

Marvin Spielman Heads Honor Roll for Fourth Time

Alpha Zeta Again Leads Campus Organizations in Spring Term Averages

For the fourth consecutive time, Marvin Spielman, of Larimore, North Dakota, has lead the North Dakota State College Honor roll. Figures released by the registrar yesterday show the junior chemist perched on top of the list with a 96.9 average for the spring term, 1927.

The last term in his freshman year found Mr. Spielman at the head of the column, a sort of "King of the Hill" arrangement from which no one displaced him during his sophomore year the final term of which was completed with the above average. Spielman is a member of Alpha Kappa Phi social, fraternity, and Alpha Phi Omega honorary chemistry group.

Rud and Walde Tie

Christine Rud and Arthur Walde tied for second place on the college roll with 96.3 each. In the High School Department, Christine Jundt ranked first with an average of 93.7, and Eric Thomsen a close second with 93.6.

At the top of the organization list, the Alpha Zeta, honorary agricultural fraternity, stands unmolested but closely challenged by the Y. M. C. A. Cabinet. The former's mark is 88.1 and the latter's 88 even. The School of Education had the highest standing of its group, making an average of 83.9. The general institutional average was 81.6.

Senior Class Leads

The average of the greek letter men and women continued to maintain a higher standing than the non-fraternity men and the non-sorority women. The senior class held undisputed claim to the class averages with a mark of 85.6.

The Student Grades for the Spring Term, 1927, are:

General Institutional Average

All students, all curricula..... 81.6
All men, all curricula..... 81.0
All women, all curricula..... 82.8

College Average

All regular undergraduates..... 81.4
All men 80.8
All women 82.5

(Continued on page four)

ATTENTION!

FRESHMEN, STUDENTS

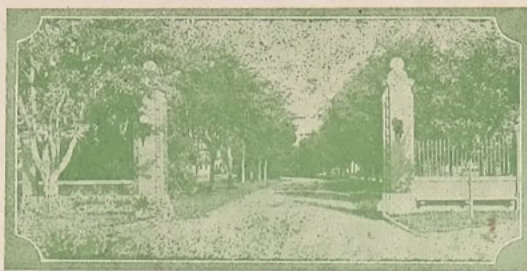

Your notice is called to Student Commission rulings made last spring and which are still in effect. The Commission is the student governing board and their legislation must be lived up to by the students body. Please observe the following:

1. You may walk on the grass but keep off old paths, and avoid making new ones.
2. Parking is restricted to the following places:
North side of main drive, Main Gate to Dairy Building, with the exception of directly in front of Old Main, where parking is limited to 20 minutes; West side of drive in front of Science Hall; North side of drive Ceres Hall to Chemistry Building; and in the special parking spaces across from the armory and in front of the Agricultural Building.
3. All forms of athletics are restricted to places provided for them unless otherwise sanctioned by the Commission. This means no playing ball on the campus, since Baccotah field is maintained for that purpose.

Welcome, Class of 1931

PRESIDENT COULTER

MAIN GATE

Members of the Freshman Class, which will hereafter be known as the Class of 1931, you of course know that all members of the staff of the college are glad to welcome you here and extend greetings. I am sure that one hundred percent of the upper classmen, including not only the Juniors and Seniors but also the Sophomore group welcome you. Some of you as individuals may doubt this occasionally in an unguarded moment, but it nonetheless is true that speaking for members of the staff and student body combined we are very glad to welcome you. I shall have an opportunity at an early date to discuss with you for a period of half an hour some of the traditions and most important features of college life. Having matriculated, this College is now your Alma Mater, and I desire first of all to appeal to you to uphold her traditions and to stand up for your college at all times. Learn the college songs and yells, get acquainted with the upper classmen and faculty, familiarize yourself with all of her traditions, customs and rules of the College, and you have before you the most interesting, the most happy and the most valuable period of a life time.

Welcome to the College,

From

John Lee Coulter

President.

Frosh Enrollment May Break Record

Sorority Rushing Will Begin Next Monday

Sigma Thetas Start Program With Party To Be Held Monday Night

Formal rush week for the social sororities of the Campus will be the second week of the fall term, from October 3rd to the 9th. According to the ruling of Pan-Hellenic Council, each sorority has preferred dates for two parties; an afternoon party lasting from 4:30 to 6:30 p. m. and an evening party lasting from 8:00 until 10:30 p. m.

