NUMBER 22

MARVIN SPIELMAN AGAIN HEADS HONOR ROLL

BISON BREAK EVEN ON EASTERN BASKETBALL TOUR

LOCAL QUINT CLOSES TRIP BY DEFEATING ST. MARY'S 30 TO 13

Illini, Loyola, Lombard Turn Back Bison Invaders In Fast Games

Bison basketballers closed a successful jaunt into the Illinois hotbed of fast quint teams by trimming St. Mary's college five at Winona, Minn., 30 to 13 Wednesday night. The victory gives the North Dakota State team an even break on their road trip. Saalwaechter's men returned yesterday from their 12-day tour.

Bison Drop Openers

The Bison dropped the first two games of their tour to Loyola and the University of Illinois. Illinois teams offered the Dakotans hos opposition, it is shown by close Bison victories over Milliken and Bradley Polytechnic colleges. Lombard college trounced the local team most decisively, 36 to 20.

MacPherson, George Hermes, and Hahn started the Bison five to victory in the St. Mary's game. Saalwaechter used a new guard combination of Jug Newgard and Al Hermes in the game. Miller and Tilton relieved them at the opening of the second half. Braus and Hanson, also went in at center and forward respectively to leave the closing stanza of the hard trip.

The Bison cagers played their first game of the tour in Chicago with the whirlwind Loyola team and were turned back a 17-9 score. The Loyolans compiled an eleven point lead over Saaly's five in the initial stanza making the score 13-2. The Bison defense showed remarkable improvement over the play of the first half and held their opponents to a lone field goal. Saalwaechter's men resorted to long shots in the second half which proved more effective but were unable to overcome the lead

(Continued on page three)

DEBATE TRYOUTS TO BE HELD TUESDAY

Try outs for the college debate teams will be held on Tuesday, from 2 to 5 p. m. in the Little Country theatre, according to Jorgen Birke-land chairman of debate relations for the college teams

Those desiring to try out must be prepared to give a short talk of from two to five minutes in length, for or against either of the following subjects: "The McNary-Haugen bill," or "Prohibition."

The schedule of debates thus far arranged includes a debate with Carleton college at Fargo, two debates with the University of North Dakota, one to be at Grand Forks. Tentative debates with Montana State College, Bozeman, and Washington state college, Pullman, teams have been arranged. The local team will make the trip westward in debating these teams. Other dates are being scheduled.

PAUL PEARSONS PLAYS IN MILLION DOLLAR BAND

When Harold Bachman's Million Dollar Band begins its winter tour it will take with it a former member of "Doc" Putnam's Gold Star band, Paul Pearsons.

Pearsons played in the N. D. S. C. band while attending school here. While studying at the University of Minnesota he played first clarinet in the school band.

He recently visited his fraternity brothers at the local chapter of Theta Chi before leaving for Chicago to join Bachman's band.

Harold Bachman, director of the well-known band, was also once a student at the college and a protegee of Dr. C. S. Putnam, director of the Gold Star Band. Mr. Bachman was graduated from the college in 1916.

CO-ED PROM TO BE AT ARMORY JAN. 12

WOMEN STUDENTS, FACULTY MEMBERS INVITED TO FUNCTION; SPONSORED BY YWCA CABINET

The annual Co-ed prom will be held at the college YMCA at 8 p. m. Wednesday. The affair is sponsored by the YWCA cabinet and all members of the college staff, faculty, and women students are invited.

Rebecca Keene is in charge of arrangements and will be assisted by Misses Geraldine Ewald, Doris Wilner, Esther Boyer, Mavis Peterson, and Grace Bayliss.

Dancing will begin at 8 and last until 10:30 p. m. The grand march which will be led by Miss Keene and Miss Ardath Calmer will begin at 9 o'clock. Miss Beatrice Sjoquist and her partner will be second in line of march.

