

## Festival To Open Tomorrow Night Smith Pleased With Showing Made By Cadets

### Practical Work, Ceremony, Good, Says Commander

Inspection Ends This Afternoon  
With Coulter Interview;  
Unit Drills Well

"The best inspection in years" was the phrase used by Captain Thomas S. Smith, commandant, in describing the practical work and ceremonies executed by the Bison battalion in their manoeuvres before Major J. M. Lockett, inspecting officer, yesterday. Inspection will come to a close this afternoon.

"I feel that the unit will receive a distinguished rating in the annual inspection since it has steadily improved in the last three years," said Captain Smith. He pointed out that the inclement weather which has kept the unit indoors throughout most of the spring drill periods had failed to handicap the cadets in their inspection.

#### Major Lockett Arrives

Major Lockett arrived at 5 p. m. Saturday. He conducted the inspection of the unit Monday, at which time practical drills and ceremonies were reviewed. Today the theoretical work is being gone over by the inspecting officer.

The unit assembled at 7:40 Monday morning, was reviewed and inspected by Major Lockett. From 9 to 11 a. m. companies and platoons were designated to do close order drill, calisthenics, and mass commands, guard mounting, main parade, pitch and strike shelter tents, display equipment and extended order drill. At 11 a. m. an hour's exercise in tactics completed the forenoon.

#### Facilities Examined

Monday afternoon was taken up with classroom inspection of juniors and seniors. Practical examinations in sketching and machine guns at the armory was given at 3:15 for the juniors, and at 4:15 for the seniors. Facilities for instruction and training if the unit and condition of property, R. O. T. C. organization, activities, and reports began at 5:15 p. m.

Freshmen and Sophomore cadets took their examinations this morning. Musketry and automatic rifle was the nature of the practical test for sophomores at 8 a. m. The freshmen started their examinations at 10 a. m. with a theoretical quiz in the barracks.

Major Lockett's interview with President John Lee Coulter at 1:30 p. m. today will conclude the inspection.

### Gold Star Band Trip Definitely Cancelled

Conflict With Final Exams Is  
Reason Given For Action;  
Tour Undesirable

The proposed tour of North Dakota by the famous Gold Star band has been definitely cancelled, according to Dr. C. S. Putnam, director. The band was to have left May 21 for their week's trip throughout the state.

The tour was called off principally because the week of May 21 is the week before final examinations and it would be impossible for the 50 band members to make up their work in time to take the tests, stated Dr. Putnam. Since the trip was undesirable to the members on this account, it was thought best to definitely cancel it, said the director.

### Former Student's Act Wins First In Follies

Elmer Hanson, former student at North Dakota State and a member of Alpha Kappa Phi, directed the Alpha Tau Omega act to first place in the annual Flickertail Follies competition at the University of North Dakota. Mr. Hanson had complete charge of the act, originated the idea, and handled all arrangements.

### Kappa Sigma Chi, New Greek Letter Group, Is Formed

Eight Social Fraternities Now  
Established On Campus  
Of College

Recognition of Kappa Sigma Chi, local social fraternity of the North Dakota State college, has been made by the committee on student activities of the school, according to Robert Adam, Anamoose, president of the new Greek letter group. The founding of this fraternity marks the establishment of eight men's social organizations on the campus.

Six students of the college formed the nucleus for the group which had its petition formally approved April 23.

These men are Robert Adam, junior in agriculture; Rudolph L. Nelson, junior in agriculture, Christine; Ralph E. Diehl, junior in agriculture, Hillsboro; Omer L. Watson, junior agricultural engineer, Amenia; Gustav Geissler, senior agricultural engineer, Ashley; Hal F. Stefanson, junior in agriculture, Cavalier.