Betas Entertain Wednesday

Delta Phi Beta will have their afternoon party on Friday and the evening party on Wednesday. Phi Omega Pi drew Thursday for the afternoon date and Tuesday for the evening date. Wednesday will be the day of the Sigma Theta afternoon party and Monday their evening party. Phi Kappa Lambda has Monday and Thursday for their afternoon and evening parties. Kappa Delta received Tuesday for their afternoon party and Friday for their evening party.

The rushing captains for the sororities are Delta Phi Beta, Alta Berg; Phi Omega Pi, Mary Klinsman; Sigma Theta, Dorothy Volkamer; Phi Kappa Lambda, Mildred Vold; and Kappa Delta, Lorinda Bechtel.

Pan-Hellenic Party Is Tonight

All women students enrolled at the State College are invited to attend the party given by the Pan-Hellenic Council in the Armory, tonight. A wide variety of entertainment has been planned so that every one will enjoy the evening. The party begins at 8.

Ruby Oscarson is general chairman and the heads of the committees are refreshments, Loretta Nilles; publicity, Dorothy Volkamer; entertainment, Edith Thorsel; and arrangements, Marian Schroeder.

FRESHMEN NOTICE

In past years it has been customary to begin the process of initiation immediately after registration. This year, in order to cultivate a better school spirit, a new program has been inaugurated to eliminate some of the pineboard tactics of yesterday. Freshmen should realize that these regulations are imposed, not to humiliate them, but to initiate them into the spirit of the school. Following are the regulations adopted by the Student Commission. They are to be enforced strictly by the Sophomores with the assistance of the Lettermen's Club, and the Blue Key service fraternity:

1. All freshmen, without exception, must wear green caps. If you haven't purchased yours, get it at the Bookstore at once.
2. All freshmen shall enter and leave the campus through the Special Freshman Gate at the south walk on 12th avenue and 12th street.
3. Do not wear letters of other schools.
4. Attend ALL convocations.
5. Learn the school song.
6. NO cutting of classes.
7. Observe all signs on the campus, especially the Bulletin Boards and Campus Ordinances.
8. No smoking on the campus.
9. Be courteous at all times. Do as you are told. Don't grumble or crab.
10. Buy your Baby Bison Bible.
11. NO PAINTING on any building or structure on the campus. Any person found guilty of doing so, regardless of class, will be subject to expulsion from school.

These rules will be strictly enforced starting Monday morning. Be a good sport, keep your sense of humor, and obey the rules of the game.

MORRIS OLSON,
President, Class of '30.

College Roll Should Pass Thousand Mark

All Rooms In Dormitories Have Been Taken For Some Time Says Registrar

Freshman enrollment promises to break all records at North Dakota State College, according to A. H. Parrott, registrar. Over 420 freshmen have enrolled to date which is an increase of 10 per cent over the figures at this time last year.

The total college enrollment bids fair to pass the 1,000 mark, although authentic figures are not yet available, according to Mr. Parrott, since registration has not yet been completed. All rooms in the boys' and girls' dormitories have been taken for some time, an event unprecedented in the history of the school. If the strictly college enrollment reaches 1,000 another record will be broken, an increase of 14 per cent being already recorded over last year's figures at this date. Last year's freshmen enrollment totalled 382 at the end of the first week of school in 1926.

Many Yet To Register

There are still many freshmen to register, stated Mr. Parrott, and the final figures will not be available for some time. "All records are broken as it is," he said. "It is just a question of how heavily they will be broken from now on."

The total enrollment of the college has been increasing at the rate of 14 per cent for the past four or five years, according to the records. This in itself reflects the growth of the institution and the need of added facilities. Many idle rooms have been converted into classrooms to handle the influx of freshmen.

NOTICE

All Cross Country men report at the gym at 3.30 this afternoon.

Leonard Saalwaechter,
Cross Country Coach.

