R. C. DYNES TAKES UP EXTENSION WORK HERE

Roy C. Dynes, agricultural agent of Richland county for the last six years, has resigned to become assistant county agent leader in the extension division of State College. He will begin his duties at the college July 1.

Mr. Dynes has been active in many duties while county agent at Wahpeton. Besides developing boys' and girls' club work in the county and the launching of campaigns for improvements in grains and livestock, Mr. Dynes has been secretary of the Richland County Fair association.

H. E. ART EXHIBIT AT STUDIO FRIDAY

HOME ECONOMICS STUDENTS TO DISPLAY ART AND CRAFTS AT SCIENCE HALL

An array of color and design, depicting art work accomplished by the Home Economics and Art V students of State College, will be on exhibit in the art studio of Science Hall Friday, according to Dorothy L. Hatch, head of the art department in the school of home economics. The exhibit hours will be from 3 to 6 p. m. and from 8 to 10 p. m.

The home economics art students will act as hostesses, stated Miss Hatch. During the exhibit, refreshments are to be served. The following ladies will pour; Mesdames John Lee Coulter, C. F. Monroe and Ion J. Cortright; and Misses Constance Leeb, Dorothy Cole, Elvira Smith, Christine Finlayson, Pearl Dinan, Ida Ingalls and Pauline Reynolds.

In choosing the work for the exhibit, Miss Hatch, with the aid of Myrwyn Eaton, instructor in architectural drawing and in Art V, will choose representative work from the craft work, interior decoration, costume design, free hand drawing and design divisions. Craft work will include block printing, "tied and dyed" and batik pieces done by the college students. In the interior decoration group there will be included sets of curtain arrangements, table arrangements and other sets illustrating this line of work. The costume design division includes designs for various occasions and those designs for the different types of persons. It will take in actual dresses and plates. Design will give suggestions for decoration of bowls, border designs, Christmas cards and textile designs. The freehand drawing, representative of work done in Mr. Eaton's Art V class, will consist of samples of free hand work done in the art studio of the architectural department of the college.

NO CLASSES FRIDAY BECAUSE OF FESTIVAL

There will be no classes Friday because of the May Festival, it was announced Monday by A. H. Parrott, registrar. Students will be expected to take part in the Festival and assist in the various departments of the annual college fete.

VALLEY CITY BEATS OUT BISON BY POINT IN MEET SATURDAY

Bison Get 61 Points—Velzy Is High Point Man of Meet; Locals Take Relay

Nosing out the Bison in triangular track and field meets seems to be a popular diversion for the Viking tracksters, for they again defeated the Bison having a one point margin over Saaly cindermen in the final count. The Valley City Teachers College points totaled 62, while the Bison gained 61, and Moorhead State Teachers College amassed eight points.

Velzy High Point Man

Velzy, Valley City distance man, annexed high point honors by winning two first places and a second. Soroos also of Valley City, was second in line with 12 points. Zeissled and Clasen were the high point men of Saaly's crew, having 11 points each to their credit. Both men earned their points by winning two first positions and a third.

One of the feature events of the meet was the 220 yard dash in which Claudie Miller tied for first honors with Brockmeier of Valley City. The tieing of this event also caused a deadlock between the teams for the winning of first places. Each team gained a total of six first positions. The most spectacular event of the meet was the half mile relay which was won by the Bison. The Bison relay team composed of Clasen, Hermes, Zeissler and Peschel were trailing at the 660 mark when Peschel coveted the baton and passed Noddings, Viking anchor man, to bring victory to the Bison.

PLAY IN CAMPUS LEAGUE TO START

The schedule of play in the campus baseball league has been made out by Athletic Commissioner Cy Peschel with the Delta Pi and Kappa Psi ball tossers due to play the opener at 4 p. m. Monday. Rain, however, forced postponement of the game.

The campus honors will be determined this year on an elimination basis with eight teams entered in the brief race that closes June 1.

The second game of the opening round will be played Wednesday, the Alpha Gamma Rho meeting the Alpha Sigma Tau. The winners in the upper bracket will play their semifinal contest on May 20. The losers in the upper bracket of the opening round will meet on May 23.

Play in the lower bracket will open on May 16, the Theta Chi fraternity being scheduled to play the YMCA. The Delta Kappa Sigma and Alpha Kappa Phi teams will conclude play in the opening round when they meet on May 18. Winners of opening round games in the lower bracket will play on May 25, while the losers will contest on May 27. The final game of the tourney will be played on June 1.

SPIELMAN HOLDS FIRST STUDENT COURT TODAY

John Spielman, commissioner of judiciary on the student commission, has set 4 p. m. today as the time for the opening of the first student court. Ten cases of alleged violations of commission laws will be tried at the N.D. Lettermen's clubroom in the armory at that time.

