

BATTALION INSPECTED FOR RATING TODAY

Gay Cat Day Under New Plan Given Hearty Student Support

COULTER ANNOUNCES BUILDING PLANS FOR MEN'S DORMITORY

Sophomores Win Meet—C Co. Gets Cup in Cleanup Drive—Bison Out

Broaching plans for the erection of a men's dormitory quadrangle and an addition to the administration building with other improvements in facilities of the North Dakota State college, President John Lee Coulter addressed students at the Gay Cat day convocation Wednesday morning and later awarded prizes to winners of the day's competitions at the all college party held in the armory Wednesday night.

The sophomores laid aside the oaken paddles, prominent in Gay Cat festivities of other years, to win a tug of war and a baseball game from the freshmen deciding the supremacy of the second year men. The athletic meet in which men and women representatives of each class competed, stood 33 to 28 in favor of the frosh when the sophomores tied by winning the tug of war match. The ceremony of evening gun and battalion parade at 3:45 p. m. followed by distribution of the Bison yearbook closed the afternoon program.

C Company Wins

In the morning cleanup drive, C company was awarded the cup offered by Captain Thomas S. Smith for the best cleaned area. The cup offered in the sophomore-freshman song contest was won by the first year men with a plaque being given the sophomores for winning the athletic meet.

The men's quadrangle building, plans for which were announced by Dr. Coulter, probably will be situated north of the practice house. According estimates announced some time ago, the structure will cost approximately \$150,000 and will be a modern fireproof building, built in apartment house style, with lobbies, clubrooms, and all accommodations of an up-to-date clubhouse. Two hundred men, who will make up the first six clubs of the system under which the men's housing will be handled, will be accommodated in the new building, Dr. Coulter said.

Dr. Coulter pointed out other improvements which are to be made on (Continued on page three)

SOPHOMORES WIN BALL GAME FROM FRESHMEN

The sophomore-freshman girls' baseball game played Thursday morning at 7 o'clock resulted in a decisive victory for the sophomores, 14-3.

All games will be played from 7-8 in the morning. In case of inclement weather they will be played in the gym.

The complete baseball schedule follows:

Monday, May 23—Soph-Upper class; Tuesday, May 24—Freshman-Upper Class; Wednesday, May 25—Sophomore Freshman; Thursday, May 26—Sophomore-Upper Class; Friday, May 27—Freshman-Upper Class.

GAMMA RHOS SHUT OUT SIGMA TAUS

The champion Gamma Rho ball clouters defeated the Sigma Tau nine 19-0 in the initial game of the campus league Tuesday evening. The Rhos took advantage of every break in their efforts to score and played air tight ball when in the field. Guertin, Rho twirler, allowed but two hits in the first four innings. Sullivan relieved Guertin in the fourth inning and held the Taus hitless for the remaining frame. Mach was on the receiving end for the Rhos.

Martin worked on the mound for the Taus during the first three innings and was relieved by J. Johnson. Anderson did the backstop duty for the Taus.

FROSH TRACK MEET TUESDAY

NORTH CENTRAL TELEGRAPHIC EVENT WILL BE HELD ON DACOTAH FIELD

Freshman tracksters will compete in the annual North Central conference freshman telegraphic track meet Tuesday at four o'clock, according to Coach Leonard T. Saalwaechter. All freshmen desiring to enter the meet are requested to hand their names to the coach before Monday noon.

The Baby Bison cinder men look exceptionally good this year, and form an excellent foundation for Saaly's policy of bigger, better track at North Dakota State. The telegraphic meet should find enthusiastic frosh entered in every event and offering strong competition to the freshmen of other institutions.

In several previous meets the freshmen have taken a good share of the points only to have them disregarded because of eligibility rules regarding freshmen. Hays, Hayes, Aitkin, McKechnie, and others have featured the track and field events of several of the meets and their efforts Tuesday will be recorded in determining the freshman championship track team of the conference.

TWO-MAN TRACK TEAM TO REPRESENT BISON

A two man track and field team will represent the Bison in the conference meet at Sioux City today and tomorrow, Coach Saalwaechter announced yesterday. Herman Zeissler and Hans Tronnes are the pair to do the point-getting for the Bison.