#### Charter Members Listed

Others included in the 24 charter members are: Martin J. Peterson, junior in agriculture, Aneta; Harold Evans, junior in agriculture, Ulen, Minn.; Arthur Walde, junior in chemistry, Dent, Minn.; Garnet Grieve, junior in chemistry, Buffalo; Helmer T. Foss, junior in agriculture, Churches Ferry; Gilbert Moum, junior in agriculture, Carbury; Kenneth Sundberg, junior architect, New Rockford; Herbert F. Hendrickson, junior in civil engineering, Sheyenne; Roy E. Peterson, senior in mechanical engineering, Leal; Harold A. Chloupek, junior chemist, Dilworth, Minn.; Lawrence O'Leary, junior chemist, Barnesville, Minn.; Clarence E. Engberg, sophomore in agriculture, Kenmare; Arthur H. Johnson, civil engineering sophomore, Hurdsville; Donald H. Wardwell, sophomore in architecture, Fargo; Roy J. Jorde, freshman in agriculture, Oberon; Floyd Ewing, freshman in agriculture, York; Herman Wildermuth, sophomore in civil engineering, Linton, and Clifford Sveneby, senior in education, Fergus Falls, Minn.

Officers of the fraternity include the president, Robert Adam; Garnet Grieve, vice-president; Omer Watson, secretary; Arthur Walde, treasurer; and Hal Stefanson, historian.

### Dr. Putnam Is Judge At Aberdeen Music Contests

Dr. C. S. Putnam, conductor of the Gold Star Band of the North Dakota State college cadet corps, left Wednesday for Aberdeen, where he acted as a judge in the district music contests held Thursday and Friday.

Thursday night he conducted a concert by the massed bands entered in the competition. He returned to Fargo Saturday.

### Heads New Sorority

Miss Rita Morris, New Rockford, was recently elected president of Guidon, newly organized honorary sorority for R. O. T. C. cadet sponsors, and auxiliary to Scabbard and Blade, national honorary military fraternity.

### Campus Diamond Loop Opens Season May 14

American And National Leagues  
Formed; Winners Will Play  
For Title

#### By Oliver Radde

"Play Ball" will resound on Dacotah field at 4 o'clock on the afternoon of May 14 and the quest of the campus baseball championship will be under way.

Eight teams will vie for the campus title which is at present held by the Alpha Kappa Phi group. Present prospects point to an even race this year with many fine teams entered.

There will be two leagues composed of four teams each. Each team will play the other teams in their league and the winners in their respective leagues will play a three game series for the campus championship. The result of the drawing of the leagues placed the Alpha Kappa Phi, Delta Kappa Sigma, Alpha Gamma Rho, and Theta Chi teams in the National League; and the Y.M.C.A., Kappa Psi, Alpha Sigma Tau, and Delta Pi nines in the American League. The Beta Chi group did not enter a team.

At present the schedule of games has not been drawn up but will be announced soon. Games will be played each week day except Saturday and Sunday and according to present indications, much interest will be shown and many hard games will be in order. The first game will be played on May 14.

### HOWELL IS ELECTED TO DELTA SIG PRESIDENCY

George Howell, Fargo, junior in science and literature was elected president of Delta Kappa Sigma fraternity at the annual business meeting of the group held at the chapter house Saturday afternoon. Mr. Howell is also a member of Blue Key, the Edwin Booth Dramatic club, and the student commission.

Other officers elected were: Frank Hannalter, vice-president; William Haslam, house manager and treasurer; Richard Scott, secretary; Charles Arneson, historian; and Joe Blakeslee, rushing captain.

Henry Healy, an alumni member of the fraternity and now a First Lieutenant of the U. S. Marines stationed in the Philippines, gave an interesting talk on his adventures on the island following the business meeting.

### Plans Being Made For Annual May Breakfast

Plans are being made for the annual May Breakfast to be given by the Y.W.C.A., Saturday, May 12, 7 to 9 a. m., in honor of the contestants in the May Festival. Billie Eastgate is general chairman. Assisting her are Margaret Greene, Virginia Keene, Doris Abel, Jayne Sudro, Ethel Jones, Esther Boyer, Gladys Barton, and Kathryn Grant.

### Departments Vie For Interest Of Festival Visitors

Open House Will Be Held In  
Nearly All Buildings  
On Campus

Departments of the North Dakota State college will vie for the interest of the visiting high school students during the May Festival, beginning Wednesday evening, with open houses in nearly all the buildings on the campus.