Forty-three Frosh Grid Candidates Report for Action

Saalwaechter Receives Hearty Response From Ranks Of Baby Bison

Forty-three husky frosh athletes, some of whom would at present be able to give a strong bid for varsity positions, have answered the call.

Four states have contributed athletes to the squad, with North Dakota leading in number listed. South Dakota has several good representatives in Leo May, Paul Bunt, and Nobil Jaspersen of Aberdeen, and Red O'Connor of Elkton. Illinois is represented by Leonard Freiberg and Gil Johnson of Rockford, and Cecil Carroll, formerly of Sycamore, Ill., but now living in Fargo.

Minnesita Men Strong

Minnesota's strongest candidates for places on the frosh team includes Del Bryson of Staples, Ken McArthur of Hancock, and Gerald Murrey of Parker's Prairie.

Some of the outstanding stars from North Dakota high schools are Joe Blakeslee, Walter Shamp, Emanuel Denio, and Horace McGrath, of Fargo, Anton Hromas, and Bill McCulley of Oakes, Pariseau and Hagen of Grafton, Dick Overby of Park River and Ray Bassett of Wahpeton.

Outlook Bright

The outlook is very good for the team as a whole, with several good men fighting for each position. The backfield prospects are especially good and a merry battle is being waged for the various positions. If the line develops to the standard set by the backfield, the Flicker Frosh are due for a battle royal.

Coaches Saalwaechter and Mach are working daily with the frosh squad and the initial tangle with the varsity is billed for Saturday. Games with the University Frosh, Wahpeton School of Science, Park Region College, and several of the larger High Schools will be arranged so that the Baby Bison will have some of the needed experience for Varsity competition next fall.

The complete list of the frosh football candidates is as follows:

(Continued on page four)

SHAMP WANTS EXTRA SPECIAL MOLESKINS

A pair of pants may be plural but the fact that Leonard Saalwaechter, frosh football coach, is looking for a pair much larger than any made by the athletic goods manufacturers seems rather singular. This sudden demand for last season's moleskin supply was caused by the enrollment of Walter Shamp, captain and star tackle of the 1926 Fargo high school grid team.

"Pewee," as he is adroitly, but somewhat satirically, dubbed by his friends is 19 years old, weighs 252 pounds, and stands well over six feet in his stocking feet, which, when properly attired, necessitate a goodly supply of leather. When Shamp announced himself as a candidate for the Baby Bison team, Saalwaechter searched the supply room in vain for the expansive clothing necessary for such a promising man. The best the coach could do was to take the largest pair of pants in the house, remove all the padding, and tuck in the mammoth tackle, much to the annoyance and disarrangement of the waistline.

Then the tailors were called in to measure the giant youth for a pair of moleskins that will allow Shamp, padding and pants to run around together.

DON'T SCRATCH YOURSELF!

The other day a freshman jumped out of a car in front of Science Hall and made a dash for the door. He was ten minutes late for a nine o'clock class and he observed nothing about him as he frantically hurried across the grass. In his mad haste he scratched himself badly by an overhanging branch of a nearby tree all because he had his vision focused on the entrance to Science Hall and not on things about him.

There are many students who are going to be "badly scratched" during their college careers if they fail to take the right attitude toward college life. Too many students at this college have their eyes focused on graduation and a profession beyond. Too many keep plodding through the darkness toward the end of their college years where a puny salary and position await them. Too many are blind to what is going on about them here in college. Too many hurry through it with nothing to show for it at the finish but a diploma. Too many are going to be hurt and "badly scratched" by disregarding college activities.

This is a bit of advice to the incoming freshman as well as a plea for the older students. Why should we be content to merely sit in the classroom and absorb the learning expounded there? Let's give the school as much if not more than we take out of it. Back all student activities, make our paper and yearbook truly representative, turn out for dramatics and forensics, back our athletic teams to the last second of play, take part in intramural sports, and make a bigger and better North Dakota State College that's making you!

ON THE FIGURE "31"

Now is the time for all good men to come to the aid of the Sophomores! It won't be long now before the newly acquired freshmen will begin to decorate the campus with their green paint, setting forth gaudy "31's" with a mysterious and startling rapidity.