Zeissler is entered in the high jump and broad jump events, and Tronnes will toss the javelin and compete in the tennis tournament. E. C. Bolmeier will also take part in the tennis events and will pair with Tronnes in the doubles matches.

The basketball conference schedule for next year will be made at a meeting of the coaches following the meet.

Last year Zeissler scored the lone Bison point made in the meet when he placed fourth in the high jump. Tronnes will make his first appearance in a championship meet. The two-man team is expected to offer strong competition in their respective events.

PRESIDENT COULTER ANNOUNCES COLLEGE FACULTY CHANGES

Dean Cole Resigns—Jackson and Others on Leaves of Absence

Changes in the teaching personnel of the college, decided upon at a meeting over the weekend of members of the state board of administration, and Dr. John Lee Coulter, president of the college, were announced Monday by Dr. Coulter.

In session with Dr. Coulter, were R. B. Murphy, president of the board; F. E. Diehl and W. J. Church, members who had attended the May Festival held last week at the college. Joseph A. Kitchen and Miss Bertha R. Palmer, state superintendent of public instruction, other members of the board, also were in conference pertinent to the changes.

The resignation of Mrs. Myrtle Gleason Cole, as supervisor of extension projects for women, was accepted, effective Sept. 1, and Miss Grace DeLong, who has been assistant supervisor, was promoted to take Mrs. Cole's place. Mrs. Cole also has served as dean of women. Her successor for that position has not been named.

Miss Ida Ingalls, who has been instructor in clothing in the school of home economics, was transferred to the extension division, and will have charge of the work formerly carried on by Miss DeLong.

Mrs. Loudon To Retire

Mrs. Dorothy A. Loudon and Miss Alice Flaten have indicated their intentions to retire from college activities permanently on or about Aug. 1, and their resignations were accepted. Miss Letitia Jones, a graduate of the agricultural college, whose home is in Grand Forks county, and who has been teaching economics in the city schools of East Grand Forks; and Miss Erble Steen of Carson, N. D. who also has completed the home economics course at the college, will be employed to take the place left vacant.

Miss Edith Challey, who has been associated with Professor Arvold's work in the Little Country theater, tendered her resignation, effective at the close of this college year, and Mr. Donald Hay, another North Dakota man, who has assisted Mr. Arvold in the past, was elected as instructor in this department. He will take up his duties in this work with the opening of college in September.

Miss Charlotte Blake, who will graduate from the college in June and who is on the faculty staff of Con-

(Continued on page four)

NOTICE

Will all the girls in the tennis tournament please play off the first round this week and either record the scores on the gym bulletin board or give them to the tennis manager, Mary Klinsmann.

PHI KAPPA LAMBDA TO HOLD FORMAL SATURDAY

Phi Kappa Lambda sorority will hold its annual spring formal party at the Powers hotel Saturday evening. The hours of dancing will be from 8:30 to 11:30 p. m.

Honor guests will be Dr. and Mrs. John Lee Coulter and Mrs. Myrtle Gleason Cole, dean of women.

The patronesses of the sorority, Mmes. Kent Darrow, W. W. Fuller, A. E. Minard, N. B. Black and Misses Ida Ingalls, Christine Finlayson and Frances Bailey, will also be guests.

Margaret Casselman, chairman of the arrangements committee, is assisted by Mildred Vold, programs; Lucille Piper, favors; Marion Schroeder, music; and Grace Skjordal, invitations and guests.

WALSTER LEADS CLUB DISCUSSION

DEAN OF AGRICULTURE GIVES DISCUSSION ON CORRECT CROP ROTATION

Merely rotating crops on North Dakota farms does not necessarily mean much improvement in the farming system—the value lies in rotating the right crops in the farm system.

This was pointed out by Dean Walster, dean of agriculture, in a discussion of the science of crops to the Fargo Commons club, Monday night.

Dr. Walster took the club members on a tour of the trial plots at the experiment station farm, and demonstrated the truth of this statement by showing the experiments under way and explaining some of the results obtained.

"The use of timothy and millet in the rotating system is worse than useless," said Dean Walster. "It is actually detrimental to the succeeding crops."