Friendly rivalry is high among the various organizations which are sponsoring the events and an effort is being made by all to make their open house the one of most interest to the visitors.

This year, as in the past, the engineers will hold their open house during this week on Friday from 1:30 to 10:30 p. m. The engineers open house has undergone a decided growth in the past few years. Last year far more people went through the open house than there were May Festival visitors, which means that nearly 1,000 people were entertained for a time by the engineers. Because of this, the 1928 open house is open to everyone who cares to visit it, not for May Festival students alone. Attractive souvenirs will be given all visitors.

#### Laboratories In Operation

All engineering laboratories will be in operation and explained to the public. This feature of the program will be of educational value. Many stunts of interest will be performed, some almost unbelievable but true examples of mechanical and electrical phenomena.

The Chemists Club will hold its first open house in the Chemistry building Friday from 2 to 10 p. m. as part of the annual May Festival. The Pharmacy club is cooperating with the chemists in the exhibition and will have their displays on the third floor.

There will be a display in each room in the building. In the basement the model paint factory will be in operation; on the first floor inorganic reactions and compounds will be featured and Dr. Ladd's old exposures of fake medicines will be shown; on the second floor physical and organic experiments will be shown; on the third floor the construction of an analytical balance will be explained; and apparatus will be on display over the entire building.

Floyd McDunn is chairman of the chemists open house and assisting him are Lester Thompson, Walter Groves, John Spielman, Arthur Walde, Bernice Dalen, Bernie Rutz, John Wandmaker, Arndt Thorson, Frank Sitko, Norris Olson, Marvin Spielman, Amos Van Worst Ben Kouba, Jerry Martin, Forest Stephens, Ed Conroy, Kenneth McCullough, and Lawrence O'Leary.

(Continued on page three)

### 600 High School Pupils Expected To Attend Event

Visiting Students To Be Shown  
Points Of Interest On  
College Campus

North Dakota State college will be host to approximately 600 high school students from North Dakota and western Minnesota at the annual May Festival to be held here Thursday, Friday, and Saturday. The informal opening will be held Wednesday evening.

The students will compete in the various events staged in conjunction with the exhibitions and programs. Each department of the college is trying to outdo the others in making the 21st annual event the best in the history of the college.

Instructors and students will be entertained by the college, a committee meeting each group at the train with automobiles.

#### Auto Rides

The entertainment will include automobile rides about the city, a children's story hour, receptions, a May party, an interpretive dance recital, a pageant, a band concert, and many other features.

An information headquarters will be maintained in the Main building throughout the festival.

Points of interest on the campus, where visiting students will be guided, will include the armory, nature study room, package library, household physics laboratory, greenhouses, hedges, forestry plantations, seed-house, Little Country Theatre, Lincoln Log Cabin, mill, poultry house, livestock and dairy building and barns, dormitories, Ceres Hall, wireless station, gas laboratory, forge shop, manual training shop, machine shop and laboratory, chemical laboratory, library, power plant, and practice house.

Registration will take place in the Y. M. C. A. building, all contestants and instructors being requested to register.

#### Opens Wednesday

The festival will open informally Wednesday night, when each building on the campus will be open for inspection by the public. The architects annual exhibition will be open in the engineering building and the Gold Star Band, under direction of Dr. C. S. Putnam, will give a concert in the college armory.

The detailed program for the festival follows:

#### Thursday

7:30 a. m. to 6 p. m.—Agricultural contests and stock judging contests—Stock pavilion.

(Continued on page four)

### Coulter To Address High School Seniors

College President Will Give The  
Commencement Talk At  
East Grand Forks

East Grand Forks, Minn., May 2.—Commencement exercises for the East Grand Forks high school will be held in the school auditorium May 31, when President John Lee Coulter of the North Dakota State college, Fargo, will give the address.

The baccalaureate services will be held in the school auditorium Sunday night, May 27, with Rev. De Follesy Fisher giving the address.

