

## Finnegan Named Athletic Director Commissioner Of Elections Calls For Petitions

### Eight Members Must Be Named To Commission

**Athletic And Publications Board  
Must Be Filled At Election  
Monday, March 12**

A call for petitions for candidates in the elections to be held March 12 has been issued by Richard Hackenberg, commissioner of elections. Petitions must be in the hands of the commissioner before 12 o'clock Thursday noon.

All members of the student commission, new members to the board of publications, and student members on the board of athletic control will be chosen at the election Monday. This election is the big contest of the year and the entire student body must turn out to vote. Polls will be open from 8 a. m. to 6 p. m. in the registrar's office. A complete list of the candidates will be published in The Specterum Friday.

Petitions for candidates must be signed by twenty-five (25) bona fide students of the North Dakota State college. These petitions, except, of course, for the signatures, must be in typewriting.

#### Offices Listed

Offices on the student commission which must be filled in the election are as follows: president, commissioner of elections, commissioner of judiciary, commissioner of campus, commissioner of athletics, commissioner of social affairs, commissioner of public speaking, and commissioner of finance.

The president must be in the last half of his junior year when elected, and the commissioners of Judiciary, Public Speaking, and Athletics shall have completed or be pursuing the last half of their sophomore year when elected.

Offices for the publications board which must be filled are as follows: one freshman member, and one junior member. These candidates must belong to their respective class, and only members of that class may vote for said candidates.

Both these officers will hold office for two year terms. The present business manager and editor of the Bison will graduate to membership on the board after this year. This leaves but two offices to be filled at the election. When complete the publication board must consist of three seniors, two juniors, and one sophomore. The freshman elected this spring becomes a sophomore upon taking office next year, and the junior elected becomes a senior next year, filling out the membership.

Three members of the athletic board must be elected from the student body as a whole.

A resolution to set commencement ahead one week has been submitted by Blue Key, national service fraternity, and will be voted on at this election. The advantage of having this ceremony set ahead is to allow it to take place when the students are still on the campus. At present the ceremonies are held after school has closed in the spring.

#### Official Notice

There will be a meeting of the Junior Class in the Little Country Theatre Wednesday March 7 at 12:45 p. m.  
Cy Peschel, President.

### Jane Eddy In Heroine Role; Averts Art Club Disaster

Jane Eddy, a Sophomore student in Home Economics, has proven herself a veritable heroine. Thursday night the Art Club was quietly proceeding with routine work at a business meeting when a streak of gray followed by one of white flashed around the studio accompanied by the usual chorus of feminine shrieks, and staccato yips and flying fur. Jane, manifesting magnificent calm and courage, proceeded directly into the melee and extracted from the whirling mass an offended and puffed-up hissing gray cat, at the same time admonishing a much chagrined and apologetical Pip, her dog.

### Rockne Tells Story Of Grid Development

**Famous Football Coach Delights  
Audience With Lecture  
Monday Night**

Knute Rockne, dean of American football coaches, gave an interesting lecture on "Athletics as Applied to the Game of Life" in the armory last evening before a crowd of delighted listeners.

A keen knowledge of human nature, natural drive and vigor, and a keen wit and sense of humor make Rockne a most interesting and pleasing lecturer. His firm belief in the complementary value of training on the field and in the classroom is evident in his message. The drive and vigor necessary to big results in the American commercial world are qualities which must be developed in youth, maintained Mr. Rockne.

#### Corrects Misunderstandings

In his talk, the great grid mentor shows vividly and with refreshing humor the misunderstandings in the public mind concerning intercollegiate sports today. He tells the story of the development of football from a gladiatorial contest to a science of strategy, and shows the value of athletics as an education for life.

Born in Norway, Rockne commenced his education in the Chicago public schools at the age of five, and worked his way through Notre Dame university to complete his education. Succeeding Jess Harper as coach of the Ramblers his teams lost but one game during his first season. It was during the third year that Rockne achieved the ambition to send a Notre Dame team through the season undefeated. His teams have played 100 games since then, have lost but eight and tied three. Rockne's elevens hold the never equalled percentage of 91.8.

### 12 Victories Chalked Up By Bison Shooters

Twelve victories were chalked by the Bison rifle team in their matches fired since last Tuesday. Only one team, the University of Iowa succeeded in eking out a win over the State shooters, and this by but three points.