"It is important to have clover in the rotation for a number of reasons. It is extremely valuable in making the nitrogen in the soil and in the air available as a plant food for succeeding crops. It makes the ground mellow, is a great aid in draining the soil and it helps to warm up the soil."

Following the talk and demonstration, dinner was served in the college YMCA dining hall. Dr. James P. Aylen, president of the club, presided.

SENIORS WILL BE EXCUSED FROM CLASSES

Members of the graduating class this year will be excused from attendance of classes after Thursday, June 1, it has been announced by A. H. Parrott, registrar. Seniors registered in courses that are not regular senior subjects will not be excused from classwork. The ruling does not apply to makeup work.

THETA CHI ENTERTAIN MOTHERS ON SUNDAY

Members and pledges of Theta Chi entertained their mothers at an annual tea given at the chapter house Sunday. The hours were from 2:30 to 5 p. m. Twenty-five mothers were in attendance. Ronald Millard had charge of arrangements.

BISON CADETS TRY TO RECOVER GOLD STAR DISTINCTION

Majors Bonesteel, Danford To Review Unit Today, Saturday

Staging a drama of war maneuvers in practical and theoretical classwork, the R. O. T. C. battalion of more than 400 students at the North Dakota State college will be reviewed and inspected by the Federal inspection board Friday and Saturday. This inspection determines the annual Gold Star ratings given distinguished college units.

Major Robert M. Danford, former commandant at West Point and at present on duty in the office of chief of field artillery, Washington, D. C.; and Major Charles H. Bonesteel, on duty in the office of the chief of infantry, Washington, make up the inspection board this year. Major Danford and Major Bonesteel arrived from the University of South Dakota, Tentative Program

A tentative program has been outlined for the Bison unit's activities Friday. The local battalion has been on a schedule of strenuous work during the last week in preparation for the inspection, the announcement of which was received later than in other years. The War department's selection of the local unit for inspection came as a last minute change in inspection plans for northern schools in the 7th Corps area. Only ten colleges in the 7th Corps area the being inspected this year. The Friday program will be divided into two parts, the morning and afternoon activities. The morning schedule will be taken up with ceremonies, drill, and practical exercises. The afternoon will be devoted to classroom work, including practical drills, and mechanical features pertaining to weapons. In case of inclement weather, the day's program will be altered somewhat.

The battalion will assemble at 8 a. m.; Adjutant's call at 8:15 will be followed by battalion parade with the review and inspection of the cadet unit by the federal board.

At 9:15 a. m. a platoon will be selected by the inspectors to obtain packs for pitching tents and displaying equipment. Two other platoons will stage a formal guard mount ceremony with the remainder of the battalion acting as the old guard.

Close and extended order and physical drill with practical tests in leadership of sophomores, juniors and seniors will be held. With the completion of the formal guard mount at 11:30 a. m., the inspection board will hold a conference with President John Lee Coulter.

The unit again assembles at 1:15 p. m. in the college armory without arms and equipment. Freshmen and sophomores will be given examinations in classroom work, including mechanical work with weapons. Seniors and juniors will be given examinations. The theoretical examinations will be concluded at 4 p. m. and the board will complete the day's activities with a inspection of the military department facilities. The program for Saturday, if any, has not been announced.

About 4 p. m. Something new.

A BETTER GAY CAT DAY

A Gay Cat day of new traditions was successfully introduced Wednesday. There was nought of the class skirmishes that marred former Gay Cat days. Instead of the frosh and sophomores coming out with battered skulls and in tattered rags and with an occasional professor having his dignity stepped on, there was a spirit of cooperation among classes and individuals.

The close of the new style celebration offers opportunity for improvement. More than 70 students were taken off the campus by another event, a situation that was unavoidable this year. Conflicts in dates can be remedied. The student commission or student body at the next election should select a day in May that annually would automatically determine the Gay Cat date.

The cleanup drive on the campus is a good feature. The cadet battalion showed splendid spirit in the ways its members combed the grounds. The review and military ceremonies of the day were chiefly responsible for the organization of the students for the Gay Cat program. In future celebrations, the annual parade might be restored. More than one query as to "When the parade was?" was heard uptown.

There were not as many Co-eds taking part in the program Wednesday as there might have been. This absence may be corrected by introducing additional features on the Gay Cat program.