Just a word about those 31's. It's only natural that the frosh should want to ascend to great heights in planting their class number and colors, but at the same time the school ought to be taken into consideration. If the frosh are permitted, or if they do so without permission, to paint their "31" on top of the buildings on the campus, we're going to have a mussy looking college. Some of the older buildings still bear scars of former interclass wars in the shape of slowly fading figures, but a stop ought to be put to that practice. Time alone can erase the questionably decorative numbers on the roofs; and until they are erased the campus will look like a scratch pad on the desk of a man trying to figure out his income tax!

WE APPRECIATE your past patronage and solicit your future work. When you think of laundry call the DIXON for service and quality. We darn sox and sew on buttons without extra charge.

Just Comment
 WISE and OTHERWISE

FRESHMEN, will find many valuable sources of information in this issue of The Spectrum. Most of the rules which apply directly or indirectly to the Class of 1931 are to be found in the front page columns. These rules and regulations are to be read and remembered as well as carried out to the last word.

THE FROSH FOOTBALL squad will find a complete list of names following the story on Page One. No doubt this is your first collegiate achievement. Take an extra copy of The Spectrum and send it home. Show the folks that you're starting things right.

THE SPECTRUM AND BISON are still on the lookout for staff members. Everett Wallum, editor of the Bison, has some interesting jobs open to members of all classes, including freshmen. The Spectrum is in receipt of several applications for positions and will publish the entire staff on the masthead soon. In the mean-

I'M THE BIRD

I'm the bird who is always borrowing cigarettes. Smoking is such an expensive pleasure that I never could afford it if I had to buy my own cigarettes, so I sponge off my friends. I know they don't like it at all when I continually "bum" them for smoking and it must make their cigarette bill soar pretty high, but it sure saves me plenty. At first I just asked for cigarettes and carried my own matches, but now I ask for a match too. They might just as well save me the price of a box of matches while they are handing out cigarettes. You know matches count up pretty fast at a penny a box! I'm always breaking in on other people's business just to ask for a 'rette, and I, sure make the fellows sore. But I should worry. What are friends for anyway, if it isn't to furnish me with smokin'?

Getting the baby to sleep

time the applicants will be kept busy on assignments, proving their true worth to the Editor. All those interested in Journalism should apply for these positions at once.

FIGURES FOR the spring term Honor Roll show Marvin Spielman in the lead for the fourth consecutive time. This is extremely commendable, and before Mr. Spielman graduates he should have piled up an enviable record behind him in scholastic standings.

RESPONSE to The Spectrum's call for cheerleaders has been instantaneous. Already two men, a freshman and a Junior, have signified their intention to take up the job. If there are any more men who want to try out, or if any girls would like to, please give your name to the Editor at once. Arrangements will be made for your public appearance at the first rally.

BOSTON THEATRE OFFERS THOUSAND DOLLAR PRIZE

Boston, Mass., Sept. 26.—The startling number of suicides among college students during the past year has led a patron of the Repertory Theatre of Boston to offer \$1,000 for the best American play which shall hold up faith in life to the youth of America. The announcement of this prize has been made by the trustees of the Repertory Theatre through whom the award will be made. The competition is open to any person who shall have been a student in any college, university, or dramatic school in the United States at any time during the calendar year of 1927.

Ebullitions of Ebony Blott
By Everett Wallum

Due to the absence of Mercade Cramer, who graduated last year, this column welcomes each and every freshman.

CRAMER WAS THE OFFICIAL FRESHMAN RECEPTION COMMITTEE HERE FOR FIVE YEARS, AND HAS SHAKEN MORE HANDS AND GIVEN MORE SOUND ADVICE THAN A COMBINATION OF PRESIDENT COOLIDGE AND WEBSTER'S ABRIDGED.

You freshmen needn't look so down-hearted. You are the oldest tradition we have.

Traditions are sometimes slighted, but the freshman class is one tradition that the sophomore's won't neglect.

As you enter the college, you will see many huge build-ings. No, that is not the wood-shed, that is the Arm-or-y. Be care-ful, or Sarge might get you.