Marshals Cramer and Kneeshaw have been on duty the last two weeks enforcing the trespassing and parking laws set in effect by the commission.

SIGMA THETAS HOSTS TO MOTHERS AT TEA SUNDAY

The Sigma Theta Mothers Day Tea was held at the home of Misses Eloise and Elizabeth Powers between three and six o'clock Sunday. Elizabeth Powers was chairman of arrangements and was assisted by Marian Burnett and Gladys Whitney. Yellow roses and white sweet peas carried out the keynote of the decorations which were in yellow and white, the sorority colors. Musical selections were given by members of the sorority during the hours.

RECORD ATTENDANCE SEEN IN ATHLETIC, INDUSTRIAL EVENTS

Pageant, Band Concert Open Festival Wednesday—Many Exhibits

Twenty-four high schools in North Dakota and one at Breckenridge, Minnesota, will be represented with home economics girl teams in the Inter-High School May Festival contests opening here Wednesday. Of the 25 schools 21 are vocational high schools or Smith-Hughes, states Miss Christine Finlayson, state supervisor of home economics.

The May Festival, it is believed, will attract more than 500 students from all sections. Opening on Wednesday with a pageant, a band concert and the industrial arts exhibitions at the many college buildings, the fete is expected to easily surpass those of other years in size and diversification.

Athletic Meets Feature

Over 200 high school athletes have been entered in the men's annual field and track meet. Seventy-five high school girls are expected to compete in the women's athletic events being run off Thursday and Friday, reports Dorothy Cole, women's athletic director at the college.

Stock judging entries, with 50 represented, are already in, according to E. H. Jones, in charge of registrations. The literary and dramatic contests as in other years have been last to show many entries.

Exhibits of both high school and college students will be on display all during the Festival. The industrial exhibits will be shown at Ceres hall as in other years. College home economics art students will have an exhibit at science hall Friday; the architectural department will stage its exhibit in the engineering building, and agricultural hall and others will have respective exhibits. The home economics contests for the high school students are expected to be a feature.

AN OPPORTUNITY

Each and every State College student has an opportunity to "sell" this institution to May Festival participants this week. A passive attitude is a harmful one. The hundreds of high school students, entered in the various events, are the outstanding members of their school. They expect to be entertained as well as to entertain, and herein lies the college student's opportunity.

High school students, as a rule, have idealized the college. Most of them are ambitious to enter a higher school of learning. Our task is to make this high school student realize the advantages offered by our college. In fulfilling this task, a number of things should be emphasized.

Be hospitable. An air of superiority, evidenced by the host, makes the guest feel like going home. A smile here, and a word there, will go a long way toward creating a favorable impression. The importance of this can not be over estimated. Any rudeness tendered the visiting student will be carefully cataloged by him and recalled when he is to choose his college.

Above all things, show that you're glad you are here. If you give the impression that you don't like it here, you can't expect the prospective student to think that he is going to like it. And, finally, don't act like the collegian the comic magazine paints. Be yourself—and helpful.

COURT

The first student commission court of the year convenes today. Cases of alleged violations of parking and trespassing laws will be tried at that time. Many students may look upon the student court as a triviality. They may have received a notice to appear in that court. Failure to cooperate with the commission by not putting in an appearance indicates poor spirit.

Observing rules, if rational, is a practice that should have been learned before one comes to college. Campus parking rules were formed to protect the students' interests as a whole. The students have imposed the court and rules upon themselves. As an individual, you can not afford to ignore the group thought of State College students. You are bound to appear in court, and to see that others do likewise, when the other person's interests are involved.

THE STARS AND STRIPES

State College has been in need of a suitable place for the display of the Stars and Stripes. This year's student commission, which has started a campaign to make State a greater school, is to be especially commended for their work in making possible this patriotic enterprise.

Architecture Students to Have Exhibit Wednesday

500 DRAWINGS BY STUDENTS ON DISPLAY—MISS FLEMING, ALLAN MEINECKE WIN SKETCH CONTESTS

More than 500 sketches and architectural drawings will be on display at annual exhibit being held from 7 to 10 p. m. Wednesday by the students of the department of architecture. The exhibit will be shown on the third floor of the engineering building and will occupy the entire floor space. As in other years, refreshments and music will be a part of the program for the evening.

Unlike former exhibits, the exhibit this year will consist entirely of students' work, stated Alvia Rigg, architecture instructor. The department, under the direction of Prof. Walter T. Rolfe, has doubled its enrollment during the current year.

Sketch Contest Held

An outstanding section of the exhibit will be the free hand sketch contest display. More than 300 sketches that were entered in the contest, are to be on display.