Teams who were defeated were North Dakota, South Dakota State, Iowa State, Indiana, Northwestern, California (southern branch), Porto Rico, Depaw, Kansas A. and M., Western Maryland, and Connecticut State. The match with the University of North Dakota was not the shoulder to shoulder match but the regularly scheduled mail match.

### McDunn Has Lead In "Dr. Jekyll and Mr. Hyde" Tonight

**Great Mystery Play To Be  
Staged In Little Country The-  
atre Today, Tomorrow**

Floyd McDunn, senior in the school of chemistry, has the leading role in "Dr. Jekyll and Mr. Hyde" which will be presented by the Edwin Booth Dramatic club in the Little Country Theatre tonight and tomorrow night.

The same manipulations used by the great Mansfield, the first interpreter of the dual character of Dr. Jekyll and Mr. Hyde will be employed by Mr. McDunn who plays that part in tonight's production which is the winter term play of the club.

Alfred G. Arvold, head of the department of public discussion and social science, who is directing the masperpiece, attended one of the performances by Mansfield.

#### Taken From Novel

The story is that of Robert Louis Stevenson's novel, "The Strange Case of Dr. Jekyll and Mr. Hyde", who has created such an impression that "Jekyll" and "Hyde" have become proverbial symbols of the good and evil in human nature.

Dr. Jekyll, through the agency of a drug, is able to assume at will a dwarfish, repulsive form, embodying all the evils in his nature, so that in this shape, under the name of Edward Hyde, he may indulge in his baser desires. Another dose of the same potion allows him to reassume the tall form of the benevolent physician until the failure of the supply of drug leads to the inevitable catastrophe.

Mr. McDunn is president of the Edwin Booth club and has been prominent in dramatics at the college for the past few years playing such roles as "Shylock", "Papp Todd", and others.

#### Eleven In Cast

The entire cast includes: Dr. Jekyll and Mr. Hyde, Floyd McDunn; J. C. Utterson, Esq., a lawyer of Chancery Lane, Foss Narum; Rev. Edward Leigh, vicar and father of Alice Leigh, Victor Lindgren; Dr. Lanyon, of Cavendish Square, Roy Peterson; Inspector Newcomen, of Scotland Yard, Carl Ash; Poole, butler of Dr. Jekyll, Graham Fuller; Guest, Mr. Utterson's clerk, Ralph Welsh; McSweeney, a policeman, Cecil Carroll; Wilson, a detective, Donald Lawrence; James, footman to Lady Durswell, Cecil Carroll; Biddy, a cook, Doris Boyle; and Alice Leigh, the vicar's daughter, Edith Thorsell.

Scenes represented in the play are: Act I, Garden view of the vicarage and church; Act II, room at Mr. Utterson's; Acts III and IV, same as Act II.

### Theta Chi Will Build New Fraternity Home

Decision to construct a new fraternity home at the North Dakota State college was reached at a meeting of the combined active and alumni groups of Phi chapter of Theta Chi fraternity held Thursday night at the chapter house, 1316 Twelfth av N.

#### NOTICE

Saddle and Sirloin meeting tonight in the veterinary building. Election of officers will be held; presentation of medal to Lizandro Guerra; and a talk by Dr. A. F. Schalk.

### New Athletic Director

Charles C. Finnegan

### Move Under Way To Advance Graduation

**Blue Key Sponsors Plan To Have  
Students On Campus When  
Exercises Are Held**

A move to set the date of commencement one week earlier than heretofore has been undertaken by the local chapter of Blue Key, national service fraternity. Plans are being formulated to introduce a resolution in the elections next Monday so that the entire student body may vote on the subject.

The fraternity has started this movement because of much agitation toward that end by individual members of the student body who have taken part in past commencements. At present the graduating ceremonies are held after school has closed, after the students other than those who are graduating have left the campus, and when no one, save their own parents and close friends are present to see the senior class receive their diplomas.

#### Will Create Impression

"Blue Key plans to have the entire student body on the campus while the ceremonies are being conducted. Under this plan the seniors will be catapulted into life amid the plaudits of their schoolmates; they would leave the campus with the others; and their last glimpses would not be of a dormant, sleepy college, but of an active, live organization of students, a scene which will create a lasting impression on our future alumni," said Richard Hackenberg, acting president of the fraternity.