Some of the color and gaudiness of former Gay Cat days was lost by discontinuing the costumes and parade. Perhaps, the new policy is best with college students finding new and more radical departures from fashion each day. Certainly, the new era will not come in a mere 24 hours. The committees can begin planning and perfecting the next Gay Cat festivity by checking the results gained Wednesday.

GROWING

The announcement made by President Coulter at convocation Gay Cat day came doubtlessly as a stunning surprise. Plans of the men's dormitory had been rumored about the campus before but the actuality of getting scientifically cooked food at Ceres hall was too good to be true. In fact the students are to be reprimanded. They sat with mouths agape last Wednesday and forgot to applaud or visibly respond for the action being taken to improve our college.

Students, both men and women alike, might well take advantage of the new courses and facilities in cafe management and operation. The experience gained might well be used by persons who plan entering such a business.

Home Economics Students To Run Ceres Dining Hall

SCHOOL TO GIVE COURSE IN CAFE, TEA ROOM MANAGEMENT NEXT YEAR

A new course in cafe and tea room management and operation will be offered students by the school of home economics next year, it was announced recently by President John Lee Coulter.

The Ceres Hall cafeteria will be turned over to the department to be used as a laboratory for practical work in administration of eating establishments as a feature in the course. To provide for proper instruction and management, an instructor is being sought to take care of the work.

1,000 Meals To Be Served

The need for such a course as well as the use of the full facilities at the college cafeteria with an increasing student body brought about the innovation. It is expected that more than 1,000 meals will be served daily at the Ceres Hall dining rooms, under the new arrangement, said President Coulter.

A men's quadrangle to be built on the campus north of the practice house will house 200 additional students at the college. Steps to properly supervise kitchen facilities at the college dining hall were felt necessary to serve meals to the students.

The course proper will take up all details of planning menus, preparing and serving meals, solving of dietetical problems, along with the finances and other factors in cafe operation. Students will be given an opportunity to serve in many capacities with the tasks being rotated during the term for students.

Dairy, poultry and garden products to be used by the cafeteria will be furnished entirely by the college experiment station. The dairy and poultry departments will each employ an additional member on their staffs to take care of the demands for the serving of fresh viands, and dairy products.

It is also expected that new arrangement will furnish additional work for self-supporting students.

STUDENTS PRESENT PAGEANT AT LISBON

More than two thousand people witnessed the "Soul of the Ages," a pageant given at Lisbon Wednesday by the public discussion and social service department of the college and in which seventy or more students took part. The pageant was directed by Alfred G. Arvold, head of the department.

The spectacle told the story of agriculture as it has developed from the time of early Egypt down to the present time. It was presented in three episodes, the Orient, Europe, and America. Many historical characters were represented in the production.

The pageant was given on Rosemary Island at Lisbon and an enormous crowd gathered to witness the spectacle. Special pageantry music was furnished by part of the college band.

The same pageant was produced in the Little Country Theater on Wednesday, May 11, and although it was originally planned for outdoor production, it met with the approval of its audience.

SENIOR PLAY "ORPHAN AGGIE" TO BE JUNE 10

"Orphan Aggie," a romantic, four-act comedy by Harvey O'Higgins and Harriet Ford, has been chosen by the senior class of the North Dakota State college as the class play. It will be presented at 8:15 p. m., Friday June 10, in the Little Country theater.

The cast of characters chosen follows: Walter Boerth, Constance Melchoir, Dorothy Kretzschmar, Fred Byerly, Emery Putnam, Chester Ellickson, Anita Mary Blake, Adolph Wall, Myrtle Sagen, Jorgen Birkeland, Mercade Cramer, T. Warren Tewksbury, and Rae Kneeshaw.

Crary-Ryan Wedding Held On Wednesday

The wedding of Miss Marie Jeanette Crary, daughter of Mr. and Mrs. A. W. Crary, 1103 Sixth st S, and George S. Ryan, Minneapolis, son of Mrs. Lillian Ryan, Stillwater, Minn. The ceremony was held at St. Anthony Church, Wednesday at 9 a. m., in the presence of a company of relatives and friends. The service was followed by the nuptial mass and two brothers of the bride, John and Vincent Crary, were the servers.