Chaperones for the party will include Mesdames John Lee Coulter, I. W. Smith, Capt. Miller, F. W. Christianson, Stanley Borleske, P. F. Trowbridge, C. A. Williams and Dean Myrtle Gleason Cole.

Judges who will select the best costumed guest of the evening will be announced later.

PEARCE HONORED BY ALPHA KAPPA PHI

Dr. W. T. Pearce, dean of the school of chemistry, was the guest of honor at the annual Christmas party, given by active members and pledges of Alpha Kappa Phi fraternity at the American Legion hall, December 18. Dean Pearce, who is an honorary member of the fraternity, and who left recently on a nine months' leave of absence, was presented with a leather brief case as a token of esteem by the fraternity.

Faculty members present were, Dr. and Mrs. John Lee Coulter, Dean and Mrs. A. E. Minard, Mr. Leonard Saalwaechter, Dean and Mrs. W. F. Sudro, Dr. and Mrs. A. W. Schmitz.

Elmer Hanson was chairman of the arrangements committee and was assisted by Foss Narum and Arthur Anderson.

COLLEGE ALUMNI ARE ORGANIZED IN STATE AND EASTERN CITIES

Alumni Hold Banquet in New York; 10,000 S. C. Graduates Reside in North Dakota

Alumni of the college do not forget their associations with former classmates it is shown by the successful organization of alumni clubs in distant cities as well as in cities and counties of the state. Much of the success has been due to the efforts of T. W. Thordarson, resident secretary of the Alumni and Former Student Association.

New York Alumni Meet

Organization of a New York Alumni Association of the North Dakota Agricultural college was recently accomplished. There are about 50 alumni in Chicago and a larger number in the Twin Cities who with the assistance of Mr. Thordarson are planning to organize and maintain relations with the college. The Alumni secretary has already succeeded in affiliating alumni and former students in a more than score of counties.

There are approximately 10,000 alumni in North Dakota and all are beginning to realize that an institution whose enrolment has increased from 375 in 1921 to 1,141 in 1926, with no additional buildings during that time, is in need of much in the way of buildings and equipment if it is to progress and not suffer a setback.

Alumni Help College

The principal object of the alumni organizations is to hold meetings at which influential persons, legislators and others will be invited when the needs of the college will be explained to them. The lawmakers must understand the college and make a study of it, former students believe, if it is to receive proper consideration.

The New York association was formed during the visit of A. G. Arvold, head of the public speaking department, to New York, where he gave a course of lectures on rural drama to the playground and Recreational association school.

There were approximately 20 former students present at the banquet, which was given in the Woodstock hotel. Mr. Arvold was the guest of honor and told the group about what was happening back at school. Most of the group had been in his classes at one time or another and much of the evening was spent in recalling incidents of school life.

Many of the former students who were present at the banquet are graduates of the chemistry department of the A. C. and are all in responsible positions. Mr. Arvold pointed out

(Continued on page two)

NOTICE

All college students wishing to try out for the annual college declamatory contest hand in their names to Miss Challey at the Little Country theatre by Monday.

DOUGLAS-TOUSSAINT WEDDING HELD DEC. 29

Frances Douglas, junior in the school of education, and William Toussaint, '26, were married December 29 at the home of Miss Douglas' parents, Mr. and Mrs. J. S. Douglas of Amidon. Rev. W. H. Ashley, pastor of the Congregational church of New England officiated.

Mrs. Toussaint is a member of the local chapter of Phi Omega Pi sorority.

A graduate of the school of agriculture, Mr. Toussaint, at the present time is county agent for Slope county. He is also an alumnus of Alpha Zeta, Scabbard and Blade, and Alpha Gamma Rho fraternities.

GIRLS' BASKETBALL SCHEDULE RELEASED

NINE CO-ED TEAMS BEGIN NET COMPETITION MONDAY FOR CHAMPIONSHIP

Nine girls' basketball teams begin a tournament for the campus title at Ceres hall Monday afternoon, according to announcement of Dorothy Cole, women's athletic director.