A survey taken by the fraternity has established the fact that a great number of students and faculty are heartily in favor of having this important part of college life set ahead one week to allow the students to take part in witnessing the exercises.

### PHI KAPPA PHI ADMITS TEN SENIORS TUESDAY

The winter term initiation and regular meeting of Phi Kappa Phi was held in the college Y. M. C. A. Tuesday evening, February 28, at 7:30. The following seniors were taken into the chapter: Floyd McDunn, Clair Southam, Jennie Grant, John Spielman, Ruby Oscarson, Gladys Whitney, Edgar Barron, Madelyn Parrott, E. H. Potter, and Irene Brown.

### New Sports Head To Assume Duties Here July First

**Grafton Mentor Will Be Assisted  
By Head Football And Head  
Basketball Coaches**

Charles C. "Casey" Finnegan, of Grafton, one of North Dakota's foremost high school football coaches for the past 10 years, has been named athletic director of the North Dakota State college, according to an announcement made Saturday by President John Lee Coulter.

According to present plans, Finnegan will have complete charge of the physical education department and will be assisted by a head football coach and a head basketball coach, and as many assistants as are necessary for the development of the proposed program.

Finnegan graduated from Ripon college, Ripon, Wis., in 1913. He took an active part in all athletics and was center on the football team for two seasons. He learned his football under the tutelage of Fred Leuhring, present director of athletics at Minnesota, and from E. O. (Jumbo) Steihm, who later coached at Nebraska and Indiana universities.

#### To Grafton In 1915

Finnegan's first coaching position was at Oconto, Wis., where he turned out a very successful team. He went to Grafton in 1915 as a science instructor and was made head football coach in 1916. That season Grafton scored its first gridiron triumph over Grand Forks.

In 1917 when the United States entered the World war, Finnegan entered the officers training school at Fort Sheridan and was commissioned a second lieutenant. He was overseas for almost two years. He won a promotion and two citations for gallantry in action while commanding a company of the Eighth Machine Gun battalion, third division, in an attack during the Meuse Argonne offensive. After the armistice he was stationed in Germany for several months, acting as battalion athletic officer.

Finnegan returned to Grafton in 1919 and his first three football teams turned in victories over Grand Forks by scores of 6 to 0, 35 to 0 and 14 to 0. On three occasions his teams reached the finals in the state championship play only to be turned back, a remarkable record considering the available material at a school with the enrolment of Grafton high. Many Grafton players have made good in collegiate circles, and coaches who have handled Finnegan's graduates will testify that they were well versed in fundamentals.

### Vernon M. Stowe Is Honored By Society

Professor Vernon M. Stowe, Ph. D., has recently been honored by Sigma Xi, honorary scientific society, which elected him to membership in their University of Iowa chapter. Initiation was held February 29. Professor Stowe is an instructor in the school of chemistry and has been affiliated with the college for the past three years.

#### NOTICE

Orders for Senior Class rings will be taken Wednesday afternoon in the Bison-Spectrum office. A deposit fee of two dollars will be received with the orders.  
R. E. Millard, president.

### WHEN TO GRADUATE

Today's Spectrum carries an article stating that Blue Key, national service fraternity, has started a move to have commencement one week earlier than heretofore. Such a move is desirable because it will allow the students to be on the campus while the ceremonies are being conducted, and incidentally, to be able to witness their schoolmates take part in the most important and impressive services of their college career.

At present the students finish school before the seniors are due to graduate and most of them leave for their homes immediately, leaving the graduating class alone on the campus to carry on their services without the plaudits of their companions. In every other signal accomplishment of the students, their friends share their joys and are present to offer congratulations. Why, in this all-important case, should not the entire student body be on hand to witness these ceremonies? Why should the graduating seniors be deprived of recognition on the eve of their departure from the cherished realities of college life?

There is the other side also: the argument that the seniors would rather have the campus to themselves, that their leaving should be, and preferably, quiet, modest, and unassuming. But human nature manifests itself. When one has achieved an honor it assumes twice the proportions if that honor is recognized by those who understand, and rejoice with he who is honored. It is natural, and nature must be served.