Mrs. H. G. Nilles, church organist, played the Mendelssohn march as the bridal party entered the church and took their places at the altar, and she also played the accompaniments for Mrs. J. T. Layne and Miss Ursula Andersson who sang, "Ave Maria," and who sang solos during the mass.

Mr. and Mrs. Ryan will make their home in Minneapolis.

Mrs. Ryan is a graduate of the Fargo high school and attended St. Benedict's academy at St. Joseph, Minn., for two years. She also attended the North Dakota State college where she is a member of the Delta Phi Epsilon sorority.

Mr. Ryan is a former student of the University of Minnesota and a graduate of the Minneapolis Art institute. He is connected with Critchfield & Co., an advertising concern of Minneapolis.

Mr. Hendrickson and Mr. Adams of the U visited the Kappa Psi chapter house last Friday night. Both of the above mentioned are members of the Sigma Nu fraternity of that institution.

EBULLITIONS OF EBONY BLOTT

By Everett Wallum

Inspection today to see whether we can come back, like Enoch Arden, and win a gold star or get a cold stare.

The gold star means as much to this school as the golden moon means to a pair of lovers.

ALL THE SCOTCHMEN WILL BE ASSIGNED TO ONE PLATOON FOR CLOSE ORDER DRILL.

Extended order drill was originated for those whose order for uniforms has extended over three months.

The freshman who tells the inspecting officer that you can't do left shoulder arms because there is only one arm on that shoulder will please not rattle his brains as he leaves the armory.

THE BATTALION CAN'T RAISE CANE AT INSPECTION, BUT THE SPONSORS CAN.

The Cadet does not have to be a carpenter to change step.

Now that freshmen and sophomores have spent a whole week in cleaning their rifles, they have an idea of what it is like to really wash behind the ears.

No bayonets will be used this year. In other words, cadets are losing the point.

It's a good thing Kneeshaw isn't in the ranks. A man of his size would have to use three counts when counting off.

A cadet who can be counted on is better than one who can merely be counted off.

IN EUROPE, MOST OF THE COUNTS ARE OFF.

You'd think, by the way some of these cadets have acted in the past, that they wear a black necktie to show absence of life from that point up.

Notwithstanding explanations from various sources, we contend that the reason a soldier wears a brown uniform is to prevent embarrassment.

A squad of eight men entered a cannibal island. There they were, a squad of ate men.

"Ah, he will be commander in chief" gurgled the cannibal as he put the General over the fire for the King's meal.

"FIRE AT WILL!" ROARED THE GENERAL. BUT NOT A SHOT WAS HEARD FOR NONE OF THE CADETS KNEW WHICH WAS WILL.

If the battallion wins a gold star, Doc Putnam's band ought to get a platinum comet set in diamonds.

NO. THE BAND DOES NOT PLAY THE FOOTNOTES FOR THE CADETS TO KEEP STEP.

You do not have to be a "high flyer" to get a gold star.

Let's see now, who was it—oh yes, General Sherman—who said War was Marriage.

History does not repeat itself. Washington chopped down a cherry tree, and got to be a General. I chopped down two apple trees, and where am I now?—General Hospital.

If an officer went to a dentist, would that be a military drill?

THE DIFFERENCE BETWEEN THE UNIFORM WE HAD LAST YEAR AND OUR SKIN, IS THAT OUR SKIN DOESN'T FEEL TIGHT.

New Gay Cat Day Plans Endorsed

(Continued from page one)

the campus, stating that in a short time plans will be announced for an addition to the main building, which will consist of three floors and basement, and which will balance the building architecturally and provide additional room for the departments in that building, many of which are extremely crowded at this time.

Students Complimented

The speaker complimented the students on the flagpole which they erected Wednesday and urged that the leaving of a memorial on the campus be made a new tradition of Gay Cat day, which this year became a basis for new traditions at the school, the old idea of hazing being dropped.

Pointing out that State college has come into the class with the big colleges, having passed the 1,000 mark in its regular enrolment this year, Dr. Coulter stated that its pioneering days are over and urged that fine traditions be established along lines that were not possible in the school's earlier history.

