exclusively to research work or to regulatory work or to extension work, or in fact to any other activity. The great live, throbbing activity of the institution centers around the student body. All of us, including every member of the faculty, greet you and welcome you and trust that every one of you will have a very profitable year with us.

With my best personal wishes, I am,

Sincerely yours,

JOHN LEE COULTER

## Librarians Will Meet Here Next Week

### Nodak-Bison Frosh Play Two Contests

#### Bison Frosh To Play University Frosh Oct. 13 Ahead Of Morningside Game

The Bison yearlings will meet the University of North Dakota Freshmen in a curtain raiser to the Morningside-Nodak clash at Grand Forks October 13, and a return game will be played on Dacotah field, November 3. Park Region Luther College of Fergus Falls is considering a contest with State frosh also.

Cy Lonsbrough seems to have secured his place on the 1928 squad by virtue of his Big Ten experience and ripped up the Varsity line in his eagerness to demonstrate his ability to the yearlings mentors, Coach Bob Lowe and his assistant Lt. Fay Smith.

Sam Westgate showed well at half and a battle for the quarterback position is ensuing between Don Walsh and Jack Fisher. The latter seems to have the edge in weight but Walsh's canny football sense will make Fisher work to gain and keep his position.

Tuesday's scrimmage with the varsity brought out the best men candidates, but keener competition was aroused when Harold Dale apparently displaced Jim "Tiny" Law at tackle. Dale is the second man to transfer credits from Hamline to here. Oscar Hanson who is working with Leo May at the fullback post came from Hamline, last fall.

The line consists of Carl Miller, Rod McMillan, Archie Hong, Floyd Johnson, Archie Anderson, while Frank Secora and Dan Regan are battling for the pivot position.

### NEW FARM MANAGER AT STATE PENITENTIARY

J. D. Brandmeyer, former farm manager of the North Dakota Agricultural College farms has recently accepted a position as farm manager of the penitentiary farm.

This position was formerly held by Reuben Anderson '28, a graduate of the School of Agriculture majoring in the department of Agricultural Economics, who died on the first of September. Funeral services were held at Ashby, Minnesota.

Mr. Anderson was a member of Alpha Zeta, honorary agricultural fraternity.

### NARUM WILL ORGANIZE HOOVER CURTIS CLUB

Permission has been granted by President Coulter to Foss Narum to organize a Hoover-Curtis volunteer club.

Mr. Narum was appointed chairman at North Dakota State College by Mr. Sydney Balch, national organizer of college republican clubs.

The purpose of this is to acquaint the students with the issues of the election and furthermore to increase the political interests of the student body as a whole.

The date for the organization of this club will be announced in Tuesday's Spectrum.

### State Runners Meet At Madison In 1929

Preparations for the strengthening of one of North Dakota's minor sport were begun Tuesday when a new cross country course was laid out for the 25 men conditioning themselves nightly for the five mile grind, and especially for the meet in which six men will compete at Minneapolis with the University of Minnesota Harriers the latter part of October.

There will be a home meet before the contest with Minnesota and the Conference meet at Brookings will take place in November. A meet has been arranged with the University of Wisconsin for 1929 and Coach Saalwaechter expects to have a schedule for the harriers that will enable the sport to gain a foothold at the State College.

The new course extends from the campus to the El Zagal golf course and around the track a total distance of five miles. The men out for cross country Thursday night were Jesse Reynolds, Virgil Weiser, Wayne Clark, Roy Jordre, Christian Meckler, John Rooney, Bruce Kee, Donald Harris, George Ringeon, F. J. Williams, Russell Weiser, Hallard Scallon, Len Dobbert, Art Raeshke, Howard Trilieur, Ken Kilbourne, Vernon Cross, Chester Genvick, William Watson, and John Mollitor.

### Pep Club Meeting

The Pep Club will meet next Saturday afternoon at 1:30 p.m. just before the game in the N.D. Club room. All members are urgently requested to be present as election of officers for the coming year will take place at that time.