When the student body votes in the election Monday, these arguments must be weighed. Nothing can be done about this year's commencement but the future must be provided for. If the resolution to set graduation ahead is accepted by the student body, Blue Key will have the "powers that be" behind them, and the outcome will not be in doubt as to the ultimate triumph of this reform.

### CENSORING A CENSUS

Friday's convocation in the armory was a pitiful spectacle. Out of a student body of twelve hundred, there could not have been more than three hundred present. And still we profess a desire for a new armory and other new buildings. Under the very nose of an important state officer we fail, by numbers, to voice a need which we have been broadcasting by voice and print for so long. The aged armory was not a third full of students. Vacant seats were more plentiful than occupied ones. Anyone who did not know the underlying facts (and our state officers do not) would get the general impression that the armory was more than adequate, and that we have too many buildings here now for such a shrivelled up student body. Is it any wonder that supreme court decisions, and state legislation prevent us from expanding to take care of the large enrollment we really have, when only one fourth of that enrollment manifests itself? Whether or not the students cared to hear the speaker's message is irrelevant. The point is that a state officer stood on a platform and looked down on North Dakota State's student body,—and that student body lied, willfully and inexcusably.

## Just Comment

WISE and OTHERWISE

SOMETHING NEW again! Doctor C. S. Putnam has announced that preparations are being made to handle a men's glee club. Some time ago we printed an article in this column stating a request which we believed came from a large group of male students—namely, that such a musical organization be formed. It will be remembered that last fall close to one hundred men answered the first call for a mixed chorus. This chorus was used in a radio program put on principally by the Gold Star Band. After that program no more practices were held. In response to the stand taken by The Spectrum Doctor Putnam stated that the musical department lacked the necessary facilities and instructor to handle the proposed glee club. Now, in addition to all of his other work, Doc has managed to squeeze in an extra hour or two for a glee club of male voices. The first rehearsal is called for Thursday afternoon at four o'clock. All men interested in singing should be sure to report for the first practice so that Dr. Putnam can get a line on the prospects. He stated that if sufficient interest is displayed that later in the season another mixed chorus will also be formed. Here is an opportunity for those interested in singing to enjoy some fine training. Be sure you are on hand Thursday afternoon to help put the new organization on its feet.

Last Tuesday's edition carried a Student Opinion article written by the president of the Pep Club stating that he was certain that at least twenty-six members of that organization attended the recent basketball games at Grand Forks. In reply The Spectrum wishes to say that his statement settles the point concerning the

numerical attendance. We feel sure that he will see that our impression was formed merely because the Pep Club did not make itself felt at the game in the manner in which it usually does. The Spectrum is pleased to note that the members of the Pep Club were on hand to support the team in the same fine spirit that has always characterized their program. This club, new in our college this year, has been a most important factor in keeping the Bison spirit on a high plane. May it continue its work as a permanent organization on our campus.

OUR CAMPUS, with its many trees, winding avenues, and spacious lawns, is a valuable asset to the college. It must be kept beautiful by the students. We must be very care-

### I'M THE FROSH

I'm the frosh who thinks he's good. I like to leave a good impression by telling people all about my marvelous high school records. Whenever I'm complimented upon my excellent playing on the freshman football team, I say, "That's nothing! When I was playing for Blank High school I ran sixty yards for a touchdown, etc., etc." Or when I make a difficult shot in frosh basketball practice, it just can't compare with the one I made for dear old Blank a year or two ago that won the district championship. I can't understand why my marks are so low, either, because when I was at Blank I used to knock down nines all the time. It's funny, and darned peculiar. Perhaps if I didn't waste so much time telling everyone how good I am, I could get better grades. Some people would call this conceit, but I just like to be appreciated, that's all.

ful during the approaching thaw and wet weather. During the several warm spells that Fargo has enjoyed recently, it was brought to our attention that some of those students having homes in the vicinity south of Twelfth avenue and between Thirteenth and Fifteenth streets, have been so inconsiderate as to tramp across the lawn back of and near the library. It is claimed that the campus has already shown the ill effects of this wear. Any student who may be guilty in the future should be put in a class by himself.