The schedule of games is as follows: Monday, Jan. 10—Freshmen vs. Sophomores.

Tuesday, Jan. 11—Freshmen vs. Upperclass.

Wednesday, Jan. 12—Upperclass vs. Sophomores.

Monday, Jan. 17—Freshmen vs. Sophomores.

Tuesday, Jan. 18—Freshmen vs. Upperclass.

Wednesday, Jan. 19—Upperclass vs. Sophomores.

Monday, Jan. 24—Sigma Theta vs. Delta Phi Beta. Phi Omega Pi vs. Phi Kappa Lambda.

Tuesday, Jan. 25—Kappa Delta vs. Non-Sorority. Delta Phi Beta vs. Phi Kappa Lambda.

Wednesday, Jan. 26—Sigma Theta vs. Phi Omega Pi. Non-Sorority vs. Delta Phi Beta.

Thursday, Jan. 27—Kappa Delta vs. Delta Phi Beta. Phi Omega Pi vs. Non-Sorority.

Monday, Jan. 31—Phi Kappa Lambda vs. Sigma Theta. Kappa Delta vs. Phi Omega Pi.

Tuesday, Feb. 1—Phi Kappa Lambda vs. Non-Sorority. Sigma Theta vs. Kappa Delta.

Wednesday, Feb. 2—Non-Sorority vs. Sigma Theta. Delta Phi Beta vs. Phi Omega Pi.

Thursday, Feb. 3—Phi Kappa Lambda vs. Kappa Delta.

Forks Herald Gets Mention In Army-Navy Register

A clipping gleaned from the Army-Navy Register for January 1, describes a singular occurrence in a University of North Dakota football game as seen by a sports writer of the Grand Forks Herald. The Register clipping is as given.

Over-ripe Most Likely.—Only once during the game Saturday did a Nodak player have to take time out for an injury and that was a bump on the head, which was shaken off.—Grand Forks (N. Dak.) paper.

PHI OMEGA PI TOPS SOCIETIES—MARION OLAFSON WINSHONOR

Arthur Burt Ranks Highest Among Industrials, Education First By Schools

Marvin Spielman, Larimore, sophomore in the school of chemistry, again heads the honor roll in scholastic work for the fall term with an average of 95.1, it is shown in averages released by A. H. Parrott, registrar at the college. It is the second consecutive time that Mr. Spielman has attained the honor. His previous term average was 96.0. The sophomore chemist is also an active member of Alpha Kappa Phi fraternity.

Men students hold an honor over women students of the college by placing male representatives in the first four places on the honor roll. Allan Meinecke follows Spielman with a 95.5 average. Arthur Walde with a 94.2 and Leroy Lillie having an average of 93.9 rank in order.

Phi Omega Pi, national social sorority, furnishes the latest sensation in scholastic returns for the fall term by topping all organizations of the college with an 87.5 average. They ranked sixth the previous term.

Marion Olafson High

Marion Olafson, Halliday, junior in the Agricultural and Mechanic Arts high school ranked highest among the high school students at the college with a 93.9 average.

Arthur Burt, Southam, first year student in the farm husbandry course ranks high among industrial students with an average of 93.7.

Fraternity men and sorority women made a remarkable scholastic gain over non-fraternity and non-sorority students. Last term fraternity men held a 2.8 points advantage over non-

(Continued on page four)

WOMEN MAKE PETITION FOR FULL TIME DEAN

The women students of the college, through the senior staff have presented a petition to President Coulter asking that Mrs. Cole be made full time Dean of Women.

Since September 1922 Mrs. Cole has devoted half time to the office of Dean of Women and half time to the duties of Home Demonstration Leader in the extension division of the college.

With the increasing needs and opportunities arising with the growth of the college and the greater number of women students, they feel that there is need for the dean to be able to devote full time to the development of the college program for girls—including both curricular and extra curricular activities.