Foss Narum, Pres.

### Volkmar's Book Plates Will Be Exhibited

#### Dr. G. H. Locke, Librarian From Toronto, Pres. Coulter, Minard, To Speak

At a joint meeting of the Minnesota and North Dakota library associations on October 9, 10 and 11th, the book plates of Dr. Fritz Volkmar, of the N. D. A. C. veterinary department, will be one of the main features.

Dean A. E. Minard of the school of science and literature, will speak on "The Adventure of Knowledge" at their opening session on Tuesday evening at 8 p. m., in the Moorhead High School.

Miss Harriet A. Pearson, assistant State College librarian and president of the North Dakota Library Association, will be the presiding officer on Wednesday evening when Dr. G. H. Locke, librarian from the public library of Toronto, Canada, speaks on "The Wanderings of a Librarian." Dr. Locke is an Ex-president of the American Library Association. This session will be held in the First Methodist Church of Fargo.

There is a possibility that the student body and faculty will have an opportunity to hear Dr. Locke at a convocation now being arranged for Wednesday morning; but it should be remembered that all the sessions are open to the public with a cordial invitation to the faculty and student body to attend.

On Thursday at 4:15 an automobile ride is slated for the librarians and after visiting points of interest around Fargo and Moorhead they will be brought out to visit the Lincoln Log Cabin in the Administration building. An exhibit of nearly 2,000 book plates will be on exhibit in the Green room for their approval. Dr. Fritz Volkmar, the owner of the plates will be in charge.

Thursday evening the general session will meet at eight o'clock in the Little Country Theatre. Following several musical numbers furnished by the Fargo High School, Dr. John Lee Coulter will speak to the librarians on "Leisure Time." A library play, "Exit, Miss Lizzie Cox," will be given under the direction of Mrs. W. W. Fuller of the Fargo Public Library Board, with members of the Edwin Booth and Fargo dramatic clubs making up the caste.

## Sorority Rushees Will Be Pledged Monday Evening

### Pan Hellenic Court of Honor Met Every Day To Hear Reports Of Infringement.

The sororities' formal rush week opened Monday, October 1, and will continue thru this week until Monday night at eight o'clock, at which time pledging services will be held at the respective houses.

Each sorority is allowed to give two parties and the formal tea. Dates for these were drawn by representatives last spring.

On Monday afternoon the Phi Omega Pi's gave a featuristic party at their chapter house. That evening the Phi Kappa Lambda's entertained with a cotillion at the Elk's Club.

The Delta Phi Beta's gave a Bohemian party in their rooms at the Y.M.C.A. Tuesday afternoon, and in the evening the Alpha Xi Beta's had an oriental party in their home.

Wednesday afternoon the Phi Kappa Lambda's gave a Wu Fang San tea. The Kappa Deltas had a roadhouse party in their home the same evening.

Thursday afternoon was the Alpha Xi Beta's tea and the Sigma Theta sorority entertained at a progressive dinner that night.

The afternoon party of the Kappa Delta's will be held this afternoon, with the Delta Phi Beta party this evening.

On Saturday afternoon the Sigma Theta group will give their party and the Phi Omega, Pi sorority will entertain in the evening.

Sunday afternoon each sorority will give a tea during the same hours, after which the period of silence begins. Silence is to begin at seven o'clock Sunday night and shall continue until seven o'clock Monday night. Silence is to be interpreted as complete avoidance of the sorority girls by the rushees, and vice versa. This period must be observed by rushees, alumnae, patronesses and actives.

On Sunday night the Pan-Hellenic lawyer will send a summons by special delivery to each rushee whose name has been handed to him requesting that she come to his office Monday afternoon between specified hours to receive her bid.

One alumnus or patroness from each group and the senior delegate to the Pan-Hellenic council which makes up the Court of Honor have met every day this week to investigate and hear the complaints of infringement.