Forty-five graduates will receive diplomas, Miss Florence Soule being valedictorian and Miss Louise Knowles, salutatorian.

### THE ROCKY ROAD TO LEARNING

Whoever said that the road to learning was a rocky one, strewn with pitfalls and stumbling stones, was not far from the truth had he attended classes in Science Hall. The walk approaching that edifice of higher education is truly a rocky path wholly not in keeping with the modern lagging leather heels of the men and the high-heeled slippers of the co-ed. On wet days the slippery walk is twice as treacherous because of the uneven bricks. To surmount this grievance, the immediate approach to the building consisting of numerous planks laid there with all the indication of being a temporary measure; wholly in contrast to the number of years those planks have been used as stepping stones to higher education.

The phrase, "something ought to be done about it," never so fitly applied as it does in the present instance. The Spectrum suggests that when the campus is being "gone over" this summer a new sidewalk and approach be laid at the door of Science, that the students in search of an education may not fall by the wayside all on account of a few sunken bricks. Such an improvement would have its rewards a thousandfold in convenience, comfort, and appearance.

The authorities who have the power of granting this "concrete" request, we wish to point out that we are not asking for a new armory or library or building (perhaps we know better) but merely a few feet of sidewalk which is highly desired by the student body.

### THE MAY FESTIVAL

Thursday, Friday, and Saturday of this week North Dakota State college will be host to over six hundred high school students from North Dakota and western Minnesota. These three days will perhaps determine to a great extent the future of the institution.

Every student at the college is under a distinct obligation to aid in any or every way any high school visitor who needs his or her aid. Every student is duty-bound to be courteous and congenial, friendly and cordial, obliging and willing. The student body must make these visitors at home, make them feel at ease, entertain them, and erase that vacant, "lost" feeling from them.

These students from the high schools of the state may be the future Bison student body. Whether or not they will be will depend a great deal on the behavior of the present student body while they are visitors here.

To these visitors then, The Spectrum wishes to extend a cordial welcome and to assure them that the entire college is open to them; that this is their home, not only for the three days of the May Festival, but at any and all times they wish to make it so.

### TRACK COMES INTO ITS OWN

Coach Leonard Saalwaechter and his cinder experts will hold their first inter collegiate meet of the home season here tomorrow afternoon on Dacotah field. After the decisive Bison victory over Valley City State Teachers college and Jamestown college at Valley City last Friday, it is expected that a good crowd will greet the athletes in tomorrow's encounter.

Coach Saalwaechter revived the dormant sport here a year ago and the Bison had extreme difficulty in conquering their neighboring rivals. This year it is a different story, but one of progress and development. Although spring football practice conflicts with the sport, Mr. Saalwaechter intends to take a few more meets before the season closes.

## Just Comment

WISE and OTHERWISE

By Henry Presler

INTERESTING TALES of mock battles and wallowing in a plowed field have been coming to our ears as a result of yesterday's inspection. The big day in "war" found the R. O. T. C. unit in full uniform, rifles cleaned, band instruments polished, etc. From sentiments expressed by the officers we gather that they were well pleased with the showing made by the various companies. The strong southwest wind with its load of dust did not seem to hinder the movements or lower the spirits of the boys. During inspection the wind played havoc with the band men whose music sheets, blown about, afforded a chase for the sponsors. Judging from the number of cars surrounding the campus and the large audience on the field the townspeople enjoy the annual spring inspection and look forward to it almost with as much enthusiasm as the "army" men themselves. May we receive the coveted Gold Star rating.

JOIN US in extending a welcome to the new fraternity, Kappa Sigma Chi. May the founders in later years see their efforts yield a success fitting to their present aspirations.

AFTER WALKING away with the recent Valley City meet the tracksters present a formidable array of promising stars. Especially indicative of future glory is the Freshman squad, one member beating all contestants at Valley City. Too bad his achievement did not count as a winner of points. The members of the 1928 Bison track team appear to be carrying the N. D. S. C. colors to the finishing tape out in front.