The students are alvie to the many problems which they have to meet in their college life and they feel justified in asking the state board, thru President Coulter, to grant them the advantage which they feel they would receive from having Mrs. Cole free to devote full time to the work of the office of Dean of Women, said Grace Bayliss, general chairman of the senior staff.

A POWER

Although the new year 1927 may already have taken on crepe, the close of the late year shows progress in a hitherto delinquent phase of our college life—that of the alumni.

News of the activities of North Dakota State alumni in New York City and other sections of the country reassure one. Being every day on the campus, we, as students, are easily aware of our growth here; but we have, until now, been woefully ignorant of our status and reputation as represented off the campus by our alumni.

Ten thousand alumni in North Dakota alone are a power that once organized will be a virtual avalanche to any bias or petty political barriers.

Surely, we will not long endure such a misnomer as "Agricultural," now supposedly representing a college for engineers, educators, scientists, chemists, pharmacists, and other mundane occupations.

Certain legislators whose names may be found in the habitually dusty Congressional Records, had a foresight of our needs. They founded agricultural colleges. These grow unpleasantly fast for budget boards, but the legislator of vision accedes. Somehow, they have failed in the simplest task of giving their college a representative name. Just as parents give their child a name without his cognizance or approval so the legislators gave their college a name, that being once, is now not so.

The parent is beset by other ailments of his protegee.

"I can't," pleads the parent, "The State Mill takes so much, and oh, the 'State hospital' needs a new dormitory, there's the penitentiary, and—"

"But, wails the child, fast surpassing his parent in knowledge, "But, I can hardly cramp myself further in these hovels of my neolithic forbears. Perhaps they never heard of the 'cowbarn.' Certainly, they didn't stoop under their own attics as I do, or carry on in a 'five foot' library in constant danger of either being asphyxiated or scuttled by a displaced mosaic."

So the student making his plea may seem overzealous, but his alumni balance that enthusiasm. In this instance the child has told the facts and not exaggerated them.

OUR OLD FRIEND: THE SCHOOL SPIRIT

Not the least interesting of the experiences which came to our delegates to the conference of the National Student Federation was their visit at Antioch College.

So many flattering things have been said about Antioch these last few years that the wonder is to find so many of them justified, rather than that a few should have been exaggerated.

How, for instance, does this sort of student co-operation sound to you, gentle reader of the golden prairies? Last year the students decided that money raising was too much of a strain on President Morgan, so to do their share, they got together and raised their tuition from \$250 to \$250, thereby adding \$30,000 to the college income.

Dormitories needed fixing up, so the student council called a meeting of the student body in which the students agreed to an assessment of \$10.00 each, in addition to which they volunteered their time for all the work needed on the premises, and contributed individual gifts of books, pictures and other household furnishings for the halls, pictures and other household furnishings for the halls; and everybody, so far from feeling that they had made any sacrifice, seemed to have had a glorious time.

After all, there is something to the proposition that what you take out of life depends on what you put into it. The part of life which is bounded by four years of college forms no exception. And this form of school spirit, equally participated in by faculty and students, has created around the genius and enthusiasm of Mr. Morgan the venture in education which Charles W. Elliot of Harvard described as "the most interesting and perhaps the most important experiment now going on in the whole range of American education."

3,000 Students at World Conference in Milwaukee

INSTRUCTION IN UNIVERSAL SOCIAL PROBLEMS, RIGHT OF FREE SPEECH ASKED; REPORT TO BE GIVEN SUNDAY

Three thousand students from all parts of the United States met in Milwaukee last week under the auspices of the C. C. A. (Council of Christian Associations, being the National Student YMCA and YWCA) to consider what Christian resources might be available for the life of today, said Eric H. Thomsen who just returned from Milwaukee together with Byron Berntson, Leonard Rygg, Chester Ellickson, Marion Trowbridge, Beatrice Sjoquist and Amy Erickson.