### SUPPER CLUB WILL BE ORGANIZED THURSDAY

A Y. M. C. A. supper club will be organized at a meeting in the "Y" dining room Thursday evening at six o'clock. Prof. W. T. Rolfe will be the speaker of the evening. The club is being organized to provide a general get-together for the men on the campus and all are cordially invited to attend. The plan calls for a similar meeting each Thursday evening and a speaker will be present. Each person attending will be charged thirty-five cents. An open forum will follow the speaking.

## Courses Influence Students To Choose This College

The types of courses offered at the North Dakota Agricultural college furnished the major inducement for 32 per cent of the present freshmen to choose this college in preference to others.

This college offers a bachelor of science degree in Science and Literature, Agriculture, Architectural Engineering, Architecture, Biology, Chemistry, Civil Engineering, Education, Electrical Engineering, Home Economics, Mechanical Engineering, and Pharmacy.

Special advantages are offered in paint chemistry, physics, botany, mathematics, public speaking and dramatics, economics (agricultural and general), and social and political sciences.

All the work that is taken at the North Dakota Agricultural college is fully credited by the North Central Association of colleges and secondary schools, and also the Regents of New York.

## Ebullitions of Ebony Blott

By Everett Wallum

We won't ever have to worry about debating leaving Fargo. It has just entered the homes, that's all.

Athletics is not only Fargo's hobby, but it is the housewife's hobby; most every husband thinks he is quite a sport.

A debate is a debate, but an argument with a girl is a monologue.

Which doesn't mean that gossiping of females is a catalogue.

When a man argues with his wife, that isn't debate. It's suicide.

Most married men's debating experience is "yes, m'dear."

A lot of the girls on the campus would like to see men take up debating, instead of dancing, so they'll learn to stand on their own feet.

To lapse, again, into crude and degenerate humor, we would like to say that a girl can catch a man, but not with debate.

Men used to debate on women. Now, they just whisper about them.

A deaf school took up debating once, but too many students dislocated their wrists.

Debating may be more cultural than than athletics, but you can't take off twelve pounds talking to yourself.

More of this home debating ought to be taken up—about 2,000 feet and dropped into a volcano.

Why not combine athletics with debating, like the girls do when they play basketball?

We could debate on the armory, but we're afraid it wouldn't hold us.

They ought to call Dr. Jekyll "Debate", because he had two sides.

The photographer's union started a debating club, but all of them wanted to take the negative.

The debating beginner can take heart by remembering that the "goat" is best on "rebuttal".

Our idea of a quiet debate would be Coolidge versus George Fisher.

We pick Bill Thompson on our All-American debating team to keep the audience laughing.

Rockefeller or Henry Ford to make them cry.

And the bill collector to make 'em gasp.

With Jesse James, as coach, to take the prize.

# Kappa Psi Quint Clinchs Greek Loop Title

## Delta Sigs Second In Standings, Rhos Third

### Theta Chi-Pharmacists Tussle Still Undecided But Has No Bearing On Championship.

Inter-fraternity basketball has come to an end with the exception of one game which was postponed from last Thursday. The Kappa Psi quint has the cup cinched but has a game yet to be played with the Theta Chi quint.

#### THE STANDINGS

	W	L	Pct.
Kappa Psi	13	0	1000
Delta Kappa Sigma	10	4	714
Alpha Gamma Rho	9	5	643
Alpha Kappa Phi	8	6	571
Theta Chi	7	6	538
Alpha Sigma Tau	5	9	357
Delta Pi	3	11	214
Beta Chi	0	14	000

In winning the cup, the Kappa Psi team won thirteen straight games. They exhibited a good brand of basketball and always had the punch to come across with the winning points. Second place honors go to the Delta Sigs with ten victories. The Sigs administered the most decisive setback of the season when they overwhelmed the Delta Pis 39 to 3 in the first round of play.

Third place is held by the Gamma Rhos who played like champions one night and the next would play mediocre basketball. The Kappa Psis rest in fourth place. The high spots of their play came when they beat the Theta Chis twice and the Sigs once. Theta Chi has a chance to share fourth place with the present holders if they beat the Kappa Psi quint.

The Sigma Taus hold sixth place with the Delta Pi team in seventh. Beta Chi shares the cellar alone with fourteen losses. Most of their last round games were forfeited.