NO, SARGE ISN'T VERY BIG, BUT SIZE DOESN'T MEAN ANYTHING. IF SIZE COUNT-ED YOU WOULDN'T BE A FRESHMAN. THEY HAVE GUNS IN THE ARM-MOR-Y. YES, THEY GO BOOM. OF COURSE THEY DON'T SHOOT B. B'S.

Now this is the Main build-ing. No you can't eat here. You've got to reg-is-ter here. Speak up, and tell him what-your pappa's name is. NO, you needn't tell him you have seven cows and a colored picture book.

NOW RUN IN AND BUY YOUR BOOKS. OF COURSE YOU WON'T BE FORCED TO TAKE A PUNCH ON THAT NAS-TY OLD PUNCH BOARD! JUST TELL THE NICE MAN THAT YOU DON'T GAMB-UL.

That's the li-bra-ry. They have many books there. Yes, more than a hundred, even. You mustn't go in because the place is crowd-ed. I told you the books are there, and you'll have to be-lieve me, because we can't go in.

YOU WANT TO KNOW WHAT THAT STA-TUE STANDS FOR? IT STANDS FOR—LET'S SEE—WHY, OF COURSE, IT STANDS FOR—COME ON, YOU'VE ASKED NOW COME ON, YOU'VE ASKED

Doc Putnam is organizing a freshman band of twenty-five pieces. After the freshman-sophomore fight, this band will be in about seventy-five pieces.

The dumbest early-season freshman discovered on the campus was one who stubbornly insisted that a freshman band is a green necktie.

A FRESHMAN IS A PERSON THAT A COLLEGE CANNOT GET ALONG WITHOUT, AND A SOPHOMORE CANNOT GET ALONG WITH.

If Kenneth McCullough, a sophomore, helps initiate the freshmen this year, history will again repeat itself when "a little child will lead them."

The freshman is the goat, probably because his green cap goes around a button.

You can always tell a freshman by his green cap and his dark glances.

SOPHOMORES INSIST THAT THE BEST WAY TO TELL A FRESHMAN IS WITH A PADDLE.

A freshman thinks of a sophomore as a combination of Lon Chaney and Bull Montana in their most ugly mood.

Freshmen Are Urged To Join Harriers

Coach Saalwaechter Points Out Value of Distance Runs To Other Sports

Freshmen are especially urged to turn out for the Bison cross country team, according to Coach Leonard Saalwaechter. Prospects for a winning harrier aggregation are bright, but any freshman who wants to condition himself for track or basketball later in the year will find the cross country experience valuable, said the coach.

Returning veterans include Reynolds, Millard, Nelson, Zeissler, Dobbert, and Zeissler. Sally is looking for candidates and freshmen will be eligible to run in all home events.

Nelson Wins First

Last year's homecoming meet was won by Walter Nelson, with Weiser, Zeissler, and Reynolds finishing in the order named. Medals which will be awarded the four men will be displayed in the Spectrum Office windows next week. Coach Saalwaechter states that the same practice as last year will be used this year, that of awarding medals to the men finishing first, second, third, and fourth in the college meet.

Minnesota Meet Scheduled

At least three meets will be run this year, one with Minnesota, the date of which has not been set, one with South Dakota State, probably at Homecoming, and then the college meet to determine the medal winners. The students have, in the past, responded to the sport, and Coach Saalwaechter looks for rapid strides, both in runners and in popularity, this fall.

INTERSTATE BUSINESS COLLEGE
124 ROBERTS STREET

---Fizzes From Foss Fates---

The thundering herd of the lowly Frosh is closing in on us. Anyway, that's what I heard. They are coming to get an education so they can earn a living. Others get married. But Frosh, it's the hard grind that puts on the polish. Look at the upper classmen. The records show an increased enrollment of men in the Math department. Seems as though men are more interested in figures. The Physical Ed and Architectural departments are both offering courses in "Curves." Too much laying down spoils the rising generation. The freshmen are just poor fellows trying to get ahead. The ones they have are no good.

The Bison cross country team has a fine five mile course. The sport makes a fine "feeder" for relay and distance running on track teams. It has a distinct advantage in training for basketball and other sports. Candidates should report at once, according to the coach.

COULTER ADDRESSES FARGO ROTARY CLUB

"The North Dakota State college is a tremendous advertisement for the city and the state. It brings the leading talent of the nation and the world to our state."