Forty-two nationalities were represented, and the International Room in the Milwaukee Auditorium was like a gorgeous pageant of Hindus, Chinese, Japanese, Filipinos, Czechs, Romanians and other races and nationalities arrayed in their native costumes.

Galaxy of Speakers

The speakers were equally cosmopolitan and included Dr. Timothy Lew of Yenching University in Peking, China, Dr. G. A. Studdert Kennedy, Chaplain to the King of England, who was in serious danger of laughing himself to death when a peculiarly unintelligent newspaper report had only been able to account for his opinions by explaining that he was "paid by Moscow."

The new Negro president of Howard University in Washington, D. C., Dr. Mordecai Johnson, and Howard Thurman, beloved Negro student pastor at Oberlin who has the distinction of never failing to make God more real to any of his student audiences be the shere contagion of his own Christian way of living, addressed the students.

Other speakers were the great physicist, Robert A. Milliken, Jerome Davis of Yale, Philip Northop who is teaching the philosophy of science at Yale, Kirby Page, Harrison Elliot, Bruce Curry and several others.

On the last day of the conference the students adopted the following resolution: "Being conscious of the limitations of our knowledge upon the great questions before this Conference, we ask our colleges and universities to provide better opportunity to learn the facts concerning our international relations, the causes and the cure of war, the human factor in industry, the causes of discontent, and the problems of religion in the modern world. We ask also for opportunity to hear upon our campuses the expression of minority opinions by speakers chosen by the students."

As part of the dedication services of the new church auditorium at Plymouth Congregational Church at Broadway and ninth avenue, there will be a student service of worship on Sunday afternoon at 4 p. m. in the church at which reports on the conference will be given by the delegates.

College Alumni Are Organized

(Continued from page one)

that these former students would measure up with a group from any other institution in the country. They are interested in North Dakota and the agricultural college, although their positions hold them in the east, he said.

Reginald F. E. Colley, class of 1915, New York City, was elected president of the association. Mr. Colley is with the Associated Advertising Clubs of the World. Carlton L. Rydstrom, '25, Brooklyn, was elected secretary, and Harry E. Hofmann, '22, Brooklyn, was named treasurer. Both of the latter are with the Valspar Paint and Varnish company.

Benjamin Rumpeltes, '26, who was chosen on Mr. Arvold's recommendation by the Playground and Recreational association to take its course, assisted Mr. Rydstrom and a few others in getting the group together. Others present were: Mary A. Dolve '13, Clarence H. Draggert '22, Marion Cox '14, A. N. Loudon '25, L. Ewen '26, Mary Elizabeth Pollock Hofmann '22, Phillip C. Turpin '23, Mrs. E. G.

Turpin, Bertha Camp, Bessie Lankton, R. S. Frigstad '19, E. O. Fjelstad '23, Walter A. McKim '20, Grace Kotchian McKim '21, and Harry E. Blakely '26.

Clarence and Mildred Sagmoen and Katherine Ladd telegraphed their regrets. The first regular meeting is planned for January when it is expected that 50 former students residing in the east will be present. Meetings will be held twice a year, it is planned.

An association with 30 members was formed in Grand Forks county. Officers are Homer E. Dixon, Grand Forks, president; George E. Stewart, Gilby, vicepresident; O. B. Sjurseth, Larimore, secretary.

**EBULLITIONS OF
EBONY BLOTT**

By Everett Wallum

Practically everyone believes in Santa Claus now except:

Dad, who went broke trying to make everybody believe in Santa Claus, and who received his tenth consecutive necktie that was hot enough to melt the north pole.

Mother, who blushing admitted that she bought the tie for Dad and who blushed again when he told her what he thought of it.

BIG SISTER WHO EXPECTED A DIAMOND RING AND WHO GOT A DIME AND RING—OF SOUR DOUGH PEARLS.