Games played the last week were hotly contested and brought the season to a successful close. Intense interest was shown by the students and very often several hundred were on hand to cheer their favorites. Captain Millard is to be complimented for the work he did in refereeing some of the more important games.

### KAPPA TAU DELTA GETS HARVARD EXHIBIT HERE

Kappa Tau Delta, honorary architectural fraternity, has received a traveling exhibit from the department of architecture of Harvard university. This exhibit is composed of student and graduate work in design of the eastern school and includes some of their major and minor projects, thesis problems, and still life water colors. The exhibit is shown at a limited number of schools of architecture.

Farm Husbandry	2	16	111

## YMCA Claims Campus Title; Win 18 Games

### Victors Dispute Kappa Psi Right To College Championship; May Play Series

Winning the Y. M. C. A. basketball league undefeated and with a record of 18 victories, the powerful Y team puts forth a claim to campus basketball leadership and are ready to dispute their standing with the Kappa Psi, winning quint of the interfraternity loop.

Many fans of both the leagues are in favor of a mix in order that a campus champion may be definitely decided. Action between the captains of the Y quint and the Kappa Psi is all that is needed for a series to be arranged and played between the two loop leaders this week. A four game series, two games being run off on the Y court and two on the Armory floor, would no doubt be desirable.

The Y's claim to share campus honors with the Kappa Psi is not groundless. The Y five easily outclassed all the other teams in the Y tournament and were only slightly worried by the Whippets. The Whippets, however, had plenty trouble to finish second in the race. In the feature game of last weeks play the Whippets just managed to nose out the Arkeetex 31-30 in an overtime period game.

The high school team, the Demons, showed the most improvement of any team in the league. Last Friday night the Demons played the loop leading Y team and exhibited a fine brand of basketball despite their 30-18 loss.

The closing of the Y league Saturday marked one of the largest and most successful leagues in campus basketball history. Much credit is due to Gil Moe who refereed most of the games and had general charge of the league, for its success.

## Five Men Honored By Spectrum Selections

### Radde Picks All-Greek Team; Kappa Psi Places Two Men; Newgard Rates Guard Post

By OLIVER RADDE

Four fraternities are represented on the all-interfraternity basketball team. The Kappa Psis have two men; Rhos, Sigs and Theta Chis each have one man on the mythical quint.

#### ALL-GREEK SELECTIONS

Oscar Hanson, Kappa Psi, Forward.  
Johnny Mach, Gamma Rho, Forward.  
Eric Tonn, Kappa Psi, Center.  
Joe Blakeslee, Delta sig, Guard.  
Jug Newgard, Theta Chi, Guard.

Hanson of the champions gets his berth by virtue of his consistent work at forward. He was the main cog in the pharmacists offense and was a hard man to stop. Mach gets the other forward position because of his stellar work and excellent team play. He is a "dead" shot and directs the offense nicely.

Tonn has the center position all to himself. He is a fine performer and rarely failed to get the tip-off. His work under the basket also produced many points. He should make a good bid for a varsity berth next winter.

Joe Blakeslee and Jug Newgard are placed at the guard positions because of their consistent and efficient work all season. Jug is a veteran while Joe is a recruit. Blakeslee should also make a good bid for a varsity berth next winter.

These men seem to be the outstanding basketballers but were pushed hard by several others. Weenie Miller, Howell, Wahl, Johnny Smith, Lloyd Clark, Widdifield, Art Chandler, Skaret, and Seigal turned in some nice games. Miller and Smith would probably have been placed on the team had they played in all their team's games.

## Midgets Easily Place First In Tournament

Fargo High school continued its winning stride by disposing of Sheldon, Page, and Hope in the sub-district tourney held at the State college armory, Friday and Saturday of last week. Hope had previously defeated Tower City and Casselton.

Charley Kimball's Midgets had little difficulty in disposing of their tourney competition this far while Hope was hard pressed in their contest with Casselton.

Next Friday night, Fargo will again play on the State college court, meeting Wahpeton for the district title and the right to go to the State tourney at Mandan, March 16 and 17.

## Bison, Nodaks Draw In Hockey Tilt Here

The Bison hockey team, victorious in a session with the University of North Dakota ice artists at Grand Forks 10 days ago, were held to a scoreless tie on the Bison rink Saturday when a hot sun had converted the arena into a mass of slush.