The military department, with the morning gun and raising of the colors, dedicated the new 90 foot flagpole west of main gate entrance Wednesday morning.

The various fraternities and sororities put on stunts during the program, and Dr. C. S. Putnam's Gold Star band played several numbers.

Sororities and fraternities that staged acts and song numbers were, Alpha Gamma Rho, Kappa Delta, Alpha Kappa Phi, Delta Phi Beta, Kappa Psi, Delta Kappa Sigma, Theta Chi Sigma Theta, Phi Kappa Lambda, Alpha Sigma Tau, and Phi Omega Pi. The acts were followed by the sophomore-freshman contest, another innovation of the annual Gay Cat day festivities.

Activity on the campus began very early Wednesday, the Bison battalion staged a cleanup campaign which left the grounds spick and span. Girls of the school served coffee and doughnuts to the boys after the work was completed.

ADE WALL TO ATTEND SCHOOL IN NEW YORK

Ade Wall, senior in the school of education, has received a scholarship to the school of the Playground and Recreation association of America, New York city. He will begin his studies at the New York school some time in September.

Ade has been active in athletic and student affairs on the campus during his four years here. In that time, he has played at guard and tackle posts on iBson grid teams, has been athletic director of the College YMCA, and active in work at the public discussions department. He will be the second graduate to attend the school. Ben Rumpeltes will finish his course there this month. Both are members of Alpha Kappa Phi fraternity. Jack Knapp, '26, is also connected with the national association as a director of plays.

A SCENE FROM 'ROBIN HOOD' TUESDAY

Miss Beatrice Sjoquist, as "Marian," and John Bohlig, as "Robin Hood," have leading parts in the play "Robin Hood" to be presented by the class in play production. The play will be given at 8 p. m. Tuesday in the Little Country theater.

The three act play, written by Owen Davis dramatizes the story of the Merry Outlaws of Sherwood Forest.

EARLY AND O'CONNOR TAKE COSTUME PRIZES

Tom Early and Catherine O'Connor, dressed as pirates, easily took the costume prizes at the costume ball given Wednesday evening in the armory as a final celebration of the Gay Cat Day festivities. Mr. Early was awarded a college banner and Miss O'Connor was given a pillow cover with the college seal.

ROLFE TO SPEAK OVER WDAY ON ARCHITECTURE

"Beauty and Utility in Architecture" will be the subject of a talk to be given by Prof. Walter T. Rolfe, head of the college architecture department over WDAY Thursday evening from the hours of 7:45 to 8:15 p. m. T. W. Johnson, instructor in journalism, will speak during the evening program on "Happenings at State College" as will Professor O. A. Stevens on "Food Habits of Birds." J. A. Munro, state entomologist at the college, and O. O. Churchill, pro-

fessor of agronomy, were speakers on the college program broadcast Wednesday night. Mr. Munro's subject was "household insects" and Professor Churchill spoke on "Millets."

The radio program for the remainder of the school year is as follows:

May 23: "Drugs for Farm and Home," Part II, W. F. Sudro. "Farm Butter Making," C. Jensen.

May 25: Program, Little Country Theatre, directed by A. G. Arvold.

May 26: "Avian Tuberculosis," A. F. Schalk, veterinarian. "Parasites of Sheep," H. L. Foust, assistant veterinarian.

June 1: "Bacteria as Opportunists," C. I. Nelson. "Summer Sanitation for Poultry," O. A. Barton. "A. C. Happenings," T. W. Johnson.

June 2: "Shearing Sheep," D. J. Griswold. "Garden Insects and their Control," J. A. Munro.

This Pen Must Stay in Perfect Order
or we make it good without charge

The custom of sending Gifts to Graduates has now been extended by general accord to include those in the lower classes who have manifested sufficient industry to pass their final exams.

To know what to give, one needs but observe the students' own expressions of preference for the Parker Duofold Pen and Pencil.

To have earned the favor of the younger generation is our reward for serving it with studied personal interest. We have lifted the frowns from student brows [among others] by giving the world a writing pair that are inspirations to work with and beauties to possess.

All those in favor of owning, or giving the finest—whether for Graduation, Birthday or Wedding Gifts, or for prizes at Bridge or Golf—will signify by stepping in to the nearest Parker pen counter. The first thing to look for is the imprint, "Geo. S. Parker," on the barrels. Then nobody will be disappointed.