Big Brother, whose sweet confection was at his side when he opened the package mother gave him. They weren't red ones, but they had the weight.

Little brother and sister, who electrified the family by crying out in unison, after Santa's departure, "where did papa get the funny whiskers, tee, hee?"

The mailman, who carried a trifle over a million cards of greeting, and who only got a circular asking him if he wanted to make money at home knitting socks.

THE BANDIT, WHO HAPPENED TO RUN OUT OF AMMUNITION THE DAY BEFORE CHRISTMAS.

Granddaddy, who received the cutest little book on how make love and beer.

And Grandmother, who could have eaten the ten pounds of peanut brittle if she had teeth and if she dared change the milk diet.

But don't blame Santa Claus. It isn't his fault; it's the people who think they're him.

We read that a man, sixty years old, is attending Minot normal. This gentleman is a mere babe in arms compared with the age some of our students will attain if they keep coming until they graduate.

We are glibly informed that varnishing prevents wood from warping and loose joints. This is the first favorable point we have heard yet in regard to girls using paint.

Yet the joints in a girl's jaw seem to be plenty loose as it is.

Poorhouse inmates in London are paid eight hundred dollars a year. It is hoped that the college graduate may someday do as well.

WE SUPPOSE THE K. K. K'S ARE

**STARTING THE NEW YEAR WITH
A CLEAN SHEET.**

The reason there is no love at first sight these days is because the girls blind the fellows with gaudy toggery.

At that, it's a pleasant way to lose one's eyesight.

**Bison Break
Even on Tour**

(Continued from page one) which the Chicago team had secured in the first half.

Saalwaechter then brought his men over to Champaign where they encountered the University of Illinois quint which is doped as one of the strongest contenders for the Big Ten title.

Illini Rally To Win

Saaly's men secured an early lead but were unable to maintain their negotiations with the hoop and at the end of the half the Bison found themselves at the short end of a 25-11 count. The Bison quint put up a determined attack in the second half which brought them within eight points of making the game a tie when interrupted by the final whistle. That gave Illinois a 36-28 victory. Miller and McPherson led the Bison attack.

Bison Defeat Milliken

Milliken College, a supporter of one of Illinois' strongest teams gave the Bison a 28-25 win. The Bison entrenched themselves with an early lead and were never headed by the fighting Milliken quint. Newgard, Miller, and A. Hermes formed a strong defense which could not be penetrated by the Illinois team. Incidentally Coach Saalwaechter accomplished a second successive defeat over his Alma Mater.

Lombard Outscores Dakotans

Lombard College, which has brought much fame to the state of Illinois on the basketball court was the next rendezvous of the North Dakota State team. Lombard so bombarded the basket that they forced the Bison to be content with the short end of a 35-20 score.

Solly's basketeers were unable to work the ball very deep into Lombard territory and were forced to stage a barrage of long shots many of them rolling about the edge of the hoop and failing to drop through for the desired points. McPherson, pivotman, starred for the Bison.

Saalyemen Beat Bradley

Bradley followers are probably now singing "I Wish the Bison Were Never in Peoria" as a result of the intense game which the Bison took from the Engineers by a two point margin. The score was 27-27 with one minute of play when George Hermes tossed in a shot which fell through the hoop with a sickening swish to the Bradley followers and netted a 29-27 defeat for their team. Miller and Newgard showed up in excellent form throughout the game.

**SCRIBES HONOR ARVOLD
AT DINNER HELD DEC. 21**

Prof. A. G. Arvold, head of the department of public discussion and social service, was made an honorary member of Gamma Tau Sigma, honorary journalistic fraternity of the college, at a banquet held in his honor December 21.

In accepting membership, Mr. Arvold recounted his own experiences as a collegiate journalist and later as a newspaper editor. He also touched upon the possibilities and rewards of the journalistic profession.