LAST SATURDAY morning thirty-five delegates from the college journeyed to Jamestown to attend the State Y. M. C. A. Conference. This group of delegates included members of the local "Y. M." of the Y. W. C. A., and members of the Y. W. C. A. board. Byron Olsen, president of the college "Y," reports a fine conference, plenty of "good eats," early morning church services, a banquet, and a fine attendance. The Fargo delegation also included Prof. Otterson and Dr. Hunter of the History department. Most of the Fargo group returned Sunday afternoon.

AND SOON the inter-fraternity baseball league will begin the race for the cup. Watch for these contests.

WITH GAY-CAT day a short time off plans have taken form for the day's program. The various organizations should be working up their acts in the contest for the cup. Some talk has been made of inaugurating a program resembling the University's "Flickertail Follies." Sounds good! The "Bison Brevities," Blott volunteers.

LET US show our guests of the May Festival a sincere welcome. Be helpful and courteous to all. Make them feel—our school, their school. These guests, from all over the state, can be our greatest advertising medium. Make this advertising boost!

AND EVERYONE out to class meetings tomorrow!

### NOTICE

Town girls are urgently requested to help in the entertainment of visiting girls during the May Festival by offering rooms to Ceres hall girls. Arrangements should be made thru the registrar's office or the dean of women's office.

Pearl Dinan,  
Dean of Women.

### North Dakota State TEN YEARS AGO TODAY

A unique war banquet was held in the parlors of Ceres Hall.

The Y. M. C. A. building plans are completed and the contract let. Work is to be started soon so that the building will be completed by fall.

Ray Bolinger is now at the flying school at San Diego, California. Ray was one of our former athletes.

The members of the Senior class were entertained at the home of Pres. and Mrs. Ladd.

The Theta Chi fraternity and their lady friends had a very delightful time at a picnic held about six miles up the river.

Ole Nelson, a member of this year's senior class received a scholarship in chemistry from Princeton University.

### BISON LETTERMEN HOLD ANNUAL FORMAL DANCE

Fifty couples attended the annual spring formal of the Lettermen's club which was held in the Waldorf hotel Saturday

Lettermen and their guests and coaches of the various athletic teams and their wives comprised the thirty-five couples who were present at the dinner dance beginning at 7:15 p.m. Numeral men of the college were invited to the dance which follows the preliminary entertainment.

Guests of honor included Captain and Mrs. Thomas S. Smith, Mr. and Mrs. C. C. Finnegan, Mr. and Mrs. S. E. Borleske, Mr. and Mrs. I. J. Cortright, Mr. and Mrs. J. A. Purcell and Mr. and Mrs. Leonard Saalwaechter.

# Now, you can obtain a College Education at low cost!

IT'S AVAILABLE AT NORTH DAKOTA AGRICULTURAL COLLEGE

Freshmen attending the college were asked a series of 19 questions recently as to why they chose this college. They placed "Low Cost of Attending This College" close to the top.

Even though the cost is low you obtain training that fits you for prominent positions. Every girl who takes Home Economics is "placed" after graduation.

Besides a bachelor of science degree in Home Economics the college offers degrees in Science and Literature, Agriculture, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Mechanical Engineering, and Pharmacy.

Special work may be taken in paint chemistry, physics, botany, mathematics, public speaking and dramatics, economics (agricultural and general), and social and political sciences.

## Ebullitions of Ebony Blott

By Everett Wallum

Perpetual calendars were given out at the prom. Most of the calendars we've seen are perpetual nuisances.

The one we get from the butcher, for instance, which shows the nice juicy steak we might have got if we had been in the meat business.

Or the one we get from the grocer which portrays, in flaming colors, the farm home where we'd have to go to obtain good food.

And the one the druggist gives us—the one that makes us sick and then tells us what to take to cure us.

All thees have numbers of days on them, but we've a gentle suspicion that the prom visitors would rather have one hot date on the back porch, than all informative ones on the calendar.

They call it Sunday, because the minister beams, and the school kids say 'ray.

The Artists Ball Saturday. That's one party that ought to draw well.

Rifery may be a major sport, but it is a private's duty.