### INTER-FRAT. COUNCIL HAS NEW CHAIRMAN

Following a meeting of the Interfraternity council on Wednesday noon at 12:45 for the purpose of nominating a chairman, Alfred H. Parrott, registrar, was appointed by President Coulter.

Mr. Parrott has been acting in this capacity since the illness of Prof. I. W. Smith and on Wednesday the council unanimously nominated him and Pres. Coulter appointed him chairman of the Inter-fraternity council.

### TODAY IS SHEEP DAY AT STATE COLLEGE

Today is Sheep Day at the North Dakota Agricultural college, when sheepmen will come and see for themselves the results of the first year's work of a trial to determine whether it pays best to breed ewe lambs or to delay breeding until they are yearlings. The trial was conducted under the supervision of the animal husbandry department, according to D. J. Griswold, assistant professor of animal husbandry at the college.

THE DEATH OF NOLTE McELROY

Dailies have been carrying stories this week of the death of Nolte McElroy, Delta Kappa Epsilon neophyte of the University of Texas.

Apparently McElroy was being put thru the third degree with some electrical contrivances; he fainted and failed to recover.

This is indeed a sad state of affairs, not only for the fraternity directly responsible, but for every social fraternity in the United States. The publicity this accident has accrued, will tend to increase the sentiment for the abolishment of fraternities and will also be cause for parental worry when their son is pledged to a Greek letter organization.

On the other hand this accident will be constructive to a certain extent and will help to improve the fraternity system as it now exists. Fraternities will give their own initiation services the "once over" and any parts where a similar accident might be "laid at their feet" will be abolished.

And right at this point, it is our belief that all North Dakota State fraternities should use the utmost care in protecting the reputation of fraternities. Be futuristic and see what every action of yours will lead to. Any mistake on the part of one fraternity reflects on all fraternities.

We have been fortunate in the past in evading any of the Texas type of publicity and by use of good judgment at all times in the future, let us guard the reputation of our fraternities.

A STREET SPRINKLER

During the early part of this week one of the recurrent campus problems was very forcibly brought to our attention—the condition of the campus roadways. In dry weather the violent churning of the wheels of hundreds of swift-moving cars soon reduces the surface of the roads to a fine dust and lifts it in heavy clouds that choke and cover with dirt those using the sidewalks.

The thing is no idle problem. Aside from being especially disagreeable and ruinous to the pedestrian's clothes, lungs, and peace of mind, it destroys a great deal of the beauty of our very fine campus.

There are several solutions to the problem. Paving the roads would be the ideal thing, but such a scheme must be relegated to the future. The use of road oil, too, has certain impractical features. Such treatment would leave a tarry residual which would be tracked into the college buildings.

A simple and immediately available solution would be to have arrangements made with the City of Fargo such that the city sprinkling trucks could be run over the roads on the days when they are noticeably dusty. This or any practical solution, is desirable, and we sincerely hope that timely action will be taken.

—K. G.

Just Comment

WISE and OTHERWISE

By Henry Presler

LAST EDITION of the Spectrum carried a discussion of the Spectrum Platform. There are still a few things yet to be unloaded onto the student body for their consideration. With the fall rush on and everyone getting adjusted, comes the realization that now is a bad time to spring the ideas that follow. The following problem has been hashed over so many times that it is tedious. Yet it is vital, and we realize the necessity of getting a word in at the start of things.