The two teams battled through three periods of play on a sheet which was anything but conducive to a high quality performance. The Bison had a big advantage keeping the puck in Nodak territory most of the time. The University goalie was forced to stop 21 shots while McRoberts' two stops made up his afternoon's work. Landbloom, Blakeslee, Johnson, and McDowell starred for the buffalo skaters.

## That Price - no more

Is all you need to pay for the world's finest pen!

Here's the world's easiest writer due to Parker Pressureless Touch! A fine ink channel ground between the prongs of the point brings capillary attraction to the aid of gravity feed, causing an immediate and steady ink flow at touch of point to paper. No pressure from the fingers. The light weight of the pen itself is sufficient.

Here, too, is Parker Permanite Material—28% lighter than the rubber formerly used, yet 100 times as strong.

Parker Precision in manufacture still further insures accuracy.

5 flashing colors, 3 sizes of pen barrels, 6 graduated points, leave nothing to be desired in a fountain pen at any price.

So pay \$5 or \$7 only to get a permanently satisfactory pen.

Pencils to match Pens, \$3, \$3.50, \$4.

Be careful to get the genuine. You'll know it by the imprint, "Geo S. Parker—DUOFOLD."

## K NEWSY K NOSEY KAMPUS K KOLUMN

Earl Bute, class of '24, was a Theta Chi caller Saturday.

Marlowe Osman spent the weekend at his home in Buffalo, North Dakota.

Donald Peet, class of '25, was a Theta Chi visitor Friday and Saturday.

Raymond Bassett, Theta Chi pledge, spent the weekend with his parents in Wahpeton.

Inez Lunder and Hazel Heald spent Saturday and Sunday at Ada, Minnesota.

Myla Atkin, of Valley City, visited Ruby Johnson at the Phi Omega Pi house.

Phi Kappa Lambdas held a pot luck supper before the Lyceum Monday evening.

Delta Kappa Sigma announces the formal pledging of Arthur Cramer, of Dilworth, Minnesota.

Sigma Thetas held a luncheon in Ceres hall Thursday noon. Elizabeth Fitzgerald was hostess.

Alpha Kappa Phi announces the formal initiation of Elmer Stranahan and Cecil Bliss, both of Fargo.

Plans are being made by the sophomore home economics girls for a formal dinner to be served next Friday evening.

Virginia Wright is in charge of the "Movie Party" to be held in the art studio of Science hall Saturday, March 10, by the Sigma Thetas.

Mrs. Buttles, chaperone at the Phi Omega Pi house, spent the weekend at Jamestown, with her sister, Mrs. Wells.

Dorothy Berrigan has charge of general arrangements for the Art Club Formal party to be held in the art studio of Science hall, April 28.

Mr. and Mrs. Andrew Erickson, Mr. and Mrs. Henry Brown, Mr. and Mrs. Alex Nemzek, and Mr. Masche were Theta Chi dinner guests Sunday.

Marion Hartley, Billie Eastgate, Doris Wilner, and Ruth McKinnon spent the weekend at their respective homes, in Staples, Larimore, Tower City, and Mapleton.

Father Vincent J. Ryan was the speaker at a meeting of the Catholic Students Club Tuesday evening in the Knights of Columbus hall. Freshman students were taken into the club at this time.

Miss Minnie Anderson of the clothing department was the speaker at the Thursday meeting of the Y. W. C. A. Her topic was "Clothes for All Occasions."

Harry Swanson, '24, assistant city engineer of Fargo, Abner Ingebretson, '26, Northern States Power Company, and Syvert A. Gunness, '26, of Schaefer Oil and Refining Company, visited with their brothers at the Delta Pi house last week.

The freshman girls in home economics will be the guests at a tea to be given by a sophomore meal planning class. May Borgen and Elizabeth Fitzgerald will pour. A similar tea was given last week for the junior and senior girls.

Della Johnson, '27, was a weekend visitor at school.

"Boots" Anderson, of the Delta Sigma house, was in Fargo over the weekend.

Marion Trowbridge and her sister, Mrs. L. E. Souers, are entertaining the members of the Sigma Theta basketball team this evening at 6:30 at the home of Mrs. Souers. The members of the team who will be guests are: Olive Osness, Iola Osness, Margaret Cooper, Elizabeth McDonald, and Miss Dorothy Hatch. The Sigma Theta team won second place in the recent inter-sorority basketball league, being defeated by the Non-sorority 14-11. Miss Cole, director of girls athletics, will also be present.