Florence Fleming and Allan Meinecke were awarded first prizes for the best group of essays entered in their respective classes. Mr. Meinecke won in a class that included all the upperclassmen. Miss Fleming's sketches in Class B were the best of any freshman drawings. Each contestant entered a group of 12 sketches which were judged for variation in technique, range and choice of subjects, and execution of drawings. Instructors of the department acted as judges.

Seniors Tie For Honors

T. Avery Chadwick, Hugh McMath and Einar Smeby, won second, third, and fourth places respectively in class A sketches. Al Bordeleau and Alf Skaret placed second and third in the class B competition.

An etching was given as first prize in class A and a book on architecture composition was awarded the winner in class B. Second place in class A also drew a book as an award.

Hugh McMath and T. Avery Chadwick were tied for first honors in the senior thesis problems which are also to be on display. Millard Rudd was third. The project developed was "A

municipal memorial." A few of the prize competitions to be on exhibit are: "A monumental vase," by Allan Meinecke; "A President's Mausoleum" by William Shine; "A Doric Porte," a freshman drawing by Alf C. Skaret; a senior major project, "A College Union," designed by Paul Kratzke; and another senior project, "A Casino on an Island," by T. Avery Chadwick. Many other practical drawings of school and park arrangements will be on display at the exhibit that will serve as a forerunner to the May Festival.

Record Attendance Foreseen at Festival

enter are under the supervision of Miss Frances Bailey, professor in home economics at the college, and Miss Finlayson. There will be, according to the schedule, a foods contest, clothing judgment, home nursing, home management, budget, textiles, health, related are and a table service and etiquette contest. Exhibits that are sent in by the various schools will also be judged and awarded prizes. It is expected that many exhibits on foods, clothing, are, health posters and work done on home projects will be entered.

Smith-Hughes Schools Enter

Following are the vocational schools entering the contests:

Anamoose, Lydia Bautz; Beach, Lydia Mallough; Benson Co. Agricultural school, Ellen Aageson, Maddock, N. D. Casselton, Olava Bakken; Coopers-town, Myrtle Euren; Crosby, Naomi Soule; Dickinson, Mary Ross; Edgeley Althea Reed; Grafton, Edith Skurdall; Hankinson, Mrs. Frank E. Rick; Kenmare, Mabel Quinn; LaMoure, Helen Sauers; Mandan, Hildegard Hanson; Mayville, Nellie Mae Root; Mohall, Emily Freeman; Neche, Stella Severtson; Oakes, Julia Forthun; Sherwood, Beryl Weston; Velva, Leone Sands; Walsh Co. Agricultural school, Alice Dahlen, Park River, N. D. and Wyndmere, Gudrun Goodman.

The following non-vocational school will also enter:

Valley City, Emma Putney; Sheldon, Mary McCarthy; Lisbon, Limp

Koski, and Breckenridge, Minn., Doris Stewart.

A vocational conference for all the home economic instructors is scheduled for Saturday, May 14, states Miss Finlayson. Miss Alice Haley, state supervisor for Minnesota, will help at the conference. One of the most important features of the program will be the working out of an evening and part-time school for rural girls and mothers of the communities where the vocational schools are located.

At least seventy-five girls from high schools in North Dakota and Minnesota are expected to enter the athletic and dancing events for girls staged as a part of the contests of the 20th Annual May Festival.

Schools that already have sent in their entries are, LaMoure, Comstock, Moorhead, Sheldon, Fargo, Mayville, Valley City, Valley City State Teachers high school, Walsh County Agricultural high school, Roosevelt high school, Fargo. Fifteen or twenty schools will be represented, it is thought.

The competitive events for the young women are, tennis, folk interpretive dancing, track events, and baseball.

Cups are being awarded for the singles and doubles winners in the tennis tournament. Silver trophy cups also go to the schools winning in the interpretive dancing and the baseball contests. A large silver cup will be awarded the team winning the track meet and individual medals will go to the winners of the first places in the events.

There are eight track events, basketball throw, baseball throw, fifty yard dash, 200 yard relay, 75 yard dash, 60 yard hurdles, discus throw, and javelin throw.

EBULLITIONS OF EBONY BLOTT

By Everett Wallum

The student commission is busy trying to change the name "Gay Cat Day". Probably because cats are gay only at night.

* * *

The change in name is approved by all righteous kitties in this neighborhood. Even Puss in Boots, feline bootlegger, said indignantly: "As all the bowwows in this community have their day, we have been accused of copying after them. I heartily approve the change."

* * *

THE COMMISSION IS UNDOUBTEDLY GETTING AT THE SEAT OF MANY HURTS WHEN IT ABOLISHES HAZING.

* * *

Sophomores view with disfavor the hazing edict. This they contend, is what the freshmen smart.

* * *

Hazing is important scholastically too. It makes the freshmen well red.