The parent of the eleven months old baby, that has astounded scientists with its tumbling and acrobatic antics, may truly say that he is the father of a bouncing baby boy.

Now that the Pep club is getting keys, maybe the members will open up next public appearance.

Some enterprising Burbank ought to perfect a Bison apple. "Best in the core area."

Curtis Ballard attributes his sensational success as a sharpshooter to his mustache. "I had extra points whenever I needed them, right under my nose," he stated.

Frank Dvorak is from Center, and he hit right at home.

In honor of our championship marksmen, we have just composed an ode, now hot off the press, entitled: "If Morris Barks, does Raymond Hack?"

In answer to a letter received at the Spectrum office, the story "Student Commission Meets" was not intended for this column.

The fact is all the more noteworthy when we take cognizance of the fact that most musicians have become unbalanced after playing in the armory.

The apple of a person's eye is usually appealing.

The taffeta spindle, this week, goes to the alert fellow, who insists that Edwin Booth is a private place to dine.

A camel may not go through a needle's eye, but what about bull through a student's ear?

### BOARDMAN HONORED BY BADGER FRATERNITIES

Word has been received here that Wade Boardman, former student at North Dakota State, has recently been elected to the presidency of the inter-fraternity council at the University of Wisconsin. Mr. Boardman was a member of Delta Kappa Sigma fraternity here and was president in 1925-26. He was also a member of Gamma Tau Sigma, honorary journalistic.

# Bison Beat Vikings And Jimmies In Tri-Meet

## Sands Sets Pace In 100 And 220 Dashes

Buffalo Team Piles Up 63 2-3 Points; Vikings Get 36 1-3; Jimmies Count 33

With the running of Ole Sands overshadowing the remainder of the Bison efforts at Valley City, Friday the Bison track aggregation came out to the fore by a good margin, 63 2-3 to Valley City's 36 1-3. Jamestown, the other contestant, finished last with 33 points.

Sands ran the 100 and 220 yard dashes at record breaking speed and left a mark to be shot at for several years to come. His mark in the 100 was 9.9 seconds while he turned the 220 in 23.1.

## Bison Meet Vikings On Track Tomorrow

The varsity will engage in their second dual meet of the season tomorrow when they meet the Valley City Vikings in a return engagement on Dacotah field.

The Bison had little trouble disposing of the Vikings at Valley City Friday and are expected to take points that Jamestown took in the triangular meet.

Saalwaechter expects to have little trouble in this meet and will be in a position to count the events in which he will be strongest May 19 at Grand Forks where the Bison will meet the Nodaks in a dual meet for the championship of North Dakota.

This will be the first time for a number of years that the two schools have engaged in such a contest. The frosh will encounter each other the preceding day, on Dacotah field, May 18.

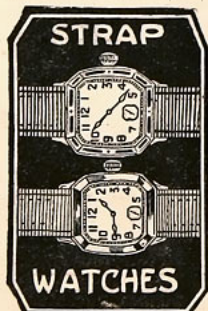

## Boudoir Lamps Given As Favors At Formal

Boudoir lamps in maroon and gold, the fraternity colors, with the fraternity insignia on the parchment shades were given as favors at the dinner-dance, annual spring formal of the Delta Kappa Sigma fraternity held at the Fargo Country club Friday evening.

The fraternity flower, the American beauty rose, was used in the decoration of the tables and covers were laid for 50 couples.

Feature numbers included exhibition stunts by Adrian Fox, a student at the college, and specialty dances.

Guests of honor included Prof. and Mrs. W. C. Hunter, Mr. and Mrs. A. H. Parrott, Dr. and Mrs. C. S. Putnam, Dr. and Mrs. L. L. Carrick, Dr. Martin Rindlaub and Prof. Alvin Rigg.

## Freshmen Lose Meet To Fargo High Team

The Bison Frosh lost their first dual meet of the season when Fargo high school team scored an impressive victory over the yearlings on Dacotah field Saturday, 67 to 49.

Blakeslee, last year's Fargo high star and captain was the star of the Frosh squad on which Saaly is basing his hopes during the coming meet with the University Frosh here May 19.