Byron Hanson, alumnus of the fraternity, summarized the organization of the Badge, University of Wisconsin year book. Other alumni present who made brief responses were, Eugene Fitzgerald, now with the Fargo Forum, and Stewart Schlipf.

Ralph Hollands, president of the fraternity, acted as toastmaster. Richard Hackenberg and Emery Putnam assisted in arrangements.

"The fact is, that civilization requires slaves. The Greeks were quite right there. Unless there are slaves to do the ugly, horrible, uninteresting work, culture and contemplation become almost impossible. Human slavery is wrong, insecure, and demoralizing. On mechanical slavery, on the slavery of the machine, the future of the world depends."
—Oscar Wilde

SLAVES

In a quarter-century the General Electric Company has produced electric motors having a total of more than 350,000,000 man-power. Electric light, heat, and transportation have also contributed their part to the freeing of men. These are America's slaves. Through their service American workers do more, earn more, and produce quality goods at lower cost than anywhere else in the world.

The college-trained man is the first to grasp these facts which raise man from a mere source of physical power to be a director of power, thus realizing the true economic value of the human mind.

You will find this monogram on all kinds of electrical machinery. To insure quality, ask for it on equipment when you buy for factory, office, or home.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-18.

Al Doerr, sophomore in pharmacy, has returned to school after confinement to St. Luke's hospital since December 17 because of appendicitis. Howard Anderson, freshman pharmacist, who underwent a similar operation during the same day is still confined.

Raymond Volrath Hardin, Mont., is visiting at the Kappa Psi house this week.

Prof. R. E. Remington, instructor in chemistry, underwent an operation Tuesday morning which will confine him to St. John's hospital for several weeks.

Sigma Theta sorority held a picnic lunch before the regular meeting on Monday night at the sorority rooms at the home of Margaret Donavon.

Miss Irene McDonald will not return to school this term. She plans to enter St. Joseph's soon, to study nursing.

Myron and George Fuller will not return to school this term.

Dorothy Burton who has been ill for the past month has returned to school.

Thomas Early has been confined to St. John's hospital for the past week. He plans to return to school in about three weeks.

Dorothea Anderson is recuperating from an operation for appendicitis which she underwent at St. John's hospital last week.

Carol Pepper is at St. Luke's hospital on account of sudden illness.

Lost—Brown leather coin purse with name, Frances Ross, inside. Please turn in same at Registrar's Office if found. Reward offered.

Jesse Brenden, senior in the engineering course, visited during the Christmas vacation in western North Dakota and Montana. He made short visits at Montana State college, Bozeman, and the University of Montana, Missoula, besides stopping at Dickinson, Helena, and Butte, Mont.

The active members of Delta Phi Beta sorority were hostesses to the alumnae members, pledges and their friends at a formal party held during the holidays in the College YMCA auditorium. An arctic igloo setting effected by use of icicles, and varicolored lights was the decorative scheme used for the party. The evening program opened with the grand march at 8:30 p. m.

Lieutenants Cy Arnold and Wallace Thompson of the U. S. Marine Corps returned to Quantico, Va., January 1, after having spent a month's leave of absence visiting their parents and friends. They are both members of the class of '26, and alumni members of Alpha Kappa Phi fraternity. The former Bison athletes will report at Marine Officers school at Philadelphia Navy Yards early in February.

The Sigma Theta sorority held its annual Christmas vacation dancing party at the Powers Hotel on Monday, December 27th. The party is given annually in honor of the alumnae who are in town for the holidays. The decorations transformed the hall to an outdoor winter scene, the predominant colors being french blue and white, brightened by touches of silver.

Spielman Again Heads Honor Roll

YOUR EYES AND YOUR NERVES

Your eyes are directly connected with your nervous system. Strain your eyes and the effect may be felt almost anywhere in the body. Headaches are a common result, though there are many other attendant ills. When your eyes receive proper attention this nervous strain is removed, and usually the troubles vanish at once. Let us help you.