## WANT-ADS

RATES—Three cents per word for two insertions. Payable in advance.

LOST—Antique gold bracelet, supposedly at Military Ball. Finder please return to Spectrum office. Liberal reward offered.

## Non-Sorority Team Is Victor In Tournament

The Non-sorority team won the Inter-sorority basketball tournament by defeating the Sigma Thetas 14-11. The teams were tied with four victories apiece and the deciding game proved to be one of the most interesting contests of the tournament. Bud Osness, Sigma Theta forward, was the highest scorer in the tournament and her team's victories were greatly due to her accurate shooting.

Other players to be commended for their playing are Grace Sjordal, Lambda forward; Sarah Moore, K. D. guard; Gladys Bockwaldt, Non-sorority guard; Aletha Winn, Pop forward; and Merriam Morrow, Beta forward.

The standings for the tournament are:

	Won	Lost
Non-sorority	5	0
Sigma Theta	4	1
Delta Phi Beta	3	2
Kappa Delta	1	4
Phi Kappa Lambda	1	4
Phi Omega Pi	1	4

## Courts Defended By Judge Christianson

Chief Justice of Supreme Court Replies To Criticism Of State Judiciary

Replying to criticisms of the courts in a talk at convocation Friday, Judge A. M. Christianson, chief justice of the North Dakota supreme court, declared that "the court simply interprets the laws and applies this interpretation judicially, which should be the practice of every good citizen."

Judge Christianson's theme was "The Citizen's Duty Toward His Laws," and dealt with the relation of the citizen to the statutes.

"Government means selves," the judge declared, "therefore the laws are opposed by ourselves. The forces of government protect us throughout life and this government is of our own creation. If the citizen were to apply the same methods as the judge on the bench in interpreting the laws he would not violate them any more than would the judge."

"Good citizenship and good sportsmanship mean obeying the laws as they are laid down."

The convocation period was held in the armory and A. E. Minard, dean of science and literature, presided.

## Lizandro Guerra Wins First In Judging Test

Paul Abrahamson A Close Second In Annual Competition Here Saturday

Lizandro Guerra, a senior in the school of agriculture, was high point man in the annual Student's Judging Contest which was sponsored by the Saddle and Sirloin club Saturday.

Paul Abrahamson, was second having nine points less than Mr. Guerra in the total score. The high score was 656 out of a possible 750 points. Those who were close contenders for the high score are as follows: E. Peters, Mervin Tuntland, Robert Adams, Gilbert Moun, Wesley Bruns, W. Isenberger, G. McCleary, James Long, Vergil Weiser, Howard McLeod, Wilfred Plath and Theodore Loy.

In the beef cattle division: R. Joe-dre and L. Guerra were tied for first and second place, M. Todd was third, Wesley Bruns and E. Peters were tied for fourth and fifth place. Kenneth McGregor, manager of the Hartley Farms at Page, North Dakota, was the judge of the beef cattle.

L. Guerra took first place in dairy cattle; P. H. Bumann, second; Theodore Loy, third; Clarence Lochrem, fourth; Ralph Welch, fifth. Obert T. Skrei, Glyndon, Minn., was the judge of the dairy cattle.

Wesley Bruns was high man in hogs; Morris Barks took second; Henry P. Sullivan third; Peters, Plath, and Isenberger were tied for the next three places. William Guy, Amenias,

North Dakota, was the judge of the swine.

Howard McLeod was first in sheep; P. H. Bumann second; M. Tuntland, Ralph Welch and Rogness were tied for the next three places. Fred Schroeder '26, Valley City, North Dakota, was the judge of the sheep division.

James Long and Robert Adams were tied for first and second places in horses; Howard McLeod and Carl Clardy were tied for third and fourth places; and Ralph Diehl was fifth. Dr. Don McMahon, Fargo, North Dakota, was judge of the horse division.

The contest was in charge of LeRoy D. Lillie, a senior in the school of agriculture and a member of the 1927 Fat Stock Judging team. Fifty-eight students took part in the contest and it was very successful.