Parker Duofold Pencils to match the Pens:
Lady Duofold, \$3; Over-size Jr., \$3.50; "Big Brother" Over-size, \$4

**DELTA PI'S PLAY 9-9 TIE
BALL GAME GAY CAT DAY**

The Delta Pi and Kappa Psi played a 9-9 tie in a seven inning contest on Gay Cat day. The Kappa Psi team led the Engineers until the closing innings.

Pearson and Hulett did the twirling for the Engineers with Hutchinson at the catcher's post. Hanson and Vaupel were the curve artists of the Kappa Psi aggregation.

**INSTRUCTORS RAISED
TO PROFESSORSHIPS**

Several changes in the status of members of the faculty were announced Tuesday by President John Lee Coulter.

A. F. Yeager, who has been associate professor in the department of horticulture, was advanced to the rank of full professor; while four assistant professors were given the rank of associate professors, thus becoming members of the college council. These are, O. A. Stevens, assistant professor of agricultural botany; R. C. Miller, assistant professor of agricultural engineering; H. L. Foust, assistant professor of veterinary science; and Miss Harriet Pearson, assistant professor, library methods.

A number of instructors also were advanced to the rank of assistant professor. These include: Benjamin McCaul, in agricultural economics; J. A. Munro, in entomology; A. E. Rigg, in architecture; Miss Dorothy Hatch, home economics art and design; Miss Frances Bailey, home economics; and Miss Dorothy Cole, in physical education for women.

cordia college, also was added to Professor Arvold's department and will devote one-half of her time to assisting in the Little Country theater.

Lindstrom To Return

In the department of English and literature, Daniel Verder, in charge this year of the work of George Lindstrom, will leave at the close of the college in view of the fact that Mr. Lindstrom, on leave of absence, returns to his regular position.

An instructor in the school of education will be added to replace part

time help which has not been sufficient during the last year.

In the physics department E. O. Wollan of Moorhead, an instructor during the last year, submitted his resignation, to return east to complete work for the doctor's degree. The board accepted his resignation and has authorized President Coulter to find a successor.

In the department of modern languages, two changes are in prospect. Miss Florence Schwarz, who has been on a leave of absence during the last year on account of ill health, submitted her resignation. Max Zimpel, exchange professor from the Frankfurt an Mien university, Germany, has been invited to extend his stay another year and negotiations are now in process in the hope that it will be possible to retain Professor Zimpel for the next college year.

Miss Hedvig Sand who was instructor in modern languages, was granted leave of absence for the coming year to permit of futher travel and study, and in her place the board elected Miss Lydie Coqblin, who will be one of the instructors in the French department. Miss Coqblin comes from France where her father is also in college work and where she received most of her education. She has, however, been in this country now for three years and has also been a student at two leading American universities. This year, she is teaching in the State college for girls in South Carolina.

Jackson Given Leave

Prof. Lyman E. Jackson, in the department of agricultural education, was granted leave of absence during the coming year that he might accept a fellowship and continue work for the doctor's degree at the University of Minnesota. The board authorized the college authorities to se-

cure a suitable substitute for Professor Jackson.

Report was made to the Board of Administration that Dr. E. S. Reynolds, professor of botany, who has been on leave of absence during the present year for travel and study in the east, expects to return at the opening of college in September and arrangements are being made to retain Miss Eunice Kingsley as assistant in this department.

Some material improvements were presented to the board and unanimously approved, which greatly strengthen the work in a number of departments in the college. An additional full time instructor will be provided in the school of pharmacy, Glen Hill from Erie, N. D., was given the department of mathematics and an additional instructor was authorized for the department of zoology.

Divisions Strengthened

The extension division and the experiment station also are strengthening different phases of their work and it is expected that a full time state agent in agronomy will be employed beginning July 1. His work will be largely that of pushing forward with greater speed the development of alfalfa, corn, sweet clover and in general dealing with crops and soils problems, stated President Coulter. It also is expected that an assistant will be added in the work in farm engineering. The work in bacteriology will be trengthened in the same manner and an assistant will be provided in both the poultry and dairy departments.