Nearly every college has a student publication, an official newspaper, of, by, and for, the students. Ours is a self supporting one. It is managed directly by the editor-in-chief, his assistants, a business manager and his assistants. The Board of Publications Control directs the fundamental business of the paper. Every student pays the subscription price with his incidental fees. But the major part of the whole business of keeping the paper in existence is in the hands of the business manager, a student appointed by the board. It is the work of the latter to sell advertising. If the city business houses should not purchase this advertising space we would be without the Spectrum. Just how vital is the problem may be noted when it is remembered that last year the editors found it necessary to cut down on the number of editions to keep from going on the red side of the ledger. We hope to publish the full number of editions this year and will make a real effort to do so. The idea is simply this: we need your help. Keep in mind those firms that support our paper and give them first consideration when making a purchase. And above all, do not forget to mention to these business houses that you "saw it in The Spectrum." City

stores will not give us advertising that does not bring returns. We need only must patronize our supporters but we must let them know that such is being done. It takes just a few words from each of us to insure a prosperous year for the college newspaper.

WATCH THAT game tomorrow from the N.D.S.C. bleachers.

THE PROFESSOR'S lament: rush weeks.

THE UNFINISHED symphony: the dormitory.

FRESHMAN IDEA of heaven: rush weeks forever.

FRATERNITY MAN'S delerium: rush weeks forever.

ADVICE TO freshmen: start laying in a supply of nice, dry, wood.

THE STUDENT'S "70": rush weeks.

PANTOMIME IN three acts: the sweet bliss of cutting classes followed by the green, green, carpet.

ADVICE TO all organizations: if you would be fully represented in the Spectrum news columns, appoint a Spectrum reporter from your membership.

NOTE: Zeta Zeta Zeta fraternity gives free noon meals after next Friday.

FRATERNITY MAN'S consolation: the paddle, a bladed implement resembling an oar, used without a row-lock in propelling a boat.

ONE STAR on the horizon: cadet hops.

ANOTHER LITTLE moonbeam: morning drill at 7:45 a.m.

**Ebullitions of  
Ebony Blott**

By Everett Wallum

Now that rushing sason is on, all's fair in shove and mar.

It is reported that two fur coats and a banjo have given their promises to a local fraternity, but no definite announcement will be made until the pedigrees of the coats have been checked up by a Fargo furrier.

**BRIEF BREEZY BALLAD**  
There was a little pledge,  
Whose promise tried to hedge,  
An active got a sledge—  
There WAS a little pledge.

Phi Kappa Phi opened the rushing season with an entertaining and amusing problem in calculus.

Fraternities who try to pledge athletes sometimes get a run-around.

Our idea of a pathetic sight is a fraternity composed mostly of Scotchmen, rushing a couple of reckless Irishmen.

Next Thursday is open night, but alack and alas, since the 18th amendment there is nothing to open.

This idea of not allowing mixed parties at fraternity rushing affairs is all right at that. All the victims would want to join the sororities.

We note with gratification that four sororities have acquired homes this summer. This will undoubtedly be a great relief to the corridors in Science Hall.

And maybe they can sleep in their houses instead of the classrooms.

Some sorority girls try to get a home by marrying a fraternity man—thus leaving two souls homeless.

But the men really need not worry over living quarters as long as the pool halls stand up.

Which reminds us of the candid freshman who assures us that shooting billiards is duck hunting.

It's too bad bobbed hair is getting shorter and shorter. Sororities are finding it increasingly hard to drag rushees to their dens.

Dutch treat is tabooed on a fraternity's silent night, says the Inter-fraternity Council. They needn't worry, as we've never seen the Dutch treat anybody yet.

The latest, and most significant, best seller in autobiographies is "From Pledge Pin to Rolling Pin", by a successful Co-ed.

One freshman refused to go to a smoker this year because, he said, he didn't want to join no effeminate outfit.

However, the frosh who gets a pledge pin will soon get the point.

Although no official college credit is given, rushing season gives the fraternity man a complete training in suave diplomacy, hi-jacking, abduction, salesmanship, insomnia, prayer, hissing, profanity, lynching, nonchalance, finger-printing, lurking, and detecting.