Such was the statement of Dr. John Lee Coulter, president of the college, in an address before the Fargo Rotary club at noon Wednesday on "What the State College of Agriculture Means to Fargo and to North Dakota." "It may be recalled here," Dr. Coulter said, "that during the last year the leading scientists from practically every country in the whole civilized world visited the agricultural college. This includes experts from China, Japan and from all of the leading

European countries, including Russia and those least in contact with the outside world. In this way the people of North Dakota are kept in touch with the leading thinkers of the world through interviews, lectures and information in general.

"Another way of looking at this subject is the importance of the college and experiment station and extension division in helping the farmers' and other groups of citizens to solve their problems."

Y. W. C. A. CABINET HOLDS MEETING WEDNESDAY

The Cabinet of the Y. W. C. A. held its first meeting for the year on Wednesday afternoon, at which time tentative plans for the coming school year were made. Regular meetings open to all members of the organization will be held every month, with a program supplying music, speakers, and discussion groups. A new plan of securing members was adopted for this year, with a Membership Drive to be held the week of November 28, to December second. All women students or faculty members desiring to join the Y. W. C. A. this year will be asked to sign a pledge card and to pay one dollar dues for the year. The dues will be applied directly on the organization's quota to the National Student Y. W. C. A.

All women of the College were guests at a Tea given by the Advisory Board of the Y. W. C. A. at Ceres

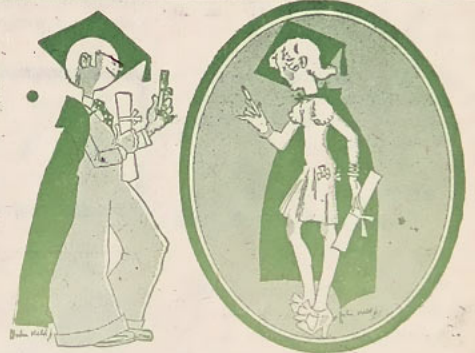

Hall parlors on Thursday afternoon from three thirty to five thirty. This Tea is an annual affair, given for the purpose of helping all new students or faculty women to get acquainted with those who have been here before.

Mrs. I. W. Smith was general chairman of the arrangements. She was assisted by Mrs. I. W. Christensen, refreshments; Mrs. C. E. Miller, program; and Mrs. P. I. Trowbridge, publicity. The student cabinet of the Y. W. C. A. acted as assistant hostesses.

Tom Caniff, a graduate of the college and a member of Alpha Sigma Tau, is now taking his master's degree here.

"Was it a good lynching?"
"No, very poorly executed."

This Pen Must Stay in Perfect Order or we make it good without charge

The custom of sending Gifts to Graduates has now been extended by general accord to include those in the lower classes who have manifested sufficient industry to pass their final exams.

To know what to give, one needs but observe the students' own expressions of preference for the Parker Duofold Pen and Pencil.

To have earned the favor of the younger generation is our reward for serving it with studied personal interest. We have lifted the frowns from student brows [among others] by giving the world a writing pair that are inspirations to work with and beauties to possess.

All those in favor of owning, or giving the finest — whether for Graduation, Birthday or Wedding Gifts, or for prizes at Bridge or Golf—will signify by stepping in to the nearest Parker pen counter. The first thing to look for is the imprint, "Geo. S. Parker," on the barrels. Then nobody will be disappointed.

Parker Duofold Pencils to match the Pens:
Lady Duofold, \$3; Over-size Jr., \$3.50; "Big Brother" Over-size, \$4
THE PARKER PEN COMPANY - JANESVILLE, WIS.

Parker Duofold JUNIOR \$5

Lucky Curve Feed and 25 Year Point
Duofold Sr. \$7 Lady Duofold \$5

The First Cost is the Last Cost

April 1st we began to service Duofold Pens without charge. It is useless to pay more for any Pen.

A Complete Optical Service

It requires both an Optometrist and an Optician to render a complete service. The Optometrist determines what errors of vision exist and prescribes glase for their correction. The Optician does the necessary mechanical work to furnish the lenses as directed by the Optometrist. We perform both these duties in full accord with the latest ideas in Optometry.