* * *

THE FRESHMAN'S PLEA TO THE SOPHOMORE IS "PADDLE YOUR OW NCANOE."

* * *

Gay Cat is an inappropriate name anyway. Most students put on the dog.

* * *

Speaking of special days, the meanest man we know is he who found a white carnation on Mother's day. He killed her so he wouldn't have to buy a red flower.

* * *

FATHER, OF COURSE, HAS HIS DA YWHEN MOTHER GOES ON A VACATION.

* * *

According to professors, college students have their daze too.

* * *

IN FACT, EVERYBODY HAS HIS DAY BUT THE NIGHT WATCHMAN.

* * *

In years past, the freshmen have always had to stand for their hazing. There was no other position to take.

* * *

The student commission modestly admits that newer and finer traditions will take place. Maybe the freshmen will be made to wash behind their ears.

* * *

ONE STUDENT SAID HE'D WASH HIS NECK, BUT HE HATED TO DO ANYTHING BEHIND ONE'S BACK.

* * *

Years ago, on gay cat day, the students dressed crazily. Now they'd have to dress decently in order to create any kind of an ensation.

* * *

THEY OUGHT TO CALL THESE AFTER DINNER SPEAKERS RARE BECAUSE THEY'RE NEVER DONE

* * *

We present the silver mounted cancelled check to the freshman who stated that the Blue Key was just another one of these "latch" songs: "Latch Go Home Again Blues."

* * *

We call our barber "cold" because he always goes to the head.

* * *

After a careful survey of our institution, we have arrived at the conclusion that students are better at upholding the laws than their socks.

* * *

Look out for the receiving line at the formals. Four out of every five have 'em.

* * *

Most co-eds are better at handing out lines than receiving them.

SERVICES OF FACULTY EMPHASIZED IN BISON

No doubt the most important section of the 1928 Bison to the faculty of the college will be the Administration section. This division of the book has been planned with a broader meaning than merely confining it to the school since it brings the services that the faculty is doing for the state into prominence also.

The section contains twenty-four pages, one page being allotted to the president, the alumni association, the dean of men, and the dean of women; and two pages to each school on the campus including the library and the Wesley School of Religion. The general plan of these double-page spreads is to present the dean and faculty, together with a brief write-up of the school, on the left hand page; and to confine the right hand page to an article telling what the school is doing for the people of the state. Usually the right hand page contains a picture of a state scene which has some connection with the school discussed there, such as a high school on the School of Education page, but it was found necessary in some cases to run the faculty on both pages because of the large number of professors.

Because of the large scope of the section of the 1928 Bison is presenting one of the finest Administration divisions ever found in a North Dakota State annual. Faculty members are urged to place their order early because of the demand for this year's book, a demand based primarily on the Greater North Dakota theme.

KITTEN BALL LEAGUE NOW BEING ORGANIZED

Organization of a campus kittenball league is underway from latest reports of Coach Cortright, who already has three entries for the league. The athletic director is arranging a schedule in expectancy of more entries. Any organization interested in the campus game should have their representative drop in at the athletic department.

Members of the senior class will meet at 4 p. m. today in the Little Country theater to make arrangements for graduation exercises. Prof. A. G. Arvold will have charge of the meeting. It is very important that persons expecting to graduate be there, stated Rae Kneeshaw, class president.

90 FOOT STEEL FLAG POLE TO BE ERECTED

Another step toward beautifying the campus will be taken this week with the construction of a ninety foot steel flag pole on the campus.

Volunteers for the digging of a hole 4x4x8 feet in which to pour the concrete base are wanted for Friday morning, according to Marshals Cramer and Kneeshaw, who will supervise the digging for the student commission. The pole will be set prior to Gay Cat day when the dedication services are to be held as a part of that day's activities. The new flag staff is to be placed midway between the engineering and administration buildings.

To promote interest in the digging for the base of the pole, the marshals have offered as a prize to the student tossing up the lat shovelful of dirt, the key to the flagpole.

MAJ. CARRITHERS NOW U. OF N.M. REGISTRAR

Major F. B. Carrithers, former professor of Military science and tactics at State College, will become the registrar and bursar at the University of New Mexico, Albuquerque, on June 1, it has been learned from an account in the Albuquerque daily.

Major Carrithers was stationed at this college for five years. He served here three years prior to the war and returned to stay until 1921. He retired from the army in 1922 to take up auditing and registrar's work. Major Carrithers is also a graduate of West Point, and saw service in Panama and in France, where he graduated with honors from the School of the Line and took part in the Meuse-Argonne drive.

Mrs. Carrithers and three sons, Robert, William, and Richard will spend the summer at their cottage in the Colorado mountains near Manitou, a letter sent friends here also states.