**Superior Normal Will Be Bison Foe Saturday**

**State Foe Is Victor  
In 1924 Contest, 2-0**

**Visitor Is Ready With Strong  
Experienced Team; Bison In  
Condition For Hard Battle**

By ALAN DOTSON

With the Bison Varsity recruited to full strength for its encounter with the Superior State Teachers' College tomorrow, Coaches Borleske and Finnegan have been using light workouts during the week to correct the errors and weak points that came to the top in the contest with the Valley City Teachers last Saturday.

Monday saw the Varsity squad returning kick offs and punts, while Tuesday the State Frosh engaged in a scrimmage with the Varsity for the first time. The yearlings were given possession of the ball the entire practice and evening saw the Freshmen with three touchdowns to their credit. Wednesday the regulars went through light scrimmage drill, which Borleske and Finnegan hoped would allow the minor injuries and infections of the squad to heal. Thursday saw the Bison again drilling lightly.

Superior will bring a large squad of nearly 25 men to the Bison fray and will attempt to duplicate their victory of 1924 when Superior defeated the Bison, 2 to 0. A safety late in the second quarter gave the visitors the contest although the Bison outweighed them by 20 pounds to the man.

Tomorrow when Superior takes the field there will be 19 out of 21 lettermen from last year's team present. River Falls, Wis., defeated Superior State teachers last fall for the championship but the loser was hard hit by injuries and had been scouted the entire season by River Falls scouts.

Critics from the city on Lake Superior said that the best team that ever took the field was the 1927 Superior team, which defeated the Eau Claire teachers the first time in six years

last fall. September 29 of this year the Northland College bowed to Superior 74 to 6 in a fast offensive contest during which Northland failed to make a threat which the winners could not check with their experience and speed.

Harvey Green, last year's quarterback and rated one of the best quarters in the Wisconsin conference will be the only man unable to enter the fray Saturday for the visitors.

The starting lineup, although unofficial, may be made up of Ranes, left end; Sullivan, left tackle; Moe, left guard; Ordahl, center; Barney, right guard; Blair, right tackle; Captain Hays, right end. The backfield will find Pete Gergen, Cy Peschel, or Ray Bassett in the quarter position; Hermes and May seem to be sure starters while Guertin, or Blakeslee may get the call at half if Peschel starts at quarter. The experienced men will undoubtedly get the call for the varsity positions as Superior will bring down an experienced team.

**CO-EDNA'S COMMENT**

Dear Pluina,  
Back at the ol' grind, an' I'm here to comment it's what somebody meant when he talked about "that grand and

glorious whatsis." The campus looks snokky, dear. You oughta see Ceres! It looks as much different as a woman after a face-lifting. An' that's not all. Old Main looks positively rejuvenated.

Oh, I must comment on the new sophisticates prancing around. There are several pairs of twins. My dear, it's positively weird to watch the set that's slated to have come from Valley City. They even chew gum in the same way. You'd think you were seeing double. No foolin'. I wouldn't misdirect you.

Oh yes, and our old friend "Itchy" Clark of "Earl Olsen's Collegians" at the Forks is here too. It's positively slaughtering the way Bud Waechter is always getting socked on the back

and greeted with a "Hi, Itchy!" They don't look so much alike. It must be the way they wear their hats.

An' I jes hevta comment on Jerry Martin's new cookie duster. My dear, have you seen it? It's positively too dear. Jes tickles me, if you know what I mean.

Say, doesn't it get your goat the way the Greek letter women coagulate all over the hall of Science? Why, angel, it's positively crude. Stray Greeks, barbarians and new girls feel about as welcome as a ham sandwich at a Jewish picnic. At least the men get a little football practice wading thru the clumps, but doesn't it get your goat? I ask you, doesn't it?

**Electricity  
opens a new era of ocean travel**

Miraculously quiet and vibrationless, luxurious and swift, the new electrically operated S. S. *California*, largest American-built passenger ship, has opened a new era in ocean travel.