Blakeslee won his favorite event, the pole vault, at 10 feet six. Blakeslee went eleven feet six at Valley City met Friday but was not given credit, being a freshman performer.

The time in the dashes and hurdles was especially good for so early in the season.

## Departments Vie For Visitors Interest

(Continued from page one)

Between 1,500 and 2,000 student design drawings will be on display at the annual architectural exposition Wednesday, May 9 in connection with the May Festival, Professor Walter T. Rolfe, head of the architecture department, has announced.

Included in the exhibit will be the prize winning designs Kappa Tau Delta, honorary architectural fraternity's competition and the winners in the annual sketch contest conducted by the department. The design drawing "A Small Boat and Tea House," submitted by Philip Keene, Fargo, senior in architecture, the winning design in the Kappa Tau Delta contest will be among those shown. The work of 21 others who competed will also be shown.

The annual sketch contest, in which all students in the department competed, will be decided about May 6, Professor Rolfe announced. In the sketch competition each student submits a sketch a week over a period of weeks.

Representing the work of the students for one year, and including displays from freshman, sophomore, junior and senior departments, the exposition will present a display of interest to the public generally. The exhibit opens at 8 p.m., and will continue until midnight. Special arrangements to take care of crowds are being made.

### Cosmetics Prepared

Face creams, tooth pastes, lotions, and similar cosmetics will be prepared at an open house which the pharmacy club has arranged in conjunction with the annual May Festival. This open house, featuring the school of pharmacy, is to be held from 4 until 10 p.m., Friday on the third floor of the chemistry building.

Prescriptions are to be filled at this exhibit showing the compounding of the various types of ingredients. The necessity of accuracy in prescription filling will be illustrated. The administering, use, and dosage of drugs may be seen by the public at the exhibit.

Ralph Sinner, Fargo, and Oscar Enger, Davenport, are members of the managing committee of the affair. Others who are working on plans are: Albert Doerr, Ashley, reception and entertainment; Harriet Hallenberg, Moorhead, Minn., refreshments; Ralph Donovan McCain, Emrick, quantitative Easton, Tioga, organic chemistry; chemistry; Ruby Johnson, Kensal, cosmetics; Vance Vaupel, Valley City, Materia Medica; Erwin Fraase, Embdon, prescriptions; Lennart Hammargren, North Branch, Minn. precipitation and crystallization of solutions; Charles Halliday drug mills; and E. G. Ferguson, Fargo, publicity.

### 175 In Contests

Approximately one hundred and seventy-five students will be here during May Festival to take part in the sixth annual North Dakota State High

School Agricultural Judging Contest, according to Prof. Edward H. Jones, state supervisor of agricultural education.

These students will judge livestock on Thursday and attend the open house of the school of agriculture that evening. The contest will be conducted by the Saddle and Sirloin club. Wayne Weiser is superintendent of the contest and has Theodore C. Olson to secure the holders; Robert J. Adams to look after the dope sheet; and Gilbert Mowm as head of the squad leaders.

On Friday morning the students will enter the poultry and crop contest. After they have completed the judging work, they will be at leisure to look over the exhibits in the Agricultural building. On Friday evening a banquet will be held for all of the contestants in Ceres hall, where the winners of the various contests will be announced and prizes awarded.

### HOLLYWOOD BOULEVARD

With the most chic and exclusive shops in America, reveals the smartest fashions, the finest fabrics, and styles which are a year ahead of all other styles in America.

The Hollywood Shopping Service executes any shopping commission from one fine linen handkerchief to a Rolls-Royce (with as many doo-dads as Tom Mix has on his big white Rolls), complete even to a horn with chimes or a bugle call. Anything you see on the screen that a star is wearing, that we can buy and ship to you.

The Hollywood Shopping Service does all this for you quite free of extra charge, asking only that you state your size, correct measurements, color preferences, or other particulars, when you enclose your Postal Money Order for the articles desired. Correspondence is solicited and satisfaction is guaranteed. Please check over the following list and let us know your wishes by an early mail.