Electricity drives the *California* so efficiently that the fuel bill for the initial coast-to-coast trip was even less than the Canal tolls. Electricity mans the winches, bakes the bread, makes the ice, polishes the silver. And electricity cools the cabins and provides passengers with the

comforts found in the finest hotels.

Complete electrification makes the *California* an engineering marvel and a commercial success; it is booked far in advance, a sister ship has just been launched, and another is under construction.

On sea or land, in every walk of life, electricity is in the van of progress. Undreamed of yesterday, the electric ship is a symbol of the electrical industry's part in modern civilization and a prophecy of even greater accomplishment.

This monogram is found on great motors that drive the *California*, and on a multitude of electric appliances which contribute to the comfort of her passengers. It is an emblem of skilled engineering and high manufacturing quality.

## Over Thirty Changes Made In Faculty

(Continued from page one)  
in bacteriology is to be away this year to advance her studies on leave of absence.

In the department of poultry husbandry, George P. Goodearl, B. S., succeeds H. M. Scott as instructor.

G. C. Cook has been appointed assistant state supervisor of agricultural education under Prof. E. H. Jones.

H. B. Anderson, Bayfield, Wis., has been appointed assistant in the department of marketing and rural organization under Dr. A. H. Benton. A long-felt need for a specialist to teach general and cooperative phases on marketing is filled by W. A. Cleveland of Macomb, Ill. He is under Prof. Cap. E. Miller of the agricultural economics department.

Dr. Chas. J. Parshall has been appointed assistant to Dr. A. F. Schalk

in the veterinary department.

Mrs. P. M. Gooden arrived at the college Sept. 15 to take charge of the student employment bureau. In the past untrained clerical and student help have tried to manage this bureau, but the method proved unsatisfactory.

Kenneth J. Keating returns as full time instructor in industrial chemistry. He was a graduate three years ago in that department.

Allan K. Adams, a graduate of North Dakota State, married Miss Helen Elizabeth Steele of Syracuse, N. Y., at Brooklyn, N. Y., on the 29th of Sept. The newly weds will make their home in Brooklyn where Mr. Adams is associated with the Celuloid Corporation of Newark as research chemist.

## Youth sets the Pace

AND WE KEEP IN STEP

Youth sets the styles—it has always been so. The young man knows what he wants and we make it our business to anticipate them. Here are style-treats galore for the student trade, because this is a young man's store.

## Why College and University Students Are Supporting Hoover for President

HE COMES FROM THE FARM AND ONE-THIRD OF OUR POPULATION IS VITALLY INTERESTED IN FARM PROBLEMS. THESE PROBLEMS HAVE HIS SYMPATHY.

HE WORKED HIS WAY THROUGH STANFORD UNIVERSITY.

HE BECAME AN OUTSTANDING ENGINEER BEFORE COMMENCING PUBLIC SERVICE WORK.

HE HAD CHARGE OF RELIEF WORK IN BELGIUM AND PERFECTED AN ORGANIZATION RESPONSIBLE FOR THE DAILY FEEDING OF TEN MILLION PEOPLE.

HE BECAME FOOD ADMINISTRATOR OF THE UNITED STATES AND SOLVED THE VITAL PROBLEM BEHIND ARMED VICTORY—FOOD.

AS HEAD OF THE UNITED STATES DEPARTMENT OF COMMERCE HE HAS SOLVED MANY OF THE DAILY IMMEDIATE PROBLEMS OF INDIVIDUAL AMERICAN BUSINESS AND THE AMERICAN HOME.

LEADING EDUCATORS, AUTHORS, BUSINESS AND PROFESSIONAL MEN AND WOMEN FAVOR HIS CANDIDACY.

HE HAS BEEN AN OUTSTANDING SUCCESS IN EVERY UNDERTAKING. HE IS EMINENTLY QUALIFIED FOR THE PRESIDENCY OF THE UNITED STATES.

(Political Advt.)

Bill Says--

Welcome, Gang--Are you in trim?  
If not, we want to see you at once.
